**Discovery went into space without difficulty.** Did you notice that the Soviet Union now has a space shuttle, looks like ours, only they say it is much different, but now America is allowed to forge ahead once more into space. A Soviet Interplanetary probe worth millions of dollars, ten miles out in space is tumbling out of control. Phobos I, veered from its 400 million mile path to Mars on September 9 after a controller at a space communications centre outside of Moscow gave the space craft an erroneous computer command. Phobe's problem came a mere three days after a Soyus spaceship with two Cosmonauts aboard was temporarily marooned in orbit while returning to earth from the Soviet space station Mir.

In the United States where the space program is recovering from post Challenger jitters, and where loss of life has spawned time consuming investigations, and political problems, such embarrassing mishaps back to back might stall a program indefinitely. But in the Soviet Union with no reporters to watch every move, the drive goes on, and the Soviets have taken the lead in space. At least they think they have.

Michael Dukakis appointed Laurie Cabot of Salem, Mass., as the 'Official Witch in Residency'. She teaches Witchcraft at Salem College.

Remember I told you about the black girl, Tawana Brawley, who claimed she was raped by 6 white men, put in a garbage bag and smeared with faeces, and racial slurs were painted on the bag. Phil Donahue rushed to interview her mother and Reverend Sharpton and her advisors to investigate this terrible racial incident. Then later I saw her on the Phil Donahue show expressing the opinion that the white people of South Africa should be stomped on killed. Finally a Grand Jury reached the decision that her story was fabricated, and that the Reverend Al Sharpton got into the act to help foment racial sympathy, at the time all this was supposed to help Jesse Jackson in his grab for the Presidency. Now; she has turned

up in Chicago supposedly to help settle the racial tension there as they pick a new Mayor of Chicago.

Remember the Eagle is a symbol of the Almighty **YAHWEH**, Deuteronomy 32:11, and we his children are Eaglets. Then the Eagle is also one of the symbols connected to the United States, 'For thousands of years the Eagle has been admired for its grandeur, its grace in flight, and its great size, and awesome power. This soaring Eagle is also a stirring picture of the true meaning of Liberty, assisted by his powerful wings. The Eagle glides effortlessly to altitudes over 2,400 feet, and is capable of using his wings to carry other Eagles to safety. Turbulent winds only cause them to fly higher and faster.

The Eagles keen eyesight enables him to be sensitive to approaching danger, and to protect himself and his family. The Eagle displays the sense of responsibility that is a companion of genuine liberty. He mates for life and returns to the same nest each year making necessary repairs and additions. He takes an active role in providing for his family, and in teaching his young to fly. In so many ways, the Eagle illustrates the life, victory, power and freedom that God came to give those of us who place Faith in **HIM**.

The Eagle also portrays many of those character qualities that make America great, and that must be reinstated in our generation if we are to preserve for our children and grand children the freedom which God has so graciously entrusted to us. (Nancy De Moss) We tell you that America must return to her heritage, for if a nation does not remember what it was yesterday, does not know what it is today, nor what it is trying to do then it is trying a futile thing.

The Constitution was designed to perpetuate the United States as a Christian Nation. Our laws and our institutions are based upon the belief in the Redeemer of Mankind. In this sense, and to this extent our civilization, and our institutions are emphatically Christian. We are basically a religious people. From the discovery of this continent to the present hour there is a single voice making this affirmation, and we find everywhere a clear recognition of this same truth. These and many other

matters which might be noticed add a volume of unofficial declarations to the mass of utterances that this is a Christian nation. (Supreme Court Decision 1892, from the Rebirth of America).

The dominate star of October, late evening, is Jupiter. It is now in the sign of Taurus, and will be until May 1989. Just below the Pleiades cluster. (Jupiter has 4 major satellites.) Pluto is the Density Planet and has been so long in the sign of Virgo (the Kingdom) and is now almost to the line where it passes from Virgo into the sign of Libra (the scales).

Iran has been jolted by about 300 earthquakes since August 23, 1988, 7 people killed and 2000 homes destroyed. These quakes average about 4.6 on the Richter scale. The Press does not report these to any extent, but I wonder if the Almighty is trying to tell someone something. Perhaps this has something to do with the Peace talks which the same old enemy is trying to sabotage?

