IF YOU HAVE BEEN THINKING THAT THE GOVERNMENT IS BOGGED DOWN BY THE IRAN-CONTRA AFFAIR; don't be fooled by that Charade. Behind the scene they are busy as usual, passing the buck, and spending it.

We are seeing false information being sold to the American people as true, thus as always. There are strong opinions on both sides of this question, one being that the world would be a better place under a One World Government, while the other side believes in a strong America able to protect herself. President Reagan's statement that the SDI program is not for sale is not acceptable to the other side. Both sides in this issue are represented in his administration, and since he took so many 'foxes' into his administration to begin with, then all the holdovers from other administrations who were already there, it is hard to hold any edge of power.

Now; according to Pat Buchanan, who is now on the outside of the Administration, President Reagan thought the administration should block the extradition of Karl Linnas. the Estonian who fought the same enemy we have been preparing to fight, namely the Soviet Union. The Attorney General tried to send Karl Linnas to another country instead of the Soviet Union. But certain FBI agents dragged Linnas aboard a plane and took him to Soviet occupied Estonia. But what about that little country, and its place in history?

Estonia was invaded by the Soviets in 1940, many enemies of the Christian west were placed in charge of the Baltic countries now behind the Iron Curtain, and those officials murdered, and deported to Siberia thousands of Chirstians. In 1941 the Germans drove the Red army out of that area and the Estonian people treated the Germans as liberators. Then many of the Young men of Estonia joined the Waffin S.S. and fought against the

Bolsheviks until the end of the war. So why was it possible to force the Attorney General of the U.S. to strip Karl Linnas (67) of his U. S. Citizenship and have him deported? Well in 1978, Elisabeth Holtzman (then a congresswoman) produced a bill providing for the deportation of alleged 'war criminals', to the Soviet Union, the reason being that they failed to fully reveal service in the German Allied forces during WWII.

This bill was quickly passed and became law. Thus Edwin Meese was forced to bow to this law which the Press never called attention to. Where do we get such laws? From the congress which has a predominance for lawyers as members. Congress then makes vague laws, which makes for more lawsuits. God's laws are clear and to the point, not to mention that they are much fewer in number. In Washington D.C. one out of every 23 people are lawyers, while over 50% of the congress consists of lawyers. Did you know that the nations with the Most Attorneys have the slowest growth rate?

With the Iran-Contra affair being front page all summer, that is covering up another scandal which is ready to be brought out, but the powers that be do not want brought out this truth for the people might explode. This deal is about the truth of the Panama Canal Treaties swindle. The assumed power by President Carter. In fact President Carter dictated final approval without Senate concurrence and slightly different versions of the treaty surrendering the Panama Canal Sept., 7, 1977, signed by President Jimmy Carter, and Panamanian 'Strong Man' Omar Torrijos. Different enough to be crucial the first time, and every time an international crisis occurs in Central America, and the Caribbean.

We will bring you more on this scandal next time, but remember that: The Constitution may be by-passed for a while, and invalid treaties filed away temporarily, but not forever; some day they will be back to haunt, invisible to most, but not to those who know. How soon can this scandal be brought out to the light of day with the Iran-Contra affair being dragged out is to be learned. Admiral Moorer also revealed that, back in 1977, it was clear from intelligence reports that Panama fitted in the grand scheme of the Soviets to project Marzism into the Caribbean through the Cuban connection, and it was quite clear throughout that very few members of

Congress had any concept of the long range implications of these Treaties on the security and propriety of the U.S. While they have not found a smoking gun in the Iran-Contra affair there are said to be two in the Panama Canal swindle.

Now; the attack on the USS STARK, our naval vessel in the Persian Gulf, no doubt we are not being told the whole truth here either, for maybe it was not even an Iraq missile, maybe a deliberate attack to force the U.S, watch this situation for more developments. We are told that the Campaign against Kurt Waldheim will go on until he is ousted as President of Austria. It seems that the Conservative Newspaper, 'Kronen Zeitung', of Austria, declared that if Israel and the Jewish congress continue to interfere so massively in Austria's domestic affairs they will only achieve the opposite results from what they want, as they should realize from their attempt to destroy Kurt Waldheim'. Well it seems that others have plans to prove this is not true.

As you know Pastor Butler and Pastor Miles were arrested and charged with Sedition, which means trying to overthrow the government. Remember in 1944, Christian Patriots were accused of the same thing. 30 people were charged then and after a year the cases dismissed. Bob Miles has had 3 heart attacks, and is not well we are told. And Butler suffered a heart attack the day after his arrest, he has had Quadruple by-pass surgery and is now recuperating in the hospital. Why were they arrested? Surely you can figure that one out.

From the World Economic Review: Will George Bush be President soon? Persistent rumours, are reaching the paper in an ever increasing number, the gist of which is that George Bush will shortly be occupying the Oval Office. No details have been given, but it seems that following the Iran Arms scandal, President Reagan is being urged to step down in favour of Bush. According to Washington sources heavy pressure on Rudolph Giuliani, the U.S. Attorney from New York, the same man who is prosecuting the Wall Street 'insiders' connected with the Lambert family, to drop charges against Israeli General Abraham Baram, who was caught in a 'sting' operation trading arms designed for Iran. President Reagan has told Edwin Meese that there must be a 'full disclosure.' Hence every effort

is being made to get Reagan to step aside so that Abraham Baram can be let off the hook. Meantime Stephen Trott, Meese's investigator is reported to be digging a hole for president Reagan to fall into if he won't step down. The next few month's will see whether that will happen as is being widely rumoured.

Now; in the scripture Job talks about: it would be that the enemy would write a book and tell us what they plan to do. Well they did just that and the book was 'The Soviet Military Strategy'. This is a part of W.W.III, the inevitable conquest of the whole world by the 8th, and final power of prophecy. In 1963, that book was available, also the one entitled 'Soviet Psychological Warfare,' The Pentagon had those books, and they mainly mention it is the U.S., Britain and Germany which are to be wiped out. Thus the battle will continue although they have not quite reached their goal as of now. But think a moment, the Pentagon had those books back in the early 60's and yet men supposedly doing the work for the U.S. went ahead and destroyed the armament of this country until by 1973 we had to go for appeasement as we could not protect ourselves and yet today with some of the same men still in congress they whittle our defences down when ever they can. And you hear constantly that we must make an arms pact with the Soviet Union or we cannot survive. Those men know who is behind the Soviet Union, who gives them their power, and yet they do not stand for the United States.

The International Bankers know that money is not wealth, they can print it all day long, so they must take your goods and redistribute them to bring you down. This could be one reason for our troubles.

The Hymnal editor for the United Methodist church has commissioned 13 hymn writers to write songs giving God feminine qualities. Always someone is worrying about the Bible or God not being kind to women, that they are forgotten in the Bible. But we believe that God placed man over woman in the hierarchy of the family and community government, but he gave to woman the highest office, to be the bearers of his children for the kingdom. Fulfilling this high and holy calling she is of all creatures most blessed. One with God, woman is able to exalt her real self, and that of husband and family and nation. It remains indisputable, the hand that

rocks the cradle is the hand that rules the world. Unfortunately fewer and fewer women are rocking the cradle for they have been led to believe the lie that damns. All too often the family is rocked because the woman must go out to work to help support the family, this is the program of the enemy of the kingdom. When this is allowed to happen then mothers have bowed and denounced their glorious liberty to be the daughters of the MOST HIGH. How long Israelites will you let the enemy sidetrack you?

Until next time,

May YAHWEH bless.
