**T**HE ELECTION IS OVER, THE PEOPLE HAVE SPOKEN TO THE BEST OF THEIR ABILITY. I believe that **YAHWEH-YAHSHUA** is in control and that this is His Great Nation of Prophecy and **WHAT WILL BE, WILL BE**. We are slowly learning the reason why the great hue and cry about the Quayle nomination. We believe that the far left Eastern Liberal establishment thinks that they, and they alone should choose the President and Vice President of the U.S. The Myth of a Kennedy Dynasty is not realistic then the people of the west and south of this nation are gradually making their voice known. The voters of Texas sent that message to Senator Benson, and I think he will remember the message as he goes back to the Senate.

The people of Connecticut also handed a defeat to Republican, **LIBERAL** Lowell Weicker, and he seemed to be in shock, but he has always been out of step with the Republican party. This policy of inciting the minorities of this country, of turning them against the White Christian majority has worked well over the years but it is beginning to fail.

No where does it say in the Scriptures that you **TAKE** from those who have worked all their lives and give to someone who did not work in the production of that blessing. No where does it say **TAKE** and **GIVE** to someone else just to please the thinking of those who follow the plans of a World Government. The White nations of the western Christian World have been most generous in their giving to the unfortunate people of the World, but no where does it say you are to allow rulers of the World Order to **TAKE** from you and then let them decide where to give your Blessings.

Now; as to the Dan Quayle attack, could it be because his family had close ties to the John Birch Society? Mrs. Quayle's family is said to have been devoted to one of the Looniest Far Right Preachers of that era. His name

is Col. Robert Thieme, a Texas Preacher known for his Unorthodox Biblical interpretations, his verbal attacks on Liberals, welfare recipients and their abuses, Homosexuals and others. It is said that he interpreted the Bible from the original Greek, Hebrew and Latin, **MY**.

My wonder what he had to say??? If any of you remember those tapes I would like to know more about what he preached. No doubt this is the 'tapes' Mrs. Quayle's mother was said to be listening to as Marylyn grew up. Today the Dan Quayle family attend a Virginia church that is part of the Conservative Presbyterian church. The President Elect and his wife, and the Vice President Elect and his wife are said to be **WASPS** (of white Anglo Saxon, Protestant Society) we are told that today this is wrong, for it disputes the melting pot philosophy that has been sold as Gospel.

In Wichita Ks., the last of October twelve religions were represented in what was called the North American Assisi. On Halloween a woman dressed as a Witch was very vocal in their meeting. And at this meeting it was pointed out that of the 5 Billion people in the world, only 1/6 of them are Christians, thus the Christians are called on to deepen their faith by understanding the faith of others. But remember we are the ones with the **RISEN** Saviour, why not ask them to understand our Faith? There are at least 140 million Christians in America why are we the ones to bow to other religions here in our nation. I realize just what was being brought to pass.

Now; from the Will Loy Letter: something Interesting (quote 1988 was the year when most people in America became afraid of the truth, and I believe they have very good reason to be afraid. But I also know for a fact that a lot of people in America desperately want the real truth. As a prophet of God I will reveal the truth as it is revealed to me no matter what! (unquote) Well as someone prophecies then we wait for their prophecy to come true and then we know whether it is a real prophecy.

As to people being afraid, then we realized that they dare not bring out the mention of their Faith in the Presidential campaign for they were afraid of words, man made words such as Anti-Semitic, bigot, racist, and so forth. However Mr. Loy thinks that the majority of American people are

afraid of speaking out on one of the most important truths of this century which is the lack of morals which has come to the surface here in the 1908's. He believes that this lack of morals has brought us to what he calls a Dark Night. However although we seem to be in this Dark tunnel still if you are looking for it there at the end of the tunnel is a great Spiritual Light. Mr. Loy sees the U.S. as a chosen nation subject to special path of destiny then is subject to a period of cleansing and purification. Now; we have fallen Morally in this nation, you only have to watch a bit of TV. to realize that. And we sure could use some cleansing in our nation.

With **WASPS** in the highest office of the land then God's Secret Weapon should work well. Perhaps that is another reason why the pressure is on to destroy the Vice President Elect before he assumes office, and the pressure will mount against the President Elect as well as they try to establish a foreign policy agenda geared to the same old World Order standard, before he even assumes office. The Soviet Union will also be pressured to help in this situation.

Mr. Loy thinks that the thaw in relations between the Soviet Union and the United States will end in a different manner then now expected, even though at this time the manipulators and even the Soviet Union think they are leading the U.S. down a deceptive path. We believe that as the Kingdom Administration come to the front that the Soviet Union will no longer be used as an aggressor nation against the west.

