**WE ARE TURNING TO THIS SUBJECT "THE LAND OF THE EAGLE"**, because of its deep significance and because its purpose relates to the program of Yahweh. Probably there is no symbol, which relates to us, or to our nations as does this symbol of the eagle. There are no people who can lay claim to this symbol like we can. We live in this great nation with its symbol of the "Out-stretched Wings of the Eagle". We are also this land of the eagle, which Yahweh spoke to through the lips of Isaiah, (Chapter 18) "Ho to the land shadowing with wings."

We note in the older versions of scripture, such as the Septuagint, that it said, "Ho to the land of the eagle's wings." This was the salutation signifying the identity of a people. Of a land marked by the symbol of the eagle. We then turn to look upon the standard of our flag and we behold the eagle, lives in no other land to which Yahweh could have addressed this message because we are this land of the eagle.

There are many kinds of eagles. The great eagle belongs in this land; the eagle and the land belong together. Thus it is that here the American eagle lives. There is a difference between the eagle on our standard and many of the other nations. Although almost all of the other eagle standards are over people of your race, the fact remains that this one is the great master, the sovereign eagle of the sky.

We therefore turn to this message given to the "land of the outstretched wings of the eagle".

Yahweh spoke to Isaiah and there is more identification of a land and of a nation. They were to send ambassadors to sea in vessels, translated “as of bulrushes”. This meant, “water drinking vessels”. Today we would say that our ambassadors were sent in steamships. Our nation is also identified as “the land of the eagle where dwelt a people tall, scattered and peeled. The translation here would be “of a tall and clean shaven people, powerful from their beginning and from that time onward.”

This then is the nation Yahweh gave this salutation to, in the book of Isaiah. No matter whom you think you are you must be the people under the standards of the house of Manasseh. We can establish this truth for the heraldry of the house of Manasseh is “the outstretched wings of the eagle”. It would be a strange thing if you carried the heraldry of the house of Ephraim, the other branch of the house of Joseph, here in the land of Manasseh. Ephraim has its own heraldry and it is not the outstretched wings of the eagle.

Presumable the strongest portion of Manasseh settled in East Anglia. The fact remains, it was this branch of the house of Joseph from which great leadership was to arise and thus this portion of Joseph would have its own heraldry, for identification. There is little doubt of the fact that Yahweh prospered our beginnings.

Our founding fathers were given wisdom enough to place upon the great seal of our nation those words: Annuit Coeptis, translated as “He (God) prospers our beginning.” Yahweh had promised to prosper the household of His people. Our founding fathers then put on the reverse side of our seal the symbol of the Great Pyramid with the thirteen tiers of its placement set upon a sharp bluff and fixed upon a solid rock.

The founding fathers were given the vision and the wisdom to see this symbolism. They established this nation as though set upon a rock and while all other foundations may be shifting sands, this nation was built to endure. It was built to endure so as to fulfil its Messianic destiny with its

13 tiers marking us as the 13<sup>th</sup> tribe of the house of Israel. This nation was to be the nation where the gathering of the people would take place. This is one outstanding factor, which covers your heraldry as we stand upon the edge of a “New Age”. We are going to see that great power and force move out of this society, for that is our destiny. We are going to discover that the powers that seek to destroy us are not going to be successful. We are the nation of the eagle. This symbol belongs to the house of Israel, most especially to the house of Manasseh.

You will note that in the symbol of the eagle, it is also found around the throne where you find the 4 living creatures. Only one around the throne faces Westward and this is the eagle. Remember then that the eagle flies straight forward, as destiny decreed. Then the eagle would mount up to fly and would fly ever in the direction of the expansion of Empire, this was to be constantly Westward. The last of the great powers then would be this nation. We have reached the horizon of Western civilization and here it has been fixed as a citadel to survive. There would be certain things required for that survival. This again would be symbolic of the eagle, which is related in symbology to you.

I would call your attention to the fact that in the book of Deuteronomy, the Most High Yahweh speaks concerning your nation, which is of course a part of Israel. “When the MOST HIGH divided to the nations their inheritance, when he separated the sons of Adam, he set the bounds of the people according to the number of the children of Israel.” Therefore, in this setting, within the bounds of boundaries of the Sons of Adam will be discovered the children of Israel today. “For the Lord’s portion is his people; Jacob is the lot of his inheritance.

