**Hutchinson News: (By Thomas J. Billiteri, St. Petersburg Times) The Gospels: Was Jesus misquoted?**

**F**OR NEARLY 2,000 YEARS THE CHRISTIAN CHURCH HAS TAUGHT that Jesus spoke certain words which form the foundation of the Christian faith. Now a group of some 78 Bible scholars, known as the 'Jesus Seminar' say it ain't so.

After an 8 year study this group says that Jesus never spoke the words on judging, that he did not teach his disciples 'the LORD'S prayer' or predict an end of the world (order) or ask God to forgive his tormentors as he hung on the cross. In fact the conclusion published last month as to The five Gospels, that of Thomas being added to the Biblical four as to What did Jesus really say, has stirred the ire of Conservative Christians every where. These scholars also translated the scriptures into a colloquial sounding Gospel that avoids sexist language and leaves such words as Messiah, son and Sabbath uncapitalized.

The results is a portrait of Jesus who does not initiate dialogue or debate, rarely speaks about himself in the first person and makes no claim to being the Messiah. They have thus concluded that Jesus DID NOT SAY:

**"I AM THE WAY THE TRUTH AND THE LIFE. NO ONE COMES TO THE FATHER (SPIRIT) EXCEPT THRU ME." HE DID NOT STILL THE WIND AND THE WAVES, NEVER TAUGHT THE DISCIPLES THE LORD'S PRAYER.**

In fact according to these so called scholars, the Gospel writers were not only disciples of Jesus but skilled fiction writers who embellished the words of Jesus with borrowed lore, passages from Greek scripture and other sources to fit the times and persuade their audiences that Jesus indeed was the long awaited Messiah.

Now; what do we have here? Nothing but an attempt to destroy the Christian faith and set up the religion for the New One World Government as we have been seeing them work for some time. This is not something new it is just now out in the in the open, a move to realize their dreams held these long, long centuries. We have known also for a long time this plan for this One World religion, so now we will see if they are allowed to set it in place.

Great Babylon thinks she is riding high, almost ready to be Queen of the New World Order. We shall see how far this is allowed to go.

This new book from the so called scholars has caused quite a stir in different places as Christians finally protest that this going to far.

Senator Bob Dole has introduced legislation which would give Congress greater control over U.S. involvement in the United Nations peacekeeping operations. This legislation would also prohibit U.S. troops from serving under foreign command.

**Hutchinson News:** Attorney General Reno's no. 2 man resigns and bad 'chemistry' between the two is blamed. And now Associate Attorney General Webster Hubell is under investigation by the Independent counsel looking into 'Whitewater development'. Reno also announced the resignation of Lula Rodriquez, her personal scheduler who is under investigation in an alleged voter fraud in Florida.

The reason for the apparent suicide of Vince Foster remained a mystery until it was disclosed that Foster died only hours after a search warrant was issued on the offices of a man named David Hale, who was later indicted for loan fraud in connection with the scandals which have rocked the White House. There is mounting evidence that the death of the White House Lawyer Vince Foster last July may have been linked to his knowledge and legal representation of the Clintons in one or more of the deals, especially the S.& L. Association which failed in the 1980's.

Hillary Rodham Clinton has been badly embarrassed by revelation that her Health care task force was so disorganized that White House lawyers

do not know if its records can be located, and made public in compliance with a court order. Critics suspect the documents may reveal that 'special interest' were involved in drafting the plan and stand to gain by it.

At the same time, the White House was caught off guard by the disclosure of a 'dirty tricks' memo showing that its National Health care campaign was attempting to disrupt conservative meetings on Health care around the country.

### **Sky and Telescope:**

On the crest of Signal Hill in southern Arizona you can then see the Kit Peak, 35 miles away where the 4 meter telescope now stands. But on Signal Hill is a prehistoric so called 'Sun watching station'.

