**WORLD AND JEWISH LEADERS HAVE WELCOMED  
BORIS JOHNSON becoming the UK's next Prime Minister.**

US President, Donald Trump, offered congratulations, adding, "He will be great!".

Prime Minister Benjamin Netanyahu tweeted "Heartfelt congratulations from Jerusalem".

"Looking forward to working closely together, both in facing our common challenges and seizing the opportunities ahead," he noted.

President Reuven Rivlin tweeted he was confident under Johnson's leadership "the excellent bi-lateral relations between our two countries will go from strength to strength'.'

"I hope to see you back here in Israel soon," he added.

Added to that, Foreign Minister Yisrael Katz offered "Mazal Tov', whilst looking forward to working with Johnson's team to build on an existing strong relationship between the UK and Israel.

Blue and White chairman Benny Gantz also wished Johnson "great success", adding the UK and Israel held "shared values and interests". Chairman of the Jewish Agency, Isaac Herzog called Johnson 'a true friend of Israel."

"I trust you will continue working to make the Jewish community feel safe in the UK in these challenging times," he added.

"I look forward to your ongoing commitment to fostering ties between the UK and Israel."

In the UK, Chief Rabbi Ephraim Mirvis said Johnson was a champion of the Jewish community while Board of Deputies president, Marie van der Zyl noted a long and positive relationship.

Finally achieving his lifelong ambition to lead the country, after comfortably winning the Conservative Party leadership contest over Jeremy Hunt, following an audience with the Queen, Johnson enthusiastically entered Downing Street.

Addressing the nation, Johnson acknowledged his predecessors' "deep sense" of public service then he took on the 'doubters, doomsters and gloomsters' head on in a cavalcade of commitments.

"We are going to fulfil the repeated promises of Parliament to the people and come out of the EU on October 31, no ifs or buts," he exclaimed. "And we will do a new deal, a better deal which will maximise the opportunities of Brexit, while allowing us to develop a new and exciting partnership with the rest of Europe, based on free trade and mutual support"

I knew that by studying the Jewish newspapers I would be able to find out what was really going on. It only took a few days to discover the truth. So why has no MP, newspaper, TV programme or researcher reported this important information about our new Prime Minister. It is due to the fact that the West is completely dominated by Zionists.

Boris Johnson while at the Western Wall in Jerusalem recently said that he is descended from a Jewish family in Moscow and that some of them are Rabbis. Every Jew that becomes a Prime Minister or member of his cabinet has to swear before a Jewish committee that although they are

holding these positions they are secretly working for Israel and the Jewish cause. (This is to further the anti-Christ aim of world domination through the abuse of money.) You can see from the article above that unlike the British he doesn't want to set us free but to tie us up with Israel. This is something he has been careful not to mention to the British. We have all seen how many Jews have accumulated massive amounts of money which has enabled them to buy up numerous large companies and then use their wealth to dictate government policy. Few people have noticed that every Prime Minister since Winston Churchill in 1939 has been a Zionist working against the interest of Europeans. This goes to show how uninformed the public has become.

Boris Johnson said that his recent ancestors came from Russia. They would likely have been Trotskyites, Leninists and Stalinists all responsible for the deaths of countless millions of White Europeans in their desire for world domination. Boris is a pushy, secretive and determined individual who never lets on to his real intentions as we can see from this Jewish newspaper. The UK came secretly under Zionist control in 1939 with Winston Churchill. Since that time parliament has done everything it can to destroy our once great nation. In fact the UK has been secretly governed by our enemies since 1914 when we were taken to war for no good reason causing the deaths of around 19 million with 23 million seriously injured. Boris Johnson has a varied ancestry, one that seems to mirror his boorish determination to control.

Since the 1960's parliament has been inviting countless millions of non Europeans to come to Britain with the aim of getting us outnumbered. We lived in an all white Christian country. We have constantly seen wars in countries where more than one race, religion or nation live. To turn the UK from a peaceful Christian country into a multi-racial nightmare is scandalous. If we look closely we can see that parliament constantly backs these invaders against the indigenous British. One reason the British public want Brexit is to put an end to mass immigration, as a Zionist Boris Johnson insists that they keep coming. Furthermore aliens have been given rights that are now denied to us. We must ensure that only trustworthy Britons stand for parliament. Jews have had their chance and betrayed us. We must ensure that no more Jews or Zionist front men

are allowed to stand in elections. Sensing their guilt several years ago, the majority of Jews said they saw no future for them living in the UK.

