**T**HE LAST HALF OF JULY HAS BEEN A BIT RUGGED AROUND HERE, Allie's brother had a stroke, and was making a comeback from that, paralyses of the right arm and leg when he developed Urinary problems. Then Allie was also having problems, had been since we saw the Dr. in May. We went back for some check-ups to see what the problem was. Remember he fell off the ladder a little over two years ago, and hit his head on the cement sidewalk and his back on some rocks and above one kidney it was quite sore again. Well, Allie underwent surgery again on the prostrate July 21 and has had one week of Cobalt treatments this last week in the month. Will have five more weeks of treatments to go. He is doing quite well I think, and his brother is now home as well, so maybe we can get back to more normal living. Allie and I go once every day of course to Garden City for his treatments but are back home by noon so that he can rest. Different friends go with us each day, as they think we shouldn't go alone.

On the world scene: From the World Economic news: The Mid-east situation, lest we forget, it was President Carter and his advisors who put Khomeini in power, and laid the foundation for the U.S. Arms to flow to Iran, the Policy to continue the State Department and President Reagan has allowed the Kissinger policy to continue.

Israeli is now nervously eyeing the situation, realizing that once the conflict between Iran and Iraq is resolved, its cities could become targets of Iraq. In the trial of Col. North and Admiral Poindexter will special prosecutor Walsh call on ex-President Carter and Cyrus Vance as well as Kissinger to explain their activities in 1978-1980, or will a veil be drawn over that treachery which ought to be exposed to the Light of Day? The Iran Contra trials are to be in progress during the election campaign, which should make for a mud slinging campaign. Mighty Mouse, a cartoon hero of the young is shown on TV. as sniffing Cocaine to counter a 'down feeling'. Why did CBS hire a known pornographer to do a cartoon for

children? Why did Philip Morris, General Foods and RJR Nabisco help sponsor this Mighty Mouse 'drug sniffing cartoon'???? Oh, they are also the leading advertisers in the 'por' magazines, 'Playboy' and 'Penthouse' which for years have promoted drug use.

From London England: When it comes to Royal ancestors, George Bush has a big lead. His ancestors have been traced back to 1400 B.C. Bush is related to the British Royal family, to all European Monarchs on or off the throne, more than any other President, however many of our Presidents have been related to English Royalty. Yes, I know that Bush is a member of the CFR and was a Trilateral member also, however always many of Israel in other generations as well as this one have been caught in a type of 'good fig' situation.

For instance the Apostle Paul, but when **YAHWEH** thought he had a total education, he stopped him and turned him around. Remember there has been a total drive to take over the Presidency completely. Yes, I know some people have not thought much of President Reagan, have not thought him much of an asset for the office of the President, but I can assure you that there are many more things being planned to occur in the U.S. White House. With the Democrat nominee in the White House and his wife with her strong Holocaust wishes, wait and see.

Pat Buchanan, host of the TV Talk show 'crossfire', former White House communications director has been reporting on the policy laid out by Jesse Jackson which finally Michael Dukakis has agreed to in trying to keep Peace in the Party, Dukakis has finally agreed that he will use what ever means at his disposal 'as President' of the U.S. to get tough with South Africa. Agreeing that the Dillum's Bill now in the Congress must pushed to the limit. (from the U.S. News and World Report)

Last November a girl of 16 years of age from Wappinger Falls, New York, turned up in a Plastic garbage bag, racial obscenities and excrement were smeared on her body. She told a story of a 4 day bout of abduction, rape, sodomy and assault at the hands of white men, the girl was black. However the rape tests proved negative, and then the mother stepped into the breach and the girl became silent, along with family members. The advisors of

the family, especially Reverend Al Sharpton, and lawyers Vernon Mason, and Alton Maddox Jr. told the family not to cooperate with a grand jury, charging a cover-up by officials.

Next came counter charges that the girl's story was shot through and through with holes and contradictions. Last week the former aide to Rev. Sharpton broke ranks and declared the rape abduction story a pack of lies being used by the family advisors to boost their own power among the black people. McKinnon told a TV. interviewer that he would not go along with fraud. Phil Donahue broadcast his interview with the girl's mother from a church where she was holed up to avoid a grand jury subpoena looking into the affair to see if it was a fraud.

