The Stream of Life

By

Dr. Wesley A. Swift

5th February 1961

TURNING TO THE SUBJECT OF THE STREAM OF LIFE, we realize there is a very vital sense of knowledge and understanding concerning the life which proceeds forth from God. Its purposes in earth, the vastness of Grace, and most important for us each one to perceive. Probably there has never been a time of more uncertainty or when it is more important for us to know our relationship to **HIS STREAM OF LIFE**, and to the vital purposes of God as now.

We would turn for one moment to the book of Revelation, Chapter 22, and we read these words of John as he stands to behold this great mystery of the force of God and he said: 'I saw a clear pure river of water of life, clear as crystal. And it proceeded out of the throne of God.' When he discusses this great force, and the healing power which lies within this stream where in grows the tree of the Kingdom. The tree which grew 12 manners of fruit. Each one a symbol of the 12 tribes of Israel. Each one of them a symbol of God's healing of the nations. And the fruit of Life, and it flows as a mighty river from the throne of God.

When he discusses this great force, and the healing power which lies within this stream where grows the tree of the Kingdom, which grew 12 manners of fruit; each one a symbol of the 12 tribes of Israel, and each of them a symbol of God's healing of the nations. And the fruit which it bore was the fruit of Destiny. And its life comes out of the **STREAM OF LIFE**. And it flows as a mighty river from the throne of God.

I think there is nothing more important for us to understand this afternoon, than the impact from this **STREAM OF LIFE**, and our relationship to the Law of Life. There is a passage in the book of Romans that I should call your attention to for it says: "And the law of the Spirit of Life in Christ Jesus, has made me free of the Law of Sins and Death."

First a river of life from the throne of God then the law of the Spirit of Life. I think there is nothing more important for us to understand next to our Sonship and our relationship to the father, than to know the law of the spirit of life and our relationship to the Stream of Life. This book we call the Bible is definitely written to our race, and that is why its message, and all that it contains is so easily understood by those out of our race who seek to understand it, as the spirit of God makes it known unto them. There is one thing we must understand about God's spirit and that is that this is the very essence of His being.

It is the very notion, and the very action out of his own mind, and his own intelligence, and is out of the very action of his own mind, and his own intelligence, and is out of the energy of the mind form patterns of his own spirit, that he has made the Universe. I think the more we know of the spirit of God, and the more we become aware of its functioning process for us, the more we will release the power of spirit resident in us, that God sent into the world, by the media which the Bible describes. When we talk about this stream of life we are talking about the Graciousness of God, and the Love of God, and the life of God, three of the most important words that you could understand in relationship to Him.

The whole Universe to the furthestmost extent was created by Him and for Him. The Apostle Paul makes this declaration, and the first verse in the book of Genesis tells us that in the beginning God created the heavens and the earth. Beginnings are only points of origin for the individual creations.

There is one pattern that is more than philosophy, and is a fact, in the proof of existence, that there has never been a beginning for God. That he was before all things, that He has always been creating, always existing, for life and the spirit, and the energy, which is God has always had form and always had existence.

If we could travel to the perimeter of our visible Universe which our greatest telescopes could discover, if we could stand upon a threshold, we would see before and beyond it an ever increasing expanse of creation. We know that the electronic telescope has probed beyond the lenses to

multiply the horizon of our Universe in the last two years by ten times. When we understand the vastness of it all we become also equally entranced with the facts around the smallest and most minute portions of God's Universe. The smallest atom moving in its energy from around the form by which it was determined, its units of energy, its vibratory forces set in motion by His existence, and the rigidity of his law determining all the functions of the things he has created. From the tiniest orbits of the atom to the largest orbits of the solar system, and then to the great island Universes moving through the vastness of space, and God made it all, and God said, it is good.

Through out the vastness of it all we can catch just a little glimpse of the Grace of God when we consider that all of this happens to be, existence of a tiny grain of sand hurtling through space inhabited by creatures and beings. Some of his creation and some of the mutations, and most of all that God would look down on this tiny grain of sand which we call earth, but so infinite small compared to the vastness of his creation, and then go so into this event as to put those of his own spirit, his household, his own children, his race with His own breath of life, in earth, and put it there as an act of Grace.