He found him in a desert land and in the waste of a howling wilderness, He led him out, He instructed him, He kept him as the apple of His eye. “As an eagle stirreth up her nest, fluttereth over her young, spreadeth them abroad upon her wings and taketh them and beareth them upon her wings, therefore Yahweh alone doth lead him, and there is no strange god with him. He made him to ride on the high places of the earth so that he

might eat of the increase of the fields. He made him to suck honey out of the rock and oil out of the flinty rock”. (Deut. 32:13) All that could be given in sustenance and blessings, in agriculture, in husbandry, the wealth of the oil and the greatness of a people. All this is promised to this eagle people who’s El is “the rock” of his salvation.

What he is saying is that Yahweh alone led His people and that there is no strange god with His Kingdom. These are the words that came directly to this eagle nation. There are certain characteristics that the eagle has which the eaglets also possess the eagles always dwell alone. You never find an eagle dwelling in a little island somewhere, for the eagle must have a vast domain over which he rules. When he builds he builds strong and sturdy and plans on living there a long time, not moving somewhere else. Nor is there anything, which can challenge him for he is a sovereign bird.

The eagle dwells alone and he does not prey on the little birds round about. This may seem strange, but the eagle does not bother little birds. This led Shakespeare to say, “The eagle lets the little birds to sing.” As this great nation grew, it has not bothered the smaller nations to the north of south. Nor does it depend upon preying on them for its greatness or its strength. The significance of this is that the eagle always dwells alone, always builds upon the high rock of the promontory.

As this great nation has grown, it has not bothered the smaller nations. In the symbolism of the eagle, in Job 39:27-28, we discover that there is a reason, “Doth the eagle mount up at thy command and make her nest on high? She dwelleth and abideth on the rock, upon the crag of the rock and the strong place. “Thus it appears that the Most High determined where the standard of the eagle of Israel was to be set. Where it was to be established, in a great and mighty nation symbolized as a high mountain. The foundation nationally of this nation is **YAHWEH-YAHSHUA** or **THE ROCK** of Israel.

Then upon the reverse side of our seal was set our national house, the great pyramid. We have established our house upon a rock and it is at His

command that the eagle mounts up. When the eagle goes out to seek the prey, this is also at His command. You have been assured that the eagle will become sovereign and will remain so. A sovereign emblem of an ancient struggle, symbolic in the pattern of men and nation. There is one sovereign enemy as well as one sovereign eagle. There is always one enemy that is supposedly worth the mettle of the eagle. It is always the symbol of the dragon or the serpent. In ancient symbolism, it is the eagle, always the eagle alone that challenges the serpent.

In the book of Revelation, Yahweh talks about the climactic events of this hour. The symbolism is of “the woman” who has the commandments of Yahweh and the testimony of Yahshua the Christ in the battle against the dragon, the head serpent. There is given to her the outstretched wings of this great eagle to fly into the wilderness for safety against the dragon that was persecuting her. (Revelation 12:14) Thus Yahweh established a land and marked it with His symbolism. We find that the symbolism of a nation is of much importance. In fact, our founding fathers looked at it as a great significant symbol of power.

They used these symbols in the seal as though it were a commanded order. When they wrote the heraldry background of that seal, you will discover that our founding fathers carefully picked, as though guided, this great pyramid for the reverse side of the seal. This symbol of the Messianic building, with its tiers of stone, is like the structure of the great pyramid in Egypt. They knew that the great pyramid was set with socket stone deep under its corners into the basic rock. They knew that a nation founded upon a rock with a symbol of a structural building, apexes with the capstone of the most high Yahweh as chief cornerstone sealing the building all together. They knew this was a building symbol of a “New World order, a new Jerusalem.”

Here we see again the Kingdom of Yahweh with each individual of the kingdom sealed in by the chief cornerstone. The founding fathers understood what was talked about as they read, “Behold I lay in Zion a chief cornerstone elect and precious.” It was a stumbling stone, a rock of

offence to those who would not accept the deity of or recognize the majesty of Jesus the Christ. But remember, the “all seeing eye” placed in the capstone on the reverse side of our seal is symbolic of our national building sealed in by the greatness of Yahweh. Remember, His “all seeing eye” protects and covers us.

Even in symbolism, we note that always the great eagle is watching and protecting the young eaglets. It waits until they are strong enough and then flutters over the nest. This fluttering is to make them want to simulate the flight. It has been observed that, as the eagle continually flutters over the nest, that the young birds do try fluttering like the parent. Suddenly they discover they can fly. Thus, the scripture says that the eagle stirs up its nest and out tumble the young birds. As they tumble out of the nest they try to fly. The eagle swoops down under them, catching them upon its wings and bears them back up to the nest only to push them out of the nest once again.

