**T**HE ELECTION IS OVER BUT POLITICKING STILL GOES ON, heard Arthur Schlesinger (Remember him?) propose a move to abolish the office of Vice President. He thinks this move will gain ground after the Inauguration of Vice President Dan Quayle. Mr. Schlesinger feels that the office of Vice President makes people less prepared to be President than they might have been before being elected to that office.

He suggests that without a Vice President then if a President were killed in office, a special election could be held to once more fill that office. **MY! MY!** how convenient for the political party in power in the House of Representatives, for the Speaker would of course fill the office of President, so really no hurry for the election. Then the head of the Senate would be next in line so of course in this case then the Legislative body could also control the executive branch of the government.

The idea of Dan Quayle being Vice President sure disturbs those old builders of what they thought of as Camelot. There is also much criticism of Barbara Bush, she must wear different clothes, and colour her hair, and this idea of being seen so often with the grandkids must stop. Did you know that on vacation when the kids and grand-kids come to visit, that the grand-kids are allowed to come and jump in bed with Barbara and George. **MY!** that isn't done in America anymore. This family image has changed, or has it???

Why the fuss over the nomination of Governor John Sununu of New Hampshire as the Chief of staff for the New President? His father is Lebanese, his mother Salvadoran and he was born in Havana. He is a Conservative American citizen, a Republican, an engineer, and was a College professor. Is rated as a good Governor, but he is also ARAB in his background, and is active in the American Arab Association. Back

when the United Nations resolution branded Zionism as Racism, the only Governor who did not jump up to condemn this resolution was Governor Sununu. His reason was that he did not think Governors should sign a resolution trying to influence policy.

Told you last month that Clyde Holloway was targeted for defeat because he came forth with that bill to defeat the Senate bill that would make the Federal Government in control of All Babysitting mandatory. Well, Clyde Holloway, a freshman Republican won a great victory, 57% to 43%, in the November election. He defeated a liberal pro-abortion feminist, a black lady, in a Forum members really worked on that one.

Gorbachev's visit, He was stressing a 'New Order'. We also know that behind the Iron Curtain there is much unrest in the conquered areas as the people rebel. We are told that food is very scarce in the Soviet Union. This is the gravest shortage in history, so says John Coleman. In Armenia where this massive earthquake struck this December, when Gorbachev was here to address the U.N.

There was not only an earthquake but an after shock of almost the same magnitude, thus this has caused so much damage, but this unrest in Armenia was also about food shortages before the quake, so must be much worse since then. Dr. Coleman tells us that there has been much back-channel negotiations going on between the International money men, Armand Hammer, the Rothschild banking Dynasty and David Rockefeller, the pro-Bolshevik supporters on one hand and the Kremlin on the other hand.

The issue is food and finance of which the USSR is desperately short of. Food is scarce everywhere for even here in the U.S. for the first time in our history we produced less food than we consumed last year. But the International boys had demanded that the Kremlin leave Gorbachev as Leader of the USSR, and they will supply the food and money needed. Gorbachev thus seized the moment and grabbed more power and was hoping to strengthen this power by his visit to the U.N. and the meeting with President Reagan and Vice President Bush. Then this massive Earthquake caused his visit to be cut short. Now; if the U.S. cannot supply

the grain then if it has to be brought from other nations, then the Illuminati conspirators will bring their financial clout against those nations and their tax payers like they do against those in the U.S., for cheap food for the USSR.

Thus once again just as it happened in June of 1942 when Stalin was faced with a grave crisis, the U.S. and Britain will again be required to once more aid the communist nation. If the Christian nations had not come to the aid of the communist nations then communism would have been no more. Today the Christian West is being required to be a Patsy. In the words of Armand Hammer sometime ago: 'Food will be in the 80's and 90's what oil was in the 70's.

Those who control food will dominate the picture. The big Grain Cartels now dictate the grain prices, keeping them low until they have the grain in their hands. Then the American consumers will face new food prices in a hurry. This plundering of the food supply in the nations behind the Iron Curtain as the food is then sent to Moscow we are told, has caused much anger and resentment which has reached a boiling point. That is the story leaking out to the Christian West.