Then on June 24,1988 Phil Donahue had a guest on his show, Representative Dellum who is head of the Black Caucus of the Congress. Dellum is pushing this bill for tougher sanctions against South Africa even though it will bring a Reagan veto. Senator Kennedy is also backing this bill and in his interview with Donahue, Dellum made the statement that it really did not matter if South Africa as it is brought down, goes communist. He said all that matters is Civil Rights. And on this same show as I watched a mixed race, black girl was allowed to express her sentiments as to what to do about South Africa.

I realized that this was the same girl, only now better dressed and wearing much jewellery, but the same girl who only last November had reported the Hoax of a rape by white men. Donahue gave her the microphone and she said: 'The only way to handle the white people of South Africa is to smash them underfoot with violence.' And she was allowed to repeat this statement later in the show and this time topped off the remark with the words: 'We shall accomplish this'.

I could not help but wonder who is behind all this hate? Why people in this country think they should mix in the affairs of South Africa when they do not even live there, and probably don't even understand the situation there. I noticed the end of July that Winnie Mandella's home in South Africa was burned although protected by 'Black Comrades'. And it was burned by black high school students who had been arguing with one

of the Black Comrades. But before the Phil Donahue show was over, Representative Dellum made the statement that they must keep pushing this Bill in Congress, and even if the President vetoes it, still it will be ready and under President Dukakis they will pass it.

The Black Caucus was pushing Jesse Jackson to run for Vice President, they said that even though he's on the ticket meant a loss of the Democrat Party still, 'we will win the next election!' And now as you watched the Democrat convention you saw that picture emerge, Pat Buchanan says that Jesse Jackson and his advisors are pushing the Democrat Party into the communist corner. With Lloyd Bensen on the ticket in November then the Democrats hope to portray they are not going that way.

From the Wall Street Journal

Hypocrisy is the name of the game: congress is the world's most hypocritical body. All sorts of laws are passed by Congress from which that body has specifically exempted itself. Congress employs 38,000 people, and has an annual budget of 1.75 Billion dollars per year. Yet, it is immune to the Civil Rights Bill, The Equal Employment Opportunity Act, The Equal Pay Act, The Fair Labour Relation's act, The National Labour Relations Act, The Freedom of Information Act, and the Privacy Act. That's right: Congressmen can discriminate on the basis of race, sex, religion, and cannot be prosecuted under the rules they passed to end discrimination for everyone else.

Congress is immune from OSHA, that watch dog of offices and factories everywhere. They do not pay equal pay for equal work. Your business is under that rule, but Congress is not. The Privacy Act protects you, but not if you work for Congress. Lyn Nofziger and Michael Deaver both convicted of felony violations of federal law that precluded a member of the Executive department from lobbying certain people within a year of leaving office. But a Congressman can resign one day, and lobby anyone he pleases the next day, because Congress is excluded, they excluded themselves, and the judiciary from the rules they apply to the executive branch. Even the Congressional legerdemain in voting against a pay raise, yet they are taking home the same pay, does not clear the air. The system

is a self devised mechanism to return incumbents to office, and it has been working 95% of the time.

Congress now has a bill in Congress to deny Social Security Retirement Benefits to those claimed to be Nazis, and extend disability benefits sooner to victims in the early stages of Aids. Senator Alan Cranston is the one pushing this bill. Wonder who will decide who is a Nazi?? Rep. Tom Lanto, Democrat of California is also pushing the bill against Nazis, even though these people are totally qualified for benefits, John M. Laughlin, Washington Editor of National Review says that 95% of the House and Senate are on drugs.

We would say they are surely addicted to Power. For what it is worth, Jeannie Dixon predicts, that the outcome of the election for President 1988 will hang in the balance until the very last moment. Gov. Dukakis will leap ahead in August because of the Iran Contra affair, but vice President George Bush will make a decisive come back near Election Day.

From the Will Loy letter: I have always seen the United States as a 'Chosen Nation'. As such I believe it has a special destiny, and it is subject to special principles, like the ancient nation of Israel, in the old testament of the Bible. Because of this, if America strays too far from its special 'path of destiny' then it is subject to a period of 'cleansing and purification'. I know today that it is very popular to not believe in sin. So let me put it this way, I see a direct cause and effect relationship between the moral condition of the U.S. and its general economic well being.