The Most High tells us that just as the eagle stirs up her nest and hovers over her young, spreads her wings takes them and bears them on her wings, so does the Most High lead you , your race and your people. Thus there was no strange god among them for Yahweh forced the other out and He moved and positioned you throughout the Earth.

Today, we find His people, the Germans, in central Europe, the Angle-Saxons in the isles and spreading into the United States. The Scandinavian people in their northern positions as well as all the kindred people. For she stirred up the nest and scattered them, taught them how and where to fly. The ultimate eagle nation was to go further Westward and there to have its sovereignty. This was His purpose as He symbolized the purpose, by the eagle and the stirring of the nest.

There has been a most interesting pattern noted time and again by naturalists as they watched forest fires sweeping upward to a great crown fire, moving close to the eagles nest. When the fire coves close, the eagle

will take all the young eaglets on its back, because they are too young to fly, and off it flies to another crag, bearing all the eaglets. She then returns to the same crag when the trouble is over. Therefore Yahweh said, "Like an eagle flutter over the nest and take My young, and bear them like eaglets." He makes the young eaglets to ride in the high places of the earth so that they have of the increase of the earth, as promised.

There is no nation where there is more evidence of being a nation dwelling alone, where we have established the great era of time and have watched the development of a people with the blessings of the fertile fields, as in this nation. We have received these blessings here in this great nation where the eagle lives.

In Deut. 33:13-17 we also note that one of the things promised is that the house of Joseph, was to be blessed of Yahweh, and his land was to have all the precious things of heaven. More than that the strength which is like the lion couching on the deep, is part of the promise to the house of Joseph. We were to have the precious fruits brought forth by the sun, the moon and the chief things of the ancient mountains as well as the precious things of the lasting hills. We were to have all that the earth has and the fullness thereof. The goodwill of the people around the world is to be directed toward us, toward the house of Joseph of which we are a part. We do not assume that we are all of the house of Joseph for we recognize that Britain contains a large part. The lion, which crouches over the deep was once, know as the "Mistress of the Sea".

In this hour in which you live, we have advanced westward and time has also progressed. The mastery of the sea is not now the mastery of the Earth. Today, mastery of the air is first. This is why the last and strongest point of Yahweh's house for the climactic symbol in the days of the struggle will not be the sea it will be the sky. The sovereign of the sky is not the lion it is the eagle. Thus it is in the final casting down of the colours of the enemy, when the prince of this world shall be cast down. When the price of the powers of the air shall no longer mount up, it shall be accomplished by the leadership under the symbol of the eagle. We

note that The Most High makes the declaration that these symbols belong unto you.

There are periods of great danger that occur. The most dangerous time for the eagle is in its symbol. Unlike other birds, the eagle moults but does so periodically, and when it moults this is its weakest time. It is a period when eagles do something which is unique. Being a large bird, as he mounts to the sky, there are calluses that form. Sometimes it takes from six to eight years for these calluses to form. These growths always require that they must be ripped off, which the eagle does itself, tearing them away with its talons. He also rips off the old feathers, then waits for a short period to re-grow the feathers, which renew its youth. This is why in Isaiah, Yahweh says, "They who wait upon Yahweh shall renew their strength. They shall mount up with wings as eagles, they shall run and not be weary, they shall walk and not faint.

The Psalmist says that you shall renew your strength and your youth, as does the eagle. We in America do this specifically in our national life. Every four to eight years we renew. That is our moulting period, the period of our weakness. The weakest point in a nation's history is at election time. It is a period when we select leadership and move to a new administration. This is like the moulting period of the eagle it is our weakest time. Every election we renew our youth and continue the process of maintaining our sovereignty.

We live in a turbulent time, a climactic hour when everything runs its own course here near the end of the age. In this hour in which we live, the forces of darkness seek to destroy. Nothing can destroy the eagle except, as in the symbolism, caused by the eagle itself. Born in antediluvian and ancient periods, the only enemies and eagle had were the hunters with their arrows. Therefore, the feathers picked for their arrows were always eagle feathers. The solution was for the eagle to fly high and remain strong. There is no power that can challenge the eagle except another eagle. Thus it was that the eagle symbol was selected with wisdom. I can remember experiences of watching eagles when I was a

boy. We were living along side the Hudson River at the time. We could look out over the palisades and see some of the most historic groups of eagles the world has ever known. We have what is know as the 'Storm King Eagles' which fly up and down the great Hudson River. These are the first eagles that the colonists used to talk about. It was from these Storm King Eagles that this selection came for the symbol of the eagle for our nation.

