**D**ID YOU NOTICE THAT THE ASTRONOMERS HAVE FOUND THAT THERE IS OTHER 'SUNS', out there and they have planets in orbit around them as does our earth.?? My-they are going to catch up with our thinking one of these days.

After the Challenger Disaster of 1-28-86 and our failure to move ahead in space explorations, then the Soviets are said to be well ahead of the U.S. in that area. Defensively speaking the soviet Union has perfected its spy satellites so that they can track U.S. Warships anywhere in the world, and can now relay their location directly to Soviet Vessels. Thus the soviet satellites can provide time-critical tracking and targeting of U.S. ships as they patrol the area such as the Persian Gulf. Wonder who really gave the orders to fire on the battleship Stark?? Was this a warning strike in this battle of nerves?

Dr. Robert Jastrow, president of the George C. Marshall Institute warns that if recent House action in reducing the Presidents SDI funding is held it will mean disaster for the program, for it will put on hold the part of the program which is necessary to defend this country, until it is to late.

As you know the Soviet Union is nourishing an insurgency against South Africa to pave the way for a thrust against the U.S. and they are using the system as a tool. And instead of defending even the U.S. interest in South Africa our state Department is attacking South Africa thus aligning our foreign policy with the Soviets. This stance is Suicidal for if the South African nation is conquered all of that area will fall, and the west will be denied access to the strategic minerals of South Africa, and also the oil of the Persian Gulf, for this is a strategic waterway that the Soviets are after. Thus it all ties together, and the west is being led down the path of appeasement, the scripture warns against this but also points out that this will occur for Israel is blind, and being led by those not of our thinking.

The Panama Canal Treaties thus were also a part of this procedure as the Soviets moved, led by the Internationalists, to take over this last important waterway. G. Russell Evans in his book, has with the collaboration of Ex-military men such as Admiral Thomas H. Moorer Jr., former chairman of the Joint Chiefs of Staff outlined the Panama Canal Treaties swindle that produced this give away of the sovereignty of our nation.

As Captain Evans unfold this tragic story in his book, we find that the Soviet Union began trying to take over the Panama Canal way back in 1917. It has been an on going struggle over the years, but was originally accomplished by President Carter assuming power he did not have, but to please his Trilateral masters. Thus the Executive branch and the Legislative branch of the U.S. government fostered, Non- treaties to swindle the U.S. out of our property. Admiral Moorer revealed in 1977 that it was clear from the intelligence reports that Panama fitted within the grand scheme of the Soviets to project Marxism in the Caribbean, through the Cuban connection. It was also clear he recorded that very few congressmen had any concept of the long range implications of these treaties on the security and prosperity of the U.S.A.

The doubtful achievements of the Carter Administration, in this sorry chapter of American History are listed in Captain Evans Epilogue as follows:

1. Lost control of a Strategic waterway.
2. Gave away 10 billion in assets, and promised Panama 3 billion more to take it.
3. By passes the constitution, and International law in so doing.
4. Gave up rights to leases needed to defend the canal.
5. Lost guarantee of fast ocean to ocean movements of the U.S. Fleet.

6. Retreated from the Caribbean as the Communists moved in.
7. Exposed the Canal to Soviet subversion and eventual take over.
8. Gave U.S. enemies equal access to the canal.
9. Left a time bomb for future conflict with Panama.
10. Set an historical record in paying another country to accept the U.S. property that had already been bought 4 times.
11. Allowed Senators to participate in treaty negotiations which is Unconstitutional (one of those senators was Howard Baker, now the Presidents right hand man).
12. Violated oaths of office to preserve the constitution. No wonder this is termed 'Consent to Disaster.'

Yet, back in 1917 the Marxist were calling for the opening of all Straits into inland seas, as well as the Suez, the Panama Canal and so forth. They demanded that they be neutralized. The Suez Canal was nationalized in 1956 and after that the Soviets were calling for the shifting of Control of the Canal to some International body such as the U.N. and voices in our nations were seconding this call for the giving up of the Panama Canal.

