ANOTHER BAD EARTHQUAKE, THIS TIME IN THE PHILIPPINES. One disaster after another this year. And then this from Dr. Kai Loh Chan at National University of Singapore, Associate Professor of Zoology: 'Prepare to leave America soon, after all America is Great Mystery Babylon' (quote and un- quote) If America is Babylon then why are so many people trying to get in here??

The Church of Scotland deletes the Virgin Birth from Doctrine. Direct reference to the Virgin Birth was omitted from the Church of Scotland's New Publication 'A Statement of Faith', so as to avoid potential division among the church members.

Wilson Ark; A northeast Arkansas school district is taking a forecaster's prediction to heart and has tentatively planned an early December Earthquake break. They will not hold classes in District 57 on Dec. 3 & 4., in difference to the prediction of a major earthquake along the New Madrid Fault during that time. Ivan Browning claims to have accurately predicted last fall's Northern California Earthquake within one day. He also says he predicted the 1971 Quake in the San Fernando Valley, and the one in Nicaragua in 1972, and Mount St. Helens volcano in 1980.

From Buchanan's News Letter: Liberalism in New York is tapped out intellectually, moral, and financially as is Marxism in Eastern Europe. There is nothing left in the 'Old Kit Bag'. Everything has been tried, affirmative action, quotas, set asides, bussing, the most lavish welfare state in the world, and nothing has worked. Racial animosity endures, racial peace recedes, as no more excuses, no more alibi's work, after all Ronald Reagan and the Conservatives are long gone. Why then did Liberalism fail Black America? Because, it was built on the **MYTH** that the last great impediment to Equality in America was 'White Racism'. This **MYTH** that you are rich and I am poor therefore my problems are your fault, **OU OWE ME**. As soon as Lyndon Johnson's programs were in

place, all the riots, the crime, violence and hate were to disappear. Yet here we are a quarter century later deep into the 'Great Society' with a government near bankrupt, taxes and social spending at a record level, yet further from Racial Peace than ever.

The root cause of this crisis is that the old character forming, conscious forming Institutions of Family, Church, and School collapsed under the relentless secular assault. We therefore need to look at the facts, who took down those ancient walls of a civilized society? Who taught us that easy Divorce was a mark of Social Progress? Who taught us that Religion was Superstitious, that Welfare was a 'RIGHT' that law and order were 'CODE' words for 'RACISM', that poverty caused crime; that Black Rage was justified because the Blacks had been victimized; that the road to the 'Promise Land' lay through marches, demonstrations, Civil Disobedience and Politics? Who fed the American People these lies? Black America believed these lies, and has paid the price. Oh, there are a few black Mayors in such cities as Washington D.C., Detroit, New York, Los Angeles, Atlanta, and Baltimore, but it is the Hispanic Americans and the Asian Americans who embraced Ronald Reagan's value of work, family, and Faith who marched in great numbers out of poverty, and into the middle class.

What the black poor need more than anything else is a dose of truth: Slums are the product of people who live there. Dignity and respect are not handed out like food stamps; they are earned, and won. Whether it be in the arts, athletics or Academic fields, success is a product of sweat, there is no free lunch. Now: Racial demagogues have a vested interest in feeding this false- hood, just as the Media has a vested interest in promoting it. When old racial barriers came down millions of black Americans marched out of poverty. That was a tribute to them, and to this country. The road lies open to the rest, but no one can walk it for them. If people are dedicated to work, family, and Faith only the most repressive system can keep them down, and that is not America.

Being an old Time Conservative I could not help agree with Pat's assessment of events. This Bill of 'Reparations' for Black Americans may be the sleeper issue of the 1990's, and perhaps finally open eyes.

Mandela has come and gone, his visit raised about 7 million dollars here in the United States, and the cost of the trip was about 1.5 Million dollars which is covered by 'Trade Union' donations. Mandela will hopefully return to the United States to work with the 'Indians' for their freedom. In Ireland Mandela praised the Terrorists of that nation, and always in each nation he visited he used the raised clenched fist for a symbol. Whether he know it or not Mandela is being used, and when he can no longer be used he will be killed to try to make a martyr out of him as they did Martin Luther King. The National Council of Churches presented Mandela with a check for \$200, 000.00 while he was here. The money went into the Tax Exempt Mandela Freedom Fund. Now; there is talk of giving Mandela the Peace Prize this year.

