QUESTION: What day is the Sabbath? 'One man esteemeth one day above another; another esteemeth every day alike. Let every man be fully assured in his own mind. He that observeth the day, regardeth it unto **YAHSHUA** (The Lord)' Romans 14:5-6

QUESTION: Saints, who are they? The Apostle Paul in Acts 17:28 'For in **HIM** we live and move and have our being; as certain also of your own poets have said, for we are **HIS OFFSPRING.**'

TITBITS:

Morovia, Liberia: Jimmy Carter is in Monrovia to mediate the, and settle the 20 month old dispute, and bring about an election which would be representative of all the people. This is the little west African nation which was founded by freed slaves. Jimmy Carter has already worked as a mediator in Nicaragua, Panama, Haiti and Zambia. So says the International Press. Who does he work for??

Orthodox Jews in New York City say that because of the events taking place in the Mid-East, that the time for the coming of the Jewish Messiah is at hand. An Elderly Rabbi in New York City was stating this in his interview on CNN. Some of the Jews say that maybe this elderly Rabbi is the Messiah, but he himself said he would not go to the Holy Land, until Messiah arrives there.

The Israeli's feel that the U.S. should be more on their side at this Peace Conference than on the Arab side.

Henry Kissinger is also to be at the Peace Conference, behind the scene as advisor. He stated in his interview that Israeli will have to give up some land for Peace. We wonder if the little State of Israeli will now be

sacrificed for a greater World Order position? Where then do the unseen rulers want to set this One World Government in place??

Are the Greenies planning Fridge-Bombs? Our refrigerators run on what is known as Freon, but this is being banned because of the hysteria of the Greenies that it may deplete the ozone layer. The substitute for Freon however is flammable, and may at times explode, what a world.

If you were better off financially under the Reagan years, shame on you that was the 'Decade of Greed' according to the far Left.

The Booking of Judge Thomas was in a nutshell a last ditch stand by the ultra Liberals who have always believed they know best what is good for the Rank and File of Americans. The fight against Gates for head of the CIA is the same story. We would say that as the Kingdom comes to the forefront, then **YAHSHUA** will remove out of it all that hinders, so we don't have to worry about that.

If the American electorate does not change their method of voting and demand a term limitation on some of these old boys in Washington then they deserve the Imperial Congress that they have created.

This bashing of Columbus, what is it all about? It is actually an attack on western Civilization. In October of 1992 we will celebrate the 500th. Anniversary of Columbus discovering the Western world. The left is grinding their teeth trying to say that Columbus was an intruder, in other words Western Civilization should not have been allowed to get a foothold in the Americas. Jesse Jackson recently led Leftist students in the cheer: 'Hey, hey, ho, ho western civilization has got to go', he did this at Stanford University. This anti-Columbus group is a small group of leftist's, outside the American mainstream, in spite of their power in educational and publishing circles.

Paris: Divers discovered a prehistoric cave, east of Marseille, France. It has been explored and the cave is decorated with engravings said to have a dating of 10,000 B.C. The cave opening is 120 feet below sea level. A narrow, sloping corridor also under water led to the cave itself, which is

several dozen yards wide and 13 feet high. The cave lies slightly above sea level. Scientists have explored the cave and now the entrance is sealed, so as to preserve the paintings and drawings of these Ancient people. Sea level was in those days 400 feet lower than it is today, thus this explains somewhat how the cave might have been used. It was discovered by sheer accident by a French diver, and then was kept secret until it was explored and sealed. Just a bit of French history kept for another day.

Soviet Officers in the Military are now getting a 30 to 40% pay raise, is the west now also paying the salary of the Soviet Military??

The recent pay and pension raise for Congressmen means that a retiring Congressman with surviving spouse can expect to receive over his life time about 2 million in pension benefits before the pay hike, and now with the pay hike they will receive closer to 3 million.