He put this race there to bring in His kingdom. He put it there to provide a **STREAM OF LIFE** from his throne, to a world now under all the vibrations of destruction, calamity and catastrophe, as it was when the Adamic race was placed in earth. He put it here for a functioning purpose, and to provide what would involve experiences for those who came. When we understand this and we think of the panorama which this Book contains concerning these things which happened before our times, in the environment of violence to show themselves in all times, then we also begin to feel a permanency concerning the Spirit of Life which dwells inside of you.

We want you to remember that the Adamic Race had breathed with in it the very Life of God. But when God placed it in the earth it was to produce a Stream of Life, to plant a Holy seed inside these bodies that men dwell in. And the resulting impact was going to be that they would increase and multiply upon the face of the earth, until the Kingdom of

God, this far reaching kingdom was installing men with the Laws of Life, and the truth of the Laws of God, who were to go out from one end of the earth to the other. This was the divine purpose, and eventually the whole earth would be back in orbit under the **MOST HIGH GOD**.

We have read many times, and it is a knowledge open to all who study all the phases of Theology, that are available to them, that all the troubles that we have today through out the Universe comes from a rebellious spirit who tried to set up the thinking of his mind, and the functioning of his purposes against God. At no time was he as great as God, or to be able to produce creations like **HIM**, but the ego had but one turn and that was, since he could not create, he could only destroy.

And his Universe has been one of destruction, and his creations have been one of disintegration. Thus it was that the rebellious Lucifer gathered together even the hosts of Angelic beings, creatures from planets out in the Universe. He sought in the antiquity of yesterday to overthrow the throne of God. When defeated by the hosts of heaven, the mighty hosts of the **MOST HIGH**, not inhibited, not exterminated, not destroyed or tortured except by the utter evil of error, earth then became his prison chamber. Here surrounded, held back from expanding through out the Universe, here he has mutated what was here.

He sought to change and distort. Here they who came with him also did not keep their first estate, and intermingled with that which was of the ancient creation. Sowed out of the hosts who came with people from other areas of the Universe, here people of earth were to know its great catastrophe ages before your race arrived. That is why we have that Divine verse; God created the heavens and the earth. No time element necessary to put a restriction on how long it took. The Bible doesn't intend to do that nor give you a chronology of the Universe, only a history of your race in earth.

The second verse says; "And the earth was without form and void and darkness was upon the face of the deep" This is speaking of great aftermath of destruction and catastrophe, but it starts a narrative with its symbolism, its allegories, and its vital message; "Unto you it is given to

know the Mysteries of the kingdom, unto them it is not given." So said Jesus: "I send my spirit upon you, the spirit which the world could not receive", so that you can understand the things that went before, and the things that shall be." "For My spirit shall guide you into the knowledge of all truth, and bring all things to your remembrance." Significantly therefore the children of spirit can receive all things of the spirit because their inner consciousness vibrates at the same wave length as God who begat them.

If you were to go into the book of Jeremiah the prophet, in the fourth chapter, you would discover that Jeremiah is given the vision, of seeing the interval between the first and second verse of the first chapter of Genesis. He beheld the earth becoming without form and void, and he sees the catastrophe sweeping over the earth. He sees cities disappear and jungles rising where once civilization stood. He saw the marching feet of great armies and mighty people travelling over the highways which became covered with jungles. He saw uplifting of mountains, and he saw sinking areas of earth. He saw the catastrophe of ancient violations of laws.

There is something about evil, for it no longer functions in the synchronization of the law of life, and the law of form. Lucifer remember could not create, so he destroyed. Remember that, ancient races and ancient struggles for power rocked the earth long before our race arrived. The fact remains that this is why we can still find the isotopes which we could not find in the normal minerals of earth, in their proper condition. On the shores of Western Africa, and on Eastern Easter Island, on the western Pacific, on the shores of the Atlantic and Pacific ocean we see the long volcanic scars running and stretching out under the water, proving that this land was once above the surface of the water. Antiquity in time, the changing forces, the vibrations of error had been translated into action.