As I now look I see the U.S. in its moral decay taking us into a night of dark despair as the Sodom and Gomorrah principle is evoked. Science being the major religion of today. Then due to their own actions the people of America should bring down forces of total destruction upon themselves and their nation. However due to America's 'special Destiny' the forces of absolute and total destruction will be averted. But a period of cleansing and purification will come, and for most it will be a dark night of despair, only those who know the Light will be exempted. It is the people of America who believe in 'Spiritual Reality', in this vision,, who will save

America from total devastation, and it is they who will be 'passed over' during the dark night of despair.

The voter turn out for this Presidential election will be the lowest in years. Most people are not going to understand the real importance of this coming election, or will be interested enough to vote.

The Soviet Union will soon be advertising in the U.S. as they gear up for a total major trade offensive. It seems everyone knows that Communism is a total failure except a lot of American voters.

The space shuttle will be a major news story no matter how many delays. In Space America its on its path of Destiny. Did you notice that as soon as the Space Shuttle is taken to the ramp that once again Soviet Subs are patrolling in American waters?

Another voice of protest is gone, Robert White, the Duck Book man is dead.

This film, 'The Last Temptation of Jesus', .this film coming out of Hollywood has been in preparation for a long time. Wonder why they think they can bring it out now and get away with showing it??? This is a film of Blaspheme, however they do portray Christ as a white man, although he is called a Jew. We are told that the film opens with a scene of Christ putting a cross together, and on this cross he plans to put a fellow Jew.

The film shows Christ as a weakling, a wimp, and in the scene where he comes down from the cross to have sex with Mary Magdalene, they explain this as saying it makes him very human. In the debates about the film already some professing to be Christians say: Let them show it, why not, this is America, do anything you want. The World Council of Churches are of this view, but we would expect that. The film will be in many theatres around the world on August 12, 1988.

Does the Constitution need changing to fit the Times??? A discussion on TV. August 7, was between different Professors and Rabbi's as to this

subject. The M.C. was a Jewish historian and he explained how the constitution is based on old 'Jewish' law from the old testament. Then he explained the thinking of the Rabbi' over the years as they have revised their Talmud. This is the story he told: 'Two Rabbi's were arguing about the interpretation of the law and one said: I am right, if I am right then let a sign come from heaven, and lift this tree right out of the ground. There was a terrible noise and up came the tree, roots and all.

The other Rabbi said: I still don't believe you even though that happened. So the first Rabbi called for heaven to stop the river from flowing so as to show his fellow Rabbi and sure enough the river backed up and was still. Well the first Rabbi still wasn't convinced, so he said: The Holy One gave the law to the Jews at Mt. Sinai, but now we are in a different age, and it is up to us men to revise and make it fit our times. There was then a rumble heard from heaven and the Holy One chuckled and was heard to say: 'That is one of my sons using the mind I gave him.' Therefore the Talmud has been revised over the years and it is more up to date than the Bible for they revise the Talmud all the time. Thus the constitution was made for a different age, and a different time, and it does not fit our world today.

Allie is getting better, and is helping with the work around here in this hot weather, and it sure does help. He has finished two weeks of the Cobalt treatments, we are on the third week and we go to Garden City every morning and are back by noon, but since I do my best work at this subject in the morning then I am sort of slow this time. God willing then Allie will keep improving and I will get back to work, for I have what I consider some more interesting things to share with you.

## Dr. Wesley A. Swift

Dr. Wesley A. Swift, the son of a Methodist minister, was called to preach in his teens. He was a dynamic, inspired speaker who taught uncompromising Biblical truths ignored by modernist ministers.

His anointed preaching brought forth a high spiritual dimension of understanding to the Kingdom Identity message, giving “life” and “power” to the Sacred Word. Even the antichrists acknowledge that, “Wesley Swift is considered the single most significant figure in the early years of the Christian Identity movement in the United States.”

Dr. Swift founded the Church of Jesus Christ – Christian in the 1940’s, a ministry that spread the Kingdom Identity message nation-wide to YHVH’s Children, the White spirit-race known Scripturally as “sons of God”. By teaching these truths

to true Israel, this warrior-priest put fear in the hearts of the enemies of Christ. Following Dr. Swift’s death in 1970, his widow Lorraine Swift faithfully carried on the Church of Jesus Christ – Christian. We are highly honoured to be able to continue Dr. Swift’s work, by placing those works that we have in print here on our web site ...preserving and earnestly contending for “the faith which was once delivered unto the saints”...for any and all to read.

We, at the Covenant Church of Yahweh hope that you will study, enjoy, and appreciate Dr. Wesley Swift’s works.