Now; Gorbachev talks of a New Order, then on the program '60 Minutes' on December 4., an interview was taken with the man who is trying to buy the controlling Interest in all the Business world of Europe. He was born of Jewish parents in Czechoslovakia, and of course his parents were lost in the Holocaust but of course he survived. He stated quite emphatically that he believes that, **BEFORE 1992**, all Europe will be One Country, one language, one money system, but this is their World Government, out in the open is it not?

I thought that if the U.S. dollar and the English language was used then that would make it more appealing to the U.S. and Britain would it not? Nothing was said about religion but of course you know what would be pushed. This gentleman is so rich money is no object. He is also a friend of the Royal Family in Britain, and as of today he has thousands working for him, and they are of course well treated at this time. The Metric system will of course be the schedule of weights and measures, for this Atheistic

World Rule. This metric system was dreamed up in 1776 at the time the Illuminati was formed. But this system has proved of no value for France in Peace or War. In the end any action which endorses it loses its sovereignty in the end. The Pyramid inch is the measure for Israel, and here those your enemies are trying to form their type of World Government, for the Christian west and are pushing every program which is against the program of God's Kingdom. Will it Succeed????

Well the Prophet Micah tells us: 'Thou shall go even to Babylon, there shalt thou be delivered; there the LORD shall redeem you from the hand of thine enemies.' Old Babylon was also a symbol of World Government. Are we seeing prophecy fulfilled? At least we are seeing the manipulators more open with their plan as well as jockeying for the place of leadership of their system of World Government. Nostradamus said: 20 years of Republican rule, then chaos as things are straightened out. Since the sign in the sky Feb. 4, 1962., there has been 8 years of Nixon-Ford, and 8 years of Reagan which equals 16 years, thus 4 years of George Bush would equal 20 years. Interesting isn't it? We need to do what we are supposed to be doing at this time and then watch the Almighty deliver, in His time.

Apartheid is said to be bad for South Africa, but did you notice that it is O.K. for some other countries. We tell you that the white man must rule in South Africa or the white people will be wiped out. The more concessions the white people make the more trouble they have. This is just a fact of life. There is no satisfying some people. Incidentally if you think you have seen the last of Jesse Jackson don't count on it. He plans to take over the Democrat party and be their nominee in four years, and the ultra Eastern Liberals will help him accomplish this.

Mr. Will Loy, remember, said that the years 1987-1988 and 1989 would be 3 very fateful years. He now sees us moving toward some kind of conclusion that will come in 1990. He sees 1989 as the year of the KGB in Russia. As they pull their troops out of Afghanistan and Angola he sees the Kremlin sending in Bears in Trench Coats, in other words they are shifting strategy and will rely on espionage now to achieve their world objective. However he sees the Eagles in Trench Coats pouring out of the U.S. to take the necessary steps to defend America. Mr. Loy says that he

does not consider the National Debt as a great problem even though Politicians have such a fit about it. He sees this as only a push for more taxes. Incidentally did you notice that Congress is manoeuvring once more to raise their salary so no wonder they think we should have a tax hike.

Mr. Loy sees an Eagle in a space suit floating in the blank space above a blue and white earth. The Eagle has the number 89 on its helmet, and it is flashing a victory sign. Mr. Loy also says this:.(Quote) I now speak as a prophet of God. Thus saith the LORD. The United States of America and its people are precious in my sight, for I have chosen them to come to me, and serve me in the heavens. (unquote).

Now; more about our National Debt, by Howard Freeman. Under our Constitution we are a Republic, and this is our Flag. Then our founding fathers being human made one mistake, even though they gave us a great Constitution. However one unit of our Government was given permission to control the money of the ULS. And they justified Usury which is contrary to God's Law.

We have a Constitutional Republic with three branches of Government, and Article One describes the Legislative Branch. Article Two describes the Executive Branch, and article Three the Judicial Branch. This is the U.S. of A., that we all Love. But there is also a flaw here, for Congress was given the exclusive rule over a body of people called the **DISTRICT OF COLUMBIA**. And when a governing body has exclusive rule over a people then you have 'a nation within a nation'. Thus we have Two Governments and Congress was given the exclusive rule over the 'nation within our nation', they make the laws and enforce the laws and judge their own laws.