Fishermen used to fish for shad in the Hudson River. Eagles came down to the masts and spars waiting for the fish. They became very friendly with men. These great eagles used to live on the precipice of those great cliffs. I had the experience of having my father point out the flights of the eagles. We would watch them fly out and over the river using, so it seemed, nothing but the wind current as they would mount up higher and higher above the river. Then would come one of the great thunderstorms on a summer afternoon when the sky would turn dark and purple.

Then came the violence of the wind and great claps of thunder following the streaks of lightening and the storm would be on. Thus it is that you see the birds scurry for shelter. The creatures get out of nature's way, no birds flying; but what of the eagles? These eagles flying over the Hudson River always seemed to sense the approaching storm. My father called my attention to the flight of the Storm King Eagles. As the storm was approaching, they never just sat on the high crag waiting for it, they just soared up and away. As the storm came they mounted on the wings of the storm high and higher.

The last thing you would see, before the storm obscured the sky, was those tiny specks high above the storm. When the violence of the storm had passed they were still high up there, tiny specks now gradually coming down out of the sunlight where they had been all the time. The Kingdom of Yahweh, as a nation, would live above the storm as an eagle. It can mount up the wings like an eagle, can stay above every storm which it passes in the very light of Divine Destiny, knowing its destiny, feeling

its destiny, undisturbed by the storm. The eagle has the strength to mount above the storm.

We talk about the fact that behind every storm cloud there is a silver lining. However, remember that the eagle nation and the eagle people are above the storm. Although we see the storm paths hitting us, still our destiny is fixed for a purpose and a time and will not be destroyed. The ultimate achievement of the defeat of the enemies of Yahweh's Kingdom will be in the hands of a very sovereign nation. That sovereign symbol is the symbol of the eagle, the king of the air.

More than this, upon the breast of the eagle is the symbol of our seal. That symbol is a shield, which carries the colours of the nation. It is an interesting thing to note that the seal of the United States is richly done in the colours of Joseph, who wore the coat of many colours. Those colours were from the colours of the major gems found in the breastplate worn by the High Priest of Israel.

In the writings of those who selected these colours for our nation they wrote, "We selected the colours which are to be found in the gem stones worn by the High Priest of Israel. These are the symbols of light, of the months of the year and thus they are many colours. Remember that the symbol of your nation is also the symbol of mighty power, the eagle and this shield upon its breast. We note again what the Most High said, concerning the symbol of the shield. The eternal Yahweh is our refuge and underneath are the Everlasting arms. He therefore shall thrust out the enemy before you and shall say, **DESTROY THEM**. Israel shall dwell in safety alone and the great fountain of Jacob shall be in a land of corn and wine where the heavens shall drip down dew.

Today, there is no question of where this land of corn is for no country has produced such corn as that which grows in our land. In fact, corn was a relatively different commodity than that which has been developed in this hemisphere. Even our enemies, as they came to look at the corn that

grows in Iowa were to say, “How do you grow corn like that?” Well, we grow corn like that in a country where Israel was to dwell alone. No place on the face of the Earth can match what Yahweh will do as He develops wisdom and initiative and pours blessings upon a people He has chosen to call His very own. We read in Deuteronomy 33:28, “Israel then shall dwell in safety alone, the fountain of Jacob shall be upon a land of corn and wine; also His heavens shall drop down dew. Happy are thou O people saved by Yahweh the Shield of thy help.”

The Psalmist also tells us that Yahweh is thy shield. There upon the breastplate of the eagle is the symbol, the shield of Yahweh who is the sword of thy Excellency. “Thine enemies shall be found liars unto thee and thou shalt tread up on their high places.” Again the symbol of the eagle for in the day of trouble, we turn to our scripture and we find that the enemy of Yahweh’s Kingdom is always the symbol of the serpent. “Hath thou considered the way of the eagle in the air and the serpent upon the rock?” The serpent and the eagle are diametrically opposed. The eagle is the serpent killer. We then read these words, for the Most High determines the destiny of the eagle and where it flies. “The eagle mounts up at thy command and makes her nest on high. She dwelleth upon the rock, on the crag of the rock, in a strong place.” From thence she is sent against the prey, her eyes see afar off and her young ones are fed upon living blood.