What so ever exists in God's Universe, the mind of God perceives, and the mind of God knew, the mind of God put it in form, and that form was filled with the essence of God's purpose, and his being. God looks upon all of it and sees that it is good. Then we turn and see that there was a mutation of it. When Lucifer turned he was filled up with some of the

knowledge of all this, and there is no question of that. He knew how the atom was made, and he knew how to take it apart. We haven't made very many of them but we have taken some apart even in our time, but we discover that as we go into the origin of this that a great catastrophe struck the earth. Whole species were mutated, mongrelised, and that mongrelisation became the law of the era. And what we call sin is merely violation of the Divine law, mongrelisation of the people of earth, and the catastrophe of the evil concepts that existed in that time.

I want you to know that out of all this we can capture a little bit of the nature of God. One would consider that out of the vastness of his Universe, and with all these things which were his creations, that with one rebellious Archangel with the forces of the hosts of heaven having come to earth, and the catastrophes that enveloped this one little globe which is spinning through space surrounded by the hosts of heaven, and then isolated from the rest of the Universe, that God did not reach that far, but

I am going to tell you that the theology of God is so more far reaching than the theology of men, that most men are not willing to go as far as God does. The day is coming when the forces which God has set in motion in this very **STREAM OF LIFE**, is going to get behind as Christ told him to do, and he is going to follow and bow the knee. The day is going to come when Lucifer the Devil, will be no more, and this Archangel will once more serve before the throne of God, and before your family, and your family tree, and victory will come through out all the universe.

When the Adamic race was placed in earth, it was then known as to what was to transpire. In fact even before the foundation of the world God had discussed the necessity of **HIS GRACE**. And when that race was placed in earth, the first seduction of it was the attempt to destroy it by the mongrelisation of it, and it required the intervention of God to stop that process. And then you remember that the catastrophe which enveloped the Adamic family lost for them one of the elements of their own nature, which would have accompanied their residence in earth giving them unlimited power, and unlimited spiritual force, which was the Shekinah Glory of their Father, for the Shekinah Glory of the Father could not

cohabit with the darkness, and it could not be a part of that violation of Divine law, and the original principal expressed in the scripture. This was not the multiplication of Grace, this was an intermingling of this race with the **TREE OF KNOWLEDGE OF BOTH GOOD AND EVIL, THE FALLEN HOUSEHOLD OF LUCIFER AND THE CATASTROPHE OF A SHAKEN EARTH.**

If you were to go into the structure of God's covenants you would discover very quickly that from the beginning, Adam was given an assurance. Adam was told that out of him and this **STREAM OF LIFE** which he possessed was to come the kingdom which He had promised. That there would be enmity between the seed of the woman and the serpent, or the symbol of Lucifer.

As we go down through the course of this Book we see that there is nothing more important than the preservation of this **STREAM**. From the days of Adam down through Seth, for remember that Seth was the acceptable child of Adam and Eve, for when Seth was born then Adam said; I have gotten a man in my own image. True violation of law had taken place, but Seth was the true unpolluted seed of Adam and Eve, and he became the one to carry forward as the progenitor, the Patriarch of your race. And from the days of Seth on down to Noah, we find in this book a listing of this **STREAM OF LIFE**. Great Patriarchs of this race arose in this period of time, men like Enoch and Job, men who walked with God, men who had listened to the voice of God, who had been given instructions above many of those found round about.

Enoch stands out above all others as one who had stood in the presence of the **MOST HIGH GOD**, even to taking a trip to the mighty Crystal Palace of the **MOST HIGH**. Yes, even here in the Mighty Crystal Palace of God's own throne with all the glory and majesty one would expect around the throne of God, here Enoch once stood. And he was here instructed with the things of the Universe and the vastness of it, and of his responsibility as the son of Adam. That he, Enoch the son of Adam, the son of God who was sent to earth for a purpose, was the instruction of Enoch. Then Enoch brought back his message and he told his story. Those were ancient mysteries referred to in the ancient Zohar, and talked

about in the ancient manuscripts of the Kehella. This is a part of the panorama of a race .

I think that it must be recognized that this racial stream continued on down through Seth, and though one of its streams was found in the upper Tarim basin where the family of Noah settled, still it also moved on. The scripture tells us that the violence and evil was always there to destroy the kingdom of God.