Now; there are 13 candidates running for President besides Bush and Dukakis, thus the vote will be split in many states 15 ways. Then in some states there is even someone on the ballot in just 1 state, so what an election. I told you last month that Will Loy would give his vision as to the outcome of the Presidential election although he tells no one how to vote. But this is the way he sees events after each man has won: First he has a vision, 'People are running through the streets in panic, Bank buildings are beginning to collapse, fire threatens to burn down the whole city while the firemen and police are just standing around doing nothing.' This pertains to Bush if he wins:

The Mayor of the city then appears on a balcony with a microphone, and as he speaks the crowd settles down and he says: This government is now acting under a state of emergency. All Firemen are to respond immediately to the fires, **STARTING NOW**. The city's water is to be rationed until the fires are out. Police are to stand guard at the collapsed Bank Buildings. Looters **ARE TO BE SHOT ON SIGHT**. All citizens are ordered to leave the streets and return to your homes. This city and its banks will be open for business tomorrow. There will be a period of rationing until we

can rebuild. Immediately the firemen and police leave as ordered and people begin to go home. This pertains to Dukakis if he wins:

The same scene, the people in panic, the firemen and police standing around in front of the Mayors office. Then a man appears on the steps of the building and yells at the crowd: There is nothing to worry about, I have ordered the firemen to carefully watch the fires to be sure they do not get out of hand. The police are investigating to see who is responsible for the bank buildings falling down. As soon as we have the facts the appropriate action will be taken to see that it does not happen again. **IF WE HAD BEEN IN CITY HALL SOONER THIS WOULD NOT HAVE HAPPENED.**

Meantime the firemen just watched the fires burn, the police look through the rubble, and the people stand around in the streets as the black smoke over the city gets thicker. Well, Mr. Loy will let each of you interpret these two visions and then use your own judgment to vote. In a further revelation he sees the day after the election and in the Bush vision he sees a long line of crumbling banks waiting for a money ration, but in the Dukakis vision he sees nothing but Military personnel on the streets and the Mayor of the city is hanging from a gallows in front of city hall while a TV camera looks on.

He says that he believes that if Dukakis is elected President, sometime after the above disaster, there will be a military coup and he will be given a public trial, found guilty and be publicly executed. If Michael Dukakis loses the coming election he will never know how really lucky he is! Then finally Mr. Loy has this to say: (Quote) At this late date, it is very obvious that the prediction of a close Presidential election still is to be very close however I recently experienced a new version which appears to outline that the outcome is not as close thought to be. I look at election night and I 'see' News commentators sitting in front of a large map of the U.S. and almost every state is gradually coloured Blue. A sign over the map is flashing, projected winner, George Bush. That means that George Bush will carry most states in the Electoral college, although the popular vote will be very close. This close vote means that Dukakis could still win, but that is becoming very unlikely. (Unquote)

On of the men who resigned from the Bush Ethnic commission working for George Bush because of that cry of Anti-Semitism was Jerome Bentar. He is the attorney who travelled to Israeli to defend Demjanjuk and proved him innocent. He never sought any compensation for his work for 8 years as he proved this. But Israeli wanted a show trial and they aim to kill John Denjanjuk even though he has been proved innocent. The talk show hosted by Tom Valentine, on Satellite radio network, on Radio Free America, has been telling many interesting things.

Zionism is thinking that Europe is going against them thus they are writing off Europe, but they must hold on to the Congress of the United States and take the White House in America, thus anything necessary will be done to accomplish this. There really was a coup planned, to take over the Oval office this past summer when Donald Reagan failed to deliver. That is why you were hearing and you read that the President was so down over the Iran-Contra affair that he was unable to govern.

When Howard Baker came on board he failed to go along with this plan. Today the plan is that Dukakis must be elected, however keep him in the background and push Lloyd Benson out front. The attack on Dan Quayle will be to keep up this so called idea that Benson's image is so much better. I happened to be watching NBC morning show and Mrs. Dan Quayle was being interviewed and one of the questions to her was: 'What about your mother, did she listen to tapes when you were growing up and did those tapes influence you?' I failed to catch the name of the man who was said to be speaking on the tapes. Mrs. Quayle was not disturbed by the question, she is quite cool when meeting the press, and she just replied that she failed to see any connection between her mother listening to tapes and her husband running for the Vice Presidency. She then said: if you are asking about our religion, my husband and I are both Episcopalians..

