## **V**ICE PRESIDENT QUAYLE AND HIS ADVISORS ARE TURNING INTO THE MAJOR PLAYERS INSIDE THE ADMINISTRATION SUPPORTING THE SDI PROGRAM.

Brent Scrowcroft is clearly the most important staffer against the SDI. This is to be expected of course. Also Arnold Kanter whom Scrowcroft recruited from the Rand Corporation is also against SDI. President Bush is said to be undecided, therefore it is up to Quayle and his advisors to bring their influence to bear, on the thinking of the President. No wonder the Press is still against the Vice President, and belittles him whenever possible, although the President seems to be trying to educate the Vice President to fill the bigger shoes.

What is the truth behind the development of what is called 'Cold Fusion'? Will Loy thinks, and I agree, that there seems to be a big cover up. Big money interests will do anything to stop the development of this 'Cold Fusion' Why? because this is an inexhaustible power source with very little radio active waste, and no pollution. Big names are discouraging the belief in this source of power, just as nuclear energy was discouraged. It is a political football today with no thought as to what the cheap source of power would do for the company and the people of our nation.

Mr. Loy thinks the Battleship 'Iowa' was a victim of Sabotage. **WELL**, there has now been three so called accidents in a row. Mr. Loy suggests that the KGB has mistakenly believed that the United States had something to do with the sinking of their experimental Submarine off the coast of Norway just recently.

The rise in gasoline prices was not caused by the oil spill in Alaska, there are other reasons behind this rise in price. One is to feed inflation so as to destabilize the Bush Administration.

Col. North was convicted on three counts, which was a disappointment to many people. But the North Conviction is a very complicated political affair. It will be years perhaps before the court will settle if ever this question, did the Congress infringe on the Presidents power for forming foreign policy? But this Colonel Oliver North, a dedicated, first class fighting man, with purple hearts on his Khaki breast, a Bronze Star, the Silver Star, that was his role in life,

He served his country to the best of his ability. But if his vengeful and vindictive foes have their way, he may never wear his uniform and ribbons ever again. They would like to see him imprisoned, a felon deprived of the pension he has earned. Col. North was convicted on count Six for 'aiding and abetting' in the obstruction of Congress. On count Nine he was charged with illegally destroying documents of the National Security Council in 1986. But you should remember the nature of these documents, for they involved Intelligence sources; they involved other nations that responded under a pledge of confidence.

In the hands of the Presidents political enemies the documents amounted to abandoned weapons. Then there was count Ten, this hurt the most. This was the charge that Col. North accepted the \$13,800.00 Security Fence for his home in suburban Washington. This was foolish, but was it criminal? Was it the kind of conduct one should be sent to prison for? His wife and children remember were in great danger, he understood this, and also on his Marine salary he could not afford such security **WHICH HIS GRATEFUL GOVERNMENT FAILED TO PROVIDE**. Remember also that 'Obstruction' of leaks to Congress is a way of life on Capital Hill. Oliver North never pocketed a dimes worth of personal enrichment, but look at the 'Skimmed Off' Royalties, for instance of the Speaker of the House of Representatives and Yes, there will be appeals, further trials, further appeals, all are enrichment for the lawyers, possibly a renewed investigation by Congress since key Democrats are lusting to get at President Bush.

The Prosecutor who compared Oliver North to Hitler says this demonstrates no man is above the law. It says to me that this prosecution is on the wrong path. We now learn that the foreman of the jury which

convicted Col. North is the cousin of the Secretary who works for the Prosecution. Judge Gerhard Gesell held a hearing on this matter, but the record of that proceeding has been sealed. Why? We wonder then did Col. North receive a fair trial by his peers??? We think not.

Will President Bush pardon Col. North? I doubt it. Why? Because today we have a single party House of Representatives and because of the arrogance, seconded by Colleagues, they are using this power to destroy the office of the Presidency of the United States. If Reagan had pardoned Col. North then Dukakis would be president today, for the Press would have made this happen. The same set up is still in place today. There is much hypocrisy in this situation, while congressional speaking fees are supposed to be limited, at the White House they are outlawed.