Here then we have a Legislative Democracy. Here you see that man by himself always slips up somewhere and the enemy has their foot in the door. The Republic was based on the common law, and substance such as gold and silver coins for currency. No authority was given in the Constitution for the Republic to borrow, non-substance, thus bank credit is not substance. But here we have this Legislative Democracy and they borrow money but they are also the ones that owe the National Debt which

they talk so much about. So they had to find a way to trick the United States tax payers so the people would thin that they are responsible for the National Debt. So they came up with the plan of Regionalism. They divided the U.S. into Regions, this was done by the planning of the CFR and so forth using their influence in the Congress of the United States. Thus this divided the United States into regions and it was the work of this 'Nation within our Nation'.

Each of the States has its Constitutions and no authority was given by the Constitution to use these evil statues against the citizens of any of these States, for their Constitution prevents Congress from enacting any penal contract against you, in any of the States. But Regional government was set up, and the 50 States was divided into 10 Regions. Thus what the Government creates, the Government controls, and the Congress is now extended to control over these Regions.

The first abbreviation of States is for that State, but for instance, M is for Michigan, but if you now use MI for Michigan instead of the original of MICH., then you are not claiming your Constitution, for the Post Office now says that if you use just those two letters, MI, instead of MICH, then you must use the Zip Code.

Turn to the Zip Code directory and you read that the first letter of the Zip Code is the Federal region in which you reside. By using just those two letters of Abbreviation you are now directly under the Zip Code statute of Congress, and you are now subject to Congress, and if you go into Court you are subject to a different rule, for you are no longer common law, your jurisdiction now is Admiralty. Hosea 4:6-8, 'My people are destroyed for lack of knowledge; because you have rejected knowledge, I will also reject thee, that thou shall be no Priest before me; seeing thou hast forgotten the law of God, I will also forget thy children.

As they were increased, so they sinned against me; therefore I will change their glory into shame.' We have been tricked into a debt obligation that we do not owe. When that news is understood these International Bankers who think they own the world, who are ready to foreclose on the world, they will find they only own the District of Columbia and they can have

it, national debt and all ten square miles of it. Then if this be a jubilee year then when that news gets out, if God is now going to move this is when you would expect Him to do it. I think this is the last election we will ever see, but this wind up will not happen all at once, or even this year, for we have more years to run but his is to bring the last of us to repentance.

A lot of our people out there are still content to be slaves as long as they give us a six pack, and let us watch the ball games. They are good people but they need a little more pressure to bring them to a certain point. Something like that which happened in Ancient Egypt is needed, for they built blocks for Pharaoh, and keep on building even in conditions that were very hard, but when he said now you will have to gather your own straw for the bricks, that was the last straw and they rebelled, and God provided Moses and took them out.

I thought that Mr. Freeman had an interesting analysis of the situation, for we have always said that we do not owe the National Debt, it was borrowed from the Money Men, so cancel it. Even when you borrow the money from them to pay their interest it doesn't dawn on people what is going on. But one of these days it will dawn on them and then watch out!

**Until next time, May Yahweh Bless**

## Dr. Wesley A. Swift

Dr. Wesley A. Swift, the son of a Methodist minister, was called to preach in his teens. He was a dynamic, inspired speaker who taught uncompromising Biblical truths ignored by modernist ministers.

His anointed preaching brought forth a high spiritual dimension of understanding to the Kingdom Identity message, giving “life” and “power” to the Sacred Word. Even the antichrists acknowledge that, “Wesley Swift is considered the single most significant figure in the early years of the Christian Identity movement in the United States.”

Dr. Swift founded the Church of Jesus Christ – Christian in the 1940’s, a ministry that spread the Kingdom Identity message nation-wide to YHVH’s Children, the White spirit-race known Scripturally as “sons of God”. By teaching these truths

to true Israel, this warrior-priest put fear in the hearts of the enemies of Christ. Following Dr. Swift’s death in 1970, his widow Lorraine Swift faithfully carried on the Church of Jesus Christ – Christian. We are highly honoured to be able to continue Dr. Swift’s work, by placing those works that we have in print here on our web site ...preserving and earnestly contending for “the faith which was once delivered unto the saints”...for any and all to read.

We, at the Covenant Church of Yahweh hope that you will study, enjoy, and appreciate Dr. Wesley Swift’s works.