The Nephilin; the Nephilin is referring in a unique way to this inassimilable offspring of this diabolical union. It is translated incorrectly in the King James Version as the sons of God saw the daughters of men, and they intermingled with them. It should not be translated as Sons of God , for the Angels were not at any time called 'Sons of God', at no time did he ever say to the Angels, 'thou art my sons'.

In the ancient book of Job where Job was given great wisdom we listen and we hear him say; 'When the morning stars sang together and all the sons of God shouted for joy'. Archangels were morning stars, but they were not sons of God. How was it that in the antiquities of yesterday that there were sons of God there? Because God said to Job: "You were there". And you were full of years, every one of you and the life which resides in every one of you is the Life issue of God.

You were spirit of his spirit, you were with the Father in the beginning, before the world was framed. You have already been blessed in 'all spiritual blessings' in heavenly places with the Eternal before you ever abode in earth. Because the spirit in you is spirit of His own spirit, and you are His offspring. As seed of your own seed, and life out of your own life within this physical body, so also are you the children of God's own spirit. And the spirit preceded the flesh, it did not come after, it was the first.

I want you to realize that as it relates to this kingdom of the Eternal, that the house of Noah was faced with a great problem, inassimilable forces were seeking to absorb and to seize and to marry, and carry off those of this race. It was the design of Lucifer and these evil masters to neutralize

and mongrelise this race. That is why Jesus talked about the elements of our time, and he said it would be as in the days of Noah, when they were eating and drinking and giving in marriage.

Now; there is nothing wrong with these things if they are not abused, and you do not become intemperate with them. And giving in marriage is a custom which has been in the background of Divine blessings up to our time, has the sanction of the church as well. But the way the eating and drinking and giving in marriage was carried on around this environment of Noah was something entirely different, because the Nephilim were trying to absorb this race to mongrelise it, and destroy it.

They wanted to cut the **STREAM OF LIFE** from divine destiny. The results were that the surrounding conditions that developed then brought about the results as to where the flood took place, which was in that area. But it wasn't until after the 120 years of warnings, in which Noah built an Ark, and the people laughed at him because it had never rained very much in that high Tarim basin before this. They had never had a flood there before, and although they had a subterranean sea underneath this high inner valley surrounded by mountains they never knew that was the structure of this bowl in the Asiatic mountains, they never knew that was the structure under this bowl until the waters came.

The fact remains, when the waters did come and the fountains of the deep were discovered as the earthquake cracked the floor of that valley, then the Ark floated, and a catastrophe came upon a great force which had sought to mongrelise and destroy this **STREAM OF LIFE** whose destiny was a steady stream of Life for the earth. And most of those swallowed up were not basically people of your race, they were mutations whom the fallen powers of the fallen Angels, these Nephelims had mongrelised. The Hebrew did not say men it said, Nephelim. When it talks about men the word is Adam., but what was destroyed that day was the Nephilim, the mongrelised society it had produced.

Don't let anyone tell you that all the races of mankind, or all the Streams of Life came out of the three sons of Noah, Ham, Shem and Jacob. For Noah and his wife had three sons, but they were all white as your race

today, but the fact remains, don't try to bring all the racial streams, and all the abominations of the line of the Canaanites, and Hittites down by saying that the sons of Noah went and married someone here, or someone there, and they came and took them by the Ark into the world after the flood. They did not come by the Ark either, for nothing was on that Ark that was not acceptable unto the **MOST HIGH GOD**.

I want you to know that the waters of that flood did not cover all the earth either, the word in Hebrew is Errat, meaning all that place. In fact it never covered the Temple or the great city of **ON** built by Enoch and Job in Egypt, and it never bothered the Egyptians, it never bothered the people of upper China, or Asia until the waters discharged after the great earthquake, and caused an opening on either end of the Tarim basin. Then the waters ran out of the high mountains where the flood had come. And some of that water ran down the Wang Ho river into China and some ran down through Mesopotamia and passed Ur of the Chaldeas, but there was a water mark as to where it came, and where it stopped.

Yes there was a **STREAM OF LIFE**, which came through the Ark, there was also a part of that stream which was still down in ancient Egypt in the city of Heliopolis that were not Egyptians. But when we look out upon the earth and we perceive its purpose we see that one of the great functions of this was that God was selecting a people and carrying forward a destiny. And He poured out Life and He had a purpose within it, and inside this race He had a Seed of Life.