While Congressmen endlessly badger regulatory Agencies, in the White House every phone call must be explained. Mike Devers, and Lyn Knofzizer were convicted of crimes that would have been proper contracts had they served Jim Wright's House rather than the Reagan White House. Yet it is from this same House of Representatives where one hears the loudest cries of 'Ethical Sleaze'. The tragedy here is that now the House of Representatives seems to have deteriorated into a Cowardly-Corrupt Bureaucracy. Some day this must end and great will be the fall.

John Mack, top aide to the House Speaker Jim Wright, resigned from his \$89,000.00 per year post, after the newspaper recount of the details of his brutal attack on a Virginia woman 16 years ago resurfaced. Speaker Wright did not insist on his aide remaining in his job for this publicity was hurting Jim Wright who is now under questioning for wrong doing.

Even the fact that John Mack was a brother of the man married to his daughter at that time came out in the press, so the Speaker was probably glad to see him go. Jim Wright has now hired a battery of high powered lawyers to see that he is not removed from his position as Speaker of the House of Representatives. Since the President has not pardoned Oliver North there is a better chance that Jim Wright may be forced out of his powerful position. This may also explain why a Presidential Pardon has not come. Some way must be found to re-balance our three houses of

government, for the nation is in bigger trouble than it already seems to be. We hope the American people continue to financially help Col. North with those bills for lawyers fees, and perhaps the appeals will tell a different story.

How long, How long??? will the Almighty allow such things in this HIS Great Nation? I am thinking of this photo of the Crucified Christ submerged in Urine and this being declared Art. The Rockefeller Foundation, the Equitable Foundation, and the National Endowment for the Arts were the founders of this Award in the 'Visual Arts' field. This so called artist was given the sum of fifteen thousand dollars of tax payer's money for this so called 'Art'. Andres Serrano, the artist said he immersed an image of the Crucified Christ in a glass container of urine he had collected from himself, to make this winning photograph. I have news for this artist. He may think he is mocking our Saviour, but we do not have a dead Saviour, we have a Living Christ, a Resurrected Christ, he is only playing with an image.

Now; remember Watergate??? Then further back when Richard Nixon was a young Congressman, and how he was exposing Communists in the United States? Not only did he identify Alger Hiss as a communist, but also Alfred and Sylvia Bernstein, the parents of Carl Bernstein who figured so large along with Woodard in the Watergate story. Revenge was obtained as President Nixon was brought down. Today Alfred Bernstein is a fund raiser for the National Conference of Christians and Jews in the Miami, Florida Office. Richard Nixon is kept very much in Retirement.

Why the fury of Khomeini toward Rushdi, the writer of the book, 'Satanic Verses'? As we thought Rushdi is not a Moslem, his parents are of the Beni-Israel-Indian Jews, one of the older branches of Jewry. This accounts for the fury of Khomeini and also the ultra protectiveness toward Rushdi adopted by the Western governments, does it not??

Mrs. Aquino of the Philippines is going to visit Moscow as part of the plan to kick the U.S. out of its vital military bases in the Philippines. Then

soon you will see the Philippines establishing diplomatic relations with North Korea, then later Red China. It is reported that Kissinger has gone to Moscow to assure the Soviets that the U.S. plans to reduce its military presence in South Korea. Thus our unseen government is busy trying to set up their one world government.

As to the elections in Panama, Jimmy Carter even saw the way things were working in Panama. However he thought it would be wrong to try to do away with the Panama Canal treaties which are such a fraud. But now the people who forced these upon the United States want to get rid of the Dictator that they set in place and he doesn't want to roll over and play dead. He has much against many in high places and he will not go easy, time will tell the outcome of all this.

When Politicians pass 'Codes of Ethics' to beat up on the other parties Politicians, then the problems in our Congress were out of hand. This the Congressional Democrats decided to do back in Post-Watergate days. Today we see the results, we have now a Speaker of the House who many say is as oily as, and as murky as the Exxon slick, one who thinks he should wield as much power as possible, and bring home to Fort Worth, as much Federal Pork as possible. He has been in Congress since 1955, perhaps has outlived the Public contribution Media loves scandals and loathes especially those so called 'Conservatives' and are always happy to help in the bloodletting and they helped from Richard Allen down through Ed Meese, to John Tower. This moment created for a purpose has now turned on the Creators, and we believe before this is over there will be a Cleansing of the Congressional Houses for the good of the Nation. Perhaps we need a limit on the amount of time they can serve.
