A S I WRITE THIS NEWSLETTER, THE DATE IS AUGUST 24,1990 Congress passed the 'Disabilities Act' called a majestic piece of Legislation, but they also worded it so that it does not apply to them. Thus they will never face a Federal Court if he or she is said to have discriminated against the disabled.

THATCHERS HEAD TAX

Remember how a short time ago the Press screamed that the Iron Lady was on the way out because of this new tax? Actually the truth of the matter is that under her plan, in the areas controlled by conservatives the tax is \$5.00 per person less than in a Labour controlled area. Without this program property owners, especially Home owning pensioners living alone would have been saddled with exorbitant 'local tax' bills, while young students and aspiring Yuppies renting flats would pay little or nothing for their local services. Since now each council sets its own rate, local politicians must articulate prior to election what kind of services they will offer, and how much they intend to charge the local tax payer.

No longer can the promise of the Moon and Sixpence elect politicians, as a result of Mrs. Thatcher's tax plan seems to be catching on as the British public is seeing more clearly the results. Simply put, the leaders of these areas are now inclined to seek Competitive bids on road work, garbage collections, sewer maintenance, and gardeners who keep the parks tidy. This lowers the charges per head and as you know it means votes.

Mrs. Thatcher moved quickly to cap 21 of the highest and most provocative charges in Labour controlled areas so Labour could not over-charge citizens and cause an outcry that would destroy the program before the people fully understood. In conservative operated areas the tax is #327.00 per year per average family and all is seen clean and beautiful.

Whereas in some areas of Labour districts the taxes are \$845.00 and there is overflowing garbage cans and littered parks. The betting is now on the Iron Lady in the 1992 elections.

Now; the Mid-East: In the early beginning of this crisis I saw a report just once on CNN news, which said that the Saudis were reminding the U.S. as to what they had told President Roosevelt at one time. The newsmen were wondering what that was, but I remember that the Saudi Leader told Roosevelt that the U.S. and others of our Race were the Israel of the Bible and they, the Arabs were of Ishmael.

Dr. Swift told us this a long time ago, and you will also remember that when Pres. Roosevelt returned to the U.S. and then reported this to Congress, that he was soon dead. Now; we believe that when the Kingdom Administration starts coming to power that the U.S. will be leading the Western world. This is after all the land of the Eagle, and this is also the Air Age. Just remember that World Government controlled by the Children of Darkness ends as the final battle of the Armageddon begins, for the Kingdom Administration will then start to rise, whether we realize it or not.

Now; I also see signs that the Press is trying to manipulate this situation to influence the coming election, but in this same situation remember that Nicaragua, Granada, and Panama are not the threat they once were to our back door while we are busy in the desert of the Mid-East. This we also know, the Soviets sent a high ranking army man to Iraq. He is Col. General Albert Mikhailovich Makashov, just one week before Iraq Dictator Saddam Hussein Invaded Kuwait. Then here today we find Gorbachev publicly warning Saddam which our government didn't comment very favourably on, as though they do not believe him, and we don't, he has also been stalling in the U.N. to slow down U.N. sanctions of stopping the ships bound for Iraq.

Just remember that the United States went to war in the Mid-East on the side of the Arabs, not Israeli's and they also warned the Israeli's that this will not be a conventional war, but a war on all fronts at the same time. You will also have people here who will be betraying this nation as we

are at war, and many of them are in the U.S. Congress and other high positions. After all they cannot do any thing with an **INCORRUPTABLE SPIRIT** but they can influence the consciousness of people and play on their feelings until they do stupid things. Some day they will say thanks Father for letting me learn the difference, I will never forget again.

Now; it is reported that the Walls of Old Babylon there in Iraq have been rebuilt, and it is said that Saddam's name appears on the bricks. Who then is pushing this man to think of himself as a sort of Genghis Kahn of his time, hoping to unite the Arab world and then threaten Israeli thus bring in the West to protect Israel and then destroy the west, who would do this and notice it did not work for once the U.S. seems to be on the Right side. Saudi Arabia has always been an important supplier of energy needs. They have also furnished important aide to American supported Freedom Fighters in Afghanistan, the Contras in Nicaragua, and Jonas Savimbi's 'Unita' in Angola. In 1981 the Saudi's funded a Jordanian purchase of arms in order to prevent King Hussein from turning to Moscow.

Before Congress left for vacation, they voted to slash just what our troops now need in this Crisis and when the Gulf erupted in crisis these same Congressmen wanted to declare war on Iraq. The very ones who screamed cut the military and spend the money on people programs-the Cold War is over, turned completely around in their screaming.

The President said he did everything he could to help solve the Budget deficit including breaking his pledge of, 'no new taxes' and still the Democrats stiffed him, failing even to come up with an alternate budget plan. Further more Congress has already passed 10 appropriation bills, way over budget, eight of them exceed the Presidents request for spending by 14 Billion dollars and the re- quest was already 25 billion higher than last year. The House of Representatives owes the Postal Service 5 million dollars as of now for over spending their Franking Budget this year, and it is expected that as the year ends they will be 35 million in the red, so who is to pay for that but the Taxpayers.