There is no question of the fact that the House of Israel has great vitality and strength as well as spiritual life. This belongs to it because Israel is the household of Yahweh. Its spirit belongs to the symbol of the eagle who mounts to the higher air. The symbol of your life is in the sacrifice, and the life of your faith is sealed in the symbol of blood. You are called “The Blood, the Living Ones”. One of the ancient symbols that was equated with the eating of the “Passover Lamb”, identified it with the covenant which was made. Thus it is that they consumed life for the cleansing which was required.

The Most High refers to you and me as an eagle people. He talks about the four branches of the Israel people, marching with their four marching signs, one on each side of the house of Yahweh. Actually three tribes

with their marching signs on each side with one standard higher than the others. On the west we see the sign of the eagle ultimately advancing westward to the land of the outstretched wings of the eagle. Thus our founding fathers had the vision to proceed with the choosing of them emblem. They were selecting for a nation which was to grow strong for the final testing time.

Inside the talons of the eagle they selected, are the olive branches and the arrows. If you were to look upon the one dollar bill you would see both sides of the seal of the United States. Note that the eagle clutches the cluster of arrows. These arrows symbolize that you will trust no enemy while offering the symbol of the olive branch. Palm branches have been used sometimes for the symbol of peace, but the oldest symbol of proper peace is the symbol of the olive branch. There is clutching in the talons of the eagle the symbol of either peace or war. You are told that the Almighty promised to make the arrows of Joseph strong.

It would seem unusual that just the symbol of the arrows would be made strong because we know that the bow is just as important as the arrows. The fact remains, that it was these arrow shafts of Joseph that were not to break. The ancient records recorded that the arrows of Joseph should be blessed and strengthened. The old version of the Septuagint said: "I will bless the arrows of Joseph, they shall not break"

Here today we find the arrows of Joseph in the hands of this great and strongest nation of the house of Israel. The olive branch marks us as an Israel nation. Count the leaves on the olive branch and you will find thirteen. You are the thirteenth tribe in mark and in number.

The number of the tribes of Israel, being the symbolic number 12, yet, number 13 was standing to one side, all the time Yahweh was moving them to the one place where they were to abide in strength. For out of the thirteenth comes strength for the other twelve in this final hour. So we are watching a new order of the ages, coming out of this development.

In symbolism you are never to be let down, never to be destroyed. You must endure and will survive until the prophecy is fulfilled in this time.

Today we are watching the strangest fallacies which ever existed in the structure of a great nation such as this one. Policies, which are diametrically opposed to the blueprint which the Most High Yahweh delivered to our forefathers, are being advocated and pushed upon us. Along with this is the attempt to misinterpret the great extended liberties to your nation and the guarantees that were provided for you as those inspired in your Constitution and Bill of Rights.

As your founding fathers prayed for guidance these were adopted. In this hour we find that a destroyer has moved in and thinks to destroy this eagle nation. This he cannot do. He thinks he can totally mongrelise your society but this also he will not be able to do. The eagle will not join with the other birds round about. The eagle will maintain its sovereignty all by itself. While it does not abuse, it shall fight those who are its natural enemy. At the same time it maintains a certain sovereign feeling about its very existence that will not be threatened by any creature. In fact, there are very few outside of man, who would challenge the eagle, because of the place he dwells and because of his strength and the height to which he climbs. The nation of the eagle has a very vital place in Yahweh's plan and this program will not be stopped.

As the apostle Paul, in the book of Second Corinthians, talks about certain symbols of mandated power, he talks about the hour when the law was given Israel. He talks of how the administration and the giving of the law were accompanied with signs and symbols, with the majesty of the glory on the mountain.

We remember that in the hour Moses approached the mountain he was in the presence of Yahweh, but by association with phenomena's, which attracted him such as the burning bush, which was not consumed, he was being prepared. When Yahweh spoke to Moses after the deliverance of

Israel out of Egyptian bondage, He said unto Moses, “I will give to you the law, to govern My people, My household in the midst of the earth. I will give you these laws for their morality, economy, relationship to the food that is good for their bodies and their way of life.

The law that he gave was good. It contained its penalties and its curses. It contained great benedictions or tremendous punishments for conduct, which would violate the structure of the law. The contamination of the race by bringing the inassimilable factors into the congregation the process of trying to force something not according to the national design of the Most High Yahweh, was the ultimate evil which brought destruction and death, even stoning. The pattern of the law as still good, for it was the design of a great people.

