ILLUMINATI SIGNATURES ON LONDON

AN EMAIL POSTED EXACTLY AS RECEIVED FROM A SUBSCRIBER IN AUSTRALIA - further food for thought: It also happens to be 11 months after the London atrocities that they plan to release The Beast movie on 6/6/06.

Remember the Big Ben clock stoppage in London that the news media made so much fuss about?

Here are the interesting numbers plus the stoppage's relationship to the 7/7 attacks.

1. The clock stopped at 22.07 = 11.
2. It stopped again at 22.20 = 6 or looked at another way 111 x 2.
3. The duration of the first stoppage was 13 mins - 22.20 minus 22.07.
4. The duration of the second stoppage was 90 mins or 3 x 3.
5. The date it stopped was 5/27/2005 and when added together = 39 or 3 x 13.

The number of days between 5/27 and 7/7 including only one date is 41 or 1 month and 10 days or an 11.

Including both dates the time span is 42 days or 1 month and 11 days or a 111.

Also the 41 day method yields a 5 and the 42 day method yields a 6 and so, added together 5 and 6 yields 11.

So, they get multiple 11's using either method.

11 is the number for their christ or the biblical Antichrist.

Add these numerical features to the ones already posted and it would tend to support the contention that it has all the hallmarks of being orchestrated by devotees of the evil one.

London Explosions: 777

Of course there are many conspiracy buffs all over the Internet that recognize the 777 signature of the London blasts ($2+0+0+5=7$: 7-7-7), but there are far more sinister ‘signatures’ on the event.

If you are not yet familiar with the significance of the Illuminati signature on major world events, see the Numerology Category in this blog, or download the Occult Report.

Early BBC reports claimed there were 7 explosions, but this has now been revised to 4. Early reports also claimed 11 buses, 7 tunnels and 33 dead, but these have of course now been revised.

So what other signatures are evident in this event?

Before I get on to them, I believe this incident was also engineered to justify an imminent invasion of Iran and / or Syria, which is no doubt currently being discussed by the G8 leaders meeting in Scotland. Their excuse will be the fictitious ‘War on Terror’.

First, let’s analyse some of the dates of previous events.

Exactly 1 year 1 month and 1 day after September 11, 2001 we had the Bali Bombings on October 2, 2002.

June 30th, 2004 was declared Iraq’s “independence day”, which is 111 days after the Madrid train bombing on March 11, 2004.

1 year 1 month and 1 day after the London Bombings takes us to August 8, 2006.

111 days after the London Bombings takes us to October 26, 2005.

11 months and 1 day after the London Bombings takes us to June 8, 2006 (it might have been even more interesting if it took us to June 6, 2006 (6-6-6)).

Now Let's Look at the July 7th Date

London Explosions on July 7, 2005 – Elapsed Time From Other Events
15 Days (or 360 hours) to go till July 22, 2005.

193 Days (0 Years, 6 Months, and 11 Days) since the SE Asian Tsunami
on December 26, 2004.

444 Days (1 Year, 2 Months, and 18 Days) since the aborted attack on
Chicago's Sears Towers. (Also see Dirty Bomb Plot on Sears Tower
Foiled.) This attack would have been 911 hours after the Madrid
Bombings).

483 Days (1 Year, 3 Months, and 26 Days) since the Madrid bomb blast
on March 11, 2004.

517 Days (1 Year, 5 Months, and 1 Day) since the Moscow Metro
bombing on February 6, 2004.

840 Days (2 Years, 3 Months, and 17 Days) since the invasion of Baghdad
on March 20, 2003.

1009 Days (2 Years, 9 Months, and 5 Days) since the Bali bombings on
October 2, 2002.

1396 Days (3 Years, 9 Months (3 x 3), and 27 Days (3 x 3 x 3)) since
September 11, 2001. (Note that this calculation - 1396 days - is only valid
if you take the time difference between the UK and US into account,
otherwise the difference is 1395 days).

6042 Days (16 Years, 6 Months, and 16 Days) since the bombing of Pan

Am Flight 103 which took place on 21 December 1988 over Lockerbie, Scotland.

At 1333 (BST) US President George W Bush, speaking at the Gleneagles summit in Scotland, condemns the attacks, saying that the blasts show the war on terror must continue.

So there certainly appears to be a strong ‘signature’ on this event.

The Apparent Al Qaeda website which has claimed responsibility. (There was still the matter of the fake al Qaeda website. The DNS was still **Pointing to an Internet Service Provider in Maryland, America**. The Israeli intern had, according to one duty officer who speaks fluent Farsi and classic Arabic, done a poor job of the grammar and had even misquoted the ayahs selected from the Koran. MSNBC TV translator Jacob Keryakes was already saying that al Qaeda would never have posted a statement on a secular website and that the claim of responsibility contained give-away errors. The whole thing is phoney, he scoffed. “This is not something al-Qaeda would do,” he said. From rense.com.)