Boris Johnson said recently that the "The Middle East conflict was a very ancient problem that goes back many centuries." No it doesn't! The trouble flared up in 1945 when millions of Ashkenazi false Jews from Europe invaded Palestine and set up the state of Israel. In September 2019 Boris included Dominic Raab and Grant Schapps into his ever-changing cabinet. Both are anti-British Jews whose families came to the UK after they had stirred up trouble in Germany during the 1930's.

Boris Johnson describes himself as a "passionate Zionist". Every modern Western political leader feels obliged to visit the Zionist State and show their support for the "holocaust". If they don't they will find themselves immediately ousted from their positions, as Enoch Powell the most popular politician in the UK, was when he suggested that mass immigration must be stopped. Johnson also claims to be of Muslim extraction and he is using this as an excuse to attract billions of pounds of Arab money for the capital. Seems the one thing that our dodgy Prime Minister isn't is English, Scottish, Welsh, Irish, or Christian European.

The newspaper heading "Baruch" refers to Bernard Baruch the fanatical Zionist wall street financier who controlled the thinking of Winston Churchill. Complete control of Churchill was probably achieved through Jewish "Kabalah mysticism" where they can put ideas into their victim's heads that they believe to be their own thoughts.

Of course Winston's greed, vanity and illusions of grandeur made him an easy target. This explains why Churchill had what he called his "dark dog" days when he couldn't face his own treacherous actions and drank himself into oblivion. Winston obviously knew he had done wrong when he said "History will speak well of me for I shall write it." His co-conspirators have continued in the same vain while preventing those who speak the truth from gaining access to the public.

Every Prime Minister since Churchill has been a Zionist following the demands of Zionists in the US and the Israeli government. Clearly their

aim has been to destroy the British nation through their control of parliament, wars, the education system, our manufacturing industry, TV and the cinema, banking, commerce and the NHS. They are now trying to severely reduce our numbers through race-mixing which is being pushed through TV adverts where a black male is often seen partnered with a white girl.

This anti-European propaganda is being absorbed by the naive younger generations. For centuries the Jewish manipulators created wars to further their own plans and then put the debt on to the people. While Europeans have been engaged in honest work the most sinister Jews have been scheming how to make profit from their toil. So wealthy have they become that through manipulating the stock market they now own most of the largest companies.

## **This is a direct result of allowing Zionists to rule Parliament**

It was widely reported that Theresa May spent the last evening before she became Prime Minister at the home of the Chief Rabbi. No doubt receiving her orders on serving the Jewish community and keeping us tied into the EU. According to the Christian "Heart" newspaper Theresa May was recorded in conversation with Angela Merkel discussing ways to keep Britain in the EU. The relevant truth is never reported in regular the newspapers or on the major TV channels. Jews must be kept out of parliament. They have had their chance and proven that they cannot be trusted.

We need to break free from the murderous, anti-Christian government in Israel. For more than a hundred years most Europeans have allowed their enemies to monopolize their politics. In France the establishment put Macron into the election at the last minute to prevent Marine Le Pen from being elected. The public has since been on the streets in large numbers every weekend to try to overcome their foolish mistake. In Britain we regularly see Britons treated like dirt while every non-European is respected by parliament and given every possible form of aid. It should be clear to everyone by now that the Kosher Labour, Liberal, Conservative and communist parties need to be closed down in the same way they have opposed and criminalized nationalist defenders of Britain for decades.

## **'Jews control UK' HAMZA ALLEGES ZIONIST CONSPIRACY**

This Abu Hamza friendly warning was widely published in most of the British daily newspapers. So brainwashed are most of the public that the Jews knew it would be ignored. Let us hope that Christian Europeans wake up soon before we become a tiny oppressed stateless minority like the white

Rhodesians. Remember it was East European Jewish communists that were responsible for that tragedy. They were applauded by all the major Western governments for doing it. Spread the word that supporting the old parties means virtual death and race-mixing has the same effect.

Germans fire  
military chief

A TUC German military official has been fired from his post for allegedly supporting a politician accused of making antisemitic remarks.

Brigadier general Reinhard Guenther, head of Germany's special forces command, is to have sent a letter to MP Martin Hohmann, praising his courage as a member of the group of Jewish Bolsheviks in the Russian revolution in the name Defense minister Peter Struck, who is also General Guenther said: "This is about a loss, confirmed general who agreed with as even the most extreme statement made by a conservative member of parliament."

This was condemned by the Christians democratic union politicians last month.