Thus since 1917 there has been a baiting of the U.S. and from one milestone to the next always we moved more toward concessions, and loss of American Sovereignty. However it was not until President Carter managed two different sets of Treaties that the Soviet Union won and the U.S. lost. This key to the defence of the Western world, which was traded away by the hand picked men from the Trilateral and CFR organizations, led by one behind the scene, none other than Henry Kissinger.

The Bay of Pigs debacle of April in 1961 gave away the eastern end of the Caribbean where as the Treaties of 1977 gave away the Western End.

Retired Military men are asking President Reagan to do something about these two illegal treaties, for the one recognized by the Senate does not contain what the Treaty signed by Panama Contains. But I ask You, what can President Reagan do about this affair when they have him all tied up by the Iran Contra affair and its Media coverage. Do you think he could make any dent in uncovering this scandal??? Of course not.

Did you notice that the Senate, led by Byrd of Virginia said that they have decided not to try to impeach the President. That threat seemed to have boomeranged, thus the leadership of the Senate now says they do not have the stomach for such a try, in the time left in President Reagan's term. They believe that although they have not found that 'smoking gun' they were looking for in the Iran-Contra affair that what they are doing will hold him in check for his remaining time in office. Are men of no vision then just playing dirty politics???

Why has U.S. leaders failed to protect American interests in the Western Hemisphere? Why is Cuba allowed to operate 'Carte Blanche' as a conduit for South American drugs flowing into the U.S. in order to use the Billions. Why? Prophecy tells us that men not of our kingdom are in high places in government, and behind the scene as manipulators, and they are calling the shots for a One World government, and most Congressmen in their drive to get along, are like those in Palestine in those days, who were afraid to speak of **YAHSHUA** for fear of the Yehudin who were in power.

Did you know that our constitution has been copied in whole or in part throughout the world? Canada for instance copied it in 1867, Australia in 1908, and the Union of South Africa in 1909. France, Belgium and Switzerland adopted many of America's constitutional principals. The nations not following totally such as France fell into revolution and never were able to come back to their first goal.

Since that be true then you understand the drive to even amend the Constitution, or to destroy it all together which has also been going on. With the Panama Treaties the President just ignored the constitution, and so far that scandal still stands, being covered up so as to aide the enemy in Central America. No wonder the disturbance when the President went

into Grenada, for that caused a slow down of their program into the way, and they have been trying to correct it ever since.

Did you notice the disturbance in South Korea, for we have told you that this is the next friendly nation in line for destabilization and eventual overthrow of its non-communist government. We are hearing about the South Korean government's brutality and violation of human rights, but nothing about what is happening in Afghanistan.

**QUESTION:** Will Jim and Tammy Baker take over the PTL ministry again?

**ANSWER:** There is a lot of money out there for the picking and since blind Christians are very forgiving since they have embraced the world, then their teaching has been, prayer and forgiveness and they know nothing of the kingdom and their teachers ignore the fact that Jesus said that he did not pray for the world, then yes they probably will be brought back to raise more money. But why did not Jesus pray for the world??? Because the sum total of all races who were not spirit of his spirit, had already gone the way of Satan, and the time for their relationship with HIM, their restoration was for a later time. However so called 'Christianity' today is not the Gospel of the Kingdom, rather it is love and forgiveness as you embrace the World order, a part of Old Mystery Babylon the Great, then for the sake of money I expect Jim and Tammy back and also more trouble for all TV ministries.

Now; today be very careful of everything you read and hear. See where it comes from, and see where it fits in the overall picture. For instance did you notice who wrote the story about the Attorney General which the 'Spotlight' carried? Understand what is then behind the scene, and what are they trying to achieve. They did not prove this in all the months they stalled his nomination for the job, but they are trying to remove certain men from Washington D.C Why?

Are they afraid that if **YAHSHUA** calls, remember that when the Great flagship comes in, the symbol of **HIS** presence, the same enemy will turn of earth, for they want ot hang on to the place they have acquired in this

battle between the children of Light and the children of darkness. But you just remember that we are going to win.
