Life without Law

<http://groups.yahoo.com/group/lifewithoutlaw/>

You may distribute but reference Freedom Files Website as the source. I am currently writing letters based on what I have learned, which I am attaching at the end of the book.

Completed in the fictional year of 2009 Currently being edited for grammar etc. New edition expected to be done by April or May 2010

Whatever you believe will be truth, not because it is, because you believe or imagine it too be. There can be no truth in Illusion for truth has no Illusion. Infinite Love is the only truth, Everything else is Illusion.

When the World wakes up to and sees that all power resides in each individual as being absolutely sacred, we will all be free. Nobody has any more or less power than anyone else and that is what they don't want you to believe. Law is an illusion when no one can prove where they get their authority over others from. Laws are only created to support illusions. Truth has no illusions. The entire world's Political, Legal and Religious systems are built upon a house of cards, which is the illusion of the few having authority over masses. Nobody can prove that they have authority over others and that is the ultimate thing that will set you free. This book destroys that illusion and examines the mechanisms that hold that illusion in place. The abuse of power openly has a short life and those that perpetrate that abuse are always defeated. Freedom does not come with a price; it comes with the dispelling of illusion.

Note:

I will be writing an Essay and including it with this book once I have finished applying all this research. So check back and look for the essay, which should be out around December of 2009 or so.

## Acknowledgments

### **Daniel J.: Lavigne**

Daniel came to Edmonton in 2000 and hosted a weekend lecture concerning his Tax Refusal program and brought in other speakers to discuss issues concerning Taxes. It was then that my eyes were opened to the agenda of the New World Order. Up to this point I had no idea about the agenda and how the world truly operated. Thank you Daniel for all you do. Unfortunately defending yourself with fiction against fiction does not work too well. Although what he says is true, there is little ability to enforce the law of not supporting a Society that commits Genocide against humanity. Canada is one of those Societies. <http://www.taxrefusal.com/>

### **Mary-Elizabeth: Croft**

Mary wrote a book called, *How I Clobbered Every Bureaucratic Cash-Confiscatory Agency Known to Man*. Many people have read it and I started to write this book as I was inspired by her. She was instrumental in encouraging me and also played an important part in helping me realize fundamental truths revealed in Chapter 6. Mary has spent time traveling, conducting talks and expanding people's awareness of what is going on. She has had some success in what she does, but essentially removed herself from the SYSTEM by not working within it.

### **Ken: Kirk**

Past President of the Alberta Marijuana Party. Ken is a Minister of Christ and has spent many years helping street people and those caught up in the SYSTEM in relation to using Marijuana. Ken may not agree with some or many things I bring forward in the book concerning Christianity and other Religions, but he was there for me in some of my most difficult times. He holds a PhD in Divinity and is well respected by many in the community.

### **Edward-Jay-Robin: Belanger, Minister of Christ**

Robin has spent many years helping those caught within the SYSTEM. It was actually an article that was written about him that helped me in my early days. It was his focus on the Bible that drew me to much of what I know about it today. Robin has founded a Church whose members are all Ministers of Christ, if they choose to be. If it were not for Robin's hard work and desire to be free, many of us would still be in the dark about many things concerning the SYSTEM and its inner workings. Ultimately Robin has realized the simple truth that the SYSTEM is based upon Religion of Zionism and the Torah and Talmud are their books of law. They created these Countries and Institutions for us to become dependent upon in order to live, and then accuse us of bowing to their false gods. Yet they attack and commit Genocide against those who are free of their System. It is both mine and Robin's belief that the only way to stop them is to use the King James Bible and Privately Petition the Queen by her real name, Elizabeth-Alexander-Mary: Windsor about issues and show how you tried to resolve them through the use of the Bible and ask her to intervene.

### **Robert-Arthur: Menard**

Rob has done a great deal of work in establishing the framework for the Free-Man-on-the-Land status for those that seek it. I had an opportunity to meet with Rob in Edmonton one evening and corresponded with him on some issues discussed in my book. Rob's approach deals with things within fiction, but I wonder how far one can go in relying on fiction for freedom, when it is truth and facts that bring forth freedom. Rob has a web site located at:

### **Eldon-G.: Warman**

Eldon has been working hard to educate people about the Tax SYSTEM and his Detaxing program for many years now. He gave me a place to start and from there I have gained many insights into Law that I would have never had if it were not for Eldon. Eldon's methods don't always work for people, but I have come to realize that if you don't think on your own about things, nothing will work. You have to look at things and see what their outcomes are for you. Nobody is boxing you into doing anything one way. When I had nobody to turn too and knew nothing about what I was doing, Eldon was there for me. His website and many emails we shared guided me out of an abyss. What I knew then and what I know now are like night and day, but without Eldon I am not sure what I would have done. Eldon taught me to never give up.

### **David: Icke**

I have never met David and frankly it took me 6 months to swallow his story about the Lizard people that walk among us. However, if it was not for David's Work, I would not have been able to gain the insights I have today about how the world works and about the frequency prison we find ourselves in. I wish people would start listening too him more and stop putting their heads in the sand as it were. Much of what he has to say is very accurate and in his heart he only wants us to be free. Infinite Love is the Only Truth, Everything Else is Illusion.

### **Winston Shrout**

I have never met Winston but have gleaned many important insights into Law and the SYSTEM. Winston works within the SYSTEM rather than fighting it. In fact he shows you how to actually take peaceful control of the SYSTEM for the benefit of all. The difficulty I have seen again is Canada has no lawful Courts. His methods may be correct, but all the Judge cares about is your confession to being a Name, thus a Fiction. Once that is done you are a slave to them. Bonding a Judge with an Indemnity bond is not necessary, for there is nothing to hold them accountable for their actions and only the Crown Prosecutor can lay charges. However. Winston states the proper way of doing things in Commerce, but also says he can't guarantee what others in the SYSTEM will do with it. It is a good idea to learn how to do Commerce for it does broaden your perspective on law, but don't get a false sense of security when dealing with the Courts. It is very difficult to work in fiction, when fiction is not based on truth.

### **Fran: Millar**

A Spiritual Healer and Medium, a friend and the one that helped me through a very difficult transition in my life. She can be credited for teaching me the power of love and opening my eyes and mind to multi-dimensional infinity. It is rare to find people among us that have the ethics to go with the power they wield. She always taught me that those who have more knowledge and ability have a greater responsibility to share it with others. I passed and surpassed her Meditation class inside of 6 weeks. The spirit world is as much apart of us as is our physical world, we just have been cheated from learning how to interact with it safely. If the world were to have the extent of access to the spirit as Fran, others and myself have, there would be no wars, just love, life and freedom.

### **Draga na**

My big sister in the Universe. She showed me that each one of us is a Universe unto ourselves, slowly growing and expanding. Multidimensional Infinity is real and one by one we will all awaken to that reality within us.

## **Dr. Sam Kennedy**

Sam has spent many years teaching and researching the SYSTEM. He has created a mentoring system in that the people who want the latest information and techniques in dealing with the SYSTEM must earn it based on merit. He is very good at removing the illusions around us and has much to teach. Unfortunately, Sam has not yet taken the position I have on the Bible being about Genesis 1:26-28, which you will learn more about as you read on. He is very right that they cannot proceed against you without your consent. But going to their Court Room and telling them so is kind of a mute point, because you can send them a letter giving them a lawful reason why you can't go, backed up by 3 witnesses or verifiers if you like. I tend to like verifiers over witnesses, for "witness" is their term, not mine. We are all of the light; the System is all about darkness. Do you want to be light or dark? You can listen too him on his Internet radio program *Take no Prisoners* on Sundays, or listen to the archived shows at:

## **My Preamble**

Law resides within darkness and pure fiction. It cannot sustain the scrutiny of truth when light is shone upon it. Law only exists because we have been lied too about who we are and the nature of the reality in which we live. The entire house of cards relies on the belief that someone external to you has power over you, when in fact by careful and simple observations, you find that they don't. Money, the other partner in this mass fraud, is created out of thin air by the banks and people who wish undermine the natural creative growth of our world and implement destructive policies that induce fear and various levels of war. You are enslaved because you have accepted fiction as being truth. Whenever you see people protecting something from scrutiny ask yourself why? Truth requires no laws to protect it.

### **“God does not Play Dice” - Albert Einstein**

Some questions for you:

Why would you settle for a Country when God gave you the entire planet? What gives someone authority over you if we all came from the same spark of creation? If freedom was as simple as a change of perspective, then who controls your perspective?

#### **A Spaceman Came Traveling**

This song will have deeper meaning too you as you read along in my book. In truth it will unfold in ways you probably never expected, but on with the book for now...

Note: if you are having problems with the Government and need to fast track to help, I would suggest that you read through Eldon Warman's Website at, [www.detaxcanada.org](http://www.detaxcanada.org). It covers both Canada and the USA issues and much of the info there, like in this book, can be duplicated all over the world.

You might also want to skip to Chapter 9 and read the letter I wrote in Appendix IV to CRA. There are two approaches; one is in fiction, which everyone seems to be doing including the Eldon's Website [www.detaxcanada.org](http://www.detaxcanada.org), or you can learn how to stay in truth, which upon all authority remains with you and you regain your freedom. Staying in truth is not an easy task at all and much of the book here is dedicated to exposing how we have been conditioned to think in terms of fiction, and are trying to find answers within fiction, where there are none.

## **Introduction**

### **In The Beginning God created the heaven and the earth...**

And evil people created Persons. The word Person comes from the Latin word Persona, which means mask. A Person is a fictional entity in an imaginary world. It does not and cannot exist in the reality where you and I live. A PERSON has two attributes, a Name and a Birth Date, both of which are hearsay. Law books have skewed the definition to include corporations as being a Person, which is the crux of the Fraud and the truth of the illusion. A Corporation cannot be a man created male or female by God. A human being is not a living man created male or female by God, human means Color of man and thus is not a species of man of God. Corporations exist in an imaginary world, we do not. The idea of there being a natural or artificial Persons being the same as a man created male or female by God is a fraud, for a Natural Person is a person, thus a fiction with some fictional attributes. It is also important to note that a man created male or female by God is only a reference point from the King James Bible, in terms of LAW franchised from the BAR in THE CITY OF LONDON. This is the best way to describe ourselves in relation to that fraud, for they make use of the King James Bible, although it is truly the Torah and the Talmud, but we'll get into that later.

The foundation of all LAW on the planet is to fraudulently equate a PERSON, a fictional entity, as being a man created male or female by God. The main trick that they use is to attempt to get you to sign on fraudulently as a SURETY for the PERSON and thus whatever they do in their imaginary world, they can do to you as the SURETY. Thus because it is an imaginary world

they are indemnifying themselves from what they do to you through fraudulent contracts. It is a scam. There is hope though in that by learning the truth you can set yourself free. In time we will all be free, but it will take time. The simple foundation of PERSON is that they want you to buy into the fact that a PERSON is the same as a fictional entity called a CORPORATION, and as such a Corporation can have GOD status over us, like a Country or Government has. Thus, because we can create then it is okay to say that fictional entities can create, and therein is the foundation of the Tyranny, in that we are considered to be imaginary things.

As you read through this book keep one simple thing in mind: simple truths always lead to freedom. There are many people who have been led to believe untrue things or simply go along with the SYSTEM because it is easier for them to do so. All that people have to do to become free is to ask the simple question *why?* or rather know the why. This book is a guide for those who stand in the face of oppression that is unlike any seen before on the planet. It is for those who dare to question authority and challenge all aspects of its validity and purpose. This book is for the few, so that one day there may be many who take this path for freedom. For the most part breaking free from the prison of what others think of you is the first step in obtaining freedom. This book is for those who see the world as a mass prison, where the masses are forced into slavery, while the few enjoy the fruits of that slavery. I will not pretend that I know everything that is happening, but I know enough. Enough to know that what is going on is destroying our planet and the species of man. There is a war raging quietly and most deceptively against us all. It is the most insidious war imaginable, where the people pulling the strings sit quietly in the background, getting us to enslave and destroy each other at their whim. Perhaps if nothing else, you will gain an appreciation for how much you have been made to believe to be true when in fact it was all nothing more than a pack of lies, lies in which to enslave you and others; while the few in the background pull the strings, within the illusion.

For your first step on this path, take out your BIRTH CERTIFICATE and look at how your name is spelled. All CAPITAL letter names are fictions, corporations, and things of the imaginary. Thus this name is not you, it is a CORPORATION created by the Government for which all laws apply to. The laws they create do not apply to you - only to that NAME on the BIRTH CERTIFICATE. They trick you into believing that NAME is actually you, but it isn't. The BIRTH CERTIFICATE is a bond instrument for which you have been made the SURETY for the Canadian Government, along with many other NATIONS, to borrow millions of dollars against your CORPORATION. The ACCOUNT NUMBER listed on the BIRTH CERTIFICATE is held by the UNITED NATIONS and there are millions of dollars sitting there for you to draw upon through your exemption held in trust by the Revenue Ministers of the various nations involved in this scam. No, you won't be able to find this in your public library, and your local politician will look at you strangely if you enquire about it. The Social Insurance Number or rather Slave Identification Number is the offset account for the exemption when dealing with taxes, but unless you know about it you can't access it.

I will be talking a fair bit about Religion in this book. This is not to trample upon your belief system but rather to expose how Religion has been used to enslave you and others through distorting the facts and outright lying. Anyone who believes that the Bible is absolute truth and is God's Word should be prepared to be challenged about it. We see churches everywhere we go, so how could it be that they could possibly be lying to us about anything in the Bible, or the Holy Koran for that matter. Well if you believe in the Bible or the Koran then Matthew 22 should be paramount in your life. *Love thy Neighbor as thy Self.* Have you seen this practiced much? It is the foundation of all Law that there be equality under law. Anything that transpires outside of this is not lawful. What we do see is a set of laws based on slavery and serfdom, a system where you have absolutely no rights, but are extended privileges.

The other factor involved here is that the world revolves on Commerce. Commerce is a form of warfare, thus love is not possible within Commerce, only winners and losers. This game called Commerce is played in an imaginary world, and the people who created the scheme benefit the most as they control the money. To be more concise, they can print as much money as they want

to achieve outcomes that are good for them and bad for us. Remember this is a war that is going on, and it is being waged against us. On a spiritual and physical level they may somehow think that they can wash their hands of the enormity of the crimes that they are committing because it all takes place within a fictional world. So too they may believe their innocence because the “dumb people” are falling for their trickery. Once you begin to open your eyes to how this war is being played out, it feels safer to stick your head in the sand rather than watch the horrific calculated battles taking place on a daily basis. However, if we are ever going to be free then many of us need to be leaders and begin to say no to their games, until there are no games. When we say no, there is no game and no more war. Peace only comes through love not through killing or harming others. Fighting for Peace is like fucking for celibacy, it won't work. They want you to lash out, for it gives them an excuse to hurt you more. Don't play their game; you can't win their game. They are holding all the cards, or at least they make the illusion that they are.

There is another factor involved with all this, that is Judging. The Bible has many verses within it saying not to judge others. So why then do we have a SYSTEM that has judges within it? Well that's the other part to all this. Who are we to judge others? In simple terms the Judging that takes place is the judging of FICTIONAL entities, not actually you. Because the SYSTEM operates in a fictional world which you are tricked into believing is real, you really just contract away yourself. You do this by signing the Judges Orders; the Judge didn't judge you he just presented you with a contract for you to sign. If you sign it then you are agreeing to it. They don't tell you this, however. No court has any authority to Judge any man created male or female by God upon the earth. Thus the trick is to create an imaginary world and make you the SURETY for an imaginary fiction called a PERSON. This is how they wash their hands of the abuse they are putting you through, and somehow still believe they are loving their neighbor as their self. Very distorted? Yes. Cruel and inhumane? Yes.

The underlying why and purpose to all this is a spiritual one. This will become more apparent as you read through the book, and I'll draw some conclusions based on what I have experienced within my own life and learned from others. In some ways I believe that perhaps we created this ourselves as infinite beings on an infinite journey. However there is a mass awakening taking place and forces outside of our world are gathering to help us and save us. We are not alone in this by any stretch of the imagination, but we need to do some work here to help things along.

**“Infinite love is the only truth, everything else is illusion.” - David Icke**

What the ruling elite have done is create a giant imaginary prison. They have created a never ending Script Play, using the world as the stage for their actors and actresses. They have through fraud and trickery gotten you to volunteer in taking part in their grand play. Of course the ruling elite also take part in the play, but they get to pick the best parts. You should take notice that they use the word Act on most of their legislation, if not all. Look up the definition of the word Act and you will see it has nothing to do with law, but everything to do with acting in a play. They created a new language for the play called Legalese, which looks similar to the language of your primary language such as English, but it is not English. It has it's own definitions and only Lawyers are allowed to interpret the law within their Courts, or Temple. Once they get you into their prison by becoming an employee, and by voluntarily getting a SIN number or a license of any kind you have become a SURETY for a PERSON or Actor/Actress inside their play. The ruling elite pretends to have a democracy and say that you are represented. How can 300 people possibly represent 30 million or even 300+ million people? They can't and that is the fraud in and of itself. This book will help you gain your freedom back and expose the extortion SYSTEM for what it truly is. There is a huge awakening starting to take place and the more people that know this information the harder it is going to be for them to keep us locked up in their prison.

In terms of getting out of this prison it will take a great deal of love to do so. Revenge will be on the forefront of a lot of people's minds, and they thrive on conflict and evil. It is their way, not ours. They want us to thrash out at them and their illusions instead of finding peace. Their fraudulent use of law based on fictional values, fictional maxims and the use of brutal force against peaceful people has to stop. The simple way to do this is to stop playing their games.

Putting our energy towards helping each other, poor and rich alike, will go a long way to bring about stability and harmony. I know this is not going to be easy, but it is much easier to do this than to be slaves for the rest of our lives. I don't see how they can stop all of us from uniting in peace against their SYSTEM. They can only lead us to misery and hardships; we can take back our world and live in truth. If we simply insist on living in truth, love will always be there. The ones that use force to perpetuate a lie and gain power over those who are living in truth will find over time it will be harder and harder to do so. It is time to choose freedom over enslavement.

**“Everyone is equal under the law, which is mandatory and paramount.”**  
**- Legal Maxim**

## Countries

So who created Countries and what are they anyways? Simply put, they are a form of Kingdoms, which the Emperor of Rome, the Pope, delegates authority to. QUEEN ELIZABETH II and others with various impressive sounding titles. Since God created the earth, I must have missed where he gave the few permission to divide the earth up or is it simply a scam? And did you ever notice that there always seems to be someone between you and God? Yes God being all powerful and creative, doesn't have time to talk with his children, but he does to key selected people, such as George W. Bush who said, “God told me to invade Iraq.” Maybe God did, so why isn't George on the front line invading Iraq? Can anyone say that God told him or her to do such a thing? Just wondering...

This book is about destroying illusions of power that a small group of evil people has been using to manipulate and control billions of people on this planet. Their objective is to bring in a One World Fascist Global Government, where all will be enslaved. It will govern those left alive after they wipe out 80% to 95% of the world's population, which Henry Kissinger signed off on in 1974. They want this by the year 2012, for a great awakening and transforming creative force will be at a peak by then. They can only succeed if we allow them to. This is happening right now and the purpose of this book is to expose the SYSTEM and to help you break free. To do this you must be willing to unlearn what you have learned and come to the truth about reality and the illusions presented before you. In doing this we shall create a world based on love and peace.

I also want to make it clear that there is a creative force involved here that is based in infinite love and is more powerful than anything that these people who dwell in darkness could ever imagine. The object is to become *disillusioned*, and through that you will find truth, for truth has no illusions. The Illusion has sacred items like the Holy Bible, Holy Koran and other scriptures, which are the cornerstones of their faith movements. They claim these works have originated from the Creator, that these are the unequivocal word of God. The Creator has been given numerous names throughout the ages, but I refer to him as the Creator or the Creative Force, which is based in infinite love and thought. These people are at war with the Creator and thus at war with his Children, the species of man. They have done much to suppress the truth for the truth destroys their illusions of lies, and as you read on I will explain how they have manipulated the word, existence, intent and our relationship with God.

So let's look at an illusion for a moment. What is your name? You're kidding, right? No, what is your name? So you say, “John Smith is my name”, for example. You diligently have written this down on some “Official” form somewhere. Isn't it a fraud to give hearsay evidence on official documentation? Did you have the mental capacity to know your name when you were born, when your parents gave it to you? I rather think not. Most people don't remember anything until they were maybe 3 or 4 years of age, thus your name is only hearsay. Further, where does it say that God gave himself a name, and where does it say God gave man created male or female a name? You say, “Adam was given his name by God.” Really? Read it again, it was LORD God who appears in Genesis Chapter 2 that gave Adam his name. If you go back to the Hebrew text all it gives is a simple description: “First Man”, which is what Adam means. Adam named all the animals and everything that there was to name, but are the names true? Just because you

name something doesn't mean that is its true name. In the times of Rome people changed their names frequently based on their personality attributes. For what purpose would God have for names anyways, doesn't God know everyone? Go back to Genesis Chapter 1 again and read it. Note the differences between Genesis Chapter 1 and 2. The fact is that we have given names, not true names. Given means an offer, which means an acceptance, did you accept your name? Is it your true name?

How do you know if the name is true or not? God didn't feel it was necessary to name man created male or female, probably because it wouldn't be true. Names are descriptions, look up names in baby books and you'll see. How many people named Mohammed, Smith, Robert, John etc. do you know? Probably quite a few. If we are individual creations, shouldn't we have individual names, or descriptions? If God didn't feel it was necessary for us to have names, why are we bothering with it, considering a good amount of the planet seems to believe in God and it is supposed to be a democracy, right? So the first thing you do when you go to court is you lie by stating your name. Of course it is not a true court and we will get into that later as well. In fact Jesus never had a true name. The King James Bible makes use of all capital letters designating him as a PERSON or rather FICTION.

Matthew 1:25 And knew her not till she had brought forth her firstborn son: and he called his name *JESUS*.

Oh yes democracy, One PERSON, One vote. So if 50% say we take the property of the other 50% and throw them in the street penniless, that's law right? What if maybe thirteen people say to do that, but gave an illusion that Elected 300 or so people, who are then pretending to represent the interests of some 30 million people and create that same law? It's democracy, right? What if the Country has the ability to print all the money it needs to run it's operations, but chooses to borrow from PRIVATE banks and pays INTEREST payments on the borrowed money, which was created out of thin air, and then turns on the PEOPLE of the Country and orders them to pay the taxes which pay the INTEREST on the imaginary loans, and set it up so that the wealthy don't pay at all, but everyone else does, that's democracy right? Did God create democracy? No. Nature? No. Hmm...

Simply put there is an equation of sorts that these people go by. They avoid Abundance=Choice=Freedom in favor of Scarcity=Dependency=Control. Because they control the currencies throughout the world they can set the value attached to them artificially. Thus they can move resources in or out of areas of the world, creating horrible situations for the people living there, making them dependant on the controlling government. These controlling governments are armed well to ensure that the status quo is maintained.

You will see me mention God at times through this book. If you don't believe in God, that's okay, the book isn't about God. I make reference to it because all Countries through some form of facade make believe their values and conduct come through Christian, Islamic or other similar religious system of beliefs, which in fact is not true and is only used as an illusion to get people thinking that somehow the ultimate authority is some form of God's will.

What has happened is they have created an artificial world and overlaid it over the real world. This even includes God as something artificial, as we will soon see. They divided people up into various regions over time by introducing different languages so we could no longer communicate with each other and put forward different traditions, which they call culture. Somehow being a culture in a petri dish isn't my idea of how I would want to live my life, but it is what they have done. They have walled in segments of the world's population and created boundaries around them, rather than celebrating the diversity. Yes we have been genetically manipulated to look different, but we are all the same. Anyone who says different ought to look at their basics needs of life and see that nothing is different, and being prejudiced against another only serves the interest of those who wish to enslave us. At the moment they are involved in genocide attempting to wipe out all non-Caucasian (White) for reasons I will get into later. The important thing to note here is that they have created an imaginary world and overlaid it onto the real. The imaginary

world is based on Commerce, and everyone and everything in it is a corporation or product. Yes you are deemed to be a corporation. Of course a corporation cannot eat, breath or be animated in reality, but it is an imaginary world.

This imaginary world is based in slavery utilizing the Babylonian Talmud as the source for all law, that is to say codified law such as, postal codes, criminal codes, building codes, all sorts of codes. The Talmud is based on how to treat your slaves; it is a guide on Master/Slave relations. And yes they may pass legislation, but in the end they refer to it as POLICY. Yes they are corporations. In 1933 A.D. there was a gathering of all the countries in the world and the leaders all agreed to allow their countries to go BANKRUPT. Of course they hid the truth of this from their people, because it was high Treason. They also determined that people would register their children's birth and issue each child a birth certificate, thus making children SURETIES for the bankrupt countries. Then later in life these people pay for the bankruptcy through high taxation, fines, license fees and everything else they can possibly think of. Of course the bankruptcy is only imaginary because it only exists in the imaginary world, but they've got you signing "official" documents everywhere, saying you have to or they use force and/or intimidation on you until you do.

Mark my words, **Do not sign anything they give you, especially an appearance Bond.**

They are attempting to get you to admit to being a fiction. Names are fictions. You are only a man created male or female by God, Names and addresses are only hearsay. They are making use of hearsay everywhere and in everything they do, don't buy into it. So in essence the few have their hands on trillions of dollars, which is used to pay off corrupt politicians and officials to do their bidding. They have a SYSTEM in place that is based on Master/Slave relations for which you have no rights or freedom, only privileges. And ultimately they are sucking the life energy from you and me and keeping us all in a state of fear, so they can quite literally feed off of us, as that is their food. Fear is the food of these energy vampires and they have been with us for a very long time. I'll get into this in more detail later in the book, but for now just know that we are on the cusp of transition and the race is on. They want a prison planet with a reduction of 80% to 95% of the world's population. For those of you that are in law enforcement or the Justice SYSTEM in any capacity this is what you are involved in. The other side, with education of each other we are increasing the awareness of the world population to what is truly going on and creating resistance to their growing plans. They need us to help them with their plans, and so we are being used as instruments for our own destruction.

The other thing that is going on is the *hundredth-monkey syndrome*. This phenomenon occurs when enough people know the truth and start acting on it a transition begins. A study showed that when 10% of monkeys in a group started doing something different, all the rest of the monkeys started doing the same thing, without being shown what the original 10% were doing. All life is connected and it is through our DNA that we broadcast and receive information. Our entire body is akin to a giant transmission and reception system that is constructed through resonant frequencies. The Sun, Earth and Heaven are nothing more than illusions. They are frequencies that are generated, from which our subconscious constructs and our conscious mind observes, combining into what we call reality. However, if you study an atom, you see great distances between electrons and the nucleus and thus nothing is solid. In fact you will remember from high school physics that a photon can be both a particle and a frequency and also shows intelligence. Or an electron particle, for example, can also have spin and the direction of that spin will have different effects.

The Bible is a blue print for the New World Order. It is symbolic of what has been going on with man over many thousands of years. You and I may not believe in the Bible but be sure that the New World Order Elite do. They use the Babylonian Talmud as a basis of oppressing those that don't believe, and to a greater extent those who are not one of them. You may believe in the Bible and be a Christian, but more and more it will not save you in a court proceeding. The only way to win a court proceeding is to shut it down anyway possible. You cannot win under their system. You only win if they decide that they wanted you to win to further their agenda. The

Book of Revelations predicted what is going on today and what is still to come. It tells of the implanting of microchips into our bodies for the use of commerce, microchips that also have the ability to control and transmit our emotions. I recently read an article that the chips were hacked. This beast system is being put into place because the Elite believe that Lucifer is going to win. The world is being converted into a giant prison. Cities are nothing more than giant slave camps, where you are made to pay for your own enslavement. Things may get worse before they get better, but hopefully together we can stop this.

It is unfair to say that we must shut down every court proceeding we go to because we lack the ability to win. The problem is we don't have enough knowledge at this point to win. Later in the book, Chapter 9, I will be going into detail of some strategies that may help you. One only needs to give a lawful excuse of why you do not need to go to court, then back it up with 3 verifiers, and send that into the clerk of the court. When we show up in court we are granting jurisdiction. We can argue the point, but we are there aren't we? The only way to deal with the court is to deconstruct their illusions of power. Commercial Law allows us to extend a remedy to the court, but in the end that remedy can be rejected and they could jail you, enslave you, or worse! Commerce is the process of finding a solution within fiction. Maybe they will accept it and maybe they won't.

In this book I am going to be using Canada as the focal point to explain the SYSTEM, mostly because I am most familiar with it and also because it is a de facto Government. De facto adds another level of sophistication, as they have had to hide things more and put up a greater illusion in which to trick the people into believing that they live in a COUNTRY that is legitimate. Canada promotes itself as a Free world COUNTRY when in fact it is Fascist dictatorship. The USA is more straightforward. They put in Article 14 that if you receive a benefit from the State you enter into SLAVERY. Thus if you receive mail at home you are receiving a benefit from the State, because under common law all mail is delivered to local Post Office where you could go and ask for it. Then there are all those unlawful contracts such as driver's licenses. Much of this is translatable into the systems of every other country on the planet which I will discuss further on in the book.

It is clear throughout the world that "Human Beings" are used as slaves by other "Human Beings". The rationalization for doing this is varied and in the western world, it is hidden through a sophisticated monetary system. Openly you see enslaved people in some African Countries and North Korea, India and China. The United Nations Peace Keeping Missions in the Balkans has been caught 3 times now with involvement in white sex slavery (soldiers kidnapping young white girls and selling them). Israel, Great Britain, Japan and other Countries do little to stop the horrific Sex slavery that resides within their borders.

Saudi Arabia, Kuwait and other such oil-rich COUNTRIES bring in poor immigrants from places such as the Philippines and India. They are used as house servants and are paid very little outside of attending to their most basic needs. There they have hangings of poor Indians and Filipino people on a weekly basis, accused of crimes such as rape. A Kuwaiti can find you at fault after rear ending you in a car "accident" when sitting at a red light by saying you were in their COUNTRY. It's a travesty of LAW. The oil-rich COUNTRY is a dictatorship and is highly discriminatory against classes of people within the COUNTRY, and is run by a ruling Family headed by a man named Emir, who hand picks the Leaders of the Institutions and Government. In Saudi Arabia, Emir heads the Royal Family and there are a gaggle of about 20,000 people that consume 50% of the Country's GDP in dollars shared amongst them, leaving the masses with little to live on.

It is ironic that the first Gulf War went to save the people of Kuwait from Iraqi invasion, restoring freedom to the People of Kuwait. Saddam attacked because he found evidence that Kuwait had been performing horizontal drilling into Iraqi Oil fields and the USA gave every indication that they were not going to intervene. The USA and BRITISH maintain military bases in Kuwait and Iraq under the guise of protection, but instead they are using them as a main staging and headquarters for killing millions of people in the region. The soldiers are not there to bring

freedom to Iraq but rather to bring about a slow moving genocide of the people of Iraq and the region.

It makes me sick to my stomach when I see people singing the National Anthems of Canada and the USA at Hockey Games on the TV or listening to it on the Radio. People take so much pride in singing these Anthems, totally believing that they are free, when they have been tricked into mass slavery. The other aspect is that the people singing these anthems can afford the \$400 or higher ticket prices to the Stanley Cup playoffs, and live in comfort compared to the other 99% of the population that struggles just to live. Yes, it is the land of the free for the few and privileged. They have all kinds of slaves working for them to prop up their standard of living. CAPITALISM is a slave-based system from which the few exploit the masses for their benefit. The System fosters large bank loans to the few, and mass tax write-offs for those people who are the elite within the system. This leaves the COMMONERS with peanuts and endless work to make a living. Poverty is everywhere in CANADA. People dig through garbage to find a few bottles to sell at bottle depots just for food, never mind about having any shelter. When the temperature dips below -20 degrees Celsius, they “may” open the some of the subway stations for a few hours so the homeless won’t freeze to death. In a COUNTRY where the oil deposits are quoted at being second only to Saudi Arabia, it is a crime against us, that people have to sleep outside in minus twenty degree Celsius weather or colder during the harsh winters because no shelters have room for them. The Shelters only provide people with 5 hours of sleep at a time before they are pushed out the door. For those lucky enough there may be a mat to sleep on in a large room full of people.

In fact, Ralph Klein, the Premier of Alberta, walked into a shelter one night drunk throwing money on the floor, calling them names, making them feel worthless and telling them to get jobs etc. Most of them have jobs working at temp agencies making minimum wages for hard work. They are among the most exploited workers within the SYSTEM and just make enough to feed themselves, but not much more. ALBERTANS re-elected him in the next election, with a majority Government. Welfare gives people a mere \$380.00 per month to live on when rent averages \$500.00 per month for a cheap bachelor apartment. There is no escape for some people and many resort to crime just to survive. In fact, the crime rate in CANADA exceeds that of the United States. People for the most part are just desperate. Youth are forced selling themselves on the street. Many Native women within the inner cities go missing every year and numerous people freeze to death in the winters. This is just Edmonton, Alberta, the “Wealthiest” province in the world. When you have an impoverished people they are more easily exploited. In Kuwait people related to the Royal Family are given about \$20,000 per month per child they have in order to help raise them. In Saudi Arabia the 20,000 related Royal family gobbles up 50% or more of the Countries GDP to finance their life style. It is interesting how the Leaders of these COUNTRIES all live in luxury and cater to every whim they have and then say they are Leaders of the people. The CLERGY throughout the world all take a vow of poverty but seldom do you see any of them freezing to death on the street begging for money for food as you see in cities across the world. Look at the POPE and other Religious Leaders who have all taken vows of Poverty and see how they live in comparison to you. Don’t get me wrong there are a lot of well meaning people within the churches around the world, but somehow I don’t think they would be there if they had to endure the poverty levels that many people do in this world. Imagine having to dig through mountains of garbage and waste everyday just to find a few pennies for food. See if the Pope or other religious leaders would do that and still pound out their dogma. If you are ever going to be free you have to start letting go of the illusions being put before you. Lies and disinformation conceal the underlying truth of the reality from which you are living.

If you wish to maintain the status quo and remain a SLAVE, that’s your choice. However if you don’t help create a change, the few will enslave you and your fellow man. Read this book and share it with others. The few can only continue to enslave you and others if you allow them to. No it isn’t going to be easy as the people running the SYSTEM see you as a SLAVE, and they do not want you to fight them in any way. They want your cooperation and servitude to them through their illusions, which will perpetuate their lifestyle, exploitation and war on man. The

ultimate goal is to enslave you, and for you to pay for your own enslavement, and that is exactly what is going on.

One other point before we begin. I wrote the book originally using men and women as the format of the norm of what God created. This is not what God created at all. In fact God created man as a male or female. It was LORD God that created man as Adam, and as woman, Eve. I have now edited the book to reflect this. It was only from a lifetime of conditioning that I originally wrote it like that, thinking we were part of the Adamic Race when we are actually part of God and all that exists. The other word edited out for the most part is humanity. We are not human, so that has been changed as well. These subtle changes in words and how they are used are what makes the difference between enslavement and freedom. Also you will find that God is plural and inclusive rather than singular and separate. We are one with God and God is One with us. Where all the manipulation is coming from is a topic I discuss and try to expand on as best I can. Surely the manipulation is an inverse mirror of creation that has consciousness. However, it does not operate the way we normally think things operate and that is how we over look it and get so confused. We are not the creations of LORD God, but they will do everything they can to try and make you believe we are, and through believing we become their slaves.

## Chapter 1

### **The Foundations of COUNTRIES that Never Were.**

*Canada was founded on the supremacy of God and Rule of Law. (The supremacy of the Emperor of Rome and his Rule of Law)*

There are many de facto COUNTRIES, which means that there is no lawful authority between the PERSONS and the Government. I am going to focus on Canada as a model as I am most familiar with that structure. However, you can simply look at this model and you will find similarities with other COUNTRIES. Australia, for example, has no statements within its Constitution connecting it to the Queen's Heirs and Successors. Everything is very subtle and hidden out in the open for the purpose of giving the Illusion that a Democracy that represents the wishes of the people is Governing them. In truth these Democracies are nothing more than Corporations, and a Feudal System of Serfdom has been set up for which the people have no rights or freedoms, only privileges. They have selective enforcement of laws to give the Illusion that the law applies to all when in fact they only selectively apply. My objective here is to expose the system and the fraudulent controls within that system, making it easier to identify in other COUNTRIES and situations.

### **British North American Act**

CANADA has a constitution. You hear in the news now and then that there is a big constitutional challenge being brought forward to the courts. The Charter of Rights and Freedoms says this or that and someone is saying that their rights or freedoms were violated. This is droned on to lull you into believing that you live in a COUNTRY, that you are free and that you have rights and freedoms. Yet when I talk to people very few have ever read the Constitution. Even those who took some advanced education in law received very little if any information on the Constitution. In fact, the British North American Act isn't even taught in Law School. This is after students spend 4 years getting a Bachelor of Fine Arts or Arts degree then another 2 to 4 years in law school. Why? Well if you read the Constitution you would find very quickly that there is none. In fact there is absolutely no authority for the institutions to be operating and controlling your life to any degree.

Section 2 of the BNA Act was repealed in 1893:

[http://www.solon.org/Constitutions/Canada/English/ca\\_1867.html](http://www.solon.org/Constitutions/Canada/English/ca_1867.html)

this section, repealed by the Statute Law Revision Act, 1893, 56-57 Vict., c. 14 (U.K.), read as follows:

2. The Provisions of this Act referring to Her Majesty the Queen extend also to the Heirs and Successors of Her Majesty, Kings and Queens of the United Kingdom of Great Britain and Ireland.

Canada does not have a Monarch because when Queen Victoria Died in 1901, so did the provisions of this Act to the British Monarchy.

Section 9 of the BNA Act states:

9. The Executive Government and Authority of and over Canada is hereby declared to continue and be vested in the Queen.

If Queen Victoria died in 1901, then who has executive power in Canada anymore? Further, Executive power is a CORPORATE term, and does not make reference to living beings. It identifies people as being PERSONS, which are imaginary fictions, as are CORPORATIONS. It is important for you to know right now that you are not a PERSON, but in accordance to the SYSTEM a man created male or female by God. Also take note of the title, "The British North American Act". You don't see the word Canada anywhere in the Title, do you? So if Canada is to be a COUNTRY, shouldn't it have it's own Constitution? Apparently not, as this is not a Constitution it is merely an Act, or more accurately an Act of the U.K. Parliament. You see, CANADA was nothing more than a CORPORATION listed on the British Board of Trade. It was used for commercial purposes to run the colony with. That is a Colony of PERSONS.

Now consider this. A person is something that is imaginary. It is pure fiction. It does not exist in our world. So what evidence do you have that the PERSON Queen Victoria was actually born, or died? There is none. That is the whole point of this. The Coronation, which I will expand on later, is a complete fraud, for it is nothing more than a make believe play creating a birth of a PERSON. Thus the foundations of their laws are based in the imaginary not the real. So why are we following them?

The British North American Act was the tool used to create the Dominion of Canada. However, as seen above, Section 2 was repealed in 1893. Thereby two days after Queen Victoria Died in 1901, the Statutory Laws could not be reinstated, as the Queen was dead, and so too all contracts with her were null and void. From *The City*, a sovereign state within the City of London (much like Washington D.C.), The international Bankers claimed Salvage rights to the CORPORATION called Canada or Dominion of Canada, and quietly usurped power from the Canadian People. Nobody ever was Canadian, and be sure that they never told anyone that. At some point they stopped calling Canada the Dominion of Canada and started calling it CANADA.

A friend of mine tells me that the Dominion of Canada still Lawfully exists, as it was an act of Treason to repeal section 2 of the BNA Act. Statutory Law never actually dies. A statute once made is always in place, because of any prior contracts that relate to the statute being over turned the original statute still stands. Thus the simple fact that the Queen did not inform her subjects that she was withdrawing lawful authority for her heirs and successors without letting us know or allowing us to agree with it, is in and of itself a validation that her heirs and successors still do have executive power, in principle. To understand what this means starts with knowing who to ask. Elizabeth-Alexander-Mary: Windsor, man created female by God, is the only one who is real. Thus it is her that we must address our talk too. Is She the holder of the Title HER MAJESTY QUEEN ELIZABETH II? She certainly is not denying this, but we as the living cannot negotiate with fiction (i.e. her Title), for that is a Person not a man, created female by God. It would be akin to talking to empty room, fiction is fiction.

So what makes a COUNTRY a COUNTRY anyways? Well COUNTRIES are said to be created through the *Law of Nations* ([http://www.constitution.org/vattel/vattel\\_pre.htm](http://www.constitution.org/vattel/vattel_pre.htm)). In reality, they are almost exclusively created by the Emperor of Rome. The current Emperor of Rome is the Pope, of course. I believe He holds TITLE to most of the COUNTRIES on the planet, if not all of them, even the Islamic States. Because the Pope is the Emissary to God, he holds all titles to

the earth, which is a complete fraud, as this book will explain. I'll get further into the Islamic religion later in the book, just be aware that in truth Mohammed was a Cardinal in the Roman Catholic Church who wanted to be Pope. He was denied this, as Popes are always selected by birth right within bloodline families, as are most heads of states throughout the world. Consequently, Mohammed then created the Holy Qu'ran and created his own empire. You will note that in the Qu'ran there is a heavy use of the word Person, which is Roman Based. If truly Allah were giving Mohammed direction why would God want Mohammed to make use of the word Person, since a Person is an imaginary fiction? COUNTRIES or States have an official Religion that they push, it goes hand in hand with the state. This partnership exists as a means to create legitimacy between GOVERNMENT and PERSON. In the original text, the Qu'ran does not make use of the PERSON I am told, but they have altered the text so to suit the needs of the Government to swear persons in. I know Cannon Law makes heavy use of the word PERSON, so I am not so sure if the Qu'ran was actually altered or simply updated to make use of the word Person.

The Law of Nations makes it Clear that PERSONS within a land mass must come together to form the Government. They form the institutions and type of Government. The Law of the Land was formed by the Native People, and it is my assertion that the Native Law System is the only legitimate system of Law within Canada today. I'll get into this more later in the book, but for now let's realize that the Native System of Law deals with real living People and not imaginary. Further it is based on Love thy Neighbor as thy Self, from which all Law must be based; hence Equality under Law is Mandatory and Paramount. However, any System of Law can only be enforced if you agree to that system of law. So far I have seen no one being asked if they agree to any system of law. People are just tricked and/or forced into the system of Merchant Law for the benefit of the Bankers and their minions that run their SLAVERY System. All Law is simply a contract, nothing more or less. We either agree or disagree on everything. The LORD God of the Bible dished out Laws and Punishments that were extreme in nature. These laws were not based on equality and did not allow for agreement or disagreement. This is the type of law we are tricked into by the system presently, contrary to law based on love thy neighbor as thy self (Matthew 22), something so called leaders seem to constantly ignore.

Even more glaring and self-evident is that under the Law of Nations only Persons can form these Countries. When did any of us convert from being a man, created male or female by God to a PERSON? It's impossible for us to do it, as only Governments create PERSONS, if they create at all. PERSONS were created originally in Rome from what I understand. The very name on your Birth Certificate was created by your parents thoughts, so even that does not define you as a living being. The Government has living individuals working the SYSTEM, but the Government does not exist in the real world, and nor do their Persons. A PERSON is an imaginary entity, thus it is not possible for the imaginary to create anything, hence the lie and fraud. The simple fact that everyone on a land mass must be persons to form a Country is kind of like putting the cart before the Horse. PERSONS do not exist in the reality to begin with. PERSONS live in the imaginary lands of CANADA, USA and every other COUNTRY; we as man, created male or female by God, do not.

It is all about tricks and illusion and suppressing the truth so the masses cannot see what is really happening. It's about giving away your power and critical thinking to those who promise to take care of you. They take care of you only to the extent that they can fleece you for your hard works thus making you a slave. Simply put, the truth is that we only have one planet that we all live on. Countries are imaginary entities and were not created by the Creator of this planet. The System of Ownership is also very deceptive because only PERSONS can own anything, and all things are imaginary things. Ownership exists only in terms of things, as things are owned. The earth is not a thing and neither are we. We are part of all that exists in the image created by God, thus there is no way to separate us from the image and so there is no concept of ownership (commerce). I will be getting into this much more later in the book.

### **Canadian Charter of Rights and Freedoms**

The Preamble says:

“Whereas Canada is founded upon the principles that recognize the supremacy of God and the rule of law:”

Okay, now if God is number one, then who is number two? It may surprise you that you are not exactly that high up on the food chain. The Government is number two. Who is God then? Well the Romans used to name just about anything a God, and people worshipped maybe 50 some deities they called a God. In this case because God is not defined, God could be a cockroach. The same thing is true with the Queen’s Coronation Oath. You see, unless they define God, then God can be anything. We can assume God is the God in Genesis Chapter 1 of the King James Bible, the book used in the Courts and by the QUEEN during the Coronation. In truth this preamble is a fraudulent statement because once you state that God is Supreme, nothing else matters. To finish with the statement “and Rule of

Law” is a complete fraud, as it is saying that Law is somehow to be considered after you have made God Supreme. Flip open the Bible to Genesis Chapter 1 and specifically read where it says, “And God said...” There in you will find what ultimately matters. Chasing any rule of law after this point is absolutely meaningless. Even so, they push the law part onto us, making us believe that in some way it applies to us. It does not, and neither does the Bible for that matter, but the Bible is the only tool we have within their “World” to peacefully resolve any issues. Later in the book, I will get into this much deeper, as it is of monumental importance. I will also expose how Religion was created as a means of enslavement rather than a means to freedom. If you don’t know how you are being manipulated into being a slave, then you must believe you are free. It is hard to change heart felt truths, even when proven false, but hang in there, you don’t have to give up Religion to be free, you just need to be aware of the true meaning of Creation.

There is also the Constitutional Act of 1982. The QUEEN traveled to CANADA and signed it into LAW, giving it ROYAL ASCENT. CANADA is finally a COUNTRY with a Constitution. Right? Err, well no actually. I want you to read the following, Section 32 of the Charter, very carefully:

**Application of the Charter: The Charter applies**

(a) to the Parliament and government of Canada in respect of all matter within the authority of Parliament including all matters relating to the Yukon Territory and Northwest Territories; and to the legislature and government of each province in respect of all matters within the authority of the legislature of each province.

Now read it over again. There is something very, very important missing from this. The charter does not apply to the people of Canada, only to the Government of Canada! It is absolutely true.

**GUIDE TO THE CANADIAN CHARTER OF RIGHTS AND FREEDOMS**

Part II: The Contents of the Canadian Charter of Rights and Freedoms Section 32 *Application of Charter*

This Charter applies

to the Parliament and government of Canada in respect of all matter within the authority of Parliament including all matters relating to the Yukon Territory and Northwest Territories; and to the legislature and government of each province in respect of all matters within the authority of the legislature of each province.

Notwithstanding subsection (1), section 15 shall not have effect until three years after this section comes into force.

The purpose of this section is to make it clear that the Charter only applies to governments, and not to private individuals, businesses or other organizations.

Now Section 52 of the Constitutional Act of 1982 states:

The Constitution of Canada is the supreme law of Canada, and any law that is inconsistent with the provisions of the Constitution is, to the extent of the inconsistency, of no force or effect.

Take Sections 32 and 52 together and you now have it, all Laws in CANADA only apply to Governments, not to the people.

So let's say that somehow you still don't believe that this can't be true. Take a look at Section 1 of the Charter:

The *Canadian Charter of Rights and Freedoms* guarantees the rights and freedoms set out in it subject only to such reasonable limits prescribed by law as can be demonstrably justified in a free and democratic society.

Okay, now who gets to determine what is "reasonable"? Pretty vague isn't it? And exactly which law are they referring to? In actuality this is an offer of enslavement. The Charter has nothing to do with granting anyone any rights or freedoms. It is used as a tool to subdue the masses into believing that they have a Constitution and a legitimate Government running the COUNTRY. The other aspect to this is that it makes use of the word Citizen, which is a PERSON. You are not a Citizen. Can you show me your citizenship within a fictional COUNTRY? Countries are just lines drawn on the map, you live on the earth, nothing more or less. I think for the most part democracy can work if proper controls are put in place to ensure transparency and freedom for the people. The democracy that is practiced today is nothing more than in name only, and is in fact a dictatorship. In truth though, democracies or any body politic are not necessary. They only serve to separate us from each other and the world that our creator made for us.

Notice too that FICTIONAL things are capitalized in this book, because that is the basis of the SYSTEM. The System is based on creating FICTIONAL entities called PERSONS. PERSONS are created by the GOVERNMENT and they are the property of the GOVERNMENT. Because the GOVERNMENT created the FICTIONAL entities, the GOVERNMENT takes the role of being GOD over those FICTIONAL entities; hence the Creator and thus Ownership exist in terms of LORD God. According to the Bible in Genesis 1, God Created man and so your creator is God, and infinite omni-present love and part of you. However, God is not recognized as a Source of Law within this SYSTEM, the Pope as (LORD) God's Emissary is. So then, where does the GOVERNMENT OF CANADA get it's moral guidance for the laws it creates? The Babylonian Talmud of course. The Talmud is taught by Rabbis and deals with Master/Slave Laws. *Rabbi* actually translates into to the words "My Master." Not all Jewish People are involved in this, but rather a small faction of people are engaged in using this as a basis of Law. Many Jewish people will tell you Zionism, from which much of this stems, is not part of their Religion. Torah actually means "the Law" and it contains the Laws of God. 636 of them were actually created by LORD God and not God. Again go back to Section 1 of the Charter, which Law are they referring to?

The way the SYSTEM functions is by working in layers of lies, while at the same time keeping everything hidden out in the open. It is the nature of the belief system at work. Thus as you begin to dig into this you find that one lie leads to another, until the truth is finally revealed because of one simple premise: lies can only reside within illusion. Find the source of the illusion and you find the truth. Ultimately where the truth will lead you is the premise behind this book. I won't reveal it to you at this point as there are plenty of illusions going on at the moment that need to be dispelled first. Jumping ahead will actually slow you down because it will generate so many questions for you that you won't have a good grasp of what is really happening. I will do my best to keep you on the edge of your seat as we go through the layers of lies. The lies are there to distract the masses from the truth, controlling them while allowing the people who run

the SYSTEM to be free of the Laws that apply to the masses. There are laws that the masses are not told about but are used in the background for those running the SYSTEM. One such system of laws is the Uniform Commercial Code, which the UNITED STATES operates under. Canada or rather the Crown in Right of Canada has signed onto the UNCITRAL Law system. These can be viewed at:

<http://www.uncitral.org/uncitral/en/case law.html>

There will be more information available on the UNCITRAL Law system later in the book. Now let's move onto SOURCES OF CANADIAN LAW. Read through the following paragraphs, copied from the Canadian Government website, then I will discuss what they really say. Sources of Canadian Law as stated by the Canadian Government Link:

[http://canada.justice.gc.ca/en/dept/pub/just/CSJ\\_page7.html](http://canada.justice.gc.ca/en/dept/pub/just/CSJ_page7.html)

Canada's present legal system derives from various European systems brought to this continent in the 17th and 18th centuries by explorers and colonists. Although the indigenous peoples whom the Europeans encountered here each had their own system of laws and social controls, over the years the laws of the encroaching immigrant cultures began to prevail. After the English defeat of the French at Quebec in 1759, the country fell almost exclusively under English law. Other than in Quebec, where the civil law was codified on the model of the French Code Napoléon, Canada's criminal and private law has its basis in English common and statutory law.

The common law, which developed in Great Britain after the Norman Conquest, was based on the decisions of judges in the royal courts. It is called judge-made law because it is a system of rules based on "precedent". Whenever a judge makes a decision that is to be legally enforced, this decision becomes a precedent: a rule that will guide judges in making subsequent decisions in similar cases. The common law is unique in the world because it cannot be found in any "code" or "legislation"; it exists only in past decisions. However, this also makes it flexible and adaptable to changing circumstances.

The tradition of civil law is quite different. It is based on Roman law, which was consolidated by the Roman Emperor Justinian. The law in ancient Rome was scattered about in many places: in books, in statutes, in proclamations. Justinian ordered his legal experts to put all the law into a single book to avoid confusion. Ever since, the civil law has been associated with a "civil code", containing almost all private law. Quebec's Civil Code was first enacted in 1866, just before Confederation (as the *Civil Code of Lower Canada*), and periodically amended over the years. The reformed *Civil Code of Quebec* came into effect in 1994. Like all civil codes, such as the Code Napoléon in France, it contains a comprehensive statement of rules, many of which are framed as broad, general principles so as to deal with any dispute that may arise. Unlike common-law courts, courts in a civil-law system first look to the Code, and then refer to previous decisions for consistency.

When discussing the law as it pertains to Aboriginal people in Canada it is also necessary to consider Aboriginal rights and treaty rights which are protected under the Constitution. Aboriginal rights are those related to the historical occupancy and use of the land by Aboriginal peoples; treaty rights are those set out in treaties entered into between the Crown and a particular group of Aboriginal people.

What we see here are dictatorship law systems. Roman Civil Law has but one principle within it: the Emperor's will has force and effect. Thus any laws that may apply to a case can be circumvented by the Emperor's will to do so. Napoleonic Code is based on the simple fact that you are guilty until proven innocent. If you are already judged as being guilty how can you be innocent? British-Common Law, a Judge Made Law, is a sham because the Judge can make a new precedent at anytime, thus it doesn't matter what any previous rulings are, it is simply what the Judge determines. There is no rule of law here or rights or freedoms to consider.

Now notice that something very important is missing, having to do with the foundation of Law. There is no mention of God. In the Charter of Rights and Freedoms the preamble says: "Canada was founded upon the Supremacy of God and Rule of Law." It is interesting that this is not mentioned in the Sources of Canadian Law. This implies that the King James Bible with the Letters of Patent is the Supreme Law within the Dominion of Canada. So the Dominion still exists in theory, but the Bankers usurped power in 1901, two days after Queen Victoria died. The BNA Act describes CANADA as being the Dominion of Canada. Saying the Dominion is different than CANADA is rather meaningless as both are one in the same according to this document. However, the question remains as to who actually owns Canada?

The Bankers were able to take control over CANADA because Canada was a Corporation listed on the British Board of Trade, I have been told, much like today it is listed on the SECURITY EXCHANGE COMMISSION in the USA (Check Washington DC listings).

<http://www.sec.gov/cgi-bin/browse-edgar?action=getcompany&CIK=0000230098&owner=include&count=40#Canada>

The Bankers simply claimed Salvage Rights of the Abandoned Ship called CANADA. What is interesting is how CANADA could be abandoned if a Government representing the people (Great Britain) still existed as caretakers of the Colony. Furthermore, the Articles of Confederation state:

Article XI. Canada acceding to this confederation, and adjoining in the measures of the United States, shall be admitted into, and entitled to all the advantages of this Union; but no other colony shall be admitted into the same, unless such admission be agreed to by nine States.

[http://www.usconstitution.net/articles.html#Article1\\_1](http://www.usconstitution.net/articles.html#Article1_1)

For now just be aware that you are absolutely and totally free. The Laws of the International Bankers Corporation Canada do not apply to you. In truth no laws apply to you unless you agree that they do. Law is Contract. Commercial Law deals in Contracts, the living deal in Agreements. If the judges had absolute authority then why do they ask you to sign their orders if found convicted after a trial? It is a Contract that they want you to sign so they can impose the sentence on you. If you don't sign it, they have no lawful right to imprison your PERSON for whom they are making the SURETY.

### **The Private Mixed War**

The use of the word Private is also highly important to take note of. many Nations around the world are involved in a mixed war with the people that they are pretending to represent.

A mixed war is defined in Black's 7 Dictionary as a War between a Nation and Private Individuals. Simply put, when many people write a notice to Government Officials, they make a point of saying that they are a private man or woman. To say such a thing is to identify yourself as an enemy combatant within the mixed war, of their imaginary world. You are only a man created male or female by God, nothing more or less in terms of communicating with those in the SYSTEM.

Further there is a declaration of war against your PERSON by the Nation/Corporation and that is held in secret away from prying eyes. The above discussion about section 32 of the Charter of Rights and Freedoms makes a point to say on the Government web page that, "The purpose of this section is to make it clear that the Charter only applies to governments, and not to *private individuals*, businesses or other organizations". Private denotes the enemy within the mixed war, thus you should not be using the label Private at all. Same with Private Businesses, Private Organizations, and Private Property, I would think.

If the Government were to admit that they were at war with us, the Government would be shut down overnight, however it has more to do with the Kabala than with a war against the people.

Be aware of what they do, not say and finally as well as what they do say. What they want you to do is to identify yourself as a private individual to them, thereby saying that their laws don't apply to you. By stating that you are a private Man or Woman you are stating that you are at war with the Nation, which is the Corporation. You should not address people as being private anything in any type of correspondence. A man and woman are property of LORD God and are his slaves. Don't confuse with a man created male or female by God.

There is one final point to keep in mind about using the word Private. When you use the word Private to address yourself or someone else you are assigning rank. By assigning rank you are making a statement that you are a combatant. Perhaps this is why Civilians are bombed in wars because they are military targets due to their private nature. Because the Government sees all PERSONS as combatants, Private anything designates a military ranking of the PERSON(s) involved. This is probably also why people can be fired for insubordination, they all carry the rank of private, just they haven't been told which army they are in.

In truth if reference is made to us, and we are aware of it, we have the right to define what those words mean to us. There can be difference of opinion between people, but we remain in honor by honoring ourselves and making it clear to others how we define it. The other party cannot argue around it, but must honor it as well. If there is a disagreement then that is all it is, neither can control the other through the use of words, unless each side accepts that control. Black's Dictionary has lots of definitions for words, but they have no meaning or relevance until we give them relevance through our acceptance of those definitions. We could even take it as far to create our own definition for a word if we so choose, as language is ever changing. However we must be aware of how others are using the words, so that we may interpret what they are saying correctly and not become confused. One last point, God did not create you as a slave, so the terms of any control become a mute point, only through agreement can we equally do things in terms of control.

### **Native Law Decimated**

Under international Law all PERSONS on the land mass must come together to form the COUNTRY. Thus they form the type of Government and Institutions that they want. When was this ever done in Canada? Never. The Quebec Conference that went to London in 1866 to have the Canadian Constitution drawn up was completely shut out of the process. The BNA Act was created by one U.K. Minister of Parliament and Officers in the Colonial Office. Everyone born within Canada would automatically become Subjects of the QUEEN. Where is the fairness in that? Further, how were the Native People considered? There were numerous treaties set up, however these treaties were under Admiralty Law of fictions. Were they told this? No. How can anyone contract with something that doesn't exist in real life? No one can, which means fraud. Additionally, within the Treaties they all make use of capital letters in the names of all the people involved, thus indicating they are fictions, which coerced the Chiefs to sign on as Sureties for these fictions, unbeknownst to them. Now the GOVERNMENT of OTTAWA was free to do whatever they wanted because the Natives only had privileges, not rights. The underlying truth is that they got the Native Chiefs to identify themselves and their tribesmen as being PERSONS. This allowed the QUEEN, doing her utmost to uphold the laws of God (i.e. LORD God) to have no respect for PERSONS and thereby the Babylonian Talmud was applied. You can jump up and down shouting "the QUEEN is a PERSON," and indeed she is, but via the CORONATION the QUEEN was made SOVEREIGN, which is to say above the imaginary laws.

The Law of the land was the Native Law System, which primarily focuses on restoring balance and harmony with nature. The people that made their way into Canada had no respect for the Native customs or laws. They came to destroy and conquer. In the Eastern region of Canada some tribes were completely wiped out, while others were forced to accept vague treaties, which would not provide clear, adequate help to the Native peoples. The treaties said that the Government would take care of them if they would just move onto tiny reserve lands and farm for a living. Because the people were mostly starving they had little choice but to agree to these terms.

An interesting aspect to the treaties was that the Native people were to take up farming. However, they were not given adequate equipment or instructions on how to go about farming. The open pages of the Talmud talk about how one treats their slaves who work the fields of their farm. This is symbolic to the history of this oppressive group of criminals. They were indeed using the Talmud then, as they are today, in organizing their master/slave operations.

Prior to the treaties being signed a large portion of the Native population were wiped out by small pox. They were knowingly given blankets that were contaminated with small pox and it spread fast throughout the population. This allowed the spread of the white people across North America to happen quickly, and the people had hardened attitudes about taking over land that belonged to the Native people. They gave no consideration to the native way of life. It would seem to me that when you give people small pox knowing that it is a quick and deadly killer, then cut off their food supply and give them no support, you are involved in genocide.

This is exactly what was going on and continues to this day. Entire communities go without safe drinking water and the Government does nothing. If you visit the Reserves you find people living in third world, poverty stricken conditions, despite the fact that these lands may be rich in oil deposits.

As time went on, money grew short, and instead of helping the Natives the Government opted to put resources into building the Railroad. Interestingly, the Railroad was built primarily by Chinese immigrants who had to pay a large head tax to come into the country. The pay was so little that it caused great hardship for them. Many died from a lack of vitamin C, which lead to scurvy. In 2006, Prime Minister HARPER made an apology for this to the Chinese community after many of the people who built the railway had died.

The money for buying food for the Native people on these tiny pieces of land grew short and hunting and fishing for food was very difficult. The farming equipment sent to the Native people was inadequate and few if any cattle were sent out as well. People began to starve. The Native people in Rupert Land, Western Canada, sought out Louis Riel for help. He was a deeply religious man and teacher, who knew how to read and write in both French and English. He had fled to the United States earlier in his life for trying to help form a new province in Canada called Manitoba, which was based on having rights and freedoms for the people living there. Imagine that, rights and freedoms!

When Riel returned the native people were in very bad shape and suffering from starvation. Food was stolen to feed the people from one of the Farming Instructors, who was ordered via wire from Ottawa not to give the people any food. The 1885 Northwest Rebellion was started simply because these starving people took food and equipment they needed from Forts and white people's settlements in order to survive. Some of the white settlers were killed in the process, so instead of trying to help the Native People the Canadian Government sent troops out to capture the Natives responsible for the thefts and killings. There was also rampant sexual and physical abuse by the Catholic Church against the Native children and there was a lot of discrimination against the Native people by the local MAGISTRATES. Some Priests were also killed, I was told and Louis Riel had temporarily restored justice to Western Canada. For doing this Ottawa sent troops to crush the so called Rebellion.

In the end, Louis Riel and eight other natives were hung for trying to help starving people. A native called One Arrow was believed to be a person called Batoche and was convicted for Treason and put in prison for three years for making war against HER MAJESTY. Again the exact Charge was "did levy and make war against our said Lady the Queen.... her Crown and dignity." Of course the law is based on PERSONS and the fictional world so there never was any Subject matter at the trial to show that the QUEEN was a living breathing human being with real title to the Land. I'm still waiting to see the document signed by God for that one. A native called Poundmaker allowed a letter to be sent to Louis Riel with his name on it, which called for war. Poundmaker was given 3 years for Treason. Another native called Big Bear had done nothing wrong, and in fact evidence presented to the court showed that instead he had done much to help

the Government during the Rebellion. He and his people never harmed anyone. He gave a 2 hour speech which follows here in part:

Your Lordship, I am Big Bear, Chief of the Crees. The North West was mine. It belonged to me and to my tribe. For many, many moons I ruled it well. . . .

I am old; my face is ugly; my heart is on the ground. In future this land will be ruled by White men with handsome faces. . . .

When White men were few in this land, I gave them my hand in friendship. No man can ever be witness to any act of violence by Big Bear to any White man. Never did I take the White man's horse. Never did I order any one of my people to one act of violence against the White man. . . .

I ask for pardon and help for my tribe. They are hiding in the hills and trees now afraid to come to White man's government. When the cold moon comes the old and feeble ones, who have done no wrong, will perish. Game is scarce. . . .

Because I am Big Bear, Chief of the Crees. Because I have always been a friend of the White man. Because I have always tried to do good for my tribe. I plead with you now; send help and pardon to my people.

After this it only took 15 minutes to find him guilty of Treason. He was told he had a jury of his peers, so there was no prejudice amongst the jury right? Big Bear was handed down a sentence for three years in a small filthy dark prison cell, where he died from Tuberculosis. Consideration was given to fact that the whole rebellion was instigated by the Canadian Government in the first place by willfully disallowing support to these people and putting them in a position of either starving to death or taking what they needed to survive.

Louis Riel was hung for Treason primarily because he did have power. He was a politician in Ottawa and did have the ability help the Native People. There was a strong outrage amongst both Canadian and European people of the hanging of Louis Riel and also the fact that the QUEEN should have intervened. It was a Kangaroo Court where the crime of genocide against a peaceful people was being ignored. The people running the court (the ones committing the Genocide) were selecting the Jury and making all decisions concerning identity of people and what would be considered as evidence. These were not trials. They were mere optics to get the settlers to go along with the idea that Justice was being served and that truth prevailed.

Residential schools were set up at one point where native children were subjected to corporal punishment for the most frivolous things. Sexual, physical and mental abuse by institutional employees was horrible. In one school an electric chair was used as a form of punishment. The objective was to traumatize a generation of children making it difficult or impossible for them to mature naturally. This effectively destroyed their way of life, culture and sense of love. Forced sterilization programs also took place. There is a good book out called *War Against the Weak*, which details the massive war that took place against impoverished people in the USA and to some extent in Canada after the Second World War. It explains how Nazis fled Germany to set up shop in the USA after the war, trading their uniforms for Suits. It is a book that is well worth the read. You can find out more by going to: <http://www.waragainstheweak.com/>

There is a very good website which goes into the Hidden Genocide against the Native People of Canada. There has been much hush money paid out and many threats put against the people promoting the site. I strongly suggest you go to the site and read up on the information they have there.

<http://canadiangenocide.nativeweb.org/>

Remember the people behind the scenes are seriously into Slavery. The native people did not take well to their forced enslavement. Remember that this was their land before the white settlers

took over. This prompted genocide of the native population. The people orchestrating the Genocide did it in a way that allowed them to do it with impunity. If the objective had been to open up North America to European Settlers in a peaceful way, much work would have been done to protect the Native People's way of life and create harmony. Instead it was an outright invasion to destroy as much of the ancient culture and independence, freedom and way of life as they possibly could. They destroyed as much as possible to hide the true history of the planet and our past. If you can control the knowledge of the past you can give a false picture of the present, making it easier for people to go along with what you want them to do.

The Native people of Africa were brought to the USA as a slave labor force. It is slave owners who created the Protestant work ethic, meaning that you must work for a living. If you don't work, you starve. Christian people found it okay to have African Slaves work for them in the United States on farms etc. Many of them died during the journey from Africa to the United States from lack of food, water and a clean environment in which to live. It is unknown how many people died as they disposed of the bodies while at sea, long before they reached the harbors in the USA, the home of the free and the brave. Well that's all well and good if you are a slave owner.

Who are the slave owners today? Slavery was abolished and it is a human right not be enslaved, the United Nations Declaration of Human Rights even says so. So how is it that the world is operating on the premise of slavery today? It's a matter of changing some of the wording around to make you think that you are free. It will become much clearer as you read further, but for now realize that it is hidden out in the open and just because you don't see people being whipped for not working hard enough, doesn't mean that the whip hasn't been taken on in other forms. I find it interesting that the Governmental Parties find it necessary to have a Party whip? Are the people that are sent to govern free to vote anyway that they want to? Who makes the real decisions? Furthermore, after 1901 exactly who had authority to exercise executive power within Canada? The Treaties signed by the Native people were with the QUEEN, who allowed all authority to be relinquished once she died.

### **Statute of Westminster of 1931**

The Statute Confirms that Canada is under Admiralty Law and not the Common Law based on the King James Bible.

Without prejudice to the generality of the foregoing provisions of this Act, section seven hundred and thirty-five and seven hundred and thirty-six of the **Merchant Shipping Act, 1894**, shall be construed as though reference therein to the Legislature of a British possession did not include reference to the Parliament of a Dominion.

Without prejudice to the generality of the foregoing provisions of this Act, section four of the **Colonial Courts of Admiralty Act, 1890** (which requires certain laws to be reserved for the signification of His Majesty's pleasure or to contain a suspending clause), and so much of section seven of that Act as requires the approval of His Majesty in Council to any rules of Court for regulating the practice and procedure of a **Colonial Court of Admiralty, shall cease to have effect in any Dominion as from the commencement of this Act.**

There is the complete disclosure that Canada was founded under Admiralty Law. Why is this so important? Well Admiralty Law has but one principle: the Captain may break any laws he/she wishes for the safety and security of the ship. However there is one problem, nobody is at sea here and nobody is on a ship. Thus you are granted privileges not rights and freedoms. This is common throughout the world not just CANADA or the Commonwealth. They don't tell you this because you are a Slave in their system.

Although the U.K. Parliament gave up all controlling power over Canada, Schedule 17 of the Constitutional Act reinstated section 4 of the Statute of Westminster in 1982, giving the U.K. Parliament complete and direct control over Government of Canada. Thus those elected to

Canadian Parliament must do as the U.K. Parliament tells them. CANADA is controlled by the U.K. Parliament under Admiralty Law.

4. No Act of Parliament of the United Kingdom passed after the commencement of this Act shall extend or be deemed to extend, to a Dominion as part of the law of that Dominion, unless it is expressly declared in that Act that that Dominion has requested, and consented to, the enactment thereof.

**[Note: As far as Canada is concerned, section 4 was repealed by the Constitution Act, 1982]**

It's important to note that they never removed the repealing of Section 2 of 1893. The QUEEN has no power. So what is going on? Who is running the Asylum? Well no one is actually running it for then there would be someone to hold accountable. Such is the nature of a de facto Government. The Acts are merely policy manuals for the CORPORATION.

The Statute of Westminster was put forward to show that the U.K. Parliament had no say over Canadian affairs at all, produced just prior to the BANKRUPTCY of CANADA and over 100 other COUNTRIES in 1933. This was done so they could apply Talmudic Law against the FICTION PEOPLE called PERSONS and use the unsuspecting living real people as sureties. Of course some caught onto the scam, but the courts being Admiralty in nature gave nobody any avenue for an impartial and fair trial to plead their case. In the United States all rulings prior to 1933 were abolished, meaning the rulings which agreed that people were not PERSONS, were thrown out in one fell swoop. That's fair right? Common Law courts all over the United States were closed down and Commercial Admiralty Merchant Courts took their place, of course the people were not told this. Treason? Yes, beyond Treason as the Bankers seized control over the Judicial processes, ensuring that they could force their will against the people. Since Canada never had anything but Admiralty Merchant Courts, all laws from the inceptions of Canada are invalid and unlawful.

The primary purpose of the Statute of Westminster was to simply decommission the ship called Canada, listed on the British Board of Trade. This prepared it for the 1933 worldwide Bankruptcy and to bring forward the Babylonian Talmud as the rule of law for the planet, creating a world of debtors with no rights or freedoms. To support this, Real people are tricked into becoming the sureties. This also enabled the Bankers to obtain massive wealth at the expense of the world. Why? Because the Agenda must progress and be in place prior to 2012, which is the end of the Mayan Calendar and possibly the end of the world as we know it. I'll leave that open to speculation for now. There has been a great deal of conjecture regarding the outcome of 2012. These Ruling Elite are working hard to see to it we won't get there as free people.

So what is the significance of the year 1982? Well it is the Jubilee, of course. Jubilees go back to the time of Ancient Egypt, where after 49 years the Slaves would get 1 year of freedom and then be re-enslaved. 1982 is 49 years after 1933. These people are seriously into Slavery and see us all as their property to use and dispose of as they wish. As you read through this book you will discover more about this. They built the Pyramids in Jubilees, the Great Pyramid taking 3 Jubilees to build. So what are they building now? A New World Order, as announced by George Bush Senior in 1991. The New World Order is a One World Government based on enslavement of the people for the benefit of the Ruling Elite. Unless you are one of them, you might want to sit up and start taking notice of what is going on.

## **Magna Carta**

From time to time you hear the *Magna Carta* discussed and how it relates to law. It takes about a half hour to read through. It was written to stop the abuses coming from the Royal Officers and King against the Barons mainly, but all men in General. King John signed the Magna Carta in 1215. The difficulty I have with the Magna Carta is it makes a lot of use of the word PERSON, which is a fiction. It tells me the foundation of this law is founded in fiction and that you can

promote the freedom of men as much as you want, but within the Courts exists Commercial Law, and fictional PERSONS have no rights, only privileges.

The Magna Carta dealt with a Feudal System where the people at large were serfs having no title to any of the land. The Barons were given land to care for by the King and thus they were responsible for the Serfs on their lands, which simply meant extracting their wealth from them in various taxation schemes and getting young men to sign up for military service to oppress the people of their own and neighboring lands. This is eerily similar to what is going on today. The Magna Carta did not address the fact that the King had no title over the lands to begin with. The current QUEEN is part of the Black Nobility, which upon further scrutiny is revealed to have no ties to the land at all. El-Lizard-Birth II or rather ELIZABETH II (a title), holds title to imaginary lines on a map. Let's give her the Map and be done with it. You can all draw up a map of the world and send it too ELIZABETH II and say you can rule your imaginary map, just leave me alone in the real world. The Magna Carta was intended to last forever but it is not recognized as a form of law anymore. The only aspect of the Magna Carta that I find important is the first section:

“1. First, that we have granted to God, and by this present charter have confirmed for us and our heirs in perpetuity, that the English Church shall be free, and shall have its rights undiminished, and its liberties unimpaired. That we wish this so to be observed, appears from the fact that of our own free will, before the outbreak of the present dispute between us and our barons, we granted and confirmed by charter the freedom of the Church's elections - a right reckoned to be of the greatest necessity and importance to it - and caused this to be confirmed by Pope Innocent III. This freedom we shall observe ourselves, and desire to be observed in good faith by our heirs in perpetuity. We have also granted to all free men of our realm, for us and our heirs for ever, all the liberties written out below, to have and to keep for them and their heirs, of us and our heirs:”

In simple terms we do not live in realms, yet another fiction. “Pope Innocent III” is a title, not a real man, as there is no proper noun expression of his name. The statement “the English Church shall be free” is saying that a fiction shall be free. Interestingly in 1207 King John had a quarrel with the Pope over who should be the Archbishop of Canterbury. As a result the Pope excommunicated John and put England under a Church law saying that only christened people could go to Heaven, and that people born out of wedlock would be condemned to Hell. Then in 1214 the Pope proclaimed that anybody who tried to overthrow John would be legally entitled to do so. This leaves questions about who is running the Countries, the Pope or the people? John had no merit signing anything into Law, including the Magna Carta in 1215. The Pope as the Emperor of Rome was ruling then and still rules to this day, except that the Sovereignty of the British Crown was transferred to the Chancery of Temple Bar in 1215, which is *The City*, inside London, a Sovereign State that is not under Cannon Law of the Pope. Outwardly King John Surrendered the Kingdom of England to God and to Saints Peter and Paul for 1000 Marks per year. Though called surrender, it was really a contract, giving the Overlord Pope power to enforce the will of the Catholic Church onto the people. This destroyed the rights and freedoms of the people of England, and at the same time secured King John a bargaining chip with the Barons in control of the Temple Bar.

Once the Pope had taken over control of England people were made to work on Church Lands for no pay. The control that the church had over the people was total, and any work that they did outside of the church lands was taxed to the level of 10%. This sounds like freedom doesn't it? Note how section 1 of the Magna Carta states that the church is ”made free”, but then the church went about enslaving the people because it was free. This wording also meant the church did not have to pay taxes. You also have to realize this was a time when the people were not allowed to read the Bible because the Bible as the word of God was and is a complete fraud. There are important truths within the Bible, but it is not God's Word. If people had read and comprehended what Jesus stated in Matthew 22 concerning Love thy Neighbor as thy self it would be all over for the slavery system that the Pope and others were “employing”.

## The QUEEN'S Oath

The Queen's Oath is rather important, for in terms of laws that the Queen extends rights and privileges to others, of which are all fictions; of which you are not a fiction. Who determines what laws appertain to you? Well you do of course! But the catch is that they don't tell you this and use all kinds of implied contracts that make use of hearsay all capital letter names and thus trickery to get you to comply with their SYSTEM. Furthermore, Elizabeth is only Acting as QUEEN ELIZABETH II, a FICTION. Because QUEEN ELIZABETH II is an imaginary entity it is impossible for this entity to take an oath at all, the imaginary doesn't exist in reality. This is a scam they have been playing for hundreds of years. The Oath appears below, with comments about each section.

The Queen having returned to her Chair (her Majesty having already on Tuesday, the fourth day of November, 1952, in the presence of the two Houses of Parliament, made and signed the Declaration prescribed by Act of Parliament), the Archbishop standing before her shall administer the Coronation Oath, first asking the Queen,

Madam, is your Majesty willing to take the Oath? And the Queen answering,

I am willing,

It is interesting how this deflects the Oath away from the real man created female by God standing before the actor, Archbishop. He is really asking, "is your imaginary PERSON willing to take the Oath?" Elizabeth is acting as the go between or rather a facilitator. She is not the one taking the Oath. The Majesty is taking the Oath, which is a person. She is saying the words for the imaginary fiction.

The Archbishop shall minister these questions; and the Queen, having a book in her hands, shall answer each question severally as follows:

Archbishop: Will you solemnly promise and swear to govern the Peoples of the United Kingdom of Great Britain and Northern Ireland, Canada, Australia, New Zealand, the Union of South Africa, Pakistan and Ceylon, and of your Possessions and other Territories to any of them belonging or pertaining, according to their respective laws and customs?

Queen: I solemnly promise so to do.

There is a bunch of stuff going on here. Take note that nowhere in Canadian Law does it say that QUEEN ELIZABETH II is the Head of State and has any say about anything. Some people take Oaths to QUEEN ELIZABETH II, however some oaths are actually false Oaths, as we will see later.

Another aspect to this is that she states she is going to Govern her Possessions and other Territories. Define Possessions please? That would not mean Subjects would it? As for Territories, Countries like India and the United States of America, that gained their Independence from the QUEEN, are still under her rule, but the people are not told this. However, like most things we are ruled when it suits their agenda and not ruled when it doesn't.

*Archbishop:* Will you to your power cause Law and Justice, in Mercy, to be executed in all your Judgments?

*Queen:* I will.

Exactly what power is being referred too? God never came to me and said that she could Judge things for him. Never mind that God said that an Arch Bishop could grant power for her rule over God's creation as a Queen. Lord God never gave mercy to Adam and Eve so why would the QUEEN need too? In fact Jesus never judged anyone for any crimes, so how can the QUEEN determine that she has any power at all to pass any kind of Judgment onto anyone? She has no power and neither does the Arch Bishop. I haven't seen anything signed by God saying this is

true and if God could talk to man as in Genesis Chapter One, then why doesn't he simply talk to us all now? Or is it only the chosen ones he talks too?

*Archbishop:* Will you to the utmost of your power maintain the Laws of God and the true profession of the Gospel?

Now this is where the Torah and Talmud comes into play. The Torah which means the Law, is the first 5 chapters of the Bible. If someone breaks a Law of God (and there's 636 of them), then what? Does God come strike you down if you fail to obey one Law? If you open your Bible you will find that there are two Gods, God and LORD God. I'll bet they didn't tell you that in Bible School! Read Genesis Chapters 1 and 2 and you'll see. It is LORD God that made Laws, God never made any laws nor did God give man created male or female a name, God did not create fictional things. I use the King James Bible exclusively in reference to the Bible. It is the King James Bible and its supreme law that the Queen swears her Oath upon. This is also important for Jewish Money Changers as the SYSTEM of Usury they deploy throughout the world allows them to do whatever they want to their "Beasts", as we are named by Lord God.

Will you to the utmost of your power maintain in the United Kingdom the Protestant Reformed Religion established by law?

Will you maintain and preserve inviolably the settlement of the Church of England, and the doctrine, worship, discipline, and government thereof, as by law established in England?

And will you preserve unto the Bishops and Clergy of England, and to the Churches there committed to their charge, all such rights and privileges, as by law do or shall appertain to them or any of them?

Remember the Magna Carta? Well here she is swearing that the Church is free. Note the last bit, "any of them". Any of them is everyone else who isn't in their church. So if you don't belong to the church then where do your rights and freedoms come from? They come from where ever you say they do. You may do anything you want as long as it doesn't forcibly interfere with others. I haven't seen or heard God give her the title to the planet or come to you to say that she has any authority at all. In terms of Religion being established by Law, what Law? Admiralty Law? A law of fiction? Well yes.

You wont hear anywhere in the Oath where it says that she grants you freedom. She only grants privileges. She is not ruling by Jesus Christ's will she is ruling by Admiralty Law, which only extends privileges. Thus the Church is free, but controlled by her, so is it cannot really be free when she only will only grant privileges. Also, it is QUEEN ELIZABETH II's Coronation, not Elizabeth-Alexander-Mary: Windsor. It is a title in a fictional world, as the planet has no title holder, so they make up a fictional world and lay it over the real. In truth no one but the creator has title to the planet and the creator operates on truth and love, for any other mode would bring death and destruction to anything created. That creative loving force is within all of us. We are infinite beings caught up in an illusion generated by a matrix of fear. I will discuss things we can do to break out of the illusion in the later part of the book but for now I just want to concentrate on the SYSTEM.

*Queen:* All this I promise to do.

*Then the Queen arising out of her Chair, supported as before, the Sword of State being carried before her, shall go to the Altar, and make her solemn Oath in the sight of [The Bible to be brought.]*

*all the people to observe the premises: laying her right hand upon the Holy Gospel in the great Bible (which was before carried in the procession and is now brought from the altar by the Archbishop, and tendered to her as she kneels upon the steps), and saying these words:*

The things which I have here promised, I will perform, and keep. So help me God. [*And a Silver Standish.*]

*Then the Queen shall kiss the Book and sign the Oath.*

*The Queen having thus taken her Oath, shall return again to her Chair, and the Bible shall be delivered to the Dean of Westminster.*

If God is real, then why all this imaginary stuff? The Emperor of Rome established the Roman Catholic Church because he wanted a State religion. Roman law again has but one principle and that is the Emperor's will has force and effect. The Emperor is worshiped as a God. The deification of man into God does not detract from the fact that he/she is still man. However when your objective is to rule the planet you overlook these types of things. So how then does the Church of England define God? You will find the answer in the WESTMINSTER CONFESSIO OF FAITH 1646. It was created by "Learned, godly and judicious Divines", as a document which would provide advice on issues of worship, doctrine, government and discipline of the Church of England and other churches as well that adopted it. The authors of it were mainly people from the Church of England.

### **WESTMINSTER CONFESSIO OF FAITH 1646 Chapter II, section III**

In the unity of the Godhead there be three **Persons** of one substance, power, and eternity: God the Father, God the Son, and God the Holy Ghost. The Father is of none, neither begotten nor proceeding; the Son is eternal begotten of the Father; the Holy Ghost eternally proceeding from the Father and the Son.

### **WESTMINSTER CONFESSIO OF FAITH 1646 Chapter VIII, Section II**

The Son of God, the second **Person** in the Trinity, being very and eternal God, of one substance, and equal with the Father, did, when the fullness of time was come, take upon him man's nature, with all the essential properties and common infirmities thereof; yet without sin: being conceived by the power of the Holy Ghost, in the womb of the Virgin Mary, of her substance. So that two whole, perfect, and distinct natures, the Godhead and the manhood, were inseparably joined together in one **person**, without conversion, composition, or confusion. Which **person** is very God and very man, yet one Christ, the only Mediator between God and man.

Based on this, if Christ is the Mediator then for what purpose do we need a Queen? This says Jesus Christ has taken the job of mediator. Isn't that why we pray to Jesus and not to the Queen or the Pope? Additionally, the name Jesus Christ wasn't even used until the mid 1500's when the church settled in on the name, as there were no records kept by the Romans of Jesus Christ existence. We'll get into more of the Bible Fraud aspects later, but for now just realize that the Bible has been manipulated and designed to give credence of authority to those who have none. It is not God's word. I have never seen God write it or tell me about it.

There are many other sections in the WESTMINSTER CONFESSIO OF FAITH 1646 that state God is a person. What it also states is that the rest of us are humans. Chapter I, Section III says:

The books commonly called Apocrypha, not being of divine inspiration, are no part of the Canon of Scripture; and therefore are of no authority in the Church of God, nor to be any otherwise approved, or made use of, than other human writings.

This is interesting because it says that humans wrote the Bible under divine inspiration. Look up the word human in Blacks Law Dictionary and you will not find a definition for Human Being, but rather you'll find it mentioned under the definition of Monster. That's right, Black's refers to Human Beings as Monsters that have no property rights. The muddling of the word Person and Man has been done so to confuse the unaware, but let me make it clear that a Person is a Roman invention that comes from the Latin word Persona,

which means mask. The entire SYSTEM is based on an imaginary world so the people in it have to be imaginary too, hence the word Person. Human Beings are real and thereby do not exist within the imaginary world of Countries. For those who say they do, please show me how someone could live and breath inside an imaginary thing?

Now the most important thing you must understand about the Oath is this, Elizabeth Alexander-Mary: Windsor does not appear on any documents or in any oath. She mouthed the words for an imaginary fiction, a person, QUEEN ELIZABETH II. Where is QUEEN ELIZABETH II? She doesn't exist in reality. So much for having the right to face your accuser. All laws of LORD God can be broken including the 10 commandments because it is a fictional world in which everything is being played out. Each individual contracts as a Surety for these imaginary fictions and so what happens to the fictions happens to us. However, they don't let you know about this, nor the fact that contracts are based on fraud and hearsay, we can only have agreements with other living individuals like ourselves. Once you get your head around the fact that everything occurs in an imaginary world you can quickly pick apart the system and see what is really going on. The Queen is only talking about the world of fiction and the fictional entities therein, not you a man created male or female by God. Why are they doing this? Well it has much to do with the nature of darkness and their desire to enslave us and make use of us as a resource for their satanic and sexual abuse rituals for one. We live within an illusion, which I will explain in more detail later in the book.

The WESTMINSTER CONFESSIOIN OF FAITH OF 1646, was supposed to be the document which regulated the Governing and Religious actions of the QUEEN and her Officers. It gives clear direction about the church and it's Faith. However, it is written within a corporate fictional world and again it makes use of the word Person. From a religious perspective I am going to show you why this is bad, and how this denies rights or freedoms under the laws that they create in this fictional world. You do have rights and freedoms; they just don't want you to know how to access them.

For the moment let's focus on the King James Bible. Note that there are many different Bibles from different parts of Christianity. They all claim of course to be God's Word. However, because the King James Bible is the one that is being used in the Courts it will be what is referenced in this book. The Bible used in the courts must have the Letters of Patent within it, but as I have mentioned, everything happens in an imaginary world and anything can be changed on a whim including a King James Bible with the Letters of Patent in the Court. Again, never go to court for anything unless you want a high-risk gamble of your money and your freedom and thus incarceration.

Here are some excerpts from the King James Bible: Deuteronomy 1:16-17 (Moses)

[16] And I charged your judges at that time, saying, Hear the causes between your • brethren, and judge righteously between every man and his brother, and the stranger that is with him.

[17] Ye shall not respect persons in judgment; but ye shall hear the small as well as the great; ye shall not be afraid of the face of man; for the judgment is God's: and the cause that is too hard for you, bring it unto me, and I will hear it.

Note in the USA, all Judges as part of their oath say in their oath that they will have no regards towards persons. Thus it matters not what you go into court with in terms of a defense, they have no regards to you as a person. Thus it is at their predetermined whims as to what the outcome will be, regardless of what the law says. This is why those who go into Court asking to see the law that says that they must pay taxes, when there isn't any, lose. They lose because the Judge has no regards to persons. A person has 2 attributes, a name and a birth date primarily. Also you should be aware by now if law exists in fiction and you are not a fiction, then why are you allowing yourself to be drawn into the court system to begin with, there is nothing to discuss or prove. Deuteronomy 10:17-19 (Moses)

[17] For the LORD your God is God of gods, and Lord of lords, a great God, a mighty, and a terrible, which regardeth not persons, nor taketh reward: He doth execute the judgment of the fatherless and widow, and loveth the stranger, in giving him food and raiment.

[19] Love ye therefore the stranger: for ye were strangers in the land of Egypt. Acts 10: 33-34

[33] Immediately therefore I sent to thee; and thou hast well done that thou art come. Now therefore are we all here present before God, to hear all things that are commanded thee of God.

[33] Then Peter opened his mouth, and said, Of a truth I perceive that God is no respector of persons:

Romans 2:6-14

[6] Who will render to every man according to his deeds: To them who by patient continuance in well doing seek for glory and honour and immortality, eternal life:

[7] But unto them that are contentious, and do not obey the truth, but obey unrighteousness, indignation and wrath,

[6] Tribulation and anguish, upon every soul of man that doeth evil, of the Jew first, and also of the Gentile;

[9] But glory, honour, and peace, to every man that worketh good, to the Jew first, and also to the Gentile:

[10] or there is no respect of persons with God.

[11] For as many as have sinned without law shall also perish without law: and as many as have sinned in the law shall be judged by the law; (For not the hearers of the law are just before God, but the doers of the law shall be justified.

[14] For when the Gentiles, which have not the law, do by nature the things contained in the law, these, having not the law, are a law unto themselves:

James 2:1-10

[1] My brethren, have not the faith of our Lord Jesus Christ, the Lord of glory, with respect of persons.

For if there come unto your assembly a man with a gold ring, in goodly apparel, and there come in also a poor man in vile raiment;

And ye have respect to him that weareth the gay clothing, and say unto him, Sit thou here in a good place; and say to the poor, Stand thou there, or sit here under my footstool: Are ye not then partial in yourselves, and are become judges of evil thoughts?

Hearken my beloved brethren, Hath not God chosen the poor of this world rich in faith, and heirs of the kingdom which he hath promised to them that love him?

[2] But ye have despised the poor. Do not rich men oppress you, and draw you before the judgment seats?

[7] Do not they blaspheme that worthy name by the which ye are called?

If ye fulfil the royal law according to the scripture, Thou shalt love thy neighbour as thyself, ye do well:

[8] But if ye have respect to persons, ye commit sin, and are convinced of the law as transgressors.

[9]For whos oever shall keep the whole law, and yet offend in one point, he is guilty of all.

James 2:1-10 is very telling that what has happened in the past is happening today. The rich are rich because they owned the courts for which they used to oppress the poor. They do not follow Love thy Neighbor as thyself and make use of fictions. Further you can see that the QUEEN is nothing more than a Fiction that Elizabeth-Alexander-Mary: Windsor is acting for. Elizabeth Alexander-Mary: Windsor is not taking any oath; she is uttering the words for the imaginary Fiction QUEEN ELIZABETH II. Getting everyone to be a SUBJECT of HER MAJESTY QUEEN ELIZABETH II is the key. The trap is laid, and once you sign on as a SURETY for a PERSON you lose all your rights and freedoms under God, in that God did not create any laws to Govern you. Govern means to control and ment comes from mental, ie latin roots and means mind, thus Govern-mental means mind control. Now you are caught in their imaginary world, where they get to extend you privileges and deny your rights. They use oppression and lies to get your full cooperation in doing all this. Try getting a job without a Social Insurance Number, Drivers License, Insurance and Diploma, etc. with an all caps name on it, work contracts or even buy property. Everything has the word Person written on it, or has a corruption of your name by using the proper noun format.

The true history of our planet has been stolen from us so that the few may hide their tracks of the past and give us a false fix on the present. This is not just hearsay; it is supported by the past Pope's orders to destroy books that expose truth, and the worldwide destruction of ancient cultures and knowledge. They were not able to destroy everything and it is clear that the earth once had a Global Society, hence the Pyramids located all over the planet and quantity of underwater cities. Nothing has been more effective in imprisoning people's minds than religion. The notion that it is okay to kill others as long as you believe in JESUS Christ, that you would still enter heaven, was used to slaughter millions in the Crusades. Non-believers in Islam are considered by extremists as infidels and must be killed. In Somalia anyone not attending prayer services five times a day is killed for being an infidel.

Tony Bushby, an Australian researcher has written several books exposing the fraud, titled *Bible Fraud, Secrets in the Bible and Crucifixion of the Truth*. The books bring forward a monumental amount of evidence showing that Christianity was invented and that historical accounts of JESUS are fictional. Simply put, nothing happened the way it says it did in the New Testament. Further the first 10 chapters of the Old Testament are pure fiction as well, although there are some truths interlaced with it to lend it credibility. An Archeologist by the name of Professor Thompson performed excavations on locations of the Israelites as described in the Bible, comparing dates etc., and found no evidence of truth. In many cases, events and places the Bible describes produced nothing at all during the digs. We are talking about thousands of years of activity and nothing was found. His book, called *The Early History of the Ancient Israelites*, sells on [amazon.com](http://amazon.com). It is proof beyond a reasonable doubt that the Bible is a work of fiction. Moses is a fictional Character that never existed according to the research done, along with Abraham, Isaac, Jacob, Solomon and David. Thus where does the QUEEN as the Monarch draw it's Divine right to rule? There is none. In truth there are no Laws of God if you accept the massive evidence presented by Bushby and Thompson, let alone the fact that all law resides within a fictional world to begin with, as truth requires only love as a guide; fictions can't love. The very foundation of LAW is supposed to be based on a higher power we are all answerable to. Perhaps there is a higher power (I will comment on that later) but everything that the QUEEN in her CORONATION swore to was fraudulent because it assumed that the Bible was true and everything in it was true. Further, if Mohammed was a descendent of Abraham and Abraham never existed, then even further questions arise. The simple truth is that they are using religious extortion to gain your acceptance of their laws and morals. The very foundation of these religions is fraudulent and their applications are meant to enslave and oppress you, not free you.

If Moses did not exist, and LORD God never existed as evidenced in these books, then LAW itself is a fiction in terms of the Creator making LAWS to begin with. If there are no LAWS other than natural ones based on harmony and well being, then it is obvious that we have been

sold a bunch of garbage. It is important to know that MOSES was told the Torah and the Talmud by LORD God, not God. Although MOSES wrote the Torah, the Talmud was given as Oral Law to Moses. The Talmud is over 4 million words and much of it does not relate to MOSES at all, it can't be totally from LORD God, yet all commercial law is based upon it. Yet this oral law has been passed down orally since the time of MOSES. I don't know of anyone who could remember 4 million words in the right exact order and context do you?

The Queen swore her Oath on the Bible, yet Genesis is based only on hearsay, in that we only have this fellow MOSES no one alive has ever met to, confer with. Considering that there are over 33,000 translation errors in the Bible, I would easily conclude that the Bible can't be considered to be the, whole truth and nothing but the truth. We cannot swear an Oath to God based on hearsay and in doing so deny others the freedom God gave to everyone, yet this is the foundation of all oaths. If we know the Bible and the Koran have been corrupted, then why do we use it for Oaths? Well there is no truth in fiction, so having corrupted Bibles is not a problem. Hence you are not being judged on the law anyways, ultimately it is about your knowing who you are, not what the law says or doesn't say.

We are free sentient beings and the earth is our home. This is easy to see by how the wildlife migrates everywhere, undaunted by imaginary lines on a map. The simple fact is that the Missionaries followed the explorers to soften up the people for exploitation. This was an effective way to destroy the ancient knowledge of the past. It is akin to the good cop, bad cop scenario. The missionaries would teach about God and the gentle teachings of JESUS to get the people into a frame of mind of forgiving others for doing horrible things to them, like Genocide, Killing off of food supplies, abuse or stealing their land via starvation. I am not saying killing is something one should do, but if a mosquito is sucking blood from your face let's say, what do you do?

Why hasn't this come out before? Scholars and others have released the information, but information gets suppressed and books get burned. Even the Talmud was ordered burned by a Pope at one point because it exposed details about the life of Jesus and his brother Kristus, (hence Jesus Christ). The burning down of the Library of Alexandria five times and the mere fact that Universities will not offer Degrees that counter Christianity are other examples.

The ancient law, called the Law of One, which was expressed in Matthew 22, Love thy neighbor as thyself, has been completely obliterated. Instead through commerce we are put in a position of fighting a war for money. In truth we are infinite love, spiritual entities of great power and capacity to create and love. The objective of the ruling elite is to shut down our capacity to love as much as possible and get us operating in a state of fear. When they can't do that they simply use force to oppress us.

Who is the Queen? She is one of the top people in 13 bloodline families currently in positions of power running the planet today. She is one of the Owners of the Bank of Canada, Federal Reserve and the Bank of England, all central banks that have no lawful money in them. I look at her as the focal point of Darkness and Light within our spiritual reality. She operates as a facilitator between the two. Darkness puts up a massive illusion and uses oppression and any other means necessary to enslave you, and get you to willingly or grudgingly go along with their SYSTEM. Some have found that contacting her and using the Torah as the basis of their plea for freedom has worked. However, following 636 laws of LORD God is a very difficult challenge; although I notice lots of license plates on cars in parking lots at the Synagogues.

There is a set of laws that we are not told about that do apply to individuals based on Common Law. Common Law is derived from the Bible as supreme law. The whole system also resolves around hidden commercial law, based on the Talmud, and deals with creditor/debtor, master/slave situations. I am not convinced that ElizabethAlexanderMary:Windsor has any authority over me or anyone else in her capacity. I have seen nothing written anywhere about this. As for QUEEN ELIZABETH II, that entity lives within an imaginary world and has absolutely no authority over

anyone in our reality, only over fictions. Although in terms of secret societies, she has enormous power I hear.

Although the Bible is a fraud there are truths within it. Again it is all part of the illusion and the Jewish, Christian and many other Religions have been set up to support a system of enslavement for the people of the planet, while the ones doing the enslaving quietly operate in hidden positions of power. This is no joke and anyone rolling their eyes back are not looking at the facts. As near as I can tell from my research and that of others, there was some powerful knowledge left in the hands of a few concerning the creation of our universe, planet and who we are. One of the secrets this involved was immortality here on earth, that is to say we have the capacity within us to reverse aging or stop it all together. To people who seek power and control over others this knowledge and ability is priceless. In the ancient world the gods that created the Great Pyramid with the BenBen (eventually stolen) on the top, were the ones that passed this knowledge onto initiates of the Mystery Schools. One of the keys behind the Masonic Order is to hide and control some of this information. The people who do get eternal life are still in bondage. They can be Kings or Queens but are still in bondage and must obey their masters and never reveal the secret knowledge. Jesu (JESUS) was murdered because he opted to try and share this knowledge with all mankind. Tony Bushby explains the secret the aforementioned book. Jesu was born of Royal Bloodline and thus revealed the Royal Law, Love thy Neighbor as thyself.

It is still unclear what exactly happened, but the knowledge did manage to get out to some people who decided to use the knowledge for evil rather than good. They turned spirituality based on the heavens and beauty into a system of sorcery and evil. We may never know exactly what happened but the creator's gifts were stolen by Darkness as it were. One important thing about Darkness is that it operates within absolute truth, meaning that it lies constantly about anything in order to maintain the illusions. Additionally, there is a lack of feeling in what they do. They cannot feel so they act. The underlying aspect to all of this is that there is indeed a creator and that entity is based on truth and love. They have to numb the feelings for truth and love in order to wage war against us, in which I suspect we are all one consciousness caught up in a dream. We can be a droplet or an ocean of love but we are love. More importantly we are infinite and we are fast approaching a transitional time where our vibrational force is increasing in a frequency beyond the ability of illusion to keep us suppressed or oppressed. We are infinite where the illusion is finite and soulless. We are beginning to break free of the illusion on mass scale and it is freaking our oppressors out. They are desperate and afraid as the sleeping giant is beginning to wake.

If you compare the same sections we just reviewed to the Catholic Bible you see completely different statements. Remember though that the King James Bible is the only Bible "Officially" allowed in the Commonwealth Courts system. It is worth comparing just to see the contrast and the outright fraud that is going on in reference to translation and editing.

### **The De Facto Government of Canada**

It is important to emphasize the point that Canada is a De Facto Government and what that really means, as it is not something we should take lightly. It means that an undisclosed coup has taken place and the people who run the Government do not represent the people of Canada, rather foreign interests through the Privy Council. Canada is a power house filled with key manipulators who hoard the countries resources to assist in the enslavement of the world. The use of fraudulent bank loans and concentration of resources and wealth are primarily what Canada is about. Most people are unaware of the fact that a De Facto Government such as Canada is an occupation and war against the people who live on the land.

The Governor General Web site states this: "Canada is a parliamentary democracy and a constitutional monarchy."

This means Canadians recognize The Queen as our Head of State. Canada's Governor General carries out Her Majesty's duties in Canada on a daily basis and is Canada's de facto Head of State.

[http://www.gg.ca/gg/rr/index\\_e.asp](http://www.gg.ca/gg/rr/index_e.asp)

Here is a good definition of usurpation or simply usurp, which is what has happened in Canada, USA and other Countries around the world.

USURP', v. t. s. as z. [Fr. usurper ; L. usurpo.]

To seize and hold in possession by force or without right; as usurp a throne; to usurp the prerogative of the crown; to usurp power. To usurp the right of a patron, is to oust or dispossess him.

Vice sometimes usurps the place of virtue. Denham. American Dictionary of the English Language, Noah Webster 1828, Vol. II, page 105.

The above definition would fit Canada and the Catholic Church, as the Church holds the real land titles to all the world.

In Governmental Law. The tyrannical assumption of the government by force, contrary to and in violation of the constitution of the country. Bouvier's Law Dictionary, Third Revision (8th Edition)(1914), Volume 3, page 3380.

The above definition would apply to the USA and Counties it controls through the military and CIA. The leaders of the USA are mere puppets, who are destroyed if they do not do as they are told.

Okay let's look at a definition for de facto:

de facto government. A government wherein all the attributes of sovereignty have, by usurpation, been transferred from those who had been legally invested with them to others, who, sustained by a power above the forms of law, claim to act and do act in their stead. 30 Am Jur 181. Law Dictionary, James A. Ballentine, Second Edition, 1948, page 345. De facto. In fact; actually; indeed; in reality. Ridout v. State, 161 Tenn. 248, 30 S.W.2d 255, 257, 71 A.L.R. 830.

As you can see, a de facto government is a totally unlawful act, that requires the use of force on people who have the true right and standing to create a Government of their own. The people of Canada are under an Occupation of a foreign power and unfortunately most either don't care or don't know. Their rights and freedoms have been Usurped by people that pretend to be their representatives. Acknowledgment of this situation is the first step towards restoring those rights and freedoms.

## **Sovereigns**

If we are not PERSONS then what are we in terms of Law? As I said before we are living within a dream world reality. Nothing is solid here. Take a look at an atom for example. There is space between the electrons and the nucleus and even in the nucleus there is space. What fills that space is /Ether. Our thoughts create form and the /Ether is like the medium for which we create first the spiritual form and then translate it into what we call physical form. Our subconscious minds create the reality about one and half seconds or more before our conscious mind observers it. We are creating this reality from moment to moment; it is a dream or rather a nightmare. Just because LORD God creates an illusion of man created man and woman, doesn't change the fact that he is using God's creation to do it with. LORD God has no say at all as to laws and belief systems. God never created laws or names because love and truth require no such things. The mere fact that you are not a bunch of dust held together by some energy field called a soul wearing a skin, is a testament to the fact that you are not LORD God's creation. It would seem LORD God simply made up the story to usurp power from God.

I am jumping ahead a bit so I need to give you a quick explanation of spiritual energy. We read in John 1: 1-9 that in the beginning there was a *word*, meaning sound vibration. This is highly important to understand because the Universe is essentially an infinite orchestra of sound and /Either, from which we transmute into physical reality and transmit out in a symphony. We exist in a multidimensional reality from which different things occur in time and in the infinite to create the observable reality we are experiencing. Although John 1: 1- 9 talks about creation, it does so from the perspective of fiction, not reality. As you advance through this book this will become clearer. For now, just recognize that John 1:1-9 talks about a world, not the earth. I'll leave it at that for now.

Nikola Tesla discovered many things during his life and /Either was one of them. Through it he discovered that the Sun was a massive generator of /Either and the Earth was a great collector of it. By making devices that were in tune with the Earth's resonant frequency at the /Either level he was able to extract electricity to run appliances, lights and other electrical devices. In fact he had a shoebox size gadget full of electric tubes that enabled him to power his electric car to 90 miles per hour! Not bad, eh? Since then there have been many other inventions that utilize free energy, but many of the inventors have been murdered or threatened to prevent any mass production of their inventions. Dr. Steven Greer who heads the Disclosure Project in the United States is working very hard to bring free energy to the people of the world. However, the nature of these inventions cuts too close to the core of the truth about our universe, and this technology would also set the planet free. Imagine having all the free energy you would ever need? How would that tilt the balance of power?

The point about /Either is that there are various types of /Either, which Tesla discovered. The Human Energy Field has a form of /Either as well, and it takes on various colors and patterns. Our spiritual anatomy could not exist without it, except once you move into the Haric level, which is where our Core Star resides. We are all Stars in a vast infinite universe on the Haric level, neat eh? I travel to this level of experience from time to time and it is nothing but pure love and bliss there. There is much to do and learn within our spiritual world. There is life that does not reflect light but which we can see through our spiritual eyes. Some people can easily see these Spiritual beings while others have not been taught how to see. You can start seeing the spiritual world around you by simply putting your eyes into a soft gaze and ask the creator to help you tune your sight to the various frequencies. I like to imagine that I am standing on the Creator's hand while doing this, seeing him smile or in a beautiful Glass temple out in the Universe, with the creator helping me grow spiritually as he shares the treasures of the Universe with me. The universe is as much his home as it is ours, so ask him/her for help.

As you begin to see, you will see colored mists around people and perhaps some Organon in the air if it is a sunny day. Organon are highly charged life force particles that swirl around us and are charged by the sun. Our spiritual anatomy needs these particles in order to keep our physical bodies healthy. This makes me worry about the massive destruction that is happening to our planet. We need life to maintain life, yet the list of extinctions is growing every year. Soon the environment will no longer be able to support life, then where will you go?

Energy is neither bad nor good, it is just there. It is our intent and emotion that we put into it that makes it good or bad. If we have free will then why is it that there is always someone somewhere trying to impose his or her will onto us? The Creator never created Religion, Governments or Territories. These are methods of control used to violate what you see all around you. I would imagine that if it were possible the powers that be would like to claim that they own the Universe too. They would only have to visit an estimated 200 billion stars in the Milky Way just to get started, and then there are 100 Billion Galaxies in the observable Universe, with new ones forming all the time. By they way, does anyone know the true names for all the stars in the Milky Way? It's hard to claim rights over something that has no true name, but onward we go.

One way to see all of this is that we are God's Children, and it is we that are the masters of the illusion. What Darkness is doing is very simple: they must stay within truth at all times, and that truth is not ours, it is theirs. They must lie to us at all times, and they also need to get our

agreement that it is okay for them to do whatever it is that they want to do to us. They count on the simple fact that we have forgotten who we are and we don't know that we are controlling the illusion. If you look at Elizabeth (the man created as female) as a facilitator of the illusion, she is only doing what you have agreed to and allowed her to do.

She has provided you with the instructions of how the illusion works with the Bible, and simply asks you if you agree with it. There are many levels to this contract and so too many different aspects to Christian and other religions, all based on the same premise of offer and contract. To them this is a ritual of sorts. Their objective is always the same. They want to oppress you so you will help them keep their illusion going, which you are helping to generate. They need your feelings of fear to stay alive, as it is the food that darkness feeds on. One way of looking at darkness in comparison with light is that in darkness everything is fragmented and separated. Darkness cannot see beyond itself so it cries out into the wilderness as a scared child would. We give darkness life, by focusing our attention on it, hence why in this reality we are being forced to focus on darkness for our survival, which is an illusion in of itself. It is a healing process of letting go of that scared child, letting go and realizing that in light there is no separateness, only infinite ways we lovingly connect to each other. We create darkness through our own feelings of being separated from others; being like that scared traumatized child crying out in the wilderness. For it is man that is the light and life within God and the true light of this world (John 1).