The Senate is also asking the taxpayers for 150 million dollars more, just to finance the election campaign of Congressmen. The President has

promised to veto this one. This is Babylon thinking, total confusion, when Congress returns to work after Labour Day we expect politics to take over instead of worrying about our men and women in the Desert and other far flung places on the Globe. Some say the President should pull our troops out of Europe and Korea and send them to the Mid-East, but I do not think you can trust the Soviets and the Administration doesn't seem to trust them either.

We think back to the days of the Deposing of the Shah of Iran, the man who seemed to be able to control that volatile area of the world. We remember the political manipulation that deposed him, and now look at the results, first Iran, and now Iraq, but remember that the United States went into this situation on the side of the Arabs. I also noticed that one of the young men who had volunteered for his military service did not want to go and they put him in another job, sort of like Gideon did so long ago, he sent them home. Now; lets consider for a minute, Old Babylon.

Who built it, and why did God destroy it? The Bible refers to Babylonia as the land of the Chaldeans (Isaiah 13:19). This was a land between two great rivers, the Tigris and the Euphrates. As we understand today the Aryans came into this land and built a great civilization and reigned for many years. These Aryans are also called Semitic people, and we know them as Hebrews-Adamites.

Under the rule of this race the city of Babylon became a great city with a code of laws, for it was understood that no kingdom could stand that was not ruled by justice coupled with Wisdom and humanity. The Aryans are said to have introduced the horse to this land, and as with the Hyksos in Egypt, the horses made them mobile and they became masters of this country called, in olden times, Mesopotamia. By the time of Abraham, then other people were in this land and their influence was becoming great, and the worship of other gods was gaining in practice.

God's people were being buffeted by the Children of Darkness until this great civilization they had built became corrupt and was to be destroyed. The knowledge that the Aryans taught of Astrology, Architecture, Writing, Records extending back, back over the years was destroyed. Only in later

years have the archaeologists been digging and establishing these ancient facts, to confirm that what brought down Babylon of the Chaldees was the fact that it became a type of One World Government denying, Almighty **YAHWEH** as God. Who then would you expect to find behind this drive to rebuild old Babylon, and do it with the wealth of the oil in the Middle-East, and from there try to rule the world?

Who then is behind Saddam, who has been pushing him to do what he has done? **YAHWEH** has promised to take you to Babylon and then you will be delivered (Micah 4:10), but He has also promised to destroy completely this rising of Great Babylon. There will be no complete One World Government but the Administration of the Kingdom of God in earth. With these things in mind we watch the development of this, 'Crisis in the Gulf', and pray for our service men and women and May we find **YAHWEH** on their side.

YELTSIN

by Mikhail Zараev

from the 'Monitor' for August. (perhaps this will answer some of the questions as to this man)

QUOTE: Yeltsin is a rather massive man with grey hair and a strong willed face, the features characteristic of Russians, a mixture of Slavic, Finno, Ugric blood, high cheek bones, small piercing eyes. He has none of the Jewish traits which old time Russians despise. He is close to 60 years of age, was born in a village in the Ural Mountains and received his education in the Sverdlovsk Polytechnic Institute.

He moved up slowly in the political field in the engineering class, until he became responsible in the Administrative field for all construction in his division of the Soviet Union.

He did not as did Gorbachev and Shevardnadze take the path through the Communist Party's youth organizations for a career in the party. Gorbachev was born the same year as Yeltsin but each took a different route to the top. He viewed the Brezhnev period of starving towns and corruption, and privileges for the Elite, and contempt for the people.

Corruption flourished in the republic of Georgia for example which for many years was headed by Shevardnadze. Gorbachev came to power in March of 1985, in April of that same year Yeltsin was also brought to Moscow by the Party. Obviously before Gorbachev's accession to power. Yeltsin had caught the attention of men at the top. He moved into a new large apartment building on a quiet street not far from Gorky Street. These apartments were constructed for the Elite and had large rooms although they could say they lived in a three room apartment.

In 1985 Yeltsin became Central Committee Secretary for construction, but not for long. As of December 1985 Gorbachev moved against corruption and the first Secretary of the City Commission was removed from his post and in December of 1985 Yeltsin took his place. The contrast was striking, here was a man ready to act. He turned up at city wide meetings of propagandists and he spoke as one who was free, dynamic, not one who only talked the Communist Party line. He quoted not Lenin, but Heraclitus saying: It is impossible to enter the same river twice.

Some people watching and listening to him compared him to Huey P. Long in the United States. He seemed to be a throwback to more than a hundred years ago when the Russian Intelligentsia was swept up by a movement called 'Populism' in English.