Nile Root of Tucson has photographed these designs found on the Rocks on Signal Hill. There is a large spiral approximately 18" in diameter placed on the north face of a sloping rock. The concentric curves of the clockwise rotating spiral are nearly equidistant from each other. The rock face has a slope of about 58 degrees, near to the co-latitude of the site. Due north of the spiral about 18' is a slanted rock with a one foot diameter circle etched on its flat south facing surface. The face has a slope of 32 degrees, approximately the latitude of the site. A gnomon placed in the centre of the circle, perpendicular to the surface will point toward the Celestial equator. The glyph may have served as a sundial, so that at the equinox the shadow of a gnomon is horizontal and disappears at noon.

Facing the large spiral from about four feet away is a smaller one low to the ground, the pair face each other at an angle that may be significant. This spiral's curves are also nearly equidistant but they rotate counter clockwise.

At the apex of an imagined isosceles triangle with the large spiral and the possible sundial is a low flat rock with a fairly smooth surface. On this rock are two circles, each divided into 9 segments with a dot pecked into l.

As Mr. Root watched at both summer and autumnal equinox times, he noticed that at different times of the day that the sun shown or cast shadows on this display on Signal Hill and he came to the conclusion that these rock art designs had been placed deliberately by a people who were watching 'time', 'equinoxes' and in fact were probably great astronomers and these were their telescopes, sun charts and yes computers. From history we know that by AD 900 many communities here in Arizona had farmlands, and for several centuries extensive canal systems and reservoirs near Signal Hill helped produce a variety of crops.

### **Human Events:**

Clinton's choice for no. 2 spot at the State Department in Strobe Talbott, a long time friend of 'bill', and is currently ambassador at large to Russia. He favours an end of U.S. Sovereignty. In 1992 he wrote a 'Time' magazine article in which he happily forecast that in the next century, 'Nationhood' as we know it will be absolute, all sates will cease to be and about his fawning attitude toward the Kremlin when Communism was riding high. Thus Talbot favours end of the U.S. Sovereignty.

### **Hutchinson News: Sophia Worship**

The feminists have a new god she is Sophia the Goddess. A meeting was held in Minneapolis last November about 2,000 people were present, nearly all women from 49 states and 27 countries.

The Rev. Jeanne Audrey Powers an executive of the United Methodists Church Council on Christian unity and inter-religious concerns says this concept of Sophia is just beginning to be incorporated into the Christian speech.

A recover of interest in Sophia as a manifestation of Divinity is advocated by feminist theology. The conference Newsletter said that Wisdom-Sophia appears thru out the Bible. Their thinking is that Sophia is the Greek word meaning 'wisdom' and is portrayed by the female pronoun in the Bible. Some groups historically have personified Sophia invoking her in prayer.

The feminists are portraying their Sophia worship as the meaning found in the first nine chapters of Proverbs which talks about 'wisdom' can remain in the church. As Lesbians and so forth who were at least some of the speakers at this conference.

**The United Methodist News Service said a liturgy at the Minneapolis conference reads in part:** "Our maker Sophia, we are women in your image with the hot blood of our wombs we give birth to new life. With nectar between our thighs we invite a lover. We birth a child; with our warm body fluids we remind the world of its pleasures and sensation. We celebrate the sweat that pours from us during our labours."

Much protest of this theology by ministers has occurred stating it has no place in Christian theology. Methodist ministers have called on any Methodist women associated with this conference to have no further dealings with this group of feminists.

**Now; Wisdom, what does it mean:**

Wisdom in proverbs is portrayed as 'Long life is in her right hand, and in her left hand riches and honour. She is a tree of life to those who lay hold of her.

These texts also suggest that to get Wisdom you must also find **UNDERSTANDING**. The women, Israel gives birth to the Saviour, YAHWEH as **YAHSHUA** who comes to fulfil his promise of redemption, then move forward in his great program of restoration and the restitution of all things. Thus is our understanding these feminists are now trying to lure the Christian women down the wrong path into Satanic Worship. Hopefully if a Christian women were in that Conference and we are led to believe that they were, hopefully they will see the error of this line of theology.