Hopefully this is not too cryptic, and part of what you must realize is that we are living in a dream reality. The QUEEN and all her minions are simple manifestations of the darkness we hold within ourselves. When we begin to reach out to each other in love, and help each other, and bring balance back to each other's lives the manifestation of darkness becomes less and less. This is a natural law that whatever you focus your energy on will grow. The difficulty is that we are a multidimensional infinity and this aspect about us has been highly suppressed, and on various levels of our spiritual bodies we hold trauma there. This trauma freezes our capacity to grow both psychologically and spiritually.

In 1943 Abraham Maslow created a pyramid called the Hierarchy of Needs, wherein people's needs are defined from the most basic (psychological) at the base to self-actualization at the apex. Most of the world's population doesn't even make it past the most basic needs of protection, food, water and clothing. Very few can actually take time to self-actualize amidst their daily struggle. Self-actualization requires abundance, choice and freedom. Hence we have a lot of work to do to help others self-actualize, and ourselves as well. What happens when a group of people self-actualize may be represented in the legend of Shangri la, where an entire city self actualized into a higher plane of consciousness. They all literally left this plane of existence. If this power is not true, then why would so

much time be spent trying to oppress us. We live in a spiritual reality where we are the masters of the illusion. The goal of the SYSTEM is to get us to project the illusion they want rather than what we want.

Darkness ultimately leads to death and thus everything that they do revolves around a culture of death. They feed off of the agony and suffering of everyone. They want that low frequency vibration of fear, as it is in fact their food. They feed off us like parasites because they have no way of sustaining their own life. They must feed off of us, as we are the light and life within God. Their objective is about keeping their food supply in a herd and to get the herd to police itself, leaving them to feast and enjoy the comforts that their fodder provides them. Outrageous? It is closer to the heart of the matter, than you might think. The QUEEN'S wealth is estimated

at \$67 Trillion, what is your wealth at? Considering that the entire economy of the planet runs on \$40 trillion, this is truly obscene.

The way the system is set up is that they must contract with us every step of the way. They have to ask us a question and we if we respond with an answer to their question we are implying that they have jurisdiction. This is why you are asked your name for the record in Court. What you need to do is to start by asking them the questions and watch them squirm. One good one is, "Do you stand for your Oath of Office?" or "How exactly do you have jurisdiction over me as a child of God within in his creation?" The Bible is merely a playbook on how to interact with us on this level of the illusion, but it is not our playbook, it is theirs and they have ensured that all the traps are laid well in advance of our running to their courts with their Bible in our hands. We have to stop playing their game, so that there is no game. Realize this as well, everything you are belongs to God and ultimately it is God's decision as to what law applies to you, not theirs. Ask to see a written agreement from God that says they can pass judgment on you. Ask them if God could join us right now and explain to you and everyone in the room how and why they have jurisdiction.

Everything revolves around a contract of a TRUST ACCOUNT OF A FICTION and the illusion that you are the name on the contract, thus the fiction. Canada is special in that it was never formed into a Country to begin with, and is run by a de facto Government. The people in Canada are totally free of all laws as they are all man created by God, male or female. The powers that be work on obtaining fraudulent contracts through the use of extortion, intimidation and trickery. Anything that you sign is not lawful, for you are not entering a contract freely with all the information disclosed. All they are trying to do is get you to be a surety for an imaginary PERSON, so they can enslave you. This is what they do all over the world. Once you sign, even under torture, they think that they have all that they need to proceed against you.

The extortion aspect comes from the fact that they do not allow the truth to be known to the masses so everyone believes in the fiction. Others and myself take courageous steps in reaching out to people in an attempt to effect change. It is never easy being in the cross hairs of oppression and lies, but once enough people start challenging them the word gets out and change does occur. Some people will be in total disbelief about all this and never check things out for themselves. It's easier to attack the messenger than start challenging the people that are enslaving them. I know that Love does not abandon and neither will I, as love is who we are.

I have given you a bit of background here so that you would start to appreciate perhaps what Sovereignty is and means. Wikipedia <http://en.wikipedia.org/wiki/Sovereignty> defines it as:

Sovereignty is the exclusive right to exercise supreme political (e.g.legislative, judicial, and/or executive) authority over a geographic region,group of people, or oneself.

In Canada, because a body Politic was never actually formed and there is no clear documented connection to the monarchy; thus each man, woman and child is considered to be sovereign, but they won't tell you this. Instead they are saying the QUEEN is Sovereign and everyone else in her Kingdom is a PERSON, essentially a slave fiction. However we are not Sovereigns as that is a title. We are beyond laws of any Country or Corporation because we exist in reality, we are real. It is simply a way of declaring the status of a fictional thing within a fiction based reality. We don't stand for fiction or thus the strawman, for doing so puts us under their laws and jurisdiction. We simply hold dominion over them.

They say Countries are Sovereign and yet a Country is a fiction, incapable of making any decisions or interacting with us. It is supposed to represent a body politic of imaginary fictions called PERSONS who have no capacity to interact with us. The people involved with this are mere actors that are protected by Title as being Honorable, which indemnifies them from any liability of breaking any laws. A Judge is a good example, holding the title *The HONORABLE SO AND SO* or in Parliament *The Right HONORABLE SO AND SO*. The leaders are not held accountable by anything that they do and of course they control the Private Police forces within

the Country and squash any investigations that might come close to exposing the wide spread fraud and corruption that takes place on a daily basis, using their indemnification as being HONORABLE.

In terms of Sovereign as it relates to God, I'd rather use the term Creator instead of God, as that more accurately describes our relationship. To think of God as a one singular living entity when in fact he is infinite is a really just attaching a name to the infinite. It can't be done. Infinite multidimensional beings cannot have a name primarily because names are descriptions and our descriptions change based on our state of being. The same is true of God from which we are all part of. The Universe is our home, but it is also the medium for which spiritual creation is transformed into this dimensional experience. The Star Systems, planets and Galaxies all give off or reflect it as light. They speculate, but unproven that ninety percent of the Universe is Dark Matter, which we cannot see, but it is light that facilitates the creation of life. Form follows thought. For example, move your hand. You had to think it first. Nothing is different in the context of the Universe. Thought is always creating form. In the spiritual planes of existence thought does not stop. New species of life are not just created through mutations in genetics, but also created through light. Credo Mutwa explained that his people arrived on the Earth through their thought travel to here. They simply materialized on the earth in their travel amongst the stars. This is not outrageous, as we are infinite and much of the esoteric knowledge that backs this up was destroyed in the five great fires of the Library of Alexandra

The simple fact is that we are God and this is our illusionary playground. We are the masters of the illusion. The mirror reality creatures know this and this is the primary reason why they try to contract with us all the time, getting us to agree with them so they can suck life force energy from us through fear. The core aspect of Satanism is fear. Human sacrifice is the sacrifice of the color of man, in that the man kind involved has forgotten who they are and are allowing themselves to experience being sacrificed. In truth you cannot sacrifice an illusion, what they are doing is trying to get us to expel fear energy for them to feed off of.

Sovereignty is a term used within their SYSTEM. If you attempt to fight them within their SYSTEM chances are you are going to lose. However, there are times that skirting the edges of the SYSTEM can be helpful. That they are even claiming that countries are sovereign is a lie. This is because the monetary SYSTEMS in those countries are based off the World Bank or some Central Bank that is connected to the consortium of International Bankers that are involved in running the "world". A country cannot be sovereign if a foreign entity dictates to them what their monetary and economic policies shall be. This is the case with all the money the banks loan throughout the world. Multinational corporations lobby Governments to put in place laws that help them maximize profits within the countries they operate. Since when does a corporation have any say in a democracy where living people are supposed to be represented? Supposedly sovereign Nations are constantly being invaded for frivolous reasons, mainly to get access to resources such as Oil.

QUEEN ELIZABETH II or rather Elizabeth was born in Germany. So how is it that she can be the Monarchy for England? That is not sovereignty, but rather an occupation. Germany isn't even part of the Commonwealth. But one only has to remember that it is all taking place in the imaginary world. Elizabeth was born on the earth, just like you and me, end of story. QUEEN ELIZABETH II was created in England via the Coronation. Interestingly, if we break up the word Coronation into two parts *Coro* and *Nation* we get the following definitions:

Coro <http://en.wikipedia.org/wiki/Coro>  
(person), a singer/actor

Nation <http://en.wikipedia.org/wiki/Nation>

The most popular modern ethical and philosophical doctrines state that allhumans are divided into groups called nations. The nationals (born of the "nation" in this sense) are distinguished by common identity and origin. ...

The English word "nation" is derived from the Latin term *natio* (stem *nation-*), meaning: The goddess personifying birth...

The trickery and extortion that they use to get you to comply with them, designating you as a PERSON, does not detract from the simple truth that you are indeed not a person. You are not an imaginary fiction. Because law is only contract you must agree to what they are saying is true, even though they are only speaking in regards to an imaginary world. Talk about know thy self. Their objective is to extort wealth and freedom from you. They like their mammon.

In terms of anyone being sovereign, I would be careful in using this word. It is a word used in their imaginary world. Rather I would simply use statements like, "Where do you draw your authority from? If it is from the imaginary world then you have no power. It is isn't real." All authority stems from ourselves. Law is contract and unless you see your signature on the constitution or legislation you haven't agreed to it. What word would I use in place of Sovereign? I'm not sure if a word exists. Sovereign implies the ability to exercise control over others. Each of us can only agree to each other's requests to form contracts within their fictional world. Contracts do not exist in the real world. Instead, we perhaps have agreements. I would think it would only apply to having sovereignty over the actors in fictions that present themselves to you. There is no sovereignty between us as we are all equal to each other.

### **Canadian Flag and the Tree of Knowledge**

The Canadian Flag is a flag recognized the world over. Flags are used on ships and hence the world is made up of imaginary ships. The Ship that Canada uses is named the Crown. Yes the name is called the Crown, and it is not referring to the British Crown, as they would like you to believe. A gold strip or tassels around the outside of any flag indicates that you are under Admiralty Law, a law which only extends privileges and limits your capacity severely in defending yourself in their courts. For example, U.S. Soldiers in Iraq have a gold stripe around the US flag indicating that they are under admiralty law. You will find gold tassel flags in every courtroom in the world, I would think. The nature of admiralty law is that the judge can use law in any jurisdiction in order to draw a verdict. For example, he could draw law from Saudi Arabia and state that because you took a loaf of bread your hand must be chopped off as part of your punishment, then some whipping, and then starvation in the prison. Then of course he gets your agreement to it by implying you must sign the judge's orders. Again, the reasons for signing are that there are no true courts on the planet, and all law is contract.

My observations of the Canadian Flag are my own and I don't know if this is what they had in mind when they created it, but here we go. The Canadian Flag is a flaming sword that marks the path to the tree of knowledge. It is red in color because red signifies on the light spectrum the lowest frequency of the spectrum, which is akin to the lowest form of life. This color attribute is referenced to the BenBen that illuminated and energized the Great Pyramid prior to it being stolen. In the Bible LORD God cast Adam and Eve out of the Garden of Eden and marked the path to the tree of knowledge with a flaming sword. As a side point have you or has anyone else ever come across this flaming sword? Considering that LORD God created an illusion based on fear and trickery, all blame should be squarely placed on LORD God and not Adam and Eve, for he was the instigator. How could you not protect your children from evil? LORD God was excited that Adam and Eve were now like us by knowing good and evil. That indicates that we are indeed God's Children caught up in LORD God's Illusion. LORD God is a de facto God just as Canada is a de facto Government. This is why I say that Canada never was and never will be a real Country, if that were even possible in the real world.

One other thing about Canada: some say the Word Canada came from the word Kanata, which was a Native word for Village. But the word bears resemblance to the Bible where God commanded Abraham to leave his home and take his wife Sarah and family to a new land called Canaan. Canaan versus Canada, you decide.

## Title to Lands of Canada

The QUEEN went to the Native people using Treaties to obtain rights to the land. Of course this was after destroying their source of food and willfully giving out blankets that were contaminated with Small Pox, an act of Genocide that wiped out large amounts of Native people. From where did the Native people have any Title to the land to begin with? The Creator is the only one who has any rights to the land and us for that matter. They know this and that's why everything operates in an imaginary world. So much for Love thy Neighbor as thyself. The simple fact is that these treaties were signed under duress and threat of Genocide and have no lawful merit to be considered as binding. Let's take a look at Treaty 8.

### Treaty No. 8

ARTICLES OF A TREATY made and concluded at the several dates mentioned therein, in the year of Our Lord one thousand eight hundred and ninety-nine, between Her most Gracious Majesty the Queen of Great Britain and Ireland, by Her Commissioners the Honourable David Laird, of Winnipeg, Manitoba, Indian Commissioner for the said Province and the Northwest Territories; James Andrew Joseph McKenna, of Ottawa, Ontario, Esquire, and the Honourable James Hamilton Ross, of Regina, in the Northwest Territories, of the one part; and the Cree, Beaver, Chipewyan and other Indians, inhabitants of the territory within the limits hereinafter defined and described, by their Chiefs and Headmen, hereunto subscribed, of the other part:

In all contracts using dates, the dates are wrong and thus make an untrue statement. Jesus was Crucified during the Passover, which happens in spring around mid April, thus all Calendars should start the year in April not January. I know this is a trivial point but it is a subtle tip off to the true nature of the horrific level of lies, deceit and outright extortion that has and is taking place.

WHEREAS, the Indians inhabiting the territory hereinafter defined have, pursuant to notice given by the Honourable Superintendent General of Indian Affairs in the year 1898, been convened to meet a Commission representing Her Majesty's Government of the Dominion of Canada at certain places in the said territory in this present year 1899, to deliberate upon certain matters of interest of Her Most Gracious Majesty, of the one part, and the said Indians of the other.

This is the second time "Her Most Gracious Majesty" is used. Take careful note that you will never, ever see Alexandrina Victoria's name used on any documents anywhere. Why? Because *Her Most Gracious Majesty the Queen of Great Britain and Ireland* is only a Title, a fiction. Alexandrina Victoria cannot have Title to real land because it all belongs to the Creator, and they know this. The entire treaty is created from the context of the imaginary world taken from the PERSON'S perspective.

AND WHEREAS, the said Indians have been notified and informed by Her Majesty's said Commission that it is Her desire to open for settlement, immigration, trade, travel, mining, lumbering and such other purposes as to Her Majesty may seem meet, a tract of country bounded and described as hereinafter mentioned, and to obtain the consent thereto of Her Indian subjects inhabiting the said tract, and to make a treaty, and arrange with them, so that there may be peace and good will between them and Her Majesty's other subjects, and that Her Indian people may know and be assured of what allowances they are to count upon and receive from Her Majesty's bounty and benevolence.

At what point did the Native people become Subjects of the Queen, a Fiction in an imaginary world? No one is a Subject of the Queen. We all live in the real world and are the Creator's Children. We are all self-determining and free. Once you become a Subject of the Queen you have no rights or freedom, you only have privileges, as you are a slave.

AND WHEREAS, the Indians of the said tract, duly convened in council at the respective points named hereunder, and being requested by Her Majesty's Commissioners to name certain Chiefs

and Headmen who should be authorized on their behalf to conduct such negotiations and sign any treaty to be founded thereon, and to become responsible to Her Majesty for the faithful performance by their respective bands of such obligations as shall be assumed by them, the said Indians have therefore acknowledged for that purpose the several Chiefs and Headmen who have subscribed hereto.

Here we see that the treaty assumes that an Indian Band is a Body Politic and that one or the few may speak for the rest of the people. In truth no one can speak for you, only you can speak for yourself. If your name is not on the Contract then you haven't agreed to it. In fact the Native People would join and leave bands as they wished. They simply grouped together for ease of survival and necessity. Family ties were important, and people stayed together based on family ties, much like everyone else in the world. But this does not mean that they were operating as a Body POLITIC.

AND WHEREAS, the said Commissioners have proceeded to negotiate a treaty with the Cree, Beaver, Chipewyan and other Indians, inhabiting the district hereinafter defined and described, and the same has been agreed upon and concluded by the respective bands at the dates mentioned hereunder, the said Indians DO HEREBY CEDE, RELEASE, SURRENDER AND YIELD UP to the Government of the Dominion of Canada, for Her Majesty the Queen and Her successors for ever, all their rights, titles and privileges whatsoever, to the lands included within the following limits, that is to say:

In terms of surrendering the land to the Government of the Dominion of Canada, Canada at this point was nothing more than a CORPORATION listed on the U.K. Board of Trade and run by the U.K. Parliament. A fictional entity cannot hold land for it does not exist in the real world. The same goes for Her Majesty the Queen and Her successors. They do not exist in the real world. In terms of rights, titles and privileges, what do you think that they are referring to here? I have never seen any document by the Creator saying that it is okay for a fictional entity to take away his gift from his children, have you? This assumes that somehow these are rights that can be given and taken, of which no one has that authority. This is a CONTRACT albeit a fraudulent one. If they did have rights, titles and privileges to the land to begin with, then what were the colonists doing there? Why were they destroying that which was not theirs to begin with? In essence the Queen or rather the people hiding behind their fantasy world of PERSONS created excuses for themselves for occupying, destroying and genocide against the Native People. In today's terms, if someone invaded another Country and did what these Murderers and thieves did, the entire world would send in their armies to destroy them and restore peace and harmony to the people. So why is it that the world sits by and allows this atrocity to go unchecked? The Agenda was to get the entire planet under the control of the few through the use of an imaginary world of PERSONS. Now that it is accomplished, they can control large populations of people through Body POLITICS, from which the few could create the Holy Roman Empire also known as the New World Order.

Commencing at the source of the main branch of the Red Deer River in Alberta, thence due west to the central range of the Rocky Mountains, thence northwesterly along the said range to the point where it intersects the 60th parallel of north latitude, thence east along said parallel to the point where it intersects Hay River, thence northeasterly down said river to the south shore of Great Slave Lake, thence along the said shore northeasterly (and including such rights to the islands in said lakes as the Indians mentioned in the treaty may possess), and thence easterly and northeasterly along the south shores of Christie's Bay and McLeod's Bay to old Fort Reliance near the mouth of Lockhart's River, thence southeasterly in a straight line to and including Black Lake, thence southwesterly up the stream from Cree Lake, thence including said lake southwesterly along the height of land between the Athabasca and Churchill Rivers to where it intersects the northern boundary of Treaty Six, and along the said boundary easterly, northerly and southwesterly, to the place of commencement .

What is interesting about this part is that HER MAJESTY QUEEN ELIZABETH II, the corporation, uses names and numbering SYSTEMS to describe the land boundaries. You can

simply change the names and geographical numbering system and then what does the treaty refer to? The simple fact is that the treaty only references imaginary things, not real. Names are imaginary. For example, you can rename the Red Deer River to anything else you can imagine, but the river remains the same, just the name changes. The reality is that the fictional entity is creating a treaty of fictional things, not the earth. The earth still belongs to all, given to all by the Creator. Thus it is just another form of fraud. The idea that the QUEEN puts herself above God does not detract from the fact that the woman prostituting her body as the QUEEN is still a creation of the creator and has no more authority over anyone or anything on the planet than anyone else does. This is the same for all property on the planet. Many buildings use capital letters in the name of the Building or fancy font logos etc. The truth remains that these structures are still the earth, it's just molded into a different form. You can change the name of the structure but the structure remains, so the names are fiction the structures are real. This goes for all the Countries in the world too. You can change the names of Countries and set up new ideologies or social structures, but the people remain the same, as does the Earth. They are in an imaginary world trying to overlay the imaginary onto the real, until you point out the obvious, that it is fraud. When you do that the scam is over.

AND ALSO the said Indian rights, titles and privileges whatsoever to all otherlands wherever situated in the Northwest Territories, British Columbia, or in any other portion of the Dominion of Canada.

Again reference is brought about rights, titles and privileges to the land. Where did the Native People gain these from, the Creator? There is nothing written by the Creator anywhere. In truth the land we are on is not ours to give away, it belongs to everyone. Is it saying that somehow the Dominion of Canada was extending these rights, titles and privileges to the Native People prior to the treaty? At what point did the Colonists seek permission from the Natives to occupy their land? The Land wasn't a country when they arrived, so was it the Colonists idea that the land belonged to them? That would mean exactly what I have been saying, that the planet belongs to everyone, and not to fictional entities called Countries. But because of selective observation in most people, this was ignored.

TO HAVE AND TO HOLD the same to Her Majesty the Queen and Her successors for ever. And Her Majesty the Queen HEREBY AGREES with the said Indians that they shall have right to pursue their usual vocations of hunting, trapping and fishing throughout the tract surrendered as heretofore described, subject to such regulations as may from time to time be made by the Government of the country, acting under the authority of Her Majesty, and saving and excepting such tracts as may be required or taken up from time to time for settlement, mining, lumbering, trading or other purposes.

Here we see extending of rights from a Fiction. Can the Queen present herself in the real world and protect their rights as this describes? No because she is a fiction. Here they give the rights to hunt, trap and fish with one hand and take them all back by saying that it is subject to regulations. Thus these are only privileges and not rights.

And Her Majesty the Queen hereby agrees and undertakes to lay aside reserves for such bands as desire reserves, the same not to exceed in all one square mile for each family of five for such number of families as may elect to reside on reserves, or in that proportion for larger or smaller families; and for such families or individual Indians as may prefer to live apart from band reserves, Her Majesty undertakes to provide land in severalty to the extent of 160 acres to each Indian, the land to be conveyed with a proviso as to non-alienation without the consent of the Governor General in Council of Canada, the selection of such reserves, and lands in severalty, to be made in the manner following, namely, the Superintendent General of Indian Affairs shall depute and send a suitable person to determine and set apart such reserves and lands, after consulting with the Indians concerned as to the locality which may be found suitable and open for selection.

Now the truth about the Colony comes out. In fact it is a military occupation headed by the Governor General. Canada, or *the Crown*, is the Imaginary Ship and the Governor General is the Commanding Officer. The Superintendent General is another Military position, and all of this puts the Native people under Admiralty Law. At this point it does not matter what the contract says, in essence it is saying we can do anything we want to you but you can't do anything to us. It is tyranny.

Provided, however, that Her Majesty reserves the right to deal with any settlers within the bounds of any lands reserved for any band as She may see fit; and also that the aforesaid reserves of land, or any interest therein, may be sold or otherwise disposed of by Her Majesty's Government for the use and benefit of the said Indians entitled thereto, with their consent first had and obtained.

This is saying that they can sell off Native Reserve lands at anytime, with their consent. Wow! They just finished committing genocide, wiping out the millions of Buffalo as the main source of food and way of life, and now they going to ask permission first before selling the land you and your ancestors have lived on for centuries or more? Okay...

It is further agreed between Her Majesty and Her said Indian subjects that such portions of the reserves and lands above indicated as may at any time be required for public works, buildings, railways, or roads of whatsoever nature may be appropriated for that purpose by Her Majesty's Government of the Dominion of Canada, due compensation being made to the Indians for the value of any improvements thereon, and an equivalent in land, money or other consideration for the area of the reserve so appropriated.

This means that once you have spent all your time clearing brush, plowing a field and making it good for growing crops, they can come just take it from you and do whatever they want. That sounds fair, right?

And with a view to show the satisfaction of Her Majesty with the behaviour and good conduct of Her Indians, and in extinguishments of all their past claims, She hereby, through Her Commissioners, agrees to make each Chief a present of thirty-two dollars in cash, to each Headman twenty-two dollars, and to every other Indian of whatever age, of the families represented at the time and place of payment, twelve dollars.

Here is the money part of the Contract. In exchange for all your land we are going to give you \$32 cash and each of your headmen \$22 and everyone else gets \$12. Try and buy a small lot in a city for that amount of money. The treaty allowed for the seizure of millions of Acres of Land for peanuts.

Her Majesty also agrees that next year, and annually afterwards for ever, She will cause to be paid to the said Indians in cash, at suitable places and dates, of which the said Indians shall be duly notified, to each Chief twenty-five dollars, each Headman, not to exceed four to a large Band and two to a small Band, fifteen dollars, and to every other Indian, of whatever age, five dollars, the same, unless there be some exceptional reason, to be paid only to heads of families for those belonging thereto.

In terms of the agreement the cash being used today is unlawful because it has no value, as it is not backed by anything real such as Gold or Silver. They may still be getting Cash, but it is not the same kind of cash. Not that this really matters much because they were forced to contract with a fiction or die from starvation. You will notice that Father LACOMBE was on the treaty as an interpreter. Where was this missionary in terms of trying to help these starving people? Shouldn't he have sent a letter to the Pope requesting financial aid to feed the people? Somehow that must have been overlooked. Since his death, Father LACOMBE has been declaimed as a Saint. Another missionary Priest, Bishop Grandin, had a house in St. Albert that was over 5000 square feet (see picture below), yet there was no money to help the starving Native people who give 10% of their income to and work on land projects for the establishment of the Roman Catholic Church.

### **Bishop Grandin's House in St. Albert, Alberta, CANADA**

FURTHER, Her Majesty agrees that each Chief, after signing the treaty, shall receive a silver medal and a suitable flag, and next year, and every third year thereafter, each Chief and Headman shall receive a suitable suit of clothing.

Here they are giving them the flag to the Ship and the Silver Medal might be akin to the Great Seal of Canada, their "Official CORPORATE SEAL".

FURTHER, Her Majesty agrees to pay the salaries of such teachers to instruct the children of said Indians as to Her Majesty's Government of Canada may seem advisable.

This created Residential Schools, which killed around 800 children and traumatized thousands through physical, mental and sexual abuse. Some children were put in electric chairs as a form of punishment. The idea of educating was more about destroying the culture. Schooling in the pioneering days was very limited and even few white settlers ever went beyond grade six. One-room schoolhouses were about all that there was in those days. How much schooling the natives got in the beginning is unclear, but farming instruction was clearly inadequate or nonexistent, which lead to further starvation.

<http://canadiangenocide.nativeweb.org/>

FURTHER, Her Majesty agrees to supply each Chief of a Band that selects a reserve, for the use of that Band, ten axes, five hand-saws, five augers, one grindstone, and the necessary files and whetstones.

These are supplied to clear the brush for farmland, which will later be taken away to build cities and towns on.

FURTHER, Her Majesty agrees that each Band that elects to take a reserve and cultivate the soil, shall, as soon as convenient after such reserve is set aside and settled upon, and the Band has signified its choice and is prepared to breakup the soil, receive two hoes, one spade, one scythe and two hay forks for every family so settled, and for every three families one plough and one harrow, and to the Chief, for the use of his Band, two horses or a yoke of oxen, and for each Band potatoes, barley, oats and wheat (if such seed be suited to the locality of the reserve), to plant the land actually broken up, and provisions for one month in the spring for several years while planting such seeds; and to every family one cow, and every Chief one bull, and one mowing-machine and one reaper for the use of his Band when it is ready for them; for such families as prefer to raise stock instead of cultivating the soil, every family of fire persons, two cows, and every Chief two bulls and two mowing-machines when ready for their use, and a like proportion for smaller or larger families. The aforesaid articles, machines and cattle to be given one for all for the encouragement of agriculture and stock raising; and for such Bands as prefer to continue hunting and fishing, as much ammunition and twine for making nets annually as will amount in value to one dollar per head of the families so engaged in hunting and fishing.

Read the above carefully. Can you see yourself or a group of people able to survive on this? Because money was in short supply the Government failed to ship out everything that they promised here, which left the Native people with even less to work with. Because all of this is based on Admiralty Law it is a blatant Breach of Contract. Since it is all of fiction, it doesn't matter. There are only privileges, so fighting them in court (if there were a court) isn't going to resolve anything, as they had no rights under this system of LAW.

The bit about, "TO HAVE AND TO HOLD the same to Her Majesty the Queen and Her Successors for ever", is akin to a passage in Genesis 2:22-24:

[22] And the LORD God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever:

Therefore the LORD God sent him forth from the garden of Eden, to till the ground from whence he was taken.

[24] So he drove out the man; and he placed at the east of the garden of Eden Cherubims, and a flaming sword which turned every way, to keep the way of the tree of life.

Note that LORD God made Adam and Eve into Farmers of the Land that was taken from them by LORD God for eating from the Tree of Knowledge. The same thing was done to the Indians, and while this is highly symbolic it is not very practical. Both the Indians and White Settlers struggled, but due to the lack of proper farm equipment and training the Indians began to starve, which was the main catalyst behind the calculated Northwest Rebellion. The Babylonian Talmud gives directions on how to treat your farming slaves in its first chapter. Again it is very symbolic to the ruling elite forcing the Indians to farm. Perhaps the Queen thinks of herself as LORD God?

And the undersigned Cree, Beaver, Chipewyan and other Indian Chiefs and Headmen, on their own behalf and on behalf of all the Indians whom they represent, DOHEREBY SOLEMNLY PROMISE and engage to strictly observe this Treaty, and also to conduct and behave themselves as good and loyal subjects of Her Majesty the Queen.

THEY PROMISE AND ENGAGE that they will, in all respects, obey and abide by the law; that they will maintain peace between each other, and between themselves and other tribes of Indians, and between themselves and others of Her Majesty's subjects, whether Indians, half-breeds or whites, this year inhabiting and hereafter to inhabit any part of the said ceded territory; and that they will not molest the person or property of any inhabitant of such ceded tract, or of any other district or country, or interfere with or trouble any person passing or travelling through the said tract or any part thereof, and that they will assist the officers of Her Majesty in bringing to justice and punishment any Indian offending against the stipulations of this Treaty or infringing the law in force in the country so ceded.

"The country so ceded." Here the treaty admits that the Native people were in a Country (hence the term *First Nations People*). The Native people never looked at the land in terms of it being a country. Rather they looked at it as regions. They lived peacefully amongst each other for a very long time migrating to and from different areas in the USA and Canada. The Mexicans lived mainly along the west coast of California and down into Mexico, but those were never states or counties, just land. This is yet another fraud by saying that the Native People acknowledged countries and were a Body POLITIC. In terms of Contract the entire treaty is fraudulent because it is based on fiction entities. The only reason that

they got away with the fraud is that the same people who are creating the fictions are controlling the International Courts, and therefore they have no Lawful claim to the land. You go to any court and simply ask the judge where does he/she get the authority to pass judgment on real, living sentient beings that are children of the Creator? They have none. This is the premise of this book. Unless you know what they have done and are doing you are easily tricked by their scam. It has taken them 2000 years to get to this point, and as you see things are not good for the for the majority of the people living on the planet today.

IN WITNESS WHEREOF Her Majesty's said Commissioners and the Cree Chief and Headmen of Lesser Slave Lake and the adjacent territory, HAVE HEREUNTO SET THEIR HANDS at Lesser Slave Lake on the twenty-first day of June, in the year herein first above written.

I have included the names of the PERSONS involved with the treaty so you can see that indeed that contract/treaty was based in a fictional world of PERSONS. I wanted you to see the CAPITALIZATION of the names so that you would know that they are using the imaginary world of FICTIONS.

By using words to date the treaty, e.g. "the year of Our Lord," they infer this treaty pertains to God. It is somehow trying to justify that God is in agreement with the treaty. We also know that the New Year should start in April not January. Further, everything is written in Legalese and there are people listed here as interpreters that are not lawyers and have no authority to translate between Legalese and Cree.

Here we have two Priests acting as interpreters and signing this document. Father A. LACOMBE was made a Saint by the Catholic Church and was noted as the Founder of St. Albert, Alberta.

O.M.I. is the Oblate Priests and Nuns that worked from the St. Albert parish. Today you can go and pray at Father A. LACOMBE'S resting place inside the crypt of the St. Albert Church. I am not saying that Father A. LACOMBE knowingly deceived people, but this shows how the hidden hand works though good people by putting a friendly face forward that talks about love and peace, helping Satan as it were, to steal land from starving Native People.

the Honourable James Hamilton Ross and James Andrew Joseph McKenna, Esquire, and having had explained to them the terms of the Treaty unto which the Chief and Headmen of the Indians of Lesser Slave Lake and adjacent country, set their hands on the twenty-first day of June, in the year herein first above written, do join in the cession made by the said Treaty, and agree to adhere to the terms thereof in consideration of the undertakings made therein.

Take note of the "Honourable" Title given to James Hamilton Ross, which identifies him as a commissioner of breaking laws. Knowing that the treaty is unlawful, he proceeds with it. Another title is Esquire, given to James Andrew Joseph McKenna, which refers mainly to Attorneys. This gives them status of being one above Gentlemen and one below Knight. He is also listed as a military Officer (all esquires are military officers of the King).

In witness whereof Her Majesty's said Commissioners and the Chief and Headmen of the said Chipewyan Indians have hereunto set their hands at Smith's Landing, on this seventeenth day of July, in the year herein first above written.

The Chipewyan and Cree Indians of Fort McMurray and the country thereabouts, having met at Fort McMurray, on this fourth day of August, in this present year 1899, Her Majesty's Commissioner, James Andrew Joseph McKenna, Esquire, and having had explained to them the terms of the Treaty unto which the Chief and Headmen of the Indians of Lesser Slave Lake and adjacent country set their hands on the twenty-first day of June, in the year herein first above written, do join in the cession made by the said Treaty and agree to adhere to the terms thereof in consideration of the undertakings made therein.

In witness whereof Her Majesty's said Commissioner and the Headmen of the said Chipewyan and Cree Indians have hereunto set their hands at Fort McMurray, on this fourth day of August, in the year herein first above written.

In witness whereof Her Majesty's said Commissioner and the Chief and Headmen of the Indians have hereunto set their hands at Wapiscow Lake, on this fourteenth day of August, in the year herein first above written.

Some of the signatures from the above sections are omitted save room, but again the last names are all capitalized, and so all are corporate fictions. You can get a full copy of the Treaty from the Internet at:

[http://www.ainc-inac.gc.ca/pr/trts/trty8/trty\\_e.html](http://www.ainc-inac.gc.ca/pr/trts/trty8/trty_e.html)

Now the fact that all these people signed the document saying that title belonged to the QUEEN, a Fictional entity, does not negate that the QUEEN never signed the document and never will, because she is FICTION. There is absolutely no evidence in any treaties anywhere in the world that a corporation can own land, as corporations are FICTION and not capable of it. Everyone on the planet has equal interest in the Earth, nothing more nothing less. Nothing can change that.

This was completely and totally a military occupation and war against the Native people. The use of the church as a way to destroy their ancient beliefs and knowledge was paramount to coerce the native people they did not kill. These people came from Ancient Lemuria and Atlantis and the knowledge that they held (like the people in Africa) could easily counter the goals of the Bankers in their bid to completely take over the world and turn it into a giant prison. The race is on as more and more people begin to awaken to the truth of what is really happening and begin

to resist the efforts of the Bankers. They are very far behind schedule in creating this planetary prison, as we were supposed to be imprisoned by 1985, and 2012 is approaching fast.

The Settler's lands were all stolen through the ignorance of the people. They were told to walk out as far as you can, create a description of the land you found and come back to the Magistrate and register your newly found land. No one bothered to look up what the word Register means, and why would they? The word register relates to sea vessels. Merchant Captains would come to a port and register all their chattel property with the Harbor Master, so to register is to identify something as chattel and when you register something you are handing over ownership. Chattel property was sold to pay for harbor fees etc., and includes slaves among other commodities. When the settlers registered their lands, they handed over the property to the King as chattel property, for which the King could do whatever he wished to with it. So much for, "Home of the Brave and Land of the Free".

Regarding any rights to land, nowhere in any legislation anywhere in any country will you find them make reference to the earth, and by not referencing the earth they continue the illusion of fiction. In Canada, they make use of the Interpretations Act to define ultimately what is or isn't. Section 35 of the Canadian Interpretations Act states:

"Canada", for greater certainty, includes the internal waters of Canada and the territorial sea of Canada;

<http://www.solon.org/Constitutions/Canada/English/Statutes/I-21-RSC-1985.html>

This makes no reference to the earth at all, only to water, meaning Canada is simply that in their imaginary world, water. "Includes" means, "just this" (only the water), leaving Canada undefined because Canada does not exist on the earth, it is a Corporation and a fiction.

### **The de facto UNITED STATES CORPORATION**

For greater clarity of what has happened in the United States of America and why we are seeing the destruction of the Bill of Rights there, I thought it would be important to explain what has happened and to a smaller degree why. I know there will be many that up until reading this book thought you lived in the United States, and providing you with some insight on what has happened to the U.S.A. is important and relevant to those who have been conned into believing they are "free".

One of the essential ideas of this book is that all Countries today are bankrupt corporations that use all capital letter names (a fiction) throughout the ministries, departments and sub-corporations they control. In 1868 the Zionist Bankers created a Corporation called the UNITED STATES CORPORATION with the trade names, UNITED STATES GOVERNMENT, UNITED STATES OF AMERICA and UNITED STATES. The problem is you cannot tell the difference between the corporation and the actual United States of America Trust, which is the trust for the trustees and the Corporation. This was done to subvert the wealth and freedom of the people of the Trust, and along with the Corporation came the introduction of the IRS and Federal Reserve in 1913. What eventually happened was that they used contract law to move people from the de jure (legitimate) United States of America Republic to the Private Corporation United States of America. Of course this is treason, but they did it and got away with it, until now that is.

The U.S. Constitution is subverted because only the individual States are sovereign, not the Republic or the Corporation, each of which are bankrupt entities working under a system based on liberty, which grants rights and privileges. Liberty is what is given to seamen that are not free, and all laws are related to Admiralty law or Law of the Sea. We that hold dominion have no liberty, privileges or rights; we all have freedom, end of story. The people that are elected into office are elected into both the Corporation and the Government offices at the same time, thus they are in a conflict of interest, which is again Treason.

Because Canada is the thirteenth district of the Federal Reserve, Canada is also a private Corporation of the Zionist Bankers in The City of London. The de jure Canada exists, but her Government offices lie vacant rather than filled as they are in the USA, from what I have heard and seen. In essence they did the old bait and switch game on everyone and only now are people becoming aware of it. I do focus a lot on Canada, but again everything is duplicated throughout the world, but Canada and the USA are the Bankers powerhouse. Canada has the natural resources to feed the Military forces of the USA, enabling it to oppress the world under the bidding of the Zionist Banksters.

Part of the control of the Zionists comes from the fact that the epicenter of all the world commerce flows through Jerusalem. They found the center cross point of the four corners of the earth, and set up shop at the intersection point of that cross, which was Jerusalem. All commerce and banking flows through Jerusalem so the Zionists get their cut of all commerce of the planet. In 1933 all Countries in the world went bankrupt, and so commenced this ancient system of commerce that goes back before mankind even appeared on the earth. The complexity of it is based in deception and fraud, and it is important to realize that all nations or countries are de facto by nature in that they only represent bankrupt corporations, not the living people on the land masses.

Did you catch that word, *People*? I bet most of you thought People included you. Again it's a matter of definition. Most English dictionaries would define People as Human Beings. Are you a Human Being? No you are not. In fact Legal Dictionaries don't define Human Beings, so if they won't define it Legally, how do you know if you are or aren't a human being? How can you be held responsible for laws that apply to human beings if you don't definitively know for sure what a human being is? In Genesis 1:26-28 we read that God created man, both male and female, so if you allow someone to redefine who you are other than a man created male or female by God, then you lose all rights under the law since God gave the specific kind called man dominion over all the earth, and man created male or female by God dominion over every living thing upon the earth. **Dominion means to rule.** You are above these laws enacted by a constitution because they don't apply to you; they apply to human beings or more precisely persons, not man created male or female by God. "We the People" in the in the Preamble of the U.S. Constitution clearly means *not* you as you are not a people. We are so used to using this word people, because the establishment teaches us this in our (indoctrination) school system.

In Black's Seventh Edition Dictionary, People is defined as, "The citizens of state as represented by the prosecution in a criminal case". It makes no mention of a man created male or female by God. And since when does a prosecutor represent anyone? How can a PROSECUTOR Fictional entity, a slave, make any determination over the living or over his own creator for that matter, being us. A Citizen is defined as being a person and a person is not defined as being a living man created male or female by God. Everyone is to believe that they are Citizens of the State, but they don't get to be Citizens until the Prosecutor says so? So if the word PEOPLE does not apply to you, why are you bothering with the Constitution, as it simply only applies to persons upon which a fiction called a (crown) prosecutor decides at his/her discretion to be a citizen that deserves representation as a defendant. The Crown represents the PEOPLE only because all PEOPLE are entities created by the Crown to begin with, and only if the case happens to be criminal in nature. What if they decide not to represent you as a citizen? Then of course the constitution and bill of rights don't apply to you. It's all in fiction, so they have no authority over man created male or female by God, and should be told that. They all swore to it in their oath to God, but then again all their oaths are done in perjury and therefore are false oaths to begin with.

Canada's Preamble is much the same. It says, "Whereas Canada was founded upon principles that recognize the supremacy of God and rule of law". As soon it states that God is supreme what else matters but God? In Genesis Chapter 1:26-28 you see that God only created the kind, of which is man as male and female and gave them and us dominion over all the earth and over every living thing upon the earth. The Canadian Charter of Rights and Freedoms and all the laws in Canada only apply to PERSONS, which are imaginary entities, privately owned as

ships/corporations that the Government controls. The first line of each document's Preamble tell you that the document does not apply too you. Section 32 of the Canadian Charter even says it doesn't apply too you. The problem many people will have with this is that if law doesn't apply to me or anyone else then we will have anarchy. On the contrary, you have freedom and that should never be forgotten, as God set us all free. God created the universe and has the highest authority over everyone, in accordance to the SYSTEM. In truth though, love has the highest authority, for without love, life could not exist within the universe and we are love.

It is worth mentioning here that nobody ever voted on the U.S. Constitution, Canadian Constitution or any Constitution in any Country from that I know of. This is why it is called negative law, and why the laws only apply to the people of the Law Society or Group that created it (a.k.a. Founding Fathers, Fathers of Confederation), and not to everyone else. Unless they get your acceptance that the law applies to you, it simply does not. That is what the Extortion System is all about, getting you to give compliance to their laws and granting them authority over you. It is all fraud, but if you don't know it, then they perpetuate it. In reference to the Law of Nations, even if others voted for a Constitution it still does not apply to those that didn't. We don't get our rights and freedoms from some piece of paper, we get our rights and freedoms from our creator, and until our creator tells us otherwise nothing can take the place of that. What those rights and freedoms are is part of what you will discover in the subsequent chapters.

One last thing I like to mention before we leave the de facto USA behind us. There is no difference between a de facto Government or a de jure Government, they both operate in fiction. It is really just a shell game to switch a country between them. Fiction is fiction and you do not obtain your rights and freedoms from a fiction, when in fact you have dominion. I say this because of what Sam Kennedy is trying to do in re-establishing de jure Governments for the USA and the world. The operations of the Government are still controlled by the few, but it is a way of putting in some checks and balances in terms of the laws and that they be followed correctly. A de jure Government is much better than de facto one, but Government comes in two parts, Govern which means to control and ment to mental, which has it's roots in Latin, which means mind, thus mind control. The Restore America Plan, thus TRAP is an interesting process to follow. It keeps everything still under the Pope and thus LORD God's world, but it forces people within the system to follow the laws and not orders from a corporation set in Admiralty. In the end we really don't need Government we need a distribution system and a communication system.

## Chapter 2

### The Courts A.K.A Temple of Baal - The Sun Temple

**"A proof is a proof. What kind of a proof? It's a proof. A proof is a proof. And when you have a good proof, it's because it's proven." Prime Minister Jean Chrétien, PC, QC, BA, LLL, LLD**

Now comes the time of truth. Truth is sovereign as your Word is your Bond. The Truth will set you free. We are equal before the law. They tell you that you have rights and freedoms, that the constitution guarantees them and nobody can change that. If your rights or freedoms are violated in any way you can seek protection by taking the perpetrators to court where the truth will prevail and you will be okay. As you read in the last chapter this is a fantasy. In fact you only have privileges, not rights and freedoms. The fundamental truth is that fictions do not deal in truth, but rather in argument and conjecture. Having good proof as P.M. Jean Chrétien stated in his famous quote has nothing to do with truth. Can you have good or bad truth? Our lives depend on us living in truth, if it didn't we would die.

For a lot of people the only contact that they ever have with the court system is what they see on Television, in fictional shows. There, people's rights and freedoms are defended and the bad people are put away. It is played over and over again. There are Lawyers everywhere you look, advertising as much as they can everywhere. We are conditioned to go running to a Lawyer for

help for any problems we have. At times we go to court ourselves to testify and are made to feel that we are doing our duty as a Citizen. When we are accused of something we did not do, we know that people are there to help us and protect our freedom. We are told we are innocent until proven guilty and through habeas corpus we must be considered innocent and be free until a verdict is rendered saying otherwise.

The entire SYSTEM is based not so much on proving the truth but rather extorting large sums of money and freedom from you as the truth has no value to the SYSTEM. The Canadian and US and British Courts are a complete fraud, as are most other jurisdictions around the world. It is this way not by accident. The Courts are mere Temples for which the unknowing enter as a sacrifice. They must exchange their wealth and/or freedom to be let go. There are Maxims to Commercial Law that are being ignored, in favor of the Government and people who ultimately are controlling and extorting huge sums of money from the people, and little if nothing is done to stop it. They use money to bribe people in positions of power, or those that can't be bribed have unfortunate accidents, suicides and heart attacks. This has been going on for a very long time and it has now brought the world to the point where a few own most of everything, and have set up a world wide slavery grid based on money.

Now remember God did not give man, male or female, a name nor did he create any laws. If the Bible did not exist, then from where would one draw for Divine authority over others? If indeed the Bible is a fraud, as stated a number of times in the last chapter, then from where do they draw any authority to use force against the Creator's children? In fact there is no authority, only contract, and that is all that matters. The difficulty is that they know we are multidimensional infinite beings of light and consciousness. We are everything that exists we are the masters of this illusionary world. We are the most beautiful expression of life within the Universe and at our most fundamental level we are love. This is our home. This is our Garden of Eden. This is our paradise. Where do the courts get the authority to do what they do to us? Why do we have POLICE running around all over the planet intimidating us into believing that some LAW applies to us when indeed no laws apply to us at all?

I am not sure if I have all the answers to these questions but perhaps over time, together we can find the answers. A great awakening is taking place, yet the few are working to put the final pieces together for a world government based on their SYSTEM of law, on which the few have absolute power over a world of SLAVES. The prison is being built all around you. Technology that can see through walls, listen through doors, watch your every move throughout a city. Computers can identify you even if you change your appearance. In Mexico people have been micro chipped of so that they can be tracked and identified. The POLICE State is here. Laws like The Patriot Act (which destroyed the Bill of Rights in the USA) extend to all Countries on the Planet. The powers that be are bringing together an all-powerful, one-world government from which no escape will be possible.

Those involved in the Court SYSTEMS throughout Canada and the world are only there because the people have been lulled into a false sense of trust in the SYSTEM and how it works. Some POLICE Constables have no idea what they are involved with and truly believe that they are there to provide safety and security for the societies in which they live. They never question the origins of Law or the basic premise of what Law is and means. To some extent, some Lawyers believe that they are indeed working to help their clients, and have difficulty realizing why judgments go against them, even though the evidence presented proved otherwise. There are Lawyers that do know the truth but keep silent and just do their job. The core of this, the Judges, take all their direction for rendering verdicts on each case from the Law Societies, and verdicts are mainly decided prior to the start of the trials. It has been noted that the Canadian Government has never lost a Case in Court concerning taxes. That's amazing considering the mass treason that continues to go on.

Running to the Pope isn't going to change matters at all. The Pope is the ruler of the Sovereign State called the Holy See, the Vatican City. It is about 109 acres large and he is the absolute authority there. Think he believes in Fictions? Does he have the Title to the World with God's

signature on it? He does not. He is an actor, another PERSON within the SYSTEM, the Emperor of Rome incognito. It's interesting that he recognizes the reality of International law based on the imaginary world of PERSONS. The Catholic Church has gone hand in hand with the spread of imperialism all over the Earth, with missionaries following the explorers. Everywhere they went they brought the concepts of imaginary fictions called Countries and a Religion, which limited the realm of possibilities of spirituality for the people. The Churches will not talk about these things for it would be the death knell for them. They know it is better to keep you focused on doing "good", dismissing the problems of the world because you are headed for an eternal life with Jesus in heaven. But if you are a PERSON, maybe not.

There should be no confusion over the role that the Vatican and Pope are playing in this game called the New World Order. Pay close attention to the integration of the Catholic Church with Governments all over the world. They are using civil law to shut down the smaller churches that speak out about the truth of what is happening. They are concentrating a great deal of decision making power for the entire world into the hands of the Pope. The Pope uses Civil law to do all his dirty work so the church can be perceived as an institution that stands for human rights and freedom. As you read earlier in the WESTMINSTER CONFESSIO OF FAITH the Pope was wrongly identified as the savior (he should have been identified as the ANTI CHRIST). On the contrary, the Roman Catholic (Babylonian) Church headed by the Pope in Rome is the Principal dictator of a great deal of the world. Some Muslim states have not ceded to his will and this is where you see a lot of unrest and regional insecurities happening.

My case in point is the Code of Canon created by the Catholic Church. Note that the word Code is used here, as it is in the Talmud and various other codes throughout the world.

Here is a link to the Code: <http://www.vatican.va/archive/cdc/index.htm>

Can. 1401 By proper and exclusive right the Church adjudicates:1/ cases which regard spiritual matters or those connected to spiritual matters;

2/ the violation of ecclesiastical laws and all those matters in which there is a question of sin, in what pertains to the determination of culpability and the imposition of ecclesiastical penalties.

Can. 1405 §1. It is solely the right of the Roman Pontiff himself to judge in the cases mentioned in can. 1401: 1/ those who hold the highest civil office of a state;2/ cardinals;3/ legates of the Apostolic See and, in penal cases, bishops;4/ other cases which he has called to his own judgment. §2. A judge cannot review an act or instrument confirmed specifically (in forma specifica) by the Roman Pontiff without his prior mandate.

Now hold onto your socks...

Can. 1404 The First See is judged by no one.

This means that through Roman Civil Law the Emperor of Rome hands out kingdoms and nation states. Through this process the leaders of these entities are only accountable to the Pope and may do whatever they want as long as it is sanctioned by the Pope. Further the Pope hides behind the Holy See, a fictional entity, stating that the Holy See cannot be judged. I would suggest that you watch the following linked video for some further information. I do not have a problem at all with people believing anything they want to believe, however I do have a problem with people forcing their will onto others.

Vatican Control Through Civil Law

<http://video.google.ca/videoplay?docid=7695778559946532278&q=Law>

Now take a breath and think about this for a moment. We have established that the Bible has been proven to have no historical value. We see the church acting as the Church of Babylon, representing the Court of Baal, among other things that are reflected in the Bible. I do not doubt that Molech exists in California, and that the Bible has plenty of supporting factors as being a

book of truth. However, are these things put in place because the Bible said so or because they were there originally? As I said before, the Bible is their guidebook to projecting a realism that is based on a plan for their New World Order. If the Bible itself is a fraud, based on the massive supporting evidence, then why would we allow the Vatican to have dictatorial control over Nation States, which fraudulently use Civil Law to enslave us?

In regards to Islamic and any other religious state, one only has to look at each situation to see how the government operates. Use the litmus test *does it operate in a mode to ensure freedom, or oppression?*

Here is another video that is very interesting:

Who is Pope Benedict XVI?

<http://video.google.com/videoplay?docid=1692157467411214807&pr=goog-sl>

If you take a look through the Code of Canon you will discover very quickly it makes heavy use of the word Person. As we have already discussed you are not a PERSON, so none of the laws apply to us, only to the imaginary fiction. This is the primary reason why there is so much forgery and fraud related to church documents. Religion, much like the CHURCH OF ENGLAND, is based within a fictional world, not this one. The Pope, Cardinals, Bishops, Priests, etc. are all actors in reality, although a majority of them believe that they are the Person they represent. If you are angry in any way with this, turn to these “Spiritual Leaders” for answers. I didn’t make any of this up, and as they say, don’t shoot the messenger. All of these points are valid, though I do know many will have a difficult time releasing the illusion of religion. *The Extortion System of the Ruling Elite* is the title of this book and what we want to uncover. It is extortion when we are told what God is and that the only salvation we have from our “sins” is through their SYSTEM. It only took 600 years of violence, torture and genocide for the Catholic Church to establish itself and employ this SYSTEM. If indeed they were speaking the truth, the truth would stand on it’s own. The Ruling Elite flex their influence from a number of areas of your life, attempting to instill their way of life onto yours. They do not wish you to have free thought or free expression for that threatens them.

### **A Sneak Peak at a Court**

Here’s a scenario...for some insane reason you decide to go into their courtroom over a speeding ticket. Before you got there you asked to speak to the JUSTICE OF THE PEACE and enter a plea of Not Guilty. By going before the JUSTICE OF THE PEACE you are acknowledging that their SYSTEM has Jurisdiction over you. But you’re smart and you know you can talk to the CROWN PROSECUTOR and explain to him/her the idea that they are imposing an imaginary world of fictions on you and have no right to do so and should drop the charges. Now you have implied for the second time that they have jurisdiction over you by speaking with the CROWN PROSECUTOR and giving your name again, which is an untrue statement because you don’t know your true name.

After pleading out your reasons why none of this applies to you, you are instructed to return the Justice of the Peace because the Crown Prosecutor says this is something for the JUDGE to decide. The only course of action the Prosecutor wants is to get you before a JUDGE. You have researched everything and even put a case together to present to the JUDGE about fictions and maybe even the unfairness of the TRAFFIC TICKET. Once in the courtroom you hear them say, “Please come to me the CROWN PROSECUTOR and tell me your NAME so I know you are here”. So you run up and tell the CROWN PROSECUTOR your NAME. He thanks you and asks you to have a seat and wait until you are called. As you sit you notice the Gold fringed flag in the COURT ROOM and that everyone is dressed in black. There on the wall is a nice picture of the QUEEN and the ROYAL COAT OF ARMS, which has the Goat representing humanity chained to the ground (humanity because to be human is not to be a man created male or female by God). You see the LAWYERS come in and notice how friendly they are with the CROWN PROSECUTOR, and some of them may say outright that the CROWN PROSECUTOR is their

friend, as indeed he/she is in their Temple. You may even notice the LAWYERS kneel towards the altar as they came in. Next you hear the clerk of the COURT say, "All stand, JUDGE so and so presiding". The JUDGE walks in usually looking well fed and cared for and in good shape from all the vacations he has taken, and sits down at the top of a very large desk overlooking the entire room, where he/she sits down and gives the order for all to be seated. You sit down and do as your told, because you respect the JUDGES authority and there are POLICE in the room watching to see that everyone complies. In the COURT, compliance equals contract. By standing and then sitting you have just made an implied contract with the JUDGE that he has JURISDICTION over you. Next the LAWYERS and the CROWN PROSECUTOR all bow or kneel towards the JUDGE. The CROWN PROSECUTORS makes two key proclamations: "Your WORSHIP how are your today?" and "Your HONOR we have a number of cases which we need to speak with you about today". You sit there watching and hearing this, saying nothing to object to these statements. What just happened is that you have bowed before a false God, his/her WORSHIP, violating a LORD God's Law, and further you have accepted the implication that the JUDGE has HONOR and thus is indemnified from breaking any laws against you. HONOR is a Title as well which indemnifies anyone using it, Political Leaders use it in Parliament where they constantly lie, deceive and abuse people's intelligence on a daily basis.

Bouvier's Law Dictionary defines WORSHIP as: The honor and homage rendered to the Creator. Eng. law. A title or addition given to certain persons. 2 Inst. 666; Bac. Ab. Misnomer, A 2. <http://www.constitution.org/bouv/bouvier w. htm>

Take note of "2 Inst. 666". Who is referenced here as the CREATOR through title, and what are they the Creator of? They are the Creator of all Fictions within their imaginary world.

Now you know why the whole system revolves around honor and dishonor. The JUDGE is also referenced as, "Your Honor". The JUDGE is playing the role of God and the SYSTEM wants you to bow before him in various ways so you break the Mosaic Law, "Though shall not bow (before false Gods)". With the establishment of the JUDGE as God unchallenged, you have seriously undermined your position in getting any kind of Justice, as if that ever meant anything to these Criminals.

The proceedings continue as they call out "your" (Thier all caps name which they own) LEGAL NAME and ask you to approach the Bar. You gleefully go up believing it is finally your turn to have your say and explain the fraud brought before you and others. You State your name for the Record, now entering into yet another Contract with the Court. The CROWN PROSECUTOR reads out the charges and begins the Prosecution. The Judge may look at you directly and ask you if you UNDERSTAND the CHARGES being presented to you. If you say yes, you just stated that you stand for them, as it was a choice question that is an offer of CONTRACT. At this point you have stepped up to the Bar or in some cases even crossed the Bar. Once inside or at the Bar you are now on the Bridge of the Ship called the CROWN in the Case of Canadian Courts and are now under the Judge's Jurisdiction. Once you plead your case the Judge may hear from WITNESSES or POLICE OFFICERS and then render his VERDICT, which is only an offer of CONTRACT. If you sit there and say nothing, your silence is your acceptance of the CONTRACT. However it is the name that is contracted, not the man created as male or female, by God, but they try very hard to ignore this fact, as man we are above all laws.

In Criminal court the sentencing is another time when they are offering you a CONTRACT. The JUDGE will say, "Is there anything you would like to say before I render the Verdict or Sentence". Some people will ramble on about how the charges were unfair or retell different aspects of the case. What the JUDGE is asking here in fact is, "Do you agree with me on everything that has transpired thus far?" This is done because you are in a Commercial Court that can only recognize fictional entities and operates on CONTRACT. In cases where the JUDGE has read out the Verdict or Sentence, you should simply state, "I do not agree with your offer of Contract, Verdict or Sentence." They must get your compliance to the verdict or sentence. Otherwise it is not a lawful Contract. They know this and will use intimidation and trickery to get to get your agreement. This is not a Court about Justice it is a Court about Bondage and

Slavery. Also in many cases they will simply ignore your questions or assertions that you do not wish to Contract. This is because they are not talking to you they are talking to the chattel property all caps NAME they own, not you. It is a Kangaroo court through and through and truly they only care that they got your signature on some piece of paper and that you showed up in their court, both granting them jurisdiction over you.

Your are now deep within their Temple and Satan is rubbing his hands, for yet another Soul has agreed to enter into Bondage under him. You are doomed. The only thing that will release you is if you pay out enough money to LAWYERS in exchange for your freedom. The LAWYERS are there to “Practice” LAW not “defend” you in LAW. They are told which cases to win and lose before the trial begins. When you step into their Temple you are offering yourself as a Sacrifice. They are kind in that they only take your wealth and/or freedom, rather than your life, in most cases. The black Robes symbolize what they worship, within their cult of darkness and death.

In this Chapter we are going to examine the Origins of the Courts and take a closer look at The City, a Sovereign State within the City of London, which houses the Financial district and Temple Bar. It is a crossroads of power where the few have managed to unlawfully gain control over the world Financial and Court Systems. From there they orchestrate with impunity the wars, famines and economic direction for entire Countries. It goes hand in hand with the Holy Roman Empire, which quietly operates in the background in Concert. Behind all this we find 13 bloodline families who dominate and control the major institutions of all Countries in the world. We outnumber them greatly but they are the creators and orchestrators of this imaginary world of PERSONS. The use of secret societies and outright sorcery is second nature to them. They are masters at lulling you and the masses to sleep, while they push forward their agenda. However, concurrent with their desire to create a One World Government based on Bondage and Slavery, people are beginning to wake up and take notice. This chapter will be very helpful for anyone finding themselves within their grip by providing some tools to help set people free of their unjust SYSTEM.

One final thing before we move on concerns Equity Courts, which all courts are. Courts of Equity are defined as:

EQUITY, COURT OF. A court of equity is one which administers justice, **where there are no legal rights, or legal rights, but courts of law do not afford a complete, remedy**, and where the complainant has also an equitable right. Vide Chancery (Bouvier’s Law Dictionary)

[http://www.constitution.org/bouv/bouvier e . htm](http://www.constitution.org/bouv/bouvier_e.htm) **Winning the Contract**

Truly the only way to win in their SYSTEM is to not enter it to begin with. Never go to court unless you are literally forced to at gunpoint. You cannot win in their courts when matters of Rights and Freedoms are concerned. There have been some people that win cases of rights and freedoms (which amount only to PRIVILEGES), but these wins are wins based on an agenda such as Gay Marriage and other Social Engineering, which have no consequence to them stealing your wealth and freedoms. Anything that exposes the corruption of their SYSTEM in any way is dragged into their courts so they can silence the people involved. Commercial entities deal only in Contracts, while the Living deal only in agreements. Ultimately you have no right to contract yourself into their slavery based system because God your Creator did gave you dominion, thus you and they have no authority under God to remove your dominion from you.

Everything you do should be done outside of the Courts. If you enter the Courts it is all over. If you find yourself in a situation where you have no choice but to go to their courts, and believe me you do have a choice, then the following information will be of great value to you. It is all about how to shut down a Court Room.

You can call me John, I prefer to be called John because I'm used to it. My friends call me John. I'm here to represent a fictional entity called JOHN RUIZDEMPSEY, spelled in all capital letters. Am I allowed to speak on behalf of JOHN

RUIZ DEMPSEY ALL CAPS NAME?

Before we proceed, I have a few questions to ask you, is it ok to ask you a few questions?

As a Child of God and a Minister with indisputable title, I am standing in the Kingdom of God, where do you stand?

Are we in a common law court or an admiralty court?

Are you a Mason?

Is there anyone here who is a member of any Masonic organization? Did you receive a copy of my letter to you dated October 31, 2005?

Then you know that I am here on a special appearance and under the invitation of the fictional Petitioner, THE LAW SOCIETY OF BRITISH COLUMBIA who agreed to pay me my fees, which is \$5,000 per hour for making a special appearance here, correct?

Under the terms of my acceptance of the Law Society's offer, I counter-offered that I will be here if they pay me \$5,000 per hour for a minimum of 8 hours.

Anyways, I have a copy of the contract, which I am entering on the record, you may read it if you want. A Demand for Payment has been served to Mr. Peter Voith; a copy of said Demand for Payment, which I also want to enter on the record.

Did you bring a copy of your Oath of Office and your Bond today James?

If not, why not James? I asked you in my letter to you of October 31st that you duces tecum must bring a copy of your Oath of Office and a copy of your Bond, why did you not bring it?

Do you have certified copies of these documents here in the courthouse or elsewhere?

(If no Oath or Bond) Let the record show that James W. Williams, d/b/a JUSTICE(JAMES W.) WILLIAMS/PUBLIC SERVANT, does not have his Oath of Office and his Bond in his possession today.

Without your Oath, how can I be sure that you will act in an impartial manner here today as you did not do so last time I was here?

How can I be sure that you have no bias, or that you have no conflict of interest, or no interest in the outcome of this case? Since you don't have your Oath today, would you be willing to swear an Oath today?

How about you Mr. Voith, (law society), would you be willing to swear an Oath today? I want to enter this on record that these men are not here to tell the truth – they are here to tell lies.

You made a decision on September 13, 2005, despite the fact you have seen a copy of my Constructive Notice of Child of God status, now where in God's name did you obtain the authority to make such an order?

Are you above God?

Are you equal to God?

Do you stand between me and God?

Do you have any document with any verifiable signature of God that you have the power over me?

When did I, John-Ruiz: Dempsey, a Child of God and a Minister of God with an indisputable title consent to your jurisdiction? Especially over me, the man, a Sovereign, free born, sentient, living and breathing soul?

How did you obtain jurisdiction over me? I want to know, especially when I'm not even a citizen of your country – my citizenship is in Heaven you can look it up in the King James Bible – Philippians 3:20.

Or maybe you think I'm a slave, do you say I'm a slave, or am I a freeman?

Could you show me anything, any statute, any law that could prove that you have jurisdiction over me?

I want to make it clear at this point, my name is John-Ruiz: Dempsey, not JOHNRUIZ DEMPSEY all capital letters as it appears on the style of cause. John-Ruiz:Dempsey and JOHN RUIZ DEMPSEY ALL CAPS are not the same; JOHN RUIZ DEMPSEY ALLCAPS is a fictional name created by the state, it is not me, yet you and the law[less] society used that name to drag me into this muddle.

Do you understand the difference between the ALL CAPS name and the real Christian name?

The bottom-line here is: which one is more important to you, is it the People, or the law[less] society. Your action speaks volumes, you don't care about justice, you don't care about mercy, you don't care what's going to happen to all the real People I represent, these are not fictional characters created by your statutes; these men and women are created by God and by interfering with my work, you are interfering with God. This is what God's Word says about you in Luke 11:52 " Woe Unto you Lawyers! For Ye have Taken Away the Key of Knowledge: Ye entered not in Yourselves, and Then That Were Entering in Ye Hindered"

In Matthew 23:23 it says this about you: "Woe unto you, scribes and Pharisees, hypocrites! for ye pay tithes of mint and anise and cummin, and have omitted the weightier matters of the law, judgment, mercy, and faith: these ought ye to have done, and not to leave the other undone."

How long do you think you guys are going to go on with your injustice and abuse of power until the people start a revolution?

I'm not dealing with your Court until the jurisdiction has been proven.

Since the judge refused to answer my questions, these questions will be sent to him personally, after which, these questions will become part of an affidavit and entered on the file as public record.

Now seriously, I would like you to read Cicero's definition of natural law from his book, On the Republic, published in 51 BC.

"True law is right reason in agreement with nature, universal, consistent, everlasting, whose nature is to advocate duty by prescription and to deter wrongdoing by prohibition. Good men obey its prescriptions and prohibitions, but evil men disobey them. It is forbidden by God to alter this law, nor is impermissible to repeal any part of it, and it is impossible to abolish the whole of it. Neither the Senate nor the People can absolve us from obeying this law and we do not need to look outside ourselves for an expounder or interpreter of this law. There will not be one law at Rome and another law at Athens. There is now and will be forever one law, valid for all peoples and all times. And there will be one master and ruler for all of us in common, God, who is the author of this law, its promulgator, and enforcing judge. Whoever does not obey this law is trying to escape himself and to deny his nature as a human being. By this very fact, he will suffer the greatest penalties, even if he should somehow escape conventional punishments."

Cheers, John-Ruiz: Dempsey BSc. LL.B <http://www.freewebs.com/classaction/>

John no longer Practices LAW but rather defends real living people from the SYSTEM. I cannot express enough about the bravery, conviction and wealth of knowledge that he has. If it were not for John and others like him we would all be in concentration camps by now, making widgets 16+ hours a day and slowly being starved to death. The Court is indeed nothing more than a Temple. Ancient accounts of Moses and other characters in the Bible are complete lies, according to the books by Bushby and Thompson. It is not difficult to see the fraud within the Bible by simply comparing like passages to older Bibles or even the Older Greek and Hebrew texts. Even The Dead Sea Scrolls conflict with today's Bibles. The fact is they operate in a world of FICTION and thus they can change anything they want about the history of that world without telling us anything, because it is all inside fiction of course. They do this because they want us as their slaves.

John never got past the Jurisdiction question as the Judge refused to answer his question, so he simply left the Court. If the Judge cannot prove Jurisdiction, then there is no point in being there, unless you want to play their game, with their rules. There were questions about Masons because Masons along with people of the Jewish Faith can take part in a prayer called the Kol Nidre. It disavows them of all their Oaths and oaths they may take over the coming year. By considering that these Groups of people occupy positions of power in Court Rooms throughout the world, yet are also obligated to carry out orders within a hierarchy of Masonic Lodges, you begin to see how the few can control the many and how corrupt it is. People taking part in this fraud knowingly have no respect for their fellow men. Some do it, just so that they are in the SYSTEM and will be well cared for, but in the end all tyrants do turn on their own minions as their usefulness comes to an end. Typically you are only punished if you mess something up bad enough, then your life may be in danger. The whole SYSTEM is based on command and control and they must obey their Temple Masters.

If they cannot answer your questions then they can have no power over you and they cannot enslave you. When they ask you, "What is your name," you could respond, "Are you could respond, "Are you asking me that question in English or Legalese?" If they say Legalese then say, "Well I just asked you a question in English so because you can communicate with me in English and I do not understand Legalese, just communicate in English with me. Everyone is equal before the law and because you can speak English, I would like to only be presented with laws written in English. Are all your laws in legalese? (He answers yes.) Then I don't see how we can continue this because I cannot be equal before a law written and interpreted in a foreign language. Up to this point I thought you were speaking and communicating with me in English and clearly this is a misunderstanding. When you can present me laws written in English, a court in which the people speak English and show me a law in English that I have broken as a living sentient human being then perhaps we can talk again. I see no further reason for us to continue our discussion on this matter. Good-bye."

You can also ask, "is this a de facto court? Does this court deal in fiction or truth?"

You can ask the Judge, "because we are both equal before the law could you give me aid and direction?"

The objective is to expose the truth for the truth will set you free. They are the enemy and will lie and cheat, but when you point that the judge is sitting on a bond and an oath, you can call them on it. Unfortunately in Canada and the U.S.A. some Judges take false oaths and have no bonds.

Do you swear to tell the truth, the whole truth and nothing but the truth, so help you God? My answer might be, "Only if you swear to tell the truth, the whole truth and nothing but the truth, so help you God, as well. By the way do you know of anyone that knows the whole truth about anything? Well I don't know of anyone, do you? So I guess that leaves reasonable doubt everywhere does it not? Since you are stating via this Oath you want me to agree to, that I am

God, as it ends in, so help “you (being me)” God, then I as God order the Court to dismiss all charges and upon the accused and he/she is free to go. Get up and leave. Case closed, next.

### **The True Nature of the Court**

Whenever you go to Court your Straw Man is being charged with a debt. The objective of the court is to get you to take the bait and act as the Straw Man and go into dishonor of that debt. It does not matter to them what statute or act that they say you broke, that is a smoke screen. The entire Court System revolves around getting you to unknowingly assume a debt because they are using legalese words, not English, to trick you into the old bait and switch. To argue over jurisdiction is to put yourself into dishonor, what you need to do is to discharge the debt, which can be done by asking the JUDGE to write out a cheque to the ALL CAPS NAME and give it to you to deposit in your bank account to discharge it for them. It is a Civil Court not Criminal Court that you are in. The Attorney’s job is to bring you into dishonor. They use a lot of smoke and mirrors to accomplish this. Whether a court is lawful or not seems to have no bearing on the protection of your rights and freedoms under the Constitution, which is nothing more than an offer of enslavement anyways. Countries are fictional entities that have no power over the people of the planet because they have no substance. They gain power over you via the use of your signature and assumptive agreements. These are all the tricks of Babylon. It is not fair, it is indeed cruel, and they know exactly what they are doing to you. It is all about, what is in it for them, \$\$\$.

Everything circulates around Bonds supposedly. It is truly sick beyond belief what they are doing. By showing up in (Attend) court you are taking on a debt of another (FICTION), and with that they get you to sign bonds, which end up giving them money and put you into prison. What people fail to do is redeem their Bid Bond. The Bid Bond is your Return on Recognizance Bond, the one that they say you have to sign in order to be let out. It is money that has a penal value attached too it. You created it and you can use it to discharge the debt, rightfully ask for closure of the Account on the docket (a.k.a. case number) and final settlement. Watch the rats scurry from the courtroom when you ask for that one! Or they will say that they do not know what you are talking about and simply rail road you through.

The truth is, even if they say that you must sign the RoR Bond, which binds your person to an obligation which has a penal value too it, you as the principle can refuse to sign it. If you choose to sign it you can sign it under protest and duress, because you are a free man, male or female. Signing it under protest and duress voids the document, and because you complied with their offer (sign this to be let out), you are free and the RoR bond is void technically, however they don’t follow their laws all the time. In many cases all they care about is that you sign the RoR bond so you can get out of jail, thus confessing to be a fiction. Fictions have no concern about the law, just concern if you confess to being a fiction or not. Yes it is extortion and yes they may hold you for several days or months to try and get you to sign it. You can follow up with a letter from a public Notary asking them to present the bond to the public Notary to verify that the bond is signed under protest and duress which will release you from it’s obligation to show up in court, providing you can find a Notary. It would be best not to sign a RoR bond or an Appearance Bond. This is all they want and all they care about. Do not sign it or anything else they might slide your way, for that matter.

Because they hold people unlawfully in jail until they sign off on the RoR, which can be several months, knowing this following simple solution is helpful. Simply teach the inmates about statutory law and how the system works and you will find that they want you out of there so fast it makes light look slow. I am still researching the aspect about the RoR bond that the objective is to get you into default so that when you do show up you are in dishonor and they can decide either way what they want to do with you. I am assuming that you must use the bond to discharge the debt of the warrant, which is the charge, and back it up with a Performance Bond and Payment Bond. The Principle is You the Human Being, Robert-Thomas: Hay and the Surety being ROBERT THOMAS HAY. This is a reversal of making you the human being the surety. Not

doing this results in them selling the RoR Bond in Brussels for Trillions of Dollars, which is funneled back into the Illuminati controlled private prison Systems all around the world.

All this bonding stuff is discussed later in the book in some detail. However, you are already operating under a bond, that being your bond is your word. It supercedes any bond they have because fictions cannot operate in the real world; fictions have no mind, physical body or way to communicate. They have no authority over you whatsoever. In fact by thier own oath you were given dominion over the earth and they as fictions have no authority over you on the earth.

The articles I am getting this information from come from Jean Keating. I would suggest reading his material for a more clear view of what is going on and remedy within it.

<http://goldismoney.info/forums/showthread.php?t=18178>

When an Officer comes to arrest you on a warrant it is really a lawsuit that he is presenting you with. A warrant represents a debt or statutory obligation, and the simple fact is they are asking you to be party to a lawsuit. The so-called charge of what you did is a smoke screen because the commercial instrument represents their desire to enter into a lawsuit with you. You simply tell them that you do not wish Joinder and you do not wish to contract with them. If they persist, saying that it is a Judges Order and that they are acting under orders, tell them that they and the Judge will have to pay the bill for the Order that they are presenting to you under the Law and Equity Act. This is nothing different from pulling up to a fast food window and giving an order and being presented a bill. Just write up a bill, maybe \$500 trillion dollars would be a nice start. It is all commercial Law, so make sure every step of the way that if you can't get out of it to have the officers note in their books that you are only allowing them to do what they are doing under protest and duress. There is no obligation binding you to their laws. The laws were made for the Government not for the People. People live under common law not Statutory law of imaginary fictions called persons.

Despite the smoke and mirrors, knowing the biblical side of the law is helpful to some degree. In Canada the Judges, Justices of the Peace and Police Officers all have willingly or unwittingly pledged false oaths, so in truth the only law that applies is Commercial Law under UNCITRAL. The entire SYSTEM seemingly revolves around the use of Bonds, the use of Debtors and Creditors. It is a scam beyond belief, but it goes on perpetually. Countries are merely Corporate shells for imaginary entities called PERSONS, and they prey on people to become SURETIES for the laws that only apply to PERSONS. They fraudulently trick you into believing you are responsible for this PERSON and the law. It is this pure evil that is the powerhouse behind the funding of their New World Order. They have made you into a TRUSTEE and you have to settle the charges presented too you or you go into dishonor and thus jail.

The whole system of trials is nothing more than a dog and pony show that has absolutely nothing to do with anything. It is about getting a PERSON to take on a debt, so an account can be opened for which you are the owner and principle. You can simply ask for the Bid Bond back as the principle of the account they more than likely have sold after your first appearance. Although I think they will never acknowledge the bid bonds etc., so be careful of that. If you play with fiction, then you are playing with fire.

## **The Temple**

“And Moses went up unto God, and the LORD called unto him out of the mountain, saying, Thus shalt thou say to the house of Jacob, and tell the children of Israel; Ye have seen what I did unto the Egyptians, and how I bare you on eagles' wings, and brought you unto myself. Now therefore, if ye will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people: for all the earth is mine: And ye shall be unto me a kingdom of priests, and

an holy nation. These are the words which thou shalt speak unto the children of Israel.” Exodus 19:3-6 LORD God telling the Jews they are his Slaves and that they are Masters over all others.

The Temple Masters are from *Temple Bar* in *The City*, within the City of London, ENGLAND. Again the City is a SOVEREIGN State and has it's own SYSTEM of LAW. It's rumored that the Queen must kneel before her Master within the inner Temple when she visits, which I am inclined to believe. The LAWYERS bought the temple from the Knights Templar, who protected the early Christians and became very wealthy from Commerce and Conquest

against the Muslims. They were created by the Pope and were the de facto Law Enforcement throughout Europe. They provided safe passage for pilgrims going to Jerusalem and charged a fee for doing so. They provided the foundation of the current banking system we have today. They were in the end accused (based on hearsay) of demonic and satanic acts, giving the Pope and King of ENGLAND a reason to shut them down. Some escaped to aid Scotland in helping King Robert the Bruce in his fight for independence from Britain. Darkness likes to hide itself in the light, and I think that the vast wealth that the Templar Knights acquired was of great envy to the King of France and the Pope. There was a usurpation of power through destroying the Knights Templar, which was replaced by evildoers who plundered their wealth and system.

Interestingly the only way to get certain jobs within The City is that you have to be a Satanist. The wealthy Bankers, World Leaders etc. go to Bohemian Grove in California every July for a 2week holiday. The first night they perform the Cremation of Care Ceremony, where an effigy of a small child or more probable, a real child is sacrificed and burned in a 40-foot stone Owl called Moloch. Interestingly at the point where the child is sacrificed these people smack their lips strangely like they have just eaten or are about to eat a meal. You can download and watch a video of this, called *Dark Secrets Inside Bohemian Grove*, by Alex Jones. Alex snuck in and filmed a lot of what was going on there.

<http://www.infowars.com/bg1.html>

The nature of this Tyranny we call LAW COURTS comes from people with no lawful title to the land which they use to extort money from the people. The concept of the Star Chamber Courts used in the medieval times (and I begin to wonder if these are not the later evil times) is based on presenting no evidence or charges, but simply asking how you plea. The Judge then swiftly determines one's fate from evidence not presented in court, and without their knowledge renders his decision. These Star Chamber Courts are the very essence of what the courts of the extortion system are really about today, as all are slaves before the Court. It is not about truth or justice; it is about making it appear that the people are getting fair treatment, while they extort their money, property and at times take their very lives.

The Temple of Baal was the Sun Temple in Ancient Rome, BAAL being the God of the Landlords. The fundamental purpose behind the Temple of Baal was to impose a system of law onto the poor, which would allow the affluent to steal their land and property. *Sound familiar?* The SYSTEM of law put forward by the Temple of Baal focused on stripping the poor of their three basic rights under God's Law in the Torah. The three basic rights were: The Law of Redemption on the Land, the right to return to his land in the jubilee if not previously redeemed, and the right to have his debts cancelled in the Sabbatical year. The Sabbatical year is when you reach 49 years and 10 months of age. You send in your temple coins of silver and all debts are forgiven. You will notice that Jubilees are celebrated by HER MAJESTY QUEEN ELIZABETH II from time to time, last one being in 2002 for her Golden Jubilee and 2012 will be her Diamond Jubilee.

The landlords and the temple of today are much the same. The names have been switched around, but the Ancient SYSTEM of law is still with us, designed to enrich the few while enslaving the masses. They have done well by getting us to police each other, making sure that we all do our civil duty. The Royal Canadian Mounted Police in Canada have little to do with being the QUEEN's Police force, and they don't even pledge their allegiance to HER MAJESTY QUEEN

ELIZABETH II. It all revolves around a few hand picked people at the top, dictating through a command and control structure to the unaware pit bulls below. The us versus them mentality and other head games that they instill into their culture keeps the Police forces focused on enforcing law, not asking questions pertaining to lawfulness or jurisdiction. The Bankers and ruling elite make it hard on those in the system who speak out, and they promote the ignorant and incompetent, thus ridding the system of intelligent and wise people that could work against them. It is about serving their God, Satan. It is not about truth and certainly not about Justice.

In Biblical times land was passed onto people within their clan. It was called heritage. It was LORD God's law, but under the Baal SYSTEM this was not recognized. The concept of Heritage is very important to understand. It means that the land is LORD God's property, God by the way does not see things in terms of property; but as part of God, as in our image and after our likeness. The Possessor is given the use of God's land with the understanding that he must pass it on to his decedents. The 35% tax on estates in Canada after someone dies is a clear violation of this ancient law. The Bankers and criminal elite simply slurp 35% off the top for no reason other than to enrich themselves, and more importantly to oppress the poor and make them poorer. Under their SYSTEM Canada is a PERSON, Canada gets the Heritage not the living people.

In the Temple, Blasphemy is not speaking against LORD God's Law, but rather challenging the laws of the Temple or King. It is a dictatorship and the emperor's will has force and effect, regardless of what the law says. This is what we face in courts around the world. In fact The Temple of Baal was demolished and all but one of the people associated with it wiped out at one point in its history.

2 Chronicles 23:9-21 describes the destruction of Baal and all the people associated with oppressing the people. It is a good read:

[9] Moreover Jehoiada the priest delivered to the captains of hundreds spears, and bucklers, and shields, that had been king David's, which were in the house of God.

[10] And he set all the people, every man having his weapon in his hand, from the right side of the temple to the left side of the temple, along by the altar and the temple, by the king round about.

Then they brought out the king's son, and put upon him the crown, and gave him the testimony, and made him king. And Jehoiada and his sons anointed him, and said, God save the king.

Now when Athaliah heard the noise of the people running and praising the king, she came to the people into the house of the LORD:

And she looked, and, behold, the king stood at his pillar at the entering in, and the princes and the trumpets by the king: and all the people of the land rejoiced, and sounded with trumpets, also the singers with instruments of music, and such as taught to sing praise. Then Athaliah rent her clothes, and said, Treason, Treason.

Then Jehoiada the priest brought out the captains of hundreds that were set over the host, and said unto them, Have her forth of the ranges: and whoso followeth her, let him be slain with the sword. For the priest said, Slay her not in the house of the LORD.

So they laid hands on her; and when she was come to the entering of the horse gate by the king's house, they slew her there.

And Jehoiada made a covenant between him, and between all the people, and between the king, that they should be the LORD's people.

Then all the people went to the house of Baal, and brake it down, and brake his altars and his images in pieces, and slew Mattan the priest of Baal before the altars.

Also Jehoiada appointed the offices of the house of the LORD by the hand of the priests the Levites, whom David had distributed in the house of the LORD, to offer the burnt offerings of the LORD, as it is written in the law of Moses, with rejoicing and with singing, as it was ordained by David.

[19] And he set the porters at the gates of the house of the LORD, that none which was unclean in any thing should enter in.

[20] And he took the captains of hundreds, and the nobles, and the governors of the people, and all the people of the land, and brought down the king from the house of the LORD: and they came through the high gate into the king's house, and set the king upon the throne of the kingdom.

And all the people of the land rejoiced: and the city was quiet, after that they had slain Athaliah with the sword.

Those who like their Mammon brought back the SYSTEM of LAW that was created at the Temple of Baal. It is a religion based on lies, in which the oppression of the poor (or rather made poor through Tyranny) and those outside the clan is paramount. The Bloodline families that support and flaunt this SYSTEM of LAW onto unknowing people of the world have very little regard for their well-being or ability to live. It is completely about them and their selfish desires to live the luxurious life, surrounded by slaves, and do anything they want with impunity. In terms of LORD God's Law, Moses had promised that if the worship of the Lord in the three great feasts of redemption, Passover, Pentecost, and Tabernacles, were kept faithfully, "no man will covet your land" (Ex. 34.24). This was and is long forgotten then and now. Again it is my assertion that LORD God is not God and that he usurped power from God and created an illusion based in fear, within the context of the Bible.

The reality is that the Temple of Baal has replaced the Temple of the LORD, and although there is strong evidence to show that the historical aspects of the Bible are completely untrue, this is the foundation of their SYSTEM of LAW. It resides in a make believe world where anything contrary to the King or the Temple of Baal is considered Blasphemy. The people in positions of power within the Temple have put themselves above God and consider everyone else as their Slaves. The Temple Bar in the City has an inner and an outer Court. There, people grow in power and are given specific knowledge as to the true nature of the Court, a.k.a. the Temple, as they progress deeper into the inner Court. Similar to all secret society networks everything is based on command and control. The unfortunate part is that the people involved literally end up having their very Souls sucked out of them and become more or less the walking dead. Their eyes are vacant and they become instruments of evil. They must obey their masters or else they don't live very long. It is all fear-based religion, just at a higher intensity than other fear based religions, I would say. Just look into the eyes of your political leaders and you will see what I mean.

The primary aspect of the Religion being put forward by the Temple is that everything must be hidden out in the open. This is why we have Constitutions, which make people constitutors, i.e. responsible for another person's debt. It is why 666 is embedded into building structures and corporate logos. The three references the tri star system of Sirius in Orion. Canada Place tops the windows off with a pyramid embedded into the roof. The Toronto Dominion Tower in Edmonton, Alberta, Canada also had an upgrade using golden colored windows representing the Sun, set in 3 columns. When you count the large windows in the 3 columns they all add up to 666. The CIBC bank in the west end of Edmonton, has 2 sides of the building with 3 rows of 6 windows and a small pyramid at the end, 666. This goes hand in hand with the Holy See, where the Pope is the dictator. Only 555 citizens are allowed at any one time to be Citizens of the Holy See, a tri star symbol of Sirius. Also if you run the word Five through a Numerology Calculator or do the Numerology yourself, Five works out to the number 6 in Numerology, meaning the sign of the Beast, 666 to the 555 citizens (each Citizen is a corporate entity, not a living man).

If the Bible were true everyone on the Planet would know it, for that kind of creation does not disappear from cultural knowledge. Native people in North America and other people throughout

the world would have had no need of these Military Officers on a Mission posing as Missionaries if what they indeed were saying was true. The fact is that religion is invented and passed onto the Rabble as truth. Rabble are the uneducated or easily fooled people. Once you get enough people believing something it gains momentum, like the 100 monkey syndrome. If 10% of the population knew the knowledge contained within this book and began promoting a more balanced approach to life in terms of Law and money their SYSTEM would collapse.

If you would like to read more about the Temple there are some excellent articles about it around on the Internet. I drew some of my information from:

[www.cooperativeindividualism.org/torrey\\_baal-god-of-the-land-lords.html](http://www.cooperativeindividualism.org/torrey_baal-god-of-the-land-lords.html)

In the UK Parliament there is the House of LORDS. This is a tricky thing because with all the Bishops and rich families sitting there it might be mistaken for LORDS Spiritual, when really it is the LORDS of Baal, they just overlay the words. There is only one LORD in the Bible, that being LORD God. So all these LORDS are really Land Lords determining what laws are appropriate for the SLAVES. It is really a sad, sad situation when you sit back and see it for what it is. Again in the Coronation of the HER MAJESTY QUEEN ELIZABETH II, she puts herself in Gods place and grants the rights and freedoms to the Clergy and the Church. Her COMMERCIAL entity commits Blasphemy against LORD God and God, by saying she is above him. This is another mechanism of the Temple. The Law is not LORD God's Law but the Temple of Baal's Law. It is not Blasphemy within the Temple, for they want you to believe that somehow an imaginary corporate fiction acted out by this Woman going by the name Elizabeth-Alexander-Mary: Windsor can have the power of God over living people. In essence it is really our failure to recognize that we are man created as male or female by God that is at the heart of the matter in terms of the system. If we take on a name we become a men and women created by LORD God and hold no dominion over the earth. Thus as property of LORD God, we are seen as abandoned chattel and thus gobbled up by the Temple of Baal, hence the Queen and her criminal elite family friends.

## Words

The very nature of LAW is word play. This comes from John 1, "In the beginning was the word, and the Word was with God and the word was God." All words spoken come from God as thus we are all in part God. This is why Oaths end in so help me/you God. Word is also a vibration and there are 22 levels of density or realms as it were that the earth and we can manifest into, like the musical scale, each octave is a realm. Thus the vibratory frequencies at each octave offer more and more density and programmability. The Atlantians and Lemurians knew a great deal about creation and were playing with creation to create life in the density just past us. They were unable to manifest into this realm or octave and ended up merging with the earth's Oceans from what I have been told. All crystals resonate at a certain range of frequencies and will hold matter within that frequency range if encompassed by the same type of crystals; natural diamonds have an infinite range of frequencies and thus octaves to them. Without getting to side tracked here

the entire system is based words because it is our words that create the final sound vibration fields of intent which form our reality.

Yes they are sound fields, but the silicon crystals and other crystals in our environment take on what is called a peizo electric effect. All crystals give off sound and absorb sound. The process creates an electromagnetic field. Our chakras also respond to sound vibration and will fix themselves when damaged if the proper sounds are directed at them. Our chakras give off ectoplasm and form energy bodies through sound and energy fields using aether and other matter energy. Thus what they are doing is creating a prison for us based on the words we utter, which enhances the peizo electric and sound vibration fields which form us and our reality around us so that we are made into slaves. Our blood has silicon within it and forms a structure to our body, which can be seen under a high powered microscope. Our DNA is the transmission and reception system between all life in the universe along with our spiritual bodies cords and chakras. Thus laws are formed into words so when we speak them, we are putting these laws into energy, which assists in creating this prison we are in. There are major transitional sound waves that move through the universe that have a dramatic effect on creation, last one causing the extinction of the dinosaurs. I tend to think that the sound vibrations are a result of the position of stars and planets etc., but that is simple speculation.

In fact David Icke has uncovered a video that shows how planets, Galaxy's and us are formed through sound waves. These sound waves reflect off the edges of the universe and cause a lot of new creations to take place when they intersect. The earth is in the orbit it is because of sound wave fields coming from the Sun. Some people can hear these sounds and it is much like a symphony from the stars etc. Thus we make sounds with our voice and thus co-create in harmony or disharmony in some cases with the universe. What medium the sound waves travel through I am not certain, but I think it may be the AEther. Further the earth has what is called Leigh Lines and are also called Song Lines by the Aborigines in Australia. It is very apparent that we manifest in density based upon the octave we and the earth resonates too, allowing other dimensions in the Universe to occupy the same space, just at different Octaves,

Words are invented; they are not part of our natural condition of communication, which is based in telepathy, it is mimicry of this realm we are in. The Bible mentions in Genesis 11:1 that, "And whole earth was of one language and of one speech." Twins will often develop a language of their own at birth in order to communicate with one another. The creation of language is simple and natural to us. Words used in LAW have multiple meanings intent behind the words is important. Thus unless you know all the meanings of the words you speak and are able to communicate those meanings in a context that is clear to everyone in the room, it will be difficult to defend oneself, because not everyone thinks or decodes words the same way as you. Just look at the numerous definitions of the word "if" in a legal dictionary, and you'll begin to get an appreciation for this. Some words are created to trick us, such as the word PERSON and Understand. Again, PERSON is the concept that a Corporation can be of the same status of a human being. Understand is used by Judges etc. in a statement, "Do you understand the charges before you?" To understand something is simply to stand for them, meaning you accept their offer of contract that the Charges apply to you when in fact they only apply the imaginary world corporate entity all cap name. They use words as a form of trickery to make it appear that they are giving you a fair, open and honest trial, when in fact the very foundation of it is based on fraud.

Now here is a key item you should realize. All Law is written in Legalese not the official language of the Country it is supposed to reflect. That in of itself is fraud and no one can be held accountable for any laws not written in the official language of the Country. Hence, if only persons belong to a society or Country then where does it say that a man created as male or female by God belongs to that Country or Society?

Section 16 of the Charter of Rights and Freedoms of Canada states:

16. (1) English and French are the official languages of Canada and have equality of status and equal rights and privileges as to their use in all institutions of the Parliament and government of Canada.

So why are they using legalese in all their laws, which includes the Charter of Rights and Freedoms? The difficulty in using their law as a form of defense is that if you use their law to gain a benefit then all the law applies to you, which is in part how this prison without bars works. The only way to approach it is to state from a common law perspective that you do not understand legalese and cannot be held accountable for laws written in a foreign language. Also, because they are using legalese as their language it identifies them as a society separate from the one they are pretending to represent. Their society is unnamed and takes on masks such as the BC Law Society etc. Since you don't belong to that society, then the laws only apply to that society and not to you.

Statutes are only rules of a society, not law, and have no force of law until you voluntarily agree that they do. That's why neither George W. Bush nor the Geneva Convention wants to define what torture is for prisoners. Without a clear definition of what torture is they can do anything to get a prisoner to sign a form confessing to something. Still, they can only act on your person, not you, but if you don't present them with a person to act on then you are in common law jurisdiction and they have no lawful right to do anything to you. We are dealing with insane criminals here though, and at some point they don't care what the law says. If they want something from you bad enough they'll get it. Have you noticed how top Biological and Nano-technology Scientists have been disappearing or been found dead over the past couple of years?

When it comes to high priced lawyers, some are more skilled than others at the use of words. By having a lawyer who is part of their SYSTEM represent you; you become a Ward of the court. This means once again you have entered into a contract with the Court, accepting their lie that you are the one who committed crimes that do not apply to you. Words are all created from the imaginary and are simply naming tags on objects and concepts. Words we use reflect our truth, for whatever we say in thought or verbally, we are creating the energy fields to manifest the intent behind those words. Words are not truth in terms of translation, it is the intent behind the words that is important. Thus there are over 6000 known languages on the planet today, which require translators for people, and translations are never 100% accurate because the different systems of words called languages do not have words in them for some things. Much like not having a true name we do not have a true language that can reflect our full intentions. What this underpins is the fact that LAW in and of itself is not true, for written word does not and cannot fully describe the intent behind the laws or meanings. If Language is the foundation of communicating law, for which words have multiple meanings and are not based on truth, then LAW itself is untrue. More simply put, LAW is an unnatural and a destructive force to common nature of our kind. Even the word *human being* is not defined by law dictionaries, but only referenced as "Monster, that has no property rights". You will however see the word Human used in a number of key aspects of legislation, such as Human Rights and Human Resources. The idea that Humans have rights is again a misnomer in the SYSTEM; it is there only to trick you into believing that you have rights when in fact you only have privileges. Human Resources identifies human beings as a resource, a resource greedily exploited within the SYSTEM. Lastly it is important to note that both God and LORD God did not create human beings, look again. So why do they make reference to human beings and point their finger at us as there is nothing that defines us being human beings? Maybe you ought to ask that question sometime to one of your politicians.

Not only do words have different meanings, some words are strategically removed from current dictionaries. In fact a word defined as something different 500 years ago still stands today as a valid definition, even though the word isn't even used within the Oxford Dictionary or any other Dictionary. The same goes for Law Dictionaries, Catholic Encyclopedias, Jewish Dictionaries, and all dictionaries over the course of history, even clay tablet's going back to the times of

Ancient Babylon. The law that says, "There is no excuse for not knowing the law" as a form of defense is actually about the two Commandments that Jesus gave in Matthew 22:

[35] Then one of them, which was a lawyer, asked him a question, tempting him, and saying, Master, which is the great commandment in the law?

Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbour as thyself.

On these two commandments hang all the law and the prophets.

They have made this apply for every law ever created in all jurisdictions of the entire planet. Have you read them all? Do you know them all? Never mind that people take false oaths and perjure themselves by stating their name, even committing treason by pledging their allegiance to a foreign entity such as OUR SOVEREIGN LADY or HER MAJESTY QUEEN ELIZABETH II. Oaths are used as a way to form a contract with the court and getting you to confess you are a fiction, such as again, "Do you swear to tell the truth, the whole truth, so help you God." The correct answer to this question is "No." How can you tell the truth when your name isn't even true and they are presenting a corporate entity, asking you, an all-caps name, to be it's surety. The mere fact that language is not based in truth means everything you say is only hearsay. The Judge may say that you are in contempt of court, but the one in contempt is the corporate entity. It is all happening in the imaginary world, and again you should never go to court, there is no reason to. They have no authority to hear the cases and at best you are just wasting your time sitting around all day waiting to be called to the stand.

The letters that form words are in reality just symbols, of which symbols are the language of Telekinesis. The symbols of the Hebrew Language used to create the Torah are referred to as shadows of a serpent. The Serpent is created from shining a beam of light into the top of a glass or crystal pyramid made in the same dimensions of the Great Pyramid; the light forms an image of a curled snake inside the pyramid. If you create a wood carving of this same shape of the curled snake and project a light against it, it produces 22 distinct shadows, which is also represents of the 22 density levels and the 22 solar cycle of the Sun. These letter symbols have deep spiritual meanings to us all and help to unlock the secret of immortality.

You can read in-depth about this in Tony Bushby's book, *The Secrets in the Bible*. In essence, it is the serpent race that created the Bible. We have a Reptilian Complex dubbed the R-Complex in our lower brain, which works in the unconscious realm. It sees everything as symbols and responds to the Hebrew letter symbols via programming. This is highly important as we live in an imaginary universe created moment by moment by us, as we are infinite beings. Interestingly in Genesis 3:1 it states:

Now the serpent was more subtil than any beast of the field which the LORD God had made. And he said unto the woman, Yea, hath God said, Ye shall not eat of every tree of the garden?

Where is the Garden of Eden? Well you are living in it or at least what is left of it. Genesis 3:23 says,

"Therefore the LORD God sent him forth from the garden of Eden, to till the ground from whence he was taken"

As we go along you will learn a great deal more about this serpent and it's ways.

I want you to count the number of F's in the following small paragraph, but don't look ahead first, just count the F's you see.

FINISHED FILES ARE THE RESULT OF YEARS OF SCIENTIFIC STUDY COMBINED WITH THE EXPERIENCE OF YEARS...

Did you count 6 F's on the first try? Probably not. Our brains do not process the word "of". It is possible to write a page that says one thing to the unsuspecting but actually says something entirely different, if you are someone with knowledge of such things. The simple fact that we cannot even accurately see the symbology of language before us underscores it as being an unnatural and manipulative process of communication. Manipulation works via subtle differences, and unless you are aware of the SYSTEM, you will generally miss these subtle differences. The destruction of the ancient world's Esoteric knowledge, replaced with Exoteric knowledge, is the foundation of the religious manipulation going on today, one of light and one of darkness. The knowledge still exists but is kept away from the uninitiated. The Illuminati, those illuminated into knowledge that the rest of us are denied, have access to this hidden system of knowledge, which is used to manipulate us from moment to moment.

The fact that the same exact symbols are used to make up other widely used languages such as French and Spanish, having their origins in the European continent, just screams that the languages were created so we could not communicate with each other. This pitted each linguistic culture against one another in wars, which the ruling elite profited greatly from, not to mention their enjoyment from the people's great suffering. Educator David Butterfield describes that during a process of presenting a Human Rights Complaint at the United Nations concerning the deceptive use of fictions applied against living people in CANADA, a lawyer was asked what is Law. The answer given was simply, "Law is the masterful use of language." Nothing has been done about this complaint thus far in the United Nations (really the United Corporations controlled by the international bankers). For the UN to take action would expose the foundation of their existence as being only fiction and that indeed the United Nations operates under Admiralty Law and not Common Law.

<http://www.indymedia.org/en/2005/10/826340.shtml>

I'll also make mention here that Law is interpreted only by Lawyers. This means that anything that is written down as law, can be interpreted in any way or form, a Lawyer wants to interpret it. Thus the statement "Canada was Founded upon the Supremacy of God and Rule of Law", can be interpreted any way the Lawyer wants it to suit the purposes of the moment. If you're not a lawyer, you don't get to interpret the Law because you are not a member of their Society, of which only laws apply to. Only those members within these various Law Societies around the world can interpret law, which means they can draw you into their system using force/manipulation and not allow you to protect yourself from their SYSTEM using their laws.

Law is not about truth. Reference again Genesis Chapter 1, where God created no laws and no names for man. This is why in truth you cannot harm another without harming yourself. We are all from one same consciousness. We live in a world of illusion where we have been made to believe that we are separate, but on a spiritual level all life is connected and interdependent. If we poison our environment we poison ourselves. We must live in truth or we die.

### **Types of Courts**

There are numerous types of Courts used throughout the world. Common Law Courts no longer exist, wiped out because they actually had some merit in acknowledging the rights of man being over that of a corporation. They build big fancy courts, some of which are even shaped like hulls of Ships like the LAW COURTS building in Edmonton, Alberta, Canada. The Buildings do not make the court. It is the people involved, primarily the Judges, which are the court. It is just a let's just pretend game.

Star Chamber courts as mentioned before were used in medieval times, and in which the accused were not even told the evidence against them. Do you think JESUS had a court? Pontius Pilot, under influence of the Judean Sanhedrin, simply asked the mob if they wanted to choose him or the thief Barrabas, even though Jesus was innocent of any crime they tried to pin on him.

Civil Courts have nothing to do with the living, as again Civil is a term used by corporate entities and comes from Roman Civil Law. Criminal Courts don't define the nature of anything but those being accused of criminal activity within a system of law, which does not apply to the living, unless it is used within the context of the living, and then who are we to judge one another? We must take measures to restore balance, but judging and condemning someone for their actions does not restore balance, but rather causes a great deal of disharmony and negative feelings that permeate everyone. You cannot bring harm or suffering to another without it affecting everyone in some way. We are transmitters and receivers of thought and emotional energy and this is the only pond and we all swim in it.

The use of Sharia Law has been put into various law codes throughout the world. Code is a word derived from Talmudic Law, which is codified Law on Master/Slave relations. You will see code used on things such as Criminal Code, Postal Code etc. Women are essentially sold as slaves to their adoring husbands in places like Saudi Arabia and in the west are given away as property at wedding ceremonies by her father. In some Countries, if you have no money you can't buy yourself a wife. I cannot judge Islam for what it is, it is. I can only say that since the foundations of Islam are in the Bible, which is untrue, there is a huge amount of disharmony created from implementing a religion and a way of life based on the Holy Koran. Once again the masses are made to suffer. The Ruling Elite use their courts, their money and their law to keep the masses enslaved and at war with each on many levels, while they enjoy the good life as it were. Women are slaves merely by their label "women", though they are classified as property as per LORD God. It is simply a lie as all women are not women; they are man created female by God. It is women are thought of as things, thus property; separate from the whole as men are, but that is the ego mind LORD God's thinking. A thing needs a belief system for it is separate from the whole and has no knowing, which comes from connection to the whole. Thus a thing is named as it is a thing, not thought of as an energy structure within the whole. God did not create women, God created a man as male or female. Ever notice that LORD God, ego mind, never mentions God in his talk, as LORD God sees himself as God.

There are many different types of courts, but in the end their only objective is to create more disharmony within the pond. Truth does not require a court for the truth is absolute. Courts make a lot of money for the lawyers and judges. The end result is that their Banker Masters can easily control things in the background, unseen by prying eyes. The very notion that the "Scale of Justice" is based on truth is a fantasy. Common Law Courts never existed in Canada as far as I know, but did in the United States until they were all closed around the early 1900's.

The use of Anglo Saxon Common Law is an approach where the Jury runs the court and makes decisions based on factors such as the state of mind of the accused, and then creates case based law. The sheriff selects the people involved and the laws are based on *Do not unto others as you would not have others do unto you*. It has a balance mechanism built into it that somewhat ensures a fair trial and fair treatment. It was in fact too fair as people were beheaded in France for trying to spread knowledge about this system.

If we examine the history of the world dating back to ancient Babylon, we see a constant theme of Babylon created courts under the guise of different kinds of civilizations, which only grant privileges and not rights. Is it any wonder that the George H. W. Bush family line can be traced back to Cleopatra in Ancient Egypt? The amount of evidence that thirteen

Bloodline families are controlling the Financial and Legal SYSTEMS of the world and that they present their corporations as Countries is staggering. If you're interested in more information about this, I suggest going to [www.davidicke.com](http://www.davidicke.com), [www.infowars.com](http://www.infowars.com) or even [www.rense.com](http://www.rense.com) as good resources on that topic.

The highest court in Canada and most countries is supposed to be the Parliament, though this is not the case. All legislation put through the Canadian Federal Government must be approved by the Privy Council. The Privy Council is made up of the Queen, Bankers, past cabinet ministers, Prime Ministers, and people from various foreign countries. This is obvious treason, but in a

fictional world with fictional laws, what does it matter? The mere fact that politicians perjure themselves and commit Treason by pledging their allegiance to HER MAJESTY QUEEN ELIZABETH II, a foreign entity, should raise eyebrows. This is just what goes on in Canada, never mind what goes on in more corrupt regimes.

The Highest court is the Court of Truth based in Common Law. This court does exist and is accessible through a Notary Public. I will explain later in the book on how to use Notaries, but for now just be aware that the system is stacked in the favor of the criminal element running the show, but they cannot circumvent truth. When presented with truth, their house of cards begins to crumble. Parliament does not deal at all in truth, it deals in fiction, for which the rules can be changed at any time to benefit the needs and goals of their interests, not yours. A Notary Public is another actor, but an actor that has a great deal of power within the fictional world and allows you to settle things without conflict or going to their fictional courts.

Just because the people in Parliament send out a notice after an election saying that they are your new representatives does not mean that you have to accept this. Return their little card and notice back to them saying that they are not your representative. Why would you want them to represent you in the Highest Court in a Fictional world? Because they are in fiction they cannot deal in truth and don't. They are minions of the people who own these CORPORATIONS called Countries.

### **Observations from my time in Court**

Like most people, over the years I have had to go to court for various reasons. For the most part I never thought much about it other than it was my *duty* to do so. PERSONS have duties, they are under servitude, man created as male or female do not. The entire courtroom looks akin to a church, with the pews in the back and the pulpits up at the front. The Courts are truly Temples, wherein those that are charged and brought before the court are there to be sacrificed. This is no different than how conflicts were resolved in the ancient world, but since they can't yet sacrifice you by blood, they get you to offer up your freedom and wealth in exchange for your life.

I remember one day I went to court just to observe the proceedings. I had taken a course in Law and Government in High School, and I was always curious as to how Law actually worked and the inner workings of a courtroom. I visited a family court one day and listened to the testimony of a divorce case about who slept with who and so on, and in the end the judge granted the divorce. It peaked my curiosity that a Judge could do this and not a Priest, but I didn't think much of it at the time. A beautiful young lady with long blonde hair presented one case, representing the wife of a lawyer who was seeking alimony payments from her husband. The ex-husband lawyer stated via his lawyer that he made \$90,000.00 the previous year but had \$80,000.00 in expenses and was not in a position to pay alimony. The Judge rendered that the lawyer should take on more cases and work harder to pay the \$3000.00 a month alimony including child support. The female lawyer, happy for her victory, stated that she wanted the judge to do something else so that she wouldn't have to keep charging her client \$5000.00 per hour. The Judge stated that he wanted to speak with her in his chambers. She kept saying that she wanted to send a representative from her office to speak with him because she was very busy. The Judge kept insisting. I noticed that she actually had kneeled down towards him prior to presenting her case. The men in the courtroom all started to snicker and laugh as she desperately attempted to squirm out of the judge's request. In the end she had to obey and agree to go to his chambers. She also kept addressing him as, "my Lord". Hence Lord God, the preamble that Canada was founded upon the supremacy of God in the Charter of Rights and Freedoms. What Lord God wants Lord God gets. It seemed that the Judge wanted to give her some extra duties to perform in his Chambers for her to earn her \$5000.00 per hour. As bad as it may seem, it could just as easily have been a guy that the male judge might want to speak with in his chambers.

One day I was pulled for Jury *duty* and had to appear for in the court house or I would be arrested and charged with failure to report. Curious as I was about the courts, I was not overly eager to get seated as a Jury member. We watched a nice video explaining the process of Jury selection

and why it was important in society, as well as some basic protocols about what to do during the selection process. The accused stood on a pulpit type thing watching all this transpire while the Judge and lawyers sat watching a lottery taking place. They first took attendance then the lottery began. The lawyers refused people who appeared to not have the maturity or mental capacity to make decisions (yes mentally handicapped people were drawn into the court). Anyone involved in Security or law enforcement in any way were also refused automatically. Interestingly, lawyers can be on a Jury. My PERSONS name was never called, but they went through about 3/4 of the room, about 130 people total, before twelve people were selected. The excuses that people came up with to tell the judge that they couldn't do jury duty was amazing. It occurred to me much later in life that the Jury is actually made up of people who were not smart enough to come up with an excuse not to do Jury duty! During the selections, every step of the way they are seeking consent from the accused, having him stand there and not say anything about the process, or the simple fact that it isn't him that is being accused but rather his fictional sidekick the PERSON, and his silence makes the contract.

Everyone is equal under the law, but they are actors in a play and we have all been invited to join along.