Thus men following the dictates of the World Order under the Anti-Christ are not going to win, so keep your eyes on that great Spiritual Light at the end of the tunnel and you will go through this Dark Night of cleansing for our nation in a better frame of mind. Remember the News Media is controlled, and already they are trying to set the agenda for the new administration and ignore the fact the Reagan Administration does not end until the last of January.

Don't let them make up your mind about all things. It is time to take a stand for our race and our God and if our Heavenly Father pulls that string connecting your spirit to His Spirit then that person will stand. Down

through the years this has been the process, so watch what happens, and know that our Saviour is in command.

Now; we have had the movie 'The Last Temptation of Christ', and I understand there is more of this type movie out there waiting to be produced. We have had the 'Jesus Seminar' which took place in Atlanta Georgia, consisting of College and University participants around the country who generally characterize themselves as Biblical Scholars rather than theologians, the so called Bible Thumpers on the Right.

The founder of the Jesus Seminar is Dr. Robert Funk former theology professor at Emory University. These so called Biblical Scholars have decided after studying old texts of the Bible, and writings of ancient times, such as in the days of Jesus, they have decided that Jesus did not pray '**THE LORD'S PRAYER**' and probably never asked God to deliver us from evil, and certainly never taught, 'Thy Kingdom come thy will be done on earth as it is in Heaven'.

This Seminar also concluded that Jesus created the tale of 'the Good Samaritan' then decided that the parable of the fisherman who sorts good fish from the bad was created later by someone else. Since then we had the meeting of so many religions in Wichita, Kansas, does it seem that we become more ignorant of our heritage all the time??

The NEA, National Education Association (teachers union) with about 1,850,000 members spends more than the big unions on left wing Candidates. Here in 1988 the NEA President Mary Futrell said that only two Presidential Candidates were acceptable to the NEA, these two were Michael Dukakis and Jesse Jackson, so she no doubt was disappointed in the Election. But many teachers have been misled into thinking that the NEA is just a professional teachers group.

However it hopes to become the most powerful union in America, to dictate to the government, and the schools as to how schools should be run. The NEA supports the hiring of Homosexuals to teach our children. The NEA wants to give birth control and abortion referrals with- out parental knowledge and consent.

The NEA insists that their union have control over the hiring and firing of America's teachers, and that teachers be fired if they fail to join or pay dues to the union. The NEA opposes voluntary prayer, and even private meditation in our schools. The NEA wants to de-criminalize the possession of Marijuana, despite the rampant drug epidemic in the schools.

The NEA supports higher taxes and increased Federal spending, and opposes a balanced budget constitutional Amendment. The NEA opposes a strong U.S. policy against communist take over in Central America, and sides with the Nicaraguan communist. The NEA has pushed for school books calling for leftist indoctrination aimed at turning today's elementary students into tomorrow's Campus radicals according to U.S. Under-secretary of education, Gary Bauer.

As the Congress closed up shop and went home the Dodd-Kildare Federal babysitting Bill was defeated. A freshman Congressman from Louisiana stood up and was counted, and presented a bill, and the Eagle Forum, Phyllis Schlafly's group got behind the Clyde Holloway bill, and the Liberal bill, the Dodd Kildare bill was defeated. The Eastern Liberal Establishment with members in both parties have always pushed bills in Congress that leads this nation further down the path toward communism. They do this although they surely can't help but see that Castro's Cuba is a basket case, and economic, social, and educational basket case.

The fact is that the communist dictator Fidel Castro, has taken the third most prosperous country in Latin America and turned it into an economic and social waste- land, famous only for the numbers, 15,000 political prisoners. He took over Cuba on January 1, 1959, a country that was prosperous, third in wealth among Latin American nations. As his communist brethren around the world Castro rapidly and totally destroyed the economy of this 'Pearl of the Antilles'.

The Soviet Union sustains this tyrant every year by pouring billions of dollars into Cuba, and Castro then furnishes them with tens of thousands of Cuban troops to be used around the world as Cannon fodder. Yet with it all there remains here in these United States those people who think that this human disaster area as some sort of Utopia.

These people may not be communist, just idealists who find virtue where it is not, in a nation not their own, in a class which is not their class, and in a race or religion not their own. The same thing is now happening in Nicaragua. When Ortega came to power he took over one of the finest homes in Managua, and now we learn that it is falling down around his ears.