And the Mystery of this seed was that it was a holy seed, and it carried with it the nucleus of Divine Glory, and it had within it the wave length to think divine thoughts. And it was the very Life energy of God himself. I was God himself who was concerned in all this, so was he actually so concerned about this? yes, I would say that he was concerned about this, very concerned. I would call your attention to the fact that he wanted to preserve this **STREAM OF LIFE, AND THAT HE DID NOT WANT IT MONGRELISED**. There is nothing wrong with each and every race today or what remains of each race or specie of it, as far as their race is concerned. But it is definitely a violation of Divine law to mutate this race of which you are a part, to mongrelise it. I would call to your attention t

hat here in the 12th., chapter of Genesis that God called a man whose father happened to be Prime Minister to Nimrod, and who lived in the great city of Ur of the Chaldeas. Here was one of the highest and purest strains of this household who when he was first born had brought a star in the highest heavens, and also there was a conjunction in the heavens which even Nimrod's own soothsayers had witnessed.

It was a conjunction of Saturn and Jupiter which was an astronomical occurrence and had its normal cycle, but upon that night a comet also crossed the sky, and it was thought that this one born that night would be a great leader and someone under heavenly unction, and of course you remember that this one was Abram.

The forces around Nimrod, wishing to retain the Eternal destiny of their so called cosmopolitan, this mixed up city of Ur of the Chaldeas in which people of all races and languages, these forces were out to destroy this child that threatened their hold on this city. But on that night , and into the house of Terah, Abram was born. The order was put out to put this child to death, and we know that to preserve his son that Terah spirited him away and he was raised in some caves where he was taught and instructed by Noah, who was still resident in the earth at that time.

After the boy was past the age of ten years and having been instructed for these years in the household of Noah he returned to his father. And here again it was, the Faith, the background, the culture, and the tradition of this man Abram which showed up in this body. For Ur of the Chaldeas had taken on the Cosmopolitan ways of the world, and the mongrelised, and mixed races live together, and the Imperial power of a rising Ur, was so great that inside this city of Nimrod, they had adopted the gods of Asia and the gods of the surrounding people. Abram however had been raised as a son of Faith, this racial stream of significance of which God had told of the significance of it in the ancient past, as to the raising of such a son.

Even in the time of Enoch, who reports in "The Tower" that there would be coming forth of such a son, who would be called to the Father, to carry forward the destiny, an in whom he would make a Covenant to multiply his seed, as the sands of the seashore and the stars of the heavens, it is

most significant that Abram went into his fathers idol temple one day and chopped up all the idols with an axe. And before the anger of this situation he did not wince. His father came in and in anger said; 'why did you do this thing, why have you chopped up our gods? Know you not that Nimrod will require your life? Know you not that you are in great danger?' Abram said; 'Oh, my father, how could I do this, How could I destroy the gods, I merely brought in some rice and other foods and they fell to fighting, and that is what happened.' The father said; 'You don't mean to tell me that these gods of wood and stone that we made with our own hands could do anything like just what you have stated? '

Then Abram said; 'My father, if these gods have no power to do anything, and we have made them from wood and stone, then why do we worship them?' Abram remained in that land until God called him. In the 12th chapter of Genesis then God said; 'Abram get thee out of that country, and from thy kindred, and from thy father's house, and to a land that I will show thee, and I will make thee a great nation, and I will make thy name great, and I will bless thee, and thou shall be a blessing, and I will bless them that bless thee, and curse them that curse thee, and in thee shall all the families of the earth be blessed'.

Abram did exactly what God told him to do, he gathered up his household, his flocks and he left. I would turn for a moment for God had made it very clear that He had a great prose for this man Abram. In the 17th chapter of Genesis I read these words; 'When Abram was 90 years of age, I want you to understand that when I say a **STREAM OF LIFE** I mean life, pulsing, vibrating life, the life of God, the life that God can activate, life that nothing can upset. Well Abram was 90 years of age and then 99 years of age, and **YAHWEH** then came to him and said: I am Almighty God, walk before me, and be perfect for I am going to make my covenant between me and thee, and I am going to multiply thee exceedingly.