Remember, that as Moses came down from the mountain the people said, “All that Yahweh hath given to us to do, we will do.” This was a big promise, yet there is this about the law given at Mt. Sinai, it was the blueprint for a people, for their good. Here at Mt. Sinai a great event took place. Moses was instructed to rope off the mountain. Let no one touch it or they would not survive. This was not judgment it was not revenge. It was just a fact that this whole mountain was to become tremendously charged from the divine energy, power and presence of the Most High. This was a great manifestation of divine force and power. The Eternal Yahweh, clothed in the order of illuminative veil of the cloudlike substance, was to move out until that mountain would be enveloped with such radiation of energy and vitality that men couldn't live if they touched the mountain. They would have been burned as though they had touched radioactive substance and would have been destroyed by their association with it.

Yet you remember that Moses went up that mountain. Moses had been prepared through the years and by association had been drawn closer and closer in his relationship with Yahweh until he was accustomed more and more to the Divine presence. The very life within him rose up to meet the very life of Yahweh. Moses climbed the mountain to receive that great

mandate of law by which the nations of the world were going to eventually be measured. The law was to go out to Zion, out of the Kingdom of Yahweh. The nations of the world are going to have to conform to a pattern of divine law. Something larger than the law. Greater than all of its ordinances would eventually move the law of the Most High Yahweh. Her was its foundation. This had never happened to any other people. There was no Mt. Sinai for any other people where such a manifestation of Yahweh came. The people stood back in awe as they saw the gory and the symbol of His power. When Moses came down off the mountain, he had to cover himself because of the radiation of the mountain was upon him as well.

The apostle Paul tells us that this was a most glorious hour when Moses received the law, which had within it even the judgment of death. But we, who have had the judgments of death put away, have been given the law of life. With this law of life has been given unto us of life has been given unto us a second covenant not only of blessing but also of power. The power which is in you is a living law that shall spread out. Is a power given only to one people only to one household, this being Yahweh's house hold in the midst of the earth.

In this nation with the outstretched wings of the eagle, this law of Yahweh, as a great and tremendous force, will move out from the mountain of the most High who has established in your land this force for this hour. The world looks upon you for the balance of power for righteousness and for leadership. It turns to the wings of the eagle for hope as did the "Woman", Yahweh's kingdom people fleeing from the dragon (Revelation 12). In this hour again we look to the eagle. The hoards of Asia are always found under the symbol of the dragon.

The powers of socialism, communism and all the world's source of evil turns on the nation of the outstretched wings of the eagle to try to cause her defeat. You and I are in turn going to have to re-establish the way of life we were put here to bring forth and establish it in justice and righteousness. Remember that the ultimate fulfillment of a new covenant

is the fulfillment of the life of Yahweh moving as a living, pulsing law through every portion of His people until they roll back every enemy from before them. The condemnation of judgment has been taken from you. The last enemy is death. With that enemy cast down you will be a people living in the power of life. You have the power as a people, to renew that life. Renews its youth. He talks about you as a symbol of a 'New World Order' in which His Kingdom also renews its youth. It will be by the weight of His spirit, moving within and above, that you accomplish this. If Moses was radiant and glorious when he came down from the mountain, the illumination that is going to rest upon the nations of His Kingdom will be more glorious than ever seen before. While not visible to the average eye, the energy of divine spirit moving upon His sons and daughters is going to be raised unto a height never before equalled in the history of a nation.

We are in a strange and tumultuous period in our nation. The people do not realize how the enemy is seeking to destroy the pattern of the Law of Yahweh and the sovereign law of the land. Our Supreme Court has ruled eleven times that the laws of this land are to conform to the law of the scripture. No law can stand contrary to the scripture. I tell you that there has been a malfeasance when our Supreme Court tries to enforce laws of integration which are a total violation of Divine law. This nation shall mount up as the eagle and there shall be a removal from every high place of those who do not mount up as eagles, but rather flap like the approaching vulture which is the symbol of death, not a greatness. Unless we place justice back in our Supreme Court, we should haul down the eagle from that building and run up the sign of the vulture. There is no other symbol, which can be substituted for a nation under Yahweh than that which He so divinely ordained when He set your heraldry.

You are in an hour when you shall see 'Truth' triumph, even if it has to come out of the indignation of a people. There is a sign of destruction and contempt being seen in our nation. The attack has come on the last barrier as the enemy has had the Supreme Court of your land to knock out the rights of the 27 states that have laws against racial intermarriage. Yahweh considers the bloodline of His race, His people to be sacred. According to the scripture, the mixing of that bloodline is the greatest pollution that can be accomplished. If they could destroy your book line they would be destroying the vision, the initiative, the culture and the

greatness of a people. We would lose the heritage of this land, the heritage of our eagle people.

