Our German Christian Brothers are Searching For Their True Identity Within The 12 tribes of Israel

Two members of Orange Street Congregational Church, London, were privileged to have been invited to the German annual Christian identity conference held at **Haus Sonnenblick** (a Christian establishment – see photo above) in the spar town of Bad Teinach (cover page) set in the beautiful countryside of the Black Forest. This was a 5 day conference held between 27th October and 1st November 2007.

The proceedings were ably organised and presided over by **Heinz Mohrlock** (Top left Next Page). The first meeting of the day on Saturday evening was given over to welcoming the attendees, with every individual being personally welcomed by the chairman and everyone being given an

opportunity to say where they were from. As well as the two English members from Orange Street, the BIWF were represented by Michael Clark (President) and his wife and David Aimer (Secretary). There were others from true Israel countries, such as Holland, France and Switzerland. A number of people attended as day

guests and over the conference period it is estimated that some 150 people attended. Unlike here in the UK, it was good to see that all age groups were represented.

The theme of the conference was the House of Judah and the House of Israel. The English attendees were impressed by the quality and in depth knowledge that our German cousins had of the scriptures. One of the highlights of the conference was a lecture given by **Ria Splinter(right) of Holland**, who is known to a number of our readers, gave an outstanding lecture on the identifying marks of the

House of Reuben, the House of Levi and the House of Judah. It is too long to be included in this edition of the Ensign but it is hoped to reproduce it in a future edition.

Readers of this magazine will be interested to know that a special edition of the Ensign in the German language was produced, consisting of an article by Bertrand Comparet titled, “The Miraculous Origin of Our Race” and a small booklet, also in German, by Eli James, titled, “The Grand

Deception”, 60 copies were taken and all were gratefully taken. The German members of the conference were very appreciative of the fact that we had brought something in their own language and were thrilled to see all the flags displayed on the Ensign, especially the European ones.

The other highlight of the conference was an address given by Michael Clark, which was preceded

with a PowerPoint presentation by David Aimer on the history of the BIWF. Michael Clark’s lecture was on the Throne of David and much impressed the German audience, so much so, that the English present were called to the front to sing the National Anthem. The

German audience had many questions for Michael Clark, (**Photo on left - Michael Clark with translator Hans U. Hoster to the left**) such as to how did the Stone of Destiny get to England.

Altogether there were 17 lectures over the conference period, the English contingent were grateful to the organisers for having arranged for the lectures in German to be translated into English by Hans U. Hoster and Wolfgang Gassler, which added to our ability to take part in the proceedings.

The English contingent were very impressed by the great amount of prayer involved in the proceedings; each day being spent in prayer before breakfast, with a bible reading before meals with grace said before

and after each meal followed by prayers before and after each lecture. Because of our German cousins' faithfulness to the Lord God of Israel, their proceedings have been very much blest with each conference going from strength to strength.

There was also an opportunity to relax in the warm thermal baths in the village and to take a stroll through the beautiful parkland at the edge of the Black Forest or to visit the local Lutheran Church with its painting of the 12 tribes of Israel.

There is an especial invitation, from the Chairman, Heinz Mohrlock, to those readers of the Ensign Trust Magazine who might be interested in attending next year's conference to come along to Bad Teinach. The date of this meeting will be on 23rd October to 28th October 2008, for further details contact:-

Those of our readers who speak German are recommended to contact Dieter Brown who has a lot of interesting books and magazines and other media formats in the German language relating to our Israelitish heritage – see advert on the left. He also publishes Germany's own Identity Magazine "*MorganLand AbendLand*"

Unfortunately, time passed all too quickly and it was soon time to say our farewells and start off on the long drive back to England on a brilliant sunny day amongst the spectacular autumnal colours of the Black Forest.

This was the last Bad Teinach meeting in the Black Forest, as Heinz Morhlock met an untimely death, under very suspicious circumstances. It must be said that Heinz was very successful in proclaiming the identity message across Germany, with more and more German folk coming to a knowledge of their true identity through his ministry. His demise was a great loss to our German brothers. The enemy had to act fast as Germany coming to a knowledge of who they are and who the true enemy is, This is a subject for another booklet.
