**Interesting Titbits: Dr. Swift:**

**T**HE SIDES OF THE NORTH: refers to the 4 Archangels called Gabriel, Michael, Raphael, and Lucifer as the sides who revolved around the centre, The Master - YAHWEH-YAHSHUA; Himself. When Lucifer came out of the Sides of the North in rebellion, then YAHWEH took over his portion so as to maintain the balance.

**The Peak of Mt. Zion**, the holy stone, probably once the base of the Temple Altar of Burnt Offerings is enclosed by the Mosque of Omar, thus guarded by the Arabs as is the Tomb of Abraham and those who are buried there.

**The Spirit of God** is not going to come in some Evangelistic meeting. The Spirit of God is going to stimulate the inside consciousness of the soul, cause the mind to work, to see the Blue-Print of God's plan.

'The last shall be first' Those the World Order would make last, are first in the eyes of God because of the truth they carry.

## **Another result of Communism**

From the Baltic to the Black Sea runaway industrialization with no thought to the environment, no pollution control, has turned the rivers into death traps, for not only people, but the forests as well. Now western thinking men must try to assess the damages and modernize the plants to stop this great disaster.

## **Phil Gramm;**

Conservatives must never forget that America is a great and powerful country not because the most brilliant and talented people came here to

live, America is great and powerful because it was here that ordinary people like you and me found more freedom, and more opportunity than any- boy ever had before. Using that freedom and opportunity, ordinary people have done extraordinary things. Even in a world where the Lion lies down with the Lamb, the U.S. must the Lion.

### **Dictionary of Symbols:**

How could a legend be kept alive and perpetuated if each generation had not 'intimate reason' for believing in it? Symbolist meaning of a phenomenon; on helps explain those reasons, since it links the instrumental with the spiritual, the human with the cosmic, disorder with order, and since it justifies a work like **UNIVERSE**.

### **Human Events:**

Some who are so critical of Dan Quayle's youth aren't really bothered by his age. Its his ideology which bothers them, for he is a solid conservative with an established set of values, that is what mainly irks his opponents.

Dan Quayle has been trying to cut excessive Government regulations since he is Chairman of the Council of Competitiveness, and has been side tracking the regulatory Zealots at the Environmental Protection Agency.

Afro-Centred Education, is even being snickered at by some Black students, however the process of re-writing School Study Plans, in the field of the Distortion of History goes on, to put Africa as the very centre of Knowledge. In this study the Ancient Egyptians were of course Black, and it was from them that Greece received her philosophy, Mathematics and so forth. This study is said to be a big help to Black Students, who are said to be having problems in school.

If you disagree with this new study you are a racist, for remember that even Plato and Aristotle are said to have derived their entire thought patterns from Black Africans. Professor Molefi Kete Asante Chairman of the African American Studies at Temple University said that he tells

his Black Students to take two sets of notes in class. One set to pass the examination, another to keep their sanity.

A few outspoken Black Instructors say that this study along race lines is very troubling. It will not help a young Black man succeed in American life.

### **Buchanan Newsletter:.**

Pat went with a tour group to the Baltic States. This group confirms what we have always believed, Moscow is determined to hang on to the Baltic States while at the same time seeks a U.S. led western bailout of their economy. Moscow is always stirring up resentment among the different minorities in those countries, saying, this group or that will be second class citizens, should the Republic break free. Pat tells us that you are impressed as a traveller as to how important ethnicity is for everyone knows what percentage of the local population is Lithuanian, Latvian, Russian, Byelorussian, Ukrainian, Jewish and so forth. Some political movements are based openly on Ethnic Identity, privileges, and rights.

These Baltic Republics are so saddled with vast Bureaucracies left over from the Soviet era, that any amount of western aid will be absorbed by the Imperial Bureaucracy, so that one day it may restore and regather the Empire.

In Poland many of the 'New' Entrepreneurs are actually old Bolsheviks. They had the money, they just resigned from the Bureaucracy and then bought up the new enterprises, and now these so called 'ex-Marxists' are looking for western partners for their joint ventures.

Remember that for 70 years the Communist Party was the only road for the talented to achieve and advance in society, and now are doing quite well as 'new Capitalists'. The common people after all these years under Communist rule, are so dependent upon welfare, they are fearful of giving it up. Patriots in the Baltic Republics urge the U.S. not to bail out Mikhail Gorbachev, they say: this is an sick Empire, let this monster fall apart. Spiritually the Soviet Union has lost the Baltic Republics forever. In the

west they see a common home, and Christian heritage, freedom, efficiency and prosperity. They at least are on the western radar screen, but if they are to be free the west must play a role. There are two ways to kill the Communists Monster, one is a bloody revolution, the other is to slowly starve the monster, by depriving it of the Imported Capital it needs to service the monster, then see what emerges from the rotten corpse. This hope of feeding the dying monster in hope it will reform and become a peaceful partner in the New World Order is a Forlorn hope.

## **What is wrong with the Public Schools?**

Failure is not punished, rather it is rewarded with more money. Every Liberal reform has been imposed on the Public Schools, and see what a mess. If we were to impose the Ideology of Molly Yard, the NEA, and the American Civil Liberties Union on the Military, we would never win a war. Without them we can recapture our schools. Dumping more money into institutions which have abandoned their former beliefs is a waste.

Henry Kissinger seems to be coming to the fore as an advisor once again, in this power struggle of World Affairs. Of course he played a part in the selecting of Zionist Robert Strauss as new Ambassador to the Soviet Union, and we are told that the Soviets were delighted. Well, after all, who had run the Soviet Union perhaps from behind the scenes, as well as the U.S. and most of the World, as they try to set in place their One World Government.

They are still working hard to hold Communism in place even though it has been proved to be such a failure. This was of course a political appointment and part of this situation we are in today. As this battle between the Children of Darkness and the Children of Light draws to a close it seems that you cannot tell one side from the other. But you are to re- member that 'Blindness in part has happened to Israel', for a purpose and only **YAHWEH** Himself can change this. This is also part of the reason why you saw Billy Graham going to the White House just before the President announced that the Gulf War had started. He has been an advisor to Presidents for years so as to protect the interest of little Israeli. Blind leader leading the Blind.

Many Patriots have moved out to try to correct this blindness in our nation, but after a time they fall, and the blindness remains over a large portion of our people. But only **YAHWEH, HIMSELF**, can lift that blindness, and He will in His time, not as the Patriots wish. He scattered Israel from her inheritance in the promised land and moved them all over the world, which has proved to be a blessing to the world, for they took their knowledge of **ONE GOD**, one set of Divine Laws with them.

Their return to acknowledged identity in **HIS** Time Table will bring even greater blessings to the world. No matter what men plan even though they are very dedicated to their cause, still all things work according to **HIS** Program, and if you get ahead of that plan then there are chastisements that you did not plan on.

Always remember that everything which hinders the kingdom will go. Remember that this is the last Great Nation of God's Kingdom and He allows what He plans, and for a purpose, someday we will come out from under this control of the Children of Darkness but it will be according to His plan and not the wishes of Patriotic men. So hang in there, we are going through this time of trouble, not around it, but we will win in the long run.