Now; when a 99 year old man is told that he is about to have a genealogy emerge from him this is an amazing thing. I will make my covenant between me and thee, and I will multiply thee exceedingly, and then God said: "Behold , my covenant is with thee, and thou shall be a father to many nations, neither shall thy name be called Abram any more, now it

shall be Abraham, a father of many nations. I will make thee fruitful, and many nations shall come of thee, and kings shall come out of thee and thy seed after thee, in their generations for an Everlasting Covenant. I will be a god unto thee, and thy seed after thee.' I want you to remember this because this is one of the most important heritages that you possess. God Almighty said; "I will make My covenant with thee, and thy seed after thee." It is not conditional, it is an unconditional covenant.

I want you to pause with me for one moment and turn over to the writings of the Apostle Paul concerning this covenant. It has great significance because a great number of people try to set this aside on the basis of an error or mistake, or transgression that might have been committed by some of these people. (Gal: 3;16)

Now; to Abraham and his seed were the promises made. He saith not and to seeds as many; but as one." This seed was that which was to come forth out of Isaac. Now; and this I say that the covenant which was confirmed before **YAHWEH, IN CHRIST**, the law which was 430 years after cannot disannul or set aside, that it should make the promise of none effect, for if the inheritance be of the law, it is no more of promise, but God gave it to Abraham by promise. And inheritance my friends, is by Seed, by Fatherhood. This covenant with Abraham was the acknowledgment of the seed line of the Adamic race which carried the holy seed, the covenant was made with his seed after him. And the Covenant which was made before God himself, through the embodiment of his spiritual seed, He was not going to permit it to be set aside.

Now; I think this is significant, "I shall establish my covenant between thee and me, and after thee with thy seed through all their generations." Remember the **LORD** had visited Sarah, and then Sarah had her son. The **LORD** had a Covenant, and although Sarah laughed at the idea, still she bore a son because of this destiny, and the son was Isaac, and I read here in the book of Genesis 21:12;"In Isaac shall thy seed be called". Irrespective of what people try to say about the seed of Abraham, and his many nations, we are told plainly that "In Isaac shall thy seed be called". So only out of Isaac, and then I turn here to the two sons of Isaac, Esau and Jacob, and I will not go through all the violations of Divine law which

occurred, but I will tell you that one of the reasons why Jacob became the carrier of the holy seed, and Esau did not, was because Esau was rejected as this carrier, you find this in the 26th chapter of Genesis. "Esau was 40 years of age and he took a wife, Judith, the daughter of Beeri the Hittite, and Bashemath the daughter of Elon the Hittite, and there was much grief of mind in Isaac and Rebecca."

Why this grief, they knew that their son had married 2 Hittite women, of the Canaanite and Hittite line, and these women belonged to the ancient lines of people and Empires who had been existent in the earth even before the Adamic race. And they knew that the Hittites were a part of that fusion of the ancient Nephilim, and this was no acceptable unto God, thus this was a great grief to Isaac and Rebecca for now this son of their had married outside of his race, and by this process he could not carry forward , this **STREAM OF LIFE**, for the betterment of the earth.

This left Jacob, and we discover that the **LORD** accepted Jacob and remembered his promise, as he said to Abram, "Thy seed shall be as the sands of the seashore and the stars of the heavens, and thy seed shall possess the gates of the enemy, and in thy seed shall all of the nations of the earth be blessed, because thou has obeyed my voice." This was the promise made to Abraham then repeated to Isaac and now once more confirmed to Jacob a God gives this experience to Jacob. Then in genesis 28:3; God says to Jacob after he had his dream, and saw a ladder running up to the heavens, and then the **LORD** stood before him and said: 'I am the LORD God of thy father, I am the EL of Abraham, and of thy fathers and this land in which thou lieth I will give to thy seed and thy seed's seed after you.

Let me tell you this, the covenant was again confirmed, this time in Jacob. 'And thy seed shall be as numerous as the dust of the earth. They shall spread out to the east, and to thee west, and to the north and to the south, and in thee, and in thy seed shall all the families of the earth be blessed.'

The Stream of Life - Wesley Swift

CALLING THE PEOPLE OF BRITAIN

At last the bible makes sense!

At last we know its meaning.

Its the book of the RACE