Another time I had to go to court as a witness to some assaults and threats. No matter how bad the assaults were, as long as weapons were not used, the crown would seek a peace bond, which would remove the criminal aspect and just keep it CIVIL. The outcome from this is that the accused would have to agree that he should stay away from the victim for 6 months. One victim did not know English very well and because his interpreter showed up late he did not understand what was happening and was made to agree with this. The guy who pounded this poor guy nearly to death walked out the court with a promise that he would stay away from him for 6 months. Try doing that to a cop and see what happens. I saw three or four of these situations and could only shake my head at how shameful it was.

Now what really turned the worm on my thought process of the justice system was when I had to go to court to testify against a young man who had aided his friends in robbing me. He had a 300-pound friend of his stand beside him while he threatened my life and then proceeded to punch me after I had thrown him to the ground for being in my face and previously punching me. I was well reserved trying to get my money back and trying to talk sense to this young man. Of course things would have been much different if he didn't have his friends backing him up. This dragged on for about two years before it got into a trial.

The first Crown prosecutor, who was absolutely snaky with me, only spent 15 minutes reading up on the case, totally unprepared to prosecute and only wanted to seek a Peace BOND. I was outraged. He also said that the robbery part was removed from the trial because they got the guy who actually did it, but his cohorts were not responsible in some way! It got put over because my witness never showed. The Crown prosecutor stated that it was his decision alone if they were going to prosecute. That blew my mind right there. What's the point of going through all of this if there isn't going to be a prosecution?

When we finally got to trial about again a year later my witness did not show yet again, but they proceeded any ways. There was a different CROWN prosecutor this time and he seemed very kind. The Lawyer of the DEFENSE made reference to the CROWN prosecutor as being his friend to me. It was court talk, but I wondered just how friendly are these guys, later to find that he was saying he was a friend of the court, which tends to deal decisions his way, what a fraud!

What transpired from there was the one of the lamest prosecutions I have ever seen. It was a complete dog and pony show. The judge actually had to intervene a bit and ask the young fellow questions pointing out his perjury and lies trying to obscure the obvious. In the end the Judge said he couldn't decide who had hit whom first, even though they I had been robbed and they had just put one fellow into alternative measures for the robbery. They do that for first offenders to avoid giving them a criminal record.

The fellow who robbed me made an apology to me via a letter. He mentioned how insane it was as to the amount of money he was spending on lawyers versus the \$25 he stole from me. I am sure the young man in the trial had spent a large sum of money on his lawyer as well. At the end both the Crown Prosecutor and Defense Lawyer turned to me to get my take on what had just transpired. I told them that I knew what the young fellow did to me and perhaps the money he spent on lawyer fees would deter him in the future for doing what he did. The aura that they put out was like I was in a church or something. It was like they were saying you are an adult and this is a child; you should have handled things differently. That was the underlying message I took away from it all.

As soon as I left the courtroom I gave my head a shake and said to myself what a dog and pony show I just saw. In terms of what I saw they were actors. They put on a play for me, for which I was invited to be one of the actors. The outcome was perhaps not what I wanted, but the underlying message about grow up and take responsibility for your own actions and treat others who rob and assault you as children that do not know better, resonated loud and clear.

This is the true nature of the courts. They only exist because we do not take personal responsibility for our own actions, because if we do we become a criminal as well. There is no law. In fact there is no justice. This is the fundamental nature of the courts. The Judge has no power over you or anyone. He is the same as you, equal under the law. He cannot do anything to you, without you first giving him permission to do so. In our child like behavior we are allowing these imaginary governments and courts to exist. They make lots of money because we have missed their underlying purpose and more importantly have forgotten who we are. Who are we? We are everything that exists, we are infinite beings caught up within our own illusion of fear. That is why we are all equal under the law; we are the same infinite consciousness that can be either a droplet or an ocean. The actors are man created as male or female by God we must not forget that, although some are not based upon the Genetic Manipulation, which I will get into later in the book. The people who are organizing all of this in the distant background, and keeping us in ignorance, are soulless creatures. They do what they do because they are pure illusion, fictions. Much like the movie *The Matrix*, there are many among us that are not like us, but pull the strings to keep the illusion going.

They want us to keep throwing temper tantrums at the illusion, when in fact it is us that are creating our own reality from moment to moment. They are doing this because we allow them to, because they live in a world based on fiction, truth is meaningless to them and Truth is absolutely the most important thing, for without it we cannot exist. It is perfectly okay for them to lie to us because everything we do with them is not based in truth. They want you lash out at their illusion to get into conflict, for that feeds the illusion more. The only weapon that they use is words, nothing more. They only use force when force is used against them. Of course this is not entirely true, but for the most part if you use force it gives them an excuse to use force back. They want to create as much pain and suffering as they possibly can to us. It is because we are ignoring our wound. In order to enter into the illusion there was a wound created. We hide the wound and protect it with a great deal of energy for we feel it will be more harmful to expose and heal it than to cover it up with illusion. Barbara Ann Brennan talks about this in her Book, *Emerging Light*, in which we all as natural healers come here to heal but get caught up in the illusion of protecting this wound thing. We are ignoring the fact that we are all one in the same and we need to love each other, not conflict with each other. The mind is a powerful tool that allows us to create illusion, but it has an ego and that's part of what we are here to learn about, how to control our minds so that outside forces do not control our minds for us.

We are coming up to 2012 when huge changes to our reality and lives are coming, from what many are saying. Would you hand over the power of being co-creator of the universe to a child that lashes out at illusion? I think not. They could have devised a different way to prepare us, but this is what we have, so we have to work with it, to be an adult and stop lashing out at the illusion, and to learn to ask questions. Not everyone in the SYSTEM is going to follow their

laws because law is not based on truth, and there is no such thing as law in fiction, because it is all fiction. Their Admiralty courts grant them the immunity from enforcing or obeying their laws.

All Courts are in fiction. If there is an address to the court, then the court resides within hearsay. There is truly only one court and that court is the court of our creator. In truth our Creator has no name and is not a fiction, just like us. You may have never thought about it that way. To say our Creator has a name is only hearsay. The court exists because we create it, not because fiction creates it. If we are the only ones there in truth we can simply say it is our court and we are holding court. How can a fiction possibly object? There are no laws that apply to a living man, male or female created by God.. Keep in mind that the courts were set up by the Pope and the Pope only decrees ownership over human creatures, not man created female or male created by God. A human means the color of man, a fiction. So again, destroy their illusions and set yourself free. You can read up on the Popes enslavement of human creatures in the THE BULL UNAM SANCTAM , 1302. <http://www.fordham.edu/halsall/source/b8-unam.html>

## **Back to Baal**

Perhaps beating down on the illusion is not the best method of handling things. It's obvious there is an incredible injustice that is transpiring here, but it is only us that are allowing it to happen. If someone does not want to acknowledge that we are equal under the law, I really don't want to have anything to do with him or her. The best thing to do is slide their stuff back to them and don't accept what they offer. The only law that is being practiced today is Commercial Law. In truth all law is being practiced but selectively I would say. The hardest thing for everyone to come to terms with, is that again, this is all happening in an imaginary world. The scripts that are played out are called Acts. Did you ever notice that the laws all come from Acts or Codes? Here are some definitions of Act:

Black's 7th defines Act as:

1. Something done or performed, esp. voluntarily; a deed.

Nowhere in the definitions of Act does it ever mention that an Act is Law. Are you volunteering to enter into the act? Yes through your acceptance of the words being presented to you.

Blacks 7th defines Code as: Strictly, a code is the compilation not just of existing statutes, but also of much of the unwritten law on a subject, which is newly enacted as a complete system of law.

The Criminal Code is based on unwritten laws (fiction) and this is where those laws get their entrance. Criminal courts using codes can draw from unwritten laws, which are any laws they want to dream up, usually to your detriment. As soon as you acknowledge that Codes apply to you, you are saying any unwritten laws apply to you.

The word Statutes is also important. According to Rob Menard, Statutes are not laws. A Statute is defined as "a legislated rule of society which has the force of law." A society is defined as, "A number of people joined together through mutual consent to deliberate, determine and act for a common goal." If you are not a member of the society then their rules and statutes have no force of law over you. If you simply remove your consent to be represented by your MP or whatever actor makes their appearance to you, then you are not part of that society and they have no force of law over you. How soon will it be now before you send a notice out to your MP, MLA and City Councilor?

The cult of Baal doesn't really exist today, yet it's practices still abound. The Christians, Muslims etc. join these societies (Countries) and thereby live by their rules. When they force these societies onto others, as was the case with the Temple of Baal, conflict erupts because they are violating people's natural right to choose and be self-determining. The enslavement and death of others to raise the standard of living for a few is always the basis of Tyranny. For those in the Christian movement who believe in the Laws of LORD God, which he calls statutes (fiction), just look at

the courts as perhaps the Temple of Baal. The Bible is all about an invitation into a society where you will get salvation and eternal life if you follow its rules. Although this would be nice, is there anyone that this offer has been made good on that didn't die long ago? Perhaps then we should pay more attention to the living to figure out how we might get eternal life here on earth if that is possible. I don't think you will find the answers in the Bible. For the most part the Bible and the Holy Koran are devices to form statute societies, which only benefit the few while leaving the masses in ignorance and disarray. They make lots of money from the Holy Wars and from enslaving people to work on various projects that benefit the few rather than society as a whole. Perhaps it is time to reexamine the risk reward issues from belonging to such societies. Is the Creator a member of the society? Do you see the Creator at the temples every day?

If you we are ever going to break free and be free, we need pay attention and be observant of what is going on around us. We have to ask questions. If we don't get the answers then perhaps it is time to move along. Did the destruction of the House of Baal stop the use of law systems not based in LORD God's Laws? What it did though was amplify it more and created a system that was even more deceitful. Did the slaying of these people who used words to gain power over their fellow men resolve any issues? I am not saying what they are doing is right and justifiable, it is a war that they have started against us that has been going on now for thousands of years. Conflict is their key and they can divide and conquer, conquer being the optimum word. Of course they use force and intimidation to enforce their will onto others, and they are using us as their tools for doing it. When have you ever seen leaders of countries doing the dirty work themselves? They reserve that dangerous work to the ignorant that follow them.

It is our ignorance that is the enemy and education is our defense. They don't want us to start teaching each other about what is going on, because that would totally destroy their house of cards. They pounce on people's ability to have free speech to quiet the rebellion. They want their slaves happy and content. They don't want them to know that they are indeed enslaved, for then they would have more challenges to deal with.

### **Final Thoughts on The Temple of Baal**

Elizabeth-Alexander-Mary: Windsor is not HER MAJESTY QUEEN ELIZABETH II. She is not part of any society I can see in relation to Government. I don't see her name listed anywhere on any of the legislation, nor is yours. When the Elizabeth is in the CITY, she must walk behind LORD MAYOR. When she is outside the city acting as HER MAJESTY the actors must walk behind her. Temple BAR is the holder for the Slaves called PERSONS within their Society. The QUEEN PERSON is nothing more than a slave denoted as a leader of the slaves.

In terms of her Oath granting rights and freedoms to people, your rights and freedoms do not come from the QUEEN for that would identify you as being a slave. Further your rights do not come from the GOVERNMENT for they are only interested in chattel slaves. Your rights and freedoms come from you. You have the right to claim your rights and freedoms. They cannot take away your rights so long as you are not forcibly interfering with others in a harmful way. We are free to do what we want as long as we cause no harm to others. The air we breathe and the land we live on is for the common good of all of us. Without it we would die, so sharing equally that which the creator made for us is paramount. It will take time to get to that state of mind, but we are moving there.

The Courts as Temples of Baal deal in argument. You show up in court over a traffic ticket you are automatically in dishonor as they gave you 30 days to discuss the matter with the Justice of the Peace or a Notary etc. involving the individual that wrote you the ticket to begin with. They do not have force of law over you unless you give them in some way of having it. Silence is consent. The very nature of pleading not guilty is ignorance because if you are not guilty then what are you? Only you can claim your own innocence, and that cannot happen in their Temple. We are blessed by God (Genesis 1:29), which means to be without sin.

## Chapter 3

### The Hidden Occupation

There is a huge Monolith in St. Peter's Square of the Holy See. Amazingly enough, it is an ancient Egyptian monolith. Now ask yourself, what does an Ancient Egyptian monolith have to do with Christianity? The very nature of Darkness is to hide their religion out in the open, essentially hiding it within the light. In truth their symbology takes on deep meaning for them in terms of how they subjugate and enslave us versus what they tell us their icons stand for. This is the nature of their occupation and enslavement of mankind. They never reveal the true meaning of their symbols, for it would tip you off to knowing the truth about your enslavement and crushed dominion. They are extremely patient and will wait hundreds of years before advancing certain steps in their agenda, couple would be getting us use to using names and identifying ourselves as a fiction rather than who we truly are. This has been going on for thousands of years on smaller scales, but because we are now approaching 2012 where our consciousness will shift to the point allowing us to ascend, they are going all out to try and stop us from ascending. There is no doubt that we are at a point of great change and they know it. The beginnings of this tyranny can be traced back to the creation of various religions, all dating back to roughly the same time period and from regions in Europe and Africa.

Religion is and has been used to pacify the masses into accepting Tyranny, God did not create Religion, man did. The foundation of religion is as a weapon to subjugate people through wars of division, to divide and conquer. The core of religious belief is that it is okay to murder others in the name of some prophet or deity, so long as you believe in the prophet you will progress to heaven. In Islam you must kill an infidel in order to go to heaven, so then what happens when everyone is a Muslim? Even today wars are raging over Religion in the Middle East and elsewhere. These conflicts are not deemed as a war against man created male or female by God, but against people who are labeled in some way other than man created by God, these are the "holy wars". It is a testament to the true nature of the people who we consider to be holy and spiritual leaders. The very nature of the fraudulent beginnings and practices of these prison religions should give people a pause for thought, and lead us to question why religion would be involved in enslaving others, destroying cultures and committing genocide on large segments of the population? In truth the Creator speaks to us everyday through total unconditional love, not religious doctrine. There is no intervention by the Creator of this world into your life or anyone else's unless we choose to invite it.

The Holy Roman Empire is only one aspect of the Occupation taking place today. The entire Occupation is designed to set up false flags so that the occupied cannot really pin point exactly who or what is part of the Occupation. If you go chasing after the Crusaders (a.k.a. the Christians), the Jews, Islamic Extremists, Masons etc. you are going to miss the plot. All of these institutions operate with a command and control pyramid structure. Everything is compartmentalized so only a few see the big picture of what the hidden hand of manipulation at the top is doing. Many of the people in these institutions are there for benevolent reasons even in the various Governments. The truth is that if you want to control large institutions and concentrate the power into the hands of the few you must have these command and control structures in place. This is how it was in the Ancient world and this is how it is today.

Each year the people in control of these structures meet in an event called the Bilderberg meeting. They coined the name the Bilderbergers after first meeting in the Hotel Bilderberg. Generally people are put into key positions of Government power are involved in this group. Even the coveted Prime Minister Steven Harper attended a Bilderberger meeting a year prior to becoming Prime Minister of Canada in 2003. It is but one example of how a select few make decisions in secret that affect all of us. There are attendees of these meetings that are leaking information about what occurs, and some journalists do report on it such as Alex Jones at [www.infowars.com](http://www.infowars.com). I strongly suggest that you watch this video put together by Alex Jones to get an idea of what this group is truly about and the evil that they are perpetrating on the world.

<http://video.google.de/videoplay?docid=6690392308244586173>

The enslaving and takeover of the planet went into high gear about 500 years ago with the expansion of white Europeans into the Americas and elsewhere in the world through the use of ships. Just think about that for a moment. The occupation can only work if these people wanting to enslave us for their own selfish ends can only do so by pitting us against each other. The hidden occupation will be crushed once enough of us wake up and start saying no, no to secrecy and deception, and no more enslavement. There is nothing to fear about this for we live in light, they live in darkness. They are in fear and they grasp onto power through their fear. They cannot survive when we deny fear and take back our freedom in love.

What has made this expansion of the Holy Roman Empire and all forms of Imperialism possible was the use of contracts as shown in the first chapter. The fact that people were for the most part forced into these contracts under great duress is unlawful, but remember that legal is not lawful. The creation of all these Countries, States, Provinces etc. only exists in the real world as Fictions. They are merely corporations. The fact that in Fiction there can be no truth means the entire SYSTEM is based on lies. Their objective is to get you to voluntarily enter into contract with them and for them, not to disclose the true nature of the contracts as they are operating in legal, which allows for fraud to take place versus lawful. They do things in ways to obscure the truth so they can play the old Bait and Switch game on the unwitting.

The Christian values that the Queen and others claim to adhere to such as love thy neighbor as thyself are complete lies. The SYSTEM is designed to enslave you and to take away as much wealth and energy from you as possible. Children who are in their School SYSTEMS are loaded up with hours of homework each night, even at the kindergarten levels they get homework, which does little to educate them, but rather enslaves them and gets them used to working long hours for little or nothing in return. The curriculum there is designed to cause confusion and dumb them down to the reality of what is happening around them. The Occupation is controlled through a pyramid structure of compartments, where only the people at the top have the greatest view of what is going on, keeping the rest of us in ignorance of the true goals and reality being achieved.

In truth the major fundamental religions all take from their followers for the use of the Church and "God's Works". In some regions, referred to as Countries, religious leaders are so corrupt that they take almost whatever they want from the people, usually the working class. Iran is a good example of this. The money and property taken is usually not traced. It always seems there are certain well-known families that are very rich within these countries and not surprisingly have great influence within the various institutions that are used to control the lives of the people. The SYSTEM spreads out like a spider web to these bloodline families and their minions. It is an organized crime SYSTEM for which they hide behind the various religious and government institutions as a way to gain a higher level of credibility in their exploitation of people. That is what the SYSTEM is all about, exploitation. It allows the few to benefit from the labors of the many.

Everything depends on you volunteering to enter into contract with the SYSTEM. Don't believe for a minute that they won't intimidate, torture, oppress and do almost whatever it takes to get you to volunteer though. The extent that they will go varies from geographic region to region. Any illusion of democracy should be thrown out, as democracies do not exist because only a small number of people in comparison to the rest of the population hold all the decision making power, not those elected generally. The Votes in the various institutions such as parliament are fraud because the politicians are trained seals and are obligated by their party line to do what they are told or else. Because it is Admiralty Law that they are working within, they have a duty to pass only the laws that the Captain of the Ship wants passed. This is why many Countries have a Governor General, who is a military Officer who supposedly represents the Queen. However, in de facto Countries they leave the word "do" out of their Oaths and so they represent no one. In fact the country Canada is a corporation controlled by the International Bankers in London, England. It is listed on the Securities Exchange Commission in the UNITED STATES.

Indeed Canada is a Corporation just like a car dealership or bakery etc. It is not a Sovereign Country, but more accurately a State of the U.S.A.

### Canada's Listing Under the Security Exchange Commission

What you find within the structure of the Occupation are titles of Officers, Generals and other military designations all reflecting the Admiralty Law of their imaginary ship on land. They will mix in some religious designations as well, such as Constables, to confuse the situation. Isn't it interesting that you can go to a Catholic Church, confess all your sins to a priest and your sins are forgiven and yet by doing the same thing to an Officer you may end up in Jail. The simple fact is that even the Catholic Church is a REGISTERED corporation of the various Countries it resides in and thus is subservient to the Government. If the Government wanted to they could force that priest to tell them everything that you said in confession. The SYSTEM makes sure that no one within it has any rights or freedoms, only privileges. In the Preamble Canada's Charter of Rights and Freedoms it says Canada was founded upon the Supremacy of God and Rule of Law. Perhaps this means God is not supreme within a fiction, and if God isn't Supreme then what are you? If you take their bait, you become a slave to the owners of the Corporation/Society of Canada. Remember that God never made any laws; so acting as God they can do whatever they want within their SYSTEM, Government is God to them.

### **Law**

In terms of Law some say there is God's Law and Man's Law. God's Law is the Torah, or more specifically LORD God's Laws and Statutes, although the word Law is never used by Moses or LORD God. There are people who say that you have to follow God's Law or else you fall under Man's Law, Zionists in particular. The Religious hardliners of the world like this situation because they can get you coming and going. They only allow you two choices. In some places they just kill you if you don't follow God's law, based on their Holy Qu-ran, if you are an Infidel. In Somalia they passed a law saying that if you didn't show up to pray 5 times a day, that you will be executed. That's freedom for you.

Law is Society-based, and is a voluntary thing, and since laws are voluntary, why are we following laws at all? A Country is not a Geographical area in the physical world, only Geographical in the imaginary world, under the law of nations that contains within it an imaginary society. Only names can be part of these societies, but you have no true name. To say you have a name is to attach something of the imagination to yourself.

What we have are competing interests to some degree who want their version of LAW utilized within the Courts. To accomplish this they incorporated other SYSTEMS of LAW into the Laws of Commerce, and that is used in most of the courts through out the world. The Torah states in Deuteronomy 4:2;

“Ye shall not add unto the word which I command you, neither shall ye diminish ought from it, that ye may keep the commandments of the LORD your God which I command you.”

And in Deuteronomy 12:32;

“What thing soever I command you, observe to do it: thou shalt not add thereto, nor diminish from it.”

If you are an Orthodox Jew then this is the extent of your life. It is one of the primary reasons why there are many Jewish people involved in Law. The Talmud is well integrated into Modern Commercial Law as well as some aspects of Canon Law. Civil Law is the cover used to impose various systems of law onto people, which in turn are designed primarily to enslave and steal property from the people to enrich the few. The Creator made no laws so why are they?

We identified in the last chapter that law was defined as the “masterful use of words” at a UN human rights complaint commission concerning the use of fictions as a form of tricking people

into losing their natural rights. It is only fair then to say that Law as it's presented is in and of itself unlawful. . The truth is that in order for law to have any lawful force, it must be based on truth. This is the crux of the negative dichotomy of law, that it requires manipulation and entrapment. In fact all law is not based upon truth, it is based upon fiction as truth requires no laws to support it. Laws only exist to support a fiction based reality. There are really only two laws that have stood the test of time under common law. The first is, "Do all that you said you were going to do." The second is, "Do not harm others or encroach on their property." Although based upon your conditioning these would make sense, in terms of God they both violate our naturally held dominion, right to rule and equality.

There is a third way for law to work that is purposefully eradicated. That is simply to stop the lies and make people accountable for the truth, without all the obscurity and tricks and intimidation. Getting to that point would totally destroy their SYSTEM, and when we do all start living in truth and not allow others to get away with using trickery to gain our cooperation, we will be free of this menace that the ruling elite have devised for us all. But this is the point of Government, they do not rule by Rule of law, they Rule, by Rule of Force and have no interest in what the law says other than charging a person with imaginary things. It is all legal and nothing is lawful. Their God is Government and the elected people are high priests who practice creating legislation to solve all their problems for them, it is really sick when you think of it. The more they pull away from dominion and equality in love as it should be naturally, the more trouble they get into because they have to bribe more people with stolen money and pass more laws to make the masses submit to their tyranny. They are trying to play God, when if they simply structured everything around equality and dominion for all, it would be a much simpler and happier experience we call life for all.

Law, or what they want us to accept as Law, is the tool that is used to fuel the hidden occupation of God's created earth. The Goals of the occupation are two things, one to extract our energy to feed demonic entities and extract Gold from the earth for use on Niburu. We extorted into a system of self-enslavement for the benefit of alien races, which are and have been shitting on us for thousands of years now, if not longer. Basically this is an alien ant farm. Whether you believe it or not this is the true reality of what is going on.

In terms of trials, everyone is supposed to accept that because someone got a trial that it was fair and impartial, and any sentence handed out was fair and just for those that were found guilty. We must be our brothers keepers if we are to get through this. What the system does to one of us, they do to all of us. There is no impartiality to the process and the Justice of the Peace never if ever listens to those charged, just acts as a rubber stamp to finish off the arrest process.

When the truth about the SYSTEM is exposed and actually win, records of the cases are destroyed or simply disappear. Transcripts are usually altered to a great degree as well to omit evidence exposing the SYSTEM and or people they wish to protect within the SYSTEM. The system is rampant with pedophilia and Satanic Human Sacrifice. They use these two keep their minions in line to do the bidding of evil when called upon.

As I have mentioned, the ruling elite have created a giant prison in an imaginary world and called it a play. They use PLAY SCRIPT and have Acts to the Play. Everything works by you giving the Actors the voluntary permission in order for them to use the force of Law against you, if they don't they are dispensed with in short order, thus it really is voluntary through illusion. They do this through lots of deception, and benefit from getting you into their Play so they can confiscate your wealth and enslave you. Law and money are their tools of occupation and Tyranny.

The Talmud considers anyone who is not a Jew to be a beast and therefore subject to mans laws instead of God's laws is of itself a false doctrine. How can anyone be subject to God's laws if they are not part of the society of people that believe in God's Laws? How can anyone be subject to God's laws without any proof of, or historical confirmed existence of, their God as LORD God? And thus who are they to dictate to the rest of the world what laws we should be following? Indeed the occupation has many different aspects to it with law as a tool. The Talmud makes it

okay for Jews, but mainly Zionists, to lie and extort from others. It is justified because LORD God says others are beasts with no rights, thus if you are not one of them you are a beast and it is okay for them to enslave you. Slavery goes against the very foundation of Common Law. This matches up perfectly with the use of the King James Bible in the Commonwealth Courts of Canada. Elizabeth-Alexander-Mary: Windsor, the Actress for HER MAJESTY QUEEN ELIZABETH II has told the Canadian courts to remove the King James Bible because she no longer wants to be responsible for the mass fraud that is going on there. The Bible represents a Belief system, but it does not represent truth. The Queen is feeling the pressure of the people beginning to stand up and rebel against the tyranny of the occupation. Like a scared rat, she is jumping off the ship in hopes that she won't be held accountable for what has and is going on. We are winning this battle and war. It is going to be painful at times, but perhaps these tyrants will finally learn that people just want to be free. You can't hold us down forever, as LORD God arrogantly thought when he created an illusion of the world in Genesis Chapter 2. There it says that LORD God created an unreal illusion and by that usurped the Creator's creation from him. He created a prison of fear where he got to pick the best part, the part of the play where he gets to make the rules and impose them on others.

### **POLICE and the SYSTEM**

POLICE means different things in different places around the world, that is to say police mandates differ. When the Bankers have control over the Planet, *to Serve and Protect* takes on a different meaning. They serve the SYSTEM and protect the SYSTEM, but do not serve you. Sure there are some good people in the POLICE forces that would do anything to help you. Few however may actually realize whom it is that they are working for. There is now little doubt that the USA is now a dictatorship run under the Executive puppet in office, multi-billionaires and the Bankers who seized control of that Country via a 1913 Coup de tat. At that time an amending of the Constitution allowed money printing by the private bank called the FEDERAL RESERVE, as well as an amendment to collect income tax. It was unlawful and should have been stopped; yet to this day Congress, which has the power to stop them, does nothing.

People should be angry. The spineless, do nothing individuals in Congress ensure the promotion of the New World Order plans and agenda for a One World Government based in Tyranny. The POLICE and MILITARY are part of the hidden Occupation, and have been turned into a private army for the International Bankers, not for the protection of the People. Their mandates are now to protect and serve the Government and not to uphold the Constitution, which is the opposite of what they all swore an Oath to do. The US Constitution is all but gone now, just an empty shell of what it once was. It is truly sad that people entrusted in upholding the Constitution, a document which provided freedom through civil law, could become a Roman-like dictatorship, with Caesar's will having full force and effect. The passing of the Military Commissions Act and loss of Habeas Corpus allows the Government to strip any PERSON of their citizenship, ship them out of the country as an enemy combatant, where they can be tortured and tried under a military tribunal and executed in secrecy. Without Habeas Corpus you cannot even go before a Judge and ask what body of evidence exists indicting you as a terrorist. You won't be judged by your peers, not that you would get a fair trial anyways, but at least you would be able to show others what is happening to you. This should give you pause for thought. This is absolute Tyranny.

The sad thing is that the POLICE and MILITARY personnel think that they are safe because they are in the SYSTEM. As long as they do the bidding of their Banker Masters they will be fine. I know some are absolutely sick and disgusted with what they are seeing, but at this point they are scared. To release their fear of the destruction of their own lives by the SYSTEM they impose it on others. This is beyond sick and I can't find the words to explain how this makes me feel, but I know that it is coming to a head. When the government can abduct people at any time, when people that speak out against the government are punished by force, and when physical, mental and sexual abuse of all kinds is accepted by these servants of the government, then outright murder of people can't be far behind. Even your baby can be designated as an enemy combatant

as there are no restrictions on the definition! Now perhaps people will begin to start listening and help us to start holding these tyrants accountable for their actions.

All of this is happening because you present the POLICE or MILITARY a document that shows that a PERSON is fraudulently attached to you. A PERSON is not who you are but something that you have or rather property of the Government, of which we are above as mankind. You can talk about your PERSON as a third party but you do not have a name. They can only ACT on the PERSON not on a man created as male or female by God. If you have a Social Security Number that makes you an employee of the Government, so turning that in is an important thing to do, and the IRS can't do anything to you if you don't have that. However gaining employment without a SIN number can be very difficult. More on this later, but we can overcome this problem through our dominion.

The IRS can't show the law that says you have to pay taxes. They use their police in unlawful intimidation techniques, such as raiding your house and taking everything from you without even stating what law they are acting under. The key is to never give them a name that they can assume to be you, allowing them to act on it as being a PERSON. I am sure at some point even this will become moot as they don't observe their Oaths now, they won't observe what law is in the future. But for now, just keep in mind that they are Actors and they are acting on the PERSON, which is not you. Another thing you can do is send in a notice saying that you no longer require a license of any kind, for that license is only for a PERSON and you are not a PERSON and have no need for such documents. Doing this may create some financial hardships, but it allows you to step outside of their SYSTEM. If they cannot see that there is a PERSON attached to you then by what authority do they have to use force of law on you? I strongly suggest that if you haven't watched Robert Menard's video, called *The Magnificent Deception* that you do so now.

Part 1 <http://video.google.com/videoplay?docid=6399325693468031456&hl=en>

Part 2 <http://video.google.com/videoplay?docid=-7257545709470673839&hl=en>

A difficulty with Rob Menard's approaches is it doesn't allow you to bring evidence into the Public from the Private side. He has some excellent info, but in the end you are entering into Admiralty Court and unless you are aware of its intricacies, you are not going to have a great deal of success. The best you can do is to stop them from making you the Surety, if you can get evidence in Fact into the record. Another problem is that most if not all Notaries are Lawyers. Their Bonds are given to them by the State and it is their insurance. They must do what the State tells them to do through the Law Societies, and so they can play games with you. For example, if you want them to witness your signature, they ask you to show them some I.D. As soon as you show them your government issued identification you are not the one signing the document, it is your person and they have brought you back into the Public realm. The Notary works within the fiction and fiction holds no truth. A Notary can only deal with matters of the Dead or Fiction.

Anything that they throw at you is an offer to you to contract with them. They must get your compliance every step of the way to be lawful or they may simply try to railroad you with force and intimidation, ignoring your questions to try and convict you. If they try to railroad you or intimidate you, you need to challenge them on it, they have no authority to do so. They do it because they see you as a slave. Don't be a slave! If you are not getting anywhere with them I would myself just get up and leave, even if I were in handcuffs. Compliance equals contract. You don't have to show your I.D. or anything for that matter, for your I.D. is evidence of perjury as you are not a person. Ultimately you can say that your rights and freedoms come from God and no one can change that.

The God created the earth and you and I are of the earth. Everything that you experience is of the earth made through God. God gave Man Dominion over the earth in Genesis Chapter 1:26-28

You can find remedies within Commercial Law as well by just taking what they throw at you and throw it all back at them with a bunch of questions that they cannot answer. I discuss

Commercial Law in the next chapter, but you must be aware of the Biblical Law that exists. The more you know the easier it is for you to push back at them. By simply saying, “I refuse your offer of Contract,” or stating, “Compliance equals contract and I do not wish to contract with you,” are powerful statements within commercial law.

Some people in police and military forces gain great self-esteem from having power over other people. Getting them to recognize the fraud they are committing will eliminate the power that they hold so dear over people. It is mostly brainwashing, early childhood traumas and bullying that bring people to this type of tunnel vision. Regardless, people are lied to and conditioned to believe they can have power over others, in a SYSTEM that has no lawful right to exist. Just because an official is given mandate to catch criminals violent and otherwise does not excuse them from ignoring the truth. We are only to use force to stop harm in defense only. To use force in any other way is to violate the natural order of creation.

The abuse perpetrated on the homeless and impoverished people by the POLICE around the world is horrible. People are tortured with tasers, beaten up for no reason, forced to live in freezing and complete squalor, and left to die. Sometimes these atrocities are reported on, but very few are ever followed up with any kind of action that would be considered justice. One area that is difficult for me to fathom is the amount of drugs available on the streets. It is monumental, and considering the level of technology they have today to track you and watch you, the higher echelon law enforcement people involved in this must be in positions of great trust and thus power within the SYSTEM in order to avoid detection or prosecution. The simple fact that the Bankers cannot control the ability of people to grow Marijuana has sparked a huge crackdown on it. It has been documented that Marijuana it is one of the purest forms of food and it has so many beneficial attributes for healing and manufacturing of goods that it is a crime not to allow it. In fact Genesis Chapter 1 states that all plants are God’s Gifts. So how they got around it is that they named the plants, thus applying fiction to it and thus control the plant usage through the fiction. A plant name is just hearsay, but this is the scam. So these enforcers of the SYSTEM even seem to think that they are above God on these matters, but that only works in fiction.

Those that take on POLICE OR MILITARY roles have some how bought into the idea that they are safe from the SYSTEM as long as they are part of the SYSTEM, which is simply self-denial of truth. The Occupation is not so much hidden as it is about the twisting and concealing of truth. I cringe every time I hear some Politician or talk show host say something along the lines that truth and justice will prevail. It is a dogma that has not existed for over 2000 years.

The Oaths that POLICE OR MILITARY take are a sticky situation, as some oaths end up being false by leaving the word “do” out of the oath. This puts us all into a very precarious situation, for they are not standing for any laws, only what they want.

Lets take a look at the Royal Canadian Mounted Police Oath of Office: OATH OF OFFICE

I, . . . . ., solemnly swear that I will faithfully, diligently and impartially execute and perform the duties required of me as a member of the Royal Canadian Mounted Police, and will well and truly obey and perform all lawful orders and instructions that I receive as such, without fear, favour or affection of or toward any person. So help me God.

#### OATH OF SECRECY

I, . . . . ., solemnly swear that I will not disclose or make known to any person not legally entitled thereto any knowledge or information obtained by me in the course of my employment with the Royal Canadian Mounted Police. So help me God.

<http://lois.justice.gc.ca/en/R-10/index.html>

Despite all we have read about oaths and Queens in fiction, there is no sworn allegiance to HER MAJESTY QUEEN ELIZABETH II by the RCMP. So what’s Royal about them? Nothing. In fact there is nothing that ties them anywhere to any form of authority. These are false oaths

because they do not include the word “do”. It should read *I so and so, do solemnly swear*, and with no action verb, no Oath exists. Notice the all-capital play script fiction OATH OF OFFICE, meaning it is an Oath of a FICTIONAL Office not a real one, as is the OATH OF SECRECY. The Secrecy section is nice because it means they don’t have to disclose the truth to people about the scam they committing. This would of course also include evidence in a trial. There are no limits on what they can deem secret using something like National Security as a disguise to cover their tracks. However we are not persons, we are man created as male or female by God and have authority over the RCMP.

They make use of the word “execute”, which is executive power. From where are they deriving executive power as no one has any in Canada? If you are an actor for a PERSON then isn’t it the PERSON that must carry out the lawful or rather legal orders and instructions? The man created as male or female by God, swearing the oath is not a person, so what exactly is going on here? What is a lawful order and instruction? Lawful is not considered LEGAL, so why are they given the responsibility to do legal things, which are not lawful? When was the last time you saw them present a document showing that they are carrying out Lawful Orders signed off by a JUDGE, giving it force of law? It is always legal isn’t it? It is because the law comes from the Law Society, not of the people. Governments are creations of Law Societies not the common people. Thus there is nothing lawful about them, only legal, which is not lawful.

The oaths continue with, ”without fear, favour or affection of or toward any person.” If you have no fear then why are you running around with Guns? If “Favour” were true, how come there is a code of silence among these police? It makes one hesitate to report any type of crime. As far as “affection” is concerned, police show affection to those within the system or their controllers, but not the people.

It all comes back to things written in legalese, which is the Official language of the Society they work for, not that of the Country, which they are told to protect. These Oaths are complete frauds because they imply that we are fictional entities. The final part, “So help me God”, must give pause for thought. God is not defined. Judges are Ordained by God, as are priests, but their God is not a living God it is Government.

The thing that will stop a Police Officer in his tracks is simply this. If Legalese is indeed a language that only Lawyers can understand, then how is it that a Police Officer, who is not a Lawyer, able to understand the Law and know that he is following lawful orders? If the Justice System insists that only Lawyers can practice Law then what are the Police doing enforcing it, since they like the rest of us have no capacity to interpret or understand law.

Many other police departments swear an allegiance to HER MAJESTY QUEEN ELIZABETH II, but as shown earlier that is a foreign corporate entity and it is treason to do so, if Canada were actually a Country to begin with, which it isn’t. Add to that the fact that everything is written in Legalese, meaning it is the Law Society (which is not named) that they are operating under. Every COUNTRY in the world having legalese as the basis of their laws is actually a different society than what they are portraying. This is another part of the hidden occupation. The underlying occupation is formulated to maintain Control through the use of privately owned Central Banks in the “City” inside London Proper, England, and Temple BAR. They create an illusion of a separate sovereign COUNTRY and then usurp power of UK by implementing their language, Legalese and their Law Society created Governments.

I will look at other oaths later in the book, as they are very easy to pick apart and see the frauds within them. It is kind of entertaining. U.S. JUDGES are fun as they are absolutely squirming now in desperation to distance themselves from the onslaught of awareness of what they are doing. Many of them give Oaths that go against the Constitution completely, while even those that swear to what is considered a proper Oath are still committing fraud. In truth a POLICE officer is fraudulently rendering a Judgment against you as being a PERSON, and then carrying out a form of execution as per what his OATH states. The only important thing about all Oaths is they end with So help me God, which means they do regard God, above and beyond all law.

In John 8:7 it says: "So when they continued asking him, he lifted up himself, and said unto them, He that is without sin among you, let him first cast a stone at her."

Jesus was not arguing with the judgment. He was speaking to **execution**. Judgment had already been passed in accordance with the laws of the time. Which is why I tend to believe no one may take a life, no matter what the sin. So too, no one has authority to execute any type of arrest, incarceration, torture or otherwise no matter what law was broken. Genesis 1:29 says God blessed man, to bless is to make without sin. So we don't sin and this will become very obvious later in the book as we go into who we are.

### **Vassal Law**

Vassal Law is the SYSTEM of law most of the world operates under today. There are two objectives to putting this SYSTEM of law in place. One is for the imaginary leaders to gain ownership over the land and then allow access to the land by entering people into agreements of servitude. The Spanish Inquisition and expansion of the British Empire along with France accomplished the first task. The second is to get the people into a mode of servitude. This is done with the utmost trickery of course, but that is the basis of the law. It is law totally based on FICTION.

The following definition is from The 'Lectric Law Library's Lexicon,

VASSAL - Obs. Someone who, by a series of formal acts, usually homage, commits themselves to serve another, usually receiving a fief in return.

The name given to the holder of a fief, bound to perform feudal service; this word was then always correlative to that of lord, entitled to such service.

<http://www.lectlaw.com/def2/u023.htm>

The vassal himself might be lord of some other vassal. Historically, this word was used to signify a species of slave who owed servitude, and was in a state of dependency on a superior lord. A species of slave is all they want you to be. Interestingly, they also allow for levels of slaves within the SYSTEM, which underlines the fact that the QUEEN herself is a slave. If people knew the true nature of how the SYSTEM worked, much of this nonsense would be stopped very quickly.

In terms of a law system we have never really had an opportunity to establish one based on freedom. For the most part tribal societies have had systems of law based on customs and truth, although these systems do get distorted to favor one family bloodline for their leaders. There always seems to be this hierarchy in place in all cultures and people. For the most part though, war was not something practiced much amongst tribal people prior to the expansion of the Illuminati Empire in the middle ages. The earth was peaceful and abundant with life. I have not done a great deal of study into the ancient cultures, but what I have studied indicates that their systems were based on the real world and truth. It would seem that is where we must return if we are to end this insane SYSTEM of law. Money is and always has been a tool of tyrants. God created this planet for us and not for the few to claim ownership of fictional land masses and imply it applies to the earth.

### **The People from the Stars**

Zulu translates literally into *The People from the Stars*. The Zulu people of South Africa say that they originally came here via teleportation through thought and got stuck here. It is a testament to the true nature of human beings and what we are. If you order the tape called the Reptilian Agenda from David Icke's website you will see a comprehensive interview with Credo, the official historian of the Zulu people and one of the last high level Shamans left on the planet. The information that he presents in the video rewrites many history books and gives us a much better fix on where we came from and why we are here.

There is an abundance of evidence that alien races that have visited the earth in the past and still do to this day, spawning the exponential growth of UFOLOGY. The human species has been genetically manipulated throughout time to dumb us down and make us into a slave labor force. Because of the level of secrecy behind this, it is difficult to pull out the smoking Guns and say for certain that this is indeed what is going on. Even the evolution of science is subdued. At one time people were imprisoned and tortured for not agreeing that the earth was the center of the Universe and life only existed here. With a Billion Trillion Stars in the Universe it is beyond lunacy to believe that we are the only intelligent life in the Universe. Hence the motive operandi of these people is to lie about the truth no matter how absurd the lie in order to keep the lid on who we are and our true history.

It would seem that the military along with alien races are trying to keep us in a state of slavery and dumbed down for their own purposes. It takes them to use a great deal of force to keep us from self-actualizing and remembering who we are. The Disclosure Project headed by Dr. Steven Greer has done a great deal to uncover the reality of such a clandestine operation. Hi level military and civilian officials have come forward to verify in testimony that these things are indeed happening. David Icke has uncovered much concerning shape shifting Reptilians that through holography hide behind a human form and take on positions of power in large corporations and government.

Fear can only exist within Illusion for truth has no room for fear, only love. Perhaps what is keeping us alive is the fact that we do live in truth and despite all the subjection of propaganda and behavior conditioning, they can't eliminate the essence of who we are, that being infinite love. The hidden occupation has done a great deal of harm to this planet, our home in the Universe, and indeed this is our home and we would share it in an instant with all peaceful life. The earth sadly has reached a turning point and I am highly concerned about what I see happening to ecosystems that are ravished by greed and neglect. Large resource based mining corporations and chemical industries do the most damage, not to mention the wars that are dumping uranium all over the planet, irradiating the air, which we all must share. The prospects for surface life to continue living for the next 100 years is becoming less and less likely each day. If there are underground Alien bases and that is their home, we as surface life are perhaps expendable to them, I don't know. Whatever happened to Mars could easily happen to earth in less than a hundred years from now if we don't do something.

There is a great deal of geological evidence to show that a number of pole shifts have occurred and with the massive melting of the polar regions it may not be much longer now before such a thing happens. I don't think you can ever be prepared for such a thing, I don't know what you could do or where you could go to be safe from it. The Ice Age happened so quickly that Woolly Mammoths died while eating, the food was still in their mouths! To me, that is not something natural but something very unnatural, based on the pace which nature works. It seems like that would happen if you focused a scalar weapon on the earth, sucking the energy from it and cooling it. This is just one of many technologies that are kept very quiet and out of sight from people. For an overview of scalar weapons technology there is a rare video made by Tom Bearden that goes into the hard science of it, which can be watched here:

<http://www.cheniere.org/sales/buy-ttt.htm>

The very nature of these ruling elite is that they thrive on us like parasites. They are energy vampires that flourish on fear. Our DNA is much like a computer program and through rituals such as those practiced by the Masons, they can unlock DNA codes and allow ethereal entities to possess their victims with greater ease. Imagine the horror of being consciously pushed aside, still able to see what is happening, while another entity controls your body, Reptilian most likely. Those that play the game of enslavement do so at a great price. We are very powerful spiritual beings and do not take too kindly to being lied to or manipulated. The perpetrators of this insanity stay in the background and use their minions as cannon fodder. You will never see a world leader or one of the Banksters out leading the charge for any of their schemes. It is not their way. They hide in shadows and run for cover whenever the jig is up. September 11, 2001 is a prime example

of that. It was a poorly orchestrated plan, and their entire Official story has been picked apart and shown to be the complete and total lie that it is. It was a major wake up call for us all and now they are getting extremely desperate. They are passing draconian laws where they can name anyone a terrorist without defining what a terrorist is, and are trying hard to shut down the Internet as a method for us to communicate with each other.

The true Occupation of our world is a spiritual one. The Courts are simply the manifestation of darkness. Ever notice how many politicians, bankers and Community Leaders wear black all the time? It reflects the void of emptiness where fear dwells. Judges, lawyers, court clerks etc. all wear black. Even popes wear black. The key is that black signifies colorless, the opposite of the full spectrum of light and truth of which we are. Fear compartmentalizes and sets up a chain of command, leading to the same bloodline families that are behind the manipulation of this Occupation. The Universe itself is nothing more than a holographic projection that is not real but just an illusion, which the manipulating consciousness wants us to see. The advances in millimeter microwave technology and nano-technology is indeed exposing the mechanisms of how the illusion operates. They are able to bend light around copper objects now so you don't see reflected light coming from the object. I am sure that the Black Ops technology is far ahead of anything they would ever tell us about. Indeed free energy technology exists now, but their release into the public is being blocked.

It would seem that we are indeed the food supply for these creatures, as they feed off our fear and strong emotions. Ever feel a bunch of pins and needles hit you when someone cuts you off in traffic and you had barely enough time to hit the brakes? Life exists outside our ability to perceive it. That is to say just because it does not reflect light does not mean that it is not there.

Spiritually, we do have a way out of this. It is with love and golden white light. You surround yourself via your imagining your body being immersed in a golden white light and imagine that you are in the palm of the creator hand and ask him for help. You will see opportunities presented to you, and positive things will begin to happen. You are always offered choices; pick the ones that offer truth and love, and the doors will only open faster. People are keys to doors and your interaction with them in positive ways opens those doors and lifts everyone involved. In the end, as we are able to hold more light and thus energy, our infinite selves will be more fully expressed through us. It will become incredibly hard for us to be manipulated and challenged when we are surrounded by love and light of truth. Your imagination is the key. Your imagination is just as real as this reality is and is the catalyst for what is manifested here. This is primarily I think where they got the idea of an imaginary SYSTEM of PERSONS. Reptilians are real but they are also projections.

Ever notice how some world leaders take so much time to answer a question put to them? It seems almost like the manipulating entity hiding behind the illusion has to formulate some kind of response and then the response that comes is not an answer at all just a deflection of some kind from the question being asked. My instincts tell me that something is seriously wrong there and I sense no emotion from them, like they aren't even there. It is truly entertaining at times watching this process once you can see behind the curtain. It helps me that I am very empathic and I can see auras among other things. It is quite a story how I got to this point and I'll share it later in the book. For now imagine these leaders as puppets on a string, controlled by an entity we cannot yet see. After some time you will tune in to similar traits in others such as Judges and some Police Officers. Trust your instincts and deep feelings rather than what the illusion presents itself through your normal vision. Your body does not lie, and it has to live in truth to stay in balance and dis-ease free.

Be aware what messages and values are being broadcast to you via the television and radio and other sources of media. There is a great deal of thought conditioning going on and the manipulation is based on getting you to think about things in ways they want you to. The lack of will to help the homeless is part of this. It is a war unfolding around you in a quiet but sure way. Instead of spending some money to provide affordable housing The BC Government put out a pamphlet for people about how to do dumpster diving. Some cities in the USA are literal

war zones. When they can spend billions on phony wars and nothing on the people at home who need the help the most you know something is seriously wrong. The money is being spent to create opportunities to oppress and destroy lives in other places around the planet. They will not stop until we stop playing their game. The mere fact that they entered a bill on June 6, 2006 (666), to draft everyone from the age of 18 to 42 into the US Military should give you some pause for thought. Recruiters go to impoverished neighborhoods and use the bait and switch game on people. They offer education and then throw them on the front lines in their phony wars to create more suffering.

The Saudi Government is one of the biggest threats in the world in terms of the spread of fanatic Islamic values. Females in Afghanistan had their heads sawed off slowly in soccer stadiums just for showing an ankle. The Saudi Government was the instigator that set this up, yet was not held accountable. Instead they allowed the U.S. to use bases to fight a war against Saudi neighbors. The mere fact that the United Nations did not step in and hold Saudi Arabia accountable is amazing. Even a majority of the so-called 9/11 hijackers were from Saudi Arabia, yet somehow that led to an attack on Afghanistan and Iran!

The Government of Canada makes use of a military hierarchy. Everyone in the government is an Officer or some kind of General such as the Lieutenant Governor General or Receiver General. It reflects Offices held in Admiralty Law. Commerce itself is a form of warfare, and Canada is a military dictatorship that is disguised in order to glean maximum penetration of resources to use against all of us. Outright dictatorships have a short life span and it is very dangerous for those engaged in it. To give people just enough freedom to make them believe that they are free, while knowing that at any time they can pull the rug out from under you and make you do their bidding is not freedom. While I hope this helps to explain somewhat of what is going on, I don't know everything and am just observing what I can see happening. Once you acknowledge all of this you begin to see how the SYSTEM operates as an Occupation force rather than as a servant to us all.

### **Remedy Through Faith**

We have discussed the fact that the Bible is riddled with fraud, mistranslation and it cannot possibly be God's Word or God's Law (notice word and law are not the same). What we are dealing with is a simple matter of Faith. Faith is very different than truth in that Faith is a belief in something being true even though the evidence produced shows that it is not. There are many people that balk at such an avenue of defense; however Law is totally about Religion. This is the driving force behind it. As much as I know and I do know a great deal, what Minister Robin Belanger says in the series of videos linked below is the truth and does work to set you free. This sheds a great deal of light on why things are the way they are and what you can do about it. You are free through Faith, but you must tell the individuals who are pretending to be "Ministers" of a de facto Government or more accurately of a False God called Government, who you are, and question where they get the authority to intimidate you. Who knows who actually reads your letters you send in? But the end result is someone does and they decide how they are going to deal with you. The hidden hand runs the Government, not necessarily the people who are portrayed as your "Representatives". Overlooking the simple fact that the powers that be are a group of **People**, Zionists who feel that if you are not following God's Law then you must be enslaved and destroyed, is a reality. Confronting them on the issue of Faith may be the only avenue we have to deal with them. They have their hands on the mechanisms of power that they are using to destroy us all, that is tyranny. Law is Talmud to them. Either you are a man created as male or female by God or you are a living thing and thus a slave. There is nothing else in terms of Law as man created by God is above all law. God did not make any laws, because God does not create fiction, but they do not see themselves as man created by God for the most part, as they follow LORD God and attach any number of labels one of which is, God's Chosen Ones, which is actually LORD God's Chosen Ones, not God.

As simple as this seems, non-belief for non-knowing in the man created as male or female by God standing in dominion over all the earth and over every living thing upon the earth, is the

driving force behind the enslavement. The simple fact is that they don't teach you this for then they could not carry out the scams they do. The reality we are faced with is either you are bowing to their falsely created God called Government or you simply recognize your dominion. They control the money and the LAW as these are the foundations of enslavement and tyranny. You cannot win in their courts for to win would mean an end to their game and their illusions (there is no solution in fiction), which is what you must do to win, destroy their illusion of power. It is difficult for me to believe that for benevolent reasons. It is instead Religious persecution that has been going on for a very long time.

The insidious thing is they have muddled with the Bible so much that unless you have a copy of one of the original Torahs, you will only know their interpretation of God's word. So how then do you know if you are following his Laws? That is also part of the scam and one of the demented aspects to all this. What I find even more amazing is that there are so many people willing to go along with the idea that it is okay to enslave and destroy the people who do not accept God's Laws. They draw a benefit of extracting wealth and property from their fellow man they have labeled as Cattle. They do this without asking if the information contained within the Torah is true or if the Creating Forces involved originate from some other mechanism than what they refer to as God. They also fail to note that LORD God usurped power from God in Genesis Chapter 2 by creating an illusion based on fear. Ultimately the Offer being made is which God do you worship, that of Jealousy and Fear or that of infinite love? The offer has always been there, but for greed and power there are those who ignore that in Genesis, where it says that the species of man was created "after our image", it meant the image of everything that exists. It represents that although we may appear separate we are indeed infused with the Creators Love and Infinite

Consciousness.

In the proceeding chapters, we will visit the various mechanisms you can use to maintain your own faith, whatever that might be, and still remain outside of their grasp in terms of LAW. In Chapter 6, we will get into how correspond with these people and put them in a Position of Liability if they do anything to interfere with your life. It does not always work as we are dealing with people who may not care about us on any level. They laugh at the thought of someone other than themselves having any restrictions put on them through LAW. Whatever their motivations, they are dangerous and should be exposed to the best of our ability. It is time to rise up against this Tyranny and put an end to it. Force should not be necessary, as once their scams are exposed the power over others will be taken away. Treason under the Talmud is punishable by death in many Countries, perhaps we may be kinder to these soulless creatures than they have been to us, Only time will tell.

## Chapter 4

### The Illusion We Call Commerce

**The only true Currency is Love.**

The only thing that matters in Commerce is your Signature. Your Signature is worth a lot of money. Lots and lots of money. When you sign anything you are giving that instrument value. It is also one way we enter into contracts. You are completely sovereign and everything in this world is already paid for. For example, the goods in a super market are yours for the taking. All that's required is a promissory note and a receipt to complete the transaction, you present promissory notes and in exchange you get a receipt. Your signature is your credit, a form of promissory note. It can be assigned value for fictions cannot have any value. This is why all statements from Corporations and Government have no signature on them. They have no way of assigning value, only you can assign value to it, because you are the creditor in truth.

The truth can only come from the living not from fiction so your word is your bond. You have an incredible amount of power within the SYSTEM but due to the tricks played on you, you are

given the illusion that you have none. In part this has been what the master illusionists have been playing on us all and our ancestors for thousands of years, those who catch on to the scam were disposed of in various ways. It is truly a testament to how powerful we really are. The scale necessary to trap an infinite being within an illusion is astounding. They want you to thrash out at the illusion that is the courts and all the actors within it. They are well paid and are very comfortable, but in the end are merely actors for the illusion. They are asking us over and over again, are we infinite beings or one of them, caught up in the illusion. Even LORD God said as much in Gen 3:22

“And the LORD God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever:” It’s a common fact that nobody lives forever, or do they? We’ll revisit that idea later, but for now realize that the illusion is not what seems. It is an offer. The illusion can only offer you things. You have to be the one to accept it as valuable or believable. Up to this point I have been rather hard on the actors within the Illusion for I wanted to drive the point home that none of us agree with the amount of damage and unfairness that is going on within the SYSTEM. It’s to get you to understand that everything, and I mean everything that is happening, is coming from your lack of knowing who you are. When you know who you are, everything falls into place and you will know what to do in any situation. The Illusion can only offer you things; it requires your acceptance to act on you. This is how it is supposed to work and from what I have observed you can put the brakes on at any time and stop the illusion from acting on you. You just need to know what a thing called Commercial Law is all about.

Is your Signature on the Constitution? If not, then you are not a party to it. Is your signature on any of the acts or laws? Once again, you are not a party to it. They can only act on your person, which is the imaginary fellow that walks along beside you but doesn’t exist until you point him out with your awareness. The Actors cannot act on him until you bring him into the PLAY. Thus if they can’t see him they can’t act on him. Your attention to what you decide to bring into your awareness is the key to everything. The one thing that will help you a great deal through all of this is to realize that truth cannot exist within the SYSTEM, and that the SYSTEM operates within total truth. It operates from the premise that Evil and Lies are permissible within the Illusion and those in leadership positions are indeed illusions operating within their realm of truth. Good also exists within the Illusion but good is a relative term depending on who’s good you are talking about. You cannot fault the Illusion for being parasitic and full of lies and deceit for these are the instruments of an illusion. Instead recognize the simple fact that this is how illusions work and they are living within their truth. They are merely our servants. These illusionary creatures with no soul are only projections serving us, nothing more. We just haven’t realized that the Illusion is operating in truth. Fear as part of the illusion is a low vibrational energy, but we can change that through keeping perspective of what is illusion and what is real. Real comes through us. We are the only thing that is real and we are holding all the power. The Illusion has no power and is using parasitic acts to take power from us, when in fact we have the power to stop it from doing so. Asking questions about what they are doing to us results in their exposure of what indeed they are trying to do. If they cannot answer our questions, they lose power over us.

Now lets look at Bills of Exchange. It derives its value from a signature. No signature no value. Your acceptance of bills of exchange can be as simple as accepting mail from the Government. If you accept it you become a party to it. If you don’t open it and simply send it back then you are not party to it. These are what Robert Menard calls Sliders.

### **Commercial Instruments and Oaths**

Affidavits are commercial instruments and are supposed to reflect the truth. By swearing an Oath to God that something is true it puts us into a position of perjury if what we state is not true. Unfortunately there are a number of fundamental problems with this. First, it is a commercial instrument based in Fiction, and second you have no true name. One may think that not swearing

Oaths would bring Anarchy, but swearing them has brought us Chaos. Jesus stated in Matthew 5: 33-35 that you are not to swear oaths.

[33] Again, ye have heard that it hath been said by them of old time, Thou shalt not forswear thyself, but shalt perform unto the Lord thine oaths:

But I say unto you, Swear not at all; neither by heaven; for it is God's throne:

[35] Nor by the earth; for it is his footstool: neither by Jerusalem; for it is the city of the great King.

As discussed in the previous chapter, in the corporation of CANADA and in many parts of the world as well, people are taking false Oaths by leaving the word “do” out. Those that are of the Jewish Faith or Free Masons are allowed at to partake in the Kol Nidre’, which disavows them of their Oaths. It is a prayer, which is perhaps a way of asking forgiveness for taking an Oath? I see nothing wrong with this practice, as long as you tell the people who have put you in Office that you are no longer under that Oath of Office and remove yourself from the Office. When has that ever happened? They neglect to tell the people they claim to have authority over that they disavowed their oath in this way. Of course because they did swear an Oath within the SYSTEM anything they say is considered to be absolutely true and because you come to them without an oath everything you say is an absolute lie. You can find the Kol Nidre listed on page 183 of the Masonic Handbook and Jewish Encyclopedia (1901) Vol V, Page 539.

### **The Kol Nidre’:**

“All Vows, obligations, oaths, and anathemas, whether called ‘konam,’ ‘Konas,’ or by any other name, which we may vow, or swear or pledge, or whereby we may be bound, from this Day of Atonement until the next (whose happy coming we await), we do repent. May they be deemed absolved, forgiven, annulled and void, and made of no effect; they shall not bind us nor have power over us. The vows shall not be reckoned vows; the obligations shall not Obligatory; nor the oaths be oaths.”

For example, if you swear an Oath to God for an Affidavit in this manner: “Is everything in this Affidavit True and Correct? Yes, So help me God”, you are committing perjury based on what is written in the King James Bible. From Matthew 5: 33-5 (shown above) you have just committed blasphemy. Yet the Old Testament is full of sections where Abraham and others have taken Oaths. Again the Bible itself is a story of FICTION with the exception of Genesis Chapter 1. The mere fact that the Earth and the Universe were created about 6000 years ago has been proven by Science to be utterly wrong as we still today see the creation process unfolding.

Why do they ask you to swear oaths on Commercial documents? It is so you will go into dishonor and that is all that matters in the honor and dishonor game. They don’t care about the truth or who did what. It is part of a smoke and mirrors game, getting you to somehow believe that by stating the truth on a Commercial document such as an Affidavit it will somehow lift you out of their SYSTEM, when in fact it puts you into dishonor and a position of perjury. Just swearing to God is an act of perjury in of itself because God did not make any laws nor did God give man, male or female a name.

They only care about making off with your wealth or making money off you by throwing you into one of their Jails and using you as a form of credit to make billions of dollars off you through your signature and life. The courts have very little to do with Justice as they are just money making schemes set up to enslave people.

Because you use commercial paper all the time they don’t tell you the laws surrounding Commercial Law, especially Admiralty Merchant Law because you are deemed to be an expert at it. Yet they have the books and laws at their finger tips, so would that make them non-experts? It is rule by deceit not by law. Because it is fiction, anytime a word is defined in any dictionary

that word definition still has merit to be used with that definition forever. Look up the definition of, “if” sometime and you will get the idea how complex and unfair it is.

Oaths have always brought chaos when used because it promotes the idea that we can let our guard down because someone is under oath. Judges are supposed to be bonded so if they step out of their Oaths that bond becomes yours and they get removed from Office. The truth is they have no bond at all. If you ask a JUDGE to prove that he/she has one, they cannot and will not produce it. You come to the Court with full Commercial Liability and the JUDGE sits there with none. It is because you are a slave, if you’ll remember, and his or her WORSHIP are Gods that are more than willing to find a nice damp dark cell for you when this is all over. I hope you are beginning to see just how arrogant these people truly are that purport to be pillars of society.

Now that you know about Oaths, what do you think about the Queen and her Coronation Oath, that she is handed the King James Bible after she states the Oath? She never swore an Oath at all on the Bible. It was presented to her after she took the Oath. Section V, which follows the Oath of Section IV is titled, “The Presenting of the Holy Bible”. Take a look:

<http://www.oremus.org/liturgy/coronation/cor1953b.html>

What do they make you do in Court? “Please place your hand on the Bible and state do you swear to tell the truth, the whole truth, so help you God.” Here is where we all know to answer, “I do”. Really, how about answering, “No”? How can anyone know or understand the whole truth? By answering I do or yes you are also creating a contract and putting yourself into dishonor and blasphemy at the same time. From there, when they try to take the Bible away from you hold onto it and ask, “on what page is the law you are talking about?” They offered it to you so don’t let it go. Then refer to Genesis Chapter 1. You tell them, “Oh no, you asked me to swear on this, this is the extent of which I have sworn.” Another favorite is, “I will say yes if you all swear the same oath as well. Let’s start with the Crown Prosecutor.”

The organization that goes by Zionism works under strict interpretation of the Torah. There are no laws beyond God’s Law and they are in control of the Courts. If you delve into commercial law then all of commercial law applies to you and you are exposed to a system of privilege and argument, not of truth and rights. In the same manner, JESUS was a Jew and Christianity is an addition to God’s Laws. Remember that the Queen never swore on the Bible so you would be wise to keep your references to the Torah only. Beyond the Torah, Ezekiel 33:6 allows you to warn them as PERSONS that their laws apply only to them within their framework as Actors in an imaginary world of PERSONS. This keeps you rooted within the Bible as a form of law and from stepping into their law for a defense. Ezekiel 33:6 is a disclaimer. The basis of Christianity and the Torah are all based within FICTION and have no historical value at all. The attempt is to show you how to maximize this as a tool of defense in the face of tyranny. Bearing False Witness would be another reference, since all PERSONS are indeed bearing false witness.

What has happened in the past is happening today. The objective is to cultivate groups of people and teach them how to manipulate the SYSTEM so they can suppress knowledge and independent thinking. In the past, under the guise of religion, people were murdered in the millions amidst the confiscation of their wealth and freedoms. This was done to prop up the criminals that are working hard to enslave us all. The Catholic Church for hundreds of years manipulated law in Countries they controlled so that the church was self-policing in criminal manners. This resulted in widespread corruption, pedophilia, murder and anything else that they wanted to do was done with impunity. This still continues today, though public outrage has limited these practices to some extent. Every year the Catholic Church pays out millions in hush money to silence the accusations of pedophilia against their “authorities” of God. This is only what the news reports! Much is not reported, and that is the basis of research of David Icke and others. Satanism is at the root of much of this for it dove tails nicely what a criminal mind is trying to do. Satanism comes to mind because I have never seen anything based on so many lies and deceit with the idea that human sacrifice is okay as happens via the SYSTEM. Imagine going to Court and standing before a Judge that had just finished sexually abusing, slowly torturing and killing a

child the night before. Do you think you will get a fair trial, or that the Judge cares about you or anything beyond his/her own needs and pleasure? Because Judges in Canada are appointed without any public scrutiny we have no idea who these people are. Based on what they accept as a “fair” SYSTEM of law, many others and I have very low regards for all involved in this SYSTEM.

### **Nature of Feudalism in Commercial Law**

The word Feud is old English for Oath, and Canada and most of the world is based on Feudalism. The land is owned by the Monarchy or a State and it is rented out to the commoners in return for property taxes. All wealth is derived from the land. We live on the land and we come from the land, it is our home. So how is it that a few can dictate to us where we can go and how we can peacefully and without harm use the land for our living? They can't and they don't, as everything they are doing is based in a fictional world. They only make reference to Persons.

Because they point guns at us and confiscate our property doesn't mean that it is right. It means that they are willing to lie and cheat us out of our hard work and labor for their benefit of having us as their slaves. This abuse power always creates a rebellion, when the concentration of wealth becomes so large that people (much like the Native People) are forced to starve or rebel. This is played over and over again and the Bloodline families love it! It creates fear and a high level of emotional release, which is their food. They are parasites to say the least. The mere fact that history is written by the victor rarely allows the impoverished people to have their say. The concept that International Law and Justice protects those impoverished people so that they can live in peace is again a lie and a pipe dream. One only has to look at Darfur to see genocide happening right before our eyes that no one is helping to stop.

If this system of slavery is happening in an imaginary world then how do we separate ourselves from it? It is essential to raise your awareness to various aspects of their scam, and to educate everyone you can about it. I mentioned earlier that one of the ways to extract oneself from the SYSTEM was to use your Faith. Your Faith may be anything you want it to be so long as you do not register it with the State or Government, which is the same as signing over ownership of your faith to them. All the Major religions do this as a ruse to give Civil authority power over the people rather than freedom through faith. There are two basic aspects to stopping them. First is do not open their mail. Return everything, as it is only an offer of contract. They use the trick of putting a postal code on the envelope, which identifies the receiver of the mail as being a commercial entity if they open it, as it is a form of codified law. By accepting this form of law, you confirm that you exist within their imaginary world and are acting as the surety for a PERSON in the imaginary world.

Because Feudalism makes use of Oaths it detracts from faith by saying that you have no faith and are just a thing, not of God as Creator. Thus you must be careful not to mix commercial law with faith. You could write to the Man/Woman Acting as the Minister of Justice, but do not write to the PERSON or the title for that is an imaginary thing. Keep in mind that their soul is owned and judged by LORD God, God the Creator does not judge. It is the experience of myself and others that they will not drag you into court over not “paying debts” etc. because you have given them notice, but they will keep trying to send their offers of contract in the mail to you. Just mark the outside of the envelope, “Return for Fraud”, put it back into the mailbox, and nothing more need be done. Do not open their mail. Until you see it addressed as John-Henry: Doe nothing is addressed to you anyways. Everything else is fiction. They want you to accept fiction so they can impose their fictional world of control on you.

The question that arises is who is doing this? A fiction cannot send mail or do anything in the real world. Ultimately someone is doing this, but hides behind the fiction or illusion as to operate with impunity. When you are in a Courtroom and a JUDGE asks you your name, if you respond you are giving tacit consent through trickery on their part that the imaginary world can converse with you. You might respond to it by asking the JUDGE, “who is asking the question? A human being, the man I see in front of me, or the Imaginary entity called a PERSON?” Bringing to the

forefront the living man puts that man into a position of LIABILITY rather than the PERSON. Keep in mind though that you are not commercial so LIABILITY is not an avenue you want. Instead, keep it within faith and state that your faith does not allow you to deal with fictional entities, as God has no respect for them. There may be foundation that the QUEEN in her Oath may help. However, keep guarded that the QUEEN is a title and not real, so you cannot derive any protection from something that is not real.

In either case, to escape from the System you must return your Social Security Number or Social Insurance Number, which removes you as an employee of the Corporation passing itself off as being a Country. Because most of the Countries in the world went Bankrupt in 1933, handed over to the Banksters in a form of high Treason, they are really just branch corporations of the Major Central Banks in The City, London, England. The downside is that you need to convince an employer that he can hire you without a Social Security Number, or work independently on your own. It can be done and that is why it is important to educate others on what is happening.

It is serious business dealing with criminals who have no care about the laws that they break within the SYSTEM. If they see you escaping their twisted logic they feel it is their obligation to do whatever it takes to keep you within their SYSTEM. There have been many people who have been successful using the Faith based method to extract themselves. It also means giving up state sponsored health care as well. You do not want to contract with them in any way. What is very unfortunate is that we have allowed these criminals for so long to do what they are doing. The only way to peacefully stop them is through education of one another. They thrive on conflicts, which gives them excuses to use horrible weapons against us. As this book is titled, this is indeed extortion.

The flip side of being free is taxation, children injected with mercury-laced vaccination shots, eating genetically modified food and a government subsidized life just to name a few. It is a war on all of us, and the nonstop propaganda poses them as our heroes. The level of auto-genocide occurring through homelessness is at an all time high, and how far are you from being homeless within their SYSTEM? Are you one to six months of being out of work, like many people are? If you examine the level of help that they are giving now imagine what it will happen when they finish getting the Pan American Union in place. Then only Multi-National Corporations will own all the utilities, hospitals or anything else pertinent to our current way of life. The corporations are already unaccountable to how they treat their employees, so how will they treat the people they pretend to serve?

The move to give police powers to private security firms and having foreign and domestic Military troops patrolling the streets will not bring about more accountability, but understand that is where they are going. The few are trying to trick us into believing that they have the rights to our bodies, land and beliefs. God never created the system of LAW that they swore their Oath to. It makes for a very dangerous game on their part. Feudalism on steroids is what we have today. They forgo their Oath to the people and give Jurisdiction to the tyrants to just trample you with trickery. It is okay to trick you if (as they believe) you don't know the law, but switch the tables on them and they go running to their courts, banks, special interest groups etc. They want their slaves to be obedient and punctual with their payments to them and take care of their needs. Until you are compensated in the same way as the Queen is for the work she does, I think perhaps there are some issues to be resolved here.

In the end you are non-commercial, meaning that through your faith you do not believe in their imaginary world only the real one. You do not accept their presentation of debt, for God gave you and everyone else dominion over the Earth and debt cannot exist within the Earth. They present you documents that are just molded forms of the Earth, but are the Earth and you have dominion over them.

As presented so far, religion itself is based on fiction. This is not so much to attack Religious beliefs, but to expose the perpetrators working behind the scenes to ensure that there is no escape for those turning to them for help. That people run to their major organized religions, all of which

are registered with these bankrupt corporations called Countries, must be exposed. The root of escaping the prison is your faith and what you believe to be real, not theirs. That's all it comes down to. Law is contract, and doing as much as you can to separate yourself from their SYSTEM is the best way to remove yourself from it.

What is Lawful to a criminal organization is another matter to consider. You can only go so far into this before you are faced squarely with the tyrants themselves. There are those that refuse to let you leave the SYSTEM even though you have lawfully done everything you can to do. They do not want to answer your questions and they do not want to give you any kind of platform to express the truth of what is happening. All they want to do is to shut you up. These are the hard-core criminal elite and have no care for laws other than if it helps them in their oppression of us all. The fact that for hundreds of years it was okay for the Priests in the Catholic church to burn people alive for saying anything against the Church and it's teachings should give you some insight on how far these people have gone and are still willing to go to maintain their power over the slaves. Courts are not about truth they are about arguments. Not much has changed over the centuries; just different takes on the same agenda.

### **The Banking SYSTEM**

So much has been written about the Banking System already and there are lots of very good books out there on the subject. I suggest you read *The Creature from Jeckyll Island* as it was the first to go into the history of Central Bank Tyranny. There is also a video on the web called the Money Masters and can be watched at:

<http://video.google.com/videoplay?docid=-8753934454816686947&q=money+masters>

The highpoint of the crimes that are being put on the people of Canada and most of the world is that of Usury. Usury is loaning money to you and charging interest on it. It is a scam played out by Zionists, the Catholic Church and others through out history. Today it is at a massive level for they are not only stealing money through Usury they are also stealing money through your signature as mentioned earlier.

Anytime you sign a commercial document and do not put "non-negotiable" on it, it becomes a negotiable instrument. Because the banks deal in Promissory Notes and not Lawful Money backed by something tangible such as Gold, they steal the acceptance of value you give to almost everything. As long as the paper has a date, monetary amount and signature on it, it is considered money to them.

When you go for a bank loan and you sign an application form for the loan, which states you will pay back to the bank X amount of dollars by such and such a date. You sign it and hand it over to the Loan Officer (Officer being the Officer on the Bankers ship called the Crown). The Loan Officer puts the application through a number of departments to get permission to give you the loan to make sure you can pay it back. At this point the bank does not care if it is approved or not. You just gave them money to be put into a private side account, which they draw from. This private side account is really an unlimited amount of funds as living beings have infinite potential for wealth. They monetize the promissory note, which explains the application forum, and deposit the funds into your public side account, the all caps name account. Then you draw the funds and buy the item that you wanted and the now owe the bank x amount of funds. Some banks must have a percentage of the money deposited in their accounts to be able to loan money out to begin with. For example, the car dealership takes the money you gave them for a new car and puts it in their account. Now the bank can give a loan based on that money. It is the same money they just gave out! This is called Fractional Reserve Banking. In Canada they removed this requirement and banks can loan as much money as they want regardless of what deposits they might have. In Fractional Reserve Banking they usually had 10% in reserve deposits for the loans they made. Then you have to pay the bank back the loan plus interest. The bank only monetized your money to begin with and put nothing up front as valuable consideration. In fact, the bank never even signs the application form to become a party in the contract, so there is no

contract. The reason the bank doesn't sign is because they can't, they are fiction and cannot be made lawful parties in contracts with living people.

The next part to this is that you pay the money that was yours to begin with to the bank with interest. The bank put up nothing, took no risk and profits from your payments. If you default, they simply take back your car or house from you. The catch to all this is that the banks only loan the money for the principle and not the interest. So where does the money come from for you to pay the interest? Someone else must borrow money into circulation for you to get the funds you need to pay the interest. If no loans are made the whole system collapses and does so by design, at the whim of the bankers. It is a scam; a crime against all of us of mega-proportions which causes an auto-genocide of people in a society by taking their own lives or starving to death on the streets due to a lack of funds in circulation to discharge alleged debts. It is a form of genocide that goes unchallenged and those that benefit from it have no desire at all to change it. In fact they get a kick out of the fact that you apply for your own money, apply meaning to beg for something.

The fact that we carry on commerce on land by purchasing items gives them (by design) the excuse they wanted to impose Admiralty Merchant Law on everyone. Since it only has force and effect with matters related to the Sea, the need to make Countries into Ships becomes paramount and was the same System used in Ancient Rome. Again everything that is happening is happening in an imaginary world, their private society. The Lawyers private society has no name but contains the countries they're in and they are gatekeepers of the BAR societies that hold us as their slaves.

The World Bank and Swiss banks are nothing more than facades, used as instruments by the criminal elite posing as leaders to facilitate disparity throughout the world. There is some competition about which currency should be used as the dominant currency, competitors being the U.S. Dollar, the Euro, the British Pound and the Hong Kong Dollar based on the Chinese Yuan. The Weapons of mass destruction in Iraq were not weapons of physical destruction, but the Federal Reserve money printing plates given to Saddam Hussein in exchange for the oil that he sold to them. Saddam was printing dollars like it was going out of style, enriching himself and his friends with it, as well as buying as many weapons as possible from Russia and others. The fact that he was about to switch over to the Euro Dollar just before the invasion of Iraq was very telling. I would assume he was printing the dollars and exchanging them for Euros rapid fire, which was causing the slide of the US Dollar against the other currencies. Today the US Dollar is about to collapse and the Federal Reserve has stopped reporting on how much money it is actually printing. The dollar is next to worthless and eventually we will see its collapse from hyperinflation, devaluation, or a combination of the two.

### **Budgets and Deficits**

We can't end this chapter without talking about the Budgets and Deficits. Politicians are frequently saying that we are over budget or are running a deficit and the only solution is to borrow from banks or raise taxes. By now you know that taxation is created by spending money into the economy by the Government and thus we all pay equally based on the money supply. The manipulation in this is to create the inflation and then go after the sheep for more money to pay for the services they have paid for already through inflation. The monumental focus on the budget and tightening the reins gives the impression of fiscal responsibility, when in fact the Budget is created upon a fraction of the overall revenue drawn from all available sources. The Budget is not based on the actual cash flow, but what the ruling elite actually feel like funding, using a small percentage of the actual money in the coffers as an excuse not to fund needed programs. In truth there are many regional funds set up that reflect the true amount of funds extracted from the sheep. You can see this done openly and no one ever questions it. Governments make huge surpluses and nothing is reported about what happens to those surpluses, as taxes seem to increase every year.

Instead, governments go running to the banks to get loans when they have artificially created deficits, and the people pay even more taxes to cover the costs of the interest on the loans. The main scam that is played out in the USA and very likely many other Countries is the use of Comprehensive Annual Financial Reports. Type CAFR into the Google Search Engine and it will bring up myriad of these reports showing that only a small portion of what the various levels that governments take in are a result of taxation. They own about 80% of the Stock Markets and charge service fees through companies they own to increase their intake, running under the guise that the companies must create a profit to be viable, when they are just extensions of the Government. The wealth created from the use of the CAFR model has made some cities alone worth trillions of dollars. They have cooked the books and the profits that they have created for themselves are being used to create and prop up their New World Order. The true Owners of these Cities and Countries are not the people that live there, but rather the all-capital-letter PERSONs who are all owned by the Bankers via an obvious Fraud and Treason. But when they own the Justice system, the police and the Military, where do you turn?

If you want some further information on CAFRs I would suggest the following website:  
<http://cafr1.com/>

If you are wondering about CANADA's participation in CAFR, since they don't put CAFRs on the Web as the USA does, take a look at the training schedule of the institution that regulates CAFRs in the USA where Canadian cities and provinces are listed as attendees.

### **Some Final Thoughts**

In the end all this debt can easily be discharged with a stroke of a pen as the money spent has caused inflation, which is a form of taxation. There is no debt. The interest on the private money can also be eliminated with a stroke of a pen by putting the central banks out of business of creating money, which John F. Kennedy attempted just prior to his assassination. Why this isn't done is because the Ruling Elite want WW III and mass destruction of the planet and every living thing on it. They are a cult of death and live in their own, very unbalanced world. The notion that we have to work for a living is perhaps reserved for primitive times, but today the technologies that they are holding back from us would set our world free. With that technology we would be able to create all the food, fresh water and energy we needed on an individual basis. Advances in medical technologies that have been suppressed like the Rife Machine and others would easily and cheaply cure people with little intervention from doctors or the health care System.

Commerce itself is a tool of misdirection. We can only exchange the earth for the earth. What we are actually subject to in is Piracy. Commerce is all about Pirates that are gambling that you don't know how to protect yourself commercially. They use Admiralty Courts wherein at any time you show up as a defendant you are considered to be in dishonor. Once a Plaintiff and a defendant are established, the Plaintiff only has to ask the Judge for a Summary Judgment and case closed; there is no presentation of any evidence. Piracy has become the legitimate form of Commerce and has replaced Common Law. I say Legitimate in light of the insanity that runs the planet at the moment. Commerce exists within the imaginary world and as long as you remain a man, male or female created by God, they cannot touch you. Any signature or picture that is on their files or ID Cards etc. is not you and you can say that it is not your picture or signature. You must remain detached from the PERSON that is your ship that is BERTHED on some Port called a Country. Because there is no truth in fiction the entire system of Justice is based in fraud. They try to intimidate you into giving them a name. Unless you really know what you are doing, you should only say that you are a man created by God as a male or female. You might also try saying, "I am who I say I am." You must always separate yourself as a man, male or female created by God to keep out of their claws. You must also nullify all invisible contracts and ask them to bring forward any contracts that they wish to enter into, of which you will say no to if any appear before you.

None of this is fair, and yes it is warfare against you by the ruling elite. They are doing this to keep you in serfdom and to make your life miserable so you constantly feed them the low frequency vibrations that they thrive on. Remember all this is done to extract energy from us as their food. It sounds nuts to some, but that's what is going on.

This Picture to the left was a monument put in place at Edmonton City Hall. A side plaque says this, "THE TWISTED AND FRACTURED CIRCLE REPRESENTS THE LIFE CYCLE BEING TORN APART BY AN UNNATURAL FORCE; EMACIATED HANDS RESIST. GRASP, THEN BEG FOR AN END TO THEIR INHUMANE CONDITION." The other plaque states this, "LET US ALL STAND GUARD AGAINST TYRANNY VIOLENCE AND INHUMANITY" The Monument states up top, "IN MEMORY OF THE MILLIONS THAT PERISHED IN THE GENOCIDAL FAMINE INFLICTED UPON THE UKRAINE BY THE SOVIET REGIME IN MOSCOW 1932 - 1933".

It's incredible that here stands a monument that describes the exact plight that we are all experiencing, victims of a tyrannical de facto government bent on destroying the lives of the people it purports to represent, for the economic gain of the few.

## Chapter 5

### History Lessons You Were Never Taught

So far we have identified HER MAJESTY QUEEN ELIZABETH II as the Crown for the Commonwealth Countries and thereby the Head of State of those Countries. Canada, for example, commissions officers called Governor General and Lieutenant Governor for each Province. Additionally we learned that all executive power was lost to the Corporation called Canada after Queen VICTORIA died in 1901 due to extraction of Section 2 of the BNA Act, which extended the provisions of the Act to her Heirs and Successors. Two days after she died the Bankers moved in and claimed salvage rights over the lost ship at sea called Canada, and created the Crown in Right of Canada in my estimation, based on the difficulty in accessing that information.

There are questions remaining. If the Queen did not have any power over Canada then who does and how does this relate to other Countries around the world? Have other Countries been taken over the same way? As mentioned earlier, everything is written in Legalese, which is the language of the Lawyers as Attorneys of the BAR Association. The Different Bar Associations throughout the world are just Franchises of the Temple Bar in The City of London, not London England. These are foreign controlled corporations pretending to be Courts of jurisdiction within each Country they are set up in. In truth, all Countries are created through the Bar Association, making them entities owned by the Bar. Through that Countries are owned by the Bankers in Switzerland, the mainstay of the World Banking System, operated and controlled primarily through the Vatican.

Since the time of King John (circa 1215) all royal sovereignty of the old British Crown was passed to the Crown Temple in Chancery. The Barons had King John inside the inner Temple of the Church demanding that he confirm the rights of the Barons enshrined in the Magna Carta. The result of this was the Barons, a.k.a. Bankers, obtained the Sovereignty of the British Crown. The Barons were the Land LORDS and kept the people in a perpetual state of Slavery through indenture for the use of the land. This is outright fraud, because unless they can provide a deed with the Creators Signature on it, the land belongs to everyone. The perpetrators of the fraud kept people ignorant by preventing literacy via the Catholic Church Cannons, and enslaving them for the waking hours of the day just to stay alive. With all the wars, crusades and general turmoil it was never quiet enough for people to figure out the ruse. The thing people forget is that all of this is happening in an imaginary world and it is imaginary land. They don't need the creator's signature, because nothing is happening supposedly on the real earth, only in fiction.

The Bankers are hiding behind the British Crown, using it as a puppet institution to gain control over the world. The nature of the post 16th century expansion of the European's into all parts of the world was primarily to spread the Catholic Religion and seize land with conquest and

extortion. Using their fraudulent LEGAL system they overlaid the imaginary onto the real and killed or incarcerated those who opposed it. The decimation of culture and spiritual practices of “Savages” (other races) was high on the agenda. They brought with them diseases such as small pox and the common cold, the latter nearly wiped out the Eskimos in the far north of Canada. So rather than helping other people throughout the world with knowledge that would help them they went on a rampage of raping and pillaging the earth of anything of value.

So much for the Queen being head of a Church and being the defender of the Faith. Love thy Neighbor as thyself is only a fading thought to these people who would call themselves leaders of the world. Much of the wealth the QUEEN sits on today was stolen from the world through armed conquest with superior weaponry against people who had little or no means to protect themselves. Many cultures did not even know the concepts of war or stealing, as things were shared amongst the communities of people to ensure overall survival.

### **Knights Templar and Temple Bar**

There have been a number of excellent papers written on the Knights Templar and Temple Bar and truly I am just walking in those footsteps here. I want to summarize some of what has been discussed and point out further information on the topic. We just discussed that the Crown of the Bankers usurped the power of the British Crown and then used it as a cover for creating a world based on Countries of Fiction. The purpose was to create a deceptive level of thievery by equity (chancery) contracts and ultimately to enslave us, but not particularly man created male or female by God. This is very serious stuff here and they play for keeps, and should not be overlooked. For generations they have been at war against us and care little of the harm they cause in achieving their objectives, and have primarily used illusions and worthless money backed by fraudulent courts to manipulate according to their will.

The Knights Templar was initially created by the Pope to provide security over trade routes in Europe. In the beginning they were needed and appreciated by those that traveled the trade routes. Over time though they became corrupted and greedy and people began to loathe them. The Knights built Temple Bar in The City of London, which is now a Sovereign State within London, England. Notice the slight differences in the name, their signature card in creating illusions. The City of London is a 677-acre site within London England. The estimated wealth of the Bankers there is \$300 Trillion Dollars, but lets not stop there when they can simply print the money they want. The Knights Templar ended up selling Temple Bar to the Lawyers who then created an inner and outer Temple. The inner Temple deals with extortion practices focused on CANADA and Great Briton, the outer Temple on The UNITED STATES OF AMERICA. The Word “States” denotes their franchises and Corporation. At least five Attorneys with sworn allegiance to Temple Bar (and not to the colonists) were involved in signing the UNITED STATES CONSTITUTION, which nullifies it as a Lawful document, relegating it to simply that of a memo. Their allegiance and oath to a society other than the colonists is the nullifying factor, the kind of sleight of hand we see with lawyers and judges in a court proceeding. Law does not exist in their reality, only within their imaginary world of fiction. Another slight of hand was the Treaty of Paris. King George III agreed in the Treaty to establish the legal Crown entity of the incorporated United States, referred to internally as the Crown Temple States. States spelled with a capital letter “S” denotes a legal entity of the Crown. Similarly, CANADA signs all of its treaties as the CROWN IN RIGHT OF CANADA, designating it as property of the Banker’s Crown and not the British Crown.

The aforementioned Temple Bar is the juristic arm of the (Bankers) Crown and holds an exclusive monopoly on global legal fraud through their Bar Association franchises. The Temple Bar is comprised of four Inns of Court: the Middle Temple, Inner Temple, Lincoln's Inn and Gray's Inn. The entry point to these closed secret societies is only to be found when one is called to their Bar.

## **The Demise of the Knights Templar**

In the end, the Knights Templar became Pirates that sailed on Letters of Mark from the British Crown. They were protected by British Navy and would gain plunder and Booty from foreign vessels. Their flag was the skull and crossbones, known as the Jolly Roger, which the secret society of *Skull and Cross Bones* has descended from the world over. Each chapter takes in about 15 people per year and holds various strange rituals, akin to witchcraft. Alex Jones at [www.infowars.com](http://www.infowars.com) has more information about this through his films and articles. In essence they have moved Piracy off the high seas and onto land through the use of their Fictional World. Each Country is a port on the Ocean where we BERTH our Vessels, hence our Birth Certificates. We use our Vessel to do Commerce, and through their fiction, trickery and pirate's tactics they plunder the wealth of our Vessels.

## **The Bloodline Tribe of Rulers**

We have come to a point where one has to question who these Bankers are and why isn't anything being done to stop them? It's important to know first that underlying all this law is a tribal society. The advent of law imposed on Native people throughout the world was that when they left their "lawless" tribal ways of life they would come under Common Law, which was a fraud. The true nature of tribes is that they do recognize territories, but they do not name them or create Countries, realizing the simple fact that the earth is the earth and it belongs to everyone. The earth has many different ethnic groups with slight differences in Genetics and they all seem to have regional areas that they have thrived or survived in.

The tribe of the Bankers is somewhat different as their tribe is a metaphysical one rather than simply a Genetic one. There has been a great deal of work by Zecharia Sitchin, David Icke and many others to uncover this knowledge. There are 13 Bloodline families or tribes that are interconnected in running this scam on the world. They view us as their slaves and believe we should worship them as our gods. The book called *Bloodlines of the Illuminati* by Fritz Springmeier delves deep into these families and brings forward the truth of who these people are, revealing that they are the gatekeepers and are referenced as the Giants or Nephilim. I heard that 9 people died trying to bring this book into publication.

There have been reports of key people in positions of power shape shift between human and Reptilian form. These are the fallen Angels from heaven as it were. The human race was created by the Reptilians as a slave race to mine gold for them. Some Reptilians interbred with the daughters of men, as it says in the Bible, and created the offspring called the Nephilim. The Nephilim are able to shape shift between Human and Reptilian form. They have no feeling of emotions so they don't have a conscience about what they do to us. Their Satanic Human Sacrificing rituals are held to extract fear from their victims and to drink the blood of their victims. This helps to keep their genetic codes closed in the Human side so they can continue to walk among us looking human.

The true history of our planet is very different than that of God created the Universe in six days and rested on the seventh. Most people have been conditioned to laugh off such things as aliens and UFOs, yet every year more and more evidence is collected that indeed UFOs visit the earth in large numbers. For the most part the Media and Governments are very quiet about these reports. I do not want to stray too much off the topic of Law, but it's necessary to uncover who these people really are. This is the 2% that cannot be proven openly, but has been recorded in history and passed down through different peoples or tribes. There are Clay tablets in Iraq, (Ancient Babylon) which reveal the very same things that were passed down by the Mayans, Zulus and other tribes.

The tribe we are concerned with here may have an outer shell of any human race, but within it is a Reptilian hybrid. What I find interesting is that some judges will not look at you in the eye, and their eyes move in quick well-placed movements, like they need to record images at certain angles. They also act out rather than express true emotion. The poorly orchestrated acting gives

away the fakes. For example, if you look at the eyes of Prime Minister Steven Harper you will sense something very wrong with them, as if his soul had been sucked out through his eyes. A friend of mine said he projected no spiritual light or Aura. He may have the mental abilities but the spiritual aspects that make us Human are not there. Those are some of the outward aspects. Behind the scenes are rituals that Masons and Satanists hold that allow possession of ones body by another entity, a Reptilian entity they may think of as a demon. I will delve deeper into teaching you about spirituality later in the book so you can learn how to see metaphysical things and sense things better. For now just realize that we are multidimensional infinity and these Reptilians and hybrids are not, rather they are projections within this matrix we call earth.

Not everyone that comes from these bloodline families are shape shifters. David Icke has said that they incestuously interbreed with each other to hold a corrupted genetic pattern in place, which allows them to shape shift. They have lots of children outside of the families as well, which are unable to hold their corrupted genes, yet still are much more easily possessed by reptilian demon types and through their rituals can spiritually augment the genetic structure of people. The white race is the easiest to manipulate, primarily why the Nazis and closet Nazis are so focused on making the white race the dominant race on the planet.

What the Reptilian's feed on is emotion, fear based emotion. They had a war with God (the real one) and lost. For this they were made to have their mouths shut and they then fed off of emotions, of fear mainly. This fear is fed back into the matrix as it were and feeds the underlying manipulative consciousness that is driving the entire illusion, perhaps. In truth there is only consciousness, which is composed of light and intelligence. The earth is made of light and light is slowed down or interfered with by electron states. When an electron changes its energy states it emits a photon of light. Thus what are electrons and why are they here? It is part of the puzzle I'll get into later, but for now just realize that something is very wrong with these bloodline families, 13 of them that are ruling the planet through the hidden hand of secret societies.

Who are these families? Here is a list from the book *Bloodlines of the Illuminati*:

1. Astor 2. Bundy 3. Collins 4. Du Ponts 5. Freeman 6. Kennedy 7. Li 8. Onassis 9. Reynolds 10. Rockefeller 11. Rothschild 12. Russell 13. Van Duyn

These names have changed throughout the Centuries, and from what I understand the bloodlines go back 6000 years. They are tribes but they are soulless in that they are merely mind body computer that is possessed by a Sangarian/Reptilian spirit. Keep in mind that as you learn more about their scams you will recognize the trails all lead back to one or more of these bloodline families. Just follow the money as they say.

### **The 13th Tribe**

What is it about 13? Everything is set up around 12, but yet there are 13 Bloodline families. In truth I do not know exactly why this is. It may have a great deal to do with Egyptian rituals performed by people that attended Mystery Schools to learn about spiritual matters and how to create illusions. In the corporation UNITED STATES OF AMERICA there are 12 districts of the FEDERAL RESERVE, with CANADA being the 13th. There are 10 Provinces and 3 territories in CANADA. What I want to focus on here is the 13th tribe of Egypt.

At some point 13 tribes of people from Egypt left that land and migrated throughout the world. I believe this happened after the Ben Ben was stolen that energized the Great Pyramid. The European settlers became known as Gypsies, but the 13th tribe got on small boats and made their way to what is known today as Polynesia or the Hawaiian Islands area. During their journey there they were able to control the weather and create situations through their thoughts that allowed them to travel anywhere they wanted to. Max Freedom Long wrote a series of Books describing their history and the nature of how they worked their Mysticism. Unlike the Aztecs these people did not engage in human ritual sacrifice or things that would harm others. The entire focus of their culture was simple: do not hurt the feelings of others and quickly make amends to

them if you do so, so they'll feel better. Their lives reflected Love thy Neighbor as thy Self and the Law of One.

The language that they spoke can be found in certain sections of the Bible. They lived in harmony with nature. They were involved with activities like fire walking on hot rocks with lava flowing around them. They were even able to control the future through spirit communication to redirect the outcomes of events with what they called the Higher Self. The Kuwhana was the head of the tribe and well endowed in the spiritual techniques. In all respects it was a culture that was very sustainable and loving. Once the expansion of European Imperialism arrived with its "Olive branch explorers", much of what they had built and their ways of life were destroyed.

The Kuwhanas initially embraced the explorers, but eventually questioned the Missionaries about where the magic was behind their prayers? They would pray but would have no outcomes for what they prayed for. Because they saw through the forgery, it made it very difficult for the Missionaries to convert these people to Christianity. The missionaries had no knowledge of the Ancient Mystery schools, and like today we can assume that it was more about money than saving souls.

It is important to know that reality is very much a dream state that we accept as real. There are mechanisms for controlling this dream state that have been highly guarded. The people that are involved in the mass illusion of dividing the earth up into Countries and making us all their slaves have hoarded this knowledge of spirituality and are using it against us. There is nothing to fear about mysticism and spiritual nature of the metaphysical if you approach it with love and respect. I have met people involved in Wicca that have been misled to believe it is all about having power over others instead of helping others. There are essentially 2 paths. One leads to darkness the other to light. Sitting on the fence in ignorance feeds the darkness. The learned of the Mystery Schools of Ancient Egypt were highly sought after as teachers of life and for the most part they were warm and loving people. Many were on a path of learning the secret of immortality, which Jesu (Jesus) had learned and shared with others, and for trying to do so was eventually murdered. There are gatekeepers to this knowledge, but it is available and not something to be frightened of. The Catholic Church with all its crimes against humanity keeps all of this from us, and one should ask why. The 13th tribe of Egypt is good to study as their history is widely accessible and their knowledge is taught in many parts of the world.

The world itself is an illusion. Law should be considered as a SYSTEM of control to benefit the few. There are obstacles and barriers put up in front of the many things that are concealed by the masters of the illusion. Imagine seeing a crack in that barrier and then driving a Sherman Tank through it. If you don't know the truth then you are in the illusion, a constructed illusion of power. You go and ask any Police Officer where they get their authority from and they can only point to fictional entities. How this fraud is perpetuated has more to do with lack of awareness and ego stroking the addicts of power. As more people wake up to this simple truth it will become harder and harder for them to hold their illusion together. They are using dark arts, but once you shine love and light onto it, it dissolves and the people involved are usually healed.

You may have noticed that tribal cultures are an important part of this book. It is not because I think we should all live in primitive conditions but these tribal cultures were sustainable cultures and had very simple systems of law based on love thy neighbor as thy self. When something hurtful was done, their objective wasn't to hurt back, but to find the cause and heal that individual emotionally and spiritually. You will hear on the News from time to time how the tribes in Afghanistan that are helping the Taliban and Al-Qaida are Lawless. Also for the most part the Europeans when they expanded into CANADA and other parts of the world considered these new geographical regions as unsettled and lawless. Yet the very statement in Matthew 22 that Jesus taught the Lawyers that all Law should be based on Love thy Neighbor as thy self had little or no meaning to these explorers. Much of what they did was out of ignorance for very few knew how to read. Yet those Missionaries that did, touting Jesus as their savior, neglected to explain Jesus' perspective on the law. It suited their purposes better to present Jesus as someone that

would give you passage to heaven as long as you believed, regardless of your transgressions. This way one man could trample all over another without caring about the consequences because Jesus would forgive.

There are many ways that the ancient history and wisdoms are being revealed. Barbara Anne Brennan, one of the most gifted spiritual healers in the world, studies with native people to learn how they used their Human Energy Fields in their healing work. David Icke consults Credo Mutwa, a Zulu Shaman in South Africa and their Tribal Historian, whose knowledge stretches back thousands of years. There are clay tablets from Ancient Babylon in Iraq, which document the more recent side of ancient history. Even farther back, over 100,000 years ago, there was a globally based society as well in Lumeria and Atlantis. The earth went through a period of great cataclysm at this time, resulting in the many small villages and cities that we are now discovering under the oceans of the world. Some say they are trying to build a new Atlantis, I am not sure of this but whatever their goals are it seems that everything is geared to 2012.

In relation to spiritual matters, the "Primitive" people have much to teach us about spirituality and way of life. The Illuminati seek to control the flow of knowledge and create false histories, so that those they are trying to control do not have an accurate point of reference from which to work and expand from. Science is the new religion, and unless someone has numerous letters after their name they are largely ignored. Their primary focus is to keep you informed on issues through official sources and highly edited texts, the Bible being a chief example.

Realizing that the Illuminati or Zionists imagine themselves as above and God and thus the creators of Gods to serve them, which they call Countries, should enlighten you to the utter emptiness and soulless nature of their belief system. They are more like automatons that act but have no feelings, at least feelings for what they do to us. They are desperate, and because they are disconnected from the infinite, they operate on a command and control structure, based in fear. Worshipping death and war are just a form of mass human sacrifice to them and they love it, feeding on the emotional fear released and the ongoing stress levels. George W. Bush talked about them in a speech, which is written it out for you here:

The hijackers were instruments of evil who died in vain. Behind them is a cult of evil which seeks to harm the innocent and thrives on human suffering. Theirs is the worst kind of cruelty, the cruelty that is fed, not weakened, by tears. Theirs is the worst kind of violence, pure malice, while daring to claim the authority of God. We cannot fully understand the designs and power of evil. It is enough to know that evil, like goodness, exists. And in the terrorists, evil has found a willing servant.

<http://www.september11news.com/PresidentBushPentagon.htm>

Indeed the entire human race has been turned into an instrument of evil. Through their command and control structure of unjust laws and unlawful wars they have consolidated power into the hands of the few through the help of those who would serve evil. We are being used as the instrument of our own destruction by a few selfish, careless people. Unless we stop this and reverse the damage that has been done, the earth's population will be drastically reduced as a final step in the carefully laid plans of the few in control.

In addition, there are serious environmental repercussions that must be addressed immediately, all stemming from a system of corporate greed and disregard for the earth. The spiritual awareness of the 13th tribe, reflected in all native people, was in tune with the environment and lived in a harmonic balance with it. They would not allow abuses to occur for they knew that without that balance, their lives would be destroyed. This Global warming fraud now called Global climate change, is simply a way of transferring wealth out of the rich nations to the bank accounts of the Bankers, it has nothing to do with healing the planet. The earth has always cycled to and from ice ages. What is important is the amount of oxygen we have. If oxygen falls below 15% of the atmosphere content of gas, we begin to die. It currently is hovering around 18%. Interestingly every day the world's aircraft suck up 52,000 times more oxygen than we the 6 billion people that live on earth.

The lethal toxins in our food, cosmetics, toiletries, cleaners and water supply need to be removed as each affects our spiritual ability to perceive other dimensions and communicate with spirits, who are as much apart of our lives as we are with them. The perception that communicating with the dead is evil or wrong is just not true. A great deal of knowledge and guidance comes through them, though there are some who would serve evil and focus on those spirits that do not have good intentions for them or us. It is scary how many people involved in the Justice System are also involved in worshiping Satan, directly or indirectly. They may gain some psychic ability as many do, but do they use it for good or bad? The agenda is the same, but the methods are different as they work through these various organizations to destroy us. I wonder what they would think if they knew that they were being robbed of their spirituality and true infinite potential by following such nonsense. To do harm to others is to do harm to ones self.

Why am I focusing on primitive tribes, religion and other topics that seem to have no bearing on law? Because in truth law does not exist, and the system is created by design to enslave you by making you believe you have to follow law. They have set up a culture of war, fear and depravity, traumatizing us and making us on a mass consciousness scale more susceptible to methods of mind control. This mind control is the only way that this system of tyranny is maintained. By reading this book and applying the acquired knowledge for good you will help end the control a very few people have fraudulently gained over the world population. It is through the human spirit and the love that flows from our inner spirit that we will ultimately expose and heal this nonsense. If you get the sense that there is nothing you can do to stop this, it is only because of the constant bombardment of mass media telling you that you have no power and cannot affect change. In truth we are an incredible expression of life and by simply educating ourselves about the truth we create a momentum that cannot be stopped. Though primitive, the 13th tribe from Egypt lived in harmony and love, sharing a great deal of knowledge about spirit and what a gift our world truly is. Those that seek to enslave us have no understanding of love or have any ability to understand spirit. They are soulless creatures, human projections trying to latch onto something they can never have.

It is their objective to shut down your ability to logically or critically think. They want the decisions you make to be the ones that they constantly broadcast. They want you to believe that abusive behavior by people in positions of trust and power is acceptable, using “elected” or “appointed” as tag lines. In a loving, caring, spiritual based society they could never perpetuate such a fraud. They specifically target your children and inject them with everything from mystery vaccinations to “educational” indoctrinations to disbelief in their own spiritual potential. In the end they grow up to be exactly what they want us all to be: slaves to their system.

### **The Language of the Illuminati**

The language of the Illuminati is all around you, yet unless you are made aware of it you will never know it. It is part of their religion that everything they do is hidden out in the open. Similar to the codifying that went into the Old Torahs concerning various secrets about immortality, the Illuminati work to hide things out in the open that have strong symbolic representations. For example, the Gavel that a Judge uses is a very Ancient Masonic instrument used to knock initiates out for their final journey within their Mystery School. They hit the initiate on the head so his/her soul will travel among the heavens and meet with God their Creator. If and when they return they are shown the secret and placed under a pyramid object to finalize their conscious ability to regenerate the instrument of consciousness known as the human body. It is odd that they would use the Gavel in court Proceedings, but I think it reflects the very true nature of who they are and what they are tasked to do, and is but one example of how they hide their secrets in plain sight.

What is not revealed is that this is a farming of souls. Some say you have to go through hell to get to heaven, but I question that thinking. Rather it seems that on a mass consciousness scale we are about to transcend into the infinite. Perhaps they are providing a path for that transcendence, yet guarding the secrets of it all along. Even though initiates gained the knowledge of immortality they were told that they were still in bondage. It did not matter where they were

or what they were doing, if they revealed the secrets they had learned, they would be killed. It makes me question the methods of containing such knowledge, and what purpose do the keepers of these secret truths have for concealing it from us all?

Since much of what is going on today is what was going on in the ancient past, what went wrong? Much of the Satanic Religion (if you want to call it that) is focused around human sacrifice. Because so many highly placed people are involved in it, very little of what goes on is ever reported en masse. For example, Alex Jones only infiltrated Bohemian Grove for a few hours, yet that thing has gone on for 2 weeks every year for over 100 years. The nature of ritual is so very important to connecting to thought forms and spiritual entities. When you pray that is a ritual as is meditating among other things. It all comes down to the intent of the ritual, a choice that is played out over and over again.

The language system that they use revolves around ritual and the subconscious. They worship the Sun and you will see symbolic representatives of the sun embedded in many things. The Sun and the Pyramid are the two most important symbols. The pyramid is the structure of manipulation for without it the few could not control the many. The language revolves around the Sun and Pyramid so strongly that once you open your eyes to it, you will see it everywhere. I would like to do a pictorial of all the pyramid structures in Edmonton, Alberta, CANADA, but it would take too long to photograph them all. In addition to pyramid and sun symbols, you will also see logos embedded with the number 666. For example, check out the logos of the fortune 500 companies.

The nature of the Illuminati is ritualistic to the extreme. For example, take note on the etiquette behind *have tea with the QUEEN* and you can see what I mean. Parliaments around the world have rituals such as carrying the Scepter and placing it in the House of Commons while sessions are in place. The Scepter is a symbolic Sign of Royalty. I think the best lecture I have ever seen on the Illuminati is by David Icke. I highly recommend that you take the time to become familiar with his lecture and watch it few times to become fully educated with his presentation. You can order it from his website or watch videos on YouTube and Google Video which are excellent. There is a radio interview called Truth Vibrations by Larry McKone, which is truly excellent and goes into the background of how David got started on this path and what is still to come.

## **The Law of One**

The Law of One is the Law of Creation and is the Law of all dimension of creation through to infinity. The Universe is a frequency range within the infinite we call life. Consciousness is infinite and everything within the Universe, including all of us, is part of that one Consciousness. The truth be known, we are not in our natural state of being. Our bodies are simply akin to a giant microprocessor with sensory inputs and mechanisms for interacting within this frequency range. It is, as I like to call it, a frequency space suit. What is our true form? Our true form is any form we believe we are to be. We are manipulated into believing that we are all separate from one another and so a few can abuse and oppress the majority to fulfill their bidding. I realize this is not what we consciously tell ourselves, but this is indeed the outcome of the current system of control. The problem is we have forgotten that what we sense through our five senses is simply an illusion of the mind. It is the heart that leads us to love and truth and the Law of One in Creation. Much of this book deals with the issues of the mind, and when you come to the realization that you are the one creating your Observable reality then the solutions become simpler and easier.

The following is an excerpt from a YouTube video on the Law of One that explains it very well.

<http://www.youtube.com/watch?v=j9MJgxcEZFQ>

The Law of One is the Original Law of Creation. This Master Law is The Law of Omni Presence of all Life and it is the Supreme Law over all the laws in all dimensions.

## **We are all One**

All beings exist intrinsically within and of the one-source. When one is harmed all are harmed  
When one is helped all are healed. Therefore in the name of who I AM, and I am One with all;

I ask that ONLY THAT WHICH IS THE HIGHEST GOOD OF ALL CONCERNED happen here and now.. .and through all time and space. I give thanks that this is done. SO BE IT!

“I can do no other than be reverent before everything that is called life. I can do no other than to have compassion for all that is called life. That is the beginning and the foundation of all ethics.”

*Albert Schweitzer*

All things are connected. Whatever befalls the earth befalls the sons of the earth. Man did not weave the web of Life; he is only a strand in it. Whatever he does to the web, he does to himself.

*Chief Seattle, Nez Perce, 1854*

It is said according to Tradition, the Law of One, the unalterable, universal truths was the original religion of the Lemurian and early Atlantian people. It represents original religion: the unalterable, universal truths and laws as brought into being by the Ultimate Creator.

The divine design of the creator is imbued within the created.

The original, eternal intention of the Law of ONE is love-based, respect for free will, and perpetual life Creation.

“Law of One” belongs to everyone of every creed... “He who experiences the unity of life sees his own Self in all beings, and all beings in his own Self...”

Buddha Law of One perspective respectfully acknowledges the inter-connection, interdependence and intrinsic value of all components and Manifestations of LIFE.

“There is only one breath. All are made of the same clay. The light within is the same.” *Guru Granth Sahib*

Namaste.

