Gradually the cover-up of Sandinista election violations by Ex- President Jimmy Carter is being revealed. United Nations officials said they could only hope that on Election Day Carter would tell the world the truth. He could hardly do anything else that day. Remember that it was the Carter administration that helped the Sandinistas come to power, even though they proclaimed Marxist tendencies. According to behind the scene reports it is the Contras who deserve the credit for forcing the election even though the U.S. Congress under pressure from the Internationalists in our nation, cut off aid to the Contras in 1988, thus giving the Sandinistas hope. But the Contras did not quite fade away as was hoped, for on February 14, 1989 at the meeting of the Central American Presidents in El Salvador, Ortega agreed to hold elections by February of 1990 in exchange for Contra demobilization.

After the Nicaraguan elections Castro, should be worried but Washington D.C. seems to be reluctant to press Gorbachev to stop sending supplies to Castro, the fear was that he might turn on Eastern Europe as they try to come out from under the Communist yoke. Now that Gorbachev is using Lithuania as a lesson for all the other countries, perhaps Washington will react differently. Remember the Kennedy-Khrushchev agreement gave Cuba to the Communist, accepted the fact that Cuba was to remain a Communist Country in the Soviet orbit. Did the Carter administration quietly do the same with Nicaragua? The Reagan Administration never accepted the idea that Nicaragua was to remain in the Communist orbit, thus trouble erupted in Central America. And the Administration was tested in Grenada.

As you probably noticed Jimmy Carter and Elliot Richardson, both listed as International Advisors went to Nicaragua, and gave the green light for Ortega to hang on to power. But the people spoke, they talked one way and voted another in private. As you noticed Jimmy Carter was still with Ortega as he went after the election for his meeting with the new elected

officials and here he urged that the Sandinistas retain control of this large army which Ortega has built, for terrorist acts in other countries. Before the new leaders take over control of the nation it is expected that the Sandinistas will dump a 5 year supply of weapons into El Salvador. As we have always said: the program of communism has always been, two steps forward and one back if necessary, but always they win. Today we are locked in a great drug war in the U.S. and in Central and South America, but do you realize that one of the arms of the Communists has always been, **THE DRUG TRAFFIC?** Thus Castro was recruited early as was Ortega, and even the rulers of Panama. The Comintern of Communism is a world wide network of Guerrilla Terrorist groups. Mr. Gorbachev and his policy of Openness, Glasnos, .in no way effects the Communist drive for world domination, and especially is this true in Central and South America which effects the U.S.

In El Salvador their operations are the same as in Nicaragua for the same Soviet official runs both. The greatest success of this operation comes from the misrepresentation of the Salvadorian situation in the U.S. and for this they use the controlled Press of our Nation. The Sandinista FSLN is a part of the Comintern, Jimmy Carter understands this, but remember he works for the Internationalists, always has, thus advocates a **ONE WORLD GOVERNMENT**. They offer you peace if you do not oppose their program of Global conquest. But, my friends, Peace or Freedom is not free it is **PRICELESS**.

The Lady who won the election in Nicaragua faces an uphill task. She must take control of the army and reduce it to the size necessary, only to protect her nation, and she must also disband the FSLN this. Group which works out of Nicaragua to spread Terrorism and Communism to the other nations of Central America. We feel that only with the help of the Almighty will she be able to do this, for the Press of the U.S. is not going to help her in any way. Men who have travelled in El Salvador and Nicaragua and report the other side of the story as they did in Viet Nam tell us that the Comintern scenario for victory in Latin America calls for more of the same attacks by guerrilla bands, false information, pressure on the U.S. to reduce aid to both these countries, then eventually they believe that both of these small nations will be in their camp.

As for Panama, these men report that the Panamanian government and most of the people were happy with the American Invasion, and want troops to stay in their nation, and even suggest that by 1944-45 they could be ready to make an agreement that the Panama Canal remain under U.S. protection with troops stationed there. This is completely opposite from what we hear on T.V.

Mr. Gorbachev allegedly told Mr. Bush in 1988 that he would send no further weaponry to Daniel Ortega, yet those supplies increased instead of decreasing, and yet the U.S. Congress which was briefed on the matter threatened to cut off aid to El Salvador like they did with the Contras. Pressure from this behind the scene Internationalist group remains very very strong on the Congress and Administration.

CAN THE WEST SURVIVE ANOTHER RED MELLOWING.?

