**W**ELL, THE WAR STARTED WITH A RUSH! We sitting on the sidelines are wondering just which type of a One World Government will emerge from this Crisis in the Gulf, now called Desert Storm?? On the Diplomatic front, Saddam has the easy path, he is a Dictator and that nation speaks with one voice, while on the other front is a Babble of voices with some still trying to bring down a President by a political process, while others are trying to steer a course that will result in a One World Government under the control of the Anti-christ, while some just want to talk and build their ego, knowing little of the true situation.

As to the Message in the Heavens we note that Jupiter blazes with Glory through the month of February, Jupiter is in Cancer, and under it is the Head of Hydra. February 5., Mars (war) and Mercury (U.S.) are close together, but still Jupiter is the stronger message and we see Saturn is growing faint and weak, and with Jupiter above the Head of Hydra (the Serpent) this is very encouraging. This war is not like the Vietnam War.

An American General is at the head of our troops, and in charge of the operation called 'Desert Storm'. Yes, we have a U.N. Resolution, but not a U.N. Commander as we had in Vietnam whereas the enemy knew every move you were going to make, same as in Korea. General Scharzkopf the American General, is 56 years of age and has been in the Army for 35 years. Technically Prince Khalid of Saudi Arabia is joint Commander, but in practice no one questions the Generals authority.

He has practiced careful diplomatic cooperation with the Saudis, there is no trouble between these religions, traditions and armies in spite of what the Media would have you believe. The General is married and has 3

children, ages from 13 to 20 years. As Hostilities broke out he called his wife and family and said: 'Hang in there'.

Did you notice that as Hostilities broke out that once again it was the Arabs who moved to protect Ancient Aryan symbols? The Pyramids in Egypt are now off limit. No longer can anyone go inside, and only so close to the Pyramid and the Sphinx. They of course also guard the tomb of Abraham and those buried in that tomb. We have another old book with some interesting things in it, and it is about 100 years old, and in it the Arabs are said to believe in the Resurrection, and their place in Paradise with their brethren. When I get this hand to working better will hope to bring some of those things to you.

Communism may be a dead faith but the Soviets are using the Gulf conflict to add to their war machine of tanks, missiles, planes, and ships. If the people of the Soviet Union want their freedom bad enough to fight for it, to try to liberate their Republics from the old Stalinist Empire there will be Civil War in Russia. Gorbachev, while giving lip service to the U.N., demanded that Iraq leave Kuwait still continues funding Anti-U.S. Mid-east Propaganda. He continues according to Human Events, funding those organizations controlled by the Soviets and the Communist Party such as, The World Peace Council, which is a major International Soviet front. The World Federation of Trade Unions is another, and it has condemned the actions of the U.N. led by the U.S.

The Christian Peace Conference is another International Soviet Front spouting the same Middle-east propaganda. Another Soviet sponsored event is this drive to find Soviet Wives for American men. This program seems to be going quite well. It seems that if American men can put up the several thousand dollars, they can go to Russia and spend some time with a beautiful young Soviet girl, and if they get along well, then they can get married and the girl can then come to the U.S. No one says whether she will stay married after coming to the U.S. as now an American citizen. A cute cartoon showed President Bush talking to the Israeli Premier and he said: the Coalition wants to thank you for the magnificent restraint exercised during this most trying time. You have greatly assisted our efforts to secure the whole region.

The Premier replied: Good! You owe us 13 Billion Dollars.

When Iraq plundered Kuwait there were 107 Priceless Art works here on display in America, and they are still here.

If you are unhappy about the seemingly bias of the Press as they report the story of 'Desert Storm' just consider the source, and who owns the Networks. Also remember that Ted Turner went to Cuba not long ago and praised Castro and made some remarks about Christianity which he later apologized for when he began to get too much flack about it. Remember also that he and his intended bride, Jane Fonda, recently went to the Soviet Union for an extended visit. Remember her part in the Vietnam war, and the trouble she caused our prisoners of war at that time.