The Law of one is fairly simple to understand. It is the realization that we may not harm anyone or any living creature for doing so we are harming ourselves. By harming others we do harm to ourselves in spiritual ways, closing ourselves off from the infinite, replacing it with projected reality. Projecting is the idea of someone trying to get you to believe that their actions are justified when it is obvious from a standpoint of the infinite they are not. Harming others creates low frequency emotions, such as hatred, animosity and ill will towards others. This translates into food for our uninvited guests, the Nephelim and fourth dimensional entities. You can feel them feed off you at times. For example, when you hit the brakes on your car to avoid hitting another car you may feel pins and needles all over you. Guess who is feeding on your fear? They do exist and the spiritual world is just as real as this one, but you have been manipulated into not seeing it. The few that control the world are trying to keep us living in the mind, which creates the illusion and has no sense of love. Without love we live in fear. It is when we remember we are One with all, including the Source of Creation, we are love. Once we come to this realization, when we will not allow others to use us to harm others or harm ourselves, their game is over.

The Law of one applies to these soulless creatures as well, and it is infinite love used to help correct and heal that seems to be their pain, essentially the reverse of what they are doing to us. I am hoping that 2012 will be a time when the healing is done and we are lifted out of this mess. Until that happens we have to take great care in our lives to not hurt others and create a pathway back to the infinite. If that sounds difficult, remember it is much easier if you know who you

are. This was one of the fundamental teachings in the Bible by JESUS. Knowing who you are allows you to draw strength and create tangents in situations that allow for freedom. Realizing that you are infinite consciousness and you and everyone else is part of that consciousness is not something to take lightly. We talked about the 13th Tribe Khuhana's using a symbolic Higher Self, which was their anchor to the infinite. Their Higher Self would not allow them to harm anyone through spirit, and made it possible for them to focus on the highest good of the individual they were attempting to help. Because our Consciousness is fragmented at this point, spirit doesn't recognize that harming is not within the context of Love. Love is all there is with an intelligence that is aware beyond time. We can liken our current reality as a kind of nightmare we are living in God's dream, as he rested from his creation on the 7th day of creation. It's like some aspect of our infinite consciousness has been put to sleep, or at least hypnotized, and then given a suggestion, making it believe that it is of its own. How this happened no one really knows for sure.

It is important that we do everything possible to protect ourselves from harm. We ultimately want to solve problems through love, but we don't have to accept our own destruction just because we don't want to do what we must to stop the harm going on. It is about ethics, and sometimes violence may be necessary if someone is killing or hurting others. This aspect is the stimulus response of who we are, and as we are able to express more consciousness, light and love, and vibrate in a higher state, more options will become available to us to resolve these problems. This is what they don't want to happen because they thrive on our fear and hatred. Just because we love one another does not mean that we have to agree with others harming each other. We are all healers and we must do what we can to stop harm and assist in the healing. Ultimately death is a form of healing in and of itself. But what we want is for everyone to get along and stop all this nonsense of harming one another through covert and overt means.

As a medium I communicate with my guides through thoughts. I come to know my guides as they insert thoughts into my internal talking as I call it. When they are doing this I know from how it feels with me. They have a different feeling energy and the thought processes are different than my normal ones. I can't predict the future, but by reading documents like the ***Project for the New American Century*** we can see that everything the Illuminati are doing to enslave us is hidden out in the open. That these type of documents are ignored is something they count on. In fact, the No Child Left Behind policy is creating a generation of people who cannot read or write very well, if at all! It's important that people spend time to learn to read and write and self educate themselves. I was told that I was not "University Material" when I was near graduation of high school, yet went a local technical college to learn about Telecommunication Engineering and was pulling 100% marks in my final year there. It is amazing what happens when you turn off the teacher and begin to absorb the written thoughts and pictures before you. Actually, I can't stand teachers, just give me the stuff you want me to read and I'll absorb it like a photograph. To listen and take notes on a droning lecture for two to three hours is an insane way of learning. Learning and committing to memory the subject matter in a quiet space with some soft music playing has allowed me to learn at greater rates than in class settings.

In terms of the Law of One, David Icke accurately pointed out that the infinite does not need to be educated, as infinite is infinite knowledge as well. Start breaking down the walls between you and the infinite and you get to the point where you can access other people's knowledge base by simply focusing on them and asking them questions. "My mind to your mind," Mr. Spock would say, which is very true. We have that connection because we are infinite. This frequency space suit we all are wearing is blocking our ability to play with light, our light! We form light into objects through our subconscious thought and in spirit we do it directly, or consciously as it were. There are spiritual levels to this manipulation from my experiences in meditation and from what my Guides have shown me. We can leave our bodies and travel within spirit form; we are not bound to these bodies at all. This world is akin to a biological matrix. Researchers that have gone to some Indonesian islands that are off limits to people to protect the ecosystem have found the so-called wildlife completely tame. They are not hunted and therefore it has not reached their collective consciousness to be frightened of man or each other. This is the natural

state of the infinite and of us. Most are ignorant to how their spiritual anatomy works and how it can be damaged. This causes us to disconnect from the infinite love we all are.

Barbara Anne Brennan has created a couple of books, *Hands of Light: A Guide to Healing Through the Human Energy Field* and *Light Emerging: The Journey of Personal Healing* which explain some aspects of our spiritual anatomy and how it gets damaged and can be healed by trained Spiritual Healers (or even untrained healers). Although the offer is always there, many haven't been shown this gift we all share, told instead it is evil or against God to learn our abilities through our spirit. You are free to do anything you want to as long as you do not through your action or non-action cause harm to others. These are the fundamentals behind the Law of One. The knowledge of the healing arts and Spiritual world are not limited to CLERGY who know very little and those that do know some things use them for Satanic Rituals from what I hear. It is important to know how your energy fields work and the workings of your spiritual anatomy, because without that knowledge and control you can be harmed by those that do know and will forgo the ancient principle of Know thyself to your detriment. We should focus on Infinite Knowing as opposed to infinite knowledge, as knowledge is that of fear and this four dimensional prison we find ourselves in.

When immersed in the Law of One everything around us comes from our core star essence. The only way I know to sense my Core Star is to sense others in a meditation circle. Our Core Star transcends all time and is infinite. The ability to heal and regenerate the body all comes from our Core Star energy. It is situated a little above the body's navel. When you are in an infinite state of awareness you are aware of the past, present and future as being one and the connection to all life force and balance is a harmonious orchestra of light and sound. Your Core Star is Love and it is drawn to this reality for the purpose of healing it. It senses the pain and transcends down into this reality to heal. Truly the Law of One is a multidimensional one and it is the recognition of this that makes how we treat each other within this reality of our Infinite selves so important. It is akin to multiple universes joining up in one place to focus their consciousness in consensus.

Why is this so important? It is the fundamental driving force behind what the Illuminati are doing, and how they are testing us. If we truly know what the Law of One is we will know we are testing ourselves. The transformation that is about to take place in 2012 will fundamentally change our state of being and reality, if what David Icke and others are saying is true. The prison we find ourselves in may not be a prison at all but rather a testing ground to prepare us. The more we struggle against it the more entrapped we become, rather than focusing on Love and the simplicity of the infinite. Our bodies are designed to shut out the infinite and cause us to disconnect with our infinite selves. This world we live in is an illusion but it's foundation is built on our energy.

These soulless creatures that seemingly control everything from the background are only doing so with our ignorance of the truth. They can only blend into the illusion and hide if we believe what is being presented to us is true and thus real. Unfortunately, to uncover them may be a very painful process as it is natural for us to cover wounds with layers and layers of energy to the point where we don't recognize the wound at all. This is one of the fundamental aspects taught in Spiritual Healing, and when you do healing work on people, you do see these layers and sense them in different ways. Normally our lower bodies are covered with a lot of bio-plasma that is of a very low frequency and dark in color. A majority of my time is spent clearing this energy out and transforming it to higher frequencies. As this gets healed we can start to see the wounds appear below. These wounds can occur from different lifetimes depending on the energy body affected. There is a great deal to know about healing, yet it is really fairly simple as guides and angels do much of the work. The healer's job is to act as a frequency interface between the individual being healed and the guides.

The guides and Angels also all have Core Stars and can take on that form more readily than we do. It is amazing how many spirit lights are around us all the time, millions at times. Some nights before going to sleep I open my awareness to them and my whole room becomes a Universe of spirit lights. It is amazing to watch. Some entities are Earth bound and are predominantly evil

and do wish to cause us harm. Whenever you do anything to energetically open your awareness you must align your intent to the highest, truest, brightest and best. People who align themselves to Satanic, Luciferian demonic type entities become engaged in power issues which will lead to serious repercussions including death. This is not a trivial matter and one must take care to go slow when beginning to meditate and do new things energetically. In my meditation classes we were taught to use our sense of knowing to feel what good energy was as opposed to bad. Many Earth bound spirits that have ill intentions towards us may even mask their image as part of their deception. They take might on an appearance of a dead relative to lull the trusted into dropping their defenses. This is much like what is described about the shape shifting Reptilians of which I have yet to see for myself, though I have seen a Grey once in spirit form. Interestingly, he showed me a device they use in another dimension that projects the entire Universe. I don't know for sure that this is what it does but this is what he was showing me it did. Never once did anyone I had contact with go by a name, we all recognized each other by energy.

It was remarkable that when I was running my healing business I was approached by a Lawyer who said to me, "you know lots about the light, what about the dark?" and she shuffled her feet towards me. It caused me to jump a bit but it made me realize just how entrenched a great many people are in the Dark Arts. I enjoy my guides and spiritual life very much the way it is and look forward to even greater expansion of love and knowing. What they do not want you to know is that your internal world is just as real as this one. When you begin to go within you actually open up to the Universe on multiple levels of reality. Simply closing your eyes and listening to some soft music is a gentle and safe way of doing this after aligning your intent with the highest, truest, brightest and best. In terms of God I tend to reference God as a reflection of me in my infinite state of awareness. Holding myself on my own open hand with infinite Love knowing that God comes from within and is not something external or foreign to me. Sometimes for fun I picture him as an old man with a long white beard wearing a robe, but all in all in the end my internal world is a reality unto it's own where I interact with other forms of life that do not reflect light within our Earthly type home, or come to me through the 5 senses. The only sin we ever make is forgetting who we are. That is what the Bible teaches you in Genesis Chapter 1, based on the real and Chapter 2, based on a fictional world.

This is a great part of what I believe is going on. The illusionists are constantly asking us if we know who we are. We fall for their traps and tricks all the time, which causes us pain and suffering. Pain and suffering are a result of fear and walling off parts of us. Barbara Anne Brennan actually suggests an exercise in one of her books about feeling out the walls that close us in. Each wall is layered with levels of fear and as we "dissolve" those fears", we find that the pain and suffering we put ourselves through was huge in comparison to the hurt. We pour huge amounts of energy to cover things up until we forget that the wound is even there. This strongly reflects on the reality or our everyday world that we have been tricked into believing in. The Law of One is about unifying our reality and recognizing ourselves in others. Everyone is part of everyone. The separation is only an illusion and what we do to someone else we do to ourselves. If you hurt someone else intentionally it is reflected back at you and your energy field becomes embedded with the pain, which you energetically work to cover up and cloud. This affects your judgment and thought processes even more. It is a cycle of sorts, but the Universe is always there and always true. It puts us into healing cycles, presenting us with similar circumstances over and over again, until we see what we did and deal with it in a Loving way. Some call it Karma, but it is really just healing cycles. The Illusionists opt to try and destroy the cycles as much as they can, but they are soulless creatures and have very little ability to stop anything that the Universe is trying to heal.

### **The Cathars**

In a nut shell the Cathars were a group of people in the middle ages that broke away from the Catholic Church calling them Satanists or Luciferians and wanted nothing more to do with them. Because the crusades were on at that time, they were hunted down and killed. The interesting thing about them was that they recognized the importance of community and the sharing and

teaching of their knowledge. They just wanted to live in peace away from the Church. Of course, this process would eventually lead to self-actualization, which would reveal even more strongly the illusion we live in. They had it right and were subconsciously doing their best to restore balance and bring awareness and love back into their group consciousness.

It amazed me that such a gentle people would present such a tremendous threat to the Catholic Church. After they murdered 3000 or more of them by using catapults and cutting off their water supply etc. only 200 were left. They were all to be burned at the stake, but would be saved only if they recanted and accepted the church, then prison for life I think it was. Only 2 recanted and they burned the rest of them alive. This is fairly typical of rampage that was put on by the Catholic Church over the Middle Ages and in the end they murdered somewhere around 60 million people in their attempt to maintain dominance as the state religion within Europe.

What we see today is nothing different, except now we are made to bow before their State Gods while Religion has taken on a secondary role. Do not mistake the nature of what a Nation State is. It is a God that has been created for everyone to bow to. The Zionists and those like them believe that Gods serve them and they create these Nation States Gods, to serve them. They want you to be a Dead FICTION so that you end up serving them through their Gods. It's a pretty sick way of thinking. Deuteronomy 14:2 gives the Zionists their reason to believe that Governments are Gods that serve them.

Deuteronomy 14:2 for thou art an holy people unto the LORD thy God, and the LORD hath chosen thee to be a peculiar people unto himself, above all the nations that are upon the earth.

This is the reason for the rapid creation of Nation States. Since the creation of the Bible and expansion of the Holy Roman Empire, States have been the commercial trademark of Temple Bar, and they have encompassed the world with Nation States. It is a fraud as Nation States are Private Corporations of Temple Bar and exist only in an imaginary world. They want you to believe that you live in their Nation States and so they have power over you. Had this not been in the Bible would Nation States exist today? It is only a repeat of the same things that have been happening over and over again, just not on this scale. This is also why the Native people were allowed to call themselves First Nations people in CANADA, a title that had meanings they weren't aware of. We can even find hidden meaning in the word "Coronation" (Coro-Nation), which may be just a coincidence, but it is there.

Like the Cathars we find ourselves in peril with nowhere to hide. The extortion system is set up so you can be free if you don't use their system for survival, but they cut off all other means of survival or outright destroy your capacity to be independent. It's just like they have done all over the world with Native people. It would seem that it is okay for them to create an imaginary world and thrust it on the real as being real, yet when they are compromised in carrying out their agenda in some way the laws suddenly don't apply to them or to the people they need to do their bidding.

Like the Cathars we can clearly see those who are attempting to enslave us and take our freedoms from us. We are not slaves and we do have the right to self-actualization. The harm being done to us from moment to moment is monstrous and is bringing us to the point of extinction. The simple fact that the New World Order started by Julius Caesar is now coming into reality before our eyes is something to take note of. The Courts are completely based in an imaginary world that has no jurisdiction or right to pass judgments or do anything against our own free will. They are not a true reflection of the will of the people. They are instruments of terror and death. The people involved in courts and related institutions may mean well and think that they are doing their "Duty" to serve their "Country" when in fact it is all completely false and a lie. It is through a pyramid structure of compartmentalization and control that this is being allowed to happen, giving the imaginary few powers over the masses. If one simply questions the origin of that power, none exists at all.

Know thyself may not be all that it takes to survive what is about to emerge from these clowns and charlatans, but perhaps we can slow them down enough that more will take notice and realize

that they must draw a line in the Sand and step up to the plate. There is no more running that we can do, they have taken over everything and unless you start screaming stop, there will be other screams to be heard that will never stop. Like the Cathars they drew their line in the sand and did what they could against a mass oppressive force. Perhaps if they knew what you know now things would have turned out much different for them. It has been my objective to give you a well-rounded background for the work that lies ahead of those of you who wish to stand up and tell them to stop. It is not my intention to hurt them or allow them to be hurt. They are very aware of what they are doing to us, and those that don't should pay heed and reflect on what they are truly part of. It is important that we keep our communities safe and that we care for each other. Part of that is focusing on the high level crimes against us in the form of forced enslavement and various forms of Genocide. Technologies that would free our world need to be released and people need time to heal and self-actualize to the greatest heights they can reach.

What will it take for you to start saying no and start standing up for your freedom?

I once heard an analogy that went like this. Imagine that the World Trade Center was still standing and one of these clowns that are enslaving you prints some money and takes \$5 and asks you to walk across a plank that securely attached to the two towers, knowing that there are high winds and the buildings are swaying back and forth and the wood for the hand supports would not support your entire weight if it were to break. Would you go? Not many would, as it's a pretty scary sight to look down from.

Let's say instead the clown goes and prints \$100 but removes some of the nails from each side of the plank, taking his time, as he himself does not want to cross the plank. The wind is still gusty and the buildings are swaying and it is a long, long way down. Would you go for \$100? How about \$10,000, but instead he replaces the plank with one that has some rot in it and some of the arm rails are missing so you have to really chance it in some spots and wind is picking up and it is beginning to rain a bit making the plank slippery. Would you go now? Probably not, nor would I for that matter. Okay then he removes some more nails and removes most of the hand rails and the rain has turned to freezing rain and it and the plank is vibrating and the buildings swaying hard. The rotted areas are very hard to see and one misstep could snap the plank in half. The Clown goes to his printing press and prints off \$1,000,000.00 and says here you are, just cross the plank and it's yours. Although it is a lot of money not many of us I am sure would attempt such terror and certain death for his amusement. Frustrated with you, the Clown decides to go after something with substance, and he holds by the tip of his hand your 3-year-old child, screaming your name for help in absolute terror, over the edge of the other building. Who wouldn't go now? It is by my very instinct that I would go without a second thought. If my child is now in harms way and he is going to die if I don't react, then without pause I am going.

The above situation would never happen of course, or would it? Much of what they do to control their servants is through money, which they print out of thin air, and then use to get them to break the law by sleeping with hookers, children or any number of crimes and hold them in place with the threat of throwing them at their Courts if they don't do what they are told. In some cases people are tortured or through the use of technology and drugs have their personalities shattered so they will become mind controlled slaves. They reinforce a trigger word on them that can be used to make them into suicide bombers or do anything they want. There are different techniques used and the CIA is full of NAZI MK Ultra Scientists that have perfected much of the mind-control techniques and technology after World War II, against the wishes of Congress. There are many victims in this who are doing things that they would not normally do but are enslaved to this level. Just imagine what they have in store for you, once the New World Order takes shape and all imaginary rights and freedoms are completely stripped away and you are living in a total Police State.

For a good overview of Mind Control watch this video: [Mind Control & MKULTRA, Cathy O'Brien and Mark Phillips](#)

Ideally I'd like to see this all stopped through educating others and holding to account the people that are making decisions that advance the goals of the New World Order. Although much of what I have to share with you in the next chapter will simply allow you to expose their lies and illusions, much is still dependent on honor. We must have honor in those who hold power to make decisions to recognize the truth and pull themselves outside of the box long enough to stop the tyranny. The simple fact that you know the truth and can expose it as such has little meaning to hand picked Judges that have their self-preservation at stake with keeping the ruling elite establishment in power. Right now the most we can hope for is a no-contest with these people, enough for them to go onto easier prey. That is a victory in and of itself, and many have already achieved this.

The ideology of the few is in reasoning that they are above us in race, religion and perhaps species. The energy that surrounds some political leaders reveals problems with their energy fields and in some cases their aura projects no light at all. I wish I knew more so I could tell you more, I am still searching for answers myself. But indeed to withhold from you what I know at this point would be harmful to many. Yet it requires people to examine all the conditional reality dogma that gets pumped into them and ask which is truth and what is fiction. I know this is a big one with Religion, but remember that it is okay to believe anything you want so long as your actions or lack of actions from it do not hurt others. This is fundamental.

### **Assumptions**

Genesis 1:26 "And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

Genesis 2:7 "And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul."

Genesis 2:21-23 "And the LORD God caused a deep sleep to fall upon Adam and he slept: and he took one of his ribs, and closed up the flesh instead thereof; And the rib, which the LORD God had taken from man, made he a woman, and brought her unto the man. And Adam said, This is now bone of my bones, and flesh of my flesh: she shall be called Woman, because she was taken out of Man."

Chapter 1 makes it clear that man being a male or female were created equal and at the same time, versus Chapter 2 where woman was created from man and thus subservient to man.

We also read that strangely Eve was not given the instructions from Lord God not to eat from the tree of knowledge, only Adam was. If Adam told her at all, it was hearsay from him and the Serpent. It is important to note that what the Bible is asking us to do is accept assumptions rather than fact. If it was the Serpent that told her about the Tree of Knowledge, this is just another offer of enslavement based on illusion. Do note there are two trees, the Tree of Knowledge and the Tree of Life. I gather the Tree of Knowledge is all mind-based reality whereas the Tree of Life, which they were allowed to eat from, was all about the heart. We are made to believe that God gave Eve the information at another time. It is more likely Adam told her about it, but God did not warn her if you actually read what it says. Eve never entered into a Contract, only Adam did, but because Eve was from Man and thus subservient to Man, she was treated as property and removed as such from the Garden of Eden. The intention here is critical analysis based on the text, not to stir up controversy. Through basic questions and critical examination of our situation, instead of skimming over everything and assuming you have figured it out, you can avoid the pitfalls that keep illusions working. This is the nature of the New World Order and their puppet Governments, they fraudulently assume you know everything and thus act accordingly.

### **Anglo Saxon Common Law**

We briefly touched on Anglo Saxon Common Law, and in the closing of this chapter I wanted to expand on how it is truly one of the best systems of law ever created. The juries had full control over the proceedings and were randomly picked by the sheriff. The state of mind of the accused was always taken into consideration and not just the crimes. The basic foundation of the law was *Do not unto others as you would not have others do unto you*, and was very harsh in terms of punishments handed out. It did not seek to restore balance within the community and between the victims and criminals, and thus it was open to abuse. Still it was reported as the best system ever created, and people enjoyed a great deal of freedom through it. The Laws of the King did not matter when it was the Law of the People that decided what the law was. It kept the few from ruling over the masses. With the extent of secret societies in today's world, I am not sure that this could be a trusted system to use. The attributes are good on the outset and much like tribes, there is a tribal council that makes decisions about the community or village. I think this is a good model to work from. What ended up happening was that the King arbitrarily replaced the common people with "professional" jurors, feeling there was too much deviation in the rulings that were being made, and was able to get his way through this subversion. We can't expect the ruling elite to sit on their hands long with nothing to do can we?

People in France were actually beheaded for trying to spread the idea that law should be based on the Anglo Saxon Law model. I guess the King there preferred *Do as I say unto others or I will execute you* as the foundation of law. It is the basis of Christianity that is being thwarted, the very fundamental teaching of JESUS unto the Lawyers, who instead worship Babylonian ideals. It is interesting that they referred to JESUS as their Master, insinuating that the Talmud was the foundation of all law, since the Talmud is all about master/slave relations. This means Anglo Saxon Common Law was really the only break from the Talmud within the European community that I know of. Because Western Europe went on a rampage of pillaging and piracy all over the earth, they never bothered to adapt to the kinder and gentler ways of the ancient cultures that they came in contact with. It was Talmud and their Babylonian worship all the way. The agenda was to capture the world so that they could usher in this New World Order from the Holy Roman Empire headed by the Pope.

## Chapter 6

### Playtime in the Illusion

To see a World in a Grain of Sand  
And a Heaven in a Wild Flower,  
Hold Infinity in the palm of  
your hand  
And Eternity in an hour.

William Blake: *Illusions work because we are made to reference untrue foundations for our beliefs.*

Illusions as mentioned earlier depend on us accepting a lie as being true. It is our strong belief in their lies that creates a common consensus of what truth is, within the workings of the manipulation. It is only through critical thinking and asking basic questions about things that we are able to decipher what is truth and what is fiction. Illusions also work on subtle changes and as it states in the Bible, Genesis 1:1 Now the serpent was more **subtle** than any beast of the field which the LORD God had made. And he said unto the woman, Yea, hath God said, Ye shall not eat of every tree of the garden? Not to Eve, only to Adam did he say this.

The Bible itself makes it very clear LORD God was not of the Beginning. Look at Genesis Chapter 2 again and you will see no mention about a beginning but rather a mention about Generations. Genesis 2:3-4

[3]And Go d blessed the seventh day, and sanctified it: because that in it he had rested from all his work which **God** created and made.

**[4] These are the generations of the heavens and of the earth when they were created, in the day that the LORD God made the earth and the heavens,**

The second creation was not done in the Beginning and thus confirms that LORD God is not God. The symbolic truth is presented here so that those that are doing the manipulating can wash their hands of it by saying, we presented you with the truth but you went for the fiction. This is of course the foundation of accepting fiction as truth or a creating a false foundation on which we set our beliefs in. They don't teach this in Bible school because as soon as people are made aware of this, then there is nothing more to discuss, except perhaps how God was able to determine what a day was prior to making one, in terms of the first day.

Another very important part of this is Genesis Chapter 5 where the word Generations and yet another creation takes place.

[1] This is the book of the generations of Adam. In the day that God created man, in the likeness of God made he him;

[2] Male and female created he them; and blessed them, and called their name Adam, in the day when they were created.

[3] And Adam lived an hundred and thirty years, and begat a son in his own likeness, after his image; and called his name Seth:

The Bible clearly states here that God made an Unisexual Man named Adam. Adam actually translates from Hebrew into First man. But Credo Mutwa the Official Historian for the Zulu Nation there stated that when they first came to this planet from the stars and became stuck here, they were unisexual people who did use telepathy as their primary means of communication.

Further going back you will see that Eve bore Cain not Seth and in this case Adam him/herself created another unisexual life called Seth. We have 2 stories going on here. Which is true if either of them? Genesis Chapter 5 talks about a race of men bearing children who were all unisexual in nature, self propagating, Eve is not mentioned at all! In truth what we are seeing is a master creation in Genesis Chapter 1 and all others are illusions based on that creation, within the context of the Bible. From the Zionist point of view once again their can only be one God, yet here we see potentially 3 different God's all within one book of the Bible all claiming to have created man or this variation of, which is important as we know the subtle differences and why.

Then we hit Genesis Chapter 6 where all of sudden we have daughters of men. Now we have two sexes? What happened? Genesis 6

[1] And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them,

That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose.

[4] There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.

What is being introduced here is the knowledge of how the Nephilim came into being. The Giants were actually small 'g' gods, extraterrestrials most likely the Anunnaki, a Reptilian race of beings that originated here on the Earth, left and came back many thousands of years later. From what is observable today and witness reports these are the shape shifting lizards that walk among us today. Now how much of this is true or isn't true I don't know, I can just present you with the information. Knowing this will perhaps help you in the future as their New World Order begins to fall apart on them. For some further info on the Nephilim I suggest this article I found on the Internet:

<http://users.aristotle.net/~bhuie/gen6sons.htm>

In terms of what happened Credo Mutwa once again in his documentary the Reptilian Agenda states that they were once Unisexual and had thought their way here to the Earth in the infinite Journey among the stars. The Annuaki created two caves and divided them into two groups. Each group of Men ran through a cave and came out a male or female depending on the cave they ran through. There was a different color light in each cave that represented some form of energetic change based on light of course that did this. Light within the spirit world is fundamental to the creation and building of all things. As our Auric fields generate light from our thoughts and thought forms we vibrate into this state of being moment to moment. How all that works I only know bits and pieces of as if I did, then I and many others would not be living in this prison reality. However knowing what I do know perhaps over time we can unlock some secrets that are hidden right before our eyes and transcend. My guess is that the infinite is about to intervene and stop this in 2012 and they know it. They are trying to scramble our bio-computer called a human body in thinking that this will not take place is about all I and others looking at this can think of at the moment.

What is interesting about Genesis Chapter 1 in it being the master creation is that man male or female did not die. Thus Death is part of the illusions and confirms to me that the secret of immortality is really about gaining mastery over how we move our bodies/holographic bio-computer through time. Time is of itself an illusion I believe as again time does not exist within the infinite.

What this chapter is about is how to recognize this illusion and start to learn from it through play. Play is the way we have always learned and is natural. Learning to play within the illusion is the most powerful way of dispelling it. What they want is for you to believe in their artificial reality and look at life through those rose color glasses. After learning what you have you may now find it strange how so many people believe that they live in a Country when in fact they only live on the Earth. Law is a mechanism of forcing a belief system onto people. Sadly the people behind this have sworn a blood oath to bring about the New World Order and thus enslavement of all of us. Never forget that they are playing for keeps and the people involved only tolerate so much before they feel uncomfortable enough to take actions against you. Playing with their illusions is paramount to pulling the rug out from under them and they don't like that. However it is not us that are threatening them it is they who threaten us through their lies and various means of force. You must always remember that plank I talked about in the last chapter that when you begin this Journey that is symbolic of the situation you are in. The Devil wants absolute obedience regardless of the harm being done. My only intention is to give you peaceful tools to use in creating more freedom and justice in your life. It is odd how some people equate freedom with liberty. Liberty is not freedom because Liberty comes from the idea that you are in bondage. The Creator never put men or man male or female into bondage. Liberty comes from LAW an imaginary world based on PERSONS. Thus being aware of these and other nuances in wording you see how the subtle thread of deceit is woven within the fabric of our communities and way of life. The Pay Off for the Illusionists The pay off for the Illusionists are fairly simple. The sign into Laws that we have no say in and say they apply to us. Further because the laws are of a private corporation we never are actually allowed to see the signed laws. In Canada they are given Royal Ascent. Royal Ascent by the Governor General of which the name of the Corporation requesting the Policy change is the Crown in Right of Canada. Your name is not on it and yet they say you are to follow their laws. Primarily they are concerned about money. They want your money as they are all bankrupt entities and must take your money and give it all to their creditors. Of course Policies of every bankrupt Country on the planet with the exception of perhaps, The City and the Holy See and Washington DC, are dictated too by the Bankers through as they have gone bankrupt to the Bankers. Of course as we have discussed this is a massive fraud, but it is the primary system of control.

The Courts are nothing more than collector agents for the Bankers and they have a good supply of greedy people who run them, knowing this truth and many others about what is really going

on. However presenting them with this information in court is only going to make matters worse for anyone that tries. They don't care that you know all that matters to them is how much money that they can get from you and if you would please sign their papers so they can make money off your signature. Beyond that it is a dog and pony show making the general populous believe that because you did not win in court means that there was something wrong with the massive amounts of evidence you had showing without a doubt that they are committing fraud and numerous other crimes.

They create an illusion that there is no way to fight them and they have the power to enslave and murder people at whim. It keeps the sheep in line and allows them to continue what they are doing, even when it clearly goes against their own laws or rather the laws that they say apply to all equally. It is beyond comprehension that this has gone on as long as it has throughout the world. It really comes down to Religion as mentioned in last chapter Deuteronomy 14:2. They purposely created Nation States, which under Religion gives them Divine Control over them and then use unlawful forms of Contracting and monetary and political systems to force everyone to be a surety for a PERSON within their Nation States. Thus it matters not what laws they pass or what they do to you, because there is no other system of law to turn to for relief, they force you into their courts for the resolution of everything. It is akin to the fox guarding the hen house.

In terms of pay offs what they get from this is a world population in bondage and as long as they can lock you up or find some way LEGAL way to kill you they can keep perpetrating lots and lots of crimes on the world. CANADA has got to be the Bankers monetary gem. There they are raping the country or rather the Earth of it's massive oil and mineral resources and making many loans to dictators in third world Countries based on Usury. The profits of which are used to undermine these countries more. It is a perpetual money control system from which there is no escape for the afflicted. Thus the game is about power not about wealth. They get a sense of immortality as they watch each Country go down in abject poverty. The concentration of wealth within these countries is huge as it is throughout the world.

The end game for them is to use this power of control to make everyone into mindless slaves that don't question anything and further compact those left alive into tiny cities where you will be chipped and monitored for your own safety. It matters so they can continue their Satanic Rituals and trips to Bohemian Grove and find ever more horrible things to carry out on the population that generates more fear and gives them more sense of real power over everyone's lives. If you take a look at the beauty of this planet and realize that your future in a sweat shop factory being feed watered down soup with little or no care of life other than productivity and how little they can provide for you in order to maximize their enjoyment of this world of ours is what they pay off really is for them. They want to be able to completely and totally enslave and control you. How harsh it will be? Well FEMA in the USA has created a number of Concentration Camps as well as some in CANADA, which can hold many thousands in some cases work is under way for a few million at these camps. Train tracks run up beside them and much like what was happening in Nazi Germany is happening right now. They want primarily white people in their future enslavement programs as their genetic structure is easier to possess spiritually and the blood from blue eyed blonde children is a much better drink for them as well for their sacrificing rituals.

Yes much awaits you in the near future if you live through the next massive depression that is planned for world along with the Nuclear wars, started over Iran I speculate. The control of information is absolutely paramount to the in order to accomplish this and what they have. The Internet is the way that we have been able to communicate with each other and on a mass scale put these pieces together so we can all see what is happening. I really didn't know anything about any of this myself until about April of 2000 when I was told at a gathering about the New World Order and that Canada was a defacto Country. It still didn't mean much to me until I discovered that 9/11 was an inside Job and I could clearly see how that was being used as way to project military power at Afghanistan where the murder of many innocent people took place. It was incredible knowing through simple analysis of the facts that their story about 9/11 was a complete

lie. I would strongly urge you all to research this area for yourselves. The movie Loose Change is available on the Net or you can buy it and is one of the best videos I have seen yet discussing the evidence. I wrote my own article about the Pentagon Crash of Flight 77, which at the time got a great deal of attention,

[www.freedomfiles.org/war/pentagon.htm](http://www.freedomfiles.org/war/pentagon.htm)[http://www.freedomfiles.org/war/pentagon .htm](http://www.freedomfiles.org/war/pentagon.htm).

The reality is that they can only do what they do by controlling information. The payoff for them is our planet if we do nothing to stop this. At the moment it would seem they would rather take us all down with them, rather than relinquishing power. Perhaps, but over time things change. I believe that as more become educated on how the extortion system works the intangible forces will start to take effect and things that do not seem possible today might be in when more know what is happening and begin to take actions against this. But we all have a stake in this so we must all do what we can to bring about a better future for ourselves. The payoff for not doing so for us is perpetual enslavement and abuse by the few over the many.

### Turning the Chess Board

To some degree much of what is going on strategically is a game of Chess where the Illusionists are indeed protecting their King at all costs. What is their King? Perhaps they themselves don't even know as their King is a Manipulative consciousness that resides outside our 5 sense world. What they do not and absolutely are terrified of is for the people to wake and see the Illusion that has been projected at them for what it is and begin the process of engaging spiritually into their infinite selves. It is expanding our awareness of our infinite self that brings about power and transformation. China is currently harvesting organs of people who practice Falun Gong meditation, that heal the mind, body and soul. <http://www.faluninfo.net/fdifocusorgan.asp>

I also want to address the point that what has all this spiritual stuff got to do with Law? Well perhaps you have not yet noticed the strong Ecclastical connections made in the development of LAW over the past 2000 or so years and those making it are and have been given God Status. Although it is called Religion much of the Illusion is built around it, where they separate you from the true spiritual techniques and knowledge you need to expand more and more into the infinite and somehow make it sound like God has a divine plan for you and everyone so just sit there and do nothing. This book is as much about healing as it is about the LAW. I know that for some the programming and indoctrination from their church would tell them not to read this book as it deals with issues that are banned by the Church. Again it is another form of control to keep people enslaved and blinded from the truth. If you are going to ever start to turn the Chessboard around you must have a strong foundation. We are not dealing with supernatural beings we are dealing with levels of consciousness. Within these levels are illusions and truths. My objective is to help you become spiritually aware far beyond what they may teach you in church. It is through that awareness that your infinite self has more opportunity to help you and others in this place we call Earth.

In light of all that let's take a closer look at the chessboard. One of the key things that they use within LAW is the Criminal Code. Going back to CANADA again as it is a defacto Government for PERSONS, you should be made aware of Section 15 of the Criminal Code of CANADA { **No person shall be convicted of an offence in respect of an act or omission in obedience to the laws for the time being made and enforced by persons in de facto possession of the sovereign power in and over the place where the act or omission occurs.** }

<http://www.canlii.org/ca/sta/c-46/sec15.html> <http://laws.justice.gc.ca/fr/ShowDoc/cs/C-46/bo-ga :s 3 1:: boga :l II//fr?page=2&isPrinting=false#codese: 15>

Note the Canadian Government has deleted the section pertaining to Section 15 from the English side of their Internet posting of the CCC. At one point the entire CCC was taken down. You can goto to your book store and by a copy of Martin's Pocket Criminal Code if you like to have an up to date copy of it. Ultimately getting a Certified Copy from the Librarian of Parliament is

needed if you intend on using this as proof in some proceeding, just don't ever go into a Canadian Court as they will probably lock you up and throw away the key. Remember this is a private group of people who have usurped the public institutions of Canada for their own private commercial gain. It is their private court.

This law was inserted more to cover the perpetrators of mass fraud than to protect the people. However again it only applies to PERSONS not to us. Thus again is the tip off. Primarily what they want from you is compliance as compliance equals contract. They only have jurisdiction over NAMES, we do not have NAMES or Names for that matter. What we do have is, dominion over the Earth and all its forms. This is our world not theirs. Now let's step back a bit and look at Deuteronomy 14:2 yet again. "for thou art an holy people unto the LORD thy God, and the LORD hath chosen thee to be a peculiar people unto himself, above all the nations that are upon the earth."

Okay if they say this LAW and being one of the 930 LAWS of God then who is to say which People God was talking too? Have they got it on video tape? All they got is hearsay passed down through the ages, perhaps. So in LAW all are equal under the LAW. Thus it confirms that what is good for the goose is good for the Gander. Thus is it not saying we are above all Nations. This comes from LORD God himself. Are we not all the Chosen Ones? So we are all bit peculiar, I would agree with that. In terms of following God's LAWS you only need to make reference to Genesis Chapter 1. A Generation is not Creation only the Creator can advance LAWS and of course he/she didn't we are made in our image, we are everything that exists. The infinite is within us all.

Now in terms of LAW in CANADA what has happened is again everything works on contracts. The PEACE OFFICERS were hired to work for us to keep the PEACE, but were subcontracted out to a PRIVATE CORPORATION, without their direct knowledge of such, perhaps. When your paycheck depends on you not knowing the truth, then there is a we bit of a problem arising there wouldn't you think? In turning the Chessboard what they really want us to do is to fight them in an all out scrap. That is there way and is not likely to advance your goal of being free and setting our world free. The most powerful weapon in the Universe is Love. It is a force that brings about rapid change and transformation. I really think we have seen enough killing over the most stupidest things and lies in the past 100 years. It hasn't solved anything but to advance their New World Order agenda and make them wealthy in the process.

I clearly acknowledge that in some places the Police State is so severe that any show of decent currently will wind you up in a sweat shop eating watered down soup and no chance of escape or even you might disappear. There are some real issues before us all and if one of us is enslaved we are all enslaved. It will take some sacrifice of time and effort. But as we pry back the bony fingers of deception off us and others we begin to bring more light and life into our awareness and thus more transformational power. The suppression of Love and knowledge of who we are has aided those who are manipulating us for a long time. They only know how to intimidate and start wars. Their commercial system of usury and theft is hidden out in the open and can easily be exposed for what it is. I have given you a great deal of knowledge and background thus far and I am sure many of you could write some pretty awesome letters to these people who purport to represent you. So let's take a quick look at letter writing so you do it the right way.

First and foremost letters do not have a postal code on them as you do not live in their imaginary world so don't say that you are by putting a postal code on a letter. Secondly because no one has a name you address the individual you are wanting to communicate with as, The Man/Woman Acting as the PRESIDENT OF THE UNITED STATES OF AMERICA for example. You could add, Also goes by a given Name George W. Bush.

In terms of LAW you are presenting the man, male or female with information that shows that the foundations of LAW are all based within an imaginary world. Then you want them to recognize you as you recognize them as your Brother or Sister under Genesis Chapter 1 and ask them why are they attempting to enslave you and use methods of intimidation to suppress the

fundamental truths of who we are. You want to mention that we were all created equal by our creator and by what mechanism or authority are they drawing from that alters that fundamental truth? In terms of Contract you can be enslaved because it is only the Creator that can make that decision and that is not mentioned in Genesis Chapter 1 nor anywhere else in Nature. All LAWS within their imaginary world only apply to imaginary, they don't apply to anyone in the real world. Thus you have no right to enslave me or anyone else. Unless I am wrong about this and you can show clear authority from my creator that you have the authority to enslave me and others then stop what you are doing and let's begin to rebuild a world based on equality and love.

You make mention of your Given Name and of course you don't need to sign it. Yes you don't have to sign it. To sign it is to acknowledge commercial LAW and by ones hand he has become one of us to know good and evil rather than the truth. Interesting twist eh? We don't have names. The address should also should have, In care of: in front of it or c/o:. To state your name is also an acknowledgment of FICTION. You could put Given Name after your Name to indicate it is apart from you, which requires your acceptance. In terms of Honor and dishonor you are asking these people direct questions for which they must answer or leave you alone. It takes away their ability to dishonor you in their Courts and gives them notice that you are a man created by God as a male or female and not part of their imaginary world. I suggest you keep the letter to 1 page and keep it simple as you can. In terms of de facto Countries such as Canada, recognize the fact that even though it is de facto it is only another bait and switch. To argue the point that it is de facto with them is to say that you should belong to a fictional world of PERSONS and thus your wish is granted. This is in part why they let it hang out there the real prize is recognizing that within Bible and simply Nature we all come from the Earth and we are all created equal and there is nothing and I mean nothing that states otherwise. The Zionist love the Bible because the sections that deal with the "Generations" show creation as being different from equal. It is not in line with Nature or how life is. It is a set of beliefs they call Faith, which are not supported by the evidence of the Natural and real world as being true. Further people like Tony Bushby and others have done a great deal of work to show it is not true.

In saying all that we must acknowledge that fact that the people who are so eagerly enslaving us do use the Bible or more accurately the Torah as their Common Law. Those that do not follow the 930 or so Laws of God in the Torah are not Jews and thus can be enslaved and destroyed. This is the foundation of this element of thinking for a long time, but only practiced by the few. It is very obvious that many Jews do not believe in this extremism and way of life and recognize the need for peaceful coexistence of all man kind on the planet. The Queen or the Woman that goes by Her Majesty Queen Elizabeth the II and uses the Given the Name Elizabeth-Alexander-Mary: Windsor, is from what many have discovered is akin to the High Priestess of the Gentiles or more accurately the Goyium. It would be a good thing to write her a letter as well as she is the one that makes changes to the IRS policies and other collection agencies around the world for the enslavement of PERSONS.

I would address the issues with her directly concerning Genesis Chapter 1 and the LAWS of God. Recognize the fact that she believes she is living within a Generation of Creation and that is her Faith, which is only a belief of a society. Being respectful of this will go a long way. You want her to recognize that you are doing your best to follow the LAWS of God in terms of Moral issues and that you are her brother or sister. However the Law of One is the only Law that applies to you and everyone else. It is recognizing the fact that she has accepted rules of a society for which belong to the imaginary world of Nations. It is not that you are her brother or sister based on the Bible but you are her brother or sister based on creation and the Law of One in the real world. By doing this she has no more reason to enslave you as you have identified yourself as being one of her brothers or sisters. Explain your current situation giving the NAMES and dates of issues that are causing you to be enslaved. In terms of witnesses you can have others witness your letter or not, it is really a correspondence with her.

Signing the letter you send brings us back to the issue of being one of them knowing Good and Evil or standing within truth for which there is no good or no evil only truth. Remember we are

thinking outside of the box, because their box is a trap of deceit. We have always been told to sign our letters, just because it is the thing to do or it holds “value” and substance then. We are not dealing with commercial LAW here. We are corresponding with one of our Brothers or Sisters within God’s Creation, not within LORD God’s Generation or any other FICTION. When you speak to someone you don’t sign anything after you speak with them do you? A handshake sometimes representing an agreement of some kind. We are not agreeing to anything here we are wanting to remain in truth. When you come from a position of truth there is no other option for which they can respond except in truth. The Bible is their offer too you, more importantly the Torah. But the again it is an Offer not based in truth. In terms of the Law of One we don’t have names at all so signing it really is meaningless. Unfortunately I don’t know what kind of correspondence they used 100,000 years ago, except perhaps in the times of Atlantis the people knew who they were and much of this crap we are going through was not present then. No fiction can ever have any authority over a living man created by God as male or female, remember that and the simple fact that the court is your court, you are the Judge.

There are other avenues as well. You can write everything up and send them out to “Representatives” and various government officials as well to bring up these issues and sign off on the letter as well to see what kind of responses you get. Because they are living in the Illusion being Actors and Actresses for the all cap ENTITIES called PERSONS, they may not accept your letter without it being signed. I find that when writing to these people I never get a direct response back, but it sure causes a switch in tactics on their part. I don’t think the people who actually hold positions of office ever get to see these letters, as they are probably siphoned off and dealt with by other people or the simple truth that they are not a de jure Government and nobody actually holds these offices. It is obvious to me that is what is happening. This adding at the end of the letter, Equality Under the Law is Paramount and Mandatory. Also adding without prejudice, all rights reserved after your signature also protects you in maintaining your natural law rights. There are stages to all of this and how far you need to go before getting them to back off will work on a case by case basis. There is no easy answers or silver bullet that I have come to know that makes them stop totally. Minister Robin Belegier in his video explains a great deal of information that has worked very well for him and others and again it would be a good thing to watch his set of videos before doing what I or anyone else is telling you. You should not mix commercial law with God’s Law. The Zionists believe in one or the other, which is part of the extortion and absurdity because the benefit from both. Robin’s Video once again:

<http://video.google.ca/videosearch?q=%22Truth+by+Deception%22>

Keep in mind that signing things means contract. In terms of the reality that these people live in you may have to sign your letters for them to recognize it as a contract if that is all they can understand. The truth has been burred so deep few take time to uncover it. When they do it sounds so bazaar to the regular ways of doing things that they ignore it. That iis what you must acknowledge in this healing process is that you are uncovering layers of hurt and as you do they will want to cover it up again unless you can heal that layer. This book is about healing and taking that perspective you take love as the instrument of that healing with you. The Jails are full of people who should not be there. I would suggest that as you move along in quest for freedom that you turn your attention to those that need your help the most. The simple fact that section 15 of the Criminal Code of Canada states that PERSONS cannot be convicted should give you pause for thought. What they actually do is they don’t convict you at all, what they do is get your to contract your way all the way through the process ending with you signing the Judges Orders, a contract. They put themselves in prison by agreeing with their contracts all the way along, without having the knowledge of what was truly going on. Nope they will not want to give up their cash cows easily as they are making billions of dollars off the bonds they signed while they were being held in intimidation. If they only knew 10% of what is in this book I am sure they would be free right now. Any ways this is a new beginning. Spread this knowledge to as many people as you can.

Also keep in mind when writing the Queen and others that truly there is only 1 law that applies to us all, that is the Law of One. There is no other Law. The Bible again is their offer to us which has been highly manipulated to give them power over everyone. It is a LAW book of their Society. They want you part of that society for means of control and enslavement, not much more simpler than that. Yes I tend to agree with the 10 Commandments on moral issues, but how many wars have you seen in the name of religion violate that? The mere fact that they are calling God a trinity of PERSONS of some “substance” in the STATUTE OF WESTMINSTER OF 1646, should open your eyes. It recognizes that God is a word that is part of their Society. To come from truth the Law of One applies. Referencing Genesis Chapter 1 in terms of Creation to show them that you are of similar thought and mind is okay I would think as long as you reference it as part of their Society and not yours. I know how difficult this must be for many that believe in Christianity etc. It is not my intent to bash the Bible and Christianity or any other religion, but rather to show people how it has been used as a tool of manipulation. The Law of One is the only Law it is stated in Matthew 22 Nature does not support the idea of Nations or rulers over vast number of people. The Law of One is the most ancient and only Law that applies. We are in a bit of a pickle at the moment though and knowing the truth and stating the truth and standing for may not be easy. You need to go gently and lovingly with people as many still think like you once did that they live in Countries and the laws that are passed in these Nations apply to them and everyone else.

In recognition of switching the chessboard what happens is that they can no longer show justification for protecting their King, as there was some form of justification prior right? Anyways they have always looked at us as pawns, but now we have some ability to slide around a bit and make some moves. Further we have no King, just the truth on our side. We don't buy into their Illusions anymore and thus it upsets their game. I know there are some wonderful people out there with great communication skills, better than me I am sure, that will find it easy to teach this knowledge to the people who are being manipulated into enslaving us and have them change their ways as well. I know there are some mean people out there that do want to cause us all harm and should be kept in Jails until we can find another way that would be more positive in helping them return to a state of love. It is not going to be easy, but it is not all that hard either. We can all be free once we all know their game and stop playing it. How far they will go in trying to hold onto power is also a question, but they are leaving me with little choice as I see it. Learning to eat with the right and wipe with the left is not a lifestyle I envisioned for myself and others.

There is still much more for me to teach you, but at this point you should be ready to start asking questions and writing some letters. I feel it is important to pass on the spiritual knowledge I have too you as much of it has been suppressed or marginalized. It will help you to know that you are not alone in all this and the spirit world is very much alive and there for you. It is not something fear but rather to embrace. What you can accomplish through being spiritually aware is like going on steroids I think, it opens up possibilities for your intent to manifest what you need done. I know that I am in the minority for sure in comparison to all the religions around the world, however I see these religions as mechanisms of enslavement rather than freedom. A great deal of hideous violence is done in God's name. It something that must be addressed in our quest for freedom.

(Note I plan to rework this section a bit later putting some more thought into this as it is a critical part of the book, Turning the Chessboard. So check later updates.)

### **Recognizing Projections**

In terms of reality there is truth and there are projections. What we project becomes our reality not because it is true but because we filter out of our senses those things which do not support our preconceived reality to be. We work very hard to create a reality based on our projected beliefs rather than following the flow of nature. What is more important is we are under a great deal of psychological pressure to accept the reality projected at us through mass media and people in positions of “authority”. I made a couple of videos a few years back that are about 9/11 and

the War on Terrorism. There are bodies of dead children in them and a spot where you see the US Military killing an Iraqi, so please don't show them to young children. However the powerful nature of the videos brings forward how people blind people become to reality. They buy into a projected reality even though the evidence brought before them tells them otherwise. Here are the videos The Other Side Parts I and II:

<http://video.google.ca/videoplay?docid=3556335195752992379>  
<http://video.google.ca/videoplay?docid=-4822084747316750080>

It is natural for people to want to feel safe. Running to authority figures for answers, when the evidence clearly shows they are the perpetrators behind the problems to begin with, is a form of Stockholm Syndrome. In terms of asking questions, you actually get in the way of the answers to those questions by asking them. When you go by what your heart says and go by your infinite knowing, you don't need answers to many things. This is primarily what

I do. What I find with many POLICE Officers is that they live in a world of false projection. It does have a powerful grip on them and you must take great care when talking with them, if you must talk at all. Everyone is different around the world and in some places POLICE just means mobster. So you have to size up the situation from where you are. In terms of their Oath many of them will end it with, 'So help me God'. Whenever you see this you know that Zionism is taking precedence. They even go as far as making a Star of David on their Badge or a 5 Pointed Masonic/Satanic Star. Throughout the 'Common Wealth' they use a Crown symbol, which is by simple observation not the British Crown, but the Crown of Temple Bar. You see it everywhere, yet nobody questions it use.

In our venture to reclaim our freedom we will have to shed the bonds of enslavement along the way. Doing this will of course be very upsetting to the Powers that Be and to people who have not yet woken up to what is happening. The difficulty we face is that if we use their laws as a form of defense against what they are doing, then all the laws of the imaginary world of PERSONS is applied. The Zionists that control the LEGAL systems around the world have no gray area, you are either following God's LAW or Mans LAW, there are no others. Of course this is pure extortion and a form of religious persecution, but I am only the messenger here. I want to make something very clear. Each situation you will come across will be different and how much of the truth you can introduce into the conversations you have with POLICE Officers etc, well depend on you assessment of their knowledge of what is really going on and if they are purposely intending on taking your freedom or property away from you based on them actually knowing the truth. There are many people in POLICE uniforms that do not know what is going on, but as you go up in rank the more knowledge they have of what is really going on. So it varies a little in each situation as to what you would say and how much you would say to the Officer. For the most part they only send the Officers out to intimidate you and get you to admit to the fact that you have a name and that you are somehow connected to the PERSON, which the Officer is talking to you about. In truth they have no right to come to you at all for anything, unless you ask them too.

In terms of speaking with the POLICE you do not and should not give them a name. Even if they search you and get your ID they will still ask you if this is you on the ID. They are attempting to get you to contract with a PERSON so that they can then take actions against you as the SURETY. I make reference to their Oath and point out who they made their Oath too and reference Genesis Chapter 1, showing them God did not give man a Name and I am quite within my rights to not give them a name as it would be a lie if I did so. You can talk about the PERSON in third person and pull up some LAWS if necessary that would apply to the PERSON, but not you. Such as Section 39 of the Criminal Code of Canada, which says:

39. (1) Every one who is in peaceable possession of personal property under a claim of right, and every one acting under his authority, is protected from criminal responsibility for defending that possession, even against a person entitled by law to possession of it, if he uses no more force than is necessary.

## Defence without claim of right

(2) Every one who is in peaceable possession of personal property, but does not claim it as of right or does not act under the authority of a person who claims it as of right, is not justified or protected from criminal responsibility for defending his possession against a person who is entitled by law to possession of it. R.S., c. C-34, s. 39.

You can make reference to this PERSON that the Officer is seeking would have a Claim of right to his/her property under the LAW. This works wonders in removing their ability to use force on your PERSON, for which they are trying to identify you as being the SURETY for. Again remember that you must separate yourself from the PERSON and make that clear. Explain that you cannot bow to false Gods and by what authority do they have to attempt to intimidate you to do so? There is no higher claim of right given to people, then in Genesis Chapter 1 where God gives man created male and female dominion over the Earth. Your Claim of right comes from God not from a Nation. Further again Deuteronomy 14:2 **for thou art an holy people unto the LORD thy God, and the LORD hath chosen thee to be a peculiar people unto himself, above all the nations that are upon the earth.** What you want to make clear is that their Oath is to God and by breaking their Oath they are committing Perjury and Treason in most cases, within the context of their LAW. However it is not necessary for you to refer to their laws you can tell them as their Oath tells them that God's LAW is all that matters, by swearing their Oath to God.

Each situation is different and some people acting as POLICE Officers are just ignorant of the truth. The powers that be, do not want people on their POLICE forces, who question the obvious. They want people who follow orders and leave the paperwork for the LAWYERS and MANIPULATORS. It is really getting to be that bad. However you only have to look at some 3rd world Countries to see what is in store for us all if we don't start switching this around. Most people do nothing until the Officer is at their door and then they don't know what if anything to do. If a POLICE Officer threatens to use force in order to speak to you, such as threatening to get an arrest warrant, then he is putting you under duress and thus nullifying in contract made of your compliance in speaking with him/her. It would be advantages for you to speak with the Officer at that point being guarded in what you say and as I mentioned above never give your name or sign anything.

If they take you to their Jails again do not sign anything and do not give them your name. Get them to make an entry in there books that you are going with them under protest and duress. Do not fall for their reading of the rights either. It is an offer of contract, the only Law that applies to you is the Law of One. The society that is driving this anarchy belong to the Torah Talmud society as it were and that is their supreme LAW, for which they are compelled to follow at all times. All they want from you is for you to go into dishonor or make yourself a SURETY for the PERSON they want to lay the charges against. Recognize that all he paperwork and jail is all made from the Earth and you do have dominion over it. In terms of CANADA and other de facto Nations, you are dealing with a CORPORATION that is registered to a Nation State. The Nation State is of course owned by Temple Bar. You can recognize this by noting if there is a Head of State of the COUNTRY holding you. Of course this is very insidious knowing the truth and the POLICE being paid to know nothing. In terms of projections, you are now more than likely dealing with a lot more people who find it in their best interest to keep you locked up. It is not impossible to get out of Jail, but it is becoming harder for them to let you go. However by putting you in with the general population you can begin to educate them on the fraud that is going on. They have no reason to hold you, it is only the PERSON that they have jurisdiction over. By educating the others on what is going on they see that you are more of a threat to them than ever in their Jails and will be more apt to let you go.

I am going to get into more detail about dealing with warrants etc later, but I wanted to give you some background now. In terms of projection fear is the catalyst behind all projections. When you are sensing reality correctly there is no fear. They are doing a great many things to POLICE Officers to perpetuate a state of fear within them and most of them have some common energetic problems. Others misuse their energy fields to transfer energy consciousness onto others to get

them to act in ways that will align their victims with their projected reality. I will get into more of this later in the book, but for now pay attention to how you feel when talking each individual you meet throughout the day. Get a base reference when you wake up each morning on how you feel as your energy then is mainly your own and depending on the night before your part of your significant other too. But it is a base point for referencing. As you talk to people throughout the day note how they are trying to create a reality sometimes noted as Lifestyle, around them and see how they make you feel. You want to do this through your heart and with love of course. Use love as your centering mechanism. Notice how they sway you off center and after you leave how you go back to center. Some people may be aware subconsciously of what you are doing and if they are a strong authority figure may get agitated as you are no longer in their grip of fear. As the Generations are in the Bible all based on Fear, it is indeed the driving force behind a lot of what goes on in the world.

In terms of talking with POLICE Officers I always project a strong aura of Love around me and them. You just imagine it into being and it happens and as you do this asking for protection from God or that what you think of as God. Initially matching their vibrational frequencies also is important, for they subconsciously recognize you as being them, then you slowly lower your frequency to a slower calmer one. Drawing them down to calm by watching their breathing and synchronizing your breathing with theirs is a powerful way of doing this. Just match your breathing with their's and then slowly bring it down over a couple of minutes or so. They usually will not catch on what you are doing. Everyone wants to be in a centered state of non fear, this one easy way of doing it, without knowing a lot about vibrational energy. I mention this from a healer's perspective, because that is what I am and we all are here to do. We are here to heal the fear and transform our reality from a prison to a paradise again. It can be done, but people need to know how, hence this book and others. Always keep in mind that these people are your Brothers and Sisters. They really presenting themselves to you for you to show them God's Light and help them remember who they are. The more knowledge you have of what is going on the more responsible you must be with that knowledge. It is not about striking back at them or goading them. It is all about love. Don't ever forget this.

Again I must stress the importance of not mixing Commercial Law with Biblical Law. From the Zionist perspective there is not mixing. Commercial LAW is the Talmud, the Torah is God's Law. For those that do not believe in the Bible at all, it is not really about faith here. It is about an offer of contract and extortion. They Officers all pledge their Oaths to God, thus it makes God's Word supreme LAW. It is not about being right, it is about stopping the extortion that is taking place under the guise of Justice. It is the only way I know how to stop them at this point. Until the scam becomes more widely known and people all over start making these tyrants accountable, nothing is going to change. I know how difficult this book must be to read for many, but I never said it was going to be easy. Getting your freedom back is not something that the Powers that Be want for you. To be free is to be self determining and that can be scary for some, who have been conditioned into being a sheep that follows imaginary authority.

Recognizing projected authority is one thing, dealing with it is quite the other. I find that for the most part they don't like answering questions and rather be asking them, leading you into their trap. For many they arrest you for not producing ID, that's freedom? We got a long way to go. It is going to get very bad for a lot of people soon, partly because they have been ignoring what has been going on. The wealthy people will still be able to gain some shelter from the abuse that goes on, but they too will soon be targets, mainly because of their wealth. Zionism is based on taking everything for the few and leaving the masses with nothing. The aim is to destroy society, there is nothing good that is going to come out of this. They are actually accelerating their plans a great deal now, because more of us are waking up at a greater rate. As they accelerate they will be making more mistakes, which will help to bring this dictatorship out into the open where it can be dealt with properly by the masses. For now they seek easy prey and those who they feel they can control. The more that get involved the safer it becomes for all. Unfortunately some people have been murdered in various parts of the world exposing this and other frauds. I am here telling you these things because of them and the millions of people who lost their lives in

WW I and WW II to bring about freedom for us all. It is sad to discover that the enemy was from within on all sides of those wars and the people lost, while the ruling elite won.

### **Controlling the Illusion**

Okay how do you remove the bonds of enslavement and save this world? Number one beware that not all ever will make sense or seem right. You are living within an illusion and the powers that be have put together a puzzle for you. It is a remarkable puzzle, but it is indeed a puzzle. It is meant to trick you and to test you. The Offer is very clear. Do you follow God's Law or Man's Law? Many Lawyers, Bankers, Police Officers and various Government Officials do not believe in God. The masters of the Illusion have created a projected reality for them to fall into. That reality is not only harmful to us, but even more so to them. I have spent a great deal of time explaining how that projected reality works and it's negative effects on the world and everyone in it. Why this is all going on I can only guess at this time. But I can tell you this, it all reflects Love thy Neighbor as thy self. If you do not know your self then you cannot Love yourself and that creates pain, which is a natural alarm signal telling you that you are forgetting part of yourself. Loving thy Neighbor can be a real challenge, for it is hard to love those that would intimidate you and harm you in various ways. Let's take a step back again and Look at the Law of One. We do not hurt others for doing so we are hurting ourselves. It is derived from the idea that we are one Consciousness. This is very true, just at this level of reality or what we think of as reality, we see everyone as being apart from ourselves. What is happening is we are within a healing cycle and the cycle is trying to show us that we must love others and through that love we must know ourselves. It is easy to say but it is very tough to do and requires effort and thought. The dark forces do all they can to shut down your capacity to think and to know yourself. They want you to strike out at the illusion that they are in, which empowers them for you are yet again focusing your energy on a projected reality not based in truth.

Truth as I have mentioned before is much different than Good versus Evil. There are no illusions within truth and it is infinite knowing and love. You can take all the information that I have given you so far write letters to the Queen and everyone about all the fraud and harm being done, but unless you are doing it with love, forget it, all your work and energy will be rejected outright. In writing this book I have touched on some of aspects that reflect a lot of anger. I have brought forward statements that sound horrible about the ruling elite and what they are doing. The Queen especially as she is a focal point for much of what is going on.

However as much as there is evil there is good within the projected realities. I have never met Elizabeth the Woman, but from what I have seen she is a very intelligent woman and kind woman. Yes kind. I happen to believe that she is surrounded by dark forces that are evil, but in so much of all that goes on, she is asking you a simple question, "Do you follow God's Law or Man's Law?" I believe that she is the balancing force between Good and Evil on this planet and is a facilitator of LORD God's will. It is not a matter of what of who does what to whom, but rather the source of everything comes from you.

There is an offer on the table before us. The question is asked over and over again, yet so many miss the question. Do you follow God or don't you? If you do, then we will test you to see if you do or not, but we will not harm you. I believe what is going on is that indeed we are about to transcend into the infinite that we all are. However in doing so, having such power and such level of power, are you prepared to transcend into a abyss of hate or infinite love. Yes the last bonds that bind us to this reality are about to be let go. How are you going to spend eternity? It is what I believe that they are trying to prepare us for, but we have created a lot of dark energy that is now being exposed so it can be healed. Striking out at the dark energy will only keep it around that much more. This is very, very serious my brothers and sisters. It is about you, me and everyone on how we spend infinity together. The illusion has to have a key and this is the key. There is no if, and or buts about it. We are entering transcendence to an infinite state of love and knowing. It is the end to a very long healing cycle. Holding onto our infinite state of being I think will be highly dependent on how much we learn about love and knowing ourselves and thus knowing others through ourselves. The Illusion is not there are those among us that are

projections and have no capacity to love, but through their belief they too can transcend with us. We live in a spiritual world, never ever forget that. I want you all to be spiritually aware, but you only reach that point through love and knowing yourself.

The frequency of the illusion is speeding up and it is causing all that was hidden to surface and for you to look at it and heal that which needs healing and love that what needs loving. Nope this will not be easy and perhaps it was never meant to be. All I can do is show you the door, but it is you that has to walk through it. Love thy enemy as thyself. Ever hear that one? The Illusion feeds off your belief system and is created around you based on your beliefs. Nothing more complicated than that. This reality we are in is being created by us moment to moment. Yes, for every electrical pulse you put through your body, 10 the 12th power of energy is created on the heavy side part of that current. The spin of the electrons denotes what part of the reality is constructed from moment to moment. When you think of something you create it into your reality. The powers that be honor your free will, but feed you a monumental amount of info through television and other sources, trying to get you to believe in their reality. And you have and are for the most part been doing that. This book is in part a wake up to help you get a better fix on what is happening so you can better navigate your way out of the illusion.

I don't know what it would be like being the Queen knowing, what she knows about us and the depth of the illusion being projected, yet she holds the balance of Death and Freedom in her hands. She is the Defender of the Faith. No not commercially as the woman. Faith is a belief in something that can be proven false and has no possible way of being true, but it is an offer, Extortion? Are you able to prove any other major religion as being true or anything for that matter of being true? Nope. We live in a world of illusion. Infinite love is the only truth, everything else is illusion. No! Infinite Love is the Only Truth. Everything, Everything else is Illusion. It is not a matter of the offer being true, it is a matter of are you willing to drop your ego and accept an offer of love from a God that only wants you to Love thy Neighbor as thyself and Love thy Lord God with all thy heart, mind and soul? It is an offer. Now that you say you do, you don't mind if we test that with our massive illusion do you? How do we know you are for real? Yeah, that is the Illusion or rather testing to see if you know thyself and know that you love others. Remember God is infinite and can present him/herself in any form and in any way. There is nothing in creation that cannot be loved. You reject God you reject yourself. That comes from knowing thyself.

So you want to know how to control the Illusion? Well this whole book has been talking about it, so you must have some ideas by now? Nope you can't control it with force. Nope you can't control it with money. Nope you can't control it with electing new people. Nope you can't control it by manipulating energy fields and doing all kinds of fancy spiritual stuff. So what makes you want to control it at all? To what benefit? I know how bad it is and it is getting worse with all the corruption and wars going on. Yes I do realize that it is not fun waking up and realizing you are enslaved and there is nothing you can do about it. Where does power come from? If you have to ask that question then you are blocking the answer. Do you have the right to have power over others? If we have power over others than what does that do to them and us?

In terms of an Illusion why would you want to control it? It is Illusion. Illusion means that the truth has been obscured. The all Seeing Eye on top of the Pyramid, seen on the American One Dollar Bill, represents the watchers who watch to see who is manipulating the Pyramid. Of course the source of manipulation and power comes from a pyramid type structure and they are set up all around you. I mentioned earlier that the BenBen on the Great Pyramid had been stolen and this was a crystal like structure not of this world that energized the pyramid. The Pyramid was built from the top down, using anti-gravity or perhaps telekinesis. The important thing to note is that in so much as what the pyramid could do for us, the truth is everything comes from within. The students of the Ancient Mystery Schools guarded the secrets that they learned from evil men. Those secrets are still highly guarded to this day, however too all their ambitions to gain control over this knowledge non have. Not that I have the knowledge of these things myself, I just learn things as go along. Much comes from my guides and higher sense of perception. When

I was young I thought everyone was like me, but it wasn't until I was about 27 that I realized that very few were like me. From that perspective some became afraid of me, because I could do things that were different from everyday normal stuff. Fear again, yes fear drives people away from knowing. I guess there comes a point in everyone's life where they have to shed the fear in order to move forward. If you don't you never move and the Illusion has you.

However the healing cycles keep hitting you with similar experiences over and over again until you resolve the issues that are causing you fear. People will keep doing similar things over and over in different ways over the years until you finally wake up and change to doing what you are doing in a more loving way. This is the problem we face with the Zionists. They are completely ignoring the healing cycles and keep abusing and dominating people and the planet for their own selfish reasons. It is not just the Zionists though, it is really a group of people that have decided that there is nothing more beyond themselves. They don't believe in God or a creator. I have talked about one aspect of the Nation States too this point in that the people who are creating them are doing so to satisfy their need for greed and power. In one aspect of the Illusion this is very true. But the other is the very fact that all people have absolute power over all these Nations. They are really just giant prisons for those who do not seek the truth, that being Genesis Chapter 1. It is so obvious. Every Religion on earth pretty much says that man, male and female started here on this planet. So who am I to argue, maybe it is true maybe it isn't, but it is what the powers that be want us to know.

Starting a war with the ruling elite is a no win situation for all. They will not relinquish power and will more than likely take us down with them. Yes they are ushering in the New World Order and are about to turn our planet into a planet of slaves. They have used a lot of dirty tricks and things to do it. However they are not doing it without our permission to do so. They have presented you with an offer in the Bible and asked you if you believe in God or a Creator greater than yourself? You cannot have 2 masters, for you will love one and despise the other. Yes we are being over run by corruption and evil people. It is getting so bad now that I wonder if we are beyond the point of no return. However everything revolves around the offer that they have made to you, through that Bible.

It is obvious to me any ways, that I would never want to control the Illusion for that draws me into it. Instead what I look for is truth. Truth will draw you out of the Illusion and set you free. If you haven't watched Robin's Video, Truth by Deception yet please do. He makes some excellent points in there and the info will be very helpful to you in setting you free. This grand Illusion can be dispelled by everyone becoming aware of it, hence the reason I am writing this. I just wish there were a more gentler way for them to do what they are doing. Because we live in an Illusionary world made up of vibrational thought fields, it is how we think that controls the Illusion. Those not seeking the truth probably will never get their hands on this book, while those that are will somehow get it or similar information through other avenues.

Now back to the plank. Remember how bad that plank was and how the clown is holding your young child on the other side and tells you to come. In reality this is very much what is going on in terms of the New World Order. They tell you over and over again Freedom is bought with blood. We have to fight for our freedom. This is the matrix of fear talking to you and not truth. The Illusionists that control everything know the true score of what is going on. They have provided us with a key to step out of the Illusion and into freedom. It is two parts though. One is based on knowing the key exists the other is knowing to do it with Love. It matters not what kind of religion they put it in, the premise behind it all is Love. I do find that in the spiritual world there are many keys that open many doors. This is kind of like that. However once you open the door you best be ready for the lies and persecutions that follow. Those that illusionary power will test you and persecute you, but they cannot enslave you. You can only have one master. This is an important time in history where Good does have protection through the Queen. It is rare, very rare. But we do if we grasp their offer.

So it is not important to control the Illusion as much as it is important to leave it behind and move into truth. Power only leads to death for it violates the Law of One. The Bible is a two

edge sword, which has for the most part being used to enslave us. On the other side when used with love and the full knowledge of what bowing to false Gods really means, then you begin to free yourself. Who are they to test us? What makes them so special that they have the right to put us through all this. It is so unfair. On one level you are quite correct in asking these questions. However every step of the way they have offered you a choice. In terms of God, God always allows you to exercise your free will. They are sons and daughters of the gods, perhaps. They do offer you a choice. It is your lack of awareness of these choices that is not their fault, they present you with all the information you need to know. They tell you where to look for it and expect you to do your homework. Not even George W. Bush can say no to the Queen. She is the defender of the Faith and she owns the guns. If you want to stop the tyranny then you would be very wise to look at their offer and see what it is that they are doing. The Torah is their Law. So is the Talmud. I agree with Robin in that after you write the Queen, you should speak with a Rabbi or two and ask them for some help in extracting yourself from the tyranny. Rabbi actually translates into My Master. So you should approach them as one of your brothers, there is only one God, one creation.

Another way to approach this is to contact the Lieutenant Governor, if your PERSON resides within the COMMONWEALTH. Send him a document stating that your PERSON does not wish to be at war with HER MAJESTY QUEEN ELIZABETH THE II and comes to her in peace and friendship. It is paramount that you approach the man/woman Acting as the Lieutenant Governor in a private matter with him/her. You could sign the document, I am who I am or leave it blank explaining the infinite has no name. The later I prefer myself. He/she will stamp the letter or return something that makes your PERSON a LORD before the Courts and the Judge cannot wage war on a PERSON allied with the QUEEN. Your PERSON is also a Nation thus you have not yet established relations with the QUEEN as a friend and you are OCCUPYING her land, all imaginary, but true.

Still there is something missing here. It the fact that we are having to deal with FICTIONS. In terms of a Rabbi, which means "My Master". This of course invokes the position that you are in Bondage and you just now you pitched your tent into another Illusion. They are no more free of the illusion than you are and by their wanting to be in positions of Control they might be even more deluded than many about the Illusion. Since the CONFESSION OF FAITH 1646 states that God is a PERSON in about 3 or 4 areas, one has to wonder what is going on? Perhaps it is because the document was written for the Title and not the Man or Woman acting as the Monarch. Because it is LAW and it dictates the absolute boundaries of power that the Monarch has over his/her Subjects, God would have to be a PERSON. Further by using the word PERSON, it becomes a document written in Legalese and belongs to TEMPLE BAR. As I mentioned before the Magna Charta was all about surrendering the British Monarchy to TEMPLE BAR. Prior to the Bible being created the British Monarchy was actually started by Jesu, who was murdered for trying to share the knowledge of immortality with world. He was the one who also started the Druid Religion. He was also of Noble Bloodline from Rome.

This chapter is about playing with the Illusion and through playing with it you dispel it. However as I mentioned above it is not about controlling it, for controlling the Illusion you are drawn into the Illusion. Examples of this were made over and over again in the Bible with the accounts of JESUS. He wanted no part of the Illusion being put forward, but rather brought forward a lot of teachings on how to keep yourself free of the Illusion. Now keep in mind that the Bible is a book of Law from beginning to end. The key to that law is remembering who you are. Again you will here me over and over again say you do not have a name, you don't. Genesis Chapter 1 says so. The Illusion only works with the imaginary. In so much as JESUS worked to teach others about the Illusion and bring about sacred knowledge too all that would listen to him, things really didn't work out that well for him. Being crucified is not a nice thing to happen. The focal point of the Illusion is that of death, for imaginary has no life. Perhaps it was a symbolic this way. In Matthew 22

[41] While the Pharisees were gathered together, Jesus asked them, Saying, What think ye of Christ? whose son is he? They say unto him, The Son of David.

He saith unto them, How then doth David in spirit call him Lord, saying, The LORD said unto my Lord, Sit thou on my right hand, till I make thine enemies thy footstool?

If David then call him Lord, how is he his son?

And no man was able to answer him a word, neither durst any man from that day forth ask him any more questions.

Now JESUS was a Rabbi and the Torah was the Law, but the EMPEROR OF ROME also had his LAWS, much the same as it is today. Verse 44 was an offer from a FICTION, "LORD" asking a real living Lord to join with him to make LORD'S enemies into his slaves, that is footstool. What indeed is being said here is that the Fiction LORD bows to Lord. This is one of the foundational premises of the Illusion. In that people bow to False Gods as it were, when in fact they are the God in terms of the FICTION. Allying ones PERSON with HER MAJESTY QUEEN ELIZABETH THE II is fine, but by doing so are you perpetuating the enslavement of the people around you? Perhaps, but you are free and yes it does work. Your PERSON is an ally with another PERSON, but haven't you forgotten who you are? FICTION cannot have equal footing with the living, so you are yet again being drawn into the Illusion. Perhaps in some instances this might work to help you through some difficult times, but I would only do this if my life was in the balance and there seemed no other possible way out. I would not bow to another man, male or female nor to a LORD God's man/Adam or Woman/Eve or generations their in of either. In terms of only the PERSON being involved it does make sense that you PLAY your PERSON within the ACT to offset a bad position you are in. However I gather you got to that position by giving them a name to begin with.

In terms of GOD, GOD is a Title not a name. In truth our Creator has no name or title, except in the context of the Bible being a Law unto itself. You will notice the Bible makes use of the word God as the following, yet in the Old Torahs God is actually referred to as YHWY, pronounced Yehway. On the American One Dollar Bill you will see on the back IN GOD WE TRUST. IN GOD WE is the name of the FEDERAL RESERVE Trust. Yet another trick made to deceive you. In terms of God having a Name the Fictional LORD God states that he does in the 7th of the 10 commandments: Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh his name in vain.

Again names only appear after Genesis Chapter 1, before that we are infinite. The Kingdom of God only exists in the Generations not in Creation, which again is Chapter 1. Because the Monarch is a Christian Monarch, the entire Bible applies to her not just the Torah, even though her Bloodline is Jewish. Confused? You aren't alone on that one. Anyways in light of that let's skip across over to John and see another Generation form or perhaps a description of how man comes into this world.

John 1

[1] In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God.

[3] All things were made by him; and without him was not any thing made that was made.

[4] In him was life; and the life was the light of men. And the light shineth in darkness; and the darkness comprehended it not. There was a man sent from God, whose name was John. The same came for a witness, to bear witness of the Light, that all men through him might believe. He was not that Light, but was sent to bear witness of that Light.

That was the true Light, which lighteth every man that cometh into the world.

[5] He was in the world, and the world was made by him, and the world knew him not. He came unto his own, and his own received him not.

But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name: Which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God.

And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth. John bare witness of him, and cried, saying, This was he of whom I spake, He that cometh after me is preferred before me: for he was before me.

[16] And of his fulness have all we received, and grace for grace.

There is much to talk about here, however if you read it what it is saying is, that man is the Life and Light within God and the True Light of this world. What this is getting at is what Credo was talking about in terms of our origins coming from the Stars. Did you realize that everything that exists in this universe comes from the stars? All materials that make up planets and life originate from Stars in our Universe as they go super nova and spew out debris that cools and turns into various minerals etc. That's what science says go look it up. Anyway what is also important to note is that as this planet we live on moves along it hits various intersections of light and energy, which make it possible for life to travel here. The discovery of new species of life is not simply one of evolution, it is by the spiritual nature of the Universe itself that life manifests. It is part of how our Soul travels within it's infinite experience. Further the Earth is made up of Ley Lines and Chakra points. These funnel energy into and out of the Earth. The Human Body as mentioned earlier also has a similar system called meridian lines and Chakras. Is the Earth alive? Perhaps I will let you discover the answer to that question, but these Earth Chakras and Ley Lines are key to the manifestation of life from other star systems onto this planet and from other dimensions as well. You will also take note that they have built all thee churches on the various points that the Ley Lines intersect, coincidence? No not at all, it is part of the manipulation and destruction of this planet that is going on. Perhaps what the earth is, is a reflection of what we truly are, just on another dimension, which we do not recognize as our infinite self. Consciousness cares not what life form it takes from the perspective of the Law of One.

Another telling statement in this passage is verse 5 in that the darkness cannot comprehend the Light. This is exactly what we are dealing with in terms of the SYSTEM. The SYSTEM cannot and will not comprehend the living as it lives in dead or another way it is dark and we are light, which is why we conflict so much with it. It is not so much that they are waging a war against us, every step of the way they are asking us if we know who we are and honoring us. It is through our ignorance of not knowing how the VESSEL works being the all caps name, within their dark world of the dead, that entangles us. Further it was set up to keep the FICTIONAL world in check for it is not darkness that is within God it is the Light of Men. The people running the SYSTEM want everyone in ignorance as it is allowing them to reap the wealth and power over all of us.

Throughout history on this planet we have seem to always have been controlled by the few for their benefit. In terms of the horrific things that they are doing to us right now and in the past it makes me and I am sure you wonder if there is anything that can be done to stop it. We are sitting on the verge of a planet wide genocide for yet again the needs of a few over the needs of the many. I am not certain that this can all be turned around in my lifetime, but I do know that education is the key. I would rather die than become an instrument of evil, but for many they don't see it that way at all. They are led by the nose and told what to do and all is good in their world. Slowly but surely this SYSTEM is destroying us all and our planet with it. There is a window here though, they have not achieved their objectives yet and I know that through our spirit and love we will prevail somehow, we always seem to. We are still here. We still exist. It doesn't have to be this way, but we all need to know how the SYSTEM works and how to make it work for our best interest. They do honor us and have placed the puzzle before us to figure it

out. I am learning too, it is not easy that is for certain. The only way around the Commercial Law that I know of is the Bible and it is only good within the Commonwealth and “Free World”. I am not certain about the Koran as all the Mosks are probably REGISTERED with the Government and thus come under Talmud control. Just look at the name of the Mosk, if it is labeled in all capital letters you can pretty much bet that it is registered.

Robin’s way of dealing with the Government is by setting up his own unregistered church and having everyone donate everything they have the church, which they then become a trustee over the property they put into the church. Much like what Temple Bar is the focal point I believe of all the worlds wealth through it’s Nation States, creating a new temple based on a different world using the same book resolves the situation. Unfortunately how far you can go with this is still being worked out. It challenges their control over the world and they need us for their food. If we are not in fear and suffering they begin to starve. Talk about motivation. If our world could only go a day with just loving and friendship and nothing else, it would have a dramatic effect I think on our current reality. But that is not going to happen just yet, we have much work to do and that plank in front of us is not at all inviting. Sit back and do nothing well that’s your choice, do something and you might, just might have a better future than what they have planned for you. More so the foundation of freedom is through truth not through good and evil Illusion. They are quite different indeed as the verse goes, the truth shall set you free. Good and Evil is the foundation of the illusion not so much that it is good and evil, but that it comprises an illusion based on perspectives. Reality has no perspective other than truth and truth does not exist within Illusion. Confused? Perhaps, I don’t have all the answers myself, but I do have keys I just don’t know yet what doors they all unlock.

You have learned a great deal so far and there is still much more ahead. I do know that by giving you a broad background of what is going on will give you tools to over come problems in the future for gaining the freedom you seek. We all have talents and abilities however this path is a scary one for good reason and all I can do is show you the path that myself and others have taken so far that seems to work. It is certainly not the only path and everyone is in a different set of circumstances so you need to rely on your intuition a great deal to guide you on your path. I kind of akin it to tip toeing through the mind field. However you are not alone and there is much more work to get done than even discussed in this book. Keep your head up and realize that the glass is only half full and not half empty and that will help a great deal too. We project our futures by what we imagine in our minds. However most people have no clue how to use their imaginations to help manifest a better reality for them. Not that I am all knowing in that department, but at least I know some things that do work and will share them with you as you move though this book. I also am very proud of you for making it this far into the book, it is a lot of work to read all this and even more to comprehend the concepts being discussed. It is all very foreign to our conditioned reality, being that of the illusion, Truth versus the Good/Evil paradigm.

### **Notices and Commercial Paper Illusions**

In your journey for freedom you will be presented with Notices and various forms of Commercial Paper. Because you use them on a daily basis, they believe that you know all there is to know about it and you need not be told how it all works. Hence of course they have all the books and info on exactly how the system works because they are not experts I guess. The Commercial paper stuff was designed to suck you in and enslave you thus it is something that you should minimize as much as you can in your daily life.

What are commercial documents and what do they mean? Well any commercial document that you put you signature on identifies that you are carrying on commerce, which is a form of warfare. Commerce is war. Thus the Courts wage war on the defendants but give exceptions to Friends of the Court and those who have allied themselves with QUEEN or HEAD OF STATE. It is your PERSON that is being allied not you the man, male or female created by God, always remember that in any Declarations you write to these entities and always address the man or woman privately using the Christian format name being, John-Harry: Doe. You can only create agreements with the Living, Contracts are for the Dead or FICTION.

Regardless of the fact that the Oath of Office that a Man or Woman takes is a false Oath or with a de facto Government or both, you are only to communicate with the Man or Woman. In terms of LAW, Law only exists if you say it does. This again takes us back to Genesis Chapter 1. Your objective in any Notice is to bring about an awareness of the fraud or misunderstanding that has occurred that has drawn you into the matter for which they are trying to pin on you. It is not you that they are talking about, it is your PERSON. More precisely it is their PERSON. They are holding title to it as it does say on the BIRTH CERTIFICATE the STATE OR PROVINCE of BIRTH.

Now if you are in this deep that you are dealing with commercial paper you must remember that everything in this SYSTEM is based in slavery. Even though you draw up the correct papers and do everything exactly right, you are tip toeing around the slave pit and they have laid out so many traps for you to fall in you best take things slow. In part you can prey on their ignorance of the SYSTEM as well, because the powers that be don't want everyone to know how it all works. Remember section 1 of the Charter of Rights and Freedoms?

Section 1:

The Canadian Charter of Rights and Freedoms guarantees the rights and freedoms set out in it subject only to such **reasonable limits** prescribed by law as can be demonstrably justified in a free and democratic society.

It is clear that there are reasonable limits to your rights and freedoms and guess who determines what is reasonable or not? Not you, that's for sure! It is a trap it is enslavement, but it is also an offer. So what you are doing in this part is using the things within the SYSTEM expose it's fraud and validate your supremacy over it, by removing yourself from it.

In terms of a Warrant for your PERSONS arrest this warrant is a form of a Bill for which the bond has been removed off the back. If you take a \$10 bill for example out of your wallet the front part of the bill that is signed is the Bill, the bill is discharged by the bond on the back of the bill, which has the numbers on it. These are promissary notes and the Warrant for your arrest is no different. What they are attempting to do is get you to sign a bond that has a penal clause in it so they can sue you and discharge the bill at the same time. The Bill is the Law or Section of some Statute Law etc. that was passed by the Legislature or Parliament or some other Governing Body. You could simply create your own Surety Bond to discharge the Bill. Note that the bill only needs to be discharged and your signature has value according to the Bills of Exchange Act. They make you party to the Bill by asking you to submit a name to them. As a side note this is why everything on the planet is already paid for. They are getting you to engage in commerce when all you are doing is exchanging notes for a receipt. The item(s) you are picking up are already yours. The fact that the \$10 Note is a bill and a bond that discharges itself is a interesting aspect of the illusion and totally unnecessary in terms of all of us having dominion over the Earth.

Because all Bills a.k.a. Legislation is rooted in a Usury based SYSTEM your PERSON has the right to reject the Bill as such. Section 58 of the Canadian Bills of Exchange act states:

58. No bill, although given for a usurious consideration or on a usurious contract, is void in the hands of a holder, unless the holder had at the time of its transfer to him actual knowledge that it was originally given for a usurious consideration or on a usurious contract.

The Usury is based on how money is created from nothing and in fact what they are asking is for you to discharge a debt based on Usury and that would be a crime in Biblical law as well. Leviticus 25:36 Take thou no usury of him, or increase: but fear thy God; that thy brother may live with thee.

There are also many more examples of this in the Bible. Not just this one Law of God. So we can give them our own Surety Bond as well, which is based on Usury but has no penal attachment too it to discharge the debt. After the debt is discharged they have no reason to hold you for you

have not dishonored their contract. So this brings us to what are the costs associated with each charge? Well they don't make that public, for that would upset the apple cart, so what do you do? Well if you notice the Bond that they are trying to get you to sign that has the penal code built into it, is using your body as a collateral. Nice eh? However your signature has value so leave the amount of the bond blank and ask them to fill in the correct amount for the bond or I would prefer to put in an amount there, like \$1,000,000.00 for example.

So what does a Surety Bond look like? I have made up one as a sample for you to use. However at anytime you can remove yourself from their grasp by making them take note of their Oath of Office in that it is sworn to God and his law is the only law that applies too you. Whatever they are doing with the PERSON in their imaginary world has nothing to do with you at all and ask them to point out the law in the Bible that you are being charged with and ask them what Court has Jurisdiction to hear such a case if they can find it. There is no Court and they have no Jurisdiction. Every step that they take they are looking for compliance with you. They are the slaves you are the master.

In consideration that no lawful money of account exists in circulation, I, John-Thomas: Doe, do hereby underwrite with my private exemption, via this Bond, any and all obligations of performance! loss! costs sustained by any alleged claimant. This bond is exempt from levy. ( you can modify this to say that you are using this bond for the exchange of surety between the real man date of birth and the FICTION MAN, JOHN DOE, SIN NUMBER. For the settlement and termination of the charges and case against the STRAW MAN )

So this is what a Surety Bond looks like. Even if you don't remember all of this the fundamentals should do. You always want to use the surety bond for settlement and closure of the account, which is the Case number on the bill or rather "Charge".

Your signature has value so it discharges the debt. You assign a value to the bond and if they need more you can adjust for that. You can use the Jubilee as an expiration point as all debts are erased at that point or put in a date of like 10 years from now. It is for the discharging of the bills presented over that period of time. You need to send a copy to the Finance Minister who is the trustee over your exemption.

You can modify this for anywhere in the world and it may or may not work for you. The difficulty is that these guys are greedy and may want even more of your money and try to badger you to up the bond value etc. The other aspect could be that depending on their agenda at the time no amount of money is going to get you out and it is Talmud. So what you need to do is to pull out the old King James Bible and use it as your defense against them. In truth you should not be using anything other than the King James Bible for anything that you do in relation to the Government and their Imaginary world. Further

more CANADA and the UNITED STATES OF AMERICA are not Nations, they are CORPORATIONS. If you do a word search through their respective Constitutions you find that their Constitutions do not define the Country as a Nation. They might make reference to a National Assembly as in CANADA's Case, but that is only under the BNA Act of 1867, which is dead law, as we talked about earlier concerning Section II being repealed in 1893. The Constitution drawn up in Afghanistan with the help of Canadian Officials after the invasion that it helped in, actually defines Afghanistan as a Nation within it's Constitution. Again this is an example of what they don't say.

In terms of the USA and CANADA, they were specifically set up to be the focal point of military and financial control over the world, while be quietly controlled from Europe. They were set up specifically to be Lawless criminal organizations to exploit and enslave the world. The difficulty is that most of the people who believe they live in these Countries are unaware of this agenda and go throughout their days in a daze, worried only about how they are going to pay their bills etc. The Zionists wanted CANADA so bad that they made so many mistakes and errors in trying to grab for power that it is now so obvious to those with eyes to see, what is happening. It goes beyond this point of Religion as I have mentioned from time to time. Our planet is part of a Universe in which there are other forms of intelligent life. This Planet has set up Laws to run itself, which are in contradiction to the Law of One, which only exposes the entire thing as an illusion. China doesn't allow the people to have Religion and thus a way to lawfully extract themselves from the horrible things they do to their people over there. The whole thing is a fraud concerning Nations and again it revolves around the imaginary where truth has no meaning. The Courts deal in argument not truth. Thus the only way out of the mess is to use the truth. What we need is for our planet to move away from fictional based law and simply use truth as a means of governance. With truth there is no poverty, wars or famine. There is only truth and balance comes with truth. How such a system would work has yet to be worked out, but I know that it can be done with relative ease over a small period of time.

Thus at this point in the Illusion we can Truth and Religion as tools for freeing ourselves, from the Banksters in England and Switzerland. I would suggest that you always have a copy of the King James Bible nearby and when confronted by POLICE or Writing a Government Official use it as your foundation of communication. You always address them as a man or woman, totally

ignore the fiction that they are trying to present and stay in the truth. Because the Bible does not say that God is a PERSON then everything outside of the Bible is in terms of their LAWS, STATUTES, REGULATIONS and other documents have no pull on the truth presented in the Bible. Further it is a man or woman that takes an Oath in a private matter to operate in a PUBLIC imaginary world. Because that Oath is always to God, they have no way around the Bible, being God's Word. Further in cases where they have taken false Oaths, under whose authority are they operating? Certainly not yours. All they can do is try to intimidate you into contracting with them or rather becoming a SURETY for the contract between the Entity they created on the BIRTH CERTIFICATE they make you pay for, which means it isn't yours, it's theirs, as you don't pay for something that is yours.

### **How to use the Bible**

When asked a question concerning Law from any Officer, open the Bible to one of two places. First and the best would be Revelation 22:18-19

18] For I testify unto every man that heareth the words of the prophecy of this book, If any man shall add unto these things, God shall add unto him the plagues that are written in this book:

[19] And if any man shall take away from the words of the book of this prophecy, God shall take away his part out of the book of life, and out of the holy city, and from the things which are written in this book.

Read this passage to them and ask them if they are adding to or subtracting from this book. This would be the correct use of the whole Bible and draws in Christianity as the foundation of the Laws for which you follow, namely Love thy Neighbor as thy self, command.

The other passage you can use to clarify your position is Deuteronomy 4:2

Ye shall not add unto the word which I command you, neither shall ye diminish ought from it, that ye may keep the commandments of the LORD your God which I command you.

The verse that follows is quite telling about the Temple of Baal, which only underscores the power of this passage and the one in Revelation.

[3] Your eyes have seen what the LORD did because of Baal-peor: for all the men that followed Baal-peor, the LORD thy God hath destroyed them from among you.

You can use Revelation because JESUS came in his Father's name, being LORD God. John 5:43

I am come in my Father's name, and ye receive me not: if another shall come in his own name, him ye will receive.

Another good one to quote is Deuteronomy 14:2 "for thou art an holy people unto the LORD thy God, and the LORD hath chosen thee to be a peculiar people unto himself, above all the nations that are upon the earth."

What they are asking you to do is to submit to their imaginary authority. You might ask them where they are drawing their authority from. They can only point to an imaginary fiction such as a Country or even a HIGHWAY SAFETY ACT of some kind, which says nothing about granting authority. Ask well what does the world Act mean?

The Bible has a number of places where it states that you must submit to the Government Authorities and even the King. The problem is that non of the these authorities actually exist in the real world so their nothing there for you to submit too. This is further emphasized over the fact that they are making use of a corrupted name or all capital letter name. The Officers will have on their name tag and business cards all capital letter named entities. Their authority does not exist on this planet, only within their imaginations and nothing more. The truth requires no laws to support it, always remember that.

The above mentioned way of using the Bible does work for some, but it is straying off into fiction, within the context of the Bible itself. Remember the only truth within the context of the Bible lies in Genesis Chapter 1, everything else is based upon hearsay fiction. When confronted by any authority figure, your first question to them should be, who are they? They can only be a man or woman. Next they are stopping you because of some law perhaps, then they are making a LEGAL determination, so ask them if they have a BAR Card and are a Lawyer? They aren't, so they cannot interpret law. All they are doing is trying to get a Contract with your PERSON. They might want your Identification. You have Dominion over the Earth, your ID is made out of the Earth and thus you have dominion over it and everything it represents. So they fill out some kind of Security Instrument, wanting you to accept it, aka a ticket. They are handing you yet another piece of the earth molded into a ticket, with ink on it, which is still of the Earth. Where do you get your authority from to use God's Creations, if they are actors or rather a Fiction, aka a PERSON? Fictions do not hold dominion over the earth only man created male or female by God do. No Lawyers exist for non of them could understand the Oath they were taking until they became a Lawyer as it is all written in Legalese. Thus it is with all Oaths and PERSONS, they are only fooling themselves and anyone else in that they are Lawyers. Same with firemen, ambulance workers, hospital staff etc. All Oaths through the Government are in Legalese and no one can understand them thus no one can interpret what they are saying. It is all a game and illusion.

It is my hope that you come to the realization that you are indeed everything that exists and that when God says he created man in our image, you would take careful note of the word Our. Our, is everything that was created prior to creating man and woman. Not only was man and woman created equally, they were created equal to everything God created. Now for the big one, God said in his own words as per the text that, God created man in Our image. By saying Our, God included God in creation of man, thus God is part of man not separate. God created man and then as male and female being as equals to them and God, not as his is Children. Infinite Consciousness holds forms because of consciousness, and does not matter if it is animated or not, we are everything that exists.

Further by creating us all equal there is no bondage to anyone or anything, including God. We all have free will. It is God's will that we have dominion over the earth. When you upset the balance free will you create an imbalance. This causes pain and suffering until the balance is restored. Healing cycles begin showing us over and over again how we are interfering with free will, we just don't realize it until it is pointed out too us. We wall off the pain and thus it creates fear. Guess why we have so much fear going on? The other important thing is that God never signs for anything for God is everything as we are, so there is nothing to sign for it is known that we are everything that exists and we have dominion over the Earth, thus by signing we are stating that we are fictions and do not know who we are and the walls go up to separate us from our own infinite state of awareness.

The Darkness knows this and is operating just as it should. They are their to project the illusions of fear. It is not about good and evil as much as it is about truth of what darkness is. Judging Darkness will not change what it is, it just is. The Black Nobility is Black, because they represent the fear and wall we have created in cutting off ourselves from the infinite, of who we are. They know the truth as well, but it is not their thing to remind us of who we are it is their job to wall us off from who we are. Darkness cannot comprehend the light, thus they have their own language called Legalese. We can see their Legalese and comprehend it, but again it is an illusion because it is all based in fiction. It appears as being real but it is an illusion meant to aid us in walling us off from our infinite self. The only book on the planet that relates to truth and fiction and has standing, is the Bible. It is the only text that allows us to communicate with the Dark as it is God's word written in a way that combines truth and fiction.

Another way of explaining it is that it is God's word and his will that is within the Bible. There are God's Laws, but those reside in the healing cycle sections of fiction of the Bible. Truth resides in Genesis Chapter 1, everything else is fiction. The problem is that they are stopping you from

having dominion over the Earth with all their imaginary laws. This is solved by writing an unsigned letter to them as God does not sign anything and you have no name, but you do have dominion over the Earth. So you enclose the BIRTH CERTIFICATE that was issued to you by the Government and state that it is made of the Earth and you have dominion over the it and everything it represents. You are not to state that their Oaths end in So help me God, and that is where you draw your dominion from for you just stated you are understanding Legalese as all Oaths are written in the fiction language of legalese and thus you are saying you are one of them. All you see in truth are man, male and female, all your brothers and sisters and all equal too you. You were created equal to God so you are God. The way you fall out of this standing is by signing for everything. Anything that they hand you in commerce like a bill, ticket etc is referencing you and you have absolute dominion over it, because it is made of the Earth. Where it all falls apart is when we sign for stuff. Genesis Chapter 3:22 states:

**And the LORD God said, Behold, the man is become as one of us, to know good and evil:** and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever:

To become one of them you become a god not a God. This is stated in Genesis 3:5 For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as **gods**, knowing good and evil.

**Also the tree of knowledge is opposite of what we are as infinite love. Infinite love is to be infinite knowing.** Because the reptilians are cut off from the infinite they cannot tell who is God and who are gods. They don't know, they are not responsible for what they are doing. It us up to us to tell them. They are telling us not to engage in their commerce game for if you do you become one of them. They do not want to hurt or harm us. They are wrapped up in their imaginary world as a gods trying to imagine themselves. We are the ones that control the illusion not them, but we have forgotten that! We cannot be harmed by an illusion it is only an illusion.

Of course it is the Serpent small g god, that is telling this to Eve as she was unaware of the consequences that eating from the tree would create. This also ties in with David Icke's discussions concerning the Reptilian Serpent Race that walks among us. The serpents are highly intelligent, but they are mere projections within this holographic world we find ourselves in. They are totally cut off from the infinite and truly do not have the infinite within them or as I have from time to time referred to it as having a soul. They know about the infinite and feed off us to gain energy from it, through satanic blood drinking sacrificing rituals and torture, as there food is fear. Commerce is their game and it is all about war

and imbalance. Compare your bank account to the Queen's and you will see what I mean. It is designed to suck us dry till we die, which is another illusion and feared the most by many, which keeps us going in there game. The only way out of their game is to declare, not claim, dominion over all their paper that refers to you and anything that they hand you. Also have them return all that they have taken from you and if you need anything else you tell them you need x amount of funds to exchange for creating the things you need to live. You must do this with balance and love always and forgive them and yourself for what has happened, for you were told through the Bible. The Bible doesn't say this precisely so how could you be responsible right? Trust me for the moment as it will become crystal clear after you read the next section. **It is not about having power over everyone, because like you they are you.** They just have a different shell, which is an illusion. The same goes with the Earth and every living thing.

Of course you want all that was taken from you to be returned, but that is peanuts to having dominion over the Earth. By stating this you must be prepared to follow God's will as per Genesis Chapter 1. You must realize that by your actions of signing documents and going along with the illusions they projected at you, you are in part responsible for the mess you are in and the Earth, for you were not following God's will. God does not have laws, only will. Thus you need for them to release back to you all that was taken from you, because it is of your creation not theirs and thus the energy it represents creates and imbalance, which is harmful to you and them. They could not give it back too you until you tell them you are not one of them a fiction, but a man

male or female, created by God in Our Image. It is important that you have the energy funds etc released too you so you may carry out God's will and instill harmony and balance within yourself and the Earth. We must replenish the Earth as well and that will take a lot of work and time as much damage has been done. It would be nice if they could provide you with an address to where you could send all statements, bills etc too for them to be properly handled. Remember we cannot understand their laws, but we do have dominion over their system. Let them sort out how everything should be paid and handled, your only focus should be carrying out God's will.

Thus how do you replenish non renewable resources such as oil or extinct species of life? You can't at least not from a money perspective, because that is based on the imaginary not real. So there is still something missing here and it means that you are still caught up in the illusion if you are thinking that because God gave you dominion you can order everyone around who tries to project authority at you, because of God's divine will. In order to use the Bible correctly you have to know what the Bible is about and of course the Bible is all about the illusion from beginning to end. Or possibly more accurately about the images that are being projected. It is indeed very accurate to make use of one's Birth Certificate as a means of claiming dominion over the LEGAL system and leaving you too your own self. However you cannot get pass the law of gravity, the law of attraction and other natural laws. They are still there even the Law of One, which is what all of this is circling around. Thus these laws are the final mechanisms of control that tell you that you are in an illusion. In order to be truly free you need to know the truth as the truth shall set you free. Free of this illusion and knowing the path back to infinite love.

### **Why not the Truth?**

We scream at the hypocrisy and injustices being shoveled out by the LEGAL system and Governments in General. We point and demand change yet little happens. Wars are started over nothing and millions are murdered in fighting senseless manipulated wars and the enslavement continues, just labeled different things for the occasions at hand. If there was any doubt by now, you can see clearly that nothing true is coming of these Governments and rather than representing the people they are simply tools of control over the people. Some Governments have the ability to simply kill those who speak out against it and are supported through various double talk or simply over looked. This is how genocides are allowed to happen, as they do not let the masses have the ability to protect themselves. Of course this is done to generate fear which feeds the darkness and these soulless creatures that walk among us.

By worshiping God and looking to God for solutions we create an imbalance, which walls us off from our infinite selves s God is us as much as we are him. This walling off only creates more fear pain and suffering, hence the reason for so many churches out there. It really doesn't matter what religion or what you worship as long as you are doing it, you do not take in the account that you are infinite love and you are creating this pain and suffering yourself by simply your awareness of it. When something comes into your awareness that is hurting other people or life, including anything in the universe you are creating that and you are responsible for healing that from within you. Bet you didn't want to hear that eh? Taking responsibility for what is going on is exactly what they don't want you to do and it is why young offenders are given such light sentences and a culture of propaganda revolves around us not being responsible for our actions. This fits in well with the POLICE as they want to enter into a dispute or argument with you over your actions, which then goes to court and the lawyers and judge make huge amounts of money over it, often leaving the victims and the perpetrators with next to nothing. Traffic court of course is the best example of it as the only victim is you, because some POLICE Officer made a LEGAL determination about what you were doing to be wrong according to the LAW and practiced LAW without a license, thus you buying the host of frauds that went along with it and ended up disputing with a JUDGE that was only an actor, only to have your time and energy sucked from you as the mallet goes down in favor of the OFFICER.

So why has the Bible been used in Courts and why is it the most valuable thing in all of the world as the Bishop stated during the QUEEN'S Coronation? The Torah again which translates into

the Law, is the Common Law on which all Law is suppose to be based and is to some extent. However as we know Law does not exist within the real world, it can't for it is based in Fiction. Yet we look at the Bible as a source of Law that is suppose to reflect the real world. Truth has no law for it requires no laws to support it, it is simply truth. Thus it is very telling and true that the Bible is in fact a work of pure fiction or more accurately it is an incredibly accurate description of the illusion we imagine ourselves in, written from the perspective of the illusion not the truth. For the truth has no part within the illusion so only the illusion can write it. Truth still exists, but it is not mentioned within the illusion for the illusion has no comprehension of truth so it is not and cannot be aware of it. The illusion only knows illusion nothing more or less. Of course we are not all illusion we are also truth. We are sucked into the illusion to the depth that we believe in it as we have forgotten who we are and the illusion doesn't care or want us to know who we are it only wants us to go along with it's version of reality.

The Bible tells us in Genesis 2:1 Thus the heavens and the earth were finished, and all the host of them.

First God only created a heaven, not heavens, being plural. In terms of the Illusion it uses symbolism for everything, because it is illusion. It is not that it is lying it just has no comprehension of truth for it is illusion. Heavens of course relates to the fragmented parts of the infinite consciousness. How the infinite became fragmented I will discuss in a bit, but understanding this part connects all the dots together. The last part says, "and all the host of them." If there is a host there must be a parasite or audience. As I have said before all truth in the context of the Bible is within Genesis Chapter 1. Chapter 2 starts out with the idea that they are hosts for something. Thus right away something is very wrong. There are no hosts but from the perspective of the illusion, fear begins to separate us from who we are.

What Genesis is all about is all about how the illusion is created spoken in the perspective of God, being God's word. So what is God? **God is a finite mirror, for which infinite love created so it could look at itself.** Or more accurately an finite world for which fear dominates which can only expand based on how much love can be expressed within it. The illusion takes on life of it's own, through our fear. That fear is reflected back at us in ways that represent what we are doing to others. When we have nothing but love for all that is around us then the mirror or God reflects back to us only love. As we are infinite and thus being multidimensional, we simply manifested here with nothing to tell us who or what we were, we were suppose to listen too our knowing of who we were. As you see in Genesis Chapter 2 Adam goes about naming everything that he could possibly name and thus making everything into a thing, rather than what it is in truth, Infinite Love. God himself being essentially a mirror of Infinite Love sees himself as a thing, which is why he gives labels to everything that he created. Ultimately God will constantly project at us forever that everything is a thing and that we have dominion over those things. He doesn't know anything else and thus invites us to feed off those things around us to dominate and oppress. It is not hard to see how parasitic the SYSTEM has become, as we accept the idea that it is okay to feed off everything around us. As we buy into this illusion we wall ourselves off from who we are, which is everything that exists.

Okay let's do a walk through Genesis and see what is going on. Gen 1:1 "In the beginning God created the heaven and the earth."

Remember the infinite does not have a name? Well the very first line in the Bible attributes a name to the mirror, being God. Thus God is no longer the infinite, God is a finite thing. He takes on a shape of that being an ellipse perhaps or a circle, but am thinking of an ellipse more though to reflect the imbalance of the infinite, a circle would reflect a balanced mirror, which would not be true in terms of the function of the mirror being imbalanced. Also God is a thing because names describe things, which is mirroring the infinite once again. Further God would be totally Black as we see in the night sky mirroring all the light of life of Infinite Love. But more importantly God would be complete and total fear, fear being the opposite of infinite love and totally walled off from knowing. Further I don't think it would matter what angle you looked at the mirror from the infinite it would be a mirror. Within the mirror perhaps it would take on a

shape of a ball reflecting the two realities taking place. Genesis 1:2 And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.

Yes because the infinite has no form to hinder it thus the earth has no form and void represents the infinite knowing in mirror perspective. The mirror creates a void of not knowing. The darkness is the opposite of what infinite love is in terms of enlightenment. The Spirit of God moved upon the face of the waters. Now this is highly, highly important to understand. Waters means infinite consciousness or rather infinite love. Water is symbolic of energy and to move is also to project. Thus what has happened now is that Infinite Love in it's play cut off part of itself to make a mirror so it could look at itself. Thus the mirror is just a program and computer following instructions, nothing more, it is doing precisely what it was created to do, this is being done without malice, it is not aware of what it is doing beyond it's programming to do so. Because it is a mirror and it is finite at that being a mirror and not the infinite what it does next is reflect back an image to the infinite love too see. The waters also is referenced other places as a the droplet being the ocean and vice versa in terms of infinite consciousness.

Genesis 1:3 "And God said, Let there be light: and there was light."

Thus light is very different from enlightenment. Light within the illusion is the carrier of conscious thought. Time and space are all depended on light, versus enlightenment being everywhere all the time throughout the infinite. This is where I believe the Illuminati are drawing their name from for it is this light within the mirror that enlightens them, not us as to how the mirror works and thus the illusion. Of course we are the mirror too, but we have forgotten that because we think we are looking at a mirror and not ourselves. In sense we don't look at ourselves as we are whole within the infinite.

Genesis 1:4 "And God saw the light, that it was good: and God divided the light from the darkness."

Now the mirror looks at a creation of itself and because it can only think in terms of separation of itself it has to make a Judgment about what it sees. By judging the light as good, God infuses the illusion from this point forward with a vibration of fear, which is the opposite of love. Good fears evil and evil fears good, thus to say something is good is to invite fear. This is why in commerce you hear people telling you after you by something, "Have a good day or night etc." The programming within the illusion reinforces Good and Evil and thus the underlying trap of fear, which makes us wall off from the infinite. Nice eh? Not finished yet! Of course by separating the light from the dark you also separate truth from the dark, so everything that darkness does is based on untruth. Hence the Black robes of the Judges and the Lawyers and the real reason behind, why we have Judges to begin with.