This is the question asked by Dr. R.G. Breene Jr., as he writes for the American Educational League. (Quote) Mr. Gorbachev is a lifelong, if clever, political hack whose agility and personality have brought him to the top of the Soviet Communist Political heap. Because Communism is the failure which it has proved to be, he has to reintroduce an often used tactic always successful with the West, 'Mellowing'. This time it is called **GLASNOST-PERESTROIKA** (glasper). This 'glasper' first appeared in 1920 as Lenin's so called new Economic policy, then in 1936 as the Great Soviet Constitution, then in 1956 as de-Stalinization, thus we now have Glasnost and it is designed to wring economic support from a myopic west while a 'mellowing Soviet' girds its loins for what it feels will be its final assault on what remains of the Free World.

The evidence could fill volumes; space allows us to boil it down to 3 points, ONE, the Communist Party Hack Gorbachev is Constitution-ally incapable of modifying Leninism, although he is striving to do this which is precisely what his boosters want us to believe. TWO, Gorbachev has continually avowed his devotion to Leninism since he became General Secretary of the Central committee, Communist Party of the Soviet Union on March 12, 1985. **THREE**, Leninism is simply **WORLD CONQUEST**. Gorbachev began his career in the young Communist League first as

Stavropol city First Secretary with important assignments thrown in. By 1962., he had worked his way up through the party apparatus to head of the C.P. Agency Department for the Territory. During the next 8 years he worked his way to First Secretary of the Stavropol Territory Party Committee, the springboard for his membership in the CPSU Central Committee in 1971. He became Secretary of the Central Committee in 1978., a full member of the Politburo in 1979, to the New Secretary General on March 11, 1985, and now today he is the leader in every chief post of that nation.

Do you think that this party hack, nurtured in the luxury of Communism's 'New Class' is going to change and 'MELLOW' Communism? In the Aesopian language of the Communist, 'Peace' is that condition which prevails only after Communist conquest. Later on 1985, **THE DRAFT BOARD PROGRAM OF THE COMMUNIST PARTY OF THE SOVIET UNION** (new version) Gorbachev's program appeared in Pravda in October. In translation it runs 25 pages and should be pursued by any poor soul in the Free World who believes that there is anything 'New' about Gorbachev. However this new version marked the beginning of an irresistible process (which now requires Free World Financing). The replacing of Capitalism with a new Communist Socioeconomic formation.

In his speech June 1988 so widely hailed in the Free World as the dawn of a new era of 'benign Communism', Gorbachev actually pledged himself as absolute ruler of Russia to Lenin's conception of the Communist Party as a political vanguard of society. Lenin knew as he took power that Communism must either succeed in World Conquest or disappear. He immediately began to apply the revenues of the Russian Government to World Revolution, and each of his successors has done the same. Toward the end of last year, Gorbachev wrote to President Bush, pledging an end to military aid to Communist Nicaragua, yet President Daniel Ortega admitted on Sept. 20, 1989 that a Soviet shipment of three torpedo boats and four mi-24 choppers was on the way to him. This shipment was observed by a U.S. recon-satellite.

The Free World awakened from the euphoria invoked by Khrushchev's 'Mellowing' labelled, 'Peaceful Coexistence' to find that the Soviets had

overtaken and passed the Free World in every form of armament from missiles to submarines, twice as many in fact as the U.S. for example. Each time the Communist have cried 'Mellowing' we have awakened to the reality that the position of World Communism has been immensely strengthened and is stronger than ever. From one of these dreams of 'Peace' there will be no awakening. (Unquote)

We still suggest that only as **YAHWEH-YAHSHUA** guides this situation will the West be protected. We have reached the point of blindness that does not allow us to lead, but there will be an awakening.

An Ancient Pearl has been found by Archaeologists. They have unearthed a Pink Pearl believed to be at least 4,000 years old, on the Persian Gulf Island of Bahrain. The Pearl is 4 millimetres in diameter and is from 45 to 50 centuries old, back in that time this Island was a major trading centre between Mesopotamia (modern Iraq) and the Indus Valley of West Asia (northern India).

From the Boston Herald, Feb. 1, 1990, Jennifer Casolo, this woman recently described by the Media as a 'church worker', was expelled from El Salvador late last year because of her un-ecclesiastical work, and the items found buried in her backyard. She was released because the government of El Salvador decided it was not the time to put an American on trial. This lady now back in the U.S. is on an extensive nationwide speaking tour, speaking of 'right wing' repression, and calling for an end to aid to the Christian government. Her campus appearances have turned into mini FMLN rallies. She is quite cool in her appearances and could have us abandon the Salvadoran government for the good of the people. The blessings that the Liberals brought to South East Asia they would now bestow on Central America. However Jennifer's halo is said to be slipping, if she is ever depicted in a stained glass window, it probably will be brandishing an Ak-47 in one hand, the other pointing toward the promised land of the Marxist Millennium.

May YAHWEH BLESS until next time.