There are many Black Americans serving in Operation Desert Storm, and you are hearing complaints about this. But those people went into the All Volunteer Army to gain their education and lift themselves out of poverty, and they seem to be serving their country well. The problem we have with the Negroes is that they have been used, they have been told by the evolutionists advocates that white culture and knowledge of architecture and so forth came from Egypt, that of course since Africa was always Black it had to come from Negroes. No one then asks, where is the history of the Negro losing this civilization, which they now expect to be given to them once more??

**From Rome:** Archaeologists have discovered an Etruscan Tomb with unusual Statues that could shed new light on the Empire that dominated Italy before succumbing to the Roman Empire, news reports said. The Tomb, near Cortona in central Italy, is believed to date to the sixth or seventh Century B.C. The regional archaeological superintendent, Francesco Nicosia, told the Italian press ANSA, that the discovery was of 'unimagined dimensions.' The Tomb has seven rooms and is flanked by a terrace with steps decorated with two statues. One shows a Sphinx fighting with a warrior, and the other depicts a Sphinx crushing a man. These are the only such Etruscan Statues known to exist, and could shed new light on the Etruscans contacts with other people. The Etruscans were known for commercial flair, and elaborate religion, and a brilliant Artisan tradition.

Now; you know that there are two factions in this fight in the Mid-east. We have the mighty Anti-christ force (which we call Zionism) that plans to rule the world with their idea of a One World Government. This is a powerful force in the world here in the west as we, a blinded people, also try to do God's Will and build His Kingdom. Nord Davis Jr. has his outline of this situation done very well.

This we in Identity have known for some time, and we see the enemy gaining in many ways. It now remains to be seen if this Mighty Force can pull the wool over the eyes of the U.S., and the Arabs to help them set their dream in place. Somehow I do not think that is going to happen. I guess I am just hoping to see this Great Kingdom of Almighty God set in place as the only total One World Government. We here under the Outstretched Wings of the Eagle, are still hopeful that this be the time. Since we believe that this is the Last Great Nation of **HIS KINGDOM**, then I cannot quite go along with all the dire predictions for the outcome of this war in the Desert. I know that all efforts will be made for the U.S. and Arabs to lose in some way but never before have we seen this kind of cooperation between the Arabs and the U.S., and much of the world.

Yes, I know that some say that the Blacks of Africa are on the side of Saddam, and so are the Palestinians, but I think the Palestinians also need a new leader, I have never felt that they had the right one. We also feel that there will never be peace in the Middle-east until the Palestinian and the Jew question is finished. But look, who is working so hard to bring the Israeli's into this conflict?? It is Saddam and of course behind the scene the Soviet Union. Iran would then be in the conflict as well and yes, we are now protecting Israeli and the Big Evangelists are advising the President that we should be doing this, and it seems to be a very mixed up situation, but I am backing Our Heavenly Father in this matter for He knows what is to happen, and that is what I am counting on.

Remember this, Our people are a blinded people, they do not as yet know who they are, and they have been following the wrong line at times, but remember who blinded them, and for His purpose, and He can wake them up at any time that He wishes. This is something that the predictors do not take into account as they write their predictions as to what is to happen,

also they have no idea that there is to be a One World Government but under YAHWEH and His people, thus they only see that other side as it struggles to set their dream of a One World Government in place. I do not know just what the President has in mind as he talks about a New World Order, but one of these days we will have one, and it will not be the one which the Zionists have been planning for all these years. There will be an awakening and all these things will be seen clearly, that is what I am waiting for. Until then, 'What will be, will be'. And I pray that **YAHWEH** will take care of our Forces over there in the Gulf. This is out of the hands of the regular citizens of this nation, as of now, and we can only pray for our Forces over there, in this different situation from any that we have gone through before.

**Until next time. May YAHWEH Bless.

**PS.** My left hand is beginning to work better once again so may be able to catch up with my typing and with less mistakes. This has been rather trying but not earth shaking for anyone else, so bear with me and I may do better, one of these days. Ha.