Yeltsin targeted first the shortage of fresh fruit and vegetables in Moscow and he sacked all kinds of officials, put the most corrupt behind bars. This produced some results as fruit and vegetables became more abundant and their prices a shade lower. He received representatives from the organization 'Pamyal' which proclaimed itself the guardian of the National Past against incursions of no Natives (a code word for non-Russians, especially Jews). Yeltsin listened to their demands.

In the nearly two years that Yeltsin ran Moscow, he changed 40% of the leading officials, even designated new men to run the city units of the Police and the KGB. As he did this he let the people know just why these people were removed. The hierarchy of the Communist Party then began to hate him, and he was prevented from doing many things he wished to do, prevented by the Elite of the Party. Gorbachev was always watching

this man, for he did not dare go that far in criticizing the Party himself even though others tried to stop him. At this meeting then Yeltsin spoke and he threw down the gauntlet to his colleagues, he criticized the policy of the Communist Party, spoke of violations of Democracy and Civil rights. He warned that when one individual wields all the authority of a Party he stood beyond criticism. He then asked to be released from his duties as a Candidate member of the Politburo, and as far as his position as Moscow's first secretary, he asked to let the City Commission decide.

Those present were thunder-struck by his speech which was not published until 18 months later, however when published he became a bold critic of the regime, not caring that he gambled his position and his career. The Elite tried in all ways to discredit this fold hero, and his election in March of 1989 was of a 90% victory. He came to the U.S. in 1989 in September, and Moscow television showed his meeting at John Hopkins University, as a man slurred of speech and deliberate movements, made as though he was tipsy, by slowing down the tape as it was played. The U.S. news did not carry it at all.

Gorbachev tried then to distance himself from all this criticism and negative reporting. Then as all of this boomeranged people burned the 'Pravda' paper on the streets and cancelled their subscriptions. In 1990 Yeltsin was elected again and now called for the abolition of all privileges for the government officials, and suggested dividing the Russian Federation into seven independent regions. In May of 1990 he was elected President of the Russian Republic and now Gorbachev began to show his irritation as though Yeltsin was getting far ahead of where he (Gorbachev) wanted to go, and he threatened to block Yeltsin's future Political activity.

Now; 150 million people of the Russian Republic exempt Mr. Yeltsin to fill the empty shelves in the food stores. He has promised to do this in 500 days. After 2000 days of Gorbachev's reforms efforts the country has reached an economic dead-end.

What a terrible burden this man Yeltsin has taken on, we will see how he fares in his clash with the Communist Party Elite Now; back to the 'Crisis in the Gulf', August 26, 1990. Today we saw the beginning of the drive

for the Internationalists., One World boys to take over the situation in the name of PEACE. And of course their point man is Henry Kissinger the double agent. He is calling for an International settlement, this will get Saddam off the hook after the same individuals put him there.

This is again one of the those moves, **TWO STEPS FORWARD**, take one back if you fail in your first try. This would get the U.S. out of it and put the United Nations in their place and you know how that works? Again we will have to wait to see just how YAHWEH allows this to develop, it is a dangerous situation for our fighting men and women and we worry about them, but we also know that '**WHAT WILL BE, WILL BE**', so we watch and wait, knowing that we do not always get the correct information from the Press and T.V., and we wait for behind the scenes reports.

The United States now has other things to think about as the Tornadoes hit in Illinois, and the killing of the girls at the school in the south. Wonder what next? This is supposed to be a time of trouble like we have never seen before and with now the 'Crisis in the Gulf' also I would not like to be the President of these United States for he will have to take the blame for so many things, since people never see that they themselves are doing anything wrong that might increase the troubles we have as a nation, and as a people.

Until next time May YAHWEH Bless.

Dr. Wesley A. Swift

Dr. Wesley A. Swift, the son of a Methodist minister, was called to preach in his teens. He was a dynamic, inspired speaker who taught uncompromising Biblical truths ignored by modernist ministers.

His anointed preaching brought forth a high spiritual dimension of understanding to the Kingdom Identity message, giving “life” and “power” to the Sacred Word. Even the antichrists acknowledge that, “Wesley Swift is considered the single most significant figure in the early years of the Christian Identity movement in the United States.”

Dr. Swift founded the Church of Jesus Christ – Christian in the 1940’s, a ministry that spread the Kingdom Identity message nation-wide to YHVH’s Children, the White spirit-race known Scripturally as “sons of God”. By teaching these truths

to true Israel, this warrior-priest put fear in the hearts of the enemies of Christ. Following Dr. Swift’s death in 1970, his widow Lorraine Swift faithfully carried on the Church of Jesus Christ – Christian. We are highly honoured to be able to continue Dr. Swift’s work, by placing those works that we have in print here on our web site ...preserving and earnestly contending for “the faith which was once delivered unto the saints”...for any and all to read.

We, at the Covenant Church of Yahweh hope that you will study, enjoy, and appreciate Dr. Wesley Swift’s works.