Genesis 1:5 "And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day."

Here we see two things happening. First he is giving light and darkness a name, being day and night thus identifying them as a thing and recognizing them as being finite. Then the mirror makes reference to evening and the morning as being the first day. In terms of the mirror being true to fear it begins the process of labeling the light and darkness as something as it is not and being double negative which brings it to a day, which is whole which conforms to the needs of the host being infinite and thinks in terms of one. Thus the day becomes the first parasite which the host enters which is the infinite consciousness. Again everything is in reverse of what it seems.

Genesis 1:6 "And God said, Let there be a firmament in the midst of the waters, and let it divide the waters from the waters"

The firmament provides a barrier between the infinite and within the mirror an ability to hold a droplet of water or ocean as it were, being our infinite self for the waiting parasite, Day.

Day becomes the first parasite for the infinite to gain access to the illusion. What is happening is that the mirror is mirroring what it perceives as being the infinite. Because it has no reference point other than itself it begins a process of creation that is exact opposite and mirror to what it sees. It is neither good or evil it is just a program that has enough knowledge to duplicate what it sees from its perspective. There is no malice or evil or anything of that kind involved, it just wants to be a mirror for the infinite as precisely what we the infinite created it to do. In terms of Genesis Chapter 1 think of the mirror as an Embryo forming into life. It is doing it this way because the infinite was always infinite it never was or wasn't, so it has to mirror that by a process of creation. This is all about how the mirror constructs itself to put it another way. All the time it is copying us the infinite in the only way it knows how and truly as a mirror could be. In terms of an embryo perspective it is the infinite consciousness that is the male energy, but from a mirror perspective the mirror is the it is the male that moved upon thus projected upon the infinite consciousness to fertilize itself as being the egg.

Genesis 1:7 "And God made the firmament, and divided the waters which were under the firmament from the waters which were above the firmament: and it was so."

Here we see how the mirror is walling off more and more of the energy consciousness to create a sense of space using firmament as a barrier. I would say this would be the beginnings of creating the heaven and the earth from an embryo stand point.

Genesis 1:8 "And God called the firmament Heaven. And the evening and the morning were the second day".

Now we have a new place for the infinite to reside within, heaven. The firmament now being a place where the infinite can experience itself as an illusion. Of course they tell us we go to heaven when we die, this is the place in marked within the illusion we go too. Not a bad spot I guess, but it says even in spirit form we are caught within the illusion, we are infinite love not the illusion.

Genesis 1:9 "And God said, Let the waters under the heaven be gathered together unto one place, and let the dry land appear: and it was so."

Here we see energy consciousness taking form of the earth. Before this point we were only seeing cells divide, now we are seeing the cells taking shape. It is only following a basic program of how to read the infinite as being a mirror and it is unaware of anything beyond what it can sense in terms of the infinite within its finite structure.

Genesis 1:10 "And God called the dry land Earth; and the gathering together of the waters called he Seas: and God saw that it was good."

Here we now see the embryo taking shape as now the earth is becoming more defined and once again we see the Judgment that the earth was good, meaning that it based in fear. Further the Judgment walls off the earth from the rest of what was just created, separating it out as a defined finite thing.

Genesis 1:11-13 "[11] And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so.

And the earth brought forth grass, and herb yielding seed after his kind, and the tree yielding fruit, whose seed was in itself, after his kind: and God saw that it was good. And the evening and the morning were the third day."

Now we are seeing more complexity in the creative process as the embryo develops complex structures of life. This is the nature of the mirror, it increases in complexity and density as it develops and grows. Now the embryo passes on the instructions of self replication to the grass, trees, herbs etc. increasing the complexity and thus the introduction of DNA and RNA. The Mirror walls off the grass, trees, herbs etc. with a Judgment of good which is to know fear, thus it holds its form. Then the mention of the third day, which makes the grass, trees, herbs etc all

parasites for which the infinite love may enter and experience as an illusion. Day marks points of which we can enter and experience the illusion. Thus when you goto heaven you can come back as a tree if you want for example.

Genesis 1:14-19

[11] And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years:

[15] And let them be for lights in the firmament of the heaven to give light upon the earth: and it was so.

And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also.

And God set them in the firmament of the heaven to give light upon the earth,

And to rule over the day and over the night, and to divide the light from the darkness: and God saw that it was good.

And the evening and the morning were the fourth day.

Here we see that the stars the sun itself are parasites for which we can enter and experience. We also see the introduction of law as the mention of rule of the day and rule of night in verse 16. Hence again why worshiping of the Sun throughout the ancient world and today still takes place and why so much symbolism in Freemasonry is focused on the Sun. The night is also rules and at this point I can only say that it is the storehouse of all the programming based on vibrational energy. This is why astrology focuses so deeply on it. It is the vibrational fields that the stars create that determine the destiny and life that originates on Earth. As the Earth moves through the stars or other planets too I would think, they are capable of supporting different kinds of life forms based on the DNA and infinite consciousness that wants to experience that life form. This is also the section where time begins. We now have a sky full of stars and they begin to move, animated by us the infinite.

Genesis 1:20-23

[15] And God said, Let the waters bring forth abundantly the moving creature that hath life, and fowl that may fly above the earth in the open firmament of heaven.

And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good.

And God blessed them, saying, Be fruitful, and multiply, and fill the waters in the seas, and let fowl multiply in the earth.

And the evening and the morning were the fifth day.

Exactly as I mentioned in the previous paragraph, we now see life forms emerging from pure consciousness. This somewhat confirms how through thought we can travel among the stars projecting our thoughts and taking on life forms based on our desire to do so. It is truly the playground of the infinite too a point. The problem is we sometimes forget who we are and that causes us problems. That is the fear, but all we have to do is remember we are infinite and that is infinite love and the fear is removed and we once again control the illusion. The illusion does not care to control us or anything like that, it really is unconscious of what it is doing and cannot separate us out from itself. We have to always remember that. So here it is also saying that we can be any life form we want to be as the are parasites for the infinite being defined once again as a day.

Genesis 1:24-31

[15] And God said, Let the earth bring forth the living creature after his kind, cattle, and creeping thing, and beast of the earth after his kind: and it was so.

[25] And God made the beast of the earth after his kind, and cattle after their kind, and every thing that creepeth upon the earth after his kind: and God saw that it was good.

Here we see the Judgment of good again, which instill fear instinct into all life that moves upon the earth. It separates the consciousness of each animal so that they experience everything from their own perspective rather than as a group consciousness.

[26] And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.

So God created man in his own image, in the image of God created he him; male and female created he them.

This is the highest form of life God creates, being man. First as a unisexual creature then divides man into male and female. This is done because man is the parasite for which the infinite can experience itself as being in full control of the illusion. We have complete power over the mirror and everything that goes on within the illusion. We are not told how to work the illusion because we already know how. The infinite is infinite knowing. It is through our heart that we enter into knowing. Loving all and being in balance with all brings the knowing. The problem is we are embedded in an illusion of fear and we let the fear wall us off from our infinite selves. The Mirror knows this and feeds off us unconscious creating ever more vast illusions or reflections of what it sees from it's perspective as being the infinite, but in it's capacity non feeling infinite fear.

[26] And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.

And God said, Behold, I have given you every herb bearing seed, which is upon the face of all the earth, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat.

And to every beast of the earth, and to every fowl of the air, and to every thing that creepeth upon the earth, wherein there is life, I have given every green herb for meat: and it was so.

And God saw every thing that he had made, and, behold, it was very good. And the evening and the morning were the sixth day.

Here the sixth day God confirms that all that was created by him was a parasite for us to experience. It is vitally important for us to realize the significance of verse 31. It says we are everything that exists. Everything! The mirror was our creation and it merely mirrored us using us as the source of it's power. Myself and others have experienced out of body experiences where we are totally at peace and one with the entire universe and felt we were the universe and all life within it, including our bodies. Next chapter, Returning to Shangrila we will discuss in more detail about how we can control the illusion and manifest a better illusion for ourselves. The mirror is not to be feared for the mirror is us, we just forgot that. We are God as much as God is us, we don't worship God for that walls us off to our ability to create a world for which we want to live in. We are the world. We are not so much as the imagination of ourselves as we are infinite love all knowing and perfect harmony and bliss. We love to play so let's make our mirror our play ground not our hell.

I know I have spoken of the Mirror as a parasite and of course that means God is a Parasite. This of course is negative and those who worship God, would be quite upset with such a statement. From the infinite perspective the mirror or God is neither a parasite or anything as such it just

is, or rather it is infinite love. The fabric of the mirror is fear but everything must come from truth or it simply does not exist. Thus the illusion only exists because it comes from infinite love.

The mirror acts as a parasite as soon as we begin to treat anything within the illusion as a thing rather than infinite love. When you forget who you are you are creating the imbalance and thus you start to multiply, making babies that represents the fractured consciousness. Of course if you make a Baby and you teach and treat the Baby as being part of you and infinite love there is no fracturing and love is able to expand within the finite to create more joy etc. It is not so much as the mirror is our play ground, as it is our desire as infinite love to expand our love into a finite reality to experience ourselves as the incredible infinite we truly are. Of course the Universe is made up of many fractured consciousness of infinite love. We expand our love by going deeper and deeper into density. There is an incredible amount of dark matter within the universe and there are frequencies we can't even see because of our limited perception.

What is happening with Earth as a group consciousness of Infinite Love is we have become so lost and have created so much suffering over the planet, that the illusion is gaining power over infinite love and thus preventing the expansion of it. What happens now is that we the infinite start pumping more and more energy into the Sun and Stars to boost the light and vibrational field of the Earth. This helps wake up those who have forgotten who they are. If enough people do not wake up to the realization that they are living within infinite love of which they are infinite love, the Sun heats up to the point where it kills everything on the Earth. This why some Suns go Super Nova perhaps. It is not something to fear either and that is in part how we can turn it around. It is simply infinite love absorbing that part of itself back into the infinite, which has forgotten who they are. From someone cut off from the infinite it is very frightening, because they do not know what is beyond death's door. Thus it is them the most that need to start reaching out to all that is within their awareness in love of it being a part of them, that they will awaken to the truth of infinite love.

What they are trying to do is kill off 80% of the worlds population to slow down or stop this from happening. By doing this it doesn't help remove people from the Illusion as their spirit goes to Heaven. If they are as spirit in heaven and still do not know who they are they become highly tormented and feed the fear, which only increases the infinite pumping more energy and love into our group consciousness. They can't possibly ever accomplish the enslavement of us, because infinite love will not allow itself to be enslaved by it's own creation. I am not sure if we can stop what is now coming, but through love perhaps we can heal ourselves and the Earth.

What we need to do is start challenging the powers that be to prove that they are who they say they are, removing their control over us as they are only controlling themselves. They have to come to realize that we are all one including the Earth and all they can see. The capacity for the Earth to sustain life is now at a critical point. It is becoming almost impossible for us and the Earth to remain in balance and thus why we where we are.

It is not that God has given us dominion over the Earth it is that everything we sense is infinite love a reflection of our creation within the mirror. The Birth Certificate method is probably a good approach. You can sign any of these documents as long as you know you are infinite love and know how the mirror was created, there is nothing that they can challenge you on for you stand in truth. Your signature is infinite love, it is part of you. It might designate you as being a thing, but you qualify it as that this is me the infinite within a finite imposed world, being everything that exists. Ultimately God exists as the exact mirror of infinite love and this who we see in our Courts, the JUDGE is an illusion of course, but he/she has taken on the role of God. Ultimately that is what God does within the Illusion is to be the JUDGE of all we do. We overcome this by recognizing that we are everything that exists including the JUDGE. It is through Love that we dispel these illusions and create harmony once again, allowing us to expand more and more within the illusion. When you recognize there can never be any conflicts because you are only arguing with yourself, then you begin to find peaceful and loving ways to resolve the issues that come before you. Thus the need for the JUDGE becomes non existent. This is why

we make use of a Notary Public to help us resolve issues with others. If the other individual cannot act in truth he is judged.

We have this ability to resolve the issues, but when we don't take responsibility for the messes we get in, then we go into dishonor and the JUDGE sorts it all out. However because the JUDGE is the imagination of God, he sides with SYSTEM that is supporting him in most of his decisions, especially on money issues. We have given our power away to God so God simply takes that energy away from us in terms of money and gives it to the SYSTEM which then further enslaves you. Yeah it sucks, but that's the way it is at the moment. LAW is not about truth it is all about FICTION and the quicker you recognize that the easier it will be for you to not to become the next meal on the menu. Also the reason for the Black robes is to represent the God being the Mirror of infinite Love, which is enlightenment, he is as dark and deep as anyone could ever imagine and more. We have been taught to worship God all our lives and told that God loves us. It is only our love being reflected back too us that we get from the mirror and thus God. You get from God what you give God, nothing more or less than that. The JUDGES today are reflecting the fear we have back at us to the degree that we have forgotten who we are. They are pure illusion and your need for an illusion to resolve things for you is only taking more power away from you and thus enslaving you and all that you know.

Genesis 2:2 "And on the seventh day God ended his work which he had made; and he rested on the seventh day from all his work which he had made."

God goes into a dream state, which means that God is unconscious of what goes on. He is asleep rather than awake and thus is not responsible for anything that goes on. This is reflected throughout the illusion that the JUDGES are untouchable and unaccountable in their work. They are God within there creation of the Court or rather Temple. The illusion is very much a dream but we the real living people are wide awake because we are animated by infinite love and are everything that exists. We are taught to strike out at the illusion rather than resolve the issues in love and peace. The illusion cares not what you think or do and will destroy you if you believe in it. That's the whole point, of what is going on. We have a choice to follow the Illusion which leads to death or follow our hearts in love which leads to life. It really is not much simpler than that.

In terms of JUDGES well they are from infinite love as well and deeply caught up within the illusion, some to the point where they don't even believe in God. Thus we have to look at them with eyes of pure love as well. We cannot be in conflict with ourselves we can only love ourselves. The Masons hold advanced knowledge, which through rituals can shut down people's awareness and or make it possible for them to be possessed much easier by demons etc. No matter how much we may forget ourselves and dark we become, it is our beliefs that are driving the whole thing. Change your belief that you are infinite love, all that exists and you begin to heal, no matter how dark you have become. We can heal people from a distance just through our awareness of them as love is the fabric of all that exists, it cannot be resisted as it grows over time. Loving God is much different than worshiping God, to worship you are giving your power away and diminishing who you are and walling yourself off from the infinite, Loving God in all that he is all you can do, for you are God and God is you. It is that equality and balance which brings life to you and all that exists.

### **Playtime with Light**

You might need a little time to think through that last section so don't start this part until you feel comfortable, with what you just learned. Playtime with light is all about accessing the programming of the mirror. I kind of wanted to give you a bit of heads up on this before we move into the next chapter as many of you may never have had the opportunity to play with light out of fear that it was something bad. That is the Mirror talking not infinite knowing and love. Light has to be one of the hardest illusions to understand within this fear based world. Yet it is fundamental to working the levers of the Mirror. Again it is an illusion because light is not enlightenment, which we all are. When people are dying we tell them to go into the light and of

course that only leads to heaven which is the illusion. Death is the ultimate illusion and produces the most fear, which gives more power to the entities that are feeding on the fear.

Light is neither bad nor good it just is. Lucifer sin was that he thought that he was equal to God and rebelled against him. Of course once you understand that God is a mirror of Infinite Love, you recognize that Lucifer mirror to Infinite Love. Lucifer for all the reasons for why one forgets who they are. Very early on in my research I recognized that LORD God took on attributes for which are ascribed to Lucifer or Satan. Lucifer only exists to the extent we act in ways, which we wall ourselves off from Love. Satan or the Devil is still a servant of God and takes on the role in the Courts as the Crown Prosecutor, who are dubbed Little Devils, by those in the know. This comes from Job

The Structure of Light 1:6 “Now there was a day when the sons of God came to present themselves before the LORD, and Satan came also among them.”

The Devil plays the role of the accuser for God and is neither good or evil. Good and Evil comes from God according to Isaiah 45:7

I form the light, and create darkness: I make peace, and create evil: I the LORD do all these things

Again in terms of the mirror God represents what we believe about ourselves and how we have walled off ourselves in fear. We are God we are the mirror and it is through infinite Love that we dissolve the illusions put before us. Love is the most powerful force in the Universe because everything comes from love. That which cannot hold the light of love is burned away to heal and create balance once again. Satan being an Angel is a reminder of our conscience. The Devil digs out the dirt and presents it too you, not so much for the JUDGE, but for you to see how you have disconnected from Infinite Love. The Devil may not always be correct about his accusations of you, but that is not the point of the Court proceedings. The entire thing revolves around seeing if you do in fact know who you are. They are only arguments for there is not truth within illusion. Thus the Prosecutor is truly their to reflect the darkness that back too you that you have created somehow on your infinite multidimensional self. When you hear the arguments put forward and counter with further arguments you are only keeping the wall of fear up. They are presenting an illusion too you that best reflects back too you what has happened not only too you, but to others within your awareness, which you may or may not have direct knowledge within your infinite self of harming or walling them off.

It is never about the argument as it is about coming to terms for of forgiveness and no matter how inaccurate or wild the accusations are. You have to reach out with love and forgive the Crown and apologize for the incurred harm that has taken place. You are doing this from the perspective that the Crown Prosecutor is also you being that you are indeed everything that exists. If you did harm someone directly it comes back too the fact that you need to somehow make amends with that someone, who is you in a way that makes them feel connected too all that exists once again. You hurt another's feelings or harm them, you are harming yourself. The Devil is really your conscience talking back too you.

Ultimately you are your own JUDGE and the actors before you are only there to remind you of your infinite self. And yes some of these people are mean spirited and do very badly want to convict and sentence you. In many cases they themselves are in these positions because of the fear they hold within themselves and how they have walled themselves off from infinite love. They are so tied up in the illusion itself that they really believe that they are lawyers, prosecutors, JUSTICE OF THE PEACE, POLICE OFFICERS and JUDGES. Some of them might even be one of these shape shifting Reptilian types, who really knows. It doesn't matter. The only thing that matters is you. You are responsible for everything that has happened too you, whether you are aware of it or not. That is the nature of the Light.

The Light represents knowledge on this side of the mirror. Knowledge, especially the kind of knowledge I talk about in this book is highly protected from prying eyes. They don't want you

to know the truth about anything. This is only a reflection of the imbalances we have created between using our infinite knowing verses our brain. Our hearts tell us what is right and wrong and what to do, but our brain gets in the way of that and doesn't know anything except what we put into it. Thus why we must be careful what we do put into it and recognize the manipulation going on around us and respond in positive ways to it.

In terms of the worshipping of Satan or Satanism as it is called, people are mercilessly tortured and sacrificed throughout the world. It is not hard to see the evil dripping off the faces of some of our world leaders and the monsters that hide behind the thin facade they portray. They are in my awareness and yours if you care to see, because of things that we have done to each other over time. They also represent how far still must go in healing our world of fear. To them the Light is darkness and the darker the better. They have a reality in which they live which supports the exact mirror of Infinite Love. They have no power over us when we do in fact live within the knowing of Infinite Love. The Knowing counters the illusions cast off by the light too us and dispels their reality of having power over us. They can never destroy us, because we are made from the fabric of truth, they are fabrics of illusion.

In terms of Satan running Hell, you pretty much have the idea now that we JUDGE ourselves into Hell based on our fear. People say they see their lives past before their eyes when they have near death experiences sometimes. We do this for a few reasons, but in the end what we are really doing is passing JUDGMENT onto ourselves. Both Heaven and Hell are illusions within the mirror and both are designed to make us want to reincarnate back to the physical. This is what we do over and over again taking on roles to expand the capacity of our finite mirror to expand in love. We expand based on the amount of light we can hold within us and thus dictates where we feel we need to go next. Because the Universe is a hologram and you can pick any time and place and life form you want, you can gather we been at this for a very long time.

The light we hold within us is a reflection of how much we have become enlightened to infinite Love. Infinite Love does not abandon and thus if we get too far lost, it comes in and gathers up it's children and starts again. I cannot say for certain that this is what is happening now, but the signs are getting obvious that we either increase our capacity to love as a world or we will be gathered up by the infinite we are. It is not something to be frightened about or worried about. We can only do the best we can and then start a new. By exposing the mechanisms of control that hold the world under the grasp of tyranny, it is my hope that enough of us will break free to help make a difference and bring more enlightenment into our world and thus more freedom and joy. In the end it is impossible for darkness to win, it just can't because everything is based from infinite love and thus truth. Thus I hold out a great deal of hope that as light increases there will be less places for darkness to hide as the shadows disappear. We are enlightenment and we are becoming spiritually aware people through this and other avenues of communication for the Infinite Love.

Because the Reptilians are very ritualistic, thus basically intelligent biological programs that feed on fear, they will begin to perish as more of us look for balance and love to resolve conflict rather than go running to their SYSTEM to be feed on by them. They are the children we are the parents, although they like to look at it from the other perspective. It is we that must take responsibility for our children not the other way around. Yes indeed the Nephilim are our children as they are the cross breeding of man with the gods, who I think were the Anunnaki. As we expand our hearts too them and bring forward more truth and love, they loose their grip over us, because they can only function in darkness and arguments. It is time to heal and time to take responsibility for what we have allowed to be created by treating ourselves and all we see as things, rather than ourselves reflecting back too us the love we put out.

The ultimate point of Satanic Ritual Sacrifice from what I gather from reading what I can about it, is the absorption of ones' Soul that lies within each of us, by fear. There can be nothing greater within the illusion of fear. That energy that is absorbed through drinking of blood or trapping someone's Soul is the ultimate the walling off of infinite love. Of course a number of Churches are involved in this as well as numerous bankers and world leaders. I suggest that you read what

David Icke has to say about them as well as Alex Jones. They are the fore runners in exposing much of this and some web sites exist that expose what is happening to victims that get caught up in these things. There are even Females that are used as breeders for this stuff and hundreds of thousands of children go missing all over the world each year. It does not take much to realize the horrific evil that exists among us at this point in time and why more light and love are being poured in from the Infinite we all come from. It is all going to end one way or another. It is really up to us to decide what we want for our future. The Soul is a vibrational energy body that holds the past, present and future vibrational story or experiences that one can create for him/herself. I really don't know much more than that about it, as the Soul is part of the Spiritual Bodies, but it is created and augmented by our thoughts and experiences we create. I tend to wonder if it is not the astral body as it is the heart energy body that allows us to do journeys outside of our body. The Core Star is infinite and cannot be touched by them as I don't think they have one or if they do they are completely cut off from it. Generally the Illuminati use others to do the rituals for them, which only underscores the fact that they are simply projections and have no Soul or Core Star perhaps.

Next chapter I get into ways we can use the Mirror for the benefit of healing and reconnecting to infinite love within this and other dimensions of our reality. They are doing an incredible amount to try and suppress both the knowledge of this and our ability to access it, for that is the nature of the fear on a mass consciousness we have created. Nope I don't expect to see changes over night, but I do know that the will for us all to have peace, love, joy and freedom are well beyond anything that they could ever do to us. Many people have been frightened away from knowing how to work from within for they think of it as evil or simply unknown. There is nothing that I will ever explain too you about that I have not done myself or have a great deal of confidence in, in terms of it providing positive outcomes for all involved. We are the mirror of ourselves within this reality, we are infinite love. Don't be afraid of love. The Mirror responds like a program, it reflects back what you put out and thus allows you to be tested on what you do and think. Our thoughts are as powerful as our actions, so be very aware of what you think and where those thoughts may have come from. There is a great deal of psychological warfare going on to get you to think of yourself as being a spectator and not a participant within your own reality.

I do realize that some people are caught in situations of pure slavery and abuse. It is very hard for us to reach those people at this time, but as we expand our awareness of what is going on and our love, the perpetrators of these kinds of things will lose their power over those they are trying to enslave. No one has to be harmed for this to work, we are only working to heal ourselves through love. There can be no other way. The facades of power will drop very quickly I think once this knowledge becomes more widely known. If feel the anguish and the unheeded cries for help falling on deaf ears, yet all I can offer them is the truth. Our power to restore our world back to a Utopia of Love is in our hands, but we will have to overcome many illusions of fear to do it and forgive those and us that have brought us harm. With awareness comes responsibility and we can ill afford not to love our neighbor as our self anymore.

This Video: Torture - America's Brutal Prisons

<http://video.google.ca/videoplay?docid=2408415640688976606&q=torture+in+american+prisons&total=39&start=0&num=10&so=0&type=search&plindex=0>

Shows definitive torture and outright murders of inmates by Prison Guards inside these prisons, which only underscores the reality of what is more to come. This does nothing to rehabilitate people and is very much underscored by the truth about the SYSTEM. People are told that they are the PROPERTY of the STATE. This violates everyone's Oath that is in the SYSTEM. Yet people do nothing. It is a feeding frenzy of fear that is artificially created and the code of silence is the paramount law among the Guards.

One final note before I close this chapter. Throughout the book I have been playing a game, with you, much the one that has been played out time and time again throughout the very beginning

of all this. It is a child's game called Simon Says or more simply Let's Pretend Game. This is the game that we play on ourselves over and over again. We put forward an illusion or thus project an illusion onto others that is not real. I didn't do this intentionally, but I recognized after finishing my research on this chapter what indeed was going on within me and must be going on within many others. When we act out of fear we are playing Simon Says. I have provided examples from time to time of what to do in resolving situations of where tyrannical control is invading your life. Of course I totally destroy the course of action at some point shortly afterwards or within the next chapter. The idea is that we must act out of knowing not knowledge. No one can ever tell you exactly what to do for any given circumstances and when we reach outside ourselves for that answer we most always get the wrong projected reality back. It is only through quiet thought and examination of the facts that we gain insights that we never could see before. We have to see that at some level we created this for ourselves and it is only our infinite self trying to remind us how we have forgotten who we are. Infinite Love is the only Truth. Let that be your guiding light when you are in the darkest of situations.

You are part of my awareness and I will never abandon you. You only need to put your questions to the light, for enlightenment to come. Think of me this book as my extension of my love to you to help you break free of the fear around you. You are enlightenment, thus see yourself as everything around you and all that is within your awareness for answers to the wall of fear that you have put up that I know I on some level have brought to you. I am sorry for any and all harm that I may have caused you and only wish to bring you more love and light so that you may be free of the darkness of fear that has walled you off from me and all that exists. I ask for your forgiveness and remember to forgive yourself and those who may have a direct impact on your situation. Give all to infinite love to absorb and heal and stand within the truth that you are infinite love, you are everything that exists. Expanding your capacity to hold light and love by loving and enlightening all that is around you. I am here with you always, you are never abandoned, never alone, we are infinite love.

## Chapter 7

### Return to Shangra La

*Accusare nemo debet se, nisi coram Deo. No one is obliged to accuse himself, except before God.*

Much of the ancient knowledge of mysticism has been stolen from us by people who would use it against us to manipulate and control us. However knowledge might be stolen but our knowing can never be taken from us. That beautiful light that is our essence knows who we are and will never abandon us and will always heal us even in death, we are never abandoned. Everything in the Bible after Genesis Chapter 1 is all about God's dream. In fact it is our dream, because we have fallen asleep and forgotten who we are. The Bible reflects this in fictional stories and is taught as being truth, when it is only truth in terms of symbolism. It is full of wisdom and it shows accounts of how we as infinite love lose our way within the illusion and how that illusion takes on a life of its own. It is also truth because it reflects strongly the reality of where we find ourselves today. The Zionists believe that they create gods to serve them, that they are indeed above God or simply do not believe in God. They have set up a SYSTEM, where they are not accountable to anyone for the harm they do or what they do. They are not pretending this for the sake of things, they actually believe they are above God and that we are their creation for which they feed off us like a swarm of parasites. It is beyond their capacity to imagine anything good for the slaves that heard as cattle. They have gained power over us, only by the fear we have within us. They know this very well and make sure there are lots of horrific things going on that sustain that fear.

The basic story behind Shangra La is of a beautiful city of advanced spiritual beings who are guiding "humanity" from their hidden city near Tibet. Their city vanished and is well protected by an icy mountain range, where many have gone in search of the city, but never return. They

live in seclusion and when the Earth has been concurred by an evil king and nothing is left to concur, Shangra La will once again appear. The Evil King who has captured the Earth will be confronted by the Kings army of Shangra La, who have advanced technology beyond anything that the evil King has. The evil King of course will be destroyed. Does this all sound familiar to how the mirror works in tandem with infinite love? It is stunning too see the level of complexity, yet the strict adherence to the symbolic aspects of the Bible within the LEGAL system throughout the world. One does not have to be at all spiritual to recognize that indeed that everything it does is modeled after the God, in terms of God being the mirror of Infinite Love. It functions without fail to honor us in terms of us knowing ourselves. It only makes use of force of law when we show that we don't know we are infinite love. It becomes our parent when we decide be it's child. Yet it doesn't have to be that way at all. In all that I have said about the QUEEN one thing is for certain, she is playing her part in all of this extremely well. Not that I agree with what she does, but in terms of what it says in the Bible and what she does in terms of rule, we could not have gotten a better QUEEN. We just haven't woken up to the fact that she only has the power she does because we have forgotten who we are. She is not interested in telling us who we are but acts as the perfect mirror to what we believe we are.

She lives by the Bible that is the only source of law. Yes there are all these other laws termed man made laws, but they only apply to those who do not know who they are, Infinite Love. So in terms of Shangra La, we have in the Bible the Garden of Eden. Of course Adam went about naming everything in the Garden, saying it was a thing rather than himself. The Tree of Knowledge represents the fact that he ultimately forgot who he was and grasped for something outside of himself, for knowledge of everything that existed. The symbolism is so strong here, I am amazed that so many including me missed it. However now that we have our fix on where we are coming from, infinite love, the Bible unfolds before us quite differently than before. The Laws of God are not laws at all, they are merely there to counter our lost knowing of who we are. It becomes so extreme 930 of them in all, that one has to wonder what is going on? Compare that to the millions of statute laws throughout the world and you begin to grasp the enormity of how bad things have gotten in terms of us all trying to feed off each other for less and less amount of quality of life. The SYSTEM is designed to fail, it is not designed at all to provide a good living for all involved, only those who support the SYSTEM and who are wealthy to begin with are protected for the most part. It emphasizes materialism over Spiritual Knowing and Love.

I don't know if Shangra La exists or not and truly, I don't really care. It is yet another reflection of how we infinite love are being held as prisoners within our own illusion. The mirror is always making us out to being small and inadequate in comparison to some advanced spiritual people or technologically advanced people. Okay I have had enough of that stuff. There are plenty of examples out there to show us how we are all damned because we are either too dumb or not something or another to be worthy of what a God or a King should have and be. The thing is why settle for all the money in the world etc, when you are everything that exists? I don't think there is a comparison. Of course the SYSTEM is designed to be a wedge between you and what God said was yours. Unless you call them on it, nothing will be done about it. I do realize some places would simply have you shot for making such a declaration, so we have to be realistic on what our particular circumstances are and what we can honestly and safely do about it.

### **Meditation with God**

I think it is important for one to recognize that by the mere fact that we are infinite beings of love and light, we ourselves are woven in God's fabric as it were. **God is equal to us and of infinite life.** Life comes from light and love of the infinite, so when you look around yourself ask, what of my surroundings is not composed of life? By asking this question you will open your awareness to a deeper understanding of what is alive and what you may have thought was dead or inert. What seems to be going on is that we are interacting with a mirror of that infinite love and it only exists because of our belief in fiction or illusions which it creates. Because it uses fear to wall us off from the infinite we need to explore the fears within us and release them. No doubt this is not going to be easy for many, but at least knowing about it will help as you

progress through the rest of this book. Darkness leads to death, but it is only an imaginary death for the infinite cannot be destroyed thus it is but another illusion. I think perhaps why we die is rooted in part our programmed belief in many things surrounding the physical and illusion.

Realizing that this black reflective mirror that truly reflects the imbalances within yourself in terms of infinite love, God becomes a bit of a paradox in how we relate too him. Everyone has different stories within their DNA and hold things in their Energy Fields that relate to how they have walled themselves off from the infinite love, in this life and others. Thus I would suggest that unless you are already familiar with meditation that you seek out a meditation teacher that you feel comfortable with and work on expanding your awareness and love through meditation and life in general. Remember that Darkness is only there to remind you of yourself in ways that you have walled yourself off from the infinite love you are. There are two reasons you would want to do this, one would be to expand your love and the other is to heal.

Meditating in a circle as best as you can get it, reflects the balance of the mirror that you are attempting to create. As you get more comfortable with meditating you will find that people across from you will be pulsing energy back too you. This is an imbalance and you can work together to try and reduce the pulsing or move yourselves to different positions until you can feel a nice flow of energy going around the circle from left to right. In terms of seeing images you could put a large dark reflecting surface in the center of the circle or simply imagine it being there. Realizing that it represents the balance you are attempting to create within the universe. If you don't have a mirror you can simply imagine it being there. In terms of what you can do with this basic set up is really unlimited. As you are connecting everything back to infinite love. If you want enlightenment imagine the mirror reflecting that enlightenment back to you and the group that comes from within you. If you want to communicate with spirit you can bring them into you awareness and heal and learn from them. You can literally bring anything that exists within the circle and heal through love all that exists. In the end you enter the mirror as being one with the entire Universe in a state of infinite love. Thus you create a holographic environment where all that are meditating with you can play within the Universe and move at the speed of thought. Your guides appear and you can ask them to take you places to show you things that you need to know about to heal the fear within you and to expand more and more with love. It has to be the most joyful experience one could ever do and I do it a lot of the time just on my own. You can create anything you want with light and zip around anywhere. Your guides are there to help you along the way they are the highest, the truest the brightest and the best. You do this in infinite love giving your total trust to all that exists to guide you in love.

Also you can put add a white candle to the center of the mirror if you like to represent the enlightenment that comes from Infinite Love. Putting you eyes into a soft gaze on the Candle helps to put you into a self hypnosis state as well. It seems pretty much standard in most meditations to burn a white candle. However it is not absolute when you simply want to look for imagery in the mirror itself. Some people have made smoked glass dark colored mirrors for the purpose of simply gazing into it. Many see images to begin to appear. Nostradamus used a mirror in his gathering of information as well. It is something to think about. When I am alone without a mirror, I imagine spinning a lens above my head, which opens to the Universe. As I spin it an environment is created for me, like a wooded area by a stream and I simply lower the lens over me to my feet and immerse myself into the newly created environment. It is also the way I move about the universe at the speed of thought.

Now that you have explored the mirror a bit and thus recognizing it as an illusionary mechanism, what we need is something that will help connect us to the Infinite. The way I do this is I imagine a lens turning above my head full of light, with me and it centered within the Universe. As it turns the light within the lens begins to shine down on me and then the lens lowers down through me too my feet, immersing me into the light or a place my guides have chosen to teach me about the light. It might be a forest or another planet, sometimes a hand reaches for me and we go to other places within the Universe so I can be taught about things. This is the true nature of our multidimensional infinity. We are all that exists. Of course this is the best way to learn about the

infinite I have come up with. We are light and thus focusing the light onto things we are wanting to learn about dispels the illusions created by the mirror. Light is life and darkness leads to an imaginary death. Both life and death are imaginary, for the infinite does not die, it just is. Thus when you believe in life you also believe in death, thus you are caught within the illusion. Something to think about anyway.

While meditating a great deal of ectoplasm can be created and you will see different forms of real spirit life appear before you. One time I actually had a spirit boy use the ectoplasm as way to form a temporary body to move through the room and interact with objects. Raising our vibrational frequency through singing songs and love or simply focusing on infinite love and sending that love out to all that exists quickly raises our vibrational frequencies. Over time you purge your body of contaminants that are blocking you from seeing spirit and expressing more love, love purifies the body. Doing it as a group only accelerates the process.

You can only send healing and love to others in terms of it doing the highest good for them and leave it too God and that living being of infinite love to use the love and energy to best benefit themselves. You cannot go on judging people you can only love them. As you begin doing this you also gain insight to your own spiritual anatomy and thus learn how to open and close your chakras to energy flows. Because our bodies are in part rooted in the illusion or grounded in the illusion, we can't spend a great deal of time in meditation at the beginning as we become ungrounded and thus have not made strong enough connections within ourselves to communicate without fear what we need our chakras and body to do for us. So keep it to about 15 to 30 minutes per session while starting out and as things progress you will know how much you need to do.

By creating calm within us we create calm around us. People quickly pick up on this and are soothed by it. Of course the higher your frequency is the more that people want to feed off of you and thus more you have to give them. Learning to control your chakras and vibrational frequencies are important in the care of yourself. The mirror in the center of the circle is a nice way to start things, but in truth you end up being immersed within the entire universe itself. You become the mirror and all that exists in a state of pure love. This is so simple to do and should boost your love and awareness greatly. The downside to all this is that as you gain more love and awareness your thoughts and actions have faster and faster reaction times in terms of the mirror, thus requiring you to become more and more responsible for your thoughts and feelings about others. It will bring more harmony and stability in your life in general and make you more aware of what was once impossible to be totally possible.

Of course as much as you can use this for good, it can also be used for evil or rather to increase fear. This is the goal of those who worship Satan or Satanism in general. I am not going to go into it, mostly because I have not studied it. If you look at this as a way of gaining power over others, you will gain power but you will only do so with the use of fear and thus imprisoning them and you withing the fear. Thus infinite love begins to shine more and more love at your to compensate and eventually destroy you as you cannot hold the light. This is pretty much what is happening today. So it is a safety valve that has been worked into the illusion so we are never abandoned. The only truth is infinite love everything else is illusion. In terms of going to Church and singing songs and listening to someone read the Bible and give a talk on something related to values of love. This is fine. If that is where you are at in wanting to expand your awareness and express your love to God and thus get love reflected back, then I am not one to judge you on that. That is a wonderful thing to do. Simply keep in mind that you are infinite love and you are everything that exists, including God. Bring balance and awareness to the fact that God that perfect mirror reflects only back too you that which you have forgotten about in terms of who you are. Love is not reflected as much as it is present throughout all time, you just need to open your awareness to it by giving and receiving it. When bad things happen remember to forgive those that have done wrong and forgive yourself.

I think in terms of Church people for the most part have lost sight of who they are. They are not Christians, Muslims, Jews, Buddhist, Mormons or any other kind of religious group. That is fiction a part of the illusion and within that illusion resides a manipulative force that feeds off

the fear of those who do not know who they are. Infinite love is the only truth everything else is illusion. Infinite love is more than just words, it is the total expression of thought and feelings and connection to all that exists, which is in a state of pure balance with each other. That then is infinite love. When we get angry at others or think of someone negatively that gets reflected back at us and affects them as well. We can only love others to the best we can and keep looking for ways of expanding our love.

### **Dispersing Illusion with Truth**

Infinite Love is the only Truth, everything else is illusion. Nobody can prove that they are who they say they are. They are not a NAME or even a Name. God doesn't jump out somewhere and say our name is so and so and thus it is absolute, because God created us without names because we are all infinite love. The infinite cannot have a name. God gave us dominion over the Earth, when in truth it was Infinite Love that Created God as an illusion cannot exist without something real to mirror or interact with. God is our creation from the perspective of Infinite Love. We are both one thing and everything at the same time as the infinite is both a droplet and an ocean. Ultimately we create everything within our awareness in this life and others. We are creations from the perspective of a droplet and an ocean. Thus there is nothing within this Illusion of the Universe in which we do not have the ability to alter, when we approach it from the perspective of Infinite Love.

Love expands into fear breaking down all barriers of the illusion. We are both a singular and group consciousness, which we can never be destroyed as we are everything that exists. Within the Illusion the JUDGE is God and your adversary is the Crown Prosecutor. They are only actors who only have power over the Illusion, because you have created the illusion that someone else was a thing rather than you and you began to argue with yourself. They reflect back that argument or thing that you did too you accusing you and judging you, when in fact they are you and they are JUDGING themselves and prosecuting themselves. They are so deeply caught up in the illusion through all their rituals at Masonic Halls and training that they truly are blind to the truth. They are parasitic in that they suck your energy in the form of money and lost freedom. You are feeding the illusion through your very presence within the Court Room. Signing all their papers and doing as you are told, you have given away all your responsibility to them to resolve the issues at hand.

If you have hurt others you should be doing your best to help them recover from the harm you have caused. You are not doing this because you got caught, you are doing this because they are you and you have to love them as you love yourself. There is no separation from the perspective of the infinite. In some cases people are grabbed and not charged for anything, of which a charge is making war on you and opening the account aka case number, which requires you to discharge the debt through a surety bond and redeeming the RoR Bond. Realize that no matter how bad things are you have created this situation. When we harm others we never escape the echo of that harm, we are always brought to justice by God, the Mirror of Infinite Love. In these cases you must forgive them for what they have done and ask them to release you based on your Religious believe that God gave you dominion over the Earth and the Jail and all the paper work etc are only molded forms of the Earth. If they use a name which references you, you have dominion over that as well as it is within your awareness on Earth. You are infinite love, not a host for infinite love. To be a host is to create fear within your body between the illusion and truth. You can only be infinite love.

It is not necessary for you to know their laws and how they work, all that matters is that they follow your belief that you are infinite love that has been given dominion over the Earth, by God of which only exists because of you. This is stated in John 1:17

[1] In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God. All things were made by him; and without him was not any thing made that was made.

**[2] In him was life; and the life was the light of men.**

[1] And the light shineth in darkness; and the darkness comprehended it not. There was a man sent from God, whose name was John.

The same came for a witness, to bear witness of the Light, that all men through him might believe.

He was not that Light, but was sent to bear witness of that Light.

That was the true Light, which lighteth every man that cometh into the world.

[4] He was in the world, and the world was made by him, and the world knew him not.

[11] He came unto his own, and his own received him not.

[12] But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name:

Which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God.

And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth.

John bare witness of him, and cried, saying, This was he of whom I spake, He that cometh after me is preferred before me: for he was before me.

And of his fulness have all we received, and grace for grace.

For the law was given by Moses, but grace and truth came by Jesus Christ.

As you see verse 4 states that God only has live because of the light of Men. This is another expression of the enlightenment of what we are, Infinite Love. Verse 5 shows that darkness cannot exist where there is light thus it is absorbed by light and thus destroyed. Verse 9 verifies that infinite love is truth. What verse 10 through 17 are explaining is simply how Jesus Christ manifested from infinite love to being Infinite Love on Earth. Verse 17 states very clearly that Laws are untrue and only truth comes from infinite love. That is what is being said here is that Jesus is purely truth, which is infinite love. He represents the expression of what infinite love is and what we all are when we live within the awareness that everyone and everything we see is us in the form of infinite love. There is no mention here of Mary giving birth to Jesus, because the infinite is infinite, there is no illusion in truth. Jesus manifests his body through God, by taking on fear in verse 15, but coming in with the full knowing of who and what he is.

Okay then let's look at what this passage really said. It does not mention the earth at all, in fact it mentions that man came into the world. A world is very different than the earth, for a world is imaginary. Thus John isn't talking about reality, he is talking about a fictional world upon which to base the story. In terms of infinite love, that was not mentioned there either was it? You have to wary of subtle changes in things. This is a mini Genesis as it were, but it is a false Genesis describing how Christ came upon the world by God his father. The only truth within the context of the Bible is held in Genesis Chapter 1. After that we are in la la land talking about fictional characters and stories. Why this is important I will talk about much later in the book, but for now just be aware that a world is used to imply the earth, but it is not the earth. If God sent JESUS to the earth, he would have said so in Genesis Chapter 1, thus we are seeing is a story unfolding, which is based in fiction, not truth.

We can see illusion is dispersed by truth as it needs laws to support it, as stated in verse 17. In terms of LAW, when we are speaking in truth we must also be speaking with love. Their laws have no meaning in truth and truth requires no laws to support it. Nobody in the Justice System can hold anyone who knows who they are, being infinite love and who speaks the truth. There is no LAW that can throw at you to hold you. You don't even need to sign anything or say

anything further than you are the expression of infinite love within God's creation and we all have dominion over the Earth, so where does that leave us? This is not something that can be disputed, this is truth. You can pull out the King James Bible and show them this truth. They must release you or they must answer to the Lieutenant Governor, Governor General or the Queen, which they will surely be dealt with severely as they are believing that they are a PERSON rather than a man male or female, that is the expression of Infinite Love, within God's Creation. You can also say I stand within God's Creation, where do you stand. Many JUDGES would literally run from the Court room so fast that if you blink you would miss them. You must allow for discussion about your views if a discussion arises. You are not there to argue the truth only to present it and be released. Nothing more or less. Forgive them as well for what they have done and forgive yourself too!

They cannot dispute what is stated in the Bible for the Queen is the Defender of the Faith and by not granting you, your freedom they are waging war on the Queen. You might remind them of that point too. If you need to write the Queen or speak to the Lieutenant Governor or Governor General, always use their Christian name, which is John-Harry:Doe, Acting as the Lieutenant Governor within the landmass commonly referred to as whatever, which is in truth only the Earth. Explain clearly your situation. The people involved that are holding you and that you are requesting help as the Queen being the Defender of the Faith that she may aid you in your Release. Explain that you know that you are infinite love and all that exists within God's creation and that God has given you dominion over the Earth. You should probably state that you have forgiven the people involved for what they have done as they are only expressions of yourself within God's creation. Make reference that you believe perhaps that they have waged war on the Queen, as being the Defender of the Faith and you are without the ability to free yourself. Also because all courts around the world are in some way directly or indirectly run by the Bankers and based on FICTION, no one has been judged in truth. They have only formed contracts for which, the other side, the JUDGE is a fiction. Thus everyone in Jail today can simply expose the fraud and demand to be released, because they were not given a trial in a competent jurisdiction, which entails the only the use of the Bible. This is not a if or maybe thing, it is absolute, because they cannot change what it says in the Bible about man male or female having dominion over the Earth. Fiction cannot JUDGE the living.

I am not so comfortable with the waging war bit, but in essence they are waging war on God or rather Infinite Love, when they continue to charge you after you have stated that you have dominion over the Earth etc. I sincerely doubt any JUDGE or prison official is going to want to tangle with this and you should be released rather quickly or the case dismissed as the JUDGE runs for his/her chambers. The truth shall set you free. There is no point in talking to the Justice Minister unless you think he would be honorable. The Canadian and Australian Governments are De Facto Governments run by criminals who have little care or regard for the people they pretend to represent. In terms of the USA and other Countries that are Republics outside of the Commonwealth, you would be surprised at how many of them on the surface operate as independent of the Queen, when in fact she hold absolute rule over many of the institutions within the Countries. Because everything comes from Temple Bar in terms of LAW throughout the World, the Queen is held as the Defender of the Faith pretty much over the entire Planet and has influence everywhere. It can't hurt to contact her concerning what is happening too you. In terms of Islamic States, the Bible is still Law within Islamic societies and thus the same applies. They just have a different flavor of the BAR within the Country, but it is all the same.

All of this reverts to the Holy Roman Empire as the foundation for the creation of all Nations on the Earth, even though it is covertly controlled by the Jews. Interesting how people forget who they are once they join organizations isn't it. Never the less you can reach out to people within the Government structures to state your case for freedom. I know there are some very brutal dictatorships on Earth and there is not much we can do to help people being oppressed. But over time as more and more people realize the truth that has been hidden away from them concerning the fictional governments and Countries, the Tyrants will begin to loose their grip

on power. Infinite Love will absorb the fear and create light where darkness lurked. Love is the most powerful force within the Universe and the Illusionist can't stop it.

The infinite is beginning to awaken from its sleep as it were and it is us are able to hold and channel more and more light into the earth. The powers that be that are trying to stop this from happening are wasting their time doing so, nothing can stop the infinite from doing what it wants to do. It is time to heal and spread the news. Tyranny cannot be sustained as we are equal to each other and nothing can ever change that except when we forget who we are.

Fiction does have its place within our illusion and with love it can be used to help us expand awareness and balance within our world. I don't think I agree with how they have set everything up as it is very harsh on those that have forgotten who they are and everyone else, but it is all we have at the moment and we must take responsibility for presenting and standing for truth. We can use Notary Public and the Courts to resolve issues for us if we go there with the knowledge of who we are and what we are trying to do in love. The Queen has created a System, for which everyone has absolute dominion over the Earth, thus we must see everyone in that light. When others insist that we are things, then we need to gently remind them that if they are seeing us as a thing then they are themselves a thing and are waging war on the QUEEN as the defender of the Faith. It is not for us to determine the law another wishes to follow only recognize and attempt to remind them of who they are. No one has authority over anyone. In truth even a murderer could walk free, but not likely to live long because of the darkness they carry within them.

In terms of people who commit murder, assaults and theft from others. One brings forward the argument that well I am doing it too myself and I am infinite love. Well of course this does not jive. As I mentioned very early in the book the Native people and Polynesian people would do all they could to restore balance heal the emotional and physical harm they caused to others. The justice SYSTEM is run by the Bankers and does nothing to heal the harm done to the victims or their families, other than to punish the accused, maybe. There are programs in prison which people can optionally take that provide anger management and counseling. However for the most part little is accomplished to heal these people and bring them back into awareness of being infinite love. This reflects the truth on the SYSTEM and people in general viewing others as things rather than the infinite love manifesting within the illusion of another body like their own. Thus the fear is amplified in the prisons rather than reduced with love. It is hard for someone to heal and gain empathy for others when they are beaten and put in situations of gang violence and outright oppression.

By focusing on people and sending them love and forgiveness for what they have done and asking forgiveness ourselves as when their crimes come into our awareness we are also responsible for what has transpired, we increase the flow of love to them, which is in turn used for their highest good in restoring balance. They can reject the flow of love, but over time love always finds a way to reach them. When people harm others we need to create situations to make it safe for them and us, so we can all heal together. As people increase their awareness they increase their love, which steps up the vibrations in the people around them. Some people who have caused harm to others were sometimes sat beside a Shaman or Healer within the tribe. Because their vibrational level was so high, many would burst out crying short time after releasing the emotional pain they were holding within that was blocking their awareness of infinite love being all around them.

There are actually machines around now that push out vibrational energy of high frequencies that do heal the emotional blocks within us as well as help us to detoxify. The Pap Imi machine is one of these that does this, <http://www.papimi.gr/> and can aid us greatly in restoring balance. As much as these kinds of machines exist, technology exists which do induce fear and fracture personalities by inducing fear. The CIA MKA Ultra community are masters at this and do use their technology to create sex and mind control slaves. Torture increases fear as the pain disassociates us with our bodies. The perfection of Torture was created from experiments done in WW II and MK Ultra and shared with other Nation States throughout the world. Yes the

hidden hand of Satan as it were is hard at work behind the scenes. Singapore has some of the most severe punishments in the world for people committing crimes there. The crime rate is very low, however it does nothing in terms of healing and restoring balance within the psyche of the community. Rather than everyone taking responsibility for what goes on and try to heal others, more harm is created which disconnects people from love. I can't imagine how someone can whip, cane or kill others and say it is only part of their job. In Saudi Arabia if a woman is raped she is given 90 lashings with a whip over period of maybe 10 per week, which would I think destroy anyone's ability to function or live with any sense of love or knowing themselves. This is where the New World Order wants to take us in terms of JUSTICE. We have the ability to remove ourselves from their grasp, however we also have the responsibility to get the help we need to heal and as a communities to heal those that are within our awareness that are harmed and have harmed others.

Ultimately Law is not based in truth and thus there are no laws. There is only Infinite Love. We have the power within us to strike down any laws they can ever throw at us, when we come from a position of truth and love. We have dominion over the Earth as does everyone else. Everything within the Universe is Co-Creator of the Universe as everything comes from Infinite Love. We make the law, statutory laws only reference the imaginary societies, of which only have power if we say they do over us. They make the assumptions that they do and we don't say otherwise, then they do.

On final point before I close this section. As much as you have learned, be humble in you dealings with the Government. Be clear and simple in what you have to say so all can know what you are stating. Don't go demonstrating against them or causing conflicts as that just gives them a reason to say you don't know who you are and apply their laws against you. They say be as smart as a Serpent and Meek as a dove, in your dealings with these people who are Acting out the lies. You can't communicate with them if you are yelling at them, they won't be listening. Go forward with Love as it is the only thing that will disperse illusions. Love means different things to different people as well, so be kind and gentle in how you work through issues with them. You are not to negotiate with FICTION you can only speak with the living, never forget that. Never address their title and if you don't see a need too you don't have to give them a name. Feel the situation out as you can see many people are unaware about this information and they are so caught up in the Illusion that they never realize that it is all based off Religion, or rather Infinite Love. Not everyone is going to understand this book and what I have shared with you. Some areas of the book may make you think that I have completely lost it or you might scared about doing certain things. Just realize this. The numbers of people who are standing up against the tyranny of darkness is growing everyday. The powers that be are getting desperate as they are running out of time in creating their world wide prison system. There are forces unknown to many that are working very hard to see that it never happens and perhaps one day we can all thank them for what they are doing to help us. For now just feel comfort that the truth shall set you free and put your trust in God the Universe and infinite love that it will happen. I love you all!

### **Recognizing Our Spiritual World**

Many of my friends have all wanted me to go more deeply into the spiritual knowledge have and tap into from time to time. I have learned so much over the years I really don't know where to begin or what to say. I think what is important, is perhaps giving you some ideas about how you can make connections to various forms of life around you and even things that we don't consider to be life, like the desk you are sitting in front of or chair you are sitting on. Everything in this Universe is alive, even the deep empty space of the Universe is life. There are projected illusions yes, but they too are alive in terms that they are animated or hold form through infinite love. The Universe itself works on frequencies, which we perceive a tiny fraction of with our limited 5 senses. We all have what Barbara-Anne :Brennan and others refer to as a Higher Sense of Perception. We all have certain modalities of sensing thing outside of the declared normal ranges of what our senses take in. In fact I spent almost half my life thinking that everyone could

sense and see things I did, with my higher perceptions. I didn't even know what I did was considered to be psychic etc. until I was about 27 years of age. Shows you how aware I was about all this. However perhaps that was a blessing in a way as it wasn't a focal point for me to experiment with my senses and abilities. I just saw them as being naturally part of me, which in truth they are.

I do know there are some people out there that are very talented in terms of using their higher sense of perception. Some of these people do psychic surgeries, something myself I am moving towards and others are simply able to channel spirit and get answers we need to know. Are there quacks and charlestons? Yes, but not as many as you would think. I never really thought much of them in terms of what they do. I believe we create the futures we want out of how we treat others and expand our love. The SYSTEM wants us to focus on money and somehow the more money that you have, the more God loves you over others, seems to be the prevailing theory. I hear how people are so blessed that they have successful businesses making them all kinds of money. Money for many people has replaced God or their lack of understanding of what God truly is. The main stream churches to my knowledge have never taught me anything in terms of how the SYSTEM works and who God is really. They stick to the warm and fuzzy stuff and then put their hands out for money. There are a great many problems with Churches that are hushed up. I think the problems stem from the fact that they are not teaching the truth and not acting as healers like they are suppose to be.

Thus if you want to find infinite love and awareness in a Church, I think you will be disappointed. In terms of what works, it seems too me that each of us must become masters of our own mind, body and soul as it were. Taking time to connect with nature, sending out love and feeling it come back. Going for walks in the woods or forest is an excellent way to expand your awareness to all the life around you. It helps you to increase your higher sense of perception and see things in more loving ways. If you haven't watched the Movie, MARCH OF THE PENGUINS, I would highly recommend that you do. The love that these birds have for each other and their young and what they must do to survive and breed, is incredible. You can clearly see that not only their love is extremely deep for each other, when something goes wrong their feeling are deeply hurt as well. Animals are very much like us in a lot of ways and have much to teach us about infinite love. Some are mean spirited too and that reflects the degree that they too have forgotten who they are.

To be spiritual does not mean we have to be poor either, although the SYSTEM is designed to punish those who develop empathy for others. It means we must demand and get equality in our dealings with others as we are being fair and equal to others. It is complete nonsense to argue with others as they are you and you are them. The SYSTEM has gone to great lengths to reward those who screw over others and lie to increase profits and extract gross amounts resources etc from the earth and people for the benefit of the few. It is a struggle no doubt to prosper and to grow spiritually. It seems you see these preachers on the Television making millions of dollars talking about God, but do nothing in terms of helping to change the SYSTEM so that everyone can operate as God and be equal to each other. We dump our responsibility on these people and think somehow that is going to change the world for us. In truth at the top of most of these organizations you find Luciferin worship going on. David Icke again is a good resource to find out what's what in that department. When you have a loving intent and approach the world with the idea that you wish to see spirit and interact with it, it does not take too much time for you to start doing so. We are multidimensional infinity and we can over come any obstacles I think with enough time and love. Seeing your first Angel coming to you in the form of a beautiful, brilliantly clear colored core star and then transforming into one before your eyes is not rare for those of us who do seek out guidance from them. They come to help heal and teach us how to do specific things in terms of healing and helping others. Some may even create portals for us to slip through which takes us to other places in the Universe. They have much to teach us as do our guides. The people who have put this SYSTEM together look at true spirituality as the death kneel for their evil plans. They cannot behind their illusionary forms from those who are spiritually aware and have a higher sense of perception. They cannot manipulate those who think

only in terms of love. It becomes a night mare for them. As more and more people begin to awaken to the outright blatant crimes they are committing, the less time they have to put their New World Order in Place. They cannot survive on love, only hatred and fear.

In terms of Law and Infinite Love, the only Law that matters and has any relevance is the Law of One. It is the Law of Infinite Love. You see it played out in nature over and over again. The powers that be attempt to interfere with this Law and call our protective actions primitive instincts. No they are not primitive at all, they are who we are. We protect our children and people we have come to care about in our expanding awareness and journey of love. They have set up laws that prevent us from teaching our young lessons of accountability and empathy for others and put them into an environments where they can easily be indoctrinated. It is easy to go for a walk in the woods or a simple ravine and regain our connections with Nature and World around us, yet many people prefer to sit in front of a Television or Computer, isolating themselves from that loving connection that the Earth and Nature provide for us constantly. I don't think many like living in large cities, but find it difficult not too. These cities are put into a low state of vibration and does not allow for the majority of the people to feel expansive and free. Rather people feel more like sardines in a can and see the city as a giant rat race or maze.

I am not saying that cities can't be a good place for us, they just are not designed properly to allow the free flow of energy and love that is necessary to raise our vibrational energy. Nope I would not say I am some kind of Guru living in a Cave on top of a big mountain either, but I do recognize how cities have been turned into mini war zones. Isn't it interesting that it is natural for us to live in small communities and the Babylonian tribes like large complex cities full of slaves and pyramid power structures. Their objective is to shut us down emotionally, vibrationally and financially, so we never see the light of day. What they fear is the power of infinite love expressing itself. Infinite Love has no enemy to divide and conquer. Once we as a mass group of people begin to operate at a higher frequency and awareness, it becomes a nightmare for them to control us. They cannot feed off love, they are destroyed by it. It isn't much more complex than that. As we increase our vibration we become more psychically aware and capable of doing things that were considered by most as being super natural, when in fact it is quite natural for us, as we are all infinite love.

So start seeing through all the programming and reach out for more loving ways to express yourself. Play with light and energy and dispel the illusions that they contain. You will begin to see that your light is the same light that comes from everything around you. You will no longer see things as being separate from you, but simply part of you. When you get to this point your level of empathy and love will overcome situations that appear to others as impossible. It is only a matter of love and awareness. A little game you can play to increase your awareness is to scan everything around you for about 30 seconds and then write down all you saw, detailing as much as you can. Then look again and see all that you missed. See if you can see the light emanating from the trees and plants and buildings. Everything is composed of infinite love. Do some meditations and ask your guides to help you with expanding your awareness and empathy. More often than not, they set up lessons in the real world for you to learn faster. There are no coincidences or chance, everything that is going on is going on because you are creating it, so be aware of what you are creating and take responsibility for it.

### **Our Holographic Universe**

The Bible was written by those who wish to control us and hide the truth from us. It does not explain many things about our spiritual world and the true magnitude of who we are. If they would simply just teach the first 6 chapters of Genesis, that is pretty much all we would need to know, rather than increasing the complexity of the illusion and dancing around the fact that we are all God and thus Infinite Love. I do not pretend to know everything there is to know about how the Universe operates, but I can only pass on my knowledge of experience of how I have come to know how it operates. Whether my assumptions are true or not, only time will tell I suppose.

In the last chapter I made it fairly clear how we work on an infinite level. However many people operate on only a tiny fraction of that awareness and thus are conditioned by others and the propaganda that there is nothing more. Medical Science will not go beyond the chemical reactions that go on in the body and have a very limited view of the reality which is presented to them. Thus they filter this down into the masses as the only viable reality and leave it at that. Anyone who brings forward anything contrary to mainstream religion or medical science is shunned and the objective of suppressing the truth is accomplished. It is very easy for me to show people that they are much more than bunch of chemical reactions and expand their awareness spiritually within a few short minutes in being with me. Many spiritual healers are like this and meditation teachers. For one thing I can run my hand across one of your energy fields and instantly you can feel that interaction without me touch you at all. It is not a trick it is simply bringing you into a higher level of awareness of who you are. Awareness or acknowledgment of the fact that we are infinite and not limited by our bodies in any manner is the key. When you know that you are greater than what all the propaganda says you are, then you draw in more power and a stronger sense of what is probable and attainable than those who have not accepted this. It creates an empathetic link to the Universe and infinite love. It becomes more possible to generate reality fields based on love rather than on fear, which removes the factors of control. A nice way to expand your awareness is to imagine yourself as a beautiful ball of pristine clear golden white light pulsing rings of love in all directions throughout the infinite universe. It lifts you and brings your vibrational frequency up high enough so that your guides and other loving light forms can appear before you and communicate with you. They are more able to explain situations that you are in, in ways that seem absolutely correct and provide you with a number of good solutions. Many times though you have to go on feelings and be spontaneous in trusting what you feel you need to do no matter how silly it may seem. There are different levels of awareness and for many this is a point that many can obtain easily. As you do things based on what you feel you must do based on your sense of passion and love you find that people becomes keys to doors that you never saw before. Your Guides and Angels are screaming at you from thin infinite perspective trying to help you, you just need to trust them a little bit and find a way that you can trust what you feel is right. Females seem to have a better handle on doing this type of thing, but everyone can do it. The easiest way to do this is ask a simple question and pause in silence for a few seconds and see how your feelings shift concerning the thoughts that come too you. Some call it a gut instinct, whatever works is the important thing.

Within the Holographic Universe we are all responsible for each other as we are everything that exists. What the finite limited beings based in fear try to do is manipulate the truth of this and fracture our sense of connection with all that exists. They want us in a state of disconnection and fear as that is their food. So in order to counter this we have to begin thinking and acting in terms of being part of a whole rather than separate from the whole. When you get sick it is not the fault of someone else it is what you have attracted to yourself in order to restore balance in your life. The Universe reflects back too you the balance and imbalances that are held within you from this life and previous lives. Expanding our awareness of this simple reality opens doors to possible solutions and better ways of thinking about ourselves and others around us. Those who want to dwell in negativity often leave our lives to vibrate with those that will support their projected reality of things. Hence birds of a feather, flock together. It is all around us. When we increase our awareness and open ourselves to higher levels of love we create stronger forces of attraction. Thus we are dealing with less energy perhaps, but when we are at higher loving frequencies we are able to see things in a soft light that we could see before and the facade's people put drop like bricks as they open up too.

In terms of the people directly involved in the manipulation, I am not certain how much can be done for them except that they are so insane that wonder if a nice padded room would be enough for them. It is clear that they have their hands on all kinds of weapons that could wipe out all life on this planet several times over. It may come to that as again I don't know any reason why or advantage they have in giving up the power they have. In the end they may not get the insane utopia that they are seeking as the damage they are doing to use is affecting them as well. They may be able to use money to protect themselves better, but in the end they have to breath the

same air and drink the same water and eat from the same food supply to a varied degree. Thus within a living hologram the fragmentation creates impurity to see the whole and perhaps this is why the transition of 2012 may happen. DNA Codes that have remained dormant within us may begin to activate in us or our young that create a new species of man that has a greater capacity to see the world in a loving light and have more powerful psychic abilities than ever thought possible before. This is perhaps one reason why the vaccination programs focus so heavily on making young children into living mindless drones, especially boys. Heavy metals such as mercury and other cancer causing agents etc. are purposely being put into vaccinations which has caused about 1 out of every 167 children in the USA to come down with Downs Syndrom I think it was. Where the child has an active healthy brain, but has been robbed of his capacity to communicate with the world.

Rather than deal with this crisis the medical community lays charges on the parents for shaken baby syndrom etc. to protect themselves from the obvious. It reflects our nature of not wanting to listen to the infinite, as the wisdom of the ages comes from the babes of our world, we are now cutting this off as well. Some say we are eventually going to be judged for allowing these kinds of things to happen, but again it is the simple lack of not putting love first in our lives that is driving this insanity. Nobody has the authority to tell you what to do if you are living your life peacefully. There is no piece of paper that you don't have dominion over nor anything that they can do in terms of trying to control you that is lawful. Unfortunately those who wield the guns have little concern over these issues or they would not be doing what they are doing. Much like the USA where there is no law saying that common man has to pay taxes for doing his everyday job or operating his private business. Yet the reality is that without such a law people are being convicted of tax evasion when there is no law that can be produced to state that they have to pay taxes. Canada is much the same way, where there is no authority given to the Government by the people and they outright state that the laws do not apply to the people as per section 32 of the Charter of rights and freedoms. Yet everyday people are convicted of crimes throughout the land mass referred to as Canada and little is done to stop it. There are no courts for the people to goto that will lawfully listen to their pleas of injustice being pushed on them. Throughout the world there are many kinds of dictatorships and they are all organized to protect the whims of the ruling elite and aristocracy not the common people.

We have to clarify the reality we live in and cut the propaganda out that the news media pumps out daily in order to resolve these issues and restore balance again. They know this and the growing numbers are now beginning to feel what it is like to live in a third world country as many are becoming homeless. As this grows the Governments increase their military rule over the people to keep them locked within the prison created for them, by those who have no care of them except for what can be extracted from them. The hologram works based on thought and what we do. We can change our reality by changing what we do through our thoughts about each other. Honoring each other and communicating rather than demanding will always lead to better outcomes for all involved. The only way that a dictatorship works is when the people are forced to go along with it, at which point it has a very limited life span. Weapons pointed at people can be turned on the people who are enslaving and destroying us just as easily and does happen over and over again throughout history. Thus in the end we create on mass the reality in which we live. Each of us has a responsibility to that end. We have the responsibility to challenge those who would say they have authority over us and have them justify and prove that authority, when in truth we are all equal to each other.

### **Playtime with Reality Fields**

Most people believe in fate that what happens, happens because that was what the divine plan was and nothing they could of said or done would have made any difference in the outcome that transpired. In many cases large numbers follow the Karma doctrine that what you do this life will reflect on better life next time. Well perhaps that may be true, but from what my guides have shown me we are not bound to Karma but rather we are infinite beings of love. We are being made to vibrate at these low levels from many layers of manipulation and deception. This is not

our natural state of being at all and the powers that be, know this all too well. They expend massive amounts of energy to keep us bottled up in a tiny fraction of who we are. The best example of who we can all be that many are familiar with is Jesus Christ. We all have the capacity from within us to do the kind of things he did and more, even though the story has been so heavily distorted.

There is no mystery behind the use of reality fields, we create them every day from moment to moment. We are just not made aware of how we create them. To many degrees Witchcraft is greatly concerned with the manipulation of reality fields. The entire foundation of it is to create transformations of realities for good or bad purposes. The knowledge of this has of course been pushed underground so that only a few truly know the techniques and have the internal clarity within their channels to make reality change for them. In truth of what is or is not witchcraft is a debatable, but what is not is the intentions behind the actions taking place. We are multidimensional infinity and the harm we bring to others we are bringing to ourselves, it is that simple. Truth and Love are the most powerful healing energies that anyone could use, when working with reality fields and the funny thing is, we do use these forces all the time, just without realizing it. Some manipulate reality fields through ritual, others through quite prayer and meditation or simply focusing their thoughts on what they want and giving up to the universe to reflect back the intent they created. The movie called, The Secret talks about Naplolian Hills discoveries while interviewing wealthy people for his book called, Think and Grow Rich. What he discovered is our thoughts determine our reality. Hence the widespread brainwashing of people through the use of the Television and other media to get us to believe in a conditioned reality, where the few have the privilege of condoling the masses.

Thus we need a basis to understand what exactly Reality field is before we can even begin to change one or many of them. Hypnotists can cause people to blank out objects from their reality through suggestion and in truth our mind only allows us to see about 50% of what is actually there at any given moment, as we construct our reality based on our belief systems. Thus the foundation of our belief system is rooted in our schooling years where we were all teased or coerced into conforming with the masses. This primary conditioning a fear of what other people think is so subtle and insidious that it controls most of the people on this planet from moment to moment, day after day. When in truth we have infinite realities to create and choose from, just we are caught up in focusing our awareness on what we are told to focus it on. In spirit thing can change at the speed of thought, but here in this illusionary holographic universe things take time to change. Sometimes too much time, but when enough people do or think something then it hits a mass consciousness trigger point where everyone starts to do the same thing without being told. Carl Jung spent a great deal of time trying to learn and understand these mechanisms and has written several books that are quite insightful, of which I myself have yet to read. However I have talked to some amazing highly intelligent people who have and have passed onto me some of benefits of what they have learned.

What Carl Jung had learned what is known now about reality fields and why we do what we do are well kept secrets by the ruling elite for the most part. It is important to know that your body is a hologram a trap scalar frequency within a reality that is being created by each of us from moment to moment and thus everything works on the foundation of frequencies.

Everything vibrates as opposed to the infinite which does not. Yet the world as we see it is created from the fabric of infinite love, in which we are living in a kind of fear bubble within the infinite. We draw power from the infinite and transcend that power into the reality we see projected back too us based on our beliefs. When it becomes clear to you that no one has any authority over you within your peaceful existence with all, then you start to create a powerful reality field around you that supports this projection. That is the foundation of how we create it, is by taking clear actions based on our beliefs to support the reality we believe in. We do it everyday, but we are conditioned to bow before our Talmudic Masters, called Ministers etc, that we are told have some kind of authority over us. It is in our face everywhere we look, someone has to be in

authority over us rather than simply being equal to us and willing to share information that would be helpful for us all.

What a hypnotist does is create a sense of calm within the individual they are working with and thus creating some clarity. The other thing that they do, is generate a sense authority over that individual so that they will follow their instructions. Emotion is a factor as the stronger the emotion the more likely that a reality you are trying to create will be created. It is a sense of knowing and purpose that is projected that creates the reality. There is also an absence of fear and when you are doing it in love it has even stronger effect on creating the reality you want. You will get the essence of what you desire, not always what you desire, so keep that in mind as clarity is very key.

I have mentioned before that our spiritual anatomy has chakras. There are 12 main chakras within our body and are referred to as Meridian Pools by Acupuncture Practitioners. In many people these Chakras get damaged over their lives and do tend to heal. However their function within our spiritual anatomy is critical in creating positive outcomes for our reality fields. If you have never gone for an energy balancing or more importantly a Chakra balancing before I would urge you strongly to go. Keeping your spiritual anatomy working properly is very important and affects not only us but all those around us. Your Human Energy Field is directly affected by how your Chakras are working or even not working at all. What has happened in the ruling elite is that they have shut down completely their emotional centers or related chakras as then they have no concerns about what they do to us or who and how they hurt others. People that torture people or are in military service to some extent have reduced greatly their capacity to feel emotionally. This translates into how their chakras are working. You correct the problems with the chakras and they open to infinite love, that simple. Thus there are rituals that take place I have read within the Masonic Order that affect the DNA and the emotional being of an individual. Of course non for the good as we are seeing in our courts and ruling structures, but the knowledge is known and unsuspecting people trying to learn more about God and Spirituality are conned over and over again into becoming slaves for the New World Order Agenda. I do know that if more people knew what I knew we could easily put a stop to this and heal the damage being done spiritually. Thus the primary reason I want share what I know with you all. I'll explain more about how to heal chakras when we get to the section about the Gift, in this chapter.

What is also key to how our Energy fields work is also related to our DNA. There is much more to our DNA than simply holders of Genetic building blocks of our bodies. Our DNA also a storehouse of memory of all the lives previously that have had access to the line of DNA you hold within. Further your DNA responds to sacred geometry when you bring it into your awareness and is in sync with various stars and planets more so as the vibration field you took on when you were both created in the womb and born into this illusion we call Earth. So each one of us has an individual vibrational field. The range of our vibrational field, determines how much we can consciously bring into our awareness and utilize our HEF for healing and other spiritual arts through our lives. Of course the powers that be are aware of this and work very hard to shut down the higher end of our vibrational abilities and keep us vibrating at lower frequencies. Vaccination shots do a great job it seems on blocking us from vibrating at higher frequencies in which if we did, many dis-eases we see among us today would simply be wiped out. This is not my medical opinion this is simply fact. All pathology of dis-ease begins in the Human Energy Fields, HEF. The higher the vibration that these fields hold the more difficult it is for us to be manipulated and easier it is to heal ourselves and others quickly.

Thus the higher the frequency we vibrate at the more quickly we can actualize the things we want for ourselves within our Reality Fields. At the basic level the Reality Fields are based on our thoughts and beliefs. When you out right reject a reality being thrust upon you with emotion and a sense of knowing that it is an illusion and not for the highest good for yourself and those around you, the vibrational energy that is creating that reality field has a difficult time manifesting itself fully. When you don't give it energy or thought simply blocking it from your awareness

and let it pass by, it has nothing to attach itself too or to manifest on. Everything you see, hear, smell, touch and taste are thought forms of energy within your conditioned reality.

They only exist, because at some level you have acknowledged that they do. The Universe is nothing more than an infinite frequency generator, reflecting back too us reality fields that we create through our beliefs and those created artificially through technologies more advanced than what they are currently showing us.

A reality field is based on spiritual energy or rather consciousness mixed with electromagnetic energy and light. Our energy fields operate around the millimeter bandwidth frequency levels and higher. We are seeing some science being applied to the creation of weapons that can disrupt our energy fields so severely that one only has to take a wand like gun and swipe it before a crowd and many internal organs burst with the impact of such energy weapons. When they dropped the Atom bomb on Nagasaki I think it was the flight crew reported being able to see the skeleton structure and the explosion through the hull of the plane. When the Space Shuttle begins to break the Electromagnetic barrier of the Earth some 400 Miles above us, they begin to see what I would are spirit lights, but they termed it as radiation. The Earth itself is a frequency filter and only when we leave it do we become free of it's effects and are able to expand more easily into the higher frequencies. The other interesting thing is that once outside of the Earth's protective the EM shield, the Sun would fry us with the radiation it puts out, hence why we have never gone to the Moon. The Moon is to me seems to be an ancient base of operations. Without it no life could form on the earth as it acts a catalyst to create tides and mixing of nutrients etc. Much of space travel revolves around creating artificial EM fields around the ship the to protect the occupants from the harsh levels of radiation. Also the apparent lack of windows on most UFO type space craft also confirms what Nikola Tesla discovered that you can make use of EM frequencies to see through metal. Much of the technologies used in the Ancient to build the Pyramid's etc. came from other worlds I believe and that knowledge has been swept away and kept hidden from us for it it were widely known it would not be possible for the levels of enslavement and genocide that are currently going on.

What is important here is that we recognize that it is possible for us to break free of these "normal" limitations of reality. As our ancestors were able to move among the stars through the simple projections of their thoughts we too can begin to expand our spiritual capabilities. Recognizing that we are indeed, everything that exists. The damage that has been done to us can be healed and we can increase our vibrational frequencies to the point were we actually become directly capable of altering the reality fields set before us consciously and quickly. This is the nightmare that the manipulative consciousness referred to as LORD God in the Bible is most afraid of. Ending the illusion and having the ability to directly control it is what the end game is truly about. I think that we have suffered enough under the hands of those who say they are there to protect us. We are not children of the imaginary or fictions we are children of infinite love. Nothing can change that fact no matter what they do to us, we can always heal because we are able to access transformation energies, they cannot. The Illuminati may have advanced spiritual knowledge, but they are just walking machines for the most part and have no spiritual connections that we do.

Much like the chapter Playtime in the Illusion, we need to disperse the mystery behind these fields to break free of them. We don't see with our eyes we see with our brain. Our brains filter about 50% of what we see based on our belief system. Thus changing our beliefs of what is possible creates opportunity for new fields to form. It takes time at this vibrational level for that to happen, but as I mentioned before the higher you can vibrate in love and anticipation the easier it is for the new field to form. Science has been working on some aspects of these fields in terms of teleportation. Also all the spiritual healers in our world also make use of these fields every day. We augment our human energy fields based on our activities and thoughts. A healer can clear the fields and fix damaged anatomy, cuts and lower or increase vibrational frequencies of these fields. The end result is that the one being helped gets better balance heals the physical conditions that are troubling them. This same thing works on all forms of life because all life

works in terms of energy fields. Once you recognize this and begin to work with energy fields you enter into a much larger world of possibilities. The draconian Babylonian Masters as they may like to be worshiped as, would rather you not know this info as it makes it far easier for them to manipulate and change you into what they want. There is no mystery about energy fields once you begin to work with them. Always doing so from an intent of doing the highest good and in love, being fully protected by God and the Universe. You must honor those around you, who have not yet woken up to this simple reality and realize that they have wrapped themselves deeply in fear of this and other things similar to this. People are afraid of the unknown, rather than embrace things and learn they stay in their comfort zone and try to force others to stay within those boundaries as well.

Thus at this point you will find that taking this path will be one you do yourself. There are many people who do know this info and are accepting of it, but only a few actually seem to have open their hearts to learning and applying this info. Another aspect is that some don't even believe in God, so their experience of reality is much more contained in fear or the unknown and they have much growing to do. We can only process as much as we can believe to be true. Until we recognize that we are only limited based on beliefs and that indeed an aspect of divine super consciousness overlooks what we are doing from moment to moment, we put limits on what becomes possible.

### **The Gift**

I wish I had a few hundred years to teach you about the gift you have within you. Gift you say? Aye, a gift that is, only now beginning to be understood by many, but has been known by a few for thousands of years. If you remain in truth you obtain the gift it is really not much more complicated than that. It is through truth that love for all life is expressed. Of course the gift is there only for those who reach for it. Thus the gift is and always has been for the few. Obtaining the gift is not an easy path as there are many tests along the way and the serpent force is ever present. So what is this gift? The gift is the capacity to heal through thought, hands and intent, but more than that it is the complete realization that you have the power within to actualize any kind of reality you want. Healing as the stories are told about Jesus are happening all around you, if you care to lift your eyes a bit and see. Spiritual Healers although still rare are growing in numbers.

Throughout history Shamans, Witch Doctors etc. have always been with us. The terms attributed too them are mainly out of ignorance and fear. Illusionists always try to say that the tricks they do are merely that, tricks. There is nothing super natural going on. Indeed, they had to say this for the Church would have such people burned alive for doing such things. Today there is much more wider acceptance of healers and true illusionists, however this is only accepted as people have rebelled for freedom in the past to get to this far in our path to self actualization as a mass consciousness. The truth about the Universe and what it truly is, is a tightly held secret, but we all have access to it's power and it's many illusions. It is only the ruling elite that thwart our efforts in obtaining this knowledge, through fear tactics, vibrational manipulation and simply mass murder at times throughout history.

Again the Temple Bar for which the 12 Banks of England headed by the Bank of England, House of Rothschild, makes up the power center for Law and Money for the entire planet. They dictate to all Countries how they are going to be run and what rights and freedoms that will be allocated to the people entrapped within their illusions. The simple foundation of a Birth Certificate or Drivers Licences implies a contract to the Temple for which they are providing you with some level of safety and security so you can peacefully live out your life. They control the armies throughout the world and play Countries off each other to give the illusions of threat to get your compliance to enter their trap. Of course you cannot hold a job without some form of Government issued ID or more specifically a Social Insurance Number. Thus try applying for a job without one and see how far you get. The same for running a company, they want you to have a business license or they will use some level of force to shut you down. The who point of all this is that

they have created a massive control grid throughout the world and extort trillions of dollars a year from the people of this planet for the privilege of simply living your life.

As I mentioned earlier in the book to change this through fighting back for our freedom will be a very difficult and dangerous task. They have technologies that wipe our entire armies faster than you can blink. Where the gift comes in is that as time moves along we are rapidly entering into a place in the Universe where manipulation and control will not be allowed to take hold of this planet for much longer, from what I am hearing. The pace of people waking up to this control and illusion is growing faster by the day now. The bible talks about the Generations and the Catholic Bible mentions it as an array. From reading Tony Bushby's book, *The Secrets in the Bible*, it is clear that parallel universes move along with us in time. This is perhaps the key to regenerating our holographic bodies, although it seems caves and pyramid structures are the best to live in for doing so. The other thing that I took from Bushby's book was that the purpose of the Great Pyramid was to infuse the Earth with the Serpent Consciousness. This only underscores the manipulation going on and the fact that the Anunnaki created a hybrid race of man 6000 years ago to be their slaves. When they left, their children the shape shifting reptilians in charge of the planet. The simple fact that Torah being God's word was not created in the ancient world with rules etc, leads me to suspect that it was created some 4000 years later when it became obvious that they could no longer use force and wars to control population to their bidding. The genetic manipulation that has transpired created "races" of people throughout the world. extends further back than 6000 years in fact perhaps as far 200,000 to 1,000,000 years back. Discounting the lore surrounding the shape shifters, the simple matter of fact is that a small group of people have successfully controlled most of the known world for many thousands of years. The ancient knowledge of building Pyramids etc. has all disappeared and we are being spoon fed lies to keep us from investigating these things. More so we are being spoon fed the idea that God is something external from us when in fact that cannot be true, when God only had God in the beginning to create anything from. God created the universe from him/herself if only God existed in the beginning then everything comes from the one God and everything is God. In fact we are all everything that exists. This simple realization is what they work the hardest on trying to suppress in order to gain your "Voluntary" worship to them and their false God Countries.

It is very self evident that anything created from the Earth tends to return to the Earth over time, that is it crumbles or decays and breaks down. Some things such as Glass and other inert materials don't, but once again what can you show me that has survived 4 billion years? Thus the Earth can be molded but automatically begins it's cycle to return back to indigenous material of the Earth. Thus like the Earth, the Gift works on the foundation of returning us back to our normal indigenous spiritual structures, being infinite love. Because the vibrational frequency is so low within this segment of the array or Generation, the ability for the dark forces to hold it together for very long is very limited. However that doesn't stop them from creating the kinds of torment and hell on Earth as it were, for those of us that arrive here. Simply put when we focus on living within truth we massively accelerate our divine powers to create infinite love within this array or generation. The fabric of the illusion can only exist if we are focused on illusions rather than truth. When we learn truth we are opening the flood gate that much more and when we take actions based on truth the illusions evaporate and along with it the mechanisms of control.

Thus again I highly recommend you read Barbara Anne Brennan's book, *Emerging Light*. In it you will find a safe and fundamental foundation for accessing real spiritual forces that can help you and bring more truth and freedom into your life. It is a book of self healing and healing of others on a multi-dimensional reality. It gives you an excellent grounding in the foundations of your spirituality as a being of infinite love. Learning to ground yourself is very important when meditating, healing or doing many such things. Learning to control your chakras is also important as, they are manipulated by others constantly without your awareness. Yes it takes time to learn, but I spent 5 years of my life studying her work and other related material and it does make a huge difference. I have not self actualized, but I certainly can heal and communicate with spiritual beings. Some Yogis' have perhaps, but they tend to transcend this world by leaving their empty bodies behind. Are there people who don't age walking among us? I think so, but can only suspect

a few that are in public positions of power referencing them to earlier pictures of themselves. Perhaps Henry Kissinger is one of them or even Donald Rumsfeld. I don't know, but suspect.

So the most important thing I can tell you about accessing the gift, is simply to follow your heart and truth. Get your thoughts out of the way and let your heart and feelings flow. When you release your thoughts and surrender to the peace of the Universe then you open a world of infinite possibility for yourself. Truth is the key realizing that we create through our thoughts, the illusion reflects our thoughts back to us through what we think of as reality. You have to learn to switch this off and recognize how you create the reality to begin with and sending more love and exposing truths projects more power back too you for which to create with. The people who start this journey that get involved in the dark arts end up thinking that they have power over others and that the power resides outside of themselves. This was the nature of Pharo, Rome and many others. They worship thought forms rather than recognizing that they are infinite beings and nothing within the illusion can hurt or stop the power of love and truth. I do know there are many traps laid out before those trying to escape the clutches of this illusion, but with this knowledge and perhaps some focus and determination we can make this a better world. I think it will be but, I and others like me are going to need some help from everyone to get there. Imagine if everyone simply demanded the restoration of Gold as a form of lawful money and that no one could have more gold than it was reasonable for them to spend over a lifetime. Imagine if we demanded that we all had rights instead of privileges. It is not hard to change the world so that everyone has a fair shake at a decent standard of living and self actualization. We need to resolve this issue concerning the enslavement of man kind on this planet for us all to move forward. If we don't we will perish as that is the ultimate form of healing. We perish so we may start again, perhaps unmolested by these dark forces of evil.

The simple fact is we can change reality fields for the good or bad. Prayer has to be one of the best ways to do this. When you pray you lift the vibrational field around you and it becomes more easier to create the reality you want. Having the ability to heal others through laying on of hands, prayer and quiet meditation using meditation stones and gems, are ways we have access to augmenting or completely changing realities within others. It does take time and training to get to a level of effectiveness where much of what you do is done just through concentration and directed thought. Learning to work with our guides from the light and angels, it becomes easier over time. There are stories that are in our energy fields that clog and bog down our ability to expand our awareness and spiritual abilities. Clearing the emotional and mental pain from our systems takes time. I have come across manipulation situations where people have attached cords on others to control them as well. Clearing and healing these cords causes a dramatic change to ones perceptions and reality. When you are free of them you draw in your energy from infinite love rather than having the consciousness energy pushed into you or at times people even suck energy from others. You will learn much about this in Barbra Anne Brennan's book, Emerging Light, which again I suggest everyone read.

One exercise I like for you to do before you move onto the next chapter, is to create a prayer or poem if you like. The topic is of course the Prayer or Poem of Infinite Love. Take some time write it out what it means to you and remember infinite love is very much alive, in you and everywhere you can see and imagine. Spend some time every day thinking about your poem or prayer and recite to yourself and others if they are interested in hearing it. One other thing you might want to do is to create a Creed of Infinite Love, just a thought.

As a closing thought enjoy this: **Amy Sky - I will take care of You**

## Chapter 8

### The Torah, Talmud and the Bible

I know thy works, and tribulation, and poverty, (but thou art rich) and I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan. JESUS Revelations 2:9

I think it is important that we take some time here to reflect a bit more deeply on the so called origins of law and the books from which they are derived. The Torah and the Talmud are fundamental to the foundation of the enslavement of most of the world today. Although the Koran is noted as being a holy book, it too is filled with laws concerning how to run our lives and is also used as a means to enslave people. The use of Civil Law as a method of separating Church and State is a misnomer, because the Civil LAWS created are heavily influenced by Religion. The foundation of Religion is to gain access to your money and to control your freedom. The notion that it is God's divine plan that this enslavement and abuse occur is the driving force behind why it is so pervasive, when in truth the instigators of these Religions, look at religion as a God that they created to serve them, hence Zionism.

I have talked to some extent about these two books already and how they are used in LAW. The primary difficulty that we face in terms of LAW is that the LEGAL Systems throughout the world are private courts of the Bankers of THE CITY OF LONDON. All Nations on the planet are bankrupt entities, in debt to these Bankers, except maybe for a few like Saudi Arabia, but I don't know that for sure. We see the same SYSTEM of control just taking on different accents, thus it probably just reflect internal squabbling within the branch line families that control the planet. Interesting the Letter J did not appear in the English alphabet until the 17th Century. Which begs me to wonder how JESUS name was created when J did not exist.

The Torah makes it very clear that there are two creations, one in Genesis Chapter 1 and the other in Genesis Chapter 2. As I have stated before Lord God is not God, yet the major religions focus on Lord God as being God, rather than the simple truth that, Lord God created an illusion of the Earth and Universe and did not base it on equality. Hence because it is not based on equality and balance he had to introduce a bunch of Statutes and Commandments, hence laws, to support his illusion. In truth you read what he says about his laws, each law is only voluntary. We have the choice to follow them or not. If he was a God we would not have a choice about these things. The truth being that God has no LAWS as I have stated before and we have free will. The consequences of not following Lord God's Laws can be severe, but who is punishing us for not following them? Certainly not Lord God, have seen the guy ever. It is always those who would benefit the most from such laws that want to enforce them. Hence the ruling elite and the minions that follow them in their control system. They single out the few to control the many, making their job of gathering up the wealth of the people on the planet for themselves. They throw a few bones to the lawyers and judges and business leaders to help things along in the process and we must never forget the institutions and politicians of Governments. It is difficult for me not to see Lord God as Lucifer himself based on the actions he takes. Lucifer lies about everything and hides in places we do not want to look. We are spoon fed what they want us to know and never allow us to challenge the facts before us. Take notice that Lord God looked at man as being a slave Genesis 2:15, "And the LORD God took the man, and put him into the garden of Eden to dress it and to keep it." Here we have God enslaving Man versus God creating Man equal to him and giving man Dominion over the earth. You never hear in Church or Synagogue about this simple fact. The Koran doesn't even mention the second creation in it. It is all about enslavement and control.

What is difficult for many is overcoming the fear of these organized religions. They have some guy on a pulpit somewhere telling you that you are a sinner and are going to Hell if you don't do what it says in the Bible etc. It is a lie and a form of indoctrination to get you to believe something without critical thought as to who is actually benefitting from this train of thought.

We are made to feel thankful for the Kings, Queens, Clergy etc. in that without them and their guidance, we would all perish or worse. It is a load of crap of course. Again who is controlling here? The simple fact is that they are using the position that they are the only ones who have access to the divine sacred communications with God and thus we should all follow them blindly, without challenge or even a hint of real proof. It is very clear that if God wanted to issue commands to people, he would not need leaders of Nations to issue them, he/she simply do it him/herself as God is infinite, right?

The message that JESUS brought forward was simple, stop the enslavement and love each other. The corruption was so severe that even over turning the tables of the money changers in the temple and talking to the lawyers about the Law of One, has had no effect on stopping this evil. In fact the underlying reason that Rome fell was that simple fact that they were allowing the heavy use of Usury. Usury is theft and it is also a powerful means of gaining wealth fast and thus control over people. It is the fundamental instrument of enslavement. They have made Usury LEGAL, although it can never be lawful based on God's will in Genesis Chapter 1. Mammon is God to those that are blind to the harm they are doing to others. The notion of us against them is all that matters and filling all kinds of reasons for this gives them divine justification to do what they are doing, without looking beyond the illusion they are living within. Hence why I think this chapter is so important, to examine the illusions they draw from the Torah and Talmud to justify what they are doing is right and true. You have to have numbed off part of your mind to make it seem right and okay to hurt others for gain, yet this is the very basis of Commerce and thus Slavery throughout the planet.

Zionism is akin to the Synagogue of Satan JESUS makes mention of in Revelations. Jews are not Zionists and have cried out against it many times. It is those who pretend to be Jewish and other religions for that matter that do not follow the fundamental teachings of their religion, such as though shall not kill. It is a warped mind that feels that it is okay to kill others through their actions or inactions to obtain that result. The theft of wealth from others is a violation of the most ancient laws within many religions. Yet it theft and outright murder disguised as war or "conflict" is the foundation of their control. Yet when they are attacked in the slightest way, you see a huge arsenal of LEGAL and at times Military assaults taking place. The world is witnessing a holocaust in Palestine by Israel and they sit on their hands and silence those who speak out against it. Until Israel can show that God the Creator of the everything did not create us all equal as per Genesis Chapter 1, they have no rights to claim of the land, we can only share our planet for the benefit of all, not for the few.

There are many cultures on our planet and many do not function the same way as we do in North America and there is little reason to change that. What does need to be changed is the understanding that everyone has a right to live in absolute freedom as long as they are not harming others through their actions or inactions. The Legal SYSTEM is set up to recognize the need for us to volunteer a name, hence a fiction. Also it is set up to recognize that we must believe in Fiction in order to be controlled by it, hence why you don't show up in a Court Room on a certain date. Courts have addresses based in Fiction and dates are only hearsay. However this does not stop the fact that POLICE and other Officers use intimidation, lying and outright torture at times to gain our compliance and hence the contract that they are seeking. Again anything that they hand you in accordance to the King James Bible used in all their Courts, states that you have dominion over the Earth. You have dominion over all their contracts for they are placed on paper, which is a molded form of the Earth. Any verbal Contracts are invalid as well for they are taking place on the Earth, for which you have dominion. God did not give Persons dominion over the earth only man. The Zionists know this of course and is why they seek compliance from you.

It is easy to use their laws to regain your freedom as a person, however because they only grant privileges and not rights, you may find that you are perfectly right in what you are saying, but they are only concerned with their agenda. Law and truth have no meaning to them, they are simply their to entice you to take the bait. They believe in the Talmud and the Torah nothing more. It is a form of extremism and the base methodology they use for farming Souls, to serve

their agenda. Those who see this reality and decide that the safest thing for them is to serve these snakes, only further their fear and enslavement of us and are left with a burnt out soul with no sense of joy or right and wrong. It is an agenda being pushed forward to position this evil so it may commit ongoing torture, rape and slavery on those that remain. Some say that when they go to reach for the peak of power over the planet, when they just touch it, they will be destroyed. We can only hope, but until then we have to be the ones to resist them and bring back balance to us and the planet as a whole. Thus although easy too, because all law revolves around bondage and slavery, your use of law takes away your credibility, because law does not reside in truth, it makes use of hearsay.

For greater clarification on what is going on. What I think they did in simple terms is to choose the dark over the light. You see when God separated the light from the dark and thus removed the truth from the dark, thus dark remains in the imaginary world, the only way for dark to interact with man was for man to act out roles of darkness. This is by choice and by possession. Some people are possessed by parasitic spirits that exist beyond our normal ability to see them, but that is going to change soon I feel. For the most part it is impossible for the Torah to be true in terms of law, for it was derived from people who were organized within a body of fiction. Thus there are truths interwoven into the Torah to give it outward credibility, but if you were to put someone to death over the laws in the Torah, I would say it relies greatly on hearsay and has little proof to back up what it says. Thus why they want you to take on as a faith, rather than fact. So we kill people over hearsay rather than fact, it opens us to darkness. All courts are based on hearsay and if facts are introduced outside of hearsay, they won't hear the evidence, for they need everyone to be an actor for darkness. If they followed God's will that we all have dominion over the earth, there would be no court.

### **The Torah and it's Laws**

The Torah means, The Law, as I mentioned earlier in the book. It is the foundations of law for most of the people on the planet, yet it is complete fiction and many of the people and events it describes, never existed or happened. Yet is the divine principle by which divides the Gentiles from the Jews, without the simple recognition that we are all the same. It is the foundation of discrimination, abuse and outright genocides against cultures and people. The power derived from the Torah evaporates when challenged under the light of truth. For the most part we are all too familiar with the Anti-Defamation-Leagues that use the LEGAL System, which they totally control through Law Societies throughout the world as a means to silence those who would speak out against them. Of course their own Torah states in Genesis Chapter 1:26 that man male or female have dominion over the Earth, what is the ADF? don't see where it says that the ADF has dominion over the earth.

However instead of dwelling on the injustices that are perpetrated all over the world by people who hide behind Institutions to do their bidding of enslavement and control, we need to examine the fundamentals behind the Laws of the Torah and how they are being applied against you. The Torah has over 900 laws of LORD God, or rather I like to refer to him as god, hence the small g. The foundation of his laws are based in Satanism as it is Satanism that is at War with God and relies on top down command and control structure of fear to obtain it's goals. I only draw this conclusion based on the works I see before me of LORD God.

The Mosaic Laws the 10 Commandments and the organization laws that create societies that Moses passed on are the foundations of Law in the world, within the context of the Bible. Let's just review them and as we do think of our World Leaders and how many you think that they break on a continuous basis. **Exodus 20**

[2] I am the LORD thy God, which have brought thee out of the land of Egypt, out of the house of bondage.

Thou shalt have no other gods before me.

Thou shalt not make unto thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth:

Thou shalt not bow down thyself to them, nor serve them: for I the LORD thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me;

[3] And shewing mercy unto thousands of them that love me, and keep my commandments.

[2] Thou shalt not take the name of the LORD thy God in vain; for the LORD will not hold him guiltless that taketh his name in vain.

Remember the sabbath day, to keep it holy.

Six days shalt thou labour, and do all thy work:

[5] But the seventh day is the sabbath of the LORD thy God: in it thou shalt not do any work, thou, nor thy son, nor thy daughter, thy manservant, nor thy maidservant, nor thy cattle, nor thy stranger that is within thy gates:

For in six days the LORD made heaven and earth, the sea, and all that in them is, and rested the seventh day: wherefore the LORD blessed the sabbath day, and hallowed it.

Honour thy father and thy mother: that thy days may be long upon the land which the LORD thy God giveth thee.

Thou shalt not kill.

Thou shalt not commit adultery.

Thou shalt not steal.

Thou shalt not bear false witness against thy neighbour.

[6] Thou shalt not covet thy neighbour's house, thou shalt not covet thy neighbour's wife, nor his manservant, nor his maidservant, nor his ox, nor his ass, nor any thing that is thy neighbour's.

From the perspective of most these are sound moral laws. However how this has been interpreted is simply those who were there on Mount Sinai were given these commandments and no one else. Clearly the people back in Egypt were not there and LORD God is specifically speaking to these people and these people alone. Now then, were you there? Do these laws apply too you? Well no and no of course. It is self evident that if LORD God had the power to create the Universe, Earth etc., merely giving these laws to everyone today and then, would be a easy to do. I am not saying that the foundations of these laws is not important or moral, but I am saying that they do not apply to you or anyone for that matter alive today.

The purpose of the Torah from what I am seeing is designed as a mind control book. Considering that people are indoctrinated into religion and not educated about them, instills a strong sense of identity with that religion. It makes it easier for the manipulators to turn people against each other on the basis of religious beliefs rather than pointing out the truth that we are all the same. Believes do not separate the reality that we all the same. The Belief that if you are not a Jew from Mount Sinai, that everyone else is an animal, because they are not as it is written in the Talmud, is a underscore of where all this leads. From the perspective that LORD God just led them out of Bondage and now setting up these laws, one of which LORD God himself breaks by stating he has a name, thus bearing false witness, under-pins the strong Babylonian influence here.

Keep in mind that although they say there is a separation between church and state in many countries, it is interesting to note that all major churches, Synagogues etc. are all registered with the State and thus are controlled by the State. This is of course puts people back into the same

position as before, being in bondage. Their religion must be answerable to the State for what is taught etc. Of course when you register something you are signing ownership over to the state, where by they issue you a privilege to make use of whatever it is that you have registered and thus, you are enslaved. This also violates the law given by LORD God:

[3] Thou shalt have no other gods before me.

Thou shalt not make unto thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth:

[5] Thou shalt not bow down thyself to them, nor serve them: for I the LORD thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me;

Here he is referring to false Gods, as we know the Zionists created Countries as being a God and have us serve their Gods. Of course this is bending the rules, but it serves their agenda. Interestingly it makes reference that gods, small g, come from the Heavens and from within the Earth. Those that have been unsure of ET Life, may take note of this as this seems very similar to the stories about the Reptilians and the Watchers I think they are called. Simply put the Earth seems to be a major port for these beings for various reasons. This makes me all the more suspect to the origins of these Zionists and make me wonder if David Icke and others are right about these sorts of things. It is not something I simply close my mind off too as the evidence is strong and looking at their agenda it makes sense. This of course does not mention God, of which I have explained to a great length as being us, in terms of infinite Love. Interesting LORD God would miss that simple fact eh? God is only indirectly referenced by Jesus as his Father perhaps who is in heaven. Since gods, come from heaven, then who is Jesus's Father really? Perhaps we can find that answer at a later time, for now what is important is to recognize how a system of discrimination is being put forward here, which gives the few a false sense of divine right to be singled out over the masses. This also works the same way with Christians and other religions as well except perhaps the few ancient ones that are based on love, which are under mortal attack by these types.

The most interesting thing you will notice about these laws is that they only apply to the people and not LORD God. What Laws govern LORD God? There is no equality under the law here. It is truly a beginning of having the sheep enslave each other, with an outsider imposing his will on the sheep.

The next bit we need to look at is the Noahide Laws. Noah was given a few laws as well by LORD God. The Noahide Laws are the foundation upon, we are seeing the re-emergence of Ancient Babylon and the New World Order. George Bush, indicated in Public Law 102-14, 102nd Congress, that the United States of America was founded upon the Seven Universal Laws of Noah. Noahide Law is what is to follow the Talmud as the fundamental law for the planet, according to the Jewish Encyclopedia. Noahide laws are not based on the Torah but are based off the Talmud only. To violate the Noahide laws will result in capital punishment by decapitation (Sanh. 57A). Under the Talmudic Noahide Laws the worship of JESUS is forbidden as it is a form of idolatry, punishable by death of course. What they once had to covertly include into Commercial Law or rather Admiralty Law, will now be wide open for all to see. They are very close to securing the planet into a giant prison, from which they control everything. I am not certain as to what extent they intend to force these values onto the people or if they will draw up another religion to deflect yet again away from the Talmud and Noahide, so they can carry on their deceptions in relative secret.

1. Idolatry is forbidden. Man is commanded to believe in the One God alone and worship only Him. IDOLATRY -against entertaining the thought that there exists a deity except the Lord (to worship Jesus as the Messiah is blasphemy according to the Talmud and punishable by decapitation). -against making any graven image (and against having anyone else make one for us) -against making idols for use by others -against making any forbidden statues (even when

they are for ornamental purposes) -against bowing to any idol (and not to sacrifice nor to pour libation nor to burn incense before any idol, even where it is not the customary manner of worship to the particular idol) -against worshipping idols in any of their customary manners of worship -against causing our children to pass (through the fire) in the worship of Molech. -against practicing Ov -against the practice of Yiddoni -against turning to idolatry (in word, in thought, in deed, or by any observance that may draw us to its worship)

Incestuous and adulterous relations are forbidden. Human beings are not sexual objects, nor is pleasure the ultimate goal of life. ILLICIT INTERCOURSE against (a man) having union with his mother against (a man) having union with his sister against (a man) having union with the wife of his father against (a man) having union with another man's wife against (a man) copulating with a beast against a woman copulating with a beast against (a man) lying carnally with a male against (a man) lying carnally with his father against (a man) lying carnally with his father's brother against engaging in erotic conduct that may lead to a prohibited union. Murder is forbidden. The life of a human being, formed in God's image, is sacred. HOMICIDE against anyone murdering anyone Cursing the name of God is forbidden. Besides honoring and respecting G-d, we learn from this precept that our speech must be sanctified, as that is the distinctive sign which separated man from the animals.

BLASPHEMY to acknowledge the presence of God to fear God to pray to Him to sanctify God's name (in face of death, where appropriate) against desecrating God's name (even in face of death, when appropriate) to study the Torah to honor the scholars, and to revere one's teacher against blaspheming

5. Theft is forbidden. The world is not ours to do with as we please.

### **THEFT**

against stealing

against committing robbery

against shifting a landmark

against cheating

against repudiating a claim of money owed

against overcharging

against coveting against desiring

a laborer shall be allowed to eat of the fruits among which he works (under certain conditions)

against a laborer eating of such fruit (when certain conditions are not met) against a laborer taking of such fruit home

against kidnapping

against the use of false weights and measures

against the possession of false weights and measures

that one shall be exact in the use of weights and measures

that the robber shall return (or pay for) the stolen object

6. Eating the flesh of a living animal is forbidden. This teaches us to be sensitive to cruelty to animals. (This was commanded to Noah for the first time along with the permission of eating meat. The rest were already given to Adam in the Garden of Eden.)

### LIMB OF A LIVING CREATURE

against eating a limb severed from a living animal, beast, or fowl

against eating the flesh of any animal which was torn by a wild beast ... which, in part, prohibits the eating of such flesh as was torn off an animal while it was still alive

6. Mankind is commanded to establish courts of justice and a just social order to enforce the first six laws and enact any other useful laws or customs.

**JUSTICE** to appoint judges and officers in each and every community to treat the litigants equally before the law to inquire diligently into the testimony of a witness against the wanton miscarriage of justice by the court against the judge accepting a bribe or gift from a litigant against the judge showing marks of honor to but one litigant against the judge acting in fear of a litigant's threats against the judge, out of compassion, favoring a poor litigant against the judge discriminating against the litigant because he is a sinner against the judge, out of softness, putting aside the penalty of a mauler or killer against the judge discriminating against a stranger or an orphan against the judge hearing one litigant in the absence of the other against appointing a judge who lacks knowledge of the Law against the court killing an innocent man against incrimination by circumstantial evidence against punishing for a crime committed under duress that the court is to administer the death penalty by the sword against anyone taking the law into his own hands to kill the perpetrator of a capital crime to testify in court against testifying falsely

\* This point is disagreed upon by different writers: "The Noahites are not restricted in this way but may judge singly and at once." (Note: The Jewish Law, found in Deuteronomy 17:6, requires the testimony of 2 or 3 witnesses before one can be executed. In fact, the last sentence of verse 6 specifically states, "...he shall not be put to death on the evidence of one witness". This should be our first clue that these seven Noahide Laws are nothing more than a clever counterfeit of God's Ten Commandments)

This paves the way for the "Lord" to be defined as to who they define as Lord, and those who don't agree or who refuse to worship their Lord, will be beheaded.

Again Noahide laws have nothing to do with Noah in the Torah, but this is the deception being brought forward. What is important here is to recognize that what you are seeing is stronger vibration of the imbalance or dis-ease being reflected out from the Torah. In terms of harmonics, the Torah operates as softer higher vibration of the lower harmonic Talmud. I know that this may seem strange too you, but the key to heaven on earth is harmonics and utilizing divine notes. Remember God is a Word, a vibration. God exists to sing us love songs which sustain on a quantum level the energy fields that maintain our forum. The Creators language is a musical manifestation of divine frequencies. Back in the time of Noah, the trees, the sky, the clouds the earth herself sang divine musical frequencies. You will see that the remedy to all of this is to simply adjust our frequencies a bit so we surround ourselves with divine frequencies, using sound, em waves and color. I'll get into this much deeper in Chapter 10, but as we move through this you will gain insight as to why certain things in Law work and others don't. The end game of course is to eliminate law all together as it is not needed. The truth is that we live in a vibrational holographic universe. We are literally living in heaven on Earth, we have just entered into a disharmony, which has caused this Babylonian satanic stuff to surface. We have the divine power within us to change this world to the infinite song of love that it truly is. Remember here the mirror is reflecting back to us the vibrational fields we are putting out. That disharmony has created a manipulative consciousness that operates outside of love and indeed is fear. When we see laws within the Bible, Talmud or anywhere we are seeing the manifestation of fear

consciousness trying to hide it's wound. It puts more and more disharmony into our awareness, which augments the quantum and reality fields I talked about earlier.

So you thought all this was simply about what is written down on some pages in a book? No, no, no, no.... We are multidimensional infinity and you are taught to look at your world in fragments, instead of the infinite love it is. Love vibrates love. Our reality is determined by the vibrational fields and harmonics of those fields we create around us. Music is our key out of Babylon. I will get into that more later, but for now I want you to start looking at all of this stuff as an orchestra. Take note how the instruments are played and how the reality fields around you destroy rather than procreate and produce loving communion with everything that exists. When you start seeing what is going on from this perspective, it becomes much easier to reorganize the Orchestra, why? Well, you are the conductor that's why? You are creating the disharmony through your thoughts rather than creating harmony through your heart. The nature of the Torah is to get people to buy into the idea that disharmony can be fixed by laws, rather than through our creator, hence Genesis Chapter 1.