Pat Buchanan:

When the President took his case directly to the American people the back of the Israeli lobby was broken. This reported in the New York Times. It seems that highly trained Jewish Lobbyists from 40 states descended on Capital Hill, and Congressmen asked for the Presidents help. President Bush held his news conference and asked the Congress to delay this 30 Billion which Israeli asked for until after January. Then came the 1,200 Jewish Lobbyists, and then 86% of the American people were reported to have supported the President and Times Magazine, Sept., 30 reported: 'A Fundamental relationship with Israeli has finally come.'

Young Americans for Freedom:

Communism is dead!!! Perhaps in the Soviet Union, but on the American College Campus, don't be so sure. On one New York campus on the first day of school, the Professor of the Political Science course said: 'I am very liberal, I am a Marxist atheist. I am strong in my belief and I cannot help it, these beliefs will come across in this class.'

Did you know that Senator Alan Cranston managed to have the Congress enact a law some years ago that mandates that the U.S. Economic Aid to Israeli must always equal their annual deficit payments? Today we gave them 1.2 Billion dollars in economic aid and all of it goes for their foreign debts. Thus the U.S. aid will have to skyrocket to meet their payments on the ten Billion dollars, on this loan that they are demanding. By guaranteeing the 10 Billion load the U.S. assumes the administrative servicing and secondary placing of these loans with hundreds of different banks. This will cost \$140 million dollars each year and over the life of the 30 year loan about 7.1 billion dollars. This U.S. law also requires that a 'cash pool' must be set aside, to cover any failure of Israeli to pay the loan. Senator Bob Kastens, a Jewish Lobby spokesman says this bill also forgives Israeli from having to repay any principal of the loan for 10 years.

Pat Buchanan:

In the Presidential election, the name of the game is wait for Mario Cuomo to come out for the Democrat nomination and all the others will fade away. If this does not happen who knows, Jerry Brown may appeal as he is very articulate and he will tear into President Bush in a way that will bring the Liberals out of their chairs.

As to David Duke, remember that people in Louisiana are not dumb, they are just ANGRY. They want to send a message to the Baton Rouge establishment, and they know that even a Governor Duke cannot take the State off the Deep end with a legislature controlled by the Democrats. David Duke has taken the conservative issues, he is tough on crime, on taxes, scholar- ships, quotas in reverse discrimination, he took these issues left vacant by the GOP as they moved from conservative to what they think is more moderate issues hopefully to get along with the Liberal establishment in Washington D.C.

These same conservative voters delivered Louisiana to Reagan-Bush three times and now have moved to David Duke, and the GOP better devise a plan to win them back. Washington Based Conservatives should not have let David Duke expropriate issues on which they once held the patent if they didn't want to lose the voters.

President Bush is comfortable with his Bi-partisanship dealings with Congress. He does not like to play hard-ball politics. Deep down he believes that most of those on the Hill are his friends. They are most all of them 'Trilateralists' in their thinking, world view is their window of opportunity for leadership. The truth is that if those on Capital Hill could catch Pres. Bush in some minor fault on Iran Contra they would move to impeach him with the same wild enthusiasm with which they went after Richard Nixon. And the Press would join the fray with gusto.

The Republicans in charge of the Party now seem not to understand the nature of this war **FOR THE PRESIDENCY**. They will not fight fire with fire; they will not answer even with hard-ball politics, the dirt ball politics practiced against the Republican right. The so called Moderate Republicans in power are so afraid of not being liked by the Radical Left that they try to find some accommodations with them, and do not defend the so called Republican Right or Conservative position which put them in power.

What is behind this war is that the Radical Left fears the overturn of all the precedents of the Warren Court that are so cherished by those in power who see it all slipping away. Five years ago as an upcoming vote on the Contra Aid was coming up as a choice between Ronald Reagan and his Contras, and Daniel Ortega and the Communists, that phrase was denounced as McCarthyism.