We hear people in our land groaning and complaining but that is because they haven't been around the world. The only thing you should complain about is those who are not of you. You should seeth like a boiling cauldron against the design, which are against the laws of El, your race and your destiny. Your complaints should be a cause of action. You should move as a people against anything which stops spiritual development. No spiritual development comes from violations of Divine Law.

There is no doubt that many demons move in this land. They are unseen forces moving upon the thinking of man. Demons of lust and of destruction are here. These strange demons are not recognized in your society as they are from a society, which worships devils. In the land of ancient China and India, where they have been living in communion with devils, they are acquainted with devils. You are with the input of vision that you get from communing with the spirit of Yahweh.

Even as you draw light and vitality from this communion with the spirit of Yahweh, as you study 'the Word' then you think in terms of what Yahweh is unveiling unto you and you grow in strength and power. In those far off pagan lands where they worship devils, they have their communion with devils. It is not uncommon for them to be visible in their homes, in those areas where they live. Even at the time of Jesus there were devils living in that old land, obsessing people.

Here in western civilization, we do not worship devils nor do we pay much attention to them. We do not go around in awe of them like the people do, who worship them. However, I can tell you that we do have men today who are obsessed by demons no less strongly, because you do not recognize them. The fact remains that these doctrines of demons and devils are moving into our society and their presentation is strong. They are seeking to make it look as though a violation of Divine Law is

accompanied with greater symbols of love and mercy. They are trying to make it look as though the words that Yahweh despises are words to be sought after and that the conditions they bring forth should be desired.

Words like 'brotherhood with the world' are thrown at us another is 'tolerance'. We are told that this word must be fitted into our thinking and theology, but this is a curse. Tolerance means putting up with evil, with something not so good. This is not a Christian virtue, this is a symbol of death. Yahweh doesn't call on you to put up with evil. Yahweh calls on you to take the way of righteousness and not to tolerate evil, for evil destroys. Thus it is that we should not have to tolerate demons that have moved into our society. The method used today is to coat evil with honey in order to sell it to you so as to destroy your race.

There are two human species, which dwell upon the earth. Yahweh divided them into Adamite and Enosh beings. There is no curse upon them for being Enosh, but remember, more Enosh worship the devil than you might think.

Only one-sixth of the world's population is white. You are one of the great eagle nations under Yahweh, to be reared on 'living blood', the living mean, the things of life, feeding on the life of Yahweh. For this purpose you became powerful and live on. Five-sixths of the world are Asiatic and African. They belong to the Enosh of the world. Mostly they are under the control of Satan and they seek to destroy you. These people are constantly being fanned by demons into frenzies of lust, murder and blood. They are fanned into these frenzies by false and evil prophets. Missionaries who go into china and who work in places like India, where demons and pagan powers rule these people.

Note that many of the symbols of the processes of Yahweh's work within the church are duplicated by devils. Things that are seemingly miracles are duplicated by devils. In the various branches of theology, where the spirit of Yahweh is sought after and certain of the gifts of the spirit are

expressed, always there are lying demons who come in seeking to duplicate or to dull the reception so by the children of Yahweh. I've read a report of a missionary, just back from China, and he said that the strange thing about this is that these devil demons come in and try to seem like the eternal Yahweh. They want you to love everybody and end up in a frenzy of mongrelisation. They want the religious service to reflect the "love every-body". How every, they don't want the divine line of moral conduct followed. So you see that Satan starts out with what appears to be what in the minds of some, is advancement or progress, but it is neither. It is a curse.

It is the purpose of Yahweh that the nations of Israel grow strong. That this great nation of Yahweh's kingdom grow strongest of all. There is one law that must be obeyed to accomplish this and that is do not allow strangers in your midst that are not of you. We were not to take them into our habitation or to make them one with us. We are not to take them into our pattern of life for this is not of Yahweh. It is the doctrine of demons at work here in the climactic hour at the end of this age.

Turn to the book of Revelation. You will note that Beelzebub opens the mouth of 'the pit.' The demons are swarming out like locusts, by the thousands. Unseen by you, they move into the conflict and always against you. However, there is one tremendous weapon placed in your hands. This weapon is the sword of the spirit, which is the word of Yahweh. This living sword, which is given unto you, is "Thus sayeth Yahweh". This is one of the most powerful single forces, which you or I can ever employ. Through His spirit, which is a living word, a living law is made known in your household. We can declare His Word and bind that evil with HIS truth. The Logos, the living Logos shall move out of this eagle nation.