It isn't any more complicated than that. As we adjust ourselves back to being centered in love, the infinite power we will start tapping into, will make all these world problems look like child's play. The solutions become more simplified as we become more centered and more in tune with our creator. This is love, joy and pure bliss. This is what those who want to enslave us do not want us to know and are mortified if we do. It is recognizing the Orchestra and returning the music to the Creator divine scale and notes. In a sense these are the doors I talked about earlier in the book. Each one of us is a symphony and a note. The infinite has no movement per sae' because we are matching the song of the creator, we need to start listening for that music from all that is around us and if you can't hear it, simply imagine you can until you do.

The one thing about Religion you must keep in mind is that all the main stream religions and off shoots were created as fictions. They are designed to keep you within the matrix and not show you the path back to Infinite Love, which in turn is heaven on Earth. They are not about to help us and perhaps even my assertion of Heaven on Earth is wrong. Nobody really seems to know for sure. Indeed HER MAJESTY QUEEN ELIZABETH II is the head of the CHURCH OF ENGLAND and that all resides in the fictional world of Piracy. The objective is to get us to buy into SYSTEM of Commerce that leads us to Serfdom and Religions that have false prophets and Messiahs, that do nothing for our spiritual growth or help us to balance back to the infinite Love we are. The Bible is a symbolic work of fiction to justify the laws they want us to swallow as being real, when in fact as man, we have no laws. The objective of this book is to help you get free, so it is best that we learn from people who have had great success at it. I would not rely entirely on Winston Shrout's methods, instead deconstruct the illusions set before you and expose the frauds to bring forward the truth. It has never failed, however it still does not guarantee that these parasites are going to let you go free. They know what they are doing is wrong, but fundamentally they are on some kind of mission to enslave all man kind. Do as much as you can to settle matters outside of court, for if you goto court your only real recourse is to expose the mass frauds that are occurring. They will try to shut you down, by saying you are in Contempt. You can fire back by saying Civil or Criminal Contempt? Civil means you have to have a contract between yourself and the Judge and Criminal requires living injured party, which cannot be the judge, because he is non suppose to be independent and no partial. Keep asking for dismissal due to extreme prejudice.

### **The Fundamentals About the Talmud**

The Talmud was for a long time a book of oral law. It was never actually written down anywhere. Comprising of over 4 million words, I like to meet the one who memorized it. It is a book about Master/Slave Relationships. It is about dehumanizing people for the benefit of the few. However that is the outward expression of the Talmud and does not bring about the true answer as why the Talmud exists at all. In order for us to transcend this world it is necessary for us to truly recognize our part in it's creation and it's the underlying responsibilities we have within that creation. From the Jewish perspective, the Talmud was written by MOSES and Supercedes the

Torah in all matters. Of course as mentioned before, this is purely hearsay on their part, but they Zionist Jews that follow this doctrine wield a great amount of unbridled power, lacking in any ethics. This is the true nature of the Talmud and why God's Chosen people ignore the teachings of the Torah except when it suits their needs. How many Jews believe in the Talmud over the Torah I am not exactly sure, I thin perhaps Orthodox Jews perhaps just believe in the Torah and not the Talmud. But again I must stress I simply do not know and most importantly it is their belief in it without any supporting truth that is propelling this nonsense. Interesting how the Talmud talks about JESUS although it was oral law given from MOSES. Guess MOSES must have known about JESUS before he existed. It is obvious it supercedes the Torah because it supports the agenda of enslavement and persecution of the Goyim, not because MOSES a fictional entity created it on hearsay. Yet amazingly this is the Book upon which you are JUDGED in Court, the Bible is there just to mislead the Goyim.

They don't know if it is true, they are all just being indoctrinated that is true. We have to remember that with MOSES and others of his ilk such as Mohammad the Prophet, we are taking their word that what they were told is true, when in truth all they have said in the Holy Qur'an, Torah and Talmud is only hearsay. With MOSES nobody alive has ever met MOSES and we can't say for sure that he even existed. Thus Mohammad the Prophet, a formal Cardinal of the Catholic Church, based all his hearsay on hearsay of MOSES. When in Court you are asked to tell the Truth, the whole truth and nothing but the truth and they are all swearing on a the Bible or Qur'an, both of which are simply hearsay. It is no different than you or I creating Religionized law and forcing onto the population as being true. We are being put into a position of Perjury by accepting that all in the Court have sworn an Oath on various books of Religion and they are all based on a belief system, thus hearsay, not truth. It is why the Courts are fictional to begin with and adhere to hearsay and fiction, because it is an illusion of power. You have to rise up and challenge their authority or you will have none. Do it by asking questions. Do not argue or make statements of controversy as that simply leads to jail. If you are going to execute someone for something that they did or didn't do, would it not be prudent to have everything wrapped in truth rather than fiction? Fiction leads to injustices and Tyranny. Yes I also realize that we are indoctrinated into believing that everything in the Bible, Torah, Qur'an etc. is all true. But think about it for a moment, is it all true? Meaning everything absolutely true? Can you bring witnesses forward to confirm all these things? Do you know if it is true and if so, how do you know? We only know through what others have told us about it. Yes many things historically can be proven correct in the Bible, but also many other things can't. Were you there when JESUS was Crucified? How do you know if it is true? Romans had nor Records of JESUS. Are we being judge, jury and executioners based on belief of something be true or is it true? Where do you get your authority to Judge Others and exercise power over them? If you can only point to hearsay or fictional things, then you have no power over others, even if they say you do, you are not their creator.

As much as I can sit here with you for hours on end explaining the finer points of the Talmud the realization that imbalance creates pain. That's the whole point, if there was no driving force to create imbalance we would have nothing to expand our love into, nothing to fixate our time and energy on. The objective of the Reptilians is use this reality as a way to farm for souls. The end game is not about this reality at all, it is about the harvesting of energy from infinite consciousness to feed an artificial intelligence or manipulating consciousness that is fundamentally broken away from the infinite itself and exists in pure fear. There is a balance to it though in that this consciousness must gain our permission to do things too us, but uses many levels of manipulation to gain that agreement, even when we are unaware we are complying into the contract traps laid out before us. Of course such contracts are all in breach for failure of consideration, but if we don't mention it, we are agreeing to it.

Let's look at some quotes from the Talmud to see the underlying imbalances that it brings forward.

Jews May Steal from Non-Jews, Baba Mezia 24a . If a Jew finds an object lost by a Gentile ("heathen") it does not have to be returned. (Affirmed also in Baba Kamma 113b).

Jews May Rob and Kill Non-Jews, Sanhedrin 57a . When a Jew murders a Gentile ("Cuthean"), there will be no death penalty. What a Jew steals from a Gentile he may keep.

Baba Kamma 37b. Gentiles are outside the protection of the law and God has "exposed their money to Israel."

Jews May Lie to Non-Jews, Baba Kamma 113a. Jews may use lies ("subterfuges") to circumvent a Gentile.

Shabbath 116a (p. 569). Jews must destroy the books of the Christians, i.e. the New Testament.

Sanhedrin 54b . A Jew may have sex with a child as long as the child is less than nine years old.

Choschen Ham 266, 1: "A Jew may keep anything he finds which belongs to the Akum (Gentile). For he who returns lost property (to Gentiles) sins against the law by increasing the power of the transgressors of the law. It is praiseworthy, however, to return lost property if it is done to honor the name of God, namely if by so doing Christians will praise the Jews and look upon them as honorable people."

" Schabouth Hag. 6b: "Jews may swear falsely by use of subterfuge wording.

With enough time I could fill several pages with various quotes from the Talmud all of which teach how it is okay to cause injury to non jews. The problem we face is that this stuff is being taught to people and they are buying into it. The Talmud is designed to rip apart society and much of commercial law is based off the Talmud. It is why Piracy exists in it's present form I would say and why the courts are not courts at all, but simply collection points for Zionist Bankers that control them, through Temple Bar. The foundation of Commercial law is based on a void empty concern over what is right or wrong, it only deals in terms of greed and control. The Protocols of Zion must also be a companion in all this, although denied that it was ever written by the Jewish Bankers, I am told the Rothchilds, one only has to read and observe what is going on around them to see how it is has been keenly integrated into our daily lives through various means to know it is another document that is used in tandem with the Talmud to control and destroy society.

So often we here the Jewish community slam people for stating truths about the people behind the banking system and the control over the courts as a form of racism to shut them down. It is not racism at all when we see that in fact these allegations are well founded and true and do have standing. However as we have learned, the courts do not deal in truth only arguments and it is based on generated the maximum amount of revenues for the so called Jewish Bankers.

The only underlying purpose religions have is to make you into a corporate entity, a fiction. When you become a member of an organized religion through baptism etc., you are being identified as being under the laws of that organization and thus a PERSON. Again one only has to flip through Roman Catholic Cannon Law to see it is all based in corporate fiction. Thus this allows it to be okay for groups of people to be manipulated into different forms of warfare against other organized groups. It all reverts to war as that is the way of mass control and generating wealth for the few over the many. People do not want to question their Religion for fear of being tossed out as a non believer. Yet they are willing to do horrible things to others in the name of that Religion or Country as they other form of the corporate body.

It is quite clear that the current US Congress and Senate are made up by a majority of Jewish people, yet they only make up 4% of the population base. It is a game of cat and mouse that they play. Baiting the traps and making it impossible for you to use the tools that they present to you to find remedy in LEGAL situations and ultimately use these institutions as a way of advancing their agenda of the New World Order. Anyone with any sense of justice and right and wrong can see the imbalances and mechanisms that are at play that hold us all as slaves to these Banksters. There are some solutions that are working that I will talk about later in the next chapter. Sadly though, the solutions are based on the reality of fact that nothing in the LEGAL system is

based on reality and can easily be circumvented through various ways to remedy situations easily and quickly. However because we are dealing with people who have strong bias towards the teachings of the Talmud and have bought into a system that supports them in many ways and gives them POWER, it is fair to say that beyond the fact of presenting a remedy to the court, they still might trample over you in their ever desperate need to control the people. Martial Law is much like that, when the people finally had enough they through the Government out of power. However the world has been running under Martial Law from about 1933, but they just haven't told us. The Gold fringed flag denotes martial law, seen in many courts around the world.

### **The Holy Sees' Fraud upon the People**

I just wanted to make a final mention here about the Roman Catholic Church and all Churches in general. The focus of the churches has been the simply the fact each of us depending on what we do here on Earth or this reality we find ourselves in leads to one of two paths. Damnation in Hell or ever lasting peace in Heaven. When in fact the truth is that we are simple just one consciousness, expressing itself in multiple frequency suits that we call Human Beings. In the infinite there is no life and there is no death, we just are. We are in a state of infinite love experiencing everything that ever was and ever will be simultaneously.

The Catholic Church has done incredible harm to our ability to experience our spirituality within our present state of being. In fact God, is an imbalanced entity or group of entities to be more precise that exist between dimensions. There is no energy source there so everything within this dimension is focused on feeding that dimension with fear, fear being the energy it lives on. It could not exist there without this manipulation of time and space we find ourselves in. Everything and everyone is of the same consciousness, whereby each of us are the droplet and the ocean. The dark arts of Satanism widely practice by our political leaders, media people and people in apparent positions of corporate power is all designed to feed energy to these Reptilian beings that exist just outside of our visible frequency band. In fact the Human Body was specifically created as a computer to host our infinite consciousness so we could interact within this tiny dimension and be manipulated into giving off large quantities of fear energy.

For a church that is there to protect the spiritual growth of everyone, is doing the exact opposite in it's work. It never exposes the Satanic networks that are in operation and young children go missing by the millions each year for these rituals of the black arts. If you are seeking spiritual awakening you will not find it within the churches etc. These are all temples of fear and control. The infinite requires only that we shed ourselves of Judgment and bring forward love through our hearts to guide us. Not to become anxious or worried about the latest tabloid headlines, but to come to a sense of calm that all is the way it should be based on what we believe. We are the creators of our reality and we have the power within us to change that reality based on our beliefs. Changing a belief changes the way we manifest reality fields. In fact reality fields are just energy fields we decode through our brains. The Human Body is merely a biological computer for our consciousness. We simply need to come to the realization that we are controlling this computer from the infinite and see how limited this experience is in terms of the infinite.

All we need to do is quiet our minds and expand our sense of love for all that we see, for everything we see or rather sense is just our own energies being caught up in thought fields. We have the capacity to dissolve and create thought fields at whim, but to do so we have to become aware of how we are being manipulated into believing things are real when nothing is real. Everything is nothing more than energy, thought fields, which we decode into reality. There is a flow of energy that has come that is lifting us out of this prison, we have a few years to connect with it and then it will be gone. The Reptilians and all their institutions are in the final death blows to keep us from expanding our loving awareness for all things and come to the realization of who and what we are and most importantly our present situation.

We can create a new imagination of ourselves and let go of this prison. We can imagine ourselves able to move about the Universe at the speed of thought and transform and create new realities at the speed of thought . We can even dissolve all that is and move back into a state of infinite

awareness, being our natural state and rebuild a new dimension or playground to experience within. Because you are reading this book, shows that their mass mind control and fear based survival techniques are no longer working. They lose we won, the race is on for us to lift ourselves out of this reality and back to the infinite which we are. When we leave they well vanish into the void they came from, no longer able to manipulate or hurt us, we can once again have an eternity of peace.

Unfortunately for those of you wanting to break free now, must endure the most amount of crap as it were from those that wish to enslave and control us. When you start this journey you will begin to see the house of cards crumble before you and the rats jumping off the ships as we push forward to expose the Justice system for what it is, an injustice system. The ability for these institutions to hold firm to their foundations will begin to weaken as they begin to loose mass credibility. Our adversary thinks like a computer and is very predictable. It cannot operate beyond it's programming and as we expand in love and awareness the programming will not be able to keep up and it will become even more blatantly obvious of that these souless creatures as hideous as they are have no place to hide, for we will be able see right through their illusions and tricks.

Even the New Age stuff to some degree has focused on these Reptilians. It is not New Age it is simply awareness that we are in an illusion and the infinite has no need for a human computer or need to interact with minute realities such as the one we find ourselves in. Although there is much to learn in New Age concepts that can help us, ultimately it is the recognizing the flows of energy around us and learning how we manifest reality to begin with that will lead us out of this illusion. Death is nothing more than a crossing back into infinite as there is no heaven or hell, just infinite love. When we die it is our consciousness that withdraws, but remains always present. We don't go anywhere, we simply let go of hypnotic illusions that have kept in this state, operating through these infinite expressions of life and form.

We are everything that exists. There is no, ifs, buts or questions about it. It is this simple realization that will destroy the agenda of divide and concur and create harmony once again. Those that fight us on recognizing this simple truth are either too brainwashed to see it or are indeed those that are terrified of it, for it means the end of their capacity to manipulate us. I hold nothing back in terms of the how insane all this really is. People seem to think it is okay to drop bombs on other people if we have a law that says we can do that. Programming lines of a computer are about the same thing. The computer only follows the instructions put into it. We can go along with the programming or we can use our intuition and sense of empathy for others to put a stop to such things. We are being used as a tools for our own destruction, but more precisely tools of generating fear for the few that hide in the shadows and other dimensions. At any rate we have the capacity to change our reality or leave it all together. We just need to expand our love and reach upward to that flow of infinite intelligence that is patiently and lovingly waiting for us to connect into. Once we do we will begin to lift the vibrational frequency of this reality exponentially as each one of us begins to unfold our infinite awareness and transfer that energy into all that is around them. We are both transmitters and receivers of energy, we just need to be aware of what we are doing so we can do a better job of it.

### **Foundations of Law Never Existed**

Again we come back to the simple question, "What is Law?" It is the masterful use of words as put by a Lawyer at a United Nations inquiry into Human Rights violations within Canada. The statement basically means Law is nothing more than a pack of lies. Laws have no credibility except with those that knowingly through full disclosure agree too. Thus Law is agreement. The laws on the books are all statute laws and only make reference to PERSONS, not to man created male or female. More importantly they do not even take into account the law of one or Love thy neighbor as thy self rule. Laws are created to sustain an imbalance or injustices. The foundations of Law found in Religion only gives us a basic road map of what is and isn't moral, but does nothing to address the fact of who we are. The system is designed to identify the program or hologram called a man or woman and it's 22 basic operating components. Human beings do one or more of 22 different things all the time, however infinite consciousness doesn't. Laws would

evaporate if people like myself had a free hand in Society to teach others how to connect with one another from an infinite perspective. Once people are able to feel connected to others, fear disappears and imaginary walls disappear.

Hence they put forward the laws of the Bible as the foundations for all law. Yet the Bible has no foundation in truth, although it gives examples of morality and kindness, for the most part it is about dualities. In the end the only way you will ever get a Judge to be a Judge is if you call him/her on their oath. Otherwise they are simply Magistrates, Rabbinical Priests trying to make as much money, mammon out of each case they are presented. Saying, "The Court takes Judicial Notice of the Judges Oath and that he is now standing on his Oath." removes the trust situation and puts the Judge into a non partial position where all he/she can do is call fair play. They will try and squirm out of it, but if you must hold your ground. The objective is never having to go to court to begin with, but at times we need Judge to back up our Notary work.

Ultimately in truth we ought to be able to destroy any proceeding against us by simply pointing out the mere fact that God did not create any Laws, as per Genesis Chapter 1 and all the actors holding office have sworn their Oaths to God. To circumvent God's will would be to violating their Oaths. Amazing though that they support all these laws in outright violation of God's will to begin with. The problem is that these actors don't actually hold the offices they hold until you call them on it and accept their offer of holding office. Until then they are just anyone standing there acting dumb giving you all the wrong answers to your questions and concerns. It is an outright game of deceit and deception. They don't actually want to be held accountable for anything and since their employer has bonded them, they are told how to manipulate situations to the benefit of their employer and not to aid the people they are suppose to aiding. They all work to corral you into a court where you have no rights or freedoms or say over anything that happened. In fact you must plead Guilty to the Facts or you are in contempt of court. Guilty plead is the only plea you can make as the Government is in bankruptcy and not to plead Guilty simply means you will not remedy the debt as the creditor of the bankruptcy.

It is more smoke and mirrors stuff, but with emphasis on the mirror of course. Law students are not educated they are indoctrinated and that is clearly told to them in their first year of Law School. Yet many never catch onto this and are trained to destroy justice. Only those who refuse to defend their clients and maximize profits for the courts ever have any staying power within the system. Further they live a much different reality than the rest of us as they view this reality as an endless maze of corridors to send the lab rats down. They are Pirates and operate under letters of Mark. They are out there to plunder as much as they can and then some. Law to them is not a foundation of achieving justice, but a foundation of manipulation and coercion. They have no empathy for their fellow man, for if they did, they couldn't be doing what they do. To some effect it is brain washing, but when one can examine the foundations of Law that there is none, and go about pushing imaginary statutes onto people, trying to make them believe that these statutes somehow apply to them, is beyond insanity if there is such a thing. Yet they are well cared for and tend to where their dark suits or black robes, signifying the dark force that is manipulating this reality and dealing with the issue of how to settle matter with the cattle. Cattle being you and me.

The Talmud in of itself is a book of codified law. It is basically from what I can surmise the Satanists Bible. Yet it is referenced as a source of law, because it is focused on how to imbalance society and create injustice and inequalities. It is heartless and cruel, yet it reflects the necessary principles for which to establish and create situations that generate the most fear and suffering and do it ways that don't upset the cattle too much.

Because law has no actual foundation and is entirely based on fraud; those that point these things out in open court tend to be thrown in Jail on contempt charges. Why? Because in Admiralty you cannot create controversy or you are in Contempt. If an Officer of the Court says you did something and an officer never lies, then you must agree to it or be in contempt because you are not an officer of the court. That's fair right? That's the reality. It is a benefit privilege to go to Court, you have to resolve your issues privately and use the court only as a means creating public

record of what you did privately, otherwise you are in contempt. It is the foundation of Satanism more than anything for the foundation of laws. Infinite Love has no need of laws, only fear does.

### **Removing yourself from Bondage**

One of the simplest things I heard suggested doing, if you are about to be fined, sentenced or both is to simply tell the Judge that you waive your benefit privilege of the sentence or fine. Yes under Admiralty it is a benefit privilege to goto jail. Remember they need your consent to do anything to you. Don't give them your consent, simply withdraw your consent for them to proceed and motion the court to dismiss the case. In terms of hidden contracts that may be in place, simply tell the Court that any hidden or assumed contracts that are in place, are in breach for lack of consideration.

We are facing an ever more desperate and motivated adversary that may not care what laws it breaks to maintain power over you. It is truly coming to this in many ways. As more people wake up to the System of Slavery they have been sold and realize that it can only stay in place if we bow to these people wearing dark suits or robes; we will begin to break free on mass from them. They cannot control the masses if the masses do not agree to be controlled. The only unfortunate part is those leading the early work on this take the hardest hits. But over time it will become easier for others to follow and they will. This book is proof of that, being a culmination of years of experience of the those few who dared to face these tyrants and won.

I think from everything that I have observed the techniques discussed by Winston and others are responses to the mirror, without having a conscious knowing of what that mirror is. Winston actually makes reference to law as operating within a mirror of oneself. I have not had an opportunity to talk to Winston directly, but he certainly is catching on to the idea of how everything works within a mirror image of ourselves. Because the Universe works on a mathematical reality, the entire SYSTEM revolves around balancing numbers, but balancing them on the acrual side rather than money of exchange side. Acrual accounting is double book keeping within a fictional world and is very easy to cook the books within as it were. All they care about is if the balance is zero or not. If it isn't then the SYSTEM seeks to adjust the balance to zero, often cutting off your ability to do a simple acceptance for value using your signature as a form of money for the imaginary SYSTEM. The powers that be rather enslave you than let the SYSTEM operate the way it was intended as that would remove control and reduce the stress and fear. Their food is fear so glutenous they are the entire planet isn't enough.

It is a game about balance in the end. If there is nothing on the books owing, then there is no reason to seek a surety for the debt owed. The difficulty we have is getting them to accept our promissary notes or simple acceptances for value to settle the accounts. In fact I tried to do an acceptance with a Justice of the Peace, who was also the Court Clerk, and she never heard about acceptances for value, even though I mentioned section 52 of the Bills of exchange act to her, it just went over her head. In the end she stated that she was a private woman and I should go and see if the cashier would take the acceptance or not. The Cashier found a flaw with the seat belt ticket saying it would be tossed out if I came back on the date it said on the ticket. Interestingly the Justice of the Peace was never there as nobody wants to be held accountable for anything, it would seem. That's the whole point of the SYSTEM is it allows for people to operate with impunity against those they purport to protect and honor. It is amazing how many laws they will break over the course of a day and not bat an eye at the fact that they are doing so in order to carry out their so called duties. I guess not everyone is equal under the law and it is never mandatory. In terms of liquidating bonds and arresting Judge's bonds, I have heard people talk about this and some have report by third hand that these things occur, but I have never seen any direct evidence of a Judge losing his bond.

People that goto to court and challenge the Judges in open court concerning their Oath are usually dragged out of court for contempt. People are in contempt of court for making use of them under Admiralty. To say that they are in breach of contract for failure of consideration is an understatement. Part of the problem is many Judges not only in Canada, but throughout the

Commonwealth and the USA have false Oaths. They see you bowing to their authority and that of their false God, the State, and simply deal with you as a fiction you are confessing to be.

One of the things that they are doing in some Provinces in Canada is as much as possible eliminate the Lay Notary Publics and only have Lawyers as Notary Publics. They limit their work mainly to just making certified copies of documents or witnessing stuff. Trying to get a lawyer to help you as a Notary in fighting the hand that feeds him/her is nearly impossible to do. However we can work with Notaries in any jurisdiction in the world and their Notary Seal stands in any Court. In fact Notaries trump Judges in decisions because the work they do is all based in Commerce. That said, the Notaries also take false Oaths, and there is little recourse in the courts where the court is de facto and filled with imposters. A Notary will give you a false sense of security. Use 3 people as verifiers on documents. Also you can create an unregistered church for your faith and create a Seal stamp thingy like the Notaries all use, that has the name of your Church on it. Sealing documents based on your faith is the best way I have seen to rid yourself of Notaries and confessing yourself to the world as being a fiction.

When they arrest you they take you away at gun point and after they do everything they can to frighten you and make it look like they have all the authority, they slide a Return on Recognizance form at you. It is a Promise to Appear that on it states that you are the Surety. Well this should tweak your brain. If you were already the Surety then why are they asking you to sign as the surety? Because you are not the surety for the imaginary Vessel or Strawman, until you give your permission to be so. Again what they are trying to do is to get your consent to proceed against you. Simply remember the gift God gave you, Genesis 1:26, you have dominion over all the earth and tell them so. If they are not a man male or female of God's creation, you might consider banishing them from the earth if they continue and back it up with a letter to the Queen or rather Elizabeth-Alexander-Mary: Windsor, the Defender of the Faith.

The reality is that the entire Justice System resides in pure fraud. You only have to read through a few laws to see the inequality and the unjust aspects to them. It becomes clear that the entire System is designed to extort the maximum amount of money from the people, because it is a business not a Governmental System that represents the will of the people it purports to represent. In fact Canada by far has to be one of the most corrupt and insidious Corporation on the planet as it were. It like walking into a giant mine field full of traps and hazzards and the POLICE right there to grab people to pay up the booty. Most are so brainwashed they actually think they are protecting the Public inside a real Country. They don't want to be confronted with the truth, for that would end their jobs and perhaps put them into a Commercial Lien position which only a Common Law court could release them from, which of course do not exist.

All that is required for you to be released from custody is to provide them with a Surety Bond for your Vessel, which is what they seized, but are trying to coerce you unlawfully to become the surety for the vessel. If you can find out what the cost of the charges are you can set off the charges and thus pay for them through a simple Surety bond. Once the Charges have been zeroed out they cannot hold you or your vessel strawman anymore. Yet you can still go after them for breaking all the laws they did and lien everyone of them for million or more dollars if you get creative enough. Of course all Lawyers can be appointed as your Fiduciary Debtor by you and by their Privilege of holding office are obligated to help you. In fact when you make them Fiduciary you are transferring all the charges against your strawman over to theirs and they have to release you. Of course some Lawyers will do all that they can to squirm out the situation. If you only talk about your vessel as speaking in 3rd person and only sign things as, By Agent: there is little they can do but release you. It is All rights reserved your Vessel that has been arrested not you. Always remember who you are.

The Court works on species of money, which are called bills of exchange. A SUMMONS for example is simply an offer of contract. It has an account number attached to it, so you can simply accept it for value and return it too them for settlement and closure of the account. Doing this you stay in honor and are not required to do anything more. It is best that you send it back to them with 2 witnesses or rather verifiers with you. You can mail it by registered mail or simply

goto the Clerks Counter with your witnesses and ask them to take care of it for you. You might also include a Notice of Protest as they do not have your permission to use your body as a surety for actions concerning your vessel. That's why they try to get you to sign the Promise to Appear under gun point. Of course getting that into evidence is next to impossible, because the people in the SYSTEM stick by each other and would never say that they were forcing you to sign, yet that is the reality. So simply signing it and then following up later with a Surety Bond, will release your body from the surety position. I think I showed you a surety bond earlier, but I will be putting a real surety bond in Chapter 9 that anyone can print and use and it will release them or should. However like some situations, the people involved are so corrupt not even doing a set off on the outstanding charges will set you free. These people need to have their Hazard bonds liquidated and thus removing them from power within the SYSTEM. By liquidating them through a lien process we regain control over the Illusion. Using the IRS as a 3rd party liquidator as Winston shows is the fastest and easiest way, but leaves you with no money, unless you do a 1099 OID form on the thing, which you may or may not want to do.

The SYSTEM resides within fiction and thus is fundamentally based upon fraud. It is a complete and true mirror of truth and justice for it is precisely the opposite. So why does such a SYSTEM exist to begin with. It seems rather insane to go to so much trouble to put this monstrosity together, where by fundamentally it reflects everything opposite of what we value. It exists because it represents the balance of truth and infinite love. It is there because we have forgotten who we are and can only be maintained by our ignorance of who we are. It is in the Illusion's best interest not to remind us who we are for doing so it will be destroyed. There are many layers to the illusion and why it is happening. Some of which David Icke has uncovered as I have mentioned earlier, but fundamentally it is happening because we have forgotten who we are.

What happens in the game of Corporations is we are given one that will hold onto all our debts for us, because debt is only imaginary we are always the Creditor as we are real and give life to the Illusion, which requires more and more energy thus debt to stay alive. When we do something against the law within the realm world of the Corporation we say we are in, the illusion works to protect itself from being destroyed by seizing us, as the surety for the vessel we operate in Commerce. Of course it is fraud, but that is the nature of the Illusion. It would not be operating within the mirror if it grabbed the vessel for it to do so it would not be operating as a true illusion. Ultimately I think our way out of here is recognizing our world as being a mirror and honoring it as being such. The mirror only thinks in terms of mammon because it has no basis of love. So it is not surprising to me that the mirror works on many various forms of currencies which all are based on the balancing of zero, which is the void of infinite nothingness from which illusion originates. It is not so much I think that they worship mammon as it is that they worship the nature of that void. Much like how we want to live an after life in infinite love, in joy and peace, this reality is beyond the mirror's comprehension and thus it projects it's illusion unto our consciousness which we gleefully go along with not knowing the true magnitude of who we are.

It takes a lot of guts to break free of bondage and a firm desire to stay focus. We must believe in what we are doing or it will have no effect on the illusion. The illusion bends as we change our belief system and becomes what we want it to be, rather than what we don't want it to be as we run from our responsibility as being Creator and Creditor. We can only plead guilty to the facts within the mirror and do what we can to set off or discharge the charges using bonds or promissory notes. To us it would seem a lot simpler to base a system upon rights and freedoms no games and hidden contracts. The court is always in breach of contract for the games it plays for failure of consideration. They use bait and switch tactics as well. All they do is operate around providing Offers. The offers become our property when we accept them for value and thus we can use them to close accounts set up by the SYSTEM that need a Zero balance.

### **Stating the Obvious**

I just like to close this section with saying this. The nature of the Mirror is artificial; it only exists because we are manifesting a very narrow band of frequencies in compared to our infinite selves, which support the mechanisms of this illusion. On a more day to day aspect of living within the

illusion we find ourselves faced with a ruling elite that are bent very soon on wiping out 80% of us and enslaving the rest. They want to keep the advanced life extension technologies for themselves so they can live forever and I would suspect become gods within their own small minds. We are allowing this to happen by not educating those around us as to the truth of what is going on. Many want to remain as sheep as per their indoctrination and programming. As to this shift that may occur that is said to come at the end of the Mayan Calendar in 2012 is quite speculative, although the QUEEN is having her diamond jubilee in 2012, which for those left alive may be your last chance at of using her Jubilee as a means of escaping persecution.

We are creating this reality through the use of our DNA, which transmit and receive between the super-consciousness and our observed reality. It was ties all life together in manifesting this world we live on. DNA is the fabric of life. There is a web of sacred geometry which it operates in relation to the Earth and universe as a whole. Elements of the Earth interact with our bodies to and can be used for healing or expanding our awareness and many other things. Further based on our intentions we create the reality in which we exist. These thought fields we create allow us to manifest only those things we have a belief in. This simple mechanism can be used to expand our intentions on having a loving society free of authority and fundamentally focused on balance rather than reward and punishment and slavery. We are where we are at this point in the law game due to the fact that few of us have bothered to bond our STRAWMAN VESSEL, our ship on the imaginary Sea, birthed at some port called a Country. We can bond them through our word I am told but as yet I am not exactly certain on how this is done. My thoughts are that it resides in Genesis 1:26 and that our Vessel resides within that Bible of the imaginary and we can bond it by stating that it has dominion over the earth and by doing so we can strike down any paper work that comes our way on that basis. The most difficult thing for people to accept is the realization that the Bible is the Word of Man not the Word of God or more precisely the God inspired word of Man.

Infinite Love is truth and has no need to create illusions of itself. These bodies we are in are only sophisticated robots as it were to allow our consciousness to experience this narrow band of frequencies that fear exists within. These bodies are designed to generate as much fear as possible under the right conditions and that is the food of the matrix as it were. Based on what I have seen, the breaking of laws to accomplish their goal of a New World Order, leaves me with the belief that even with the bonds in place, in the end they will be so desperate to achieve their goals, dishonoring of the bonds will also occur. It may turn out to be a fight to the death between the ruling elite and us. I hope not, but they are desperate and like a cornered rat, they have many weapons to turn on us to fight us off in our struggle for peace and justice. The Uniform Commercial Code is the highest form of Commercial law on the planet and is orchestrated and kept in check by the

Devil himself I am sure.

Satanism is the foundation of rituals which transfer fear based energy into the mouths of these Soulless creatures. They need the energy to survive because they live in a reality that is totally unbalanced. When you close a loop you can have current infinitely move through that loop regenerating the loop with the same energy onward into eternity. The state of Satanism and alike is to break that loop and siphon off that energy to establish feeding points for these insidious fear based creatures. If you look around you will see that everything is based on open loop rather than closed loop balanced situations. Money for example is all based upon promissory notes, a promise to pay and thus nothing is ever paid and thus can be brought up over and over again. In fact fiat money is bail money, it just keeps you out of jail for the time being, but makes you a criminal if you use it to pay for anything under

the Trading with the Enemy Act. Because you have not sided with the Queen you are her enemy and thus using her currency to pay for things makes you violate her law. Thus for this to be solved everyone needs to send their Birth Certificate to the U.S. Department of the Treasury, which resides you with the Queen. This closes the loop there, but if you pay for something in which someone hasn't done this then you are still in the same spot, but perhaps a little better

spot than they are. Of course they don't teach these things nor want you to know about them for it is an easy way for them to just come a grab you and hold you in a cell forever.

The symbolism of Satanism and the remarkable integration of the Talmud into Commerce is everywhere. It is the foundation of their working belief system that is based on the loop theory I described above. They are having an absolute feeding frenzy at this point in time and with the wars that they got going on and coming it is pure gluttony. The Edmonton City

Hall for example is reported to have exactly 666 windows in it and outside on the bell tower there are 3 columns of 6 sections, yet 666 again. The Pyramids on the roof are not perpendicular to each side but distorted in shape reflecting unbalanced energy held within.

The Bell Tower also represents the illusion of time being dominated by the fear based consciousness denoted by the 666. Of course we have a war memorial with a torch on it representing the Illuminati that were behind all the wars to begin with. This masonic temple screams with symbolism with a courtyard filled with Sun symbolism, which the church of Babylon worships. But rather Lucifer the Bearer of the Light of Darkness. They are saying we are in control and these are the temples which you worship through giving up of your mammon to them as a form of sacrifice.

And of course on the same square we have the Edmonton LAW COURTS Building, which is deceptively made in the shape of a giant Merchant Ship, reflecting the Law within, being Admiralty Merchant Law. You will also notice that there are 22 windows on the top floor representing the 22 letters of the Hebrew Alphabet and the ancient symbolism of the 22 programmed things that Human beings do, in the rituals involved with obtaining immortality as Tony Bushby describes in his Book, The Secrets in the Bible. The Hebrew alphabet was created by taking a coiled snake image and turning while a light shined on it. It would make 22 distinct shapes, which are the Hebrew Alphabet. They shape of the coiled snake comes from shining a narrow beam of light down the center of a crystal pyramid shaped after the exact dimensions of the Great Pyramid in Giza. Rituals unlock sequencing of DNA and thus augment the reality of this illusion and those directly and indirectly affected by the rituals. The Court House is yet another temple of mammon for sure, but clearly this building is screaming out messages about the true nature of the reality it supports from within. Of course also the 2 flags out front symbolizing the Flagged Vessel.

The important thing here is that the LAW COURTS is stating two types of laws are in effect here. One being Admiralty Merchant Law and that of the Torah. The Judge is a Magistrate hence a Rabbinical Priest and is undertaking how to resolve the matters before the COURT in terms of the trust, hence wanting to extract as much money/energy from the defendants as possible for the trust. Of course Magistrate makes his living in part off the money that is paid in fines and property seized by the state, so he is a bit motivated to stay as a Magistrate. When you ask the Magistrate to produce his Oath of Office as a Judge and state, "The Court makes Judicial Notice of the Judge so and so's Oath of Office", the Magistrate turns into a Judge and this breaks the trust and he is not paid for his work as that would be conflict of interest. Your job is to keep him out of the mess by only allowing him to determine fair play as it were.

Once you have made judicial notice of the Judges Oath, you can bring out the Bible and the Queen's Coronation Oath and make reference to Genesis 1:26 giving you dominion over the Earth. ( "And will you preserve unto the Bishops and Clergy of England, and to the Churches there committed to their charge, **all such rights and privileges, as by law do or shall appertain to them or any of them?**" )

Queen: All this I promise to do.

You take control of the Court by making the statement that you are a living Man of flesh and blood in Fact, although Winston states it as the Surety in Fact. A fact is a form of truth one fact and you take the entire fictional world away from them. You should ask if there is anyone in the

court room under bearing false witness that can refute this fact, you can say under perjury but that draws you into the fictional realm. You go with Surety in Fact if you are in there doing Commerce and Man in Fact if you are using the Bible as the foundation of your defense. Because the Queen and every PERSON in there ends their Oath with, So help me God, they are drawing their authority from God and thus the entire Bible applies to them. More specifically the Torah, but it is your faith that brings in the entire Bible, the Bible does not apply to PERSONS so be a living Man of Flesh and Blood a Child of God. It is your actions that determine the out comes. Remember the Court is a Mirror of you. You are the only one their. You are the Court and the Court only speaks within the context of a Mirror. It is a bit confusing at first but you have to protect them from the mass fraud they are involved in as that is what infinite love does. It does not judge. Thus you are there as a friend of the court and should state that you are a friend of the court. You do not want any harm to come to them, which in turns harms you. You might reference the Judge as being only a man, why do you lie to me brother? He is not a judge only acting as one and is hoping you will by into their illusion.

You can ask your brother for or the Judge for aid and direction. If a Duty Council is assigned do pretty much the opposite of what he suggests, then dump him from representing you and you will be on the mark, remember you are inside the mirror. Normally I wouldn't even entertain the thought of accepting a Duty Council as it makes you a Ward of the Court, thus simply wave your Benefit Privilege for your PERSON, whom you are making a Special Limited Appearance for as a Man or Woman. In Admiralty you can only plead Guilty to the facts. You cannot bring up any controversy. This means you cannot say this law or that law was broken you can only plead guilty to the facts. To do otherwise is to put yourself into contempt, because you are the Creditor of the Bankruptcy and all they want from you is for you to settle the debt, nothing more. So the facts can be that different laws were broken and that the officer involved was in default of the notice you sent him and thus in dishonor.

If you are approaching it from a commerce perspective then you must settle the matter through a set off on your exemption. The Judge can do this for you or you can simply ask to have access to the Judges file and accept for value every piece of paper in the Judges file. If there is a lot then one page accepting for value for everything there should do as well, but check with the judge on that. From a Biblical defense perspective you must forgive the Court of all their sins so you can be forgiven and released. Again verify with the Judge that this the right way or wording as your intent determines the outcome. You need not sign anything after this except to a statement if need be forgiving them of their sins and thus receiving the same in return. This is akin in Commerce as to waving your benefit privilege of going to jail or paying a fine. Stating, "I wave my benefit Privilege of going to Jail or paying a fine", is your right under Admiralty, as I am guessing from what Winston has said about it. The reason this is this way is again Genesis 1:26, your dominion over all the earth. They need your consent to proceed against you. Thus instead of waving your privilage as a slave making a special limited appearance, which is the same as an appearance within the realm of fiction, just quote Genesis 1:26 to them as a living Man and child of God and say that you do not consent and they have no authority to take God's gift of dominion over the earth from you. This is enforced through the Queen, privately by addressing her by her Name or Calling as I would say, Elizabeth-Alexander-Mary: Windsor. Don't underestimate your power. You may even Banish them from earth if they continue to act as fictions or ask the Queen to do it for you. That would certainly get their attention. As difficult as all this is for some to swallow as being the reality we live in, the truth of the reality will destroy any illusions they hold of it. It is run through deception and symbolism. When we awaken to the reality that this is all an illusion I do believe that as a whole consciousness we will either transcend the illusion or make it our own. The mirror has little to gain by wiping us out, for it is dependent on the fear based energy for it's survival. The next 4 or 5 years are going to be the most dramatic and dangerous in this planet's history. However after we get through it all things will or should get better if we have woken up on mass to the truth of the reality before us. We do have the power to change it for the better, but it can't be done if only a handful of people are involved in that change. The Illuminati have had their way now for a long time and are quite comfortable and act with impunity in their crimes against humanity. It is time that we rescued our children

from being ritually sacrifice and release the technologies that will provide us with free energy and long life. It is time to end the suffering and pain from lack of proper treatments and access to medical help. It is time to make sure there are no homeless and nobody starve or freeze to death. Wars are not necessary to resolve issues, hurting others means hurting yourself. And perhaps most of all coming to a recognition that Religions of the Mirror has little meaning to infinite love. If we love each other there is no need for Religion.

I will add one more thing here. Let's take another look at that Preamble on the Charter of Rights and Freedoms. It says, Canada was founded upon the Supremacy of God and Rule of Law. The statement, "Supremacy of God" should have you jumping out of your seat right now, for God created us equal to him and all creation. We are everything that exists. Hence what they are saying here is that God is some kind of supreme ruler and thus Luciferin concepts apply. We are taught in Church over and over again how God, being our creator we must bow to him when in fact his gift was that he made us equal to him and gave us dominion over all the earth. The Universal Declaration of Human Rights from the United Nations is also a Luciferin document. It makes reference to Humans which means the Color of Man, not man, thus Persons. Also Human is not defined by any LEGAL Dictionaries and is mentioned under the definition of Monster. Thus they want you to ascribe to the bait and switch game here, to trade your status as a man male or female standing within the Dominion that God gifted to you to being a fictional Monster with no rights or ability to inherit property.

### **How the Bible is Interpreted**

They want you to interpret the Bible literally not symbolically. I think we could all write numerous long essay's on how to interpret the Bible. What is important is from the perspective of law is this. LORD God symbolically represents the dark satanic aspects of reality. By the way, Zionism is just a cover for Satanism. The objective of Luciferianism is to embed darkness into light. There are two beginnings talked about in the Bible, one made by God our creator and LORD God the satanic LORD of darkness. What you see is LORD God claiming God's creation for himself and simply revising the truth to a lie. In terms of free will we have the capacity to lie ourselves and symbolically this is what LORD God is doing, is creating an illusion of lies. However LORD God wants us to buy his lie has being true and exercises power over named creatures he calls Adam and Eve, thus humans. This is a lie, but LORD God is holding true as he is the mirror, the inverse of infinite love.

I know I talk a great deal about LORD God versus God in this book. So who exactly is LORD God according to the Bible, before we move much further? Well Moses states in Exodus 15:3, "The LORD is a man of war: the LORD is his name." Other Bibles will call him Jehovah, it is the one in the same. LORD God is not God, LORD God is merely a man, who goes by the name of LORD. Thus all worship being done in terms of worshiping LORD God is merely the worship of a man, not God. This comes from MOSES and translates the same back to Hebrew. I have taken a lot of scorn by some people over my analogy of LORD God not being God and here we have it right from the Bible saying what I have been saying exactly. I know how incredibly difficult this section or even the entire book is for Christians and those who want to believe, but this book is about freedom and I will not hold things back, which will keep us enslaved. I will get into this much more deeply in Chapter 10.

If indeed there are two beginnings then we have a choice, follow God or LORD God. All churches seem to follow LORD God. There is no mention at all in any mass anything about God. All teachings are about LORD God, and it is on purpose to circumvent your understanding and knowing of who God truly is, in terms of what the Bible teaches. JESUS was introduced into the Bible to confuse people of the need for Countries and set up a system of morality that would allow the Satanists to advance their agenda. JESUS did not address the aspects of creation, but addressed the problems of the fraud contained in the world. Rather than simply pointing out the exit sign they made JESUS a martyr, sacrificed for your sins. Considering it is impossible for multidimensional infinity to sin, for we are infinite it becomes a thought trap, making you believe

that you are less than what you truly are. In fact Genesis 1:29 God Blessed man male and female, to bless is to make without Sin.

JESUS is about the world, not about reality. This is why the rest of the Bible from Genesis Chapter 2 forward is about the illusion of creation and not about creation itself. The objective it seems to get you to buy into the reality that the earth has laws and country structure, whereas we are one consciousness experiencing itself within an illusion. The people that are controlling the world and you are not doing it to help you gain the knowledge of who you are or of who God truly is, although they tell you in Genesis 1, but make you overlook it, due to it's complexity and never teach or tell you about God, only LORD God, who we now know, was only a man of war.

In all that JESUS taught, the focus was on the illusion and not on creation itself. It is was all about the injustice of the laws etc. What isn't taught is the difference between the mind and heart. This whole thing is a mind game and they do not want you to start listening to your heart. The mind demands all the attention and craves drama. Drama of any sort to feed it's insatiable need for fear. Perhaps this represents the tree of knowledge? The path back to the infinite is through our hearts and love. They know this and do everything they can to shut down our awareness of this. Many people are deceived by the Churches etc. out there. It is blatantly obvious that a Priest doesn't know God if he is running around being an actor in fiction. They whole game is based on fiction and getting everyone to be immersed within it. The image reality we see is an illusion. The Universe is an illusion and exists within our mind. However we can also see with our hearts, if you quiet the mind and bring in and surround yourself with love and white light. White light holds all the colors of the spectrum and thus holds balance as appose to black which absorbs everything, hence the parasitic aspect of legal system and society structure in general.

Again I have never studied or wanted to know anything about Satanism or Black Magick. Thus I am as clueless about it as most of you. Tim Rifat an expert in this area was recently on the Jeff Rense Show and provided a great deal of insight on how the churches are being used as transmission stations for darkness. He was saying that the rituals done in the churches are Satanic in nature and help those who know what is really going on to alter our reality in favor of darkness. Much of what he had to say seems to correspond with what David Icke has been saying all along. Interestingly there is a mathematical science behind all this that gives the Satanists the ability to alter light to darkness. I think this is why our calendar is so important to them.

Don't feel frightened or overwhelmed by all this, Love is the most powerful force in the Universe and it overcomes all. I think we need to start doing our part in stopping our support for the illusions and look at what is real and support that. It is really that simple. Darkness can only exist in fiction and the more we pull away from that notion of reality the more free we will become. God has no laws and everyone is free and in balance with all. Balance comes from divine love we feel for all that exists. I have had enough of all this House of Lords and Lord God stuff, how about you? It is easy to get people to snap out of the illusions once you point out the obvious construct is built on lies. Truth is all around us we just need to become aware.

If you want to learn more about Satanism and how it is being used against us, I suggest that you goto. Tim Rifat's website bellow. He is very active in fighting Satanism from what he said on the Jeff Rense show and has a wealth of knowledge on his web site to share. The most important thing we can do from my perspective is to emit and live all the attributes of love that we can and not allow others to falter into buying into these illusions anymore. Love has no laws and truth exists only within love. We are all infinite love.

Tim Rifat's Website <http://mindovermatter.ru/>

One more thought about Tim's website. You will notice on his site that there is no mention about love. It is completely about the workings of the mind and the spiritual reality around that paradigm. It is a small window in which those of us who know nothing about all this can peek into this realm of mind and spiritual manipulation. Again the entire focus of the site is about the

mind, which decodes what we decode into our reality, within this illusion we call the Universe. You see very strong parallels in the LEGAL system being devoid of love and based on manipulation. The site has a wealth of insight to offer, however it lacks completely insight into consciousness and love. I don't fault Tim for this, just he is focused on resolving manipulation from the perspective of the mind, since that is the entire focal point of the manipulation. Tim talks about how to defend yourself in terms of spiritual warfare, which does happen to people. It is through projecting and surrounding yourself with love and white light that protects you. What is important is your beliefs. They SYSTEM has been designed to make you believe that your are just some small nothing against them, when in fact it is all an illusion of fraud. Don't be frightened by any of this, nothing will hurt you unless you believe it will. Nothing is true unless you believe it to be true.

Truly the mirror reflects back your intentions, but it is still much more than that. I came across this article that describes in a fairly good detail how to manifest a reality that is based on your true beliefs. The first step is realizing that there is a mirror and what you see all around you is the manifestations of your beliefs. Now then the key to this whole thing is this from what the article says, "**And so what better way, to step into a world of unconditional and unlimited bliss, magic, adventure, delight, laughter, love, excitement and ecstasy, then to do and be as if that reality is true!**" The article is very long but well worth the read. Here is the link bellow:

<http://onenessreality.wordpress.com/>

It is all about realizing that you are the creator. The Law of One. You are all that exists and thus everything around you is simply a reflection of your true beliefs. I would also suggest that you watch some of David Copperfield's performances on YouTube. Everything is made of energy that energy can be a droplet or the ocean. You are a droplet and an ocean. It takes time to learn this stuff and to realize that your beliefs are just that beliefs, they define your reality, so start redefining your reality. Reality is true to what you believe it to be! The most powerful forces are accessed by the softest and most gentle loving thoughts. The mirror reverses the energy to create the illusions. They SYSTEM has you slogging long hours with next to no return for what? More abuse and less pay. The people promoting this are reaping the benefits from you, so stop playing their mind game and start being the creator you truly are! The mirror is not for their for them to use against you, it is there for all life to create realities based on their true inner beliefs of reality!

You might also enjoy listening in on Nicole's Radio program called, News for the Soul. Lots of good info here and she has a spoon bending kit you can order or get online that teaches you how to use your mind to bend spoons, not a trick really do it! She hasn't yet realized how the mirror works, but is getting there. She has accomplished a great deal with the little she knows and there is much you and I can learn from her. <http://www.newsforthesoul.com/>

Also here is a short video I made up that is kind of a nice over-view of what I have been saying. It is called, **Creating Infinity - Looking into the Mirror**. It is on YouTube and here is the link:

Now put your Goggles on and hang on for this one, this is what is coming! Merkabah, The Chariot of Ascension <http://www.youtube.com/watch?v=Ugql6D4pFKM&feature=related>

Okay one last thing before I close this chapter. Lucifer or rather the Darth Vader of the Bible. We are in the hardest Universities you could possibly imagine in the Universe. The Mirror is Love as much as God and we are all love. Lucifer or Satan or whatever you want to call him and all his demonic minions are all created from God. Lucifer was a fallen Angel of God. What Lucifer is doing is holding the Negative energy in place, with love, so we may have free will. The will to harm or love. When we harm we create healing cycles upon which the same situation will keep coming up in our life until we learn to deal with it in a loving way. Much as it is with Lucifer and all the demonic entities of darkness that tempt and torment us. This is rough! his is not a picnic! We came here to learn how to Love that which we don't want too Love. In truth

each of holds the mirror and can become that darkness with all it's attributes of evil. It is only when we make peace with ourselves and others that we begin the healing processes and come back into balance with love. Because we are One with all, what we see happening around is a reflection of the beliefs we hold as being true. Truth again has no illusions it is love, thus you can see what work has to be done, by you and everyone else to make peace and bring about healing.

I know you just wanted to read that after all the good feeling stuff, but think about it for a moment. If we had nothing to resist love, we would have know experience in learning to love in great diversity or injustice. But it is again not so much that darkness resists love, it is simply a place we dump our energy too when we create out love and do harm. Then that energy is reflected back too us in healing cycles over and over until we learn to deal with it in a loving way. It will never be easy, but the love we give we gain back a thousand fold. The light we shine out the brighter we become in the future. We are learning to be God or rather learning to be infinite love. Bear in mind that all this Satanic crap that is going on can be healed with enough love. Lucifer is a master of illusion and of the mind, but inversely being the mirror of the infinite holds all the qualities that are opposite to Love. He is a light of God that has been separated from God, which in of itself is the illusion and the illusion each and every day we are presented in all it's forms to find a way to bridge it with love, so the situation or people involved are healed. When you make peace with Lucifer and realize he only has power over you when you forget who you are, which is love, then you have nothing to fear from him. He is an illusion that reflects back too you what you have done to others. In truth we are Lucifer as we are all that exists. We carry with us the energy that we have used to harm others through direct or indirect means. Remember the Illusion does not want you to take responsibility rather have you blame others for your problems. We can create any spiritual entity we want too to embody attributes we believe are separate from ourselves to deflect our responsibility in our own creations, but it is an illusion. Remember we give life. We animate all that we see. Luke had to face Vader to become a Jedi in Star Wars, this is what are presented with daily on all scales of our life and if we do not resolve them with love, we create harm and we are presented with the same situation again and again until we do. History repeating itself...

We have to find ways to help people who are causing harm to others and help them in peaceful non harmful ways. When we see harm being done we are partly responsible for what is occurring as it is being reflected back to us as lesson in a healing cycle. The entire Justice System is set up to perpetuate these healing cycles, along with the Political, Religious and Banking. They put on an illusion that they are doing something when in fact they are actually perpetuating the harm. These structures only exist because the people involved have forgotten who they are. Illusion cannot without compliance from you, this is why everything they do is based on getting you to buy into the illusion that you are a fiction and thus not responsible for the reality that you are creating. Truly these structures completely fall apart once you start pulling on the authority card. The house of cards is built on illusion, so start pulling, please!!!

## **Chapter 9**

### **Walking the Path of Freedom**

Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me. Psalms 23

It has been a long road putting this book together and at times I didn't have the answers to all the questions I had. Perhaps now I do and the resides in the simple realization that I stated in the very beginning.

Whatever you believe will be truth, not because it is, because you believe or imagine it too be. There can be no truth in Illusion for truth has no Illusion. Infinite Love is the only truth, Everything else is Illusion.

The courts are made of up fictions and actors. Nothing in it is real. Authority resides within each of us. In truth the Court asks only one simple question and one only, "Do you know who you are?" There is no other question, there is no other purpose. The illusion creates pain and suffering because we have walled off from who we are by fear. In the end it is our compassion and of our own authority under our Creator that we have our authority. We are everything that exists and we are not ruled by fiction.

I need to qualify two forms of thought here. One being that Religion is man made. The Bible, Torah, Koran and many other forms of Religious sacred books are God inspired books of man. To that end nobody can say that God has written anything and God exists within the realm of Religion of which, we are all free to extend our belief system into. The simple realization that if God wrote out laws and how to conduct oneself for salvation in life, we only need one book and one set of ideals, knowing it came from God. The simple fact that all these various Religions and subsets within are played off against each other and the only common thing between them all is Love. Which brings us full circle again back to the simple truth that David Icke expressed being, Infinite Love is the only truth, everything else is illusion.

Even though this is true the Bible is the supreme law on the planet. The Queen is duty bound to protect those who are being persecuted by their faith. The Bible is the framework upon which we may extend our beliefs and faith into the world around us. Genesis 1:26 is unrefutable and stands. We can give away our dominion, but we can also take it back in the same breath. It is our belief and faith that we do indeed have dominion over the earth, which is backed up by the full military might of the Queen, that we ultimately can find freedom. am going to talk about a lot of different approaches to freedom in this chapter. However as keep in mind that anything that I talk about that is based on man's law, that not being biblically based, can be tossed out by the ruling elite as a confession of operating in fiction. You cannot resolve fictional problems with fiction or fraud with fraud. These people are hell bent on bringing in their New World Order and that will be a very sad time for everyone here. You cannot find any relief in any of the Courts, where there are false Oaths and people who have taken the Kol Nidre. It is a trap and an offer of enslavement.

In terms of the Court they are making use of two systems of ideals, one being based on Religion and the other being based on Admiralty Merchant Law. The entire Court resides within a Fictional world. A world in which they must commit fraud and kidnaping to force you at gun point to participate in. All that matters to them is getting your consent to do horrible things to you. Fundamentally they must release you on the basis of a Fiction cannot hold something that is real and a Fiction cannot make a determination about anything that is real, for fiction has no mind to do it. Seeing past their Actor or Actress stance before you, your only real question is how is it that they have authority over you within your Court or World for that matter? It can't be their Court, because they are not real. If they can't answer then you can find them in contempt and arrest them. What recourse does a fiction have? None. You can sentence them and throw away the key arresting their Bonds and anything you deem of value to you within your world. How can a fiction or actor defend itself if it is not real? It can't. By denoting the word fact after actors name you turn them from the surreal into the real. For example if you need a sheriff, then you deputize a sheriff in fact. If you want an Attorney then you simply appoint someone as an Attorney in fact. If you want a Court you simply call it a Court in fact and on and it goes. Fact is something real and thus holds as being truth. It is you that is holding Court and no one else, nobody can that it is not your court, unless they want come out of their fictional world and leave all the imaginary laws with it behind them. Then, in the real world the only law that applies is the Law of One, which is more of a philosophy than a law I would say. Nobody can say you are in a Country or under anyone's rule for there is nothing to show this to be true.

We are the masters of our own illusions and thus we are the absolute authority of our lives. We are multidimensional infinity caught up in an illusion of itself. Each one of us are a reflection of the greater whole of who we are. The Universe is our home and is only a minute fraction of our infinite expressions of reality. I want you to listen to this 2 hour audio program and once it is

finished much of what I have been saying to you throughout this book will crystalize into pure power and knowledge. Fear of the illusion will be wiped out and you will be on the path to freedom. The following 2 hour program was aired on [www.republicbroadcasting.org](http://www.republicbroadcasting.org) on January 27, 2008. I have looked for sources of being a Bonded Servant of Christ in the King James Bible and passages that make references to them, leave out the word bond prior to the word servant. Still looking, but if I find one that says so I will put the passage in the book here. Infinite love has no need to bond us we are free by our hearts. It is perhaps a misnomer to believe that because Christ Bonds us that no else can. Yes we are being held in bondage, but that bondage resides within illusion and fiction and cannot be supported in the real world. It is by who's authority can they hold us in bondage? What gives one man authority over another? There can be no answer, for non exists.

### **Whose Court is it Anyways?**

For the first part of this section I am going to utilize the foundation set in the audio program you just listened too, which accepts the fact that you are a bond-servant of Christ and it is Yahweh's Court that is your Court to hold. It is a simple recognition of fictional forces being presented and how they can be effectively dealt with. However when we remove all the illusions presented the room is simply filled with individuals, playing a game for the benefit of the few over the masses. It is piracy and a crime against humanity, but that is what it is. However we are not humans and we are simply buying into these titles of fiction that do not accurately describe who or what we are. LORD God created men and women and that is all you ever hear about. In fact it is only hearsay until they provide evidence to the contrary. Otherwise we are man created male or female by God. No fiction can bring about a fact, so I am unsure how they could ever prove we aren't man created male or female by God.

If bother to lift your eyes a bit you will see that you are surrounded by Actors and Fictions, when inside a Court Room. Although the people there look like men and women, they are simply playing their parts in a giant play, from which they know you the man created male or female, are the master. They have become so complaisant with the idea that people think of themselves as sheep and must rely on there SYSTEM for gaining their freedom from whatever fictional crime that some actor has stated that a living, breathing man, woman or child has committed, that they are truly standing on nothing but thin air, much like there money. However in truth the court is simply hearsay, it does not exist in reality. You are on the earth in some form of building structure and that is about it. Being man male or female created by God, you hold dominion over the Court and over all the paperwork and people operating as actors in fiction within that court according to their oath, so help me God.

Why leave it to a fiction to decide what the venue jurisdiction of the Court is? Simply announce for and on the record that it is God's Court and you are holding Court. How can a fiction dispute with that?

Real trumps fiction and they cannot escape that. However they may try and trick and deceive you into believing that it is their court and they hold the power. It truly best not to goto court at all and send in a letter with three verifiers on it stating that you are not going to take part in their

fraud and become an accomplice to that fraud and again mention Genesis 1:26. This is a lawful excuse, what more can they do? If they move on you then petition the Queen. It truly a time of cleaning house and making our world our reality, a place of love and wonderment once again. It is the beginning of recognizing who we truly are and taking our power back from the illusions presented. I fear no illusion and will not have my life manipulated and enslaved by one. It is time to rise up and make our stand. It is time to take back from them that which does not belong to them. It is time to bring forward our standing our principles of fairness, justice and love. No actor, fiction or illusion will ever again have any power over man. We are not sheep, we are not dumb Goyem, we are free and we are the true masters of our lives and our reality. They need our fear to survive, when we relinquish our fear of them they have no power, it is that simple. Take No Prisoner's Show:

Probably the best and simplest way of defending yourself is to look right at anyone handing you a piece of paper and ask them by who's authority do they come before you as a fiction within your dominion given to you by God? In terms of using Yahweh instead of God, I would stay with God. Remember we want use the Bible as a tool against them. Even though the translation errors are horrible, it is the only thing the Queen will act upon. Also remember that it was Elizabeth-Alexander-Mary: Windsor that signed the Oath, not QUEEN ELIZABETH II. Also realize that the Queen's jurisdiction is throughout the entire planet, not just the commonwealth countries, because of Genesis 1:26.

In the end the BIBLE is an offer of a way to Control them. It is a shield offered up and can be used effectively. Simply put anything they hand you is a molded form of the Earth. By who's authority does a fiction have to make use of the Earth? None and the Judge is Contempt of your Court and you may dispose of the actor anyway you see fit. There are no laws protecting fictions or actors in your dominion given to you by God, you are the absolute authority. Lord God has no standing in God's will or creation either, so don't get sucked into God's Laws thing or you will simply be trading one bondage over another. Again it comes down to Genesis 1:26, "And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth." Simply memorize this one passage and you are free for life. Again take note that earth is not spelt with a capital, making it into a proper noun. Why? Because this planet you are on does not have a name. Why? Because like you it is part of you, multidimensional infinity, you are this planet as much as you are everything in the entire Universe. The Bible resides within a fictional world, written in the mirror context of infinite love. For people to be saved by their faith, is a form of religious persecution for all law is to be based on love as JESUS stated and as is the principle of the Law of One. Another reason why earth is spelled in lower case and not in proper noun, is that it confirms that the Bible was written from the mirror's perspective and thus anything of substance or real would be represented in lower case.

So recognizing that you have dominion within their fictional world is your simplest and most powerful way of addressing all issues that come before you, in your Court. This is also consistent throughout the entire planet, except in spots where the tyranny is so bad and corrupt that it will take an up rising of some kind to stop the genocide under way. Nobody can call themselves a Christian or any other name or title, for doing so takes away their standing as being a man created by God. This is the game played. You are only a man created male or female nothing more, in terms of the fictional world. As time goes on we will dismantle this mess as more people step up and challenge their authority. They have no defense against man created by God, this is why they hide within a "World". It is not up to them to decide through private corporations, where the few dictate to the billions on how to conduct their lives. When someone is hurt by another it is important for the community to restore balance and reach out and help those involved.

Conditions in Jails are so horrible that people's health is and security are at great risk. This amplifies the fear and thus feeds these parasites.

In another perspective it is we that give life to the illusion. When we cease giving it life by challenging it, it goes poof, before our eyes. We have nothing to fear from illusion. It is those who perpetuate these crimes against us that have a great deal to fear. In terms of Lucifer and all his illusionary powers and Satanic rituals he has no defense against love and in every step he takes he is seeking contract and agreement. We only have to lift our eyes to see that he has no standing within our dominion given to us by God and simply will him away. Lucifer is an illusion although many of his followers are blinded by this simple fact, he is only a parasite he can't survive if we don't give him our attention and will to exist. It is time to turn this all around and create a better reality for ourselves. I can't do it alone, but one by one we can all do it together.

### **One last thing...**

How can a fiction present any evidence or anything of fact in your Court or in the real world? It can't because nothing in fiction can be said to be based in truth. It is only our belief in the fiction that gives it life, without that belief in it, the actors and fictional entities within could never be animated. Where does a fiction or actor get authority over you? A fiction can't answer and an actor in fiction can't say for fiction cannot produce truth and it cannot say anything unless you give it the life to do so. Hence again why the entire SYSTEM is parasitic. It feeds off our life force into an empty infinite void of nothingness. You cannot be guilty to the facts for there can be no facts or truth within fiction. In court if you plead guilty they read into the record the statement of facts concerning the crimes. At the end the Judge will ask you if you understand the facts and ask you if they are accurate and true. To understand something is to come under those imaginary facts, yet again asking for your consent to apply the charges to you. Once they do that then getting you to submit that it is accurate and true is completing the deception and fraud that you are doing onto yourself, for it all resides within fiction not the real world.

### **The Collapse of Fiction**

What we have is a world wide private law society, which contains actors and fictions. When you are born there is nothing to tie you to their SYSTEM for no authority can or ever will be given by your Creator as you are completely free. What they are attempting to do throughout your life is bind you with contracts that only exist in fiction. No contract can exist with a fiction or actor for there is nobody to contract with that is real. The ideas of contracts come from God in terms of his covenants. Lucifer deals in Contracts which are binding and absolute, at least that's what he would have you believe. Covenants allow you to come and go from them based on your own free will, however God never made use of Covenants, because a Covenant implies bondage to some degree or level and he created us as being absolutely free. LORD God made use of Covenants and LORD God is not God of course and even being LORD God is just hearsay. Each is an aspect of the mirror and not that of Infinite Love. Interestingly some think that God wants us to prove ourselves here on earth before he judges us and let's us join him in Heaven. This is a soft form of the fiction, creating a prison situation when in fact we are everything that exists. The infinite cannot judge the infinite without judging itself, there is no judging. We are simply what we are. These bodies we find ourselves in are merely sophisticated computer hardware that work in tandem with spiritual energy. There are layers to the fiction within spirit as well, but breaking free past our core stars brings us home.

As mentioned above the KING JAMES BIBLE resides in Fiction along with all the laws of "Lord" God and laws of Man. Because the frame work resides within an imaginary world of the Lawyers, the rule of law only applies to the actors within that imaginary world. Breaking free of their world is no easy task as negotiating with a Fiction is like talking to yourself in an empty room. They go about their business irregardless of what you have to say, for the game can only end when you make it clear that they are operating within fiction and you are not. Getting them to accept this can be very hard at times and may require you to do some things such as commercial

liens against them to get their attention. You really shouldn't have to go quite that far, but it depends on the people involved on a case to case basis.

Obviously as the word spreads about what they are doing and the depth of this fraud and the fact that it is your signature that creates the money; their entire SYSTEM will collapse and Law based on Infinite Love will prevail once again. When the world recognizes we need not bow to these Actors in Fiction and the SYSTEM that is behind it for we must base our societies on love and not war, then we will all be free. This doesn't mean that they won't put up a fight, but there are so few of them in respect to the rest of us and being parasitic in nature they cannot create. Even if the Earth were wiped out, we have the ability as a the infinite consciousness we are to start over again, they don't. When we lose our fear of them we will begin to expand our awareness of possibilities on an exponential scale that will dwarf everything within this tiny illusion we find ourselves.

In terms of using fiction it is necessary and can be used in positive ways from inside an illusion at this level of awareness. When you are in spirit it seems to me that it is not as important as we are working off a sense of knowing rather than trying to do it through knowledge. Because our bodies are designed to shut down our multidimensional awareness it takes time and training to awaken this reality within. But doing so only heals and empowers you. Because the people involved in the SYSTEM have been extorting money and slavery from us for so long, they are extremely arrogant and are used to getting their way. The Dominion of Canada, for example lies vacant as there are no offices of the government currently occupied as we are it has been forcibly and deceitfully taken over by a small number of people in their private capacity, who dictate through the Privy Council and a few other organizations as to how the de facto Government is to be run. It is a complete outrage that section 15 of the Criminal Code of Canada exists, nullifying all criminal crimes, yet every day they convict people over and over again. It is active treason going on before our eyes and under the Dominion of Canada they could all be hanged for it.

The amount of damage that these people are doing to us and our planet is huge and with every step that you and I take to stop it, the more difficult it is going to be for it to continue. Nope there is no place to run or no easy out, however myself and others have blazed a trail for you and many have lost their lives or imprisoned in their quest to seek out the truth and peaceful ways of regaining their freedom. One only needs to look at the Browns who were convicted in the U.S.A. for not filing their taxes, when no law exists that says they have too. They are simply enforcing hidden contracts and because it is fiction, they do whatever they want to you, irregardless of what the law may or may not say. These are the kinds of people we trust to run our Countries? To come out of Babylon we need to recognize that these people are completely dependant on living a life style of luxury and gluttony at the expense of all those around them. It means we have to squarely expose the fictional reality they portray and start sending them to prison for crimes against us and piracy, however we don't have crimes on God's side, we just have justice of what is right and wrong in love. We do not have to sit back and see our children disappear or be gobbled up by Child Protection Services where they are physically, sexually and mentally abused and in some cases simply disappear for Satanic and Pedophile rings that are rampant in this SYSTEM.

Can we afford the kind of fiction in the form it currently is or do we recognize the fact that we are the masters and they are the slaves and take the steps necessary to make that reality? We are giving them the power to do what they are doing because we sit back and think there is nothing we can do to stop it, when in fact a small group of people with the know how can take Winston Shrou's Knowledge of the SYSTEM and other sources and stop these people from harming them and everyone else. As the pressure mounts and they start corralling the sheep into their giant Concentration camps, chopping off the heads of the sheep that don't make good slaves, will you wake up then and start doing something? The camps are being built and trains are being made ready, filled with Shackles and Gelatins, from China. When they blow out the economy and there is no food, where will you go? If you knew that your signature was the money, would

you go to the bank or go on a train. It is simply a matter of knowledge and teaching others will bring this whole thing down and restore our freedom.

It is difficult to be on the front lines. It is hard to make things happen that should happen to restore freedom for all. It doesn't have to come down to a physical fight, as much of this is all about knowledge, which can be used to set us free. I don't think we can afford the luxury of time to sit on the sidelines and wait for someone else to do something for us, as these people are predators and will pick of the weak, avoiding the strong. Do you want to be a hard target or an easy one? We have all the power within us to change this. We simply have to start taking action. It is your choice and the time to choose is now, as later on down the road, they will make the choice for you.

In terms of Fiction I think Common Law addressed it properly where it made it illegal for a contract to exist between the living and fiction. The living return to their natural infinite state of love, where as the dead fiction reside within an imaginary world of fiction, which only receives animating life force by the light which focuses on it. This is the power of the illusion around us, we simply give life to that which we bring into our awareness, forgetting that we are the ones that animate that awareness, thus we control it. It is keeping Fiction in check as it were so we may use it to enhance our experience while we are in this level of existence, not have it control us. We cannot force our values or demands on the living, but fiction has no will or life. The simple fact that a small group of people have turned fiction against us all as a means to control us is fundamentally wrong. However the force behind that fiction is the exact opposite of Infinite Love. Thus being parasitic it must find ways of making us control each other to advance it's agenda, which ultimately feeds low frequency fear energy into it.

Sadly it is beyond the comprehension of many caught up in the SYSTEM as to their authority and true nature of their work to it's out come. If they were aware of what they were doing, I would think many would simply walk away from the Banksters and help their fellow man in restoring balance and solving these artificially created problems, such as poverty, famines and uprisings between Countries and Religions that are so skillfully played out on a day to day basis. It is coming to the point that Police Officers think of themselves as Gods and we should be licking their boots, while they abuse us. It is starting to get extreme and I think it is waking many people up to the reality of where we are. In terms of using Commerce as a way of correcting this, it is difficult in Canada because of the Government getting rid of anyone who is not a Lawyer. Lawyers are practicing Piracy and have no interest at all in assisting anyone caught up in the SYSTEM. It is a fallacy that they can be called Notary

Publics as all they want is the power of the Notary to extend their powers, but not to help those who come to them for help. It is all about money too them. Further Commerce is wrought with Fraud and the only thing that seems to matter is the simple fact that those in power can make lots of money off the suffering of the masses, with impunity. It is not sustainable, however without it at this juncture in time we would not have a SYSTEM at all, which supports the very fabric of our lives to the ends of allowing us to live withing this world. JESUS had it right by throwing the Money Changers out of the Temple. It is perhaps time that we did the same.

If you are thrown into court here are some good questions that deconstruct the fictional world being put before you. It comes from Sam Kennedy's Program Take No Prisoners on August 31, 2008.

I am who I say I am. Can you please identify yourself for the record?

Is that your given name, sir? Were you Christened "Magistrate Jones" or is that some sort of legal fiction appellation?

By what authority do you come before me?

By "representative," do you mean an attorney?

Are you trying to engage me in a controversy, sir?

Do you have a copy of the administrative agreement in front of you?

Why are you trying to introduce me to an agent of controversy (ie. attorney) when you have a copy of the settlement and estoppel in front of you?

Would you please state for the record the specific jurisdiction that you are claiming?

How am I to plead if you will not state the jurisdiction? In the common law I would have to plead innocent, isn't that correct?

Is there an injured party of substance that you can point out, sir? What is the law form by which you are claiming jurisdiction?

Is the criminal jurisdiction you're referring to common law, admiralty, penal, or commercial?

Did you say penal? Are you not aware of the supreme court rulings that a sovereign man is not subject to statutory authority?

For and on the record sir, if you are professing to be acting under statutory authority, then does that not include the Uniform Commercial Code? (Leads to discussion of settlement and the default.)

Do you not have a copy of the administrative agreement to which all parties have agreed willfully and to which Mr. Jones has waived all rights of objection?

Common Law? Where is the injured party? Can you have a corporation or agent thereof making a claim as an injured party in the common law?

Admiralty? Can you please point out the arrested vessel? I don't see it here today... Oh, you're confessing that there is no vessel? Well sir, then there is no court. Isn't that correct? (See section on attacking the claim that it is not an admiralty court.)

It is my understanding that without my consent you cannot force me or my free holdings to be surety for this charge, isn't that correct?

Where do you want to go with this Sir? -kidnapping?

-assault against a foreign official?

- piracy on the high seas? -plunder?

- trafficking in slaves?

20. Is it understood that I will not be referred to by an appellation that applies to a legal fiction procedural phantom?

21. Are you trying to coerce me into slavery by forcing me to confess to the status of a U.S. subject? \

20. I am moving this court to dismiss this case with extreme prejudice (over and over again).

Judge, by calling me mister, it appears that you are operating under the assumption that I am an ens legis U.S. person. Just what are the assumptions here? Are you assuming that I am consenting to these proceedings? Are you assuming that I have elected to submit to the jurisdiction? Is that your assumption, for and on the record? Do you have a contract where I have confessed to being a U.S. subject? Do you have a secret lien based upon the birth certificate, social security number or a bank account? Is that where you want to go, to lock me up and attempt to coerce me to contract? It is my understanding that you cannot lawfully proceed if I do not consent, and that you cannot lawfully make me consent. Is this not correct? Yes or no, for the record.

Since you have not objected to my status nor brought forth any reason why I should consent or any power to proceed without my consent, then I move to dismiss the case with extreme prejudice (essential sound bite).

23. Sir, you had better kill me and all of my friends because once I get out, if it takes me forty years I will collect on the liability which is attached to kidnapping and any of the other crimes that you commit in this courtroom against a living man on the land, and any one else who objects to my status as a living man on the land with a rebuttal or counter claim. Do you want to digest that for the next couple of decades?

Sir, do you have a power of attorney to confess that name for me?

20. Sir would you like to step down and testify? Raise your right hand and put your left hand on the bible, and let's see if you have the authority to be doing what you are doing here today.

25. Please state your authority to come before me as a sovereign man on the free dry land?

Your silence is your agreement (essential sound bite).

30. We do NOT repeat ourselves over and over again as that will predictably lead to a contempt threat. Instead, we:

-request or inquire

- give notice of default and perhaps notice of barritry

-enforce, perhaps with a warrant for arrest of bond, a peace bond, an actual arrest, an order for someone else to arrest, a recusal, etc.

Sir, there is a question on the floor and you need to answer it on the record, and if you don't then I will answer it for you. By what authority, venue of law, and jurisdiction are you here before me today so that I may understand the rules by which we are operating today?

If they threaten contempt for asking questions: Fine, then I will ask for a judicial determination. I need judicial determination on whether a request for a judicial determination can ever comprise contempt... I need judicial determination on whether a question about procedure, law or facts can ever comprise contempt...I will ask questions until I get answers. Are you late for a round of golf? Do you not have the time to answer or

do you wish to proceed with a party that does not understand?

If they don't answer our questions, we assume their answer and read it into the record: "I will take your silence to be your agreement."..."Let the record show that you failed to respond and therefore you agree, for the record, that you have misappropriated \$500 million dollars of funds intended for public benefit."

Have you not been noticed of my declaration of political status which has been accepted and witnessed by three of public officials?

Have we not already established that I am the only sovereign here, and the supreme authority here, and that all of you have confessed that you are my public servants? Here is my order. I move for dismissal with extreme prejudice. Or would you prefer to proceed ultra vires in felony breech of office, applying statutes against a sovereign man and without my consent?

Are you not aware of the civil contract that's in effect here? I am the supreme authority here. You are the public servant. And I expect you to fulfill all of your lawful duties beginning with...

Perhaps you would step down and establish yourself as a sovereign man instead of a fiction magistrate. Would you like to do that?... Does anybody wish to declare their sovereignty on the

record?... Good, let the record show that I am the only sovereign man in the courtroom. I am the undisputed supreme authority here. Are there any objections?... Good. Here are my instructions...

This is your court? Do you happen to have a d/b/a filed with the county? For the record Judge, is this court registered to do business with the secretary of state? Are you an officer of a corporation noted in the books of the secretary of state? Because if not, and if this is in fact your court, then you would be the surety of record for the criminal liability of operating a private court under the color of law. Would that not be correct, for and on the record? - Have you filed a UCC 1 against the court? -Do you have a bill of sale for the court? -Are you registered to do business with the state? -Is this court registered on Dunn and Bradstreet?

For the record judge, what would be the venue by which you are claiming jurisdiction to hear those allegations?

It is my understanding that a sovereign man on the land is not subject to statutory authority according to your own Supreme Court. Is that not true?...So I am stating for and on the record that I am a sovereign man on the free dry soil of the land. Does anyone wish to object? Do you have any evidence to the contrary? Do you have a power of attorney granting you the authority to disqualify my chosen political status?

I do not consent to these proceedings or to liability to your corporate statutes. I deny being a corporation. I deny being a procedural phantom of any sort. Does any one have any cause to object?

Do you not have notice of my political status in your possession? Has the world not been duly notified of my political status?

So what are you going to do about it? Do you want to go to kidnapping? Slavery? Assault on a foreign official?

I won't be so forgiving if you mention those commercial charges (allegations) again after we have established their inapplicability to a sovereign. Any such representation will comprise an enticement into slavery by coercing me into presenting myself as a U.S. person / subject falsely, against my will, and in contravention of the convention de la Hague of 1961.

You can add and subtract to this. One thing I like is the word License. It is defined in Blacks 7th as: *"A revocable permission to commit some act that would otherwise be unlawful; esp. an agreement (not amounting to a lease or profit a prendre) that it will be lawful for the licensee to enter the licensor's land to do some act that would otherwise be illegal, such as hunting game."*

All the lawyers have a BAR card which is their license to practice law. Now then who's land are they operating on? Your land? God's Land? Queen's Land? I rather doubt that they have God's signature on their Bar Card's to operate on the earth, thus they make reference to imaginary land such as cities. God did not create any laws. So you should be aware of what land you are standing on, which is the earth and ask them if God signed their Bar Card.

Further because God gave us dominion over all the earth, it may be construed as being our land and that as long as they get our permission, hence consent once again, so they can break any laws they want to get their convictions.

No upon conviction you will never hear them say that you were lawfully convicted, only duly convicted. Why? Because it takes two to make a contract, you and the Judge. If you don't agree or submit to there ruling, there can be no contract, even though we know contracts only exist within fiction. And that's the whole point of everything, it is all happening in fiction, yet if you bring up this sacred cow, they will badger you down to the point where they won't want to hear your side of the argument. Instead ask questions that would define a person, never argue with them, because that creates controversy, which allows them to disregard your concerns or put you into contempt, which is another unlawful tactic. Getting back for to our above definition of

License for a moment, look at the Latin word used, “Prendre”. It is defined as: *“To take. This word is used to signify the right of taking a thing before it is offered.”*

You will clearly see that license is a right to steal something that isn't theirs, by definition of Prender. Thus the license is a form of a Letter of Mark, the right to piracy on the high seas, except, this pertains to land, or rather imaginary land, because they couldn't get God's blessing to do it in the real world.

Another trick to watch out for is that charges will be drawn up quite frequently on an Information. An information is only a hearsay and has to be investigated by the POLICE to verify if it is true, before any force of law can be taken. Many times especially with CRA and IRS they will go to the JUSTICE OF THE PEACE and give them the information, but the CRA agent or IRS agent will not sign off on the Information and the JUSTICE OF THE PEACE signs it, but the JUSTICE OF THE PEACE has no first hand knowledge of the alleged crime and thus is committing fraud. Thus their signatures are often just little squiggle marks and they use a stamp to stamp the PERSON in their imaginary world who took the information. In order to lawfully lay charges, there needs to be an Affidavit of Probable Cause made. They won't do this, because the laws they are saying you broke are all statutes and only apply to the Lawyers, what they are after is your consent. So they do false information and get the POLICE thugs to work you over to get a signed confession, which is Promise to Appear. To appear as an actor in their play so they can extort money and freedom from you.

Another aspect to License is to ask the question, if a license is permission to break the law, by who's authority has granted you this and how many laws have you broken so far to bring this alleged crime before me? Pick up the Criminal or Penal Code and start flipping through and checking things off, you would be amazed at how many laws they have broken. Kidnaping, unlawful confinement, assault, trespassing, fraud, treason....

The individual laying the charge must be the one to sign off on the affidavit of probable cause or at least the hearsay information. Many police Officers will have some other officer fill out the information for them based on their notes and sign off the information themselves, without having first hand knowledge. This is of course fraud. You have to ask a lot of questions and destroy their illusions of authority and righteousness. The whole point of JESUS was that he came to free us all from bondage of law. You can make use of

his parables and ways of dealing with things and use Elizabeth-Alexander-Mary: Windsor, Defender of the Faith as your force of law, lawfully anywhere on the earth. It is unfortunate that we could not find a way to use laws to benefit all of man kind. In many ways it does, but in all cases it has been used as a tool to enslave us for the benefit of the few. The only way out of this is to make use of the immutable truth of the Law of One and deconstruct their illusion of power. Nope, it won't work all the time and as for the Queen getting involved in helping you, she is required too or she can be replaced, but who would do that? I am not sure. She has acted upon things in the past, which gives me hope that she will in the future if properly approached as the Defender of the Faith.

If we keep this imaginary game going for much longer it may empower evil to destroy us. I don't think any of us want to see that. So please share this knowledge with others and help one another. Together we can turn this around.

### **The Fiduciary Process**

I don't know if this is as much of a Process as it is a simple statement. A Fiduciary is someone who is appointed to settle and close the accounts in the matter relating to the charges against you. Anyone can appoint anyone within the SYSTEM who holds any Office to be a Fiduciary. This comes in handy when the Crown Prosecutor is trying to put you in Jail, then by some miracle after you appoint him a Fiduciary all the Charges are dropped and you walk out as free Man/Woman as you are using law to free yourself and not your dominion as a man created male

or female by God. There is no truth within fiction it is a grand illusion, thus by making those that are creating the illusion accountable to what they are doing to you, they simply don't want it done to them. Interesting eh? Perhaps this is a new way of loving thy neighbor? Any ways Lawyers and Crown Prosecutors tend to try to squirm their way out of Fiduciary duties as they want to continue being pirates and make lots of money off your suffering. So from time to time you have to do other things to force them into a Fiduciary position. Even Judges at times will not enforce Fiduciary appointments onto Crown Prosecutors and Lawyers.

In terms of enforcing a Fiduciary appointment you simply create a bond and start adding people to the bond that do not do their job. Ask them after they have been added to the bond if they will now do it. In the end you can execute a lien against their sureties by allowing the IRS to be a 3rd party debt collector and thus removing them from being able to "Practice Law" from an insured perspective or you can hold a public meeting, exposing them to the public as to why they are not doing their jobs. In the end you can pull the rug out from under them and move the court to the Court of Original Jurisdiction, which is your Court given too you by the Creator and set the law yourself. If you do that then rescind your signature on everything you have not accepted for value and returned too them. What they are doing is trying to enforce their private business onto you without your consent. They are actors in fiction and as such have no standing in your court.

It is truly about belief. If you believe that Power of the individual is sacred in that nobody can have more or less power than anyone else, then that will show in your words and conduct. When the world believes this we will all be free. In truth these people are doing what they are doing for it is what they do to seek their form of salvation. It is their belief system that is driving them to do this. It is odd that they can call themselves Christians and goto church and all, yet they bow to a man and seek salvation through Court System. I didn't start it and I don't think I fully understand it, but it is what it is. It is based on their belief SYSTEM I think it is, that God will appear before them as a man, remember the Jews are still waiting for their Christ God. So perhaps because they may have turned away from LORD God's teachings and focused on the physical is interesting. When we bow to those who hold the greatest perceived power, it is about power. There is no ethics involved with their power and thus why they are in their final throws of life as a legitimate force of power, as they hold no ethics in balancing that power.

### **Acceptance for Value**

I wrote this section from the perspective of how to properly use Commercial Law. **However it is important for you remember that when you Accept a fraud for Value, there is no value.** You will never hear Winston or Sam Kennedy or the others, except for Robin talk about this aspect. However, simply ask yourself what value there is in fraud? There can be none. Thus what is truly happening is that you are making a confession that you are a fiction or use fiction and thus bowing to their false God. This allows them to assume that you have given up your dominion over the earth and they simply do whatever they want to you. I have been revamping the book as much as I can to try and emphasize this fact, but I know I probably have missed some areas. This is one section though where I want you to see how easy it is for illusion to take over versus the simple truth of dominion. Doing an Acceptance on Certified Copies of Laws for example, simply tells the Court that you are operating in fiction and thus fraud begets fraud.

I have made mention of the Acceptance for Value in various parts of the book and at the beginning even made reference that you had an exemption, which you could use to pay your taxes. Because this is so fundamental to everything you will be doing in the future in terms of adjusting your imaginary accounts, it is important that you should know how to properly use it.

As mentioned earlier your Signature has value. When you sign a piece of paper and it is in Canada, that piece of paper can be converted into real fiat currency via section 30 of the Bills of Exchange Act. I believe this to be similar on the UCC and other Jurisdictions, as it is your energy that animates the imaginary world. Too that end your signature has value and is used world wide to convert all kinds of things into money for the powers that be. Hence why you are seeing an explosion of inflation at the moment. They are taking that money and buying up properties all

around the world. When you do an Acceptance for value on anything it becomes your property and you can even list it on your UCC Financing Collateral section as being collateral of your debtor. Next section we will get into UCC Financing Stuff. For now just realize acceptance means you are honoring an offer off someone else or fiction. You return the Accepted document too them and because you are the now the owner of that document, you are in honor and creditor and thus you get to set the terms of what that document represents.

Let's say you are presented with a Judgment from the Court and asked to sign the Judges Orders. The Judges Orders being the Judgment is an opportunity for you to settle and adjust the account by doing an Acceptance on the Judgment Order and adding in for full settlement and closure of the Account related to the Case. Thus by doing this you take away their right to us the Judgment for anything else except for settling the money owed on the case for that Judgment. You simply accept give it to the Judge or Clerk of the Court and walk out a free man or woman. For people already in Jail a Surety Bond needs to be created for set off of the original case number and perhaps an indemnity bond to bond the Warden and all his subordinates at the Jail House, but we will get into that a little deeper later.

So how exactly do you do an Acceptance on something. Well it varies a bit depending on what you are trying to do. You use a blue pen and write across the document on a 45 degree angle the following:

Accepted for Value by Drawee Without Levy Signature, Date Exemption ID# 123456789 (SIN or SSN) No spaces or breaks between the numbers.

If you were signing a Judgment let's say, you would add: For Full Settlement and Closure of all Accounts related to this Case.

If you were signing a Summons for Jury Duty add: For full settlement and closure of account related to this summons. Or For full settlement and closure of the account related to this Summons and I will accept your Offer for Jury Selection upon which I will be an actual Jurier standing outside of the Jury Box as and be under my own authority to make a decision concerning any case brought before me. Watch them jump now!! I wouldn't try this without being under full commercial liability and bonded, as I explain bellow, but it would be fun eh? If you didn't want to do Jury duty send along with the accepted summons an Admiralty Merchant Notice of Protest, asking them to state where they get their authority to use your body as a Surety for Jury Duty, giving them 10 days to respond by mail to a 3rd party receiver. Get 2 people to verify your Notice and have everyone sign, by Agent:. I'll add some example notices in at the end of this chapter for you as well.

This gives them everything that they need to set off any debt against your STRAWMAN, up to a point. That point being that your Strawman does have a somewhat limited amount of funds to play with until you do an acceptance on your Birth Certificate and send that into the Treasury. The US Treasury is a substance bank that can convert your Birth Certificate into an unlimited source of funds for your Strawman. What they have gone and done is put a limited amount of funds on your STRAWMAN, which puts your vessel under limited liability and thus under their Jurisdiction. When you do an Acceptance on your Birth Certificate that converts your Birth Certificate to full Liability once you send it into the Treasury. You also need to send a Bond and Bond Order along with your Birth Certificate to the Treasury making the Secretary or Minister of the Treasury your Fiduciary and gift the Birth Certificate to the Treasury to do whatever best suits the Treasury. This is quite an involved process and to do this properly you should pick up one of Winston Generally oriented or beginners Seminar. It will come with the bond templates and instructions on how to do all this. Once done your Vessel in Commerce, the STRAWMAN will be fully insured and thus you will be completely protected from any prosecutions against you as man or woman under their Statute Laws. Further it allows you to subrogate all fictions within the imaginary world and make them do what you want them to do, so long as you are not harming anyone through an act that could bring in Common Law Jurisdiction, thus keep the Law

of One in mind when you are doing things and everything should be fine. You are no longer bound by fictions for you control them through the bond and liquidation process.

In terms of Citizenship of your Strawman, sending your Canadian Birth Certificate to the US Treasury may affect your ability to get another Birth Certificate and bring into question what your Strawman's Citizenship is. If you do this I would only do it with the Treasury located in the Province your Strawman Resides. It is typically the Justice Minister that runs the Treasury. However nice this sounds, if you are dealing with people who have taken false Oaths it won't matter, what you do. They will simply adjust the books and keep the money. I am yet to see anyone get any kind of relief from the use of these bonds, although Winston and others may swear by them, there is no evidence in my area that they are working. Further what you are doing by sending in your Birth Certificate to the Treasury doing it Winston Shrouts way, is you are attaching your body to the imaginary vessel and then gifting it to the fictional Treasury. They are looking for ways of holding your body as a form of surety so they can proceed against you. If the Treasury won't pay your charges or taxes etc., you are basically screwed. Your out of course is still Genesis 1:26 you can restore your dominion at any time, just state it and it has to be returned too you. They cannot do anything too you without your consent. Be very cautious when people say something works, always ask for proof and get it backed up by the people in Government that are doing it. There are lots of scams some are passed on too the sheep others are directly overt and in your face.

Dunn and Bradstreet holds the Bond ratings on everyone and is not adjusted the ratings of the people and Provinces etc. that are operating under false Oaths. Further Confederation never happened in Canada the way it was suppose to. Statute laws are full of fraud, but because it is private law, who cares. The people have no authority over changing or interpreting the laws, just the Lawyers and their Law Societies.

How long this lasts I am not sure. It is promising for the future in that it allows us to make use of law in a way that is positive and ensures Justice. The problem we have with CRA or the IRS zeroing out accounts by doing acceptances such as we have done above is that they simply pocket the money and come back asking you to pay again. They don't adjust the accounts. Thus Winston Liquidated the IRS to the amount of about \$400,000,000,000.00 just to get them to send cheques along with their statements. Just because you have the power to create the funds, doesn't mean that the Banksters and Fraudsters are going to lie down, they are looking for every opportunity that they can to steal money and they do. However in Court Situations if you Bond the Case then you are paying the charges and any related matters around the case and they set you free. A Bond will pay a Promise and a Bill, a Promise will Pay a Bill, Bills are what the Statute laws all are and if bonded have the power of the People behind them, if not they are rogue bills and can be bonded by anyone. The Income Tax Act in Canada is probably not Bonded, as it is with most Tax Acts around the World. Canada will not give you a certified copy of the Income Tax Act at the moment, but perhaps as we weed through the Parliamentary Clerks bonding and liquidating them one after another, we will eventually get that Certified Act. When you have a Certified Act of Any kind, you can simply do an Acceptance for Value on it and you own it. You can also Bond the Act if you know it's exact spelling etc. as you don't need a certified copy. In Court Situations you should always ask to see what Acts that are in the court and that they all be certified. Any Act or Law that is not bonded, you should bond prior to start of proceedings. Anyone bringing in a law without the certified copy of the Act that the law comes from, is entering hearsay evidence into the record.

Acceptance for Value is the most fundamental thing you need to know about to scoot around issues brought up in the system. Protecting your newly created money from those who would steal it is the other most important step. Having a Notary Public or lots of witnesses minimum of 2 with you when you serve these acceptances is very important. Also you can register the acceptances I would think on your UCC Financing Statement as collateral. In Canada you can register things through Canada Customs using their forms. Canada Customs is the County Recorder Office for Canada and is directly tied in with the Treasury.

## **The Box**

I wanted to touch a bit more on the Box thing before we move on. In Law, anything inside a box is deemed not to be part of the whole. Thus meaning if you were to take a document such as Promise to Appear and draw a box and sign your name in the Box, it would only apply to whatever is inside the box, not the document.

This applies to the Court Room as well. When you goto Court you have the Prisoners Box, Jury Box, Judges Box, Clerks Box and of course the Bar Box. The Court is actually what goes on in the Peanut Gallery not the Boxes. This means the Prisoner is not there, The Jury is not there, The Judge is not there and the Clerk is not there. Remember the Court is a bank and the only thing that they are doing is trying to settle the case account in relation to the charges. The Crown Prosecutor has submitted a wager to the court that he can get a surety to pay for the charges in the end. Thus when you answer generally or sign things generally you are agreeing to be the surety for the imaginary STRAWMAN in the court and thus transferring the liability of the charges from the Crown Prosecutor to yourself. The only two people in the Court are you and the Crown. The Judge only comes in when you lift him from being a Rabbinical Priest (Magistrate) to a Judge. Do this by getting him to anti up on his Oath of Office, his identity and bond. You must also give him Jurisdiction over the case as he needs your permission to make a Judgment of which you can accept for value. Fictions cannot accept anything for value and thus the Judge and the Crown are at your mercy if they break the law, and do they ever break laws!

So if you ever get called in for Jury duty you now know why Judges can simply take the entire case back from the Jury and dismiss them if he/she doesn't like the verdict; the Jury isn't there!

Another thing about the box is the use of brackets. If you take a look at your T1 Tax forms or 1040 tax forms in the USA, you will notice that they put up brackets in some key areas. In law when something is put in brackets it means that the contents within the brackets is removed from the document, thus it isn't there. This is how they get you to assess yourself for taxes, is they reference you to a guide to how much tax is owed by putting in the brackets, when in truth there is no income to be taxed because you are only exchanging labor for labor. Further you might take notice of what you see enclosed in boxes. The forms begin to take on an entirely different meaning don't they?

The money you earn throughout the year is refunded too you via the 1099 OID form in the States and CRA will accept a made up form based on the 1099 OID for Canadian filers. Again the problem we are finding is that they want to keep us as slaves and thus ignore such things here in Canada. Thus what is needed is enforcement strategies to be created to ensure they do what they are suppose to do. At the time of writing this book, there is much work going on to do just that. Dr. Sam Kennedy has some of the best strategies to offer based on the US System which are being looked at in terms of adoption for Canadian filers etc. Just listen to his archived shows and get your hands on as much info as you can from him. Every Country has slightly different situations, but it comes down to creating commercial liens against those who would block your lawful remedies.

## **In Defense of What Exactly?**

What they want is a DEFENDANT to be a SURETY for the wager that the CROWN PROSECUTOR put down using his/her bond to pay off the charges that were made against a FICTION called a PERSON, within a private society run by lawyers for lawyers. The system is completely rigged to allow them to draw whatever outcome they want. Truth has no meaning within a fictional world and no amount of truth will overcome a fictional world. Thus why are you spending your time and money acting as they want you to be, a DEFENDANT? Keep in mind that DEFENDANTS cannot win if they are defending, only those who prosecute can win.

Appointing others as your Fiduciary and doing things outside of court to settle the matter privately saves them face and removes open confrontation. The other approach is simply notifying them

that you are a flesh and blood man within the dominion that God gave too you and question their authority within that dominion. Some say you must not mix the approaches, but both are very valid ways of dealing with matters brought before you concerning the courts.

I am not wizard as it were with all the paper work that is involved with the LEGAL SYSTEM and nor do I want to be. However I have mentioned a few people throughout the book and in my acknowledgments of people who do develop ways commercially and through faith to deal with the Court System. Perhaps I may create a slew of paper work and techniques to help deal with the Court System and all the endless trappings their in, but I do think that ultimately we are dealing with a fictional world owned privately by a small group of bankers, who are forcing their will onto us all. They create the religions, prisons, courts, money and societies and thus Countries, which when examined are all de facto puppet governments. It is important to have a grasp of the fundamentals of what drives all this being the Talmud and the Banking aspect of the Courts and using strategies that resolve those issues. You have to take time to research and learn from those that have developed successful ways of dealing with these things and decide what is right for you. No Lawyer is going to help you in this path, but will often give you clues of what to do in terms of opposite of what they say to you.

Ideally you simply want to appoint a fiduciary and send all your tickets, etc. to the fiduciary to resolve for you. This is what Winston has done and seems to be working for him. The idea of going to a court to destroy the foundation of authority is meaningless to a point. Why expend all that energy, just teach others about what is going on and what to do about it and eventually Rome will fall anyways. If you are dragged before a Judge against your will, then by all means destroy his/her imaginary authority if that is what it takes for you to get free. Personally I would question them if they stood for their Oath and then bring up Genesis 1:2627 and ask them where they get there authority over you as a man created male or female within the dominion that God created for you (or probably more accurately within the creation that your creator, created for you)?

The only problem I have with trying to get the Judge to stand for his oath so you can terminate/dismiss it based on you have dominion over the earth, is that you are asking a fiction if he stands for an oath written in fiction and a language, which can only be interpreted by lawyers and is unintelligible at that, by their definition of legalese. Further to bond them using private fictional laws, being the UCC and the bonds also resides inside fiction and thus gaining any kind of corporation from a fiction is like grasping at air, nothing is there. The entire LEGAL system has been designed to enslave and deceive people. It is not about justice, only about putting power into the hands of the few so they can have their New World Order. However this is what we have to work with at the moment other than stepping out of the SYSTEM, which again requires a fiction to leave us to get an actor in fiction to be responsible enough to recognize that they have no power over the living. Wherein their entire careers have been based on lies, deciet and extortion over their fellow man.

Some people as I mentioned earlier believe that they are the Bonded Servants of Christ and that is where their bonds come from. You can't use this as there is nothing in the King James Bible to support it. The objective is not to argue but to terminate or dismiss the case and leave. You can't argue with fiction, there is nobody there to argue with, nor any truth or fact. Posing the question, how can there be any truth or fact held within fiction? The answer is none, so simply terminate the case rebut their objections with the truth, get up and walk out.

We are not fooling around here, they have perpetrated a mass fraud on us and these Judges simply regurgitate what they are told. They have reportedly a very large retirement fund stolen from the many people they have victimized over the years. There is little doubt that they know what they are doing and anyone involved in the JUSTICE SYSTEM that does not question the foundations of what they are doing and remove themselves from this fraud are open game for you. There is no Justice when you are considered to be a slave and thus property of the State. Truth and Justice, give me a break; that only exists in the television shows, which is part of the mass programming that goes on daily. This is about extracting as much freedom and money from you as possible,

in order to allow the few to live in positions of ruling power, of which they cannot show where they get the authority to do so.

There is much work ahead of us to resolve these issues and I know I can't do it alone. We need to group together and support each other. Standing alone against a huge system of deceit and lies is hard for anyone alone to do. It is designed to tear you down and make you feel worthless and hopelessly dependant on lawyers, who are the real vultures in this tale. It is about standing up for what's right and realizing that the costs of not standing up against them will only lead to mass concentration camps and enslavement of us, beyond what it is now. If all you do is simply share this book with someone else, you will be opening a door to them that will set them free, if they so desire to learn. As we know, no one can make a horse drink, you can lead them to water though.

### **My Word is My Bond**

We have all heard this statement before and many of us akin it to the what we say to others is what we will do. It is beyond a Contract in that it is our Word that we are putting forward, not a piece of paper with handwriting on it. Our Word is actually us stating what they would say is our Name. We are putting our name or reputation on the line. Our word is by definition means, a promise an assurance or promise; sworn intention. It also means, A command or direction; an order. Interestingly Word is not defined in Black's Dictionary as Slaves have no capacity for giving their word, only their Masters do? Bond is defined as, "A duty, promise, or other obligation by which one is bound." or "A binding agreement; a covenant." Because we do not have names we can only signal our intentions by giving our Word that we will do something, this resides within the real world. The Bond aspect resides in the FICTIONAL world as only FICTION can be held in bondage. Yet within fiction no truth can exists so there is nothing there that can be truly bonded.

Of course this violates God's will Genesis 1:26-27 and within the concept of Creation we are all free. Outside of the Bible there is nothing in nature that says we are not free, thus we may signal our intentions with the phrase, but there is nothing to hold us accountable to doing so, naturally. Their has been some notions raised that our signature is also a method of giving our word as our bond, but Signatures are very different.

Signatures are very different than giving our Word on something, Signatures require agreement. Yet signatures reside within a fictional world and make use of Names. So if a Signature resides in fiction, where does the agreement come from? No where, for there is nothing within fiction that has any capacity to reason. You do not have a Name so all names are things of fiction. A signature being used in placement of your word on something is fraud, but again everything they are doing resides within fiction and thus is fraud. A Signature represents the will of a PERSON in validating an Instrument. Thus they want you to become an Actor in Fiction and provide a Signature Prop for their Play. It might validate the Instrument, but a Signature is not agreement and thus it is not defined as such in law dictionaries. Signatures identify PERSONS not the living man or woman or man created as male or female by God. Only an imaginary entity called a PERSON can create signatures and a PERSON has no capacity to agree to anything nor offer or receive any consideration.

The object of the Extortion Game is to get you to go along with the scam, in that you are one of the actors, in the imaginary play. It isn't until you take your authority as a man male or female created by God and true standing in dominion that you can stop them dead in their tracks, so to speak. They cannot prove they have higher authority over you once you ask them to prove that they do, their game is done. There is no reason why you cannot rescind signatures Nunc Pro Tunc (from the beginning) on everything you signed and walk away.

Finally, you are not the Bond nor the Signature. Because Law only resides within the Illusion or FICTION the only thing that can be held accountable for anything, is FICTION. Your Signature resides within FICTION and therefor is the only thing that can be seized as surety for

anything, and only then if you agree to it as it is your creation and thus you have the highest authority over it. Your body is absolutely sacred and again you are not the Signature or the Bond or Contract, it all resides within the Illusion. An ACTOR IN FICTION has no free will nor any capacity to communicate anything of FICTION to a living man or woman, nor a man created male or female. Signatures reside in fiction for God need not sign for anything, for God is everything and has created everything that exists of which we are all part of, hence again the Law of One. The ACTORS IN FICTION are only Acting out a giant play before you, of which all their authority evaporates into nothing when openly challenged. No Bond is required in love, for love has no need of law, infinite love is the mutual clarity of what is true and right of what needs to be done to help each other in life. Illusions require laws to support it hence why we put faith into handwriting versus knowing what must be done in love to achieve the outcomes we need together. To give your Word on something is meaningless if there is no intent to follow through on it and to force someone to do something they gave their word to do is no longer to honor them, but to enslave.

The people that started this quagmire were indeed Rabbi's, but also they were Magicians. Jesu was a Rabbi Magician schooled in the Ancient Mystery Schools, who was eventually killed for trying to share the secret of immortality, however he did create the Druid Religion and help the Romans perfect their warfare techniques as well. Everything that is happening today is derived from knowledge of Illusions. They can only make offers too you to join their Illusion, it is up to you to know who you are and outright reject them. If they overstep their boundaries you have the power to issue Arrest Warrants of Fact on their BONDS and PERSONS. You have the highest authority when they involve you in their scams, so make them aware of that and they most likely look for easier prey to catch.

### **1099 OID and T5 Process**

Note I am still researching this T5 Process. I have heard from Sam and Winston that the 1099 OID process works really well in the USA SYSTEM, but as yet the T5 process in CANADA makes little sense to me. I am not sure if the T5 or T5008 are the right forms at all, for recouping your tax dollars. I am not sure if the process actually exists or not. The Recipient is your STRAWMAN as the STRAWMAN is the bank account. So money can only go to and from the strawman, not the living man or woman or a man created male or female by God. Ultimately my take on this is, that if we issue the credit through a signature then we are entitled to any proceeds created by that signature. How the paper work goes with the CRA is anyone's guess at the moment. But ultimately these people our suppose to be our servants and we should simply be able to tell them what we want them to do and they should obey us. However nice that fantasy sounds, that is really what is suppose to happen.

I decided to remove the section on 1099 OID and T5 process, mainly because there is no way to enforce it. Perhaps in the USA they might for now, but the Courts in Canada and throughout the Commonwealth for that matter are filled with charlatans that have taken false Oaths or the Kol Nidre', or both. I rather save you some time here. In terms of what is going on, just remember that they are using their False God system against you. You use their False God System the and thus bow to a false God and you have an extremely prejudice court good luck. It all revolves around consent don't take the bait. charge and they are asking you to complete the circuit by simply claiming it so they can balance their books.

Securitization The Court has to sides too it the PUBLIC which deals in fiction and the PRIVATE that deals in Substance. There are two sets of books being managed. On the PUBLIC side the Clerk holds the Account Receivable books and is looking for payment to adjust accounts. On the PRIVATE side there is the Accounts Payable books, which the Judge holds. Now the Clerk of the Court is never shown the Accounts Payable and thus can give testify under oath that the account has not been paid. The Accounts Payable side which the Judge has, shows the bonds that they created in your name, worth in some cases tens of millions of dollars and everything with your signature on it that has been converted into money. Everything in a court cases is Securitized, meaning that it all has a monetary value to it.

If the Judge has your SIN or SSN etc, then he is definitely creating money out of thin air using your Treasury account, but your signature is enough according to the Bills or Exchange Act. If you do not bring up the issue about the Accounts payable books and force the Judge to use the assets to pay off the charges then they simply confiscate the funds for themselves after I think 3 years or maybe at the end of the court case, not exactly sure. One other thing is that the word Bench, comes from Latin, which means Bank. I also assume that when you do an acceptance for value on anything, the Acceptance is Securitized. If you look up the big charter banks you will find that there is always someone at the top that is in charge of Securitization. This process is not limited by the Courts, but extends to the big banks as well. The big accounting firms also know how to do this and claim convert receipts to money and allow select individuals I would think, to confiscate all the money created from securitization after three years. When you get a cash receipt it is evidence of money owed back too you as the Source or Principal and thus Creditor in the Bankruptcy. The T5 and 1099 OID stuff talked about earlier can have a big impact on court proceedings when you ask them to fill out the T5 to show the accounts payable side or you will report them to the CRA. Remember we are the masters they are the slaves. Fictions cannot have any say over the living, but that is what they are trying to make you into, a fiction and you have to fight them on it every step of the way.

When we write Promissary Notes or Money Orders we need to register them in the PUBLIC or they will be deemed abandoned the moment we try to use them to pay for a fine etc. You register them by the PPSA System at your local Registry Office or via your UCC in the USA. The system deals with creditors and debtors. So you list the note as the property of your strawman debtor and have your strawman creditor assign the note to whoever it is being given too. Under the UCC it is a UCC 3 assignment that you would do. You want your debtor to hold all the assets because then all your assets can be liened by your creditor strawman and thus protected. Winston talks about this process in his general bond videos and has examples on his CD how to accomplish this. You actually have to draw up a Security Agreement and an actual Affidavit lien and have a Notary sign it. If you cannot find a Notary 3 people can sign it for you and it has just the same effect as a Notary.