Yet as that line was being written, U.S. Intelligence was picking up Democratic Congressmen and their staffers who were secretly counselling Ortega's envoys on how to defeat U.S. Policy. If the cold war had been a declared war, the pack of them could have been indicted for treason. These men, most of them, are still on the Hill, and President Bush is still trying to get along with them. The Moderate Republicans do not understand the Radical Left, or how to fight them, they still believe that the difference between them is simply about, 'the means not the ends.'

As to this Peace Conference now being held in Madrid, Spain, here we have men of earth holding a great Peace Conference, running around like grasshoppers thinking to set up control of the earth under an umbrella of

Power, through Monetary control so that all nations will jump to their tune. Have you noticed the table for the conference with the U.S. and Gorbachev at the head table as though umpires, yet who controls them is not shown. It is an historic meeting, to see old enemies of 40 years or more sitting at the same table. Old enemies since the Jews moved in and took over and the U.N. divided that land and set Israeli in place as a home- land for the Jews. Time will tell how things progress from this point.

Washington Inquirer:

An appeals court on October 21, 1991, struck down the EPA Agency ban on products containing asbestos. In 1989 as this ban was imposed it did so on the basis that 202 lives would be saved over a 13 year period. The EPA however supplied the court with the information that it paid 76 million dollars to save an estimated 1 statistically, theoretical, potential life. Many of the substances used in place of Asbestos also contain carcinogenic substances. Think of the millions of dollars spent in trying to remove Asbestos from schools.

Another instance of the corrupting of our Colleges comes from the University of Iowa where apparently German language students are required to watch a Porno film so as to acquire their credits for the class. This film 'Taxi Zum Klo' (Taxi to a toilet) is supposed to be the sexual adventures of a University professor living in Berlin.

It reportedly shows graphic scenes of Masturbation, oral sex between males, a rectal examination and two men urinating on each others faces and then kissing. There are scenes showing what is definitely child abuse thus breaking the laws, but the County Attorney of Johnson County is said to have replied that criminal charges would not be lodged because the law permits educational institutions to use what might be considered obscene material, **IF THEY ARE APPROPRIATE FOR EDUCATIONAL PURPOSES**, is this part of the Global 2000 education program??

As we watch and wait for developments in this struggle to set up a One World Government, on the part of men of earth, then always remember that there is **ONE** who is supreme, and what **HE** has planned is what will

be the final outcome. This is but the development of this great program which has been going forward for so many thousands of years. You cannot change it, for what is destined will happen. Remember we do not see the overall pattern, and cannot understand many things, as we move in partial blindness as to our Destiny. Therefore we just trust and wait, and pray that we understand enough to be on the right track as **HE** delivers.

Dr. Wesley A. Swift

Dr. Wesley A. Swift, the son of a Methodist minister, was called to preach in his teens. He was a dynamic, inspired speaker who taught uncompromising Biblical truths ignored by modernist ministers.

His anointed preaching brought forth a high spiritual dimension of understanding to the Kingdom Identity message, giving “life” and “power” to the Sacred Word. Even the antichrists acknowledge that, “Wesley Swift is considered the single most significant figure in the early years of the Christian Identity movement in the United States.”

Dr. Swift founded the Church of Jesus Christ – Christian in the 1940’s, a ministry that spread the Kingdom Identity message nation-wide to YHVH’s Children, the White spirit-race known Scripturally as “sons of God”. By teaching these truths

to true Israel, this warrior-priest put fear in the hearts of the enemies of Christ. Following Dr. Swift’s death in 1970, his widow Lorraine Swift faithfully carried on the Church of Jesus Christ – Christian. We are highly honoured to be able to continue Dr. Swift’s work, by placing those works that we have in print here on our web site ...preserving and earnestly contending for “the faith which was once delivered unto the saints”...for any and all to read.

We, at the Covenant Church of Yahweh hope that you will study, enjoy, and appreciate Dr. Wesley Swift’s works.