Strangely, these forces of evil are moving to destroy your nation by attacking the very body of your society itself. They have hurled against your society the doctrines of communism and socialism. They have attempted to socialize your government and attempted to restrict the

liberties of your people. However, in these attempts they have never been completely successful. Never have they been quite able to surpass your technology. Never have they been able to surpass your greatness with things of the earth. So they say they will just destroy the race itself, obliterate it and it will never rise again.

Over this storm you shall mount up like an eagle. You shall still be high above and in the clear. This Adamic, this white race shall emerge strong and powerful. This nation of Yahweh's Kingdom, this eagle nation shall strike the final blow upon the dragon. There is also no doubt that when this nation under Yahweh, strikes that blow against the dragon and the hordes, which come out of the dragon's mouth, that it shall be like the lightening from the mountain. The final arrows of Joseph that will strike the enemy down for all time.

We therefore urge you to recognize that these symbols are not just idle symbols. You have been marked of Yahweh for a specific task. You are an eagle nation, a people symbolized as the saints of THE MOST HIGH. You must emerge now as in the position of leadership. America has a job HE has ordained that must be done among HIS nations. This is the leading of the entire white race in this generation in which you live. He is calling upon an eagle people to mount above the enemy. As you mount to the heights and you see the prey, then strike with speed.

When this is done there is something that seldom anyone hears. If you hear it you will always remember it. When you hear this, even from a distance, you will know what it is. When you hear the eagle scream, even the lion raises his head. When the eagle screams even the creatures in the forest and every single bird in the air goes for cover. When the eagle screams, it is more than a hunting cry. When the eagle screams it is more of wrath, violence and judgment. The eagle raises its head and looks at the enemy and then screams. I tell you that in that hour it would be well for all who would destroy America to leave it. This is not the place for them when the eagle protects its own dwelling place.

This is Yahweh's nation. It is the spiritual symbol of a nation whose life comes out of the way of Light where it was ordained to live. A nation to become strong, a nation to become powerful, a nation protected of Yahweh as it grew. A nation carried on eagle's wings, from far off captivities moving ever out of the east. They tell us that our American eagle moved out of the Far East and established residency here. There was a time when eagles, such as ours, lived in the high Himalayas, but that was years and years ago. None has existed there for almost three thousand years. This eagle, once found emblazoned upon heraldry in ancient Asia, is gone. It is now located in America. Just as we came westward so has our great eagle and here the eagle has found its home. Here it is going to stay.

Yahweh said He would take us to a land, a new land. It was to be a land of milk and honey, a land of corn and wine. It wasn't the land where David stood, as he wanted to build Yahweh's house. David was standing in old Jerusalem when Yahweh told him – He would give His people a new land; they would not have to ever leave, where they would move no more. So don't let the enemy move you out, rather be determined to stay. Recognize that your faith, your scripture, the living Word of Yahweh is reality. It is related to the earth itself. To your conduct and thinking. Around certain signs, symbols and standards, men can be raised in their thinking. In their determination they will rally round these symbols in this hour. There is no question of the fact that a flag is the symbol of a nation's greatness. The symbols of the heraldry of our nation mark us for all times as the household of Yahweh growing in understand.

Yes, prospered in our beginnings and expanding into a destiny, which finds its place in the ultimate azure blue. We shall be successful preserving our Manasseh nation as the screaming eagle attacks the snakes and the dragons threatening our survival.

### Dr. Wesley A. Swift

Dr. Wesley A. Swift, the son of a Methodist minister, was called to preach in his teens. He was a dynamic, inspired speaker who taught uncompromising Biblical truths ignored by modernist ministers. His anointed preaching brought forth a high spiritual dimension of understanding to the Kingdom Identity message, giving “life” and “power” to the Sacred Word. Even the antichrists acknowledge that, “Wesley Swift is considered the single most significant figure in the early years of the Christian Identity movement in the United States.” Dr. Swift founded the Church of Jesus Christ – Christian in the 1940’s, a ministry that spread the Kingdom Identity message nation-wide to YHVH’s Children, the White spirit-race known Scripturally as “sons of God”. By teaching these truths to true Israel, this warrior-priest put fear in the hearts of the enemies of Christ. Following Dr.

Swift’s death in 1970, his widow Lorraine Swift faithfully carried on the Church of Jesus Christ – Christian. We are highly honoured to be able to continue Dr. Swift’s work, by placing those works that we have in print here on our web site ...preserving and earnestly contending for “the faith which was once delivered unto the saints”...for any and all to read.

We, at the Covenant Church of Yahweh hope that you will study, enjoy, and appreciate Dr. Wesley Swift’s works.