The Government wants the SA and the actual lien to appear in the Public so they want you to leave it with a Notary. Your MLA can hold onto the documents for you and have them forwarded onto his or her successor as the Keeper of the Record. Again they have to do it because they have the benefit of Office. However keep in mind that Canada has a de facto government and nobody actually can prove that they have any authority. What it is in truth is a Law Society where others must beg to gain entry, hence the word application everywhere. Canada has nothing to do with the Land Mass that the maps show, Canada is a fiction.

The Judges all have a license to convert securities into monetary value. This I assume comes from their License to Practice Law as well, which simply is a License to break the law. Remember it is their society and there game, so they can make and change the rules on a whim. Those that beg to enter their game that are not lawyers are doomed for the most part. The only thing that works is to stop their assumptions and go after their authority. In the end they are relying on your signature and PERSON to act upon you in the real world. A PERSON has a Name and a Birth Date, give those two things up and they are going to do their worst on you.

In terms of the origin of the Laws regulating Securitization, you will find them in the Financial Accounting System, not the Generally Accepted Accounting Principals. The sections under FAS that are important to note are: FAS 125 - Securitization Accounting FAS 140 - Offsetting of financial assets - UCC 3-305,306 FAS 133 - derivatives on hedge accounts - also discusses offsetting FAS 5 and FAS 95 are mentioned as well - not sure what they are about just yet.

Once you have performed an Offset using your treasury account, which is your STRAWMAN followed by your SIN or SSN with no spaces, you need to do what is called Recoupment. The Offsetting pays their bill, the Recoupment part returns the funds you offset, back to the STRAWMAN account from which it came. Thus Recoupment is the return of funds you had your STRAWMAN create back to you. You can find these regulations at:

<http://www.fasb.org/>

I am still reading about this and have really nothing more to say about it right now. I will only add that they are playing a bait and switch game with you, trying to say they are the creditor when in fact you are. IOUs and Promissary notes are not debt instruments to the one who creates them. It is simply passed on to others for them to do there adjusting and then it is returned to the Creator along with any proceeds that were monetized from it. You monetized the Promissary Note with your signature. We create the money because they took the gold. This would extend to any signature and this is how they are securitizing everything you sign into money for them, unless you stop them and recoup it. Also remember that everything that is happening here, is happening under the color of law.

None of these laws apply to a man created male or female by God, only to PERSONS. Also only Public Companies can do this, it is "Illegal" for private Companies to do. So we are talking about all Government operations and Public companies on the Stock Exchange. I would think it would be limited to the fortune 500 or rather the dead beat 500, but who really knows. I'll add more here as I learn more as well.

There is another way to create lawful money to pay for court cases. You do it through your unregistered Ecclesiastical unregistered Church. I need to find out some more about this through Robin. However, when you have dominion over the earth, why can't you create your own money? I'll finish up this section soon. If you need some help here go to:

In terms of Commerce when your strawman is charged with something they need to present you with the Bill. If you get your hands on the charges you simply write accepted on the charges and sign by agent your strawman's name. When you get statements in the mail asking you to pay for stuff, be aware that a statement is not a bill. It is not even your account, it is the liability of the account lies with the Government or specifically the Province or State of the Birth Certificate. In Canada all you need to do is write Consumer Purchase on the front and back of the statement, Remittance Voucher whatever it is and sign the front as agent. Then send it to the Receiver General of Canada. The Receiver general securitizes the Bill and issues checks of credit to the company or fiction as it were for payment. This is done on the private side as the Public side cannot balance their books without having access to your exemption. The company you work for if a large public type simply steals your exemption.

According to Section 190 of the Bills of Exchange Act of Canada states this is how to pay for a Bill. The problem is that they don't send you bills in the mail. However you can just take whatever they send you and do this to the tear off part of the Statement, which is cleverly shown to be a cheque with routing numbers on the bottom. Thus it is indeed a remedy, just not usually completed or presented in it's proper form. You can never be told that you haven't paid your debts, because all debts reside with the Bank of Canada. Again you can request from CRA or a company for a True Bill so you can pay via this method, you send it into the Receiver General and it is paid. If in court and they are holding you on charges you can do the same thing by asking for the Bill so you can pay it. If they don't produce the bill then they have no right to hold you. You can give the bill back to the Judge as the Judge is licensed to the conversion and settle the accounts. You could also do this with fines, writing consumer purchase on the front and back and sign it and send it to the Receiver General. If they complain, then simply ask them to send you the Bill so you can pay it. This is their law or course they may pull a section 15 of the CCC on you, breaking the law for they don't want you to get out of servitude, but they have to justify that one to the masses.

190. (1) Every consumer bill or consumer note shall be prominently and legibly marked on its face with the words "Consumer Purchase" before or at the time when the instrument is signed by the purchaser or by any person signing to accommodate the purchaser.

### **Healing through Love and Truth**

We have talked a lot about how we are being disenfranchised by the SYSTEM and all kinds of dirty tricks they use to get our compliance to act as a slave under servitude to the CROWN. I think at this point you probably got somewhat close to a Masters degree on LAW from understanding that it is totally about fiction and fiction cannot have any solutions within it. Thus it simply comes down to who has the biggest guns in the fight. You cannot point to any true rights or freedoms within fiction, for fiction has no free will and thus anything within fiction is a slave with no credibility, thus a debtor.

LAW talks about remedies and cures. I mentioned this before but really never went into it. Fiction is trying to emulate infinite love from the perspective of a parasitic mirror and it is being absolutely true to that mirror and thus to infinite love. Fiction cannot find balance within itself, for the problems created within fiction remain stagnant, because fiction cannot change itself. The reality is that the fiction is being created by people outside of it and thus people are directed to find the solutions within the fiction rather than recognizing that the problem or issues involved were created in the real world and thus if the problem originates in the real world then the solution, remedy and cures can also come from there. Because everything that happens in the real world is translated fraudulently into the fictional world, the actors involved keep people pointed at the fiction world to find the solution to something that happened in the real world.

The fundamental problem is that fascism is based on the use of names as a mask for the real living man. It is not by mistake that we are using names rather than answering to callings. This was a deliberate move to immerse all man kind into a world based on NAMES. The only thing that is prosecuted in FICTION is the Name, there is no mention at all in any laws about the law apply to a living man and they make reference to the word PERSON, which has a name rather than a calling. Thus if we truly want to solve our problems with the Courts and live in peace, we have to begin with the issue about the NAME. The first question you are ever asked when "Appearing" for anything is, "What is your Name?" If you answer it with the fact that you have a name, then you are entering hearsay evidence. Remember names are fictions, nobody can prove that their name is their true name and a name in of itself is fiction, because by changing a name of something, the living man or woman or a man created male or female, does not change with it. Thus the correct response to such a question is simple, retort with the question back, asking would it be a fraud to lie or give hearsay as a response to your question? Press your question until you get an answer of No, if they happen to say yes, case closed, because they are admitting to the use of fraud as being okay. If they say No, then you have them in a bind because now they have to justify why they are making use of hearsay through the use of Police Officer, JUDGE so and so, Crown Attorney so and so. At this point the power is yours to grab to dispel their illusion of power over you. As they are presenting themselves as hearsay on all their documents and spoken words.

Instead of fighting them their on the issue in open court, where they will do anything and I mean anything to protect the fraud they are perpetuating on you and everyone else, you need to move the proceedings to Chambers. Upon which you can resolve the issues privately. When you are in the PUBLIC you are considered to be a slave, so you are in the wrong venue for resolving the issues before you. You can blow the whole thing off with a letter to the Crown and Judge over the issue of them making use of fictions and hearsay and thus fraud and that you do not give your consent in any way shape or form to allowing the proceedings against you to take place, you send this letter to the Crown and Judge in Chambers. The envelope should be addressed to the Judge in Chambers only. If they say that they want you to Appear in Chambers, this means they want your Name to Appear there not you. The all caps name is the fiction that is making the Appearance, thus they are asking you to show up and commit fraud so that you loose all credibility.

If you communicate with them through a letter, you always put, “by Agent:” before your name and make it clear that your agent is communicating for you. You do not have a name thus anything that you sign saying is your name is fraud, because it is only hearsay. You can use simply, “by” as well, but if you have room By Agent is best. The Crown owns all the Birth Certificate Vessel Strawmen as a form of property rights. Of course ownership itself is an illusion, because God created us in the image of everything that exists and thus we are everything that exists. It’s a holographic Universe Baby. No one can prove that molecules or atoms that comprise an object came from you or someone else. We are electrical beings and we exchange atoms and molecules through our breathing, skin decay, water processes, handshakes, you name it as it were. Thus we are constantly exchanging the structures upon which all life is built around, atoms and molecules. Thus if you buy into their illusion that a STRAWMAN fiction is real and it has “intellectual property rights” attached too it from the CROWN, which is the administrative arm of the POPE, who only declared in 1302 of having total authority over all “Human Creatures”, which means color of man or thus fiction, then you are in servitude to the POPE, a fiction.

The question comes into play, do these Judges, Crowns, Police Officers etc. have free will? Well yes they do. Nobody has taken that free will from them and nobody can claim that they have given it away in any manner. They create an illusion of an Oath to take someone’s free will from them. When in fact by signing a name to the Oath, they are committing perjury and fraud, for a name is hearsay. Thus when confronted by these actors you should ask them if they are operating upon their own free will. If they are not acting up their own free will, then the court is under duress and thus a fraud. If they insist that they have no free will and they are bound to the laws that govern them, then you can simply say if you insist that you have no free will, then I order you to do this that and the other thing. When they complain that their orders come from the QUEEN etc. ask them to bring that fictional entity before you so you may ask him or her if this is true or not. When they can’t then simply restate your Order to them. Mine probably would be along the lines of, “As a Man standing on the earth within the dominion that God has given me, I release you of your bondage to the Crown as you are also a man created male or female by God, standing upon the earth within the dominion that God has granted to you as well.” Where can they go from there? Hmm??? What authority can the possibly exercise over you now or over anyone? You can then on an equal basis resolve the issues before you. Thus you have freed them from their bondage, you can then work on the issues at hand to get them resolved so that you within your dominion are properly cared for and those injured are properly taken care of, because it is no longer the CROWN’S court, it is God’s Court and thus your court and you are dealing with everything hear on in privately. Which is what you should have done from the very begging, in chambers only.

You must do this with love and be very kind, but firm. They have bought into a game to extort your wealth and freedom from you, but you have played their game and taken numerous bait, to create controversy and hearsay of your own, depending on where you are. Remember also they have lots of power and no ethics driving them. You do not want to fight these people as that is exactly what they want because it gives them an excuse to use their fictional power against you. They have no defense against love and truth. You have to set the boundaries of who has authority over who and by what nature you are there and who is appearing before whom? If they are actors making an appearance, then too whom are they appearing? To a Court? A court is an abstract thing, thus they can only appear to someone that is living, for to appear before a fiction is not provable anywhere, is it?

The tricks of hearsay are immensely used in this deception. At each and every point where fiction is used and it is not addressed as such, means you are accepting hearsay and thus discrediting your position. The King James Bible, a sacred book to many, is hearsay. Regardless of what you think about the “stories” within the book, you only have to see that it is only called a book out of hearsay. Nobody can say what anything is for certainty. We can change the name of the book and yet the book remains. Again this brings us back to LORD God taking pleasure in watching Adam name everything that was around him. Creating hearsay fiction and thus discrediting him. To access our credit, that is money, we have to be credible. So they introduce a world of hearsay

around us making the average individual believe that something is what is to be absolutely true, when in fact everything around them is hearsay.

QUEEN ELIZABETH II is a fiction. What you will notice is that everyone seems to be taking action on behalf of the Queen, within the SYSTEM. Simply put they are taking actions directly related to the Queen. Thus they are controlling the puppet strings as it were on the Queen. The reality is, what gives them authority over you to control the puppet strings, of the QUEEN? Even the Woman who acts as the QUEEN has no more or less authority to do so than any other living man or woman on the planet, although a man who is male or female holds dominion over man and woman created by LORD God. But more specifically a fiction has no free will and no one can prove ownership of a fiction, for fiction does not exist except as a concept within our minds. It is nothing more than a game to trick you into giving up your status of having dominion on the earth. But even that is hearsay if you think about it, as no can say for certain that this planet is the earth or even if it is to be called a planet. When people introduce hearsay and you do not challenge it, then you are allowing hearsay to fraud, fiction to take place. Thus by accepting it you are allowing the slippery slope to prison to begin.

The other aspect to this whole thing is it matters not whether you are guilty or not guilty. That is not why people go to prison. What matters is the account that they set up. They charge the account strawman and using you as the surety for the strawman they neglect to mention that there were bonds created to set off the charges on the strawman, which you need to accept and use to set off the debt against the strawman and then have the credit returned too you through the strawman once the accounting is adjusted. The Bid, Performance and Payment bonds are the ones you need to ask for and ask if any other bonds or instruments were created as well. Accept them all for value for full settlement and closure of the account, which is the case number. All courts are commercial courts. In terms of Judging if you were guilty or not guilty, in admiralty they say you have to state Guilty to the Facts, the facts being there is a commercial debt that must be settled to offset the charges. They are not judging you the man created male or female by God, because you cannot be judged, you have dominion over all the earth according to their dogma, it is about the strawman, which you can simply discharge the charges by having them write a cheque out too the strawman and give it too you to deposit in the bank.

With all this in mind, it is still a complete fraud, because they cannot justify in any way shape or form how they can have authority over you. To simply put on a black dress and make believe that they are a judge, Police Officer etc., does not give them any authority over you. Who says that you can't put on a dress and play make belief of being a Judge etc? All their credentials come from fiction, so they are all frauds. Who says that you can't be the QUEEN and give orders? It is all make belief.

It is highly important to establish at the beginning that you control the venue and not them. It is also important to make it clear that any hearsay that might be used is for your purposes, not theirs. You establish authority over the venue by saying it is your court not theirs and if they try to use their fictions to challenge you call them on their use of fictions. Answer their questions with questions. If they say you are person or anything etc. ask back, who are you? A Judge, can you prove to me that you are a Judge? Is a Judge a man with dominion over the earth? Doesn't say here that God gave a Judge or John Doe dominion over earth, only man, isn't that right Judge. You are on the earth and if you want to pretend on being a judge, then I must have dominion over you. Here are my orders to you...

They may try to intimidate you, simply tell them to stop abusing you and don't do it again. Their tricks of barking our Order in the Court all stand, Order in what court? Who's court? There is nothing to define the fact that you are in a Court for a Court is a name and thus hearsay. Don't stand, just do opposite of what they ask, until questioned. When questioned simply ask the Judge if he is trying to form a contract of servitude with you and if he is you are to stop all attempts now and say that I am a Man standing on the earth in the dominion that God gave me, who are you sir? I am Judge So and So, well that's nice, doesn't say anything in the Bible about a Judge having dominion over all the earth and by the way are you trying to introduce hearsay evidence

that you are a Judge, what facts do you have to back that up? All I see before me is man wearing a black dress. Are you not a living man? I came to this place to resolve some issues concerning some hearsay fiction called JOHN DOE, do you have that listed on your docket there my fellow man? Since you cannot say that you are a Judge, and a judge is only hearsay fiction, then by the authority I have within my dominion given to me by God, I drop all charges against the JOHN DOE hearsay fiction for and on the record. Thank you all my business here today is concluded this Court is closed. Walk out.

It is best to simply write letters and deal with everything in the background. They have guns and if they decide to play the tyranny card on you, you really have no recourse other than to use force against them to free yourself and the got lots of guns. It is going to take time to educate people on the scam and bring about change. I am hoping that you will take this on yourself to share this book with as many people as you can. They are using this make belief system to enrich themselves and cause incredible suffering and harm on us all. It needs to come to a stop. Some places like Saudi Arabia, people are given less than 10 minutes for a trial with little or no help and sentenced to beheading or whipping. Torture of various kinds are commonly used throughout the world on prisoners and does nothing to heal or lift their spirits to gain empathy for all man kind. It makes them disassociate with that empathy and love and become hardened to carry out even more horrible acts of violence against us all. For the Lawyers and the system, they just get richer and richer while everyone else gets poorer and poorer. They cannot hide from the truth and again when we pull on that authority card, the entire house of cards comes crashing down. They will go to extremes to stop you from doing that, for once exposed they have no ability to control you or anyone else.

The fraud really begins with the Police Officer or whoever approaching you to give order you to give them ID etc. They are making use of hearsay and using threat, duress and intimidation to back up the fraud they are trying to push on you. Because all law is the Roman Civil Law, you will find in every Country some loop hole which allows them to break the law. A license to practice law is the main one, giving the lawyers permission to break the law on your land, or rather the CROWNS Land, which is a fiction. The one in charge of the JUSTICE System of each district or Country is a lawyer, thus licensed to practice law and thus licensed to break the law, which gives them the authority to ignore everything including constitutions. It is a make belief fairy tail game of Justice and it has to stop or we will all be enslaved in tiny cities making little widgets for 16 hours a day, with no rights or freedoms.

## **Our Dominion**

Although throughout the book I have focused on Genesis 1:26-27, which God gave man dominion over all the earth, I need to point out something else that is also very important. Genesis 1:28 states:

[28] And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, **and over every living thing that moveth upon the earth.**

A living thing is anyone that says that they are not a man created male or female by God. This would apply to everyone connected in Government who has touched the King James Bible or operates under the authority of those that have. Because they are pretending to be something else other than a man created male or female by God they are now a living thing. This is exactly what the Pope did by declaring that they he was taking control over all human creatures, of which God never created humans, nor did LORD God for that matter, in THE BULL UNAM SANCTAM , 1302. <http://www.fordham.edu/halsall/source/b8-unam.html>

In fact this is what the entire system is based upon, changing your status as being a man created male or female by God on the earth, standing in your dominion that God gave you. They are powerless to act upon you and will try to ignore your statement or try and trick you in some way to give them a confession that you are a PERSON of some kind.

This brings me to the question why? If we are so easily fooled about our status and dominion we have and understanding that we are everything that exists. Then how can we expand our love to other species of life within the universe, if we are going out there thinking we are number one and believing that fictions have more priority over us than living sentient life? Perhaps there is some wisdom in their madness, but it is only an observation on my account, I do not know anyone that could answer that question for me and if they did, based on what is going on, would I believe them? I do think that we are able to peacefully resolve this through the use of Genesis 1:26-28. Not even the Zionists that are the major force behind all this can deny the scripture that drives them to do what they do.

The population reduction plans and the micro chipping people putting them into slave labor camps is a horrible future for all involved. If it is simply that these people are evil and out of control, then we have no option but to defend ourselves from them in any way we can. This is our home and those that are manipulating us and destroying us, need to be stopped. It is a matter of survival. I am not certain that earth herself will be able to survive what is to come, there has been a great amount of devastation in the name of creating money for the few while impoverishing the masses.

### **Jurisdiction Play**

Now that we have covered various ways of creating freedom from them, let's just pull the rug out from under you. I know many people have spent thousands of dollars on Seminars, Coaching and even paying to have bonds made up. People even spend gold to find out how to work Common Law. Some people think they can write the Queen and make use of their faith to get free of the system. We all know the SYSTEM is a fraud and it is destroying our planet and us with it and we are seemingly powerless to stop it.

I discussed a number of ways of working through the system to get free and all of what I mention above are valid ways, yet there is still one issue that has to be addressed. That is Jurisdiction. What they will not tell you in these Seminars etc, is that the Enforcement and Judicial aspects of the SYSTEM lie outside of the Jurisdiction of Canada or the Country they purport to be the Judiciary for. Address designates Jurisdiction and if you don't think Jurisdiction matters to them, watch the cops screech to a halt in a pursuit as they cross the County Line. See Prisoners flown to parts of the Country where the crime occurred because that is where the Jurisdiction is for the charges laid in that crime. Again what they have done is completely severed the Judicial and Enforcement arms off from the Legislative and Government Institutions, simply by tweaking the address.

The address on the Court Houses will never say Canada as part of their address. Further all Charges and Tickets will not say Canada on them as part of the Address for the Ticket. They also abbreviate the Province or Territory by changing it to a two letter abbreviation, Alberta is AB for example. However the Queen never created AB and thus who did and what does it truly mean the Province of Alberta, well no of course. But you are made to believe it is and even told it is, but never under oath. You will notice that all Businesses make use of the same address structure as the Court. Why, because businesses and the Court and Law Enforcement do not reside in Canada or the Province, otherwise it would say so in the address.

You find the same structure used within many Countries around the World. The USA is the same, as you will notice IRS letters make reference to a two letter abbreviated State Name and do not put down, USA and makes use of a Postal Code. It is more prevalent on documents. Thus it moves the documents and you if you are in their Court Building into another Jurisdiction other than the Country you thought you were in, they simply just don't tell you. Thus by not setting the Jurisdiction to a specific Country or Province, they are operating outside the Jurisdiction of the Country they are doing the adjudicating for and they get to keep the wealth and you as a prisoner of their foreign Jurisdiction for profit. It is piracy on the High Seas and you just boarded the Pirate Ship.

The Members of Parliament are under a different address, which makes use of the actual name of the Province, but they still drop Canada. The Bank of Canada makes proper and full use of the address using the province name and Canada, but all three make use of a postal code, which the Queen did not create and thus puts all the Jurisdiction under Washington DC a Sovereign State.

So what is happening is that the Bank with Canada in it's address actually exists and is controlled by the Queen, perhaps, but she is not part of Washington DC, thus it is really HER MAJESTY's Bank, the all caps name owned by Temple Bar in The City of London, which is why the QUEEN must bow to LORD Mayer when she arrives in the City. Yes the QUEEN is a person and thus a slave of the Bankers, who ultimately work for the Pope and Lucifer. Onward... So the enforcement and judiciary operate under a different jurisdiction, than the Mps and the Bank of Canada. Oh yes, remember, that the Charter only applies too Government, not to the people of Canada as per section 32 of the Charter? Thus there are not actually any addresses for the People of Canada for they don't exist. The all caps names do and they are corporate entities on Birth Certificates which were sold to the Bankers to cover the debt of the Country, and thus debt slaves.

So you are charged with something, but it is not you it is the all caps name that they charged and they want you to be the actor in fiction for their play. You sign the promise to appear. Now you go get a Lawyer (never do that btw) or study law a bit and come up with a good remedy or defense. You goto their Court House with their charges or tickets listing the two letter abbreviation, which moves the ticket to some other jurisdiction other than Canada and all your money and hard work you spent on a defense goes up in smoke as they are under no obligation what so ever to follow Canadian Law to adjudicate a case, because they do not reside in that Jurisdiction.

So the Judiciary is able to take all the money from the fines and prison bonds it gets and give it all to the Bankers for pure profit. It is not put back into the coffers to help pay taxes or infrastructure, it goes to the bankers, because it is their court, it has their postal code on it. Canada was not created with Postal Codes.

The reason they do this is speculative, but I feel it is done this way as darkness is based on fiction and illusion. There is no light that comes from darkness thus all is hidden away. They are preparing the take over of the planet with their New World Order and the Judiciary with no known laws and full of people wearing black robes signifying darkness and illusion is the stage perhaps for a Luciferian or Satanic system of Law operating in full bloom, right before our eyes. Totally unaccountable and with no known laws to guide or hold the Judges accountable, they are free to do whatever they want to the victims that they prey on. Most people wouldn't give it a second look, but indeed, this is what is happening. I will get much more into this darkness stuff next chapter. None of this is about law, it is about ushering in Lucifer as their new Ruler over the earth. It is very serious and they are going all out to try and make this happen. The Bankers own the businesses as they are all registered to the Bankers, they control the money and control all the property in the game, they own nothing and hold no liability for what they do. It is a very slick game.

Because it is all based on fiction and they do make use of the Bible or rather the Torah, it is only fair to say that the Torah, meaning, The Law, has some validity to them. Considering most people in the Judiciary are Jewish and in Banking as well, the Torah and the Talmud are the laws they really operate by. The law part is mostly a cover for the Satanic system For the most part the JUDGES will never say they are JUDGES, they might point to a sign that says JUDGE, but they are an illusion and they want you to identify them as JUDGE to give away your power as being a man created male or female by God, standing in your Dominion. It really comes down to simply that. Either you make use of your dominion or your are a slave, there are no other choices. In truth you have more power than the Pope through your dominion. The Pope is a living thing, not a man created by God. He lost this status by taking on a name and title. We do not have names or titles, but I will get into that much more deeply next chapter. You should always question the Clerk of the Court or Judge, whoever, if they are making use of Canadian Law or

the Law of the Country you are in, before you begin to engage them. Further you do not understand their laws because they are written in Legalese and only lawyers can interpret law, so stay out of the law all together and make use of your dominion as much as possible. Just one other note. Again it is not about Law it is about ideology. The people behind this scam see you and everything as things to be enslaved, not as part of the whole of creation and in the image and after the likeness of God. In fact it is God that they are at war with as discussed earlier in this book. Although the Jewish Population heads up most of the positions of power or controls it from behind, it is only a segment of the Jewish people that do this and not everyone is a Jew either. It is based upon Zionism, which is a political movement that has hijacked the Jewish people and their Religion. The Illuminati are part of this in a big way and I think if my research is right are decedents of the Knights Templar, at least the ones that got away. The breaking down of the Templars seems more of a stage show, so they could consolidate the wealth and power back to the Vatican and then play with Centralized banking systems that were far more clever and profitable at the expense of the masses. Then they have the mind controlled puppets or puppets that support the system and are controlled by money. It is really much, much more than simply about not following laws or creating fictions. But we have to start some where and confronting them on their authority and your dominion are key, if we are to peacefully turn this around. They may be doing what they are doing because they simply view their reality as being things and are quite comfortable with enslaving everyone based on that perception. However there are far fewer of them than us. Further at the top of these structures we find the members of the 13 Ruling Elite families, constantly directing and manipulating the masses, so why not start there instead of the illusions they throw at us? As discussed these Bloodlines are probably not like us at all, perhaps they are the of the Beast of the earth or simply these Reptilian creatures David Icke and others have discovered about. Believe me whatever it is, they do not have your best interest at heart.

## Summary

I was going to talk about other things about the path to freedom, but I think I would just be rehashing much of what I have said already. This path resides within each of us and we have to find our own way out. It is recognizing that the more people who have this knowledge the easier it is going to get to face our oppressors. They will either back down and do the job they were suppose to do in the first place, serving the people, or be banished from the earth. If we do nothing, their agenda is clear as we can see the adjusted free fall of the American economy and others that will soon follow. Using the equation again, Abundance=Choice=Freedom versus Scarcity=Dependancy=Control. When you are holding all the power you can artificially create the situations needed to remain in control. This is the reality of what they are doing from every angle possible within this illusionary reality we have been told is a free world. Follow in the footsteps of those who are free and you will be too.

From my observations it comes down to a very simple thing. That simple thing is do you see yourself in anyway as being a fictional entity. All laws only apply too fiction so how much do you allow these laws to control you? A PERSON again has only 2 attributes, that being a Name and Birth Date, both of which are hearsay. Notice how they celebrate the Birthdays of Cities and companies, that Anniversary or Birth of a City or Country even, yet there is nothing to celebrate for it is only an imaginary concept. The Calendar they use is simply hearsay because nobody can exactly say when JESUS was Crucified and the calendar starts in January not in the spring during Passover when he was Crucified. Further all names are hearsay. Because all contracts make use of hearsay, all contracts reside within fiction. Creation has no laws, creation creates based on our belief system. We are being manipulated to create and accept situations such as defacto courts and laws which destroy us all based on beliefs in which we are programed manipulated into believing as being true. When you are questioned by an officer or judge or official within this so called JUSTICE system and you state a name too them as being you, you are lying. Because of that they get to treat you as a fiction, thus a slave as a fiction has no capacity of sentience. Not everyone is totally aware of this within the system, however because their lively-hood is based on going with the flow of the system, they rather not question the system

and just obey orders from within it. I am sure many have heard these arguments over the years and they are outright choosing to ignore this very simple truth. However it is very important to separate the imaginary world from the real and make the point that you make use of persons out of necessity of life, because you are being blocked from the resources and funds you need to survive. It is important to point out that there is no legislation anywhere in any country stating that their cities, provinces, states etc. are on the earth. It all exists in an imaginary ocean, of which each Country is an Ocean of imaginary water upon which these strawman vessels are put on. Because each ocean is a private one, the vessels on the ocean can be seized (arrested) by pirates and all chattel associated with that vessel being a man or woman created by LORD God. Remember it is based off the Talmud, thus they need you to alter your belief in who you are to a man or woman created by LORD God. They assume you are until you tell them otherwise. Of course now they want to treat the man created as male or female as a fiction so they can use him or her as a form of surety for creating funds to enrich themselves. A key to freedom is to deny that you are the vessel, recant and rescind all signatures. They may try to intimidate you in court by issuing an arrest warrant on the vessel, the all caps name. When they do that, that is you que to get up and walk out. They have acknowledged that you are not the all caps name, don't sit there and try and defend that, get off their imaginary boat as fast as you can. You can clear the charges with some letters to the Crown Prosecutors Office, by simply stating where they get their authority from to control a strawman that you are using. Ask them to show you any legislation that says that their court is on earth? Quote Genesis 1:26-28 too them, showing you have dominion over all the earth and every living thing on it. Ask them where do they get their authority to block you from the resources and funds you need to survive out of the necessity of life? Anyone who says that they are anything else other than a man created male or female by God is a thing, so you have dominion over them according to the very Bible they are swearing their Oaths too.

Ultimately what you may have to do is simply push all the paper work aside and recognize that everything that they are throwing at you comes from pure fiction. It is a walk through an illusionary firewall, knowing that the only thing that is real is you. They want your consent and are willing to do anything to get it. Ultimately it is your actions that will determine your freedom. When you stand in truth and are determined not to be lead from the truth, nothing they do will matter. You are the master and the only decisions that matter are yours. You take away from them their perceived power and start thinking as the master would, recognizing the treachery and deceit set before you. A fiction cannot have any power over the living and no truth or fact can ever be derived from fiction. You are not a name or person, just a man created male or female by God, at any age. God put you here for a reason and this land you are on belongs to all equally with no exceptions or law. All the religious teachings in the world cannot change the simple fact that you are a free sentient being of the Universe and no one has any more or less authority than anyone else, we are all equal to each other. Ultimately I don't think we are Judged, perhaps we judge ourselves, but we are here to expand infinite love and the more we can love one another and forgive the higher we all vibrate and stay connected to the infinite love we are.

Nobody can say that your signature is you. When anyone that takes an Oath puts their name down as the entity taking the Oath, they have committed perjury, because they cannot say that it is their true name nor have any knowledge at birth that it was actually the name given too them, it is all hearsay. Names are fictional things, we are simply who we say we are, as fiction is fiction, there is nothing true about it. I think they make use of fiction to emulate the infinite aspect of who we are in substance, remember they are mirroring who we are inversely so it is highly confusing to us, until we regain our point of origin.

I think where this book has brought me in my thinking and probably yours is that the only true response to these people is to deconstruct their illusion before their eyes. Show them that you can see through their lies and make it clear that without your permission they have nothing on you. They have no authority and cannot prove it. Even if documents are signed or you are carrying a drivers license etc., it is only evidence of a fictional entity, it is not you. If they are going to act on a PERSON then they must only act on the imaginary entities within that imaginary world

and if it affects you in any way, then they have to prove authority over you. Even if you give them permission it is not yours to give, for the Creator is also involved in this and they need the Creator's permission as well and can never get it. If Canada is founded upon the Supremacy of God, then where is God's signature saying so? It is fraud.

## Chapter 10

### The Emergence of Spiritually Aware People

Matthew 10:26 "But Jesus beheld them, and said unto them, With men this is impossible; but with God all things are possible."

Spirituality is a very private thing to many of us and we all hold to our hearts some ideology about what it is and isn't. As a Spiritual Healer my goal is help to expand your awareness of what is possible and how to activate mechanisms within both your imagination and mind that will expand your channels into the infinite. We are the masters of our experiential world and we are animating all that we see around us. In truth we are a gentle light that resides outside of these bodies we refer to as human beings and animate our world with our own light. There is no separation of our light with all that we see, for all that we see is merely a dream state of reality that has been manipulated into a sense of realism for us. What I want to do with you in this last chapter is to introduce you to the mechanisms of creation that you are doing habitually over and over again, but never see it because of sense of realism you are immersed in.

When you become aware of the creative processes going on around you, you begin to play with them in terms of changing the reality that once was into the now. It is comprised of keys and unlocking doors that have been hidden from you. In the end it is my hope that you will experience the Law of One for yourself and recognize the pure genius and power of everyone around you. It is strange in a way being surrounded by so many caught up in prison Religions and having seen the simple magnitude of infinite love at play all around us. It is an interesting state of being in that of being all knowing. It is having the answers to everything but not needing to ask a question, for that gets in the way of the answer. We have been taught all our lives how to shut down our infinite awareness, now it is time to reverse those lessons so we can open up to our infinite knowing and state of being.

To begin we must recognize the fundamentals at play. There are two basic realities being manifested. One is the recognition that we are indeed Infinite Love and Everything that exists and thus responsible for everything that exists within our known reality. The second is the Illusion of things, the recognition that everything around is separate from us and we have no control over the happenings and thus shed ourselves of the responsibility of what happens. This is reflected in Genesis Chapter 1 and Chapter 2 as mentioned before. It is the simple recognition that when we accept responsibility for all that is happening to us ourselves and others and everything we come to **know**, then we empowered change it.

One is the realization that we are the masters of our own creation and if it exists within our reality then we had on some level a responsibility in creating it. If we deny this simple fact, then LORD God steps in and takes over the situation and we give our power to him and use him as a scape goat and want him to lead us out of our own self created reality. This will never happen for LORD God as it were is only balancing the equation as it were within this artificially created illusion we find ourselves. Artificial yes because infinite love is the only truth. Imagine for a moment that you are outside of your body and in the midst of the Universe. Hold a star in your hand and imagine as you blow on it you create a thousand more in a spectrum of intense clear lighted stars that dwarf the light of all the stars within millions of light years of you. Now Animated those stars giving them life and allow them to create a world of love and peace around you. See how easy that was? It is our imagination that allows us to see and create. Others will be more sound or feeling based and prefer to work with those attributes.

What is happening is that we are receiving an echo of fear back to us which reinforces the reality of the thing we created wrapped in fear, thus we only have to send these things love to dissolve the perceived boundaries of fear and thus see our own light and our own thoughts emanating from those objects we once thought of as things. We are manifesting our own reality fields around us, so to break them down, we only need to send out love to those things that we see as things. Further it is the recognition that our thoughts of things as being problems, only manifest the problems. Thus removing problems from our mind by not focusing on them, gives us more energy and light to create the reality that we wanted to begin with. It is about removing stress and thus fear and creating harmony with ourselves within and thus with all that we perceive and know. Recognizing that if we are experiencing something good, bad or whatever it is truly just us that are creating it. You can change things from the past by sending memories love, light and forgiveness, never forgetting to forgive yourself as well. It is bringing yourself into that state of oneness with all that exists and thus Infinite Love.

### **Consciousness and the Calendar**

What is one of the most powerful fixations for our Consciousness beyond the time itself? The Calendar of Course. But before we go there, we should define Consciousness. Consciousness is the awareness of being aware. Thus when was the last time you found yourself being aware watching Television? Totally asleep eh? The Calendar is the absolute center of a civilization because everything people do is based on the Calendar. It is something we all share is the concept of what time it is. Consciousness always has a location, on time and place. It creates an orientation of time and place based on agreements through consideration to view the Universe. This created view point is sacred because you created it yourself through your experiences and thus your view point becomes your Belief SYSTEM.

What you pay attention too you become Conscious of. The Gregorian Calendar put into effect by Pope Gregory XIII. They only had to slaughter about 9 million indigenous people to force the Gregorian Calendar in place. Why was it so important to force the Gregorian Calendar onto the people of the world? Well from the Darkness perspective the Gregorian Calendar is centered on the Physical Orientation of the Earth to the Sun. Thus it is based in the Physical. Physical without any substance I would add. Thus why we are so caught up in a materialistic world and we are only referencing time based on an orbit around a Sun that will eventually die, when it's fuel is expended. This is the nature of Darkness, no substance just illusion. So we are fixating on a holographic projection for the mind, which has no substance or anything to do with transformation, the end product of the Sun and this solar system is that it the Sun goes super nova or simply burns out, either case the life force of the sun will be gone and so will life on the Earth.

Thus if we are fixating our lives around something that dies, then what can you see happening in relation to that fixation? World Wars, Genocides, Mass Murders, Occupations, Health Care that focuses on treating rather than curing and on it goes. The view point of your Consciousness is an artificial one in that you have been indoctrinated into believing things which you were not fully informed about or had a choice over. Again interference in free will. The incremental movements of introducing things over time to create a mass illusion for our Conscious Awareness to believe in, creates a binding thought field that is difficult to disperse except through educating people on the truth and letting them see the manipulation going on. Thus why the control of information is so vital all the way through this manipulation. Hence why they are trying to shut the Internet down with Internet II. When everything is based on physical then there is no ethics, only looking out for number 1. It is a foundation based on a house of cards for the foundation is sitting on air. What is really happening is not the progression of physical through time, but the progression of Creation through time. This is the foundation of all life and the Mayan Calendar. Many other ancient Cultures also based their Calendars on the progression of Creation through time.

Where we are today is simply the final stages of Creation for which the Illuminati in all their power and have not one chance of stopping. For Creation does not exert itself through just us,

it exerts itself through the entire Universe. This is a time for Celebration and great Joy for we are nearing the end of our 14.6 billion year journey and are about to transcend this Universe into an awareness of pure love and joy. We are nearing the time of infinite choice, which is infinite abundance. Everything that the Illuminati and their minions and cohorts are doing is a last desperate attempt to squash the force of Creation. October 18, 2011 will be the beginning from what I am told of the final stage of Creation for our Universe. We are the direct benefactors of all that Creation has to offer. We are about to transcend into Infinite Love as divine and sacred beings we all truly are.

So it is time to start letting go of the things that are holding back creation and freedom. It is time to bring forward a state of union and solidarity for all of us and life on our Planet. It is time to celebrate 14.6 billion years of evolution and work we have all strived for. It is time to heal that part of our minds that cling to the ideals of the physical world and prepare to transcend into the multidimensional. The people of darkness need our help in that they too must be gathered up with us in this celebration and love. By us pouring out our love too them and visualizing them being healed in mind, body and spirit, we can help them make their transitions as well in these last days as it were. I don't think the world will instantly change on Oct 18, 2011, but the introduction of infinite choice and the explosion of creativity will drive us to our intuition and hearts to keep pace with the incredible acceleration of the creative force after that point. What happens in this period of time I am not entirely certain, but the wisdom and knowledge of the Ancient world that was suppressed and went under ground is now beginning to re-emerge and present itself to us.

We only have to watch for it. Again the 13th tribe and similar indigenous people are bringing forward the ancient knowledge that will help us through this transition. A world based on love not fear and slavery is what is promised too us. For some the fear of letting go will be too great and it may destroy them, but no one will be left behind. Creation and Infinite Love does not abandon.

Ian Xel Lungold who has passed on in 2005 has left us with his stunning research on the Mayan Calendar. Presently they are up on Google Video and explains very clearly what is going on in terms of our Consciousness and the Calendar.

### **Looking Past the Mirror**

As you know I have made several references to the Mirror throughout the last part of this book. What we are seeing is a SYSTEM, which operates precisely as a Mirror of Infinite Love. In fact if you took time to see the details of this, it would provide you with an exact map if you were to mirror it back to find a path of balance and life based in infinite love. It is a gift in a way so long as you don't get tied up within the negative actions of the Mirror. However for the vast majority of the people, they are enslaved by the SYSTEM and many are unable to speak out about it over concerns of being murdered by those who are so afraid of freedom that they would protect that which enslaves them.

In my years of work doing Spiritual Healing and working with others I have come across Mirrors in four places. One is of course the edge of the Universe which I have found to be a mirror

reflecting back to me my infinite self. The second is in people's minds which augments the light coming in to offset energies to conform with their belief systems. The Third is using a Mirror as a form of protection against those who would send me negative energy to the point where it is or has hurt me in the past. The last is used in Spiritual Surgery where I needed to cut a cord between myself and a friend and dissipate the excesses of energy built up in both our systems. There are positive and negative uses of mirrors it is always based on intent and love. Doing things in hate with mirrors only cuts people off from the infinite. This is perhaps the key of what is going on. I know there are some very gifted people out there that can help you. Opening up spiritually is usually done in large steps where the experiences are life changing. Our growth is not limited to here on Earth, but can happen in spirit as well, for we never stop learning. We are caught within an Illusion and are merely trying to find our way back out of it. However grasping the complexities of infinite love with the mind in the way is highly difficult, thus those of us that operate on higher levels of intuition can see and learn at much quicker rates. Don't be afraid to seek positive people out that are spiritually inclined, to help you. Learning how to control your chakras and opening your intuitive mind is a process of time. However do everything in love and honor one another. Be careful not to put your energies to the mirror but to infinite love, the light.

I did an experiment the other day just to see what would happen. In spirit I went to the mirror and decided that the mirror itself was finite. I found an edge and spread some kind of golden healing light between the mirror and the Universe it was generating as a reflection of infinite love. Interesting I sensed the fear but immediately the mirror began to heal merge itself back towards to the Universe. There existed a curved space now where the mirror was an edge. Thus I found it interesting and also confirmed that the mirror comes from Infinite Love not the other way around. What has come to mind is that perhaps the manipulating consciousness that is doing all this is throwing the mirror up at us. Perhaps it has forgotten about this or is simply caught within the infinite and has no sense of time, thus the mirror is simply there to protect a wound that we or it is protecting. We in the sense that we are within the mirror and we are determined to reflect back the energy we think isn't ours which is protecting something we damaged or hurt in the past.

Why I am spending time on the spiritual here is that what goes on with us spiritually will affect us over time physically. It is because we draw our life force from infinite love that we are this way. Our bodies are computers that allow us to function at this frequencies with our consciousness intact. Normally we are at a very high level of frequency and intuition and much of what we are experiencing here is child's play I would think at that level. But we are here and we are experiencing all this, so let's make use of the tools our creator gave us, mainly that of intuition and a higher sense of perception.

What is happening is that we do have a perfectly balanced system in place and there simple objective is to imbalance it. When we cannot reach balance we are in a state where our energy is being sucked away into some void somewhere per sae', that nothing good could come of it. When there is no balance there becomes gross abuses of power. What we see is a Vatican enriched with trillions in wealth through it's control over the world.

Beyond all the esoteric stuff the most simple way to explain how the mirror works is that they are getting us to pay attention to things which have no substance. All Laws are based in fiction and thus we are immersed in a **Culture** of giving our energy to that which, either does not exist for real or is simply imaginary. Perhaps we should be paying attention to things that are real like the environment, gold back currencies, labor equality and people centered communities where land and housing is affordable for all. What we don't need are phony wars or corporations having more power than governments never mind the people.

When we put our energy into things that are imaginary and thus paying attention to that, we are projecting our light into that imaginary reality and thus because it has no substance to it, we can never have our energy returned to us to balance what we put out, while the few suck in huge amounts of energy for putting little or nothing out. When we question

authority we are sometimes thrown into prison or much worse. Thus one must choose one's battles carefully, but knowing that it is an imbalanced system based on energy which leads to power without ethics, is the underlying truth about the mirror; we can choose to do things differently which restores balance in our lives and those around us.

The fundamentals of Law are derived from LORD God's law and thus the basis of all Common Law are based in pure fiction, which clearly supports those who would follow his laws over everyone else on the planet, one has to question if this is helping us or destroying us. When 2% of the population control many of positions of power in the U.N., U.S. Congress, Senate etc. all around the world banking is controlled primarily by the same 2% who follow LORD God's Laws as the foundation of all law, then we certainly do have an imbalance. Because many who are in key positions of power follow the Talmud as their Law, which puts those who do not follow God's Laws as Slaves, we see the end result of Power without ethics. Those who do follow LORD God's ways end up doing horrific things because they read about it in the Torah, you have to ask are they really free or are they enslaved? There are all kinds of ways of enslaving people, but those who would benefit from the enslavement wield much imaginary authority that when questioned, becomes as vacuous as space surrounding our planet, which is of substance. There is little doubt that the power wielded by these people has little to do with salvation or glorifying God. It is more to do with their selfish need to enslave the people on this planet for their own needs. Conversely we have multiple religions vying for the same power and everyone looking at everyone else in disbelief why they are not doing what they are doing, when in fact everyone has been enslaved by the same premise. Those who step outside the boundaries of religions can be highly persecuted and feared, not for what they believe but for simply being different and vulnerable to the mass programming that has taken place.

The simple reality is that we do not need churches or organized religions to celebrate creation. They have hijacked the very foundation of what we did in the past and replaced it with a stories that are not real. Perhaps this is necessary for creation's purpose to see such a sophisticated and highly unethical SYSTEM put before us, just so it can be torn down and we will have a very strong appreciation for what is real. I hope perhaps this is the plan, but what a mess to contend with!

So we can see that the mirror itself is based on creating a world around us in fiction, which has no substance and thus we thrash at something with no substance to it and our ability to change it is difficult to say the least. Change can only happen when we use substance for the basis of reasoning and power to create change. This brings us to understanding what exactly substance is. Substance is Conscious Energy of Infinite Love. When you examine the world around you, how does life present itself too you? Life presents an interdependency of which we all rely on something outside of us to sustain life. If we stopped breathing air we would die. If we stopped eating or drinking we would die. Our bodies are depended on **Consuming** energy from outside of ourselves to sustain ourselves. Yet spirits many of us have encountered or reported on need neither air nor food or water to sustain themselves. Any Shaman or individual who works with spirit will tell you that there are Earth Bound spirits that do feed off the living and as a Spiritual Healer we clear them from people's energy fields and ask for our guides and angles to take these spirits to the Light. It is those Spirits from the Light that are totally balanced and full of love.

When we are within our intuition and focused on love and spirit, we start putting out a great deal of light around us, because we have a closer connection to that which gives life. Our energy fields are more expanded and charged and we read intentions of others like an open book. It is fun at times knowing about what people are going to say or do before they do it. It is like they are telling you everything before they can follow through on their actions. This is our true nature of who we are. We eat and drink and breath the air because perhaps we are more focused on the physical than we have been on the spiritual. It is normal for those who seek spirituality to need less and less of the physical. Thus bringing one to balance with all and leaving the imaginary wants and desires created by the mirror behind.

It is joyful, fun and highly creative to be in this state. It leads one into feelings of bliss and freedom. Eventually you begin to be able to augment the reality around you, changing the weather, lifting people up when they are feeling down, calming others who are in fear and maybe walk on water as it were. Who really knows what the limits are once we begin to open up to substance and love. It breaks down the imaginary barriers in our minds to what is real and what is possible. This is the power we all have and this is why the parasites are trying so desperately hard to stop us from achieving. However the parasites are not in control of creation and nothing they do will stop what is about to unfold. We will see things appear outside of us like free energy then we will internalize it and recognize the source of free energy from within and thus how it goes.

The mirror's power relies on our energy to support it. When we remove the mirror through pointing out it isn't there, many people become highly disillusioned and rightly so. It is something that will take time and effort on our parts to bring about. But it only takes a few to point out that the Emperor has no clothes before everyone sees it. We are the source and substance of all power, we just need to stop feeding the parasites that feed off us and breaking down the illusions around us, is the best way to do that. No amount of force can stop truth from being exposed and Truth resides in infinite love.

This is not to say that we should not take responsibility for things that are happening around us. We absolutely must take responsibility and find peaceful and loving ways to resolve the situations. Why I like Winston's methods so much is that it doesn't attack the parasites as it were, it allows them to continue feeding but off something that is not of substance. In general let's say you give them an unlimited bond to feed off, saying if you do anything wrong in their imaginary world just take it off this bond, don't bother me with the details of it. Hence you are closing the loop they left open. They left it open because it is their nature to hoard knowledge within the mirror, where we have access to our intuition and infinite knowing, which they cannot through their fear based compartmentalized, command and control structure. It also allows us to dictate the terms of what they do and when by removing people from office who would start wars, that only hurt civilians and go after imaginary things like, Terrorism, Al-Quada and yes even Global Warming, which is caused by the Sun warming up. They like wars because the illuminati based companies make billions of dollars from them, which only encourages more development into weapon systems and ways of controlling and killing people. The nature of the U.S. Treasury as being a Substance backed bank is not true either. They take a Birth Certificate as a form of Surety, which is yet just another piece of paper, which is backed by you. Guess we can't put ourselves in the bank or could we or would we? Might be a nice party for a while eh? Oh well the Birth Certificate doesn't actually represent us, it is simply our STRAWMAN, Vessel in Commerce as it were. Thus we are insuring the STRAWMAN this way and in their imaginary world it seems acceptable. Again my only concern is that it resolves the issues of the Court Settling debts, but for how long? If there are no ethics, then there are no ethics. Because the U.S.A. is in dire need of money at this time they may be going along with it. But the U.S.A. is in a slow implosion that is totally manipulated by the Banksters and hyper-inflation will become a reality by about 2011 I would think, if not put in check.

Anyways stock up on your food supplies that can last for a long time and get some water filters and find ways of creating heat if you live up north. If you can, move away from urban areas and have some pioneering tools on hand. There are examples on the net on how you could make free energy just Google for it and see. As we move forward everything related to the mirror has to collapse around us for us to have our freedom and ascension into Choice as Ian talked about concerning the Mayan Calendar. We are rapidly moving away from a currency based economy to one of simple appreciation. We will work because we choose too not because we have too is the goal I believe.

It is time that we grew up and began to question those who would say they have authority over us. It is time that we began to stand on our own feet and take responsibility for the things we do to ourselves and others. We need to realize that what affects others is also affecting us and we

had a part in creating whatever happens around us and have a responsibility to help restore balance and love once again.

### **Our Vibrational Home**

Illusion resides within Vibration. Why? Because Vibration within the infinite can only vibrate infinite thus, there is no possible way for a vibration to return to a source within the infinite once the energy is released, because everything is infinite. Thus for a vibration to occur something must block the flow of energy within the infinite. Since the Infinite is infinite love the only mirror to that would be fear. Hence fear becomes our vibration home. Bet you did not want to hear that one eh? However this is not necessarily a bad thing. When we enter a fear bubble let's call it, we maintain our connection with the infinite so that within the illusion of fear we are not cut off from who we are, and thus we control the illusion and vibrational fields within the illusion. Thus all things become possible within the fear bubble or Universe that we enter. Interestingly infinity resides within a circle and thus the mathematical expression of pi is formed, which is 3.14 with numbers going on in a non repeating state into infinity. Another interesting set of numbers are the Fibonacci sequence of numbers, where the sequence of numbers adds to itself from the previous total. We see many examples in Nature concerning this sequence as well, including our DNA. Galaxies form based on Fibonacci expressions as well. There are distinct vibrational fields created and maintained based on the origins of the source that feeds the fear bubble, Infinite Love.

What is now happening is that there is an awakening taking, physically, mentally and spiritually in which all man kind is transforming their Consciousness into the reality that God is not something external to them, but God comes from within. We quite approaching a point in where all the illusions around us will be completely broken down. The imbalances we have created in our development will be healed at this level and we will accelerate towards the infinite beings we truly are. Based on what I am seeing the Illuminati are terrified of this happening as till now they have controlled the illusion and without their illusions they have no power. We are not quite there yet as it is hard for people to see themselves as God, when we have been so programmed to think otherwise. It is truly nothing to fear it is a natural course of our conscious evolution within the mirror. The mirror was created by us for us to expand our love and realize infinite realities and possibilities to exist within. It is our home.

As we move forward we our bodies will begin to change as our DNA expands to hold more light and energy. This is one of the primary reasons I think they are trying to create toxic products and environment to try and heed or at least slow down this process. Because Darkness cannot comprehend the light and thus is disconnected from the infinite, it is in flat out survival mode at this time. It is consuming a vast amount of energy to keep this knowledge suppressed and the realization of who and what they are. There is precious little time left for them and they know it. However as much as this is happening the love that is pouring in is beginning to heal them and us. We need not fear them or the illusions they create for in truth they are actually us, the imbalanced part of the infinite equation as it were finding equilibrium where only love and truth exist.

It truly matters not what they do for even if they wipe us out, it would only serve to destroy themselves, and I am more and more aware that this is merely an illusion any ways. Fear cannot exist on it's own, it vanquishes into a void on nothing for it cannot re-energize itself. Consciousness creates all life and the Universe is not the home of Fear it is the home of all that exists. Further as much as we see the Universe on the physical light side, it is also like us multi-dimensional infinity as well. There is only love. I see the Courts filled with the last gasp of this imbalance trying to sustain the illusion of authority through fear, torture and illusion. Although they have much power, they have no wisdom and no connection with the infinite. The hole the dig for us is without substance or truth. When you stand before a Judge and all those in the Peanut Gallery as Winston likes to say, you are the Court and ultimately it is not about money, power or law; it is about restoring the balance between all man kind. We can cut through their illusions like a hot knife through butter and not get drawn into argument, arguments lead to jail,

truth leads to freedom. They need our consent for all that they do, because they know they are cradling our Consciousness and challenging us to expand beyond the contempt and pure evil they expand from. It is not our place to judge them, but to recognize and honor them as they have done for us. Their world resides within fiction and as time moves forward fiction will no longer have a place within the higher truths we expand upon.

There are so many people still caught up in the illusions and trappings, but there are a few of us now that are awakened enough to see what is coming and what is transpiring. As time goes on we who have awakened become the spearhead for those that follow us. It will not take long before mass amounts of people begin to recognize the illusionary world of fiction surrounding them and begin to ask questions and recognize who they are. For those of us pushing forward gain control over the illusion as we expand our consciousness and DNA, we will start to think intuitively and lovingly about all that is around us, grasping extremely complex ideas and process within a single moment of time. Time itself will become less and less of illusion as we begin to even control time.

Fundamentally what our bodies are simply programs running their course within a multi-dimensional Holographic Universe. They want us to be focused on emotion rather than our intuition. It is highly difficult to listen to those soft clear voices of knowing within us, when we are told over and over again we must fight, fight, fight. Intuition has no need for emotion for you just know things and knowing what to do and following that knowing is a nightmare for those that are trying to control us. Standing before Court knowing that you are a multidimensional being of infinite consciousness and all that is and has happened to bring you to this one position is through your own decisions and creation. The puppets are there to draw you into emotion and argument. To torment and threaten you. To do whatever they can to get you to accept their reality of what is real. Keep in your mind it matters not what a fiction may say or do, it is only what I say or do that truly matters for it is only I that stand here. Fiction cannot have power over the living. Do not be drawn into their world, simply create the world you want by taking the authority of who you are and what you want. Terminate their game and there is no game. Terminate the Case and proceedings and order settlement of the accounts. You give the orders and anyone that would challenge you simply ask them where they derive authority over you. They have none all their authority resides within their fictional world, which they want you to buy as being real. It depends on how pissed off you get at them for what they are doing to you. I rather solve things outside of court and I am not particular on how it gets solved as long as I am not enslaved for solving it. However if you are dragged into their temple, just remember everything within their temple and jails runs on illusions, illusions that can be easily dispelled and dealt with through bonding people and threaten to levy sureties if they don't comply with your demands. Destroy the illusions of power and they will have no power. It is that simple. The more illusions you destroy the easier it is for others the see through them and the easier it gets to regain our power and control over our planet and futures. The perpetrators of this mess prefer to stay hidden away in the shadows. They would flee rather than fight outright, they have no courage or desire to put themselves at risk. They will begin to enter into a hyper survival mode as their illusions and fictions break down. So keep you chin up and eyes focused. Be clear about your intentions and be tenacious in obtaining your goals. Remember that these people who are held with such high esteem are only your servants, they have to get your permission. Recognizing the power you have, don't give it away too them.

### **How Thought and Light work Together**

There are two kinds of light the light you see with your eyes from the sun and lights and the spiritual light, which is harder to see but always there. The spiritual light is the light of interest for it is the light for which we use to control the illusion of this Holographic Universe we find ourselves in. Obviously what we think affects the spiritual and this imaginary world we find ourselves in. Negative thoughts attract negative situations and negative orientated spirits. Light and Dark are the constants from which we experience. Each contrasts the other to infinity. When we want to heal something we are wanting to bring more light into the situation and thus higher

vibrational energy. Darkness works the opposite in that it wants to destroy something it reduces the vibrational frequency and eventually cuts itself off from the infinite and become parasitic.

Thus it is through our thoughts and ultimately our belief systems that derive the reality and situations that we find ourselves today. The underlying constant is Creation, which is driven by infinite love from what I am seeing and moves us along in a natural logarithmic exponential way to new states of beings and realities. The darkness being cut off from the knowing of this, only sees things in terms of maintaining power and control over what they can see physically. When we energize our thoughts with love we remove the darkness. We flood the thought fields before us with love and thus makes it is easier to manifest a reality that better supports all life. Love is light and is infinite in it's power.

When you create a reality field around you full of love it also invites much protection from these parasitic creatures that walk among us. The bodies that some of them control can be healed restoring the individuals free will. Spiritual healers, hypnotists and others who work within the spiritual healing arts are well aware of depossession techniques and if you feel like something is wrong, like something is interfering with your free will, go see a someone. As far as going to see someone in the church or mosque etc., I would not waist my time. Instead follow your feelings on, allow yourself to be drawn to the one that feels right for you.

The most powerful way I know of to rid yourself of these spirits is to have a group of 7 to 9 people form a healing circle around you. Sing some songs and have them express their love towards you. Open up to the infinite love that surrounds us and penetrates all that is and allow the golden white light to fill you and everyone in the room from the feet up. With your thoughts all focused on the one that is to be healed, gently move your hands around their energy field about 1 to 3 feet away and ask you guides from the white light to remove the invading spirit's presence and connection to the individual you are trying to help. Keep the circle tight and ask for a purifying and healing beam of white light to come down the center of the circle and heal the individual and all involved. The manipulating spirit may try to escape from the white light, but if you maintain that circle your guides will extract him rather quickly.

This ritual should be done with 3 white candles lit in a darkened room in the evening and not during a thunderstorm or high electrical activity. We are very powerful when grouped together like this, but always focus on love and deal with issues that come up as people will face some fears and growth issues as well. After the healing is over, you should gently comb the energy field of the individual involved to repair any holes in their field and strengthen their auric field. Using white light and sometimes lavender light to remove debris may be necessary. Just relax with it and allow your guides from the white light to protect you and work with you through this. Before starting anything like this you should always say a prayer and ask for protection and love be shared among spirit and those in the group. Only invite the highest, truest, brightest and the best to assist you from the white light. Rituals are not evil or bad, they just are. It is your intent that is important and you must protect yourself and those around you when doing these kinds of things. Always ask permission of the individual you are wanting to help heal. It is not about forcing your will on them, it is about healing them.

In terms of creatures that can shape shift I really don't know what one could do there. They are manipulating the holographic decoding fields within your mind to present themselves as human rather than the Reptilian form they truly are. The bloodlines that do this are usually in positions of ruling power and thus my access to them has been limited. However as time goes on we may be able to decode their fields by shining some white light at them through our core stars. This brings us into a centered state of truth, however because many don't do what I do or others like me, you will have to spend some time meditating and centering yourselves. Go to a bookstore that sells books on meditation and pick up some CDs etc. and begin to gain a strong connection between mind, body and spirit. After a few months you will be much more sensitive to the energies around you and your sense of knowing will be heightened as well. There is nothing wrong with expanding your awareness of your infinite self through meditation. It is safe and when done consistently every day it brings a lot of issues and things too you that are wanting to

be healed and dealt with. The more responsible you are the easier it will be, although spiritual growth is never that easy.

If you can imagine this for a moment, that there is a map and on that map are all kinds of imaginary people and ideas about how things should be. This is the reality of the world as it stands today. Everyone is looking at this map trying to decode who and what they are in reference to this map, instead of pushing the fiction aside and realizing that it is only a game of the imagination, there is nothing truly real about it except that people take actions against others based on the map or board game as it were. We are not pieces on a board game, we are multidimensional infinite beings that need to do a little house cleaning to rid ourselves of these parasites and fear.

Our thoughts effect our emotional states and recognizing that keep in mind who or what is feeding our thoughts and telling us how we are suppose to be. Pretty much every individual I have done a healing on, suffers from a major energetic defense character structure. Meaning that over past lives they have energized certain patterns in their energy fields to interact with problems and people in certain ways. Barbara Anne Brennan's book, *Emerging Light* goes into this in quite a good detail. There are still some variations from what she talks about, but it gives you a base from which to work. I do again suggest you order her book and use it as a way of healing yourself and others. A little knowledge can go a long way at times. Unfortunately as much as I like to go into this all deeper it isn't the primary focus of this book. But knowing how you are interacting with others and why, is important to the healing process.

As far as saying affirmations over and over again, I don't think it works well without recognition of some accomplishment of what you have done. Proving yourself to yourself that you can accomplish things is as much a game as it is serious business. I don't get hung up on things I just try something new to get me out of my comfort zone and see what happens. I am not hurting anyone, so give it a try I say. After time you will recognize that your thoughts and your energy field become one, in that you begin to attract like minded people too you because of how you think and do things. You can raise your hand and feel the energy field of the earth regenerating you and connect better to illusion around you that you once saw as being separate from you. Buildings, trees, plants, animals and everything will connect with you energetically as you vibrational level goes up. The more love and light you carry within, the more it is projected out and back too you. It's a nice feeling folks!

Over time you may leave your body as well to travel and gain more information about the Universe and other matters as well. This is quite natural. You may also be confronted with beings of light that you never seen before and that is the topic of the next section. We begin to gain a broader ability to decode thought fields and energies around us. We see spirits as ethereal as we are not accustom to decoding that high of a frequency range, but they are as much alive as well are. There are also creatures such as the Reptilians, Greys and many other forms of life there. Some are here to hurt us while others are here to help us. It is important to recognize loving energy over other forms of energy so you are not led astray. It takes time to do and learn this. However I wonder with 2012 on it's way and what is happening, that we will simply be expanding at such a rate in love that, what took me a long time to learn, may take people only a few days. I don't know, but things are happening faster now and if we focus on this we just might be able to lift ourselves out of this quagmire and create a reality based in higher levels of love and no fear.

### **Beings of Light and Truth**

This book has discussed a lot about the Reptilians and how they operate both physically and spiritually. David Icke has really led the way in this area and making people aware of how reality really works. Just because there are these fear based unbalanced creatures around us, does not mean that other kinder and loving spirits don't exist, in fact they do. In terms of being afraid of interacting with the dead, let me make something very clear, there is nothing wrong with this and we do it everyday of our lives even if we are not aware of it. To become a spiritually aware

individual you need to recognize that we are living within a tiny, tiny fraction of possibilities here and the true scope of what life can be for us is infinite. However fear driven you are of the spirit world, there is nothing to be afraid of it, so long as you treat it with respect and love. There are some basic rules to follow and doing so will prevent a lot of problems.

Always ask permission of the individual and of spirit before you do anything. Make your intentions clear and that it is only in love that you are doing it. By doing this you are aligning your intent and will so spirits that might cause you problems cannot interact with you. You should begin with a prayer or incorporate your intent into the prayer. Praying raises the vibrational frequency of everything around you. Playing soft music is nice, but not necessary. Recognize that everything you do comes from within you not from the illusionary world presenting itself too you. Your mind is decoding things around you that are simply thought fields and life energy. Not everything is simply as it seems so, trust your feelings and thoughts about what you see.

Beings of Light and Truth will never interfere with your life, they are there for you to call upon for assistance and guidance. They help set up and maintain energy flows during healings and meditations. They also help make real life situations possible and at times will save your life in emergency situations. We are spirit incarnated into these bodies, these bodies are not our natural state of being, but it is an experiential thing. We are all psychic to some extent and we do pick up on people's intent and vibrations to varied degrees. Thus each of us lives within a different reality of perception, meaning some of us are able to perceive more than others about what is truly happening around them. I think that we all will become more sensitive to this perception as we move beyond 2012, but guess we will have to wait and see. Mostly recognize that everything around you is constructed illusion of the mind. The beings of Light and Truth or simply those of the white light, work in very high levels of vibration and actually have to lower their vibrations for us to become aware of them. Thus it is important that we raise our vibrations to help meet in the middle or at least a little higher up.

Because we are all from the infinite it is important to recognize that power is no more or less between spirit and us. We are all equal, just we are vibrating at a lower level. Spirit can take on different forms but, they tend to read your mind and present themselves as something familiar to you as not to frighten you. Because we are holographic in nature a spirit can overlay their appearance onto you, you actually can shape shift in meditations where your vibrational frequency is high. It is an ethereal type of shift, but still a shift and done in love. Sometimes they do this when you are seeking truth about the after life so you may experience it and not fear it. When we die we simply move to a very high state of vibrational frequency and through love we heal past any fears. I think it is fear that keeps people earth bond spirit wise, but over time they are gathered up and brought back to the light.

Thus simply recognize that we are far more than this simple flesh and blood body. The mirror does not want you to know what is beyond death for you to know what is there, allows you to simply loose your fear over it. In truth we are connected to our spiritual state all the time, just nobody bothered to point it out too you. When you quiet the mind the spirit can do things. The mind wants to get in the way, but it is the heart that is the teacher and the healer.

Major Religions are about following rules and traditions. It is an indoctrination of fear and in most cases they are religions about Death, with Judaism used as a front for Zionism. These prison Religions focus on the fact that you are outside looking in, when in fact you are everything that exits. Thus they make death as the ultimate corner stone of a belief system rather than being life and the celebration of all life, thus robbing people of their true power of their spirituality. The death culture is symbolized all around us and most strongly in The City of London or simply, The City. I don't have a problem with people doing what they feel they must do, but to force it on everyone else that is where I draw the line. This entire LEGAL SYSTEM is about worshiping various aspects of death. It has nothing to do with the reality of life and true grandeur of who we are. Religions are manipulative and centered on being at war with others. They say we must sacrifice for now to ensure our after life, when in fact it is our spirit that has sacrificed to come

here from a state of pure bliss and harmony to help raise the vibrational frequency of the Universal Mind.

So let's be kind to one another and to spirit that comes to help us. And use our awareness to help heal those spirits caught in fear that may have become earth bound. Those spirits such as the Reptilian type that do not want to leave us we can simply as our guides from the white light to take them into the light and if they don't want to go from us, then cast them into the sun to be destroyed, ultimately returning them to the infinite. It is expanding our love of all around us that protects us. Through love we give life energy and renew what was once there. Love allows us to carry more light and thus become more aware of all that is around us. Awareness is the door to spirit and creates opportunity and choice.

Once in a while I may have a spirit actually take full human form and tell me I am doing a good job etc., then vanish as I look away. It is rare for me, but others may be more attune to spirit in that they can see them very easily. As we grow spiritually it will become harder and harder for these soulless creatures to operate freely among us. We will begin to decode their energy fields that reside just outside of our normal sight and then what will we do? They will have no place to hide anymore and their games with us will come to an end. At least this is my hope of what will happen. It will also be interesting to see what guidance we get from our spirit guides of the light when this occurs.

### **Playtime in Heaven**

Ultimately Heaven is not the true source of our ever lasting life. Heaven rather is a place of the mind and not spirit. It is perhaps a place where those caught within the mirror go to be judged, when in fact it is only themselves that judge. We are consciousness not merely spirit and we are the true masters of the realities we decide to create for ourselves. This has to be one of the most highly manipulated realities there could be, yet we still pierce their lies with truth. Again truth has no illusion and simply keeping that in mind you can unravel every illusion that could ever possibly confront you.

To believe in Heaven does not mean we need to believe in Hell. In fact I rather think this existence is more accurate of Hell than anything else I could imagine. However it is also a great deal of kindness and love in our world and people reach out through their belief systems to expand that love. Love is love and recognizing that love has no conditions upon it is to rid yourself of illusions. Just because we have been fed a story of lies about the reality we live in, does not stop us from recognizing that we change this reality if we so choose.

It has only been through unchecked power that these Illuminati have been able to do what they do. All their secret societies, with people believing that they are these puppets on strings, ready to do their duty when called upon. They are controlled through money and fear. Instead of standing up to them they go along with them feeling that they will be safe in the end times. Well if you help create the end times, what makes you think you will be safe within it, it is the end dummy. Perhaps it is their worship of death that cuts their thinking off from worshipping life. It is the belief systems that create our reality both here and in spirit, for we wall off the possibilities of infinite love.

Heaven is an experiential reality of what you want it to be. It is a point to readdress what has gone on and plan for another life. Not being there at the moment myself, I can't say for sure, but I from talking with spirit Heaven is truly just a place for the mind. When we transcend the mind the door to the infinite is open too us. Perhaps Heaven is indeed an embryo of life for which we can allow our consciousness create from. There is no doubt that the creative force is beginning to go to infinity as we approach 2012 and will present either destroy us or free us. In any case the vultures that have preyed on us for the last 6000 years are in their final throws of power. Who can say what it would have been like without them, perhaps this is just the true nature of creation itself.

Either way a Heaven awaits us all and it is up to us to determine what that Heaven will be. When you recognize that you are the master of your reality and it is created based on your thoughts and beliefs, it becomes important to seek out the truth and dispel all illusions before you. As the Illusions disappear your love and choice increase. Quieting the mind and going to the heart for the knowing and reasons why, leave no need to question why. We begin to open to the infinite and by doing so our fear is left behind.

Well I am sad to say this brings us to the end of this book, but perhaps I will write another about infinite love. It will be interesting to see how this book affects the conscious awareness of people on the planet. With so much strife and war going on and the Ruling Elite now in their final death throws of being Power mongers, we will have to hold on tight and see what comes of it. The more responsible we can be the harder it will be for others to follow in the illusions put before them. Once the Emperor is shown to have no clothes there is no turning back, the truth has no illusion.

If you would like to explore your true nature as a multidimensional being, then I suggest that you read the following free e-book.

### **Some Final Thoughts**

It has taken me 3 years to write this book and I feel I still haven't finished it as I learn more and more over time and more pieces to this puzzle or illusion as it were fall into place. One thing I learned also, was something obvious, but didn't notice it before; that being that all crimes are crimes against the State, not against us the living. Consider this, if all the NAMES thus PERSONS are property of the state, then what does it matter what crime is committed against what name? The Government can do anything it wants to any of the NAMES and get away with it, because the NAMES are registered and likely liened by the state. I guess what I like to do here is kind of summarize some key points and show how the picture relates to the infinite versus this finite illusion we find ourselves in. This is why when we report things to the POLICE we become a COMPLAINANT or rather the Actor for the COMPLAINANT. This is the crux of the Tyranny, in that the State has taken on a God like status and the few who control the levers of power oppress the many. When someone is hurt or harmed, the Courts are there to deal with the commercial aspect of settling commercial accounts in the Accrual System, or rather a cruel system. It is all about extorting money and freedom from those and the Courts force their way in as a third party, when it is up to the individuals involved to take an adult step and resolve the issues between them, themselves. It is all about money or rather mammon to them. They see us as slaves because we are going along with their fraud that we are these NAMES of which they hold imaginary title too in their giant play. When in fact they have no authority to intervene what so ever. We could simply find anyone independent of the people involved to listen to what has happened and say what would be fair to do and then allow each man created male or female by God involved to decide for themselves if that action would bring about closure and peace to the situation, based on their situations and beliefs. We are multidimensional infinity and when we harm someone else or the earth itself, we are harming ourselves.

1. All religion is man made as God or our creator has never appeared before me or anyone else I know to tell us about religion. For the most part Religion has been used as a tool to enslave the masses via mind control rather than developing their spirituality and spiritual abilities.

2. Religion is based in fiction because it makes use of fiction. The infinite does not have fiction it is simply truth, which is infinite love. No religion exists within the infinite because truth has no illusion, simply put we create illusions based on our belief system and decode our reality upon those beliefs. Hence the reason for mass mind control.

1. Not one Country I know of is defined legally as being on the earth.

4. Persons have two attributes, one being a name and the other being a birth date. Both are hearsay for no one knows their true name and know one knows the true date.

Many Oaths are false Oaths or are very ambiguous. Everyone who swears an Oath is committing perjury, because they cannot say that their name is their true name, they don't have names, thus they are simply actors in fiction swearing an oath for an imaginary person. It matter not that people have or have not got an oath, because they cannot prove how they have authority over us, just their fictional world of persons and labels.

1. The King James Bible in Genesis Chapter 1:26-28 state that from God's own words that he gave man created male and female dominion over all the earth and over every living thing upon the earth. Thus all paper work and actors that come before us on the earth have no authority over us what-so-ever. They ended their Oaths false or other-wise with, so help me God, and thus are bound to follow our orders. Even if we sign something we have dominion over it. We cannot be bound by contracts, because Contracts are based in fiction and make use of fiction.

6. All names used in Court documents are likely liened and thus owned by the Pope, who controls Temple Bar and the Bank of England. The Pope is listed as the Anti-Christ in the Confession of Faith of 1646, which governs the Queen and King of England. All oaths are religious in nature according to this document. Property and land are terms used in the imaginary world and do not mean the earth. Having dominion over the earth allows us to control things upon the earth without actually owning it, God or the creator owns the earth and thus holds all liability in regards to it. Likewise the Holy See is the holding company for all Countries in their imaginary world and the real reason why the Holy See is a Nation State or rather Nation State Corporation.

1. There is no such thing as a lawful order or lawful anything because the imaginary world upon which all law is based is fraud. War is a form of commerce and the first thing in any war that suffers is the truth. We were not born into a world of law, but a world of love. Law only exists to support the illusions put before us. When we break down those illusions by playing with them, no laws exist that would govern us in any way.

9. The Torah and the Talmud have been used as the primary source for law along with the Koran. These books are filled with laws upon which no authority can be proved and much if not all is based on hearsay. Yet, people are murdered because of kangaroo courts finding people guilty of crimes, upon which they only execute law upon the name. The man created male or female by God in question who is associated with the name is killed as an act within the play, however the courts cannot point where they get their authority to harm others out of some idea that justice is being served. Many trials are decided before they even start and judges never sign anything, but rather just use a stamp on papers. All crimes are commercial in nature and the State is making millions if not billions of dollars off each and every case put before the courts, hence why we have a revolving door justice system throughout the world. All one needs is to know the cost of the charges and they can pay the charges and leave.

10. Addresses from Government agencies and banks etc. often leave the country name off the address and put in a 2 letter abbreviation and postal code on the address along with an all caps name. This is done when the government in question is not the de jure government and is running a scam of moving jurisdiction to another Country or venue. This is done in Canada and the USA for the most part, not sure about the rest of the world. It ties in with Washington D.C.

Expect non responses from your letters. It is better for them to not respond and simply leave you alone. Every situation is different and going to court over something is the last thing we ever want to do. The courts are complete frauds and all they want and dream about is getting you through those doors so they can call you a slave and do what they will too you. Your power resides on earth, so keep it there. If you are dragged into court, destroy all their illusions and

take your power back as being a man created male or female by God on the earth, standing in the dominion given too you.

All NAMES in the SYSTEM are imaginary ships on imaginary sea or water way, in some imaginary world, which is not defined as being on earth. They have no where to go when their illusions and toy ships are exposed. Never sign anything for it becomes a confession that you are fiction or a controller of their fiction and thus a party to their game. If you have recant your signatures nunc-protunct in regards to the case or paper work involved.

11. Lawyers are agents of controversy and will lead you into dishonor. You can appoint them as your NAME'S Fiduciary Debtor, but it doesn't always work. The Court System is in an imaginary world, so fiction has no credibility or honor, thus there is no rule of law, especially since they are holding all the cards. Destroy the illusions and the truth will set you free.

There is probably a bunch more stuff I could put here and I might in the future, but where all this is leading I think is back to the mirror of infinite love. It is so obvious that they have gone to extremes to not define their imaginary world as being on the earth. This ties into the question, why? I think perhaps our manipulators have no rights to this planet and there is an inter Galactic system of law which protects us from harm upon our own planets of which we are born. Much like the Bible, Lucifer enticing Christ to side with him and together they could rule the world, Christ recognized that the world or rather the planet was a part of himself and he had dominion over it. Why would I side with someone or give away my dominion if I already had it. Much the same can be said for these countries that never existed before last 500 years. They were all created in an imaginary world, upon which the illusion of property and ownership was allowed to foster, giving Lucifer all the power to manipulate and destroy the earth and her people, us!

Because the only truth is infinite love, the mirror itself that is creating this illusion is made of the same material, infinite love or consciousness. I wonder to myself how this mirror could actually exist or if it is a mirror within the infinite at all, but it would seem it has taken on those attributes of a mirror. The difference is that we, those of us connected to the infinite have an infinite capacity for love, versus these soulless creatures. They perhaps see the earth as something to concur because they have severed their connection to the infinite, I am not sure, but never the less they are all ultimately part of the infinite and thus part of the infinite love. I sometimes wonder if we are not being tested as I mentioned before. Tested to see how we respond to illusions and see if we will fight each other. If we are to expand our species out into the Universe I would like to know that we would not be out there trying to consume and destroy other species and planets for our own selfish needs and goals. If we allow ourselves to be manipulated and boy have we, then we simply become extinct as a species, because we can't exist beyond the illusions these masters of, have created for us.

If we are going to join a larger community of intelligent life, I couldn't see any better way of not only testing to see if we were ready, but helping to instill the consciousness of ethics into our psyche. It is one thing to have it explained too you, but quite another to be immersed in a world of fraud and deceit. How far are they going to push us, I think will depend upon how many of us wake up and recognize the simple truth that we are the same and the most important thing in life is to love one another. It is hard to manipulate past that. When we insist on taking apart their system of control and replacing it with a system of love, what defense do they have against that? None. I think we have a lot of work to do still, but when the are holding the switch on the nukes, who is being the child? We have to take responsibility for what we have allowed to happen and it will cost many lives as time is short, but if we are to survive we have to begin the dismantling of this vast control system and replacing it with systems based on love. If it means the entire earth is nuked for this to happen, then so be it. We are infinite beings and we can do this again and in a better way. However these soulless creatures will simply be absorbed back into the infinite as energy and love will restore the voids they have created. I rather see us make it through this mess alive then dead of course, but ultimately we never die either. So don't be intimidated by anything. I notice once you have spoken the truth they tend to leave you alone, because there is nothing more they can do to manipulate you within their game.

We make use of persons out of necessity of life for the moment, but that too will change with time as we heal. Always remember that you have dominion over all the earth according to their law and when you remind them of this in a letter, they leave you alone, because I think all in all they too must ahear to the creators will and cannot move past what it says there in the Torah/Bible. It is much like they are running a program and if we are all telling them that we are following God, then they back off and leave us alone. It has happened for me, so it will happen for you. These creatures are completely ritualistic working out a program. Simply put follow God and all is well in their imaginary world, become a person and they get to destroy you, because you have changed your status from being a man created male or female by God to an imaginary thing. It seems to be a test of some sort or it could be pure evil. Only time will tell, but this is what I have come to know and find that works. When you make use of law, laws can be changed or simply ignored, because it resides within fiction. What they may let you do today, they may not let you do tomorrow.

If you take notice on the Canadian Charter of Rights and Freedoms you will see again in the Preamble that it says, Canada was founded upon the Supremacy of God and Rule of Law. Now if God is supreme the part, "and rule of Law.", is totally meaningless in a way. Because all that matters is what God has to say. The and part is put there to trick you into believing that law has something to do with you being in Canada and you must follow laws. The only thing you are required to follow is Genesis Chapter 1 in what God specifically asks of you. Nothing more or less. Babylonian type religion hides the answers out in the open. They do this I thin perhaps because as evil as they may be towards us, they too ultimately follow God's will and will not cross that line in regards to God's will. The entire planet has been set up to deceive you into believing in a fictional world and based on what I see, they did a pretty good job of it. If we are ever going to grow up we have to be tested to see if we really truly understand our Creator and will follow his will at all costs. It is also important to recognize that it is the King James Bible that states these things, so it is important to make sure you always reference this Bible over all others. It is the foundation of the Free World. The Catholic Bible does not say this and of course everyone bows to the Pope, rather than God in that Religion. Common Sense would tell you that you would only need to follow God and not a guy wearing a funny hat of a fish, Nimrod. However Billions do and they do it at their peril. We are not Christians either, we are simply man created male or female by God. Nothing more needs to be said in our identification and why would you say more? JESUS is not going to come back and rescue us from this tyranny, it is we who must come to an understanding about God and the infinite love that is within us and all around us.

Dr. Sam Kennedy had a talk show about this very thing on February 1, 2009. I tend to think that he is beginning to catch on, that law and Country have nothing to do with all this. It is all about recognizing our creator and remembering who we are. You can download the show at

Look for the Dr. Sam Kennedy, Take No Prisoners Archive. Sam has been running into some difficulties with his commercial law solutions and has been telling everyone to change this or that, when the truth is really the simple as explained in Genesis Chapter 1. We are just created by God and God gave us dominion over all the earth, not Countries. So don't go to their Countries. We have dominion over every living thing on the earth and that includes people who put titles in front of names to make them look like they are something other than a man created male or female by God. We are not patriots, we are not Christians, Muslims or anything but a man created male or female by God. In terms of using YHWH, we could use that perhaps over God, but the Ruling Elite have provided us with their Book and make it clear within it, who the Creator is and the simple reality of recognizing that we must follow God's will over all others. And it is not like it is demanding, we do God's will naturally any ways. I'll leave you with this one last question; If God is infinite than how is that he can exist as being God? Infinite Love is the only truth everything else is illusion.

The next step in my journey I think will be to see if I can get some money monetized for buying a home and vehicle and perhaps to start some projects that will heal the environmental damage

being done to the earth. Also seeing if I can get some free energy technologies and medical advancements brought onto mainstream use. I think they have stages to their programming and perhaps we are not quite that far along yet and they are waiting for more people to send in letters demanding that they stop using us as slaves and reclaiming our dominion over the earth. To people who have not read this book or thought much about this stuff, is very scary to them. Beyond sharing this book, you will find that you will have to reach out to many people to help them see these simple but yet powerful concepts if we are going to grow as a species and move out into the Universe. I wish I could tell you more and have all the answers for you. But you are going to have to start moving forward on this or I don't think we will have a tomorrow. Any ways, I hope you enjoyed this book and will take the time to teach and share it with others.

Matthew 10:26 "But Jesus beheld them, and said unto them, With men this is impossible; but with God all things are possible."

Now remember one thing about all of this. The Bible does not define God as being a PERSON. However Genesis was written by MOSES a PERSON and thus a fiction cannot produce anything of truth as the source is fiction. It is not that the Bible applies too us, it doesn't, it applies to all who are taking the Oaths of PERSONS, within their imaginary world. You have to be careful when asserting the Bible and Law in to remembering that it only applies too these Corporate entities on paper that are names, it does not apply to the living.

The Bible is of the World as per it's presentation to the QUEEN and as the all caps title as well. What the Bible holds is the mysteries of the mirror. Everything we see is Consciousness and that Consciousness is infinite love. Because the Bible says we were Created after our image, image being the key word here, what it is saying is the image is the reflection we see in the mirror. Because we exist inside a holographic universe that image is our bodies and all that exists within it. It is composed of energy and responds to the natural laws or rather programed parameters of the this dimension. Thus because we are wrapped within a mirror we cannot see who we truly are, that being infinite love. The entire SYSTEM deals with the image as being a PERSON, an image or reflection of the source. This is why the Bible is also written from the perspective of Chapter Genesis on, about standing up to Tyranny. From the perspective of the mirror you do not have knowing, you have ignorance and knowledge, because all the Bible sees you as is an image, not truly who you are. An image cannot have any knowing, so it has to have beliefs in things, which mostly are not true when you realize that everything around you is an illusion for your 5 sense reality. It is through our infinite consciousness of love that we find knowing. Love pierces the darkness and brings about truth and clarity. Quieting the mind and learning to see the illusion as already manifested what we want it too, is the key to self empowerment. It is not about believing in that something will happen, it is about knowing that it is already done! See Nichole Whitney's Spoon Bending Kit at News for the Soul for a nice Lesson in this. It is about seeing and knowing that something is done then simply letting go knowing that it has happened. If you can bend spoons imagine what else you can do and manifest for yourself and others.

What has happened I think is that there were those who wanted to advance their mental abilities faster than their souls development in this dimension. Thus they made use of chaos energy perhaps or other energies to augment their DNA to accelerated massively their capacity control the illusions within the mirror. They did this at the expense of being connected too infinite love and thus have no feeling, they have mind but no love. Thus they experience the this reality in total inverse in relation to love. Where we have simply worked to advance our genetic capabilities over time in balance with the needs of our soul and all that exists. We are now entering a time where our genetics are advancing to the point where we will be able to access greater and greater control of the mirror and be able to control the illusions with love. This is what I think they are trying to stop. The earth is the catalyst for this and is why it is warming up and we are receiving new programming from her as well.

Thus once we have the abilities to control our reality no laws can apply too us because we simply change that which we don't want within our reality. We hold the spiritual power to manifest this now I think, but they have been doing everything they can to supress this, to hold us as slaves.

I believe Freemasonry is all about advancing people mentally within the mirror at the expense of their soul or love. Because the Mirror has no soul it is just a program reflecting back our intentions and our collective intentions, is why the life forms that advance within it are parasitic. These life forms can be sent back into the light and put back into balance with the love that is there and why it is so important to protect yourself with love and white light when around these parasites. It is important to remain balanced as they feed off the imbalances and will elicit emotional responses from you based on your thoughts about what you are seeing etc.

In a way it is a kind of a game for us, learning to balance ourselves in love so that the mirror cannot have any pull on us and thus unbalance us. The Justice System is the pinnacle of injustices as you are asked to worship an image of a man created male or female by God, who sits there being the mirror of infinite love. You are there because you have created an imbalance somehow and thus are drawn into the mirror as an image, PERSON, rather than the infinite love you are. This translates back to our souls and our Core Stars perhaps in that we want to expand our love within the mirror and thus get brighter and stronger in our capacity to emanate love and light and progress to a multidimensional state as ascension or move onto other dimensions or simply expand out into this dimensions called the Universe to experience more love. We want the mirror to reflect back love too us, which is the love and joy we put out to the mirror individually and collectively, hence again the Law of One.

The Bible is designed to suck people into the mirror, thus Satanism. Christians have a horrible time with this along with Muslims and other very well intentioned and meaning people. However Love has no law and no illusions. The Mormons are taught that Lucifer is LORD God, which is exactly correct and many of their Rituals are based upon Freemasonry, which is Satanism. It is about holding secrets, when in fact the structure of light has no secrets and love has no laws. It is completely backwards. This is what is going on in all the Churches.

My Cosmic house within the Universe is mine and each of us has one and it is a place for our souls to go and adjust the reality within the images we see. It is full of glass walls of energy in the shape of a church, which has round glass portals that emanate light from everyone we have a connection too. We can block or open the portals by mutual consent and on near the soul seat, which is like a small pillar in the vast room there is a large screen upon which we project our realities onto. We can go forwards and backwards in time. There are also the round glass lenses I talked on the walls that I project into the reality in which I want my soul to experience. Then I move the lens over my head and spin it as I ascend into it. This is what soul travel is about and how we gain wisdom and knowledge from other dimensions while in this one. It is there, each of us has it, you just have to quiet your mind and open your awareness too it, you don't have to go through Freemasonry rituals or a life of church services to get there, it is and has always been there for you. Also you can open worm holes and travel the Universe or even go to the Mirror itself and see it. You can get infinitely close to it, but you can never touch it. I see temples and other buildings near it as well.

You can enter these buildings, but remembering that they are part of the illusion and at times you have to ask permission from those guarding the entrances. You may not be allowed in at times but other times they may let you in, some buildings are not even guarded at all such as the crystal room I like to call it. It holds a store of vast knowledge that applies to my past lives and journeys throughout infinity, we can all go these places.

I know when I get into meditation groups and I go off and explore my Universe as such, people get anxious and upset that they can't do what I do. I meet people who can do fantastic things that I can't do either, it is a matter of honoring where we all are on our path of learning to play this game of balancing. Those that have gone into the mirror believing in the power of illusion and thus severing their connection to love, live in fear and torment thus Hell in a way. In all my soul traveling I have never seen Hell or even crossed my mind of it's existence, but I would only think it exists for those that follow the consciousness of the mirror rather than consciousness of love. You also grow slow with major spirits now and then as you test yourself in your knowledge and wisdom of the illusions you are creating for yourself. Those that go too fast, hence making

use of this Chaos energy magick, used by Freemasonry and the Illuminati are trying to create a collective reality based upon darkness, which has its limits in that it can never exceed the balance of light.

I pondered whether if going into the mirror was a soul decision to advance or experience reality from that perspective or if it was simply a matter of us not paying attention to love within us and recognizing that love has no laws or boundaries. Those within the mirror can be healed and brought back into balance again by sending them golden white light and love, along with images of balance and peace. This is done through centering them within their Universe and from all directions send them love, it breaks apart the illusion because the fabric of the illusion is composed of love. This works the same on those possessed as well. People will feel like ants or bubbles are crawling all over their backs or upper body when an entity is trying to possess their bodies. The Entity is trying to overwhelm the nervous system, to elect programming changes in frequencies of the body so it can attach itself and move the awareness associated with the body out of alignment. Again sending images of wholeness, balance and love with golden white light to the individual centered in their Universe brings about healing. These entities are parasitic in nature. Some people just blast them back to the infinite by increasing their light. As you soul travel you always wrap yourself in love and white light or Golden white light. I sometimes become a ball of light especially as I travel vast light years over a few seconds or in a worm hole.

Here is an excellent You Tube Video about the Reptilians and what is happening with them and what we can do to help them. Remember love has no boundaries.

I know other people have much greater experiences than I and many less, but we are all getting there and we have to get there together. Moving faster than your soul is ready too, thus wisdom too, creates a lot of imbalances, hence why the use of Satanism and other similar things to advance mentally rather than spiritually. This is all natural and it is who we are. There is nothing evil about this, it is how we exist. I think those that are caught up in the illusion propagated by the Churches etc, are cut off a great deal from all this, because of their belief in the illusion rather than their belief in the infinite love that they are. But there is a divine plan unfolding and I can't say what is right for one is right for another. Perhaps people need these experiences to more fully recognize who they are within the illusion? I know it is slower to take steps with love, but accelerating our mental and psychic abilities through Satanism simply robs us of Joy in experiencing this reality. It is only through fiction that we destroy ourselves, love and truth always heal.

What is driving this evil among us the Cabala, a coded document that contains a great deal of information on mysticism or rather the mirror. It is the heart of Jewish Mysticism and it is called the foundation of the Cabala is all about the Tree of Life or rather the Tree of Death I refer too it as. It is about a journey to master various aspects of the tree and to fight your way up to Lucifer, for the final battle. Of course it is in the Bible there, the Garden of Eden and it is made very clear that by the serpent that those that partake in the fruit of the Tree of Life will surely die. It is about the mirror, it is about darkness. The mirror is a black, because it is the inverse and opposite of who we are, light and infinite love. It centers on gaining power to control matter, the illusion we live in. The Order of the Knights Templar found the Cabala and began outwardly practice Christian values, while internally they studied this Cabala and making use of the rituals within the Cabala. The Cabala is all about the mirror and is the foundation of Jewish Religion and Satanism. There are lots of articles on the internet about the Cabala, it is quite extensive and I don't really want to focus on it too much. However it is the foundation of the structured societies we all live in. In fact Christian churches ritualistically acknowledge the sacrifice of JESUS every Sunday and the Catholic Church practices Cannibalism by eating the host and wine being the body and blood of Christ. This is a Satanic Ritual in disguise, but don't take my word for it, think it through. Every week the masses go out and ritually sacrifice a man in their minds and eat him.

Although it is not real it creates an energy field that supports the horrific Satanic sacrifices that go on daily throughout the planet, thus leaving people insensitive to the energy being pumped out from these horrific sacrifices. It keeps you numb to the out cry of horrors that plague the earth daily.

Another interesting thing again by using your hand, in terms of LORD God, Thou have become one of us to know good and evil. Love is just love, it is unconditional. They always ask people they swear in to raise their right hand and put the other hand on the Bible. Those who don't put their hand on the Bible, but just raise their hand are still making use of their hand and this is what determines by LORD God that you are an image rather than love incarnated into body within this dimension. Thus if you are an image only then you are a living thing, not a man created male or female by God. This also why they consider God to be an image or thing as well, because God created man in our image, meaning we are an image of God. The Bible fails to mention where the image comes from and that of course is because again the Bible was written from the perspective of the mirror and not infinite love. If the Bible were written from the perspective of infinite love, we would not be giving life to the mirror to control us as we would know it is parasitic in nature and fiction. I often think that the mirror holds all the knowledge and we hold the knowing and wisdom. We have independent free will, while the mirror is under the will of Lucifer, one mind.

David Icke says that these Reptilians are trying to change our DNA through Genetically modified food, vaccines and chemicals to make it easier for these entities to possess our bodies. Because our Bodies are truly Temples for our souls to experience this dimension the frequency of our bodies must be lowered enough to allow these parasites to take over. This is why they want disease and ill health. This is why churches practice a form of cabalism to alter our frequencies to lower levels, which is done through magic rituals, we call a service or mass. This is why we are put in fear of being sinners and some image called God will judge us some day for all our sins. It is a form of mind control to bring about a conditioning that we follow one mind of thought and thus become sheep, instead of being independent and highly creative and loving. An reflection cannot hold the form of reflection, there has to be a source. Thus what is really happening is we are being destroyed by our belief in the illusions being presented too us. Our way out of this mess is to begin to love each other unconditionally and break down the walls of control so we can help one another. They want us in a state of fear so let's put ourselves in a state of unconditional love.

It means we do whatever we must for the highest good for all. I know this transition may not be peaceful at times, although it should be and can be. However some will choose to fight and harm those of us with the courage to love and break down the walls of control. Death is something not to be feared. Ultimately it is a way of healing. To the mirror, Death is seen as the final debt that is paid by man. It is quite a contrast isn't it? The mirror looks at reality as system of slavery and we look at life as way to expand our love. The problem is the mirror only gets it's energy from us as it is parasitic. So the more we chop away at it's power structure the weaker it gets and the more love we get. Ultimately the Mirror will destroy itself because it will feed on us and the earth until there is nothing left, the parasites are unable to help themselves and will move on to find another place in the Universe to destroy. Hence the reason for Zionism. There is also a Parallel Universe talked about in the Cabala, but I don't know the nature of this Universe or if I could get too it from my Soul Journeys or not. probably could, but at this time I am unsure. I do know there are other Universes and each of is a Universe of our own. We are all that exists. I tend to think that these entities of the mirror are within a dimension of this Universe only, a higher one, but they can't occupy bodies, they can only possess, where we actually can occupy our bodies. We can sense the void of emptiness in these people, like the lights are on by nobody is home type thing.

In the end they all fear God, infinite Love. For all was created by infinite love. This is why we are the masters and they are the slaves. We are waking up to know our power and realize that it is through love that we can reclaim our freedom. They have no defense from our questions. If

you act as a defendant you can never win. If you simply ask questions then you are prosecuting and their authority falls apart. Eventually they will try and use force against us as this will be their last resort. They need us to feed off of, they are parasites. This is a process of healing those who have forgotten who they are. Love is a purifying light and as we choke off their supply of fear energy, these people will either die or return to balance.

### **An Email Response I made**

I see darkness having life in our lives as a result of each observers imbalances. Simply put if people simply asked each POLICE officer how it is that they can circumvent God's will as per Genesis Chapter 1, we would never have a Police Force to begin with nor any laws. It would be understood that we are the creators of our reality and thus each of us is God, as God created us after our image, with God being in the image during Creation. Also the, "So help me God", part of their Oath is extremely telling of how darkness is trying to balance things. It is not that darkness is evil, it exists because we are forgetting who we are. Hence the So help me, means help me remember who I am and God, meaning **help me remember that I too am God**, creator of all that I observe in my Universe. Of Course God is an aspect of the mirror of Infinite Love, thus **"So help me to remember that I am infinite love."** It is truly a cry for help for those lost in the wilderness as described in John 1. We create the mirror to experience ourselves as finite in a multidimensional universe, where our bodies are the vehicles we use to travel through the dimensions. We only exist in

truth, we cannot exist in fiction. So the more we think we are fictions the greater the imbalances become, until the fictions are destroyed so we can start anew. We can choose to buy into the fiction or take responsibility and live in truth. Truth brings infinite love and eternal life, fiction brings death and a new beginning. Love has no laws, because love has no boundaries, as truth has no illusions about itself.

I was going to add a little bit more to the book to clarify some issues. One being that again the Bible was written from the perspective of the mirror, thus from the law perspective we have dominion but from the love perspective we are all that exists, so you can't harm others in the image without knowing you are harming yourself and causing an imbalance. We have to remember that everyone has free will and by honoring free will we hold all life with an open hand allowing them to create joy or pain as they learn to live in the truth of the Universe, this dimension.

The other was when I painted a corner of the Universe with golden white light and sensed fear, I sensed it because I was putting a limit on infinity and thus wrapping it fear. My creation coming back at me. Also the dominion part also rob's people of thier need for responsibility for what they create. This is giving away your powrer to something external too you. which causes an imbalance and thus feeds darkness. We have to be totally aware and responsbile for what we create as being the observer. Our reality may be affected by others, but it doesn't mean we have to buy into it. We can remain within our own reality among the devistation around us, realizing it is an illusion. Kind of like fire walking. I see this and the ability to manefest with ease as our true keys to the exit doors. Ascension would also be nice, but I think that is why all hell is breaking out because the vibrations are starting to get so powerful that all the energy in the darkness has to come out and be asserted to rebalance the our reality back to truth. People believe in the fictional world so they are feeding their energy into fiction, thus darkness. They are under the delusion that they are within the world when in fact they are the center of their creative force and generating all they see. Darkness just fills in the aspects of the illusion that they are not prepared to responsibility for.

From my soul seat in my glass energy hose with all my lenses and pathways throughout this Universe, I see a circular fractal bellow me spinning in colors and constantly generating new shapes. I also have experienced myself as a Universe unto myself and seeing a friends Universe. I did not realize my use of the lenses was part of the mastery of Abstention, but it makes sense. Yesterday I was up in the mountains and I did some energy work on being one with the

environment. As I did my auditory hearing became much quieter and I actually realized I was the Lens. I also came into the realization that being one with the environment also means I can be one with everyone else as well and thus remove or implant suggestions in the subconscious that would alter the reality of everyone that I connect too as being one. It is a thought that I never thought about before, but seeing David Copperfield make things disappear, I think this is in part what he is or exactly how it is that he does these things. The universe as we see it is created by God's fractal energy and our fractal energy. Fractals is how nature is created. It is the most efficient way to store light information from what I can see so far. The Universe as I said in the Book is an embryo and all life is part of her nursery, when we expand our vibrational field to match the Universal field we ascend, because we are in complete truth, a.k.a. David Icke's book title, Truth Vibrations.

Maybe I'll just plunk this email I just wrote at the end of the book, can't explain this much better than this. At any rate I think of the Queen and all that dark stuff as being a part of us that needs to be healed. It is going to come out. Interesting if you look at a fractal generator, the center part is filled with black while the shapes of light are on the outside. Some fractals show black overwhelming the space where there was once light and light overwhelming space where there was once darkness. From the infinite perspective it, it is what it is. I think we as the creators perhaps we can augment the change of the fractals to some degree. As we gain mastery we ascend because we are able to hold the fractal creation to whatever we want it to be, thus we have stabilize a reality and thus come into balance with the original fractal pattern of God. Holding that pattern allows us to ascend, for we are in sync with all that exists in this dimension. More than in sync we let go in total trust of the universe, we let her ascend us. It is that nurturing trust of total surrender to infinite love, where all our fears are washed away and we are in a state of pure truth.

<http://www.youtube.com/watch?v=ugNsuYH987o> **The Final Illusion**

I have been trying to update the book, as I have learned more, to give those who are beginning to have the best level of information I can give. However, when I started all this 3 years ago or so, I did not know I would uncover as much as I did and shattering my own illusions, never mind that of others. I have always done this research from the perspective of love for all. And I do mean all; not just the for the people that fit well into our manufactured society. I am going to write an essay when I finish apply my research, to give you all a guide too the path I took and the footsteps to follow me. Although at times I have talked badly about the Bible and other Religious issues, it wasn't because of my lack of respect for anyone or lack of love, it was to offer my insights as to what is happening and to try and wake you and others from a bad dream. Love is what binds us all and Love does not abandon. I will never, ever, ever abandon you, or love you less that what I know I am infinitely capable of, but with love, I hold all with an open hand, allowing you to choose your own path and learn upon this wonderful journey, we call life together. As my successes at applying my research begin to take form, the essay will be quickly finished. How all this relates to Law and how to get free is incredibly important, so take the time to read this or you will miss the entire reason you read the book!

It is my hope that I can help end poverty and this draconian control system that has taken form and held us all in a state of slavery for so many hundreds if not thousands of years. We were not born to be slaves and we are all from one infinite love. Darkness is not something we should be angry at or fearful of, it is through darkness that we are able to experience life. Darkness is our companion, not our guide and it is the most misunderstood and feared part of our reality. The Final Illusion is about giving you the knowledge that was not given too you as a child, thus allowing you to become aware of what you were and who you were and how you relate to all that exists. So the Ruling Elite have through their true Benevolence, Grace and Infinite Love have given us from their world a book called, the HOLY BIBLE, KING JAMES VERSION. It is truly a masterpiece of wisdom and knowledge of who we are, but it is not at all about Religion, it is ultimately about our Ascension into the Light and the infinite Journey of life we all share.

So let's go back to the Bible for one last look and see if we can put all the pieces together, shall we?

THE HOLY BIBLE Genesis, The Book written by MOSES.

The title, THE HOLY BIBLE, should be the first thing to tip you off. As God never says in Genesis that THE HOLY BIBLE, is Holy. God does say that he Blessed man created male and female by God in Genesis 1:28, which means to make Holy and divine, without sin. Yes that is what blessed means. Next we are told that MOSES wrote Genesis combined with the 4 other books that make up the Torah, which means Law. MOSES is a pure fiction and never existed. So the Title is a lie and the author is a pure fiction. What is going on? Well as I said earlier in this book, the Bible was written from the perspective of fiction, because all knowledge is contained within fiction and thus all knowing is contained within love. Darkness rules over the illusion, because darkness is an illusion, but darkness also has light, which we will get into. So unless you change your perspective to that fiction is writing the Bible, the illusion, then it is very difficult to make sense of it.

[1] In the beginning God created the heaven and the earth.

In the Beginning is truth, but what is not said, is that it is not "at" the beginning. There is no exact beginning or end within the eternal, infinite love that we are. Thus we have infinite beginnings from the perspective of love, but from the perspective of the illusion all is finite, there has to be a beginning and an end. Also as I said before the illusion, which is self aware cannot connect with love, but can see the awareness from that love and it calls it God. Thus making God a finite part of the infinite creation about to unfold. Heaven is a dimension and contained within that dimension is earth. However at this point it is only imagined into being. We all imagine and when we create something, it doesn't have to be manifested before we can see it in our mind.

[1] And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.

Here we get confirmation that the earth was without form, confirming it is only in God's mind. It is just imaginary. Void underscores this, in that nothing yet has manifested, within the dimension called heaven or universe as some would call it. Now it says darkness was upon the face of the deep and the Spirit of God moved upon the face of the waters. What is so absolutely critically important to understand here is that God did not Create the Darkness, nor the deep, the spirit of God or the face or the waters. There is no mention of the word create Genesis 1:2!

Okay so if God did not create these, then where did they come from and what the heck are they anyways? To explain this I am going to use you as the subject, so you will get it. Yes you, don't run away now! This won't hurt a bit, hehe... Okay I digressed... Okay, we have all lost someone in our lives that we dearly loved and have cried over the loss. Especially as children, we cried a lot and laughed a lot too over the joy of seeing Daddy or Mommy come back from a long trip. Or maybe having your child saved by an operation that took many hours and long time of praying and hoping your child would pull through. I am talking about our most powerful emotions of sorrow and joy. Now imagine this and you will understand the incredible love, sorrow and joy it took to create what I am about to tell you. Before the Beginning we were only infinite love, all truth and self aware. What we did is we sacrificed a part of ourselves to create a mirror called Darkness, which we then fixed over our face. When we did this, it caused us to cry in incredible sorrow and joy at the same time. Sorrow over having to sacrifice a part of ourselves and joy over knowing that part of us never left us, and remains with us as darkness. Again because the Bible was written from the perspective of the illusion, that contains the knowledge, it does not know love, but it does know that the infinite love we are is incredibly deep, infinitely deep and the tears from the face of infinite loves eyes poured into heaven and where the earth was. The waters is pure infinite love, but the illusion sees it as various forms of water. What also is important here is that darkness is not separate from infinite love at all, it is simply us, infinite love using

our imagination to forget who part of us is, to divide the darkness from us to create the illusion of darkness. We are one truth one love, we are infinite love, always remember that. We simply forget who we are.

And the Spirit of God moved upon the face of the waters. Spirit is what gives form to all life. No life can be formed without spirit. All life is animated through spirit and spirit can move at the speed of thought anywhere in our infinite heaven. Now if you take a moment and think about this, water is composed of H<sub>2</sub>O, Hydrogen and Oxygen. Hydrogen the lighter gas is what stars are composed of and give life giving energy to the earth and all of life on the earth. We breath Oxygen, if we stopped breathing Oxygen for a few minutes we die. Thus we are being nourished constantly by love, just the illusions creation of love. Likewise we exhale CO<sub>2</sub>, Carbon Dioxide, which the trees and grass etc. all use to live and release

Oxygen back too us. We eat the fruit from the trees and the food from herb bearing seeds, as we know contain the highest frequencies, which when we ingest give us life. Because it all runs on frequencies we eat that which has the highest possible frequency to help us maintain ourselves within the illusion. Thus moving our bodies to every higher levels of vibration, thus energy, thus light frequency, thus love. Neat eh? Hydrogen being the lightest gas of all, hence the word light, produces the light we need in the Sun. It truly is about light and love.

[3] And God said, Let there be light: and there was light. Light is was created to give the illusion of dimension to our illusion. Light is the vehicle for Love and self awareness to travel throughout the heaven or Universe as Love is a light that brings life to all. Love is light thus light always has love and awareness of all. Light can also be both a particle and a waveform, which allows you to be both connected to all that exists yet divided from it. I know those of you into the Quantum Physics stuff are years ahead of me, but the Bible is there first, so there! ;-). And God said, Let there be light: and there was light. God said it rather than created it, because the light was already there from the infinite love, all he did was give light an infinite range of vibration within heaven. Light vibrates. The faster it vibrates the higher the frequency and more energy carried and thus more heat and thus more love. The light works in octave scales like a piano. We can see a color spectrum of light with our eyes, but that same spectrum or octave as it were, extends out to infinity. By introducing a vibration to the light, the light appears, because it is no longer just one infinite love or one with love, it has an illusion of being in one spot while not being in another, thus it illuminates objects within the heavens and the earth.

And God saw the light, that it was good: and God divided the light from the darkness. Light projects onto God, God is illuminated by the light! God could now see the light because it had vibration too it. God is both a part of the light and divided from the light. Neat eh? So what does God do next, well divides the light from the darkness of course! By doing so he removed all truth from the darkness, so Darkness could truly be Darkness. By removing the light from the darkness God also removed intuition and self awareness of connectedness to all life. Thus Darkness entered into an illusion of darkness, thus inversing or mirror like qualities were formed to the light and truth. Also that is important is that Truth and Fiction now became a true illusion. There can be no truth in fiction, thus truth is always held in the light. However as we will see Darkness does get a light and the light is held within Darkness. The entire key here is that God divided the light from the darkness, he did not separate us from it. Thus, we have two realities being played out, one of darkness and one of light, fiction and truth. The world is composed of fiction and the truth is divided from the fiction and just is what it is. Truth has no names for things, because truth is not separate from things, nor is truth a thing. Truth is that we are all one and all is God, thus we are God. The fiction, reality sees all as things with names and has no connectedness, thus things are grouped together and separated from the whole. Hence how our entire legal system is structured. Further and more importantly it creates a mirror for us, so we suffer greatly if we live from the perspective of darkness over the perspective of truth and light.