I thought it a cheap shot when Senator Benson in the Vice Presidential debate said: 'Senator you are no Jack Kennedy', I also thought that the Newsman baited the young senator with the repeated question as to what he would do if he had to assume the Presidency, I felt like it was a trap that had been rehearsed, and today it is confirmed that Senator Benson did not want to say what he did, but he finally bowed and delivered what

they call the knock out blow. However the press didn't call attention to the fact that after the debate 65,000 people called in and 68% of them thought that Quayle had won the debate. So the planned question was asked and the planned answer was delivered and the press then went on with the story. In fact I liked Senator Quayles first answer to that planned question, for he said: The first thing I would do is say a prayer for me, and then for the nation.

However we are not supposed to be much interested in prayer today are we? This then is a strange election, we did not like George Bush when Reagan was forced to take him as a running mate, but we also see this as part of the fulfilment of prophecy and someone said that to them Solomon's reign was Israel's great universal and Millennial reign so that is all over. That I do not agree with. I would say that Solomon's reign was a type of Israel's Universal and Millennial Reign, but man was allowed to fall and Solomon fell, but Israel has a Universal and Millennial Reign, with seed sown in many waters, and yielding fruit after its own kind for **YAHWEH** gave it Life within itself and this will come to pass.

As I saw Louis Farrakan speak on Sunday, he had brought Tawanda Brawley, the black girl who claimed the white men raped her in Chicago, and over T.V. then Louis Farrakan said he would see that the white men who did this were killed. Remember the Grand Jury decided the story was fabricated. Then Jesse Jackson came on the scene and he is getting into that action, so do we look for the cities to burn if the election doesn't go the way certain people want it to go? Some one is trying to stir racial violence in Chicago and now even in Wichita Kansas. I wondered about this as I read the vision that Will Loy was having about the election. We are in a volatile time we know and anything can happen for their is a great move afoot by the enemy to bring their program to pass before they feel it is to late. However I am betting on our Redeemer, I think he has the last say in this matter and I like his plan best.

Allie is making a good come-back, he is gaining more strength. It helped when the chief of police called and told us that they had recovered this Eagle Weathervane. He is trying to figure out a way that it will not be so easy to steal. Won't put it up until after Halloween at least. It was an 18

year old boy that stole it and two juveniles were helping him. They had taken the Eagle off the Arrow and were going to sell it separate but both were recovered.

Be looking for more problems of a racial nature, will tell you more of this next time.

The Presidential debates are over with and there will be no more, after all why bother, people are going to watch the World Series. Ha. Until next time **YAHWEH WILLING.**

## Dr. Wesley A. Swift

Dr. Wesley A. Swift, the son of a Methodist minister, was called to preach in his teens. He was a dynamic, inspired speaker who taught uncompromising Biblical truths ignored by modernist ministers.

His anointed preaching brought forth a high spiritual dimension of understanding to the Kingdom Identity message, giving “life” and “power” to the Sacred Word. Even the antichrists acknowledge that, “Wesley Swift is considered the single most significant figure in the early years of the Christian Identity movement in the United States.”

Dr. Swift founded the Church of Jesus Christ – Christian in the 1940’s, a ministry that spread the Kingdom Identity message nation-wide to YHVH’s Children, the White spirit-race known Scripturally as “sons of God”. By teaching these truths

to true Israel, this warrior-priest put fear in the hearts of the enemies of Christ. Following Dr. Swift’s death in 1970, his widow Lorraine Swift faithfully carried on the Church of Jesus Christ – Christian. We are highly honoured to be able to continue Dr. Swift’s work, by placing those works that we have in print here on our web site ...preserving and earnestly contending for “the faith which was once delivered unto the saints”...for any and all to read.

We, at the Covenant Church of Yahweh hope that you will study, enjoy, and appreciate Dr. Wesley Swift’s works.