In a speech he said: "Jews were active in great numbers in

the leadership as well as in the Cheka [Soviet secret police] during those days. That one could

describe Jews with some justification as a 'Bolshevik race of perpetrators' is absurd."

He followed the same logic with which one describes the Germans as a race of perpetrators."

'No hatred' in  
Putin arrests

RUSSIAN president Vladimir Putin has arrested Andrey Shirovits, campaign against the country's super-richly oligarchs, not motivated by anti-semitism.

Shirovits arrived in Moscow over the weekend for a meeting with Putin just days after oil tycoon Mikhail Khodorkovsky was arrested on suspicion of tax evasion.

During private discussions between the two leaders, Putin expressed concern about the arrests of some of Russia's top tycoons was being administered by the Federal Security Service and his fears of possible anti-semitism had been calmed.

The 45-year-old head of company Yukos is currently under arrest in Russia, following tax evasion at the company, including assets held by Leonti Nefiodov managed to escape arrest by fleeing to London.

Nefiodov, whose shares in the company are believed to be worth around \$3 billion, has requested Israeli citizenship.

Jewish 'Mary'  
defends film

HOLLYWOOD actor Mel Gibson's controversial rendering of the life of Jesus is not antisemitic, according to a Jewish screenwriter who claims

have these facts been kept secret outside the Jewish community? Perhaps it doesn't fit in with their version of history.

The Jewish Sieff family who own Marks and Spencers helped Churchill get his war and as a reward were given a contract to supply the armed forces with food. Sainsbury and his fellow Jews were allowed to stay open during the war while Christians who often didn't want to fight had to board up their shops and go.

As a result Sainsbury with little competition made a fortune. There was a programme on channel 5 Sept 9th 2019 which showed how Aldi and Lidl sold top quality goods cheaply by only making a small profit on each item. It proved that these Christian shops sold top quality goods that were often chosen by the public to be the best available. Having been ripped off by Jewish supermarket owners for decades perhaps more of the public will come to their senses and put them out of business. Stanley Kalms, yet another East European Jew, inherited his father's Dixons camera shops. Almost immediately he showed a desire to sell televisions, but he couldn't

he was prevented by Retail Price Maintenance. This was introduced to protect businesses that required specialized knowledge. When Kalms was on the executive of the Conservative Party Retail Price Maintenance was scrapped forcing many thousands of British family businesses to close down.

In September 2019 the Jew John Bercow was finally threatened with dismissal after ten years from his position as speaker of the House of Commons. His anti-British attitude had clearly been seen by the British public from the beginning. Especially with the way he promoted the “remain in the EU” traitors. This is further proof that we need to act now to prevent our “anti-Christ enemy” from entering parliament.

## Do you really think the UK is controlled by the British? No, it is ruled by our Anti-Christ Jewish enemies

If a Nigerian calls himself such no one will call him a racist, for it is logical that he is a native to this region. It is natural for all people to call themselves after the place they live. “Jews” are spread around the world but this is a collective name they use as it describes their common ancestry, politics, beliefs, culture, aims and religion.

It is Jews who created the word “racist” to use as a term of abuse solely for Europeans. If a black African in a fit of madness should call a European a terrible white bastard and stab him to death, this wouldn’t be classified as an act of racism. This term is only used to silence Europeans when they have something important to say.

In September 2019 a group in Wales marched for independence from parliament because it does not represent them. Nor does it work in the interest of the English in fact it seeks our destruction. The English, Welsh, Scottish and Northern Irish all need to break free from parliament. We all must stop voting for political parties they are all secretly controlled by our enemies. Even if a new party is formed once it gains a fair amount of support our enemies will be looking at ways to either destroy it or take it over. Zionists have bragged how they prevented the National Front and BNP from being elected. They did this by negative unfair criticism and introducing large numbers of immigrants into areas where they received a reasonable vote.

Or by taking the party over as Nigel Farage did UKIP. Farage is funded by Jewish American billionaires. When he found that some genuine British nationalists had joined he set up the Brexit Party which is also financed by the same anti-Christian gang that has secretly ruled the West through their abuse of money!

There is no difference between the Labour, Liberal and Conservative parties. They pretend to have different objectives but once elected they all pursue the same anti-British nation-wrecking agenda. The only way to beat them is by going back to constituency parties. Then we can select the most honest, knowledgeable and trustworthy of our people to represent us. Within each constituency there will be many people who know everything about those that get selected. They will know their friends and families, where they work, if they belong to any organizations or if they are regular visitors to a synagogue