And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day.

Night and Date are not names, they are Callings, thus simply descriptions. More so they are events. Thus events are called Night and Day, but not a thing. God never created a thing or so LORD God would like you not to believe, but we will get to that too.

[3] And God said, Let there be a firmament in the midst of the waters, and let it divide the waters from the waters.

Okay I like many blew past the word firmament without even bothering too look up in a

dictionary what it means. So let's look at this incredibly important word now. It is a noun, meaning, the apparent surface of the imaginary sphere on which celestial bodies appear to be projected. Well then your physical body and the earth and all you see are created by the physical separation of the water in and around you. Water is love, you are love. The firmament is vibration again as God said, Let there be a firmament in the midst of the waters. When you vibrate water it takes form. Thus the firmament is a physical vibratory medium that divides the waters, but does not separate you from the waters. Again be careful not mix the word separate with divide, they have totally different meanings and it did get me side tracked for about a week, thinking that we were being separated some how. We aren't it is an illusion.

[7] And God made the firmament, and divided the waters which were under the firmament from the waters which were above the firmament: and it was so. To make is to manifest, thus the firmament is no longer imaginary.

And God called the firmament Heaven. And the evening and the morning were the second day.

Heaven is now a true manifestation, it exists as a physical touchable environment.

[7] And God said, Let the waters under the heaven be gathered together unto one place, and let the dry land appear: and it was so. Forming of earth or rather infinite earths as earth is not the only planet in the universe. Infinity is mirrored out into infinity.

[9] And God called the dry land Earth; and the gathering together of the waters called he Seas: and God saw that it was good. Notice again he is not naming, he is using the word called. We have callings not names. A name is thing, thus separate from the whole. Notice also land is called Earth. We do not live on land we live on Earth. The word land is used by the System because it is not truth. Notice land and Earth. One is true the other is false, thus sets the stage for darkness to have it's fictional stage play upon the land. Water is love so it holds light and all aspects of life within it, thus real, versus land which is a projection upon the firmament. Yes land and Earth exist because they are manifestations of the firmament, which yields all the various minerals and rocks and again vibrates at various frequencies to do so. It is a projection screen of a sort.

And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so.

Notice that a fruit tree is not named here, God did not give names to fruit trees. There are various kinds of fruit trees, but they are just that, kinds. God by saying, said, once again is inducing a vibrational field for the Quantum Physics types, into the earth, so spirit can manifest from the waters various forms of life that come from the earth, such as grass, herb yielding seeds and the fruit tree of course. The seeds are upon the earth, because they need light from the Star, named the Sun, to gain life and grow. The earth is connected with the heaven and thus operates in a harmonic relationship with the Sun. So this was the imagined and in verse 12 we have the manifestation. Thus we must first imagine and give life to our imagination by putting out the harmonics the earth needs to allow the firmament in the earth the vibrate at the frequency we want it too to, to form the structures we want. We do this through our spirit, which vibrates the waters and gives life to the trees and grass etc.

[10] And the earth brought forth grass, and herb yielding seed after his kind, and the tree yielding fruit, whose seed was in itself, after his kind: and God saw that it was good.

When God sees that it was good, it means that it is true. It means that it exists in truth not fiction.

[13] And the evening and the morning were the third day. Ever notice how evening and morning, which are events are always capitalized in the world? It is not by mistake, it is because evening and morning are not separate from us, they are not nouns, they are part of us and we sleep in the evening and rise in the morning.

[14] And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years:

Fun stuff here! Light in the firmament, meaning although the firmament is not light it has light and thus has love within it. This is why Crystals are said to have a light being within them, all firmament has light thus awareness. Thus the light can change the vibrational field of the firmament, making light the vehicle for shape shifting and other neat magical stuff eh! The other thing is the light in the night sky can be interpreted as signs. Meaning the stars have we see and the lights we see are all self aware and all connected too us. They create vibrational fields between them and have a part in helping to direct what goes on not only here on earth, but all other places in Heaven. Further the lights being signs, help guide us when we travel as spirit through Heaven. It is our home just as much as the earth is our home.

[14] And let them be for lights in the firmament of the heaven to give light upon the earth: and it was so.

Here God is saying that these lights are self aware, them is the key word on that. Light upon the earth gives awareness and love.

[14] And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also.

This is where God gives darkness awareness. Truth and light has the Greater Light and is connected to infinite love, thus we also carry the Greater light within us. Light Rules! This is where we get our dominion from, is that Light carries love and we are love. We rule by our true light. Now darkness gets a light, but God gave it to the night. However night is darkness and thus we now have Lucifer the Light Bearer of darkness becoming fully aware. Thus as it should be, because we are one. Yes you are Satan or Lucifer as much as you are the Light, the illusion we are talking about here is just that an illusion. I will get into this more later, but for now be aware, that Lucifer is also Love and a creation of God, these lights represent our consciousness to those who follow that line of thinking. They are not evil or bad, they just are.

[14] And God set them in the firmament of the heaven to give light upon the earth,

And to rule over the day and over the night, and to divide the light from the darkness: and God saw that it was good.

Again light rules, hence your dominion.

[14] And the evening and the morning were the fourth day.

Yawn let's have a sleeps God says. Thus the balance between awake and asleep, in your body and out of your body. When you sleep you leave your body to let it regenerate and go places in the Universe to learn and bring back with you through your intuition. It is just an altered state. It provides balance between light and darkness.

[14] And God said, Let the waters bring forth abundantly the moving creature that hath life, and fowl that may fly above the earth in the open firmament of heaven.

Yup he said it, creating a vibrational field of life that extends from earth all the way out to the infinite reaches of heaven. Thus earth is the focal point of all life in the Universe and is why we are blessed being here. Thus you also have your aliens and other races on other planets/worlds

perhaps or most likely that are deeply connected with us in our infinite journey of ascending into more light, thus more love.

[14] And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good.

[22] And God blessed them, saying, Be fruitful, and multiply, and fill the waters in the seas, and let fowl multiply in the earth.

All creatures are blessed. Blessed again is to make holy and divine. We really do not want to be treating them as food, they are divine creatures of God.

[22] And the evening and the morning were the fifth day.

And God said, Let the earth bring forth the living creature after his kind, cattle, and creeping thing, and beast of the earth after his kind: and it was so.

And God made the beast of the earth after his kind, and cattle after their kind, and every thing that creepeth upon the earth after his kind: and God saw that it was good.

Okays what is not holy and divine are things. Here we see that the stage is set, because Darkness also needs things. So God created creatures that were Blessed for the Greater Light of truth and then God created creatures that were things for the lesser light of darkness. There are now two realities being played out at the same time. One of darkness and one of light. Further God made the beast of the earth. The beast is a very different creature and operates as the hidden hand. The beast is actually our ego. We have ego, which translates into status symbolism and need to be part of secrets and such. It allows us to feel power over others and the desire to want to control others. All the negative crap we are all trying to escape from, is contained here in the fictional reality. The beast is the creature through which Lucifer projects himself, thus the Devil. Oh yeah, God created the devil, right here. And guess, what he is part of you as you are part of the darkness, thus you hurt Lucifer's ego then you hurt yourself and boy do you ever get hurt back fast by this one. This is the absolutely hardest thing for everyone to understand, that God created Lucifer or Satan and he is there to cause an infinite amount of suffering too you, as long as you believe that you are a thing and see others as being things. He is there to remind you of who you are and does it through causing a great deal of problems for you. His light gives him the power to rule over darkness, but it is your dominion that gives you're your freedom from him. He knows this and will go to great lengths to trick you into giving up your dominion or not even bother to teach you that you have dominion to begin with. The Beast is not a thing though, it is ego. And you turn into a beast as you allow yourself to go deeper into darkness.

The Kabala is all about fighting demons, right up to Lucifer himself, which is truly yourself ultimately being reflected back upon you. The Beast sits upon your Throne and wears your Crown and issues orders to you and everyone else he can find to give orders too. Thus if you try to knock him off your throne to reclaim it, you will hurt his ego and suffer great harm in doing so. It is all about ego. Now take a look at the Ruling Elite and you will see the beast of the earth in full display. However much they so desire that you fight them so they can use their power to crush you, it is through your connectedness with all life and all that exists in love that will allow you to let them rule over their world using your worldly Throne. It is of the world, not of the earth. To be of the earth you must love them the same as you love your children and all life. They are part of you as much as you are part of them. They hold vast amounts of knowledge about how things work, but you hold infinite love and intuition that leaves far behind in the dust. Let them be what they are, love is all that matters. They know this and have put the fact that you have dominion over every living thing upon the earth. The Queen says she is God in her Oath, so help me God. Thus she is saying that she is God by I, not by We and still is a living thing, just as God did in verse 27. Thus we have the separation of God happening in Verse 27, who appears in Genesis Chapter 2 as LORD God. It is only separation by their perspective, one of

which they desperately hope you will share, so they can snatch your dominion away from you. We are not separate from them, we are divided from them.

[26] And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.

We exist simultaneously in both realities, one of darkness and one of light and thus truth. We hold dominion over things, because of how they are perceive the reality that they live in. If you walk up to a creature and it attacks you, you have dominion over it as it sees you as a thing and thus it's perspective is that all life are things. Some creatures give so much love out that you just know that they are connected in love to all that exists and would not harm you because they see themselves as part of you. You cannot have dominion over that which is aware of it's connection too you. Love is the binding force within the illusion. The our image meaning that we all are love peering into the darkness as the darkness has covered our face upon the deep, and what we see is the creation of that exists being both our creation and their creation, we are all one, we are all God, we are all love. God created man by using the word said once again, so we are a vibratory, self aware frequency system connected to all that exists. This is why we respond best to Reiki, Spiritual Healing, Homepathics, Rife Machine type technologies, we are a vibrational frequency system as is all else.

[27] So God created man in his own image, in the image of God created he him; male and female created he them.

Now we have God creating the realty for the Darkness or simply making use of Darkness to create the illusion of separateness, male and female. God created in his own image. This means only God, it is the I, in I am. It is no longer our so we are no longer part of the whole we are now part of the darkness as we are the species of man, which is part of the light, thus we exist in both the fiction and in the light, thus truth.

[28] And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.

Thus again we are blessed by God, made holy and divine. We are the true rulers over all of the earth and over all life that perceives itself as a thing.

[27] And God said, Behold, I have given you every herb bearing seed, which is upon the face of all the earth, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat.

The earth has a face, because the earth is part of infinite love. The earth is the wellspring of all life connected by love to all that exists. Thus it is also saying we need to be vagans or only eat that which is grown by the earth. The reason is obvious as that which is grown by the earth in terms of fruit, herb bearing seed, holds the vibrational energy of being connected to all life. It is love.

[27] And to every beast of the earth, and to every fowl of the air, and to every thing that creepeth upon the earth, wherein there is life, I have given every green herb for meat: and it was so.

Thus those who see themselves being separate from all life and all that exists, eat green herb for meat. They do not get the fruit from the trees, but only the green herb. Thus by making it a green herb, it becomes separate from the other herbs, thus it feeds on the separation of all that exists.

[31] And God saw every thing that he had made, and, behold, it was very good. And the evening and the morning were the sixth day.

No notice that God only created 6 days, yet the world operates on 7 days doesn't it? This sets you up for Genesis Chapter 2, which I will touch on a little bit. Genesis Chapter 2 is all about

creation from the perspective of the beast, ego, but not darkness exactly. God gave darkness a lesser light to rule over the Night, thus the fiction. Darkness holds the ego and as such is displayed here. There is no truth in darkness as again the light was divided from the darkness, leaving only fiction and lies. Thus we start the chapter with a lie.

[1] Thus the heavens and the earth were finished, and all the host of them. The heaven was created, not the heavens plural. Further finished means to end the earth is part of infinity and thus has no end. The parasite aspect emerges as the word host is now used. Fun eh? /sheesh!!

And on the seventh day God ended his work which he had made; and he rested on the seventh day from all his work which he had made.

As we saw earlier God put himself into all of creation, even the darkness. God never rested from creation, creation is happening constantly out to infinity. Here is the 7th day, thus the 7day week calendar based upon darkness and ego, thus the first symbolic reference of the beast's ego. God did not do all the work, as we saw, the deep, the waters and darkness and void were there upon the beginning. It is infinite love that has actually done all the work.

[3] And God blessed the seventh day, and sanctified it: because that in it he had rested from all his work which God created and made. Here we have God blessing the seventh day just after it was said that he ended all his work. Another lie, but consistent with there being no truth. Now I don't want you getting upset about all this. It is not about that. It is about understanding the beast and his ego, which if you are not made aware of, will drag into the depths of hell with him, until you do learn to love all that exists and know that you are part of all that exists, including the beast!

These are the generations of the heavens and of the earth when they were created, in the day that the LORD God made the earth and the heavens, This is the first mention of LORD God. Thus completely severing his link to God and following the ego of the beast stating in magnificent grandeur that he alone was the one that created all that was created by God.

And every plant of the field before it was in the earth, and every herb of the field before it grew: for the LORD God had not caused it to rain upon the earth, and there was not a man to till the ground.

No rain, no love, thus no life. Further man was a species LORD God was to create and enslave. However that was his ego perspective. It is a lie that he created all this, just he is usurping God's creation and even creates a throne for himself sometime later. He is all that need be worshiped, he is LORD God. I don't say that in an antagonistic way, I am just trying to project what frame of mind the LORD God would be thinking.

[3] But there went up a mist from the earth, and watered the whole face of the ground.

Again we see the word face being used. The mist was the tears of sorrow being created by the earth in being thought of as separate from LORD God and all of life created upon the earth. The water went on the ground, not the land as the land had no water in it, thus it held no love and thus was dry as dust. Yet the water itself has no love, it is simply a thing, water.

[3] And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul.

Because there is no love thus life in the water the ground still remained in it's dust state as it was not Earth. Earth has life, ground does not. LORD God ultimately is about death not life and the earth is responding to that reality here.

[3] And the LORD God planted a garden eastward in Eden; and there he put the man whom he had formed.

Instead of holding the earth with love in a open hand and allowing the earth free will to create the grass and trees etc where it wants too, LORD God planted a Garden upon the earth where he wanted, again not where earth wanted.

[9] And out of the ground made the LORD God to grow every tree that is pleasant to the sight, and good for food; the tree of life also in the midst of the garden, and the tree of knowledge of good and evil.

The tree of knowledge, the Kabala. Good and evil is a relative term again as it is based on the reality of being separated from all, rather than part of all. And thus he gave a title to the tree, Tree of Knowledge. Clever eh?

[10] And a river went out of Eden to water the garden; and from thence it was parted, and became into four heads. The Garden now has a named. The river was parted, not divided, thus we see how it is no longer considered to be One River.

[11] The name of the first is Pison: that is it which compasseth the whole land of Havilah, where there is gold;

No idea about this one, other than the first mention of Gold. Gold dust was used as a means to communicate with other spirit entities from other realms in the spirit world. The spirit world has a hierarchy and different spirits control different parts of the illusion. However that is based upon the reality of things, not based on the reality of us being God and all of creation and infinite love. The rest of Genesis Chapter 2 and 3 are really self evident, now that you know what you are looking at. So I will leave it too you to read through and see for yourself how ego through the beast has been made to enslave us.

I hoped I helped to open your eyes some more on what is going on. In terms of my research and application of my research I will add it here as I get results and have more to share with you all. The Ruling Elite do view us as slaves and insects as it were. However they do know the truth and do know we have dominion. When you goto Court and are asked, Do you swear to tell the truth, the whole truth , so help you God. They are saying you are God. In Canada they do not swear true Oaths and thus are saying that they are things, not God. We are God because God is not separate from his creation. The only true answer you can give in court to this question is, not I do, but rather, "Yes, We are Love". Love does not Judge, thus what you ask for is given too you out of Love. The Illusion is that part of love that was divided from love to create the darkness. Because the Bible was written from the perspective of the Illusion, thus darkness, they could not tell you what happened beyond the illusion. Of course Satan knows what happened, but he doesn't play fair and that's okay, he is love too! Ultimately it is not about our dominion as that is not the whole truth of who we are. Although Dominion can be used and has worked to some degree, ultimately it is through love that we are free. Love does not Judge.

The JUDGE is also an illusion. The Clerk of the Court always announces that JUDGE so and so presiding all stand; and in walks some man created male or female by God with a black robe on. This is presented to you as a mirror. The JUDGE is not a JUDGE at all, just a mirror of yourself. The JUDGE cannot JUDGE you if you are there in Love as Love does not JUDGE. Thus the entire case gets thrown out because you said, Yes, we are love. Love does not JUDGE, that is why you will not find it in any Law book. That is the whole truth. Beyond that everything else is illusion, hence David Ike.

There is a problem with the HOLY BIBLE in that it does not tell the whole truth, thus it is not based upon love, it is based upon ego and fear. The simple fact that it does not explain what happened prior to the darkness being upon the face of the deep, is very disturbing, because it leaves out of Genesis the most important aspect of all, that we were created by Infinite Love, not God. In truth we exist only because of love, not because of an illusion. The illusion draws it's power from love and love is the substance that drives the illusion. Because we all experience love in our lives and have it not mentioned at all from Genesis Chapter 1, is very telling of the

how the truth has been manipulated. Also by putting your hand on the Bible and saying you will tell the truth, the whole truth and nothing but the truth, is another way they discredit your testimony, as indeed as we can see the Bible is not based on the truth at all. Although with all the manipulation, this is what they are swearing by and what we have to work with. We are God within the illusion and Infinite Love on the outside of it. However the illusion is also infinite love, it is just an illusion, all is love. We are love. In as much as that we are all love, we are also Satan, LORD God, Lucifer and all the minions of darkness as much as we are JESUS and all the Angels of Light. We are all love.

I think that this is probably the darkest times in our history here on earth. It is going to take more than just what I and a few others have mustered to bring love back to our world and earth. I cannot see the Universe being so cruel and heartless that this is all there is for us to exist here. Ascension is possible, but only for the few? Those that seek to enslave us all through darkness do they descend into darkness as for their reward. Can those that cause harm to others truly be able to accept light into themselves and ascend or simply be destroyed by the ever increasing light and love that is now pouring onto the earth? The Elite want to create a Dark Star, whatever that is and perhaps that too exists, but there is only one earth and they have made it clear that they are at war with us. Do we fight them or love them?

One last thing. Concerning the New Testament, JESUS was capitalized not so much because he was a fiction, but because he represents the Christ Consciousness that is now about to expand into our awareness. This is perhaps what will allow us to ascend into the light and allow the beast to descend into darkness. It is not about concurring the beast at all, but that is the way Genesis Chapter 2 forward was written, from the perspective of ego, thus distorting the truth about what is going on along with all the fiction and lies associated with it. The Bible was written in the true spirit of knowledge, not knowing. In some respects I think that darkness holds the greater light within, because it takes a tremendous amount of love to hold that darkness in place when you have knowledge that love wants you to return and will never abandon you. However those of true darkness have no feelings, no emotions and thus are simply actors or robots being controlled from another dimension. Indeed the darkness has a limited time to do what they think they have to do. Concentration Camps for mass extermination and Vaccines for mass exterminations and control are just on the horizon. It is so sad that it has come to this, but either we solve this with words or we solve it with guns. There is nothing more we can do.

When you make use of your dominion you are making use of them from the perspective of God and love. We are all God and God is Love. When you give orders that harm others they become unlawful, because Love does not harm, love gives life. Thus in terms of Authority in the world if orders given by you through God and your Dominion in love are not followed, those that do not follow them, by their Oath, have committed treason against God, never mind the Queen or whatever other structures exist. There is no higher authority than love throughout the entire earth and heaven. It is what binds us and gives all life. So keep that in mind when you are issuing orders.

In terms of harm what do we do? It depends. If someone is attacking you then it is from their perspective that you are a thing, not part of them as all of creation. Thus you hold dominion over them and may destroy them if you must to defend yourself. We live in harmony and love with those that view the world as being things, God created us that way.

There is nothing wrong with this view for them when they want to view the world that way and live in a harmony with all life. It is only when they are causing harm that you may want to take actions to stop the harm. It is because of your love for all of creation that makes you the steward so to speak of all of creation. You do all you can within your abilities to ensure earth is cared for as all of God's creatures, trees and life. This is our home.

So what if you are terminally ill and in a great deal of pain. Do you have the right to end your life? This is an illusion we are within. We are not bound to remain within an illusion if it is causing us harm. We have the free will to end our life or heal our life. We are free always. Those

that see the world as being things thus themselves as a thing are not harming others by exercising their free will then, it is always their choice too, however they may find that laws of the world may interfere with their decisions. Things are ruled over by those that have dominion and by their own system of governance. Although I think we are very tired of that system. So with that, I give you back the keys to earth; do you have the love to turn the key?

The more I think about all this. The more I am beginning to believe that the Bible is a complete Red Herring. The Bible is all about Law not about Love. Love is what gives life to our illusion. When we go before a Police Officer, Judge or any Official our only way to truly Identify ourselves, in truth, is simply to say, We are Love. We exist in love but are also within an illusion. However the illusion is not real, thus not true, thus we cannot identify ourselves with the illusion or mirror as I have said also. Having dominion over a thing that was created with infinite love deserves just as much love and equality as all of creation. There is no difference. They seem sensitive to the dominion aspect, but that just leaves us in a position of conflict in saying that we are above other life, when all life comes from love, through various forms. Perhaps that is the true meaning of darkness, not only to be in the dark, but to be without love. Thus when we entered into darkness upon our evolution, we lost our connection with love, but losing it, doesn't mean we have to forget who we are as well. Darkness is just as deserving of love as everything else. Love cannot judge, it is love. Finally the King James Bible was never authorized by the King. Instead they just adopted the term that it was authorized. The bible creation was started in 1604 and completed in 1611. There is no signature within any King James Bible with the Signature of the King, authorizing it as the Bible for the Church of England and thus the Bible by which is used in the Courts. They called it the authorized version, but it is not the same authorizing something is it? Thus the Church of England has no Official Bible and thus nothing to base their authority upon. Thus with no truly authorized Bible, how is it that people can put their hand on a King James Bible and swear allegiance to Her Majesty etc., if it is not recognized by the Monarchy? If all law is based upon the Bible, then who is accountable for saying that the Bible they are using to base their laws upon has true scripture within it? Tony Bushby wrote a book called, "Bible Fraud", I recommend you pick it up. The translations were altered to give the King more power and alter the truth of what the scriptures had to say so, laws could be passed to support the concentration of wealth and power into the hands of the few, wouldn't you think?

**Wiki: Authorized King James Bible**

[http://en.wikipedia.org/wiki/Early\\_Modern\\_English\\_Bible\\_translations#Authorized\\_King\\_James\\_Bible](http://en.wikipedia.org/wiki/Early_Modern_English_Bible_translations#Authorized_King_James_Bible)

*The King James Version was first published in 1611 as a complete Bible (Herbert #309) and a New Testament (Herbert #310). Translated by the largest group of translators, around 50, and using the widest range of source texts, it became known as the "Authorized Version" in England and is the most widely used of the Early Modern English Bible translations. Its use has continued in some traditions up to the present. Even though modern scholarship continues to claim problems with some of the translation, it is widely admired for its style and use of language.*

*The version of the King James Bible found in modern printings is not that of the 1611 edition, but rather an edition extensively modernised in 1769 (to the standards of the mid 18th Century) by Benjamin Blayney for the Oxford University Press.*

It is not darkness's fault that it is darkness, it is just what it is. We cannot judge that which we don't like and find evil, just because we happen to not agree with what it does. The Reptilians Sacrifice babies etc, for food. They are just trying to survive as they are cut off from love, but the division that exists, so I think. I just think that if the Bible is titled as a fiction, HOLY BIBLE, then it is fiction and there can be no truth within it, and that is reflected in Genesis Chapter 1 as there is no mention of love. What is God then? God could be God and Satan, one of the same if you think about it. Or God could simply be Satan. Anyways, as you can see this is far from being resolved. However as I get some feedback on the dominion angle we will know if that works at all. It looks great on paper, but only on paper. I strongly think that this is all about our acceptance

that we are love and that we do not judge other creatures for who and what they are and like wise they do not judge us. We are in this boat together and they have the upper hand because they hold the knowledge, we hold the knowing, which kind of sucks if your intuition keeps getting blasted by them in there never ending war to keep us suppressed. They want us to be their warriors so we can die and sacrifice for them. They do not want us coming to them in peace per sae, but that is where all of this is leading I think. Next time you are in Court trying saying, We are love when asked what your name is etc. See what happens and let me know.

### **Another Email Response**

Glad to see you are taking an interest in my book and becoming aware that you live on the earth and not in the USA. I am not certain who stole the money from you, the IRS or a Government agency? At any rate what we are doing here is very simple. In Genesis 1:4 God divided the light from the darkness, in doing so he created darkness as an illusion of fiction and the light as holding all truth with no illusions. Thus we must do the same as we are in the image of God and all that exists along with God's likeness and all likeness that exists. Darkness and Light are two simultaneous realities, we bounce between fiction and truth all the time and never think anything of it. However darkness being what it is, fiction, does not wish to see us being in both the light and the dark, just the darkness as that is it's reality. So the first thing to do is indeed recognize that there are to realities happening and the nature of those two realities, which is why I spend so much time in the book trying to show how darkness works and that it is really okay. That is just it's nature, but we are not limited to it's control we are more than darkness could ever imagine.

That said darkness is an illusion and all of it's control is based upon you buying into the illusion that they of the darkness have power over you. It is our job to realize that we do not exist in darkness alone and darkness holds no truth. In order to have eternal life we must stay within the truth and thus infinite love. So we simply write them a letter asking questions that destroy their illusion of power over us. We give them 10 days to respond or our assertions behind the unanswered questions are true and thus our orders stand through our dominion to do whatever we wanted done within the world.

The world is a stage and we are the directors of the characters on that stage as well as being actors ourselves. We merely jump out of the stage back onto the earth to issue orders to the actors as the director in terms of what we want the actors to do. Then we return to the stage and go on with our lives in peace, having made the adjustments that were needed to the play.

If you look up your State Constitution you will find that the boundries of the state make use of fiction lattitude and longatude coordinates and/or Geographic Names, both of which are purely hearsay structures and most importantly, there is no mention of the earth. It does not exist on earth or they would say so, it exists on maps only that have similar features of the earth, but the State and the USA are not defined as being on the earth. This is because darkness operates in fiction and to make a statement of truth, would thus remove the darkness.

The other key is the word People, as in We the People of the Constitution. Pick up any law dictionary and see if it defines People as being, Human Beings, Persons or men and women created by LORD God or man created male or female by God. It doesn't. It is so ambiguous it is ridiculous, so how is it that they can apply any law too you on the earth when none of their laws say that it applies to man created by God upon the earth. The Bible/Torah has been around for at longer than the USA and the Torah litterally means The Law. So it is the law of the earth, it is the law by which you choose to live your life by. Thus Genesis Chapter 1 is as far as you need to go as, the rest of the Bible is based upon darkness, thus fiction, within the context of the Bible. It matters not what Jesus or anyone else has to say, only thing that matters is what God has to say. Because there are two realities happening at the same time, LORD God is there along with Allah and others to lead people astray of the truth. The truth being that we are holy diven blessed souls incarnated in bodies of men and women having God like abilities and image, within a holographic reality of which we all hold dominion over. Thus the ancient law of one, a simple law applies too all. If we harm others we harm ourselves. If we help others we help ourselves.

It is just a law and darkness will break it if needs too, in order to advance it's agenda at it's own peril, so it is up to us to keep Darkness in check by asserting our Dominion over all living things and subdue them, or they will subdue us.

The Bible itself is based on fiction, titled THE HOLY BIBLE, it is a work of fiction and was mainly written from the perspective of the mirror or darkness. Thus Darkness is aware of our dominion, just they really don't want to acknowledge it, unless we put our foot down and demand that they do, by destroying their fictional basis of holding power over us as their slaves. They follow LORD God not God as to be true to their darkness and illusions, thus why they make us of law. We make use of Dominion which means to rule. If we step into the fiction as actors, without telling them that we are indeed man created male and female by God holding dominion over them, then they get to assume that their reality is the dominate one and they can simply treat you and me as slaves.

I have put a new letter in the book concerning summons. As they summon the dead it is all Satanic stuff to them. I also made a few additions to it based on some further thinking about it this morning. I have had success with CRA in Canada and am currently trying to unlock the monetary system to set myself financially free. This is a toughy as I have destroyed their law, but getting access to the money is another issue altogether. Have to wait and see how it plays out.

In the end we ware eternal and this is just a game. It is all based in fiction and we are here to expand our love against the darkness and illusions of our fears so we can become ever brighter and lighter in our density journeys, as I think this might be.

The true foundation of Government would be to provide us all with the basics of life and opportunities to expand our learning, growing and self discovery. We are incredible as we are infinite and we are merely trying to learn about love, based on the parameters of this density and dimension. There is no need to rush eternity, but there is a need to stop the harm and bring about love, which is the essence of all that exists.

So I hope I answered your questions for you. Keep reading my book and review the example letter I wrote in appendix IV for further insight. You will also notice that the IRS does not define itself as being in the USA via it's address, it leaves out the USA. So where is it? Is it the IRS or is it something else? Remember it is just darkness, an illusion. So play with the illusion to dispel it's power.

Love and Light rob

### **How Dominion Works**

Some people are confused about how we could make having dominion work in terms of protecting ourselves against those who do harm against us or others. So I gave it some thought and this is by no means the right way, but it is the best I can think about based on the Law of One and Dominion. The Law of One is simply a law, there are no conditions attached too it, simply if you harm you harm if you help you help. It is a natural law so to speak as it effects all of us the same way.

So how can we make Dominion work from the framework that God did not create any laws? Well when someone harms another willfully, we can say by observance that they view their reality as being separate from the whole, otherwise they would realize hurting someone else is hurting themselves, as we exist within a holographic universe or within God's image as the Bible puts it. Thus they are no longer within the likeness of God, as God is love, love being self aware and nurturing etc. Thus we can say the one doing the harm is a living thing by their own reality or perspective, because they fail to see that the harm they are doing is not to just one thing, but to all of creation. We are creation. Thus by God's word we are allowed to subdue the individual doing the harm and bring in our love to restore balance to the individual and to those that were harmed.

What we do in restoring balance is simply realizing that the victims and the perpetrator(s) created the situation for learning and not to judge them, but to help them see how their actions affect not just them, but all of us. Thus we need to help heal them, physically, emotionally and spiritually through love. We can all learn to be spiritual healers and make use of light and sound and magnetic fields as a way to restore balance. We heal in non invasive ways as love does not heal by force, but by remaking connections back to wholeness and all that is.

This is perhaps how we were meant to be. But many have been swamped with the programming that they are things and thus view and interpret what they see as things and not as being part of all that exists and being all that exists. It is completely obvious that we were meant to overlook Genesis Chapter 1 and they pushed the entire rest of the Bible upon us, which is based on being a thing, which ultimately leads to Satanism and fear based realities. Fear so that the few can control the many. The complexity of Genesis Chapter 1 and difficulty of thinking it through, makes many to over look it. Again it is all done on purpose for it is we that are God and God is love, we hold all the power and share in that power equally amongst each other. When one thinks of themselves as a living thing and thus all as a living thing, they become a liability to the Universe as they do not know who they are and that they do not see themselves as being in an image of love and hold the likeness of love.

So if you get anything out of this book, I hope you at least learned what Dominion was about!

### **Replacement of Surety**

All charges and Judgments can be paid through a set off bond or more precisely a Replacement of Surety Bond. Anyone in prison anywhere in the world that is either fighting Charges or is in Prison, because they were judged guilty can use the Replacement of Surety Bond to pay off the debt of the Charges and walk away free. Although this is how it is suppose to work, there is no guarantee that the people who are holding someone in prison may comply with the Replacement of Surety Bond. It may require that a lien process be put in place against the bonds of those holding people after they have been presented with the Replacement of Surety Bond. Liquidating their bonds and thus removing them from their fictional positions of power, may be the only way to peacefully deal with the situation. However people have been let go just on the Replacement of Surety and Trials have been stopped in there tracks by using these Bonds.

### **Birth Certificate**

Ultimately within their SYSTEM it is your Birth Certificate that is paramount to your freedom. Not the Registration of Birth one, but the actual Birth Certificate, which is a warehouse receipt for your Vessel that is Berthed at some Port, called a Country. Ultimately if you are stuck and nobody is buying into the fact that you are a man created male or female by God, whereby their Civil Laws do not apply to you as you are not a FICTION, you can simply make use of you Birth Certificate to transfer liability back to your imaginary Vessel. You do this by Surrendering the Surety, being the Birth Certificate, to the Judge and simply walk out of the Court Room. Because the Courts operate in pure fiction, they have to accept a fiction when presented that matches the Docket, hence your Birth Certificate. You can simply order another Certificate later. The Birth Certificate is a Bond instrument and can be used to set off all charges against the Strawman.

Also in situations you do not have a Birth Certificate, you can always say, "I wave my bennifit privilege of going to Jail." or fine, whatever they suggest you do to atone for you sins. Combining the Birth Certificate with an Unlimited Private Set Off Bond also works wonders. You should never goto trial or have too and just file the Birth Certificate with the Court Clerk along with your Bond. You could include a notice that you are surrendering the Surety or DEFENDANT by doing this and simply follow up with a letter to the Judge in his Chambers. A Judge in the Public works for the Bankers, when the Judge is in Chambers it is private. So Send the Judge in Chambers a letter explaining what you are doing and what you want him/her to do about it.

### **Your Signature**

If you don't have Birth Certificate you can just write a note that you are Surrendering the Surety or Replacing the Surety. It is your signature of your Agent that gives the document value, which can be converted by any judge into currency. You might have to give yourself a name, although again Man does not have a name. If you do punctuated it like this:

John-Harry: Doe SURRENDER OF SURETY/DEFENDANT

HAY, FRANCIS ROBERT THOMAS has been surrendered as Surety for the real Living Man of Flesh and Blood date of birth, April xx, xxxx; in the matter Case No.123456 Concerning stepping on an Ant's toe.

By Agent: \_\_\_\_\_  
Francis Robert Thomas Hay

### **Replacement of Surety Bond**

I am currently drafting a Replacement of Surety Bond that can be used I would think in any Country in the World to set off Charges and Judgments against people so they can be released. My reasons for doing this are simple. Infinite Love has no boundaries. If someone wants out that murdered people so be it, let the people decide his or her fate. If people are being held against their will they must be allowed out. No one has any more or less authority than anyone else. Until we make that sacred, the Ruling Elite will play their games to divide and concur us. If we are to be free we all must be free. So check back as soon as I get it lodged into the US Treasury it will be put in the book for anyone to use.

\* Note that your body is the property of the Creator, God or YHWH, it is not the property of imaginary fictions. When you enter into their commercial world of fiction to resolve things in a commercial way as shown above, they can change the rules at a whim. Thus your only true solution is to acknowledge that the creator has ownership over your body and in the Bible Genesis 1:26-28 gave you dominion over all the earth and over every living thing on the earth. Since the building or structure is on the earth, challenge them on that then get up and walk out. Never be intimidated, but always answer their questions so things are absolutely clear. They cannot and will not violate God's will. If you goto Court voluntarily you are agreeing to their rules and their terms and this may not help you. You will have to do a lot of explaining perhaps to get free. Again recant all signatures and never sign anything in regards to a case.

### **Oaths**

#### **Ontario Provincial Police Oath of Office**

I solemnly affirm that I will be loyal to Her Majesty the Queen and to Canada, and that I will uphold the Constitution of Canada and that I will, to the best of my ability, preserve the peace, prevent offences and discharge my other duties as a Commissioned Officer, faithfully, impartially and according to law.

Okay Her Majesty the Queen, who exactly is that? Which Queen would that be? Further if they mean Queen Elizabeth II, she is a de facto Queen, nothing in the Constitution states that she is the Head of Canada or State. Now for the Constitution, what Constitution? Canada doesn't have one. Canada is a Corporation listed on the Security Exchange Commission in Washington D.C. In terms of law, which law? Law is contract, what contracts are they referring too?

#### **Quebec Police Act for Quebec:**

<http://www2.publicationsduquebec.gouv.qc.ca/dynamicSearch/telecharge.php?type=2&file=%2F%2FP131%2FP131A.htm>

60. The members of the Sûreté du Québec shall take the oaths set out in Schedules A and B before the following **persons:**

1) the Director General, before a judge of the Court of Québec; the deputy directors, before the Director General;

3) the other members of the Sûreté du Québec, before the Director General or one of the deputy directors.

Firstly if you are going to swear before a person, then that means you do it in an empty room as persons are fictions, then of course the Oaths reside inside of the Police Act, which is written in Legalese, which is an unintelligible language only lawyers can interpret.

I swear that I will be loyal and bear true allegiance to constituted authority, and that I will fulfill the duties of my office of ....., honestly and fairly and in compliance with the Code of ethics of Québec police officers and that I will not receive any sum of money or consideration for what I have done or may do in the discharge of the duties of my office, to procure the purchase or exchange of anything whatsoever by or with ( the Government, the municipality or the employer of the special constable), other than my salary or what may be allowed me by law or by ( an order of the Government or a by-law or resolution of the council, as the case may be).

Who is the Constituted Authority? Canada has no Constitution. No Constitutional Authority means they bear true allegiance to no one. Quebec never ratified the Canadian Constitution, thus they are still not part of Canada, if that means anything. Pretty vague on what the duties are of ones Office. The Oath states that they will comply with the Code of ethics of Quebec police officers. So compliance equals contract, what about the laws they are suppose to enforce, no mention of that here. Code also means unwritten law as well, so what unwritten laws are they complying too? Consideration, hmm money does not exist, only promissory notes, which are private notes belonging to the Federal Reserve. So they are working for the Federal Reserve as that is who pays them.

Oath of Discretion Quebec Police I swear that I will not reveal or make known, without being duly authorized, anything whatsoever of which I have learned in the performance of my duties.

To be duly authorized requires only 2 signatures of any two people. So who are they telling everything too? What about Court situations, if no one authorizes them to give key evidence then no evidence is given. That's fair right?

### **Unfolding of a Spaceman that Came Traveling**

There is an underlying theme to the Chris De Burg Song, A Spaceman came Traveling. mentioned it near the very beginning of this book and it was my hope that perhaps you may have discovered the secrets relayed in this song. Here is a different video made by Robert Milton that is quite fun to watch, [http://video.google.ca/videoplay?docid=-](http://video.google.ca/videoplay?docid=-789649141981822861)

[789649141981822861](http://video.google.ca/videoplay?docid=-789649141981822861) 1&q =Chris+ De+ Burg+A+Spaceman+Came+Traveling&total =3&start =0 &num=10&so=0&type=search&plindex=1

Black absorbs energy and the Universe for the most part is Black, but filled with more stars than all the grains of sands on the earth, in fact it is infinite. This is why those that prey on us reside in the dark, for the dark absorbs energy. The Universe holds stars, Galaxies and even, yes us in form due to sound waves we cannot hear. These waves resonate with our DNA and refresh our holographic form on a continual basis as it does with all thought forms. Because the Universe we see is fixated on a small light spectrum where we can only see comprehend 30 frames per seconds maximum, it is what transpires beyond that 30 frames per second that other life exists or rather tuned into.

High speed imaging systems used in space at the level of about 100,000 frames per second reveal other forms of life from what some people in NASA have sometimes talked about on radio programs, such as Coast to Coast AM. It would take a computer to scan the frames and sort out

the images created. It is curious as this only looks at frequencies that we can see, still a very wide band of spectrum to look at, if the technology exists. However once we start using our intuition instead of our minds, we will open to the full spectrum of life of the Universe. This is what they are trying to stop at all costs it seems. We are not alone here.

The ships or UFOs seem to shift frequencies allowing the people within to move between dimensions and travel great distances in very little time. The song is quite interesting in it's Religious aspect. The Star above Christ's Birth. A bright light of Silver around the Baby made people around the people afraid. This sliver light represents the infinite love within all of us. It is perhaps a beginning of a new level of consciousness being introduced to all man kind. The fear is significant again of how we forget who we are in fear and not recognizing the Baby as ourselves, just being expressed in the form of a Baby.

The Music is about the hyper holographic sound that maintains our form and those forms all around us. The music represents the vibrational fields that we decode through our mind and create this orchestra of reality. It is through music that our mind, body and soul can be nurtured or destroyed. There are harmonics that are healing and hurtful. This has been proven through experiments on plants. Plants that were fed classical music thrived, while those feed hard acid rock type of music, withered and died. Much the same comes with our thoughts. If we direct happy joyful thoughts towards water and freeze them, the water crystals that form are beautiful and symmetrical, hate generates water crystals that are deformed and damaged.

<http://www.thelighthows.com/articles/consciouswater.htm>

It is the underlying belief that someone external from us will come to save us and make this world a better place for us. It is a Pandora's box, where by hope being the most misleading thing of all. When we hope for something it freezes out all other possibilities of us doing something to resolve the issues set before us. Yoda once said, "Try not! You do or you don't do. There is no try." It is by our actions that things change not by our tries or hopes.

Thus sound energy carries consciousness and that energy can be hurtful or helpful. Our thoughts are very powerful and hence why so much work goes into mind control. The auric field and chakras of people and all life for that matter respond to music. Sound is a powerful way of energizing our Auric Fields and connecting us to higher vibrational realities.

Ultimately you come to the question about the Darkness of the Universe and it's ability to absorb such vast amounts of energy and hold so much life within. We are not alone in this Universe, to say so in the face of all the stars and Galaxies set before us, would be negating all the evidence that says otherwise. We live within a highly manipulated reality, but one that can be changed. It is through our thoughts and love that we can create a better world for ourselves. Our manipulators feed on the fear we generate and use divide and concur techniques. When we love one another there is no reason for power structure, so perhaps the return of 2000 years of time will begin to awaken people that they have a choice. That being to love one another and take steps to ensure all share in creation equally. The Universe is very much alive and is following a path of creation of it's own. We still have much to learn, but in the end, we are simply Love.

In terms of 2012 I came article. It talks about transition we are about where it might lead. It me that this is the what is indeed about to We either become food Reptilians and those left, their slaves, or we consciousness to be that to others rather than self.

Famed UFO historian: may be targeted by Reptilian extraterrestrial across this the to take and seems to hallmark of happen. for the that are shift our of service service to humanity predatory species

## Appendix IV

### Example Letters

This is a basic one page letter that can be adapted for many situations; designed around Canadian Law. However with a little thought it can be applied to almost any Country. It is going to be used to pay off statements by someone I know. I will update this bit once we have some results. It should work though as it is making use of the foundation of law within Canada.

This is an Experimental Letter that deals with Summons: Erase the blue comments from the letter.

c/o September 11, 2009 c/o xx anywhere St.

City, Province, TXX XXX (Note addresses should match what the return and there mailing address too you was. This sets up the jurisdiction of the summons, if they don't put Canada in the address then it isn't in Canada or whatever country it may be)

c/o CLERK OF THE COURT

xx anywhere Street

City, Province, Txx xxx

Attention CLERK OF THE COURT, (Add Name of the Clerk if known):

I am contacting you concerning the summons issued to the person FIRSTNAME LASTNAME. It seems that the summons was delivered to me, a man created by God on the earth and not to the address stated on the Summons, as there are no address on the earth and all addresses are hearsay and of the world, not of the earth. Reading the address on the Summons neither the Court or FIRST NAME is addressed as being on the earth, isn't this correct?

Thus, I am therefore returning the Summons back too you and I also order you to quash all charges related to this summons and to destroy all records concerning this matter from the Court, I do this through my dominion as a man created by God on the earth as per Genesis Chapter 1, versus 26-28.

Since the address of the Court does not list CANADA as the Country of Origin, I am uncertain as too what Jurisdiction this Court is within, thus is this Court reside within CANADA? If so the following would be important for you to be aware of in terms of applying any law:

Allow me to draw your attention to section 52 of the Constitution Act, 1982, which states:

*52. (1) The Constitution of Canada is the supreme law of Canada, and any law that is inconsistent with the provisions of the Constitution is, to the extent of the inconsistency, of no force or effect.*

*52. (2) The Constitution of Canada includes (a) the Canada Act, 1982, including this Act;*

Now, let me point out the Preamble of the Charter of Rights and Freedoms which is Part I of the Constitution Act, 1982, which says:

Whereas Canada is founded upon the principles that recognize the supremacy of God and the rule of law:

Now since the Charter states God is Supreme, you must consult what God had to say before you, the person, the actor in fiction within an imaginary world called CANADA, must do before you can apply any law to me, a man created by God on the earth. This law applies too you not to me as I am not a person residing within CANADA.

*Genesis 1 :26?28 of the KJV of the Holy Bible / Torah, says, "And God said, Let us make*

*man in our image, after our likeness: **and let them have dominion** over the fish of the sea, and over the fowl of the air, and over the cattle, **and over all the earth**, and over every creeping thing that creepeth upon the earth. So God created man in his own image, in the image of God created he him; male and female created he them. And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: **and have dominion** over the fish of the sea, and over the fowl of the air, **and over every living thing that moveth upon the earth.**"*

The attributes of a person is that being a thing having a name and a birth date. Do you see anywhere in Genesis 1:26-28 where God called man a person? No you don't do you? Do you not see that God did give man created male or female dominion over all the earth and over every living thing upon the earth? Since you are on the earth pretending to be a CLERK OF THE COURT are you not changing your status into that of a living thing? If you are not a man created male or female by God, then what are you? If you are not then you must be a living thing and I hold dominion over you, according to your own laws and Oath of Office as well, is that not true? All birth dates are only hearsay, no one can say for certainty what the date is as the heavens and the earth are eternal, God never put a date on creation did he?

Thus since this paper you call a summons is upon the earth and is of the earth, I also have dominion over it, is that not also true? Considering also that all law books and spoken word happen upon the earth I and others like me share in our dominion to interpret what those words and laws mean too us and their application as they are all on the earth, isn't that true? It matters not what language or meaning that living things such as Lawyers and Judges may decide that they mean, for they have no dominion on the earth do they?

Now then if the Court is not within Canada and you are merely making use of names such as B.C. PROVINCIAL COURT to infer that it might be in CANADA or rather the Dominion of Canada, when it is not, is a fraud, would you not agree? Thus if you are not within CANADA what laws if any are you bound to uphold and where do you get your authority from to apply them to me a man on the earth standing in his dominion over all the earth? Did God create CANADA and give anyone authority over man created male or female by God? No of course he did not, correct? Can you say that B.C. PROVINCIAL COURT created the earth? No you cannot can it, it is a fiction that cannot speak, isn't that correct? Clearly if you are involved in mass fraud or simply lying about your authority in this matter, perhaps it would be best that you stop doing this as many other men created by God may not be so kind in their exercising of their dominion over you. Dominion means to rule and it is part of law that goes back for thousands of years and the Law of One even further than that. Ultimately the only law that matters is the Law of One, which is a simple law of creation. The earth and the heaven work on natural laws. The Law of one simply is when one is harmed we are all harmed, when one is helped we are all helped. It is obvious you are lying to me and thus trying to harm me through your lies and deception, isn't that true?

I give you 10 days upon receipt of this letter to respond and answer all the questions I have put forward too you, man created {male or female} by God acting as JOHN DOE, CLERK OF THE COURT OF THE PROVINCIAL COURT OF BRITISH COLUMBIA, upon the earth. Failure to do so, thus silence, is acquiescence that my assertions behind the questions are all true and they you have no authority over me and I have dominion over you as a living thing upon the earth. You are welcome to join me as a man created {male/female} by God upon the earth and share in the Dominion, that God has given all man male and female on earth, until then I hold dominion over you and my orders stand with Gods word. Any use of force or intimidation against me from you or anyone else would be a violation of your Oath and a direct violation of God's will and authority upon the earth. I order you and all persons in regards to this matter, through my Dominion to leave me alone, in peace and to never bother me with the issues of your Court or Summons ever again.

Only deal with the issues surrounding the summons. Do not get dragged into their game of fiction. Remember God separated the light from the darkness, so you must do the same.

Actions of force initiated against you for anything are not just, for there is no basis of law that takes into the account the law of one and thus works to stop the harm. It is based on mass fraud and is designed to enrich the owners of the Federal Reserve and related system of banking spread throughout the world. In Muslim Countries, they are making use of LORD God not God, and thus are not applying Genesis Chapter 1, which gives everyone dominion over all the earth and over every living thing upon the earth. It is satanic in it's nature and the foundation of justice is not consistent with creation or the Law of One and has nothing but suffering and enrichment of the priest and noble classes involved. It is a complete scam and many of the same fraudulent attributes that go on in the western world go on in the Muslim controlled countries, just using different metaphors. Allah is not God, the Koran says so in the first book, 2nd verse.

Sincerely Yours man, created by God, on the earth, standing in his dominion over the earth and over every living thing upon the earth.

**You don't sign anything this is all you do. God does not sign for anything and thus neither do you.**

Also note that Canada and CANADA are two different entities. CANADA is a corporation listed on the Securities Exchange Commission in Washington DC and makes use of Postal Codes, 2 letter abbreviations on the Province and all related registered companies including the Courts are in upper case. All they did is copy the name of the Courts and institutions in upper case to make it appear that the institutions and companies were in Canada rather than their corporate fiction. Canada is also a fiction remember, but it is overseen by the Queen, CANADA is not. Thus they are free to use any law system at any time that they feel needed to push their agenda through. They are not bound by Canadian law, because they did not state in their address that they are inside Canadian Jurisdiction. However all Admiralty Courts can make use of any law anywhere in the world anyways, it is a complete scam. They hop between commercial, Admiralty and Common Law Courts in a blink of an eye and even have their own rules, which change on a whim. It is not about justice, it is about extracting your freedom and wealth, they are pirates. Don't board their ship if you can help it, send letters by registered mail and deal with it all from being on the earth in your dominion.

Do not hand deliver these letters to the Court if you can help it. Because you want to remain on the earth entering the building with an address on it, puts you into the world rather than on the earth unless you make it clear that the Building is on the earth.

Re: Child Support Enforcement Account #####

I am contacting you in regards to the Account #####. You are an agency of the United States of America Operating under the Constitution and Bill of Rights; are you not? I see that you have omitted "USA", in your correspondences with me, and abbreviated the State to "VA" and added a 'zip code', thus inferring that you are not an agency of the United States of America and part of the State of Virginia. Is this true? Or, are you a an agency of the State of Virginia –

a colony of the United States of America? If so, please adopt the proper mailing addresses for all future correspondences and address the person YOUR NAME ALL CAPS within the same address context, so I know to which jurisdiction and laws you are referring, as 'address' designates jurisdiction, does it not? If you are an Agency operating outside of the Jurisdiction of the United States of America and the State of Virginia and not operating under the Constitution of the United States of America, then, under what Jurisdiction and Laws are you operating and how is it that the person, YOUR NAME ALL CAPS, is subject to your laws and Jurisdiction?

Since all Judges take an Oath of Office and, in that Oath, state that they have no regard to persons, then why are you involving the person, YOUR NAME ALL CAPS, in matters to which JUDGES have no regard. It obviously means that 'persons' are under their authority; does it not? They end their Oaths with, "So help me God", as many other individuals within the Government-appointed Offices do, including the PRESIDENT OF THE UNITED STATES. Thus, I conclude that all those in Office are deriving their authority from God, or they would not say, "so help me God". The only other place, where authority can be granted, is through the Constitution of the United States. However the Constitution of the United States is unclear, not only about to whom it applies but also about from whom the Constitution derived its authority, in order to grant authority to those who are trained to believe they have authority over others, or, to those who are trained to believe that they are required to obey said Constitution. "People", as in, "We the People", is not defined in any Law Dictionary as: "persons", "human beings", or "men or women created by LORD God or man created male or female by God?", so, from what authority is the Constitution of the United States of America drawing its authority? If not from me, then, from whom? If not from me, then, those who follow that system of law, using the Constitution, have no authority over the person YOUR NAME ALL CAPS, because there is nothing that defines "people" as: a person, human being, or man created male or female by God.

Thus, NO 'authority' can be proven. The only evidence of authority is God, since all Officials, allegedly in positions of 'power', are suffixing their Oaths with, "so help me God". The State of Virginia and the United States of America are not defined as being on the earth. That is what the King James Bible calls this planet. Because God created only man either male or female, not persons or human beings, ALL "laws" do not apply to man created male or female by God, i.e.: me – a man created by God, on the earth.

Further, in Genesis 1:26-28, God gave man created male or female dominion over all the earth and over every living thing upon the earth. Since all court-houses, jails, documents, Government Officials, cities, etc. are all upon the earth, as a man created by God, I have dominion over all of them. God gave us dominion over every living thing that moveth and creepth upon the earth. Those who change their status, from "man created male or female by God" to something else, e.g.: Judge, Attorney, Police Officer, etc., become a living thing upon the earth, over which I have dominion. This is not an opinion; it is written, in black and white, in the very book by which all Officials are sworn-in to public office. There is no higher authority than God and God says I have dominion over all Government Officials, as they are living things upon the earth; is this not true? **Dominion means to Rule.**

Thus because the Bible and Torah have been in place, for a very long time, and reference God as the Creator of the earth and all that exists, it is through God's word that all authority is derived. We God share equally in that dominion; no living thing has the authority to interfere with God's word or with me, a man created by God, standing in his dominion over all the earth and over every living thing upon the earth. All addresses are only hearsay, as are names and dates, yet you take them to be true. They are not true; they are fictional reference systems.

Thus, through my dominion given to me by God, I order you to create the funds needed by "YOUR EX-WIFE" and give them to her, as she is also a man created female by God upon the earth. Next, I order you to destroy all records of this matter and never to bother me about this situation, ever again, in the future. Third: You are to compensate me for the time you stole from me by putting me into your prison, in the amount of \$1,000,000.00, paid to: YOUR NAME ALL

CAPS, at the above-listed location. These orders are to be carried out within 10 days of your receipt of this letter.

Sincerely Yours a man created male by God standing in his dominion over all the earth and over ever living thing upon the earth.

Again we do not sign the document, as the document is much as us as we are it. It comes from the earth and it is in our image. We have no name of which to sign with as God did not give us a name.

c/o xx anywhere St. City, Province, TXX XXX

c/o John Doe, ABC Company xx anywhere Street City, Province, Txx xxx Attention John Doe, CFO of ABC Company:

As you are well aware, ABC Company is registered with Canada. Thus, being so, it must follow the laws of Canada; otherwise, what the corporation does has no force or effect. Allow me to draw your attention to section 52 of the Constitution Act, 1982, which states:

*52. (1) The Constitution of Canada is the supreme law of Canada, and any law that is inconsistent with the provisions of the Constitution is, to the extent of the inconsistency, of no force or effect.*

*52. (2) The Constitution of Canada includes (a) the Canada Act, 1982, including this Act;*

Now, let me point out the Preamble of the Charter of Rights and Freedoms which is Part I of the Constitution Act, 1982, which says:

Whereas Canada is founded upon the principles that recognize the supremacy of God and the rule of law:

Now since the Charter states God is Supreme, we need consult what God had to say before you, the person, thus a living thing, may apply any law.

*Genesis 1:26-28 of the KJV of the Holy Bible / Torah, says, "**And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. So God created man in his own image, in the image of God created he him; male and female created he them. And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.**"*

Clearly, it states that I, a man created by God, have dominion over all the earth and over every living thing that creepeth or moveth upon the earth. Dominion means "to rule". Until now, you were applying law to me, as if I were a "person", which clearly I am not, according to God, my Creator. When I was created God was also in the image of that Creation, thus I hold within me the image and likeness of God, which is all that exists. We all may take on roles of persons in a make belief play, but that does not mean that we are persons. The main attributes of a person are a name and birth date, both of which I do not have as both are hearsay. When a man created male or female by God, takes actions from the perspective of acting as a person, she/he becomes a living thing, over which God says man created male or female, have dominion. So you see the law applies to persons not to me as a man created by God. Therefore, to remedy this situation, I simply need to exercise my dominion over the persons involved. God did not say I could not make use of Persons when I found it necessary to do so.

Thus, since the statement I am holding in my hands is on the earth and is made of the earth and sent to me by a living thing upon the earth, I simply order you, John Doe, the person, to adjust the account to zero and adjust any future balances to zero, until I notify you otherwise. Further,

do not attempt to intimidate me or take any actions to stop services, from here forward, in regards to this account (# xxxxxx).

Sincerely Yours man, created by God, on the earth, standing in his dominion over the earth and over every living thing upon the earth.

\* Note: We do not sign our letters because we are the letters. We are everything that exists! The letter holds a level of consciousness, because it is holding form. We are consciousness.

If your person lives in a Country where they don't follow God, you can always send copies of your Bills to the Canadian Government and have the Canadian Government pay them for you. Canada is not defined as being on the earth and neither is any other Country, State, Province etc. They exist in an imaginary world imposed over the earth. Although you could do this, it would be interesting to work out a letter based upon the oaths of your Government officials or for the USA even the Pledging of Allegiance to the Flag, could be used as it says one nation under God. Be creative and remember you are not a slave!

Another thing to keep in mind is that a person or actor in fiction, has no credibility. Thus who is saying where your person is? It is completely hearsay. We can't take truth from a fiction, now can we? So you could write the Canadian Government and have your person's Citizenship show it is a Canadian Citizen. A person has no authority over you, you have authority over THEM. In Countries like China where there is no Religion or God per se, it simply comes down to real versus fiction credibility issue and the fact no one can prove they have authority over anyone else. Nor can they prove that they are the fiction that they say they are, if they dare to even try. I only adjust the Accounts to zero because that represents perfection in the world of law. Zero balances mean no more commerce or actions are needed. We want to get rid of money and move unto a love based reality, where we do things out of appreciation and love for one another. The remedy for the corporations is most of them have already been paid or they would have sent you a bill. Those that haven't been paid can use the same concept to zero out the accounts of their suppliers. This will also eliminate the all debt in the world and the power that the Ruling Elite have over them. This is a good thing! We don't need money, we need love.

Ultimately in truth all we can say is that we exist. No Holy book or anything else can tell us any different. What is true and what isn't is based upon what we can perceive as being true, even then we are living within a holographic reality, which is provable and thus an illusion.

This is a letter I actually sent in to CRA and had success with.

December 19, 2008

An Individual in CRA Individual and Benefits Service Division Winnipeg Tax Centre

In regards to your letter written on December 11, 2008 in response to my letter on November 18, 2008 it seems to me it was nothing more than a general form letter that was designed to deal with issues in broad terms and did not directly address the issues I brought forward on my November 18th letter.

This is regards too ROBERT HAY xxx xxx xxx and ROBERT HAY xxxxxxxxxxxxxx. Just so we are both clear silence or simple non response to the questions I bring too you or any CRA Agent for that matter is proof that acquiescence of the positions put forward in my questions. I sincerely hope you were not simply trying to intimidate me with this letter or imply that use of force against me would be undertaken for asking you questions about the boundaries of authority CRA has in terms of Taxation.

I am not a lawyer and all law is written in Legalese and is only interpretable by lawyers, is that not true? It seems every law society states that. Are you a lawyer? Can you provide me with your BAR Card number so I know you are able to make legal determinations in a foreign language called legalese? If I am unable to interpret law, how then can I be held responsible for it? If I

can interpret Law then the Charter of Rights and Freedoms states in it's preamble that Canada was founded upon the Supremacy of God and Rule of Law.

If God is supreme then that would over-ride anything concerning rule of law correct? So let's look at the King James Bible and see what it says about God. In Genesis 1:26-28 it describes the Creation of man created male or female by God.

[26] And God said, Let us make man in our image, after our likeness: **and let them have dominion** over the fish of the sea, and over the fowl of the air, and over the cattle, **and over all the earth.** and over every creeping thing that creepeth upon the earth.

[27] So God created man in his own image, in the image of God created he him; male and female created he them.

[28] And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: **and have dominion** over the fish of the sea, and over the fowl of the air, **and over every living thing that moveth upon the earth.**

Does it describe the creation of PERSONS? No it doesn't, does it? Does it say anything at all in Genesis Chapter 1 that a man created male or female by God being changed to a PERSON for any reason? No it doesn't, correct? Does it not say in Genesis 1:26-28 that man created male or female by God, were given dominion over the all the earth and over all living things upon the earth? It does say that. If anyone approaches me while I am on the earth and states that they are anything other than a man or woman created after our image of God, then that would mean that I have dominion over them, would that not be correct? All man created male or female by God are have complete dominion over what goes on in their lives in accordance to God, upon which I noticed that everyone seems to swear an Oath of some kind too, ending in so help me God.

I asked before and I am asking again, show me any legislation that states that Canada is on the earth. Canada is shown on maps that resemble the earth, but is not defined as being on the earth in any legislation or body of law I can find. Putting up signs on the earth saying that certain geographical areas are of provinces, cities, towns, house numbers etc. are only hearsay. If there is no legislation saying Canada is on the earth, then every interaction that the CRA has had with me over the years has been done in fraud along with all levels of the Canadian Government. Isn't that correct? Could you point out where God said it was okay for CRA to Tax man, male or female?

From a Biblical standpoint the bible is written in English and thus fully interpretable by me. Considering that God is Supreme in Canada and has not granted the CRA or any other Agency permission to interact in anyway with man created male or female upon the earth, then by what authority do you have to do this? Can you prove that your name is your true name? Lots of people have similar names out there, seems to me there can be only on true name. But God never gave man created male or female a name did he, as per Genesis Chapter 1? Is this not correct? Thus a name is only hearsay and it is one attribute of a PERSON, the other being a Birth Date. A Birth Date is also hearsay, because the calendars used do not track the instance of creation and thus no one can say what day in creation this actually is. It says, "In the beginning God created the heaven and the earth", then all Calendars must reference the beginning not some undeterminable point of the death of JESUS.

In fact the Bible from Genesis Chapter 2 forward is all fiction within the context of the bible. LORD God creates an imaginary world upon which he enslaves man and woman of his creation, then brings about law unto them. I think this is what the Charter of Rights and Freedoms Preamble is actually talking about. It offers a choice between enslavement, which is rule of law and living within the supremacy of God. However God is not supreme at all in accordance to what is stated in Genesis 1:26-28. God was within the image when he created man in male and female, thus God created them equal to all that exists, including God, thus if I am equal to God then I am God, that's how I interpret that passage, wouldn't you? So the Charter of Rights and Freedoms

must be referring to perhaps LORD God, the imaginary God in the story of the Bible, that begins at Genesis Chapter 2. God deals in creating balance and harmony in all creation, while LORD God focuses on disharmony and enslavement through law.

To bring the enslavement issue to the forefront as stated in my November 17th letter to the CRA, was the fact that I was not a slave. Am I a slave? If so, how did this happen and who is enslaving me and for what reason? If I am a slave then by what authority am I been enslaved? All Canadians seem to be slaves based on section 1 of the Charter of Rights and freedoms which can deny any PERSON of their rights, based on what is undefined as reasonable. The other aspect to this is confirmed in Section 15 of the Canadian Criminal Code which states that no one shall be convicted by a de facto Government. Based on several facts Canada is a defacto Government of the PERSONS it pretends to represent, but in actually pledges allegiance to HER MAJESTY QUEEN ELIZABETH II, corporate fiction, upon I am not sure owns. Would that title be owned by THE CITY OF LONDON Temple Bar? Further it seems there are lots of people that have been duly convicted in the various Canadian Courts, I think that there must be a sever ethical problem here for violating section 15 of the CCC or simply put a PERSON under Canadian law is a slave.

I have seen no evidence other than a man created as female, taking on an actress role, performing as the Queen, but no documentation anywhere including her oath which says that man created female by God is the QUEEN, Would you please find this document and forward it too me so we can ascertain how this man created female has any authority over me. It would also seem interesting to note that a Bishop Coronated the Queen using the King James Bible, yet I do not see anywhere in Genesis Chapter 1 where God said a Queen or King could rule over man created male or female by God, upon which God gave them dominion over all the earth. Please see if you can find any legislation that defines England or the United Kingdom is on the earth and any passage where God says it is as well so we can be sure that the Queen has authority over man created male or female by God upon the earth.

This brings me back to the point that I made on November 18th , Is not Canada simply a concept of the imagination, only existing in an imaginary world and not on the earth? Thus this being true, then by what authority do you appear before me making demands upon me? Your not are you? You are making demands upon the PERSON ROBERT HAY, isn't that true? Considering that living sentient man created by God can only exist on earth, how is it that I can exist inside a fictional world? We can put signs up and make pretend that the we are, but that is a lie, because we are still on the earth. We can create imaginary courts and have actors in fiction inside them, but we are still on earth. We can name buildings as prisons and Parliament and put man created male or female by God into them and have them act as actors in fiction, but they are still just man created male or female on the earth. This is perhaps why the Income Tax Act is called just that, an Act. It is akin to an Act in a play. The lines are written out in script form and allows the participant actors to act on the laws within. However if we take away the actors for a moment, what do we have? We have a concept that exists no where. Thus it only exists if we agree upon it's existence. Does the PERSON ROBERT HAY exist on the earth? No he doesn't does he? Only man created male or female by God do, correct?

So why are you using this fictional world in attempts to enslave me on the earth which has been given to me by God? Why do you attempt to deceive me, with you use of PERSONS and props in a play as it were? If debt exists within fiction as it seems too here, then simply adjust the books so it reflects no debt on these accounts. Considering that TRISHA WILLIS a PERSON, thus a fiction has can have no free will as a fictional entity nor can any other CRA Agent, then why can't I simply order these PERSONS to adjust their books to a zero balance? They don't exist on the earth and are simply a concept of the imagination. Thus if you can't rebuke this simple truth, then I order the CRA Agent(s) to adjust the balance of the accounts associated to ROBERT HAY to zero balance. For what purpose do I need to fill out paper work or file anything, if it exists in fiction with no authority over me? If you are referring to a contract of some kind and it makes use of names and dates in the contract, then it makes use of hearsay. Thus the Contract

only exists within a fictional world. God doesn't rule by law, does he, so why are you trying to rule me by law? If you want to play make belief within your imaginary world, please feel free to do, just do not involve me or harm me by doing it. Further I am not a slave and you are blocking me from the resources I need for life. You are putting me into harms way by having people with guns running around believing that they have authority when they don't. Who are you to tell me what I can or cannot do peacefully within my dominion? I order you to stop harassment of me through the PERSON I use out of necessity of life, ROBERT HAY. If you can show me where God says I have to be enslaved by making use of a PERSON then show me and I will stop, otherwise adjust your accounts related to this person to zero balance.

A fiction can have no Credibility, thus no credit. Considering that this PERSON you are talking about was created by the ONTARIO GOVERNMENT, I would suggest that you contact the ONTARIO GOVERNMENT to make the filings and settling the these tax issues. All liability rests with them I would think. However because the ONTARIO GOVERNMENT itself is a fictional entity not on the earth, you should perhaps be more careful where you direct your mail too as the addresses you refer too do not exist on the earth. Further I see nothing that says the Province of Alberta is actually AB. If AB means the Province of Alberta fine, but I think it means something else and also I see no reference to Canada on the mailings ending up in my hand. So if it doesn't say the earth and it doesn't say Canada and it doesn't say the Province of Alberta, I am not sure where you meant this mail I am returning too you to go. Did the Queen call Alberta AB? Was Alberta ever brought into Confederation of Canada? I don't think either is true, but that is all in a fictional world, isn't that correct? If something is in my dominion I have dominion over it according to God, isn't that right; as I have dominion over all the earth.

Sincerely Yours; A man created image and after the likeness of God standing in his dominion of earth

\* Note I did not sign this letter, as I left no indication of any attachment to fiction.

I never got a response back from the man acting as STEVEN HARPER. However it taught me that I was perhaps not looking in the right perspective. We should only be concerned about zeroing out the accounts. It really isn't up to the Prime Minister to set up things for us, as they already are. See the first letter again.

This Letter is Experimental for U.S. those entangled with the IRS. BTW this letter did work. What the IRS did was to send a letter back to the PERSON, not the man created male by God. The letter said that they were formulating a response. It was simply a test to see if he knew if he was a person or not. I told him to return the letter, with another letter explaining he was not a person, but a man created male by God holding dominion over all the earth and over every living thing upon the earth. He also reaffirmed his orders for them to adjust the account to zero and to never bother him about taxes again. Since doing that the IRS has never bothered him and they were about to seize all his property when he first wrote this letter too them.

This is in regards to JOHN HENRY DOE. Just so we are both clear, silence or simple non response to the questions I bring too you or any IRS Agent for that matter, is proof that of acquiescence of the positions I put forward in my questions to you.

The IRS and the USA are not defined anywhere as being on the earth. In fact the Constitution does not make use of the word Nation and makes reference only to persons. Further the word People, as in We the People of the Preamble does not say what People are, whether they are man created male or female by God, which we all are. The legal definition of People is very ambiguos and does not refer to anyone living.

When the President takes his Oath of Office most if not all end their Oath with, So help me God. Since they just finished saying that they would defend the Constitution and there is no So help me God within the Constitution, their first act as being President is to violate the Constitution. This is mostly a tip off that shows that thier is something akin to negative law going on. In that nobody actually follows the law or the Constitution. However as we will see, everyone follows God, as per saying So help me God at the end of thier oaths. The reason the law is not followed, is the Judges in thier oaths say they have no regard to persons. So what do they regard, well God of course, because they end thier Oaths with, So help me God. What also is very important is God did not create any laws and also he created man, male and female in our image and after our likeness, not persons. Within that creation God was also in the image and in the likeness of my creation and all of creation I am part of. So let's look at the King James Bible and see what it says about God. In Genesis 1:26-28 it describes the Creation of man created male and female by God.

[26] And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.

So God created man in his own image, in the image of God created he him; male and female created he them.

[28] And God blessed them, and God said unto them, be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.

God divided the darkness from the light as per Genesis 1:4. The darkness holds qualities of fiction, things, fear and illusions for the most part. It is divided but not seperate from me. Thus there are two realities happening, ne of darkness and one of light. While light holds the truth darkness holds all the illusions. The world is a stage upon which actors such as persons, who are living things, act out roles in fiction, such as an IRS Agent or a President, but on the light side, we are man created male or female by God one the earth standing in dominion over all the earth and over every living thing upon the earth. Thus an IRS Agent, a person, would be a living thing upon the earth. Dominion means, "to rule". God never said I could not make use of persons, in fact God created the reality for me to make use of persons, I am part of all that exists. The earth was not created with the USA or the IRS already on it. Persons have no credibility because they are lying about who they are and are treated as such by the courts. I am a man created by God standing in my dominnion over all the earth and over every living thing upon the earth, meaning the persons in the world who are also upon the earth.

Thus I am ordering the agents of the IRS involved with the person JOHN HENRY DOE (SIN XXXXXXXX), to adjust the balance of related accounts to zero immediately and also not to intimidate or take any actions against JOHN HENRY DOE (SIN XXXXXX) legal or otherwise indefinitely. Also simply adjust the balance accounts related to the taxation of JOHN HENRY DOE (XXXXXX).

Sincerely Yours; A man created in our image and after our likeness of God standing in my dominion over all the earth and every living thing upon the earth.

c/o man Acting as STEVEN HARPER, PRIME MINISTER OF CANADA Office of the Prime Minister

80 Wellington Street

Ottawa

K1A 0A2

My fellow man Acting as STEVEN HARPER:

The purpose of my contacting you is to bring about a correction on the point of dominion. God created heaven and earth. God created man and woman equally and gave man and woman dominion over all the earth and over every living thing that moveth upon the earth as per Genesis 1:26-28, King James Bible.

The Preamble in the Charter of Rights and Freedoms states that Canada was founded upon the Supremacy of God and Rule of Law. If God is supreme than nothing else matters, except what God has to say then. Simply I am a man and on the earth, to say I am in Canada would be a lie. To even say Canada was founded, is a lie, because it is not real, it is a fictional thing. In fact Canada itself is not defined anywhere in Act that I have seen. In fact Canada is listed on the US Security Exchange Commission as a foreign Government, thus perhaps a corporation?

Now for PERSONS are imaginary fictions that exist only in the imaginary world. Yet it is these imaginary PERSONS that take the Oaths of Office, to hold positions of "power" in an imaginary world. Yet the only thing real is a man or woman acting as a PERSON, which is a form of lying, to beget status and financial gain over other persons in the imaginary world. The problem is, it is imaginary and not real. God didn't create in the imaginary, God created everything real. Canada itself was not founded in reality, you cannot found a fictional entity and say it is real, for the earth is the earth, God did not create fiction. So laws were created to support the illusion, when God created no laws.

This brings me to LORD God. LORD God who is clearly not God appears in Genesis Chapter 2 and creates an imaginary world of the heavens and the earth and puts an imaginary man and woman into it, created unequally and fills it full of commandments and statutes, which make up and support his make belief world. There is only one true God, one true creator of all that exists and that is God as per Genesis Chapter 1. No other place in the Bible does it have sentences where it says, "And God said...". Even in the Koran, Allah is not God as the first book, The Opening 1.1 states, "All praise is due to Allah, the Lord of the Worlds.". Allah is a Lord of the Imaginary.

I was created by God. God gave man or woman a name for that would mean that God creates fictions, when he clearly does not. Further to attach a name to me is to imply I am a fiction and a fiction has no free will and thus can be enslaved, by those who have the mind to imagine a fiction.

I ponder the wisdom if any in doing what has been done to myself and others here on earth. To create and illusion of Countries overlaid on a map of the earth and lie to us that somehow God did not want us to have dominion over all the earth and over every living thing upon the earth as per Genesis 1:26-28 has caused enormous harm in terms of Genocides, famines and irreversible harm to the earth. Would it not have been better to teach about how harmful illusions can be and help others overcome fears, which is the founding force behind all this? The entire system has been structured specifically to remove everyone from having their status of being a man or woman on the earth, created by God as per Genesis Chapter 1 to allow for a play to act itself out, which

has the end effect of creating a power structure that enslaves and destroys everyone and the earth. The people who are doing this are playing God, when they are simply not God. They cannot destroy something that God has created, it is not theirs to destroy. Perhaps God told them to do this, I may never know. Perhaps God wrote LORD God into the Bible to be a kind of safe guard against those who would not recognize who their creator was and follow him, thus they would follow the illusion instead and be destroyed by it. However but the few things that God did say were stated in Genesis Chapter 1, as "And God said...". I know I am free as God created me free and gave me dominion over all the earth.

I want to be free of all financial and governmental interference in my life. I am not a slave and I do not consent to be controlled by fiction. I have been given the divine power by God to have dominion over every living thing upon the earth, as per Genesis Chapter 1:28. You are appearing before me on the earth as a person and thus have changed your status to that of a living thing rather than a man created by God. According to God, I have dominion over you and everyone who appears before me being something other than a man or woman created by God upon the earth. If you believe that I am in error over this let me know how and why. Thus I want you to provide me with a way of paying for or obtaining anything I deem that I need to live and help do what God has asked me to do according to Genesis Chapter 1. I want to live in peace and bring about peace through what God has asked of me. I want to rid the earth of fear, based on illusions of authority and outright manipulation. I want to be able to travel anywhere upon earth unmolested and unharmed.

I do not exist in the imaginary world and I do not have an address, nor do I have a name, all I know is my creator described me as being a man. Thus all I can do in this situation is give you information in your world, which I make use of out of necessity of life, for now. You may contact me through,

In terms of signing this letter too you, I have no name to sign it with. I think signing a letter is a legal thing anyways and it is meant to validate a document, according to Blacks. I have dominion over the earth and every living thing upon it according to God, what more needs to be validated?

cc: woman acting as, Her Excellency the Right Honourable Michaëlle Jean, Governor General of Canada Again I never got a response back from Prime Minster Harper on this letter. However it only emphasizes that the Prime Minister is not there to take care of things for us, we have to take care of them ourselves. However I do think this letter and other like it I hope made them rethink about doing forced vaccinations. The first letter could be easily modified to stop all attempts by the Government to vaccinate you against your will.

A man created by God on the earth standing with the dominion given to me by God.

My fellow man who is Acting as STEVEN HARPER, PRIME MINISTER OF CANADA. I wrote to you on February 20, 2009 and did not receive a response back from you. I was contacting you in concern of the fact that through the GOVERNMENT OF CANADA you and others were interfering with my peaceful dominion on earth and I asked you to find a way to have the things that I determined for the necessity of my life paid for in some way by the GOVERNMENT OF CANADA. This follows all Oaths to God in Genesis 1:26-28 that God said he gave dominion to man and woman over all the earth and over every living thing upon the earth. By operating as a fictional entity you are changing the status to that of a fiction and clearly imposing a system through fraud and deceit against the men and women created by God on the earth, to usurp their authority given to them from God, upon which you and everyone else has sworn their Oath too in fiction.

There are now other grave concerns that I see happening. In terms of this H1N1 flu vaccine for one. Canada is not defined as being on the earth. It contains all caps name corporations which are part of the world, not the earth. Yet everyone is taught that they are that name and a Canadian Citizen, when in truth they are all men and women created by God. The H1N1 vaccine is reportedly a bioweapon that was shipped from Baxter in Austria, 72 Kilograms of live virus, to various points around the world and released on the earth to create a pandemic. Further it is reported that an serious bioweapon of similar flu like symptoms will be released this fall the same way to bring about martial law and to scare the populations into taking the vaccine. This vaccine is reportedly highly dangerous and could cause serious injury or death to those that take it and the manufacture of the vaccine is being protected from all lawsuits from any injuries or deaths that may occur from the use of this vaccine. It is simply a staged attempted at Genocide to bring about a world wide population reduction so the New World Order can be ushered in.

The fact is the world is not defined as being the earth, the world is a fictional entity made up of fictional entities called PERSONS. All laws apply to PERSONS not to men and women created by God, yet this is exactly what the Vaccine is being used on, men and women created by God. Have you forgotten who you are?

Let's step back a bit and look at creation. Lucifer was created by God and became a Fallen Angel of God. Lucifer is a master of illusion and holds all the inverse qualities of Infinite Love. However Lucifer was still created by God and he is holding that illusion of inversely of Infinite Love, Which God is, so we may all have free will. Lucifer holds this mirror in place in total love. Each of holds that same mirror as we were created as being all that exists. We can look into the mirror and follow the illusions of darkness or we can look into love and follow truth and light. The fictional world you are imposing on me and others is based upon the mirror. A fiction has no body, mind or soul, thus it is a slave to whomever wishes to control it. Such as PRIME MINISTER HARPER is a fiction and thus a slave, you have no more or less authority than I to control this entity as we are all created equal. Your authority is an illusion and it stems from the belief you and others hold in the illusions of the mirror. Everyone and everything comes from God, infinite love. When you cause harm to others you are causing harm to yourself. When you resolve problems without doing harm, which follows the Law of One, the Law of Creation, then you grow in light, peace and love. This is why we are here to learn how to get along with the vast differences and inequalities presented too us. It is easy to harm others, it takes courage to build bridges and love that which we hate or dislike.

The Universe is made up of energy and that energy can be formed into anything we want it too be by our beliefs in it. There are some basic rules to know about how energy operates, but in the end that energy is a part of us too. What we call the material world is only an illusion. Our bodies are made of energy as well, but are more than that, they are temples for our consciousness our individual soul so that we may learn from this dimension and high density. It takes a great deal of courage for us all to come here as there are many traps within the illusion of the mirror, but

we must remember who we are, infinite love! We are approaching a time where we will all have the opportunity for Ascension and as we move closer to that time all that was hidden will be exposed, as we move back into a state of truth. Our bodies are temples for this process so that we may experience multidimensional infinity within our bodies.

To those who have harbored enslavement and forgotten who they are, killing the men and women on the earth with these vaccines will not stop this process from happening. It is nature's way, it is the path of creation. All the Karma that has been built up is now being released. The mirror is part of infinite love it is not the source nor the control, it simply just reflects an illusion of your intentions. It cannot give you power as those who are deeply lost within it have become very parasitic and have imposed this system upon the living to feed off us. Instead of trying to harm us, build bridges too us so we can help you find your way back to infinite love. Each of us can look into the mirror and forget who we are or look within and feel the love that brings life to all. I ask you to look within and find that love again and come join us as we ascend back into truth. By harming and enslaving me and others will not stop this process from happening. Find that bridge and leave the fear behind you. I am not your enemy, I am your fellow man.

In the Oath you took it ended with, So help me God. It is truly an incomplete sentence. It is also a cry in the wilderness as per John 1. A cry of forgetting who you are. All Oaths leave the word do out of the Oath not so much as the Oaths are all fraudulent, it is simply that we all share in the dominion as being men and women on the earth, dominion means to rule. Rule of Law is an illusion or rather a corruption of this simple truth. So help me God is an incomplete sentence and should read, So help me to remember I am God. Translate God through the mirror as the Bible was written from the perspective of the mirror and thus the mind, it would read, So help me to remember I am infinite love. Love has no boundaries, illusions or Laws, this is why we hold dominion over all the earth, because we do it in love. The mirror only has power over those who are not at peace and love with their fellow man, earth and all her creatures and life. This extends also into the Universe as the Law of One is the Law of Creation and cannot be violated without reflecting back to us the harm we are doing.

Finally I recognize that you are only in a position of apparent power, within this grand illusion. The Rothschilds and other interbred families of the Aristocracy and Royalty have their hands on the so called levers of power, banking, politics, religion, military, etc. They make use of the a political and sociological movement called Zionism, which follows the Protocols of Zion. The Talmud is the foundation of all law as it was created to be the antitheses of infinite love. It is part of the illusion created by the belief of those have in the mirror and Chaos energy. It is based on parasitic principles and only perpetuates the healing cycles created. It is the foundation of Rule of Law, designed to focus Power into the hands of the Ruling Elite and their God, Satan.

This brings us to an important point, was the Universe created by forces of Chaos and randomness or by divine intelligence of infinite love? Considering that the Bible talks of God being first rather than LORD God, who is holding the mirror of illusion, it would seem the Bible has it right. You cannot create something from nothing, the mirror can only reflect what is being created by substance, thus infinite love, who we all are. The mirror responds to the intentions of love, be it negative or positive. The mirror offers only death another illusion as it's finality, where love offers infinite life in all dimensions. We are destroyed by our belief in fiction and then must return to love to try again and again until we can learn to love all that exists within this dimension we call the Universe. The Rothschilds and others who are so desperate to hold onto this illusion within the mirror at the expense of all life within the Universe are indeed in need of great healing. However they are perhaps also the ones that held the most courage to allow their souls to enter into this state of being. It may take many life times for their spirit to catch up to their illusionary mental state. The illusion can give one the mental capacity at the expense wisdom and love, but in the end, we are all from God and eventually all becomes balanced in love.

So let's build a bridge and allow creation to take it's path and put our faith into that. Let's solve these problems of poverty, conflict and inequality. Those that are attempting to enslave and destroy the men and women created by God on the earth have far greater to gain from helping

us all to flourish and grow than to destroy. I cannot do this alone, but I can do what I can within my sphere of influence and truth. The clock is ticking, do we stop the conflicts and aggression or do we destroy ourselves through fiction? Be assured if we destroy ourselves those that caused the harm will only have to work this out for themselves in another life experience. I think the majority of the men and women on the earth want peace, don't you?

Within the imaginary world a PERSON known as c/o: FRANCIS ROBERT THOMAS HAY of 123 ANYWHERE STREET, ANY CITY, ALBERTA, CANADA is by which time to time I make use of for the necessity of life. I may be contacted on the Phone through, (XXX) XXX-XXXX.

*Ascension - A Remarkable Essay by Eric Krueger, [brotherrockstar@hotmail.com](mailto:brotherrockstar@hotmail.com)*

### **What is ascension?**

Ascension is basically a change in the focus of consciousness. It is the natural, on-going evolutionary process of all Creation. As eternal, spiritual beings, we were created by God to expand through experience. When we choose to incarnate in the dense, physical, third dimension, we descend. We come to Earth again and again in order to experience, learn, and master this most difficult of dimensions with unconditional love. This choice greatly accelerates our spiritual evolution. The only problem is, we fall asleep in matter. We get bogged down in materiality, thinking that it is our total reality. We forget that we come into incarnation in order to return to the spiritual realms with added wisdom and experience. This is ascension. This is our goal.

All life is ascending . . . the plants, the rocks, the animals, each in its own time in its own individual way. The Earth, as a living being, is also ascending. It is happening according to the Divine Plan whether we know about it or not. Only the resistance to this process is painful.

This natural evolutionary process can be greatly assisted by consciously choosing to commit to our personal ascension. Our personal awareness and choice is so important. Spirit will never force us to accept love, joy, and inner peace. Our free will choice is always honoured. By ending our resistance, we can move rapidly forward without the pain and struggle so often associated with human life.

In past ages, ascension occurred after the death of the physical body. When souls decided to plunge totally into the dense realm of matter, they found they needed many human bodies to spiritualize physical form. When too many mistakes were made in one body and it was exhausted, the body was discarded. A period of rest was experienced without the body, then a new body was formed to allow a fresh start. Memory of other incarnated mistakes was blotted out, not as a punishment, but as a gift of beginning again, without entanglements, to meet the challenge of spiritualising the physical body. The soul, of course, retained the memories. As more and more of the soul is incorporated into the consciousness, "remembering" past experiences becomes easier.

This process of reincarnation has progressed far enough for the proportion of spirit to matter within the body to improve considerably. Now it is possible for people to ascend with the physical body, no longer needing to leave it behind.

### **The process of Ascension**

earth is in the process of elevating in vibration in order to attain the state of a star. The process of the elevation in vibration is known as ascension. The process of ascension involves many stages of initiations or tests, and as each test is passed, the body or planet at large increases in vibration. We, the dolphin and whale communities, along with the plant, animal and mineral kingdoms are well under way in their ascension process and have been for some time.

Ascension is about growth of the Soul and expansion of our consciousness. It is about accepting full responsibility for everything we think and do. It is about falling in love with ourselves and about releasing all those fears that inhibit the full expression of who we are. Ascension is about regaining our self-respect in the full knowledge that we are magnificent beings of Light who know the power of love and who live every moment of every day by that principle. It is about actively being in service to that principle and therefore able to love our enemies, knowing that there is no such thing as an enemy. It is about seeing everyone, no matter who they are, as part of ourselves and therefore, to be revered in the same way that we revere ourselves, regardless of their behavior towards us.

### **What does ascension involve?**

Many people have noticed the strange changes in weather patterns occurring all over our planet, but they are minor compared to the cosmic and spiritual changes happening not only to the Earth, but to all the levels of life upon the planet.

Life as we know it is rapidly changing, and while it is wonderful and enlightening to study ancient traditions, and ponder on whether or not other life forms exist throughout the galaxy, we are fast running out of time.

Life exists throughout the universe in physical and non-physical forms and many visitors from these other civilisations are on hand to assist us through the great changes about to take place on our planet. These loving and intelligent beings are here to assist in keeping the energies in balance, and to assist us and the earth in the ascension process.

### **A change in Vibration**

Everything consists of vibrations -including your body and the earth you live on. Take for instance, the physical properties of a piece of ice. The only difference between ice, water and steam is in their various vibrational rates -ie, the speeds at which the electrons orbit the nucleus of each atom. By heating up the ice you raise it's vibrational rate until you can hardly see it. That doesn't mean it no longer exists, it just exists at a higher vibration - any higher and you wouldn't see it at all.

A long time ago the Earth existed at a much higher vibration (dimension) than it does today, but events took place that resulted in the Earth and its inhabitants dropping down to a lower vibration - the 3rd dimension - the physical reality we see around us today.

With every decrease in vibration/dimension, we lost more and more consciousness (and lifespan) until they forgot who they were, and why they were here. They even forgot that they were part of a greater whole. We have existed in a 'loop' pattern for thousands of years thinking we are the most important species in the universe - the pinnacle of evolution. The same patterns are played out over and over again, generating wars, drama, disease and karma. Even 'death' as we know it is unknown on higher dimensions. We have lost our ability to regenerate and repair our bodies so we just get old and die. And because we don't live long enough to understand who we really are, we have to re-incarnate -i.e., be reborn into another body time and time again until we remember who we are and why we are here.

What if we were given the help, energy and information to once again learn how to raise our vibrations to the point where we no longer were 'kept in the dark'? Where our intuitive powers were restored, where we could regenerate our bodies, and graduate from the fear-based world we live in, to a world of unconditional love and co-operation? What we are talking about is our own world existing at a higher vibration than it does now, populated by those of us who have also raised our consciousness vibration high enough to live upon the new earth. That is what 'ascension' is - a return up the vibrational/dimensional scale. Global warming is just one sign that Earth is increasing in vibration.

The planet itself is ascending to a higher level of vibration. By concentrating our energies on ascending rather than survival, we will be doing a great service for the planet that has served us so well, not to mention our own evolution.

All of the plant, animal, mineral, dolphin and whale kingdoms have made the intention to ascend with the earth. Only we still in the dark. Our consciousness has been in the dark for so long, that just the thought that this could be possible takes a bit of getting used to!

### **How do we ascend?**

The energy is now available for those who want to ascend to do so, it's just that some of the information on 'how' to do it has been lost or hidden.

Those humans who are leading the way in the ascension process are actually 'mapmaking' - acting as pathfinders for others to follow. They have to retrieve missing genetic information that tells the body how to change it's cells into a 'crystalline' form that can begin to hold a higher vibration (hence, all the channellings about DNA). They are then sharing the information or making it available on an etheric level for others to use in their ascension.

Consequently, it will become easier for newly awakened humans to ascend.

Apart from the 'intention' to ascend, there's a lot of personal issues and karma that will need to be addressed and worked through as part of the ascension process. Those who decide to take this path must be prepared to take personal responsibility for themselves, their thoughts and behaviour. It also means a gradual letting go of people, situations and lifestyles that we have come to take for granted in the 3rd dimension.

### **What if we don't ascend?**

People that do not choose to awaken will continue to live on earth, but disease will become more prevalent as the vibration of the Earth they live on will continue to rise and not be compatible with their bodies' lower vibration. After earth ascends, living on this planet will no longer be an option for them and the most likely scenario is that most will succumb to disease. They will be reincarnated onto another 3rd dimensional planet to continue their evolution.

### **Global Shifts**

Gaia is the energetic name for what is called Mother Earth. She is a living, breathing entity and very much a part of your own energetic system. Even knowing that she is connected, you have treated this part of yourself with such disdain over the years and over your lifetimes. Therefore, it was necessary to appoint temporary guardians of this energy to ensure the survival of the Game. It was not until recently that you have begun to tread lightly upon the planet which supports your own energetic structure. Now the tide has turned and with it the opportunity to reclaim your power has come to you once again. You have been offered this opportunity five times throughout the history of your Game. Each time, you have not been able to hold your true power. Each time it was necessary for Gaia to fully cleanse herself, to relieve herself of the tension of the misdirected energy, which you created through your actions. These have been the global shifts that have happened five times thus far in the history of Planet Earth.

### **Stay and create Heaven on Earth**

The ascension process is not about leaving; it is about staying. It is about staying and creating Heaven on Earth. As above, so below.

### **Crystalline Form**

The earth Mother, along with the plant, animal and mineral kingdoms, and we, are currently undergoing a genetic transmutative process to the "crystalline form". The crystalline form has a different biochemical structure that allows any embodiment to hold a higher vibration. The

crystalline form also allows for the experience of an ageless and disease-free life experience. The plant, animal and mineral kingdoms are also in the process of becoming crystalline in form. The planet at large, is a body and is not unlike a human body in relation to the crystalline conversion process. We know that with the human form, the crystalline conversion occurs gradually, and certain parts of the body are converted a little at a time. This is also true for the Earth Mother. Some parts of her, especially those areas that are related to energy ley lines and vortexes, are rapidly becoming crystalline in form. Other areas will not become crystalline until later in her ascension process.

Dissolving All Present Thought forms Earth is in the process of creating well-being and harmony for itself. The nature kingdoms are doing the same. We must choose for itself. Humans that choose to release the past and move along with both Earth and the nature kingdom, will have a very different future than the humans that do not choose to release the past. Everything shall change. There is no present thought-form, no present technology that is going to make the shift into the next dimension. Only that which is conscious shall survive. That which is conscious is all species upon Earth, including the plant, animal and mineral, dolphin and whale, and those humans whom are awakening. There is nothing in your world that shall remain as Earth's vibration reaches a high enough vibration to dissolve it. This shall include the buildings that you rely upon, the cement of your roads, the plastic that you contain things in, and the craft and technology that you perceive as so very important. None of it shall be a part of Earth's future in the centuries ahead. Those who die will carry on with their indebted circumstance in another 3rd dimensional creation.

### **Learn to Experience Feeling**

Feeling occurs as initiates retrieve their emotional and intuitive bodies in full. Feeling is important to the act of ascension. Soul collects records and experience in ascension not through language, but through the act of feeling. Emotions are the main language that soul understands. Furthermore, no emotions equals no communication with God-Goddess-All That Is. And one wonders sometimes why one's prayers may seem unanswered! It is because without an emotional or intuitive body, one lacks the very components necessary to communicate with soul or God-Goddess-All That Is. How can one appreciate nature, a beautiful sunset, a beach, a redwood forest, a snow-capped mountain, if they do not feel? And what happens when one doesn't feel? They become bored and seek out entertainment through consumerism to fill the void. And so in learning to feel, one shall cease to depend upon entertainment or consumerism to feel alive, and shall experience authentic love. Authentic love comes not from entertainment or consumerism, but from soul dancing with soul. And soul can only be felt dancing with the form through the emotions. And as one learns to feel, one may feel the pain at first, but sooner or later one will also feel the love and soul and begin to be loved from the inside out. In becoming loved from within, one will cease to need to purchase anything to feel loved, and shall move off the treadmill of consumerism.

### **Surrender**

Each manifestation is an ascension opportunity. All manifestations teach something about oneself and mirrors one's own unconscious state of being. For aspirants upon the spiritual path, each manifestation provides clues as to what needs to be released or cleared in order to continue to ascend. And so one surrenders to whatever is made manifest, and allows the manifestation to teach oneself that which one has manifested such an experience to come to understand. In so doing, one can learn from each creation and allow future creations to be more joyful as one clears the patterns at cause of a distorted outcome.

### **Global Warming**

One manner of measuring an increase in earth's vibration is known as "global warming". The further Earth moves towards the next dimension or the attainment of becoming an Ascended Master, the warmer that she will become. This is simply because the increasing vibration causes

the molecules of Earth to spin at a faster rate, which causes the temperature to simultaneously rise global wide.

### **Ascended Master**

Ascended Masters have mastered 3rd dimensional reality, and therefore leave 3rd dimensional form to pursue endeavours upon the dimensions of life-forms that exist beyond the 3rd dimension. In a similar manner, Earth is complete with her experience in the 3rd dimension, and is now striving to embody a fifth dimensional vibration as a whole, and become a Global Ascended Master herself. Ascension brings forth the gradual change of Earth's biology, each species working together to ascend at a parallel pace. At this time, each species upon Earth is moving up in vibration in parallel to Earth thus matching her overall increasing global vibration.

### **Spontaneous combustion**

Ascending without releasing all karmic ties to the 3rd dimension will result in either a spontaneous combustion or incomplete ascension, and thus require the soul to remain in the 3rd dimension to continue its evolution rather than ascend into the next dimensional experience.

### **The Pyramids as Ascension Chambers**

Within the pyramids of ancient Egypt, initiates were gradually elevated in vibration a little at a time to embody eighteen rays or beyond over a many year time frame. This resulted in the cellular restructuring of their bodies to what is called "crystalline" in form. The final purpose of the initiations in Egypt was for initiates to transcend the experience of death and take their embodiment into the next dimension. In order to accomplish this, the cellular restructuring to the "crystalline" form was a necessity.

The pyramids were only required by those with a lower vibration (the partially conscious humanoid form) and therefore were deemed necessary to support ascension in this fashion. Each chamber within the pyramid utilised a variety of devices to hold a specific vibration necessary to ascend a form from 5024 to 45,000 strands of DNA. Initiates entered the pyramid for varying timeframes and learned to hold the vibrations within the chambers of their own accord.

### **The joining of the brain's hemispheres**

You are in the process of reuniting the right and left hemispheres of your brain (which is the way it was designed to be). Once this is accomplished, wondrous things begin to happen: your creativity blossoms along with the mental agility and wherewithal to manifest your creative visions. You gain access to the levels of the brain which resonate to the frequencies of the higher dimensions, and you tap into the Light packets of wisdom and cosmic information that are stored there. The master glands within the brain are activated and you reconnect with the aspects of yourself that have lain dormant for thousands of years.

### **A new physical planet**

The 5th Dimension or 5th World is not only spiritual. It is a whole new physical world. This is about the ascension process of the whole person - physically, spiritually, mentally, and emotionally.

### **Ascension Portals**

When persons find themselves in the third dimension and seek diligently for understanding and then get it, they then go through a portal into the fourth dimension. And as soon as they arrive in this fourth dimension, they immediately start gathering information in order to attain understanding, or illumination, in order to pass through another portal into the fifth dimension. And it is then an ever-expanding process of attaining greater knowledge and understanding of illumination, thereby finding 'keys' of energy that open other portals. And when you do this, you are therefore qualified to time travel, and you become multidimensional.

## **The Ascension Process**

The process of returning to twelve strands of DNA in our current human form is known as Ascension. Ascension is the process by which the embodiment is elevated in vibration a little at a time until it embraces each of the seven rays, thereby vibrating in the unconditional love. In so doing, ten additional strands of DNA are connected within the circuitry of the body and the brain. As the embodiment elevates in vibration, and as the new DNA is connected, fear-based patterns and beliefs are released simultaneously and make room for the experience of more joy, creativity and self-expression.

In embracing the first set of twelve strands of DNA, one is considered "Christed." Many metaphysicians have spoken of the return of the "Christ." The return of "Christ" is and will be in the form of many who will embody the new genetics. The individual who has embodied twelve strands of DNA or has become "Christed" moves beyond limitation within human form. In moving beyond limitation, the individual also moves out of fear. As all of mankind embodies the new genetics, civilisation will gradually restructure itself to be based on unconditional love.

## **Transition from planet to star**

Earth is in the process of elevating in vibration in order to attain the state of a star. The process of the elevation in vibration is known as ascension. The process of ascension involves many stages of initiations or tests, and as each test is passed, the body or planet at large increases in vibration. We, the dolphin and whale communities, along with the plant, animal and mineral kingdoms are well under way in their ascension process and have been for some time.

Human ascension is difficult. There is no doubt about this. It is difficult because one must face their dark side, and their deepest fears. The heart must open to ascend. This is a necessity, and one must ask for it or it may not occur. Sometimes, the opening of the heart is painful. However, as the pain is processed in full, it leaves joy, passion, unity and divine union in its place. There is no other way than through the dilemma of the human fall in consciousness. Ascension cannot occur without processing and releasing that which no longer serves, including the pain and the fear.

## **Embrace the dark**

For those whom are ascending, embracing your dark-side and releasing your unconscious agreements to be utilised by the dark, will prevent catastrophes from occurring within one's own life experience. It is through the act of ascending that one will transit such harmfulness in full and embrace a new awareness that is unity based. Unity based awareness holds no thought-form of destruction, and therefore destructive tendencies are transcended in full as one embraces such awareness. The path of ascension is difficult, the distortions many, the veils of illusion so thick that it is difficult for most in human form to see beyond them. But for those that are willing to see and push past the illusion, you shall be supported.

## **Blocked meridians lead to disease**

Every consciousness upon Earth must choose to ascend along with her, or it will die off. At this time, all species except mankind have chosen to ascend. Such species include all plant kingdoms, all animal kingdoms, all mineral kingdoms, and the dolphins and whales which are conscious beings. If mankind does not consciously choose to ascend, large portions of the population will become ill and the body will "die". This is simply the result of the increasing vibration of Earth's surface. As Earth increases to a vibration so high (and the human form does not also increase in vibration), the higher vibration of Earth's surface will cause the meridians of the subtle bodies to become blocked. This will simply be the result of too much chi running through subtle bodies that are not designed to receive so much chi. As the meridians become blocked, disease will occur within the form over time.

## **Critical Mass and Higher Vibration**

When you evolve to an evolutionary stage that is a higher vibration of love, then you are no longer aware of the fear and the conflict. You are not living in that world. It may be explained as disappearing; it may be explained as a split in your awareness or planet. What you are truly saying is that when a moment happens that there is enough points of consciousness on your planet - and this will not just be us; this will also be your animals, your plants, all life forms - when there is enough points of consciousness that go beyond the vibration of conflict and fear, then they separate into a new nucleus. A critical mass will have been achieved. When you free yourself of fear, you cannot be in the vibration of fear because it is not in you. So, when that moment of critical mass consciousness comes, then there is enough focused consciousness to hold and sustain the creation of a world, as you know it to be. That is the split or rapture, as some may know it to be. It becomes impossible to interact with the lower vibration of fear at that point. The range of vibration is too wide.

### **Ascension Duality**

It is important to realize that much will be brought forth, many changes will come in the time that is left here, before this new era dawns. Your conception of Time will almost stand still, it will be changed. Time will go at different rates. Sometimes, you may feel that many hours have passed when only a minute has passed. You will be entering different dimensional frequencies. You will be in other vibrational frequencies where the concept of time will be different. This will be only one of many experiences that you will have as your body and mind begin to accelerate toward a new dimensional frequency. You will begin to "see" time differently. You will begin to bring many other changes forth. You will then begin to realize that you are "SAFE" and that all of your experiences are happening in harmony with this Divine Plane of Acceleration of Ascension.

You are moving to a new level of existence and your being is working in new ways. You will be experiencing Time differently. You will feel, at times, "out of sync" with clocks and other tools that are used to measure the passing of linear Time. Know that this is an experience of great Love and Joy. These experiences are happening for many reasons. We can only encourage you to feel comfortable and bring forth these changes. If you simply relax and allow yourself to have these experiences without creating great concern about them, without fear, doubt or alarm, but know that they are part of a new emergence of energy, of the shifts in the magnetic fields. All these energy shifts that are being brought forth are all working to bring into the space that you occupy a new dimensional frequency. You are as in two places at the same time. Part of you will be feeling as part of your third dimensional, usual, frequency, and another part will be feeling the higher level of this dimensional frequency.

You will be in a unique position that has not occurred for many, many centuries upon this planet. The energy of matter is being stepped up and vibrating at a more rapid, refined frequency. This is all part of this dimensional shift. Some people will be on a higher vibrational frequency, and will still be on this plane of existence and functioning in their daily life, others will be vibrating at much higher rates and will be gone from this dimension as you perceive it.

And so it is that you will see this chair, and those of you that will be vibrating at a higher frequency will still see the chair, and those that are at still higher, more extreme variables of higher frequencies will not see this chair at all but will see in its place a wholly different reality. But in essence, you will both be in the same place. Those who are accelerating more rapidly, will be as what may be thought of as gone from here. It has been the awareness of many that beings will leave this planet and physically be gone from this dimensional frequency. There will be those that will be vibrating at a higher dimensional frequency and will still be here on this planet that you know today.

The consciousness will be different. Those who are resonating on a slightly higher frequency, will still feel as they are here upon this planet, and will be experiencing the Joy, the Oneness, the Beauty and the higher frequencies of this dimension. You will be experiencing life as feeling Bliss, as feeling Joy, as feeling much of the God-Centred Unity that exists on the higher realms,

but you will still be here. You will still be functioning within this body. Going to the market and the library and other activities will still be part of your same existence This one aspect has been foreseen by many beings for much time.

There is another aspect that will be happening, where beings will be at a much higher frequency and will not appear to be here physically as you may perceive the chair or the lamp or any other of the objects that are on this planet in the third dimensional frequency. This new age, this new era, this new level of consciousness, this new way of functioning offers these two potentials of functioning for many humans. You may feel that you would wish to leave this level of life functioning completely or you would wish to stay and experience the Oneness and the Unity, the connectedness, the Bliss, the Divine God Christ consciousness here at this level of functioning on this planet. It is not the choice of your conscious mind to make. It is the choice of the totality of all the aspects of yourself to make. For now, you presently exist on many dimensional frequencies other than this life where you are perceiving this communication. You are many beings, many thoughts and many existence's all happening as "Now". It will be as a harmonious aspect, as an experience of unification of all of these aspects of yourself, that will either know that it is time to accelerate to a much faster vibration or whether you may experience Harmony and Unity within all yourselves and remain here in a slightly faster vibrational frequency.

Eventually, within a long space of time, it will be that all beings will be at much higher levels of functioning. This is an individual experience. It is as some babies walk at 6 months and some walk at two years. So will you walk into another dimension. Some faster than others. Each will be in their own state of Harmony with themselves and their transformation. You will be doing exactly what is right for all the aspects of yourself. It is a harmony of that which you may call your Higher Self, or your Primal Self, or what you may call your subconscious, your inner child, and your aspects of yourself that are living other lives in other time frames, dimensions, galaxies, and universes. These are the aspects of yourself that you are not consciously aware of as you live your life in this reality you call life on Earth.

All these will be in agreement, as they might not be at this moment. All these aspects will harmonise and be brought to a state of fullness. You may figuratively and literally vibrate out of this reality, or you may stay here and enjoy a more refined, harmonious aspect of existence here. Either way will be filled with great beauty. You will not consciously realize or choose which aspect of existence you will live in. The choice will be made on a higher level. Know that either way, this will be very beautiful. It is an experience of coming closer to the Godhead. It is that which you consider the Divine God Energy. Either way you are growing closer to this energy. You may be taking a large leap or a smaller step. Either way you are coming closer to experiencing, in manifestation, that Divine Essence that you are, and which you are a part of that you have always been a part of. This is an end to the feelings of separation, an end to the feeling that you are not united with the Divine God Essence. Know that all is working harmoniously, in every aspect of your being. All that you are hoping for, all that you are feeling budding within yourself, will be brought forth with great ease.

We would wish to give to you this vision: See yourself in a beautiful forest. It is getting dark. It is the time of twilight, the time when night approaches. Know that there is a beautiful doorway standing in the middle of an open glen within the middle of this forest. This doorway and the door that is there is a beautiful golden door with many beautiful symbols of Unity and Oneness that have been handed down from many centuries upon this planet and in other dimensional frequencies as well. As you come closer to this door, you begin to have the feelings of Beauty and Harmony. You are at the door and reaching out for the handle. The door opens easily. When you walk through the door, you will have a wonderful experience. Your experience will fall into one of these two general categories: One will be that you walk through this doorway and you will see the same setting as before, the forest, the night falling, but everything will be as vibrantly alive. You will see beautiful light energy radiating from every object. You will also feel this beautiful light energy. You will see yourself connected to this beautiful energy and to every object. You will look down at your hands, at your body at your feet and it will still be you, but

you will see this wonderful light energy going through you. You will feel this Divine Bliss within yourself. You will connect to the state of Bliss that everything you see in this forest is also connected to. You will radiate this feeling of oneness. You will know that this is the Unity of God in manifestation.

The other type of experience will be very unique. You will walk through this doorway and nothing will look familiar. You will not see familiar objects. You will not see colours that are familiar to you. You will see nothing that is like the forest on the other side of the door. Everything that you do see will vibrate and swirl with energy. The objects will speak to you. They will soothe you, and touch you. You will be just as harmonious, just as much at peace as the other experience would make you feel if you were having it. These are representations of the two types of experiences that await you. This vision represents the two types of light transformation that are coming to the conscious beings on this planet. These visions represent a whole new existence. No matter which experience you have, remember that one is not better than the other, it is only different. Know that all the aspects of yourself are choosing the correct experience for you. It has not to do with more evolved or less evolved, it has to do with what is right for you!

The term "God" has been very over used and under experienced. And what is coming is just that; an enhanced, improved, energized experience of God. It will be a feeling, a sensing, a knowing, not an intellectual idea. God is not something you can read in a book, it is a knowing of what is already known. This is the new dimension of existence that is coming to you. As you grow and expand, you will feel great peace about your decisions and you will have total acceptance of your new experiences. At first there may be confusion and what seems to be lack of structure. Familiar landmarks may disappear. Structures that have given you security will leave, and be replaced simply with feelings of knowing. This is a great blessing and honour to be in manifestation and to bring this forth now. It is the birthing of the new existence to come.

Here is an article that was forwarded to me, which describes the Ascension process of the body and earth in much more detail for those of you interested in learning more about it.