An interesting discussion was heard on the Oprah Winfrey show. A Jonathan Coffman wrote a book and they were discussing it. The title of the book was, 'The Broken Alliance', this alliance they were discussing was the Black and Jewish alliance here in the U.S. which has remained over many years.

It was agreed that the Jews had always supported the Civil Rights movement. (We think they started it). But it was clear to this author beneath the surface of this alliance there was a lot of Anger, and bitterness, had been for a long, long time. The author then set out to find out what had brought these two groups together, and what split them apart. Benjamin Hooks, head of NAACP then admitted that this Alliance was not as strong as it once was. He felt that what broke the Alliance perhaps was the Affirmative action program which many Jews felt discriminated against them.

The Media then began to stress the breaking of this Alliance and many influential Jews felt that actually the Blacks and Jews don't have that much in common. Then Farrakhan came to New York to speak, and after he left the Black and Jewish reporters started screaming at each other and again the Alliance was in trouble. In 1984 they tell us that in that election only two groups remained true to the Democratic Liberal traditions and these two groups were the Black and Jews, but still the split remains, so they are now trying to find a way to repair this split and work together for each others Candidates which they would do in the Dukakis campaign, such as fair housing, college education for all and so forth.

This discussion took place before the recent election and they were anxious to mend fences. They stressed that in Congress it is the Black and Jewish members who vote first for Israel, and for Soviet Jews, and in the

Apartheid movement they work together as indispensable partners. It seems to be the Consensus that this Alliance between the Blacks and Jews began to break in 1967 when the Blacks took the position of supporting the struggle of the Palestine People. When the Blacks power groups began to form, the alliance began to break.

A Black lady said she used to work for Jews in their homes and they treated her very nice, but after she received her education and began to work in their offices, she found that the Jewish Lawyers exploited people who came to their offices. A Black man said their trouble came because the White people have been pitting Jews against Blacks, but the author said that he found in Chicago that when Jewish Neighbourhoods became Black neighbourhoods that the Alliance was strained.

The Epstines had marched with Martin Luther King, but as the Blacks moved into their Neighbourhood, then drugs came in, schools had become bad, and the Jews began to hate the Blacks. Blacks believe that Jews should protest to South Africa to not have good relations with her. The blacks say that the Jews are trying to be like whites not Jews. Then a Rabbi spoke out saying that it was the White Christians who have oppressed the Jews for 2000 years. They were the ones who ran the Inquisition, and killed 1/3 of the Jews in concentration camps.

That here in America the whites kept the Jews out of their schools with their quotas for a long, long time. The Rabbi said that the Jews and Blacks should stick together and keep their eyes on those areas where they can work together in this nation to **CHANGE** it to be more to both their liking. They should work to make America more American not more white, become a land of the Minorities not a land of Majority of white people. He also disputed the idea that the Jews are becoming more white, saying this would never be. As I listened to this tape which Jeanette had recorded, I realized that neither the Blacks or the Jews like the Christian people even though we are a majority in this land. Thus no matter what we do for them this is not going to change, our world is not their world and they are not happy in it.

The Golden Eagle is again flying at 910 west 9th street, has been since the day before Halloween. There is a little safety device which is unnoticeable but it will not be so easy to remove as it was before. We had 75 youngsters come to our door on Halloween night, and although we do not believe in Halloween we still gave them a treat and this year as they remarked that the Eagle was again flying I made sure they realized why the symbol of the Eagle is so important.

## Dr. Wesley A. Swift

Dr. Wesley A. Swift, the son of a Methodist minister, was called to preach in his teens. He was a dynamic, inspired speaker who taught uncompromising Biblical truths ignored by modernist ministers.

His anointed preaching brought forth a high spiritual dimension of understanding to the Kingdom Identity message, giving “life” and “power” to the Sacred Word. Even the antichrists acknowledge that, “Wesley Swift is considered the single most significant figure in the early years of the Christian Identity movement in the United States.”

Dr. Swift founded the Church of Jesus Christ – Christian in the 1940’s, a ministry that spread the Kingdom Identity message nation-wide to YHVH’s Children, the White spirit-race known Scripturally as “sons of God”. By teaching these truths

to true Israel, this warrior-priest put fear in the hearts of the enemies of Christ. Following Dr. Swift’s death in 1970, his widow Lorraine Swift faithfully carried on the Church of Jesus Christ – Christian. We are highly honoured to be able to continue Dr. Swift’s work, by placing those works that we have in print here on our web site ...preserving and earnestly contending for “the faith which was once delivered unto the saints”...for any and all to read.

We, at the Covenant Church of Yahweh hope that you will study, enjoy, and appreciate Dr. Wesley Swift’s works.