A Dutch Astronomer, Kurt Lockfeer has been tracking a Meteor since 1986. He now predicts that it will slam into the Moon no later than January 7, 1992. Some Astronomers predict this will have a big impact on the Moon, maybe destroying part of it. Others think it will just dig another crater. It is agreed by all that it will impact with the Moon. The consequences of this impact on earth are also argued, because we know that the Moon plays a roll in controlling the tides on earth. It could be that the Coastlines will be effected here on our Earth. This will be something interesting to watch

Well! Well! Ted Turner has a new girlfriend, Jane Fonda. When Gorbachev was in the United States, Jane and Ted were invited to the Soviet Embassy to a Celebrity Luncheon for 38 American Intellectual and Opinion Leaders. This is a fitting tribute to Jane Fonda who had done the bidding of the Soviet Union for 25 years. As for Ted Turner, he is the one who said: 'Christianity is a religion for losers, I do not want someone to die for me', then he added: 'I've had a few drinks, and a few girlfriends and if that is going to put me in hell, so be it'. Turner made this re- mark after he had just returned from Cuba, praising Castro. Then he came on CNN and apologized for his remarks because they were getting lots of flack. But he and Jane Fonda made a good twosome.

As Germany rises to her place in History drawing the 'Tents of Judah' together, we see the Mid-East as always on the brink of war. All prophecy

however will come to pass. Helmut Kohn is the leader of a now United Germany, the man of the hour. This has also been his lifetime dream and Germany will remain in **NATO**, a partner in the west, where she belongs. But all is not smooth sailing for the Eastern Block Nations struggling for their freedom. The Soviet Union is hurting but the Red Army has at its disposal the most powerful military machine in the world, and remains in command of the situation in most places.

And the Soviets are turning out Nuclear Powered Submarines like sausages, wonder what for if they now stand for freedom?? 600,000 Soviet Troops and 40,000 tanks are still in the Warsaw Pact countries including 380,000 Soviet Troops in East Germany alone. They say they do not have the food or housing to take them home. The reason the Soviets cannot let Lithuania go is because the borders of Lithuania is the largest nuclear weapons stock pile, a medium range missile base, two jet interceptor bases and an entire army division, this is the Soviet arsenal, what would they do with that?

Adm. John Poindexter was convicted and sentenced for lying to Congress, but no communist nation was left established on our southern doorstep as occurred in the Cuban Missile Crisis. The truth about that affair is beginning to hit the headlines. Dean Rusk in 1987 broke the 'Code of Silence' installed at that time, but only slightly, the Media is still silent

In the argument between the environmentalists and the Loggers there is this to remember. There are an estimated 2,000 owls in the old growth forests of Northern California and Oregon and Washington. On the other hand there are perhaps 25,000 loggers whose jobs could be wiped out if the owl is officially designated as an endangered species, and logging in the region is banned. The environmentalists come down squarely on the side of the Owl, wonder who buys their bread and butter??

A Judicial Judge has set aside Oliver North's convictions, in the Iran Contra Affair after the spending of millions of Tax Payers money in a political move to try to bring down a President. We believe that the special prosecutor should be fired and the spending of tax payers' money ended. This decision will also effect the Poindexter sentencing.

No I do not think that Gorbachev and Bush met with Maitraia, the head of the New Age Movement, but some would like for you to believe this, how- ever you also don't make deals with those who do not believe in your God.

Boris Yeltsin left the communist party, then two prominent radicals, the Mayors of Moscow and Leningrad turned in their party cards. Until then Gorbachev it seemed had pulled off another of his political high wire acts out manoeuvring the right and appeasing the left but keeping the Communist Party intact. Now Yeltsin is probably 4 steps ahead of Gorbachev instead of one or two steps behind.

Norwegian defence sources are concerned that a Soviet Arms build up in Scandinavia is being ignored by the other NATO allies. In May it was discovered that 40 Soviet Mig-27 fighter bombers removed from Hungary had been transferred to the Kola Peninsula, which is already one of the most heavily militarized in the Soviet Union. By transferring arms to the Northern and Trans Caucasus theatres, the Soviets may avoid limitations on conventional forces in Europe now being negotiated in Vienna. Land based Naval forces are not in the scope of the Vienna talks.

We have a new nominee for the Supreme Court, this sort of pulled the rug out from under the press.

Until next time May YAHWEH BLESS
