**A**STRONOMERS HAVE DISCOVERED A 'GREAT WALL' OF GALAXIES STRETCHING ACROSS THE HEAVENS, in the northern Hemisphere. It is said to be composed of at least 2000 very bright stars or Galaxies. They have also discovered that there is a vacant region in that area of the Northern Heavens. They are finding that there is bigger and bigger things out there in the heavens where it would take 'TIME' to build. This is said to disturb the 'Big Bang' Theory, and once more they are asking how did the Universe get that way?? Even if we told them would they finally believe??

Another story or rumour surfaced, this reunification of Germany is very disturbing to some people. They have even resurrected the story that Hitler is still alive. He is over 100 years old living in the mountains of Chile with the Indians who treat him as a God. A respected anthropologist is said to have found evidence that proves that Hitler and Eva Braun came to Chile in a U Boat. Nazi memorabilia was supposedly found in this hut where Hitler had lived for 44 years, but he was not there. The Indians claim that he is now very frail, but has a clear mind. Hitler is said to have been a great doctor to the Indians, and they care for him, and supposedly carried him away when white men were coming to the hut, and will fight and even kill to protect him

A new Chapter was unearthed in the story of the Mayan Civilization of Central America when Archaeologists identified a large centre of Mayan civilization and extended the time factor back many more years before the birth of The Christ, back at least 400 to 600 years before the birth of the Christ child. This site lies about 350 miles from Guatemala City.

The excavations revealed thousands of artefacts, tombs, temple structures, some of these ranging from 40 to 60 feet in height and even some estimated to be 150 feet in height. One discovery shows a sculpture ten feet high with two individuals in Royal clothing who are facing each other. One

has his hand extended pointing to a deity between them. Now from further information we find that they are now saying that maybe this area in Central America may be the source of the Gold of Ophir which Solomon is said to have found.

Will America in time be just a part of this great one world of Europe? Many are worrying about this for over the years we have read of how a group of International financiers, politicians, and utopian dreamers were plotting to turn the world into One Super State, but mostly people just scoff at the idea of an Conspiracy. Yet today we are seeing this great Super-State set in place in Europe.

There is to be a borderless Europe and some are saying that this will destroy all their forefathers fought and died for. But we believe there is more to this idea than has been suggested so far. Will have a tape on his later this spring. For now watch this development for this is the program started way back in history. The New World Order due to become official in 1992 will coincide with the American Presidential election.

We find old familiar names listed in this planning such as Willy Brandt, former Chancellor of Germany. Michael Dukakis, Teddy Kennedy, Allen Dulles, Averill Harriman, Henry Cabot Lodge, Henry Kissinger, the Rockefeller brothers, Kuhn Loeb Bank and a host of others, but those listed you might easily recognize. Today we now know that even the famous Marshall Plan was for the purpose of eventually bringing to pass this One World of Europe which America will supposedly be pushed to enter. Thus we also ask: was not the program of 'Foreign Aide' an International scheme to eventually blackmail America if she does not willingly join this One World Order.

The Atlantic Institute merged with the Trilateral Commission in 1971, and by January of 1986, the Trilateral Commission controlled over 60% of the world's wealth, through banks, Presidents of Multi-Nationals, Politicians, and University authorities. Since June of 1989 Trilateralists hold 'all of the centre' and 13% of the Socialist section of the European Parliaments. In September of 1988, a call went out for a single money system, a single Central Bank, and toleration of national parliaments only

as bodies empowered to ratify **ONLY** what the European Parliament decides, and this is to be accomplished by the end of 1992. The first phase will start on July 1, 1990, with European Community Finance Ministers requesting the governors of National Central Banks to cooperate. The moneys of member states will be merged into a European Monetary system (EMS) within the framework of existing institutions.

The three arms through which the European Parliament will exercise control over the financial economy of the World will be the European, American, and Asian Trilateral Commissions. Margaret Thatcher alone opposes this plan in defence of National Sovereignty. Therefore the Labourite Campaign has started to destroy her. The Great unknown is where America will stand when the attack on her money and Sovereignty comes. This my friends is where those who issued the directives to the 'Ford Foundation' have brought us while Americans scoffed at the idea that a conspiracy existed.

We here will be watching to see how far our Heavenly Father will allow this situation to develop before it is brought down. Our enemy is banking on the blindness of our people to hold until they have sprung the trap. We tell you that eventually Germany will be united and the German, English, and American flags will fly side by side in the Kingdom of Our Father. We are just to occupy and wait for the end results of this Mighty Struggle.

According to Scripture everything is going to be revealed. Here is just an example: Moscow, by Scott Shane of the Baltimore Sun. In the 1930's children swam in a pond next to a graveyard, and they were prone to hide and watch as truck drivers arrived and uniformed secret police officers in high rubber boots and long rubber gloves grabbed naked corpses of men and women and threw them into a pit. Other workers then shovelled sand over the bodies.

This went on year after year, and night after night and the children returned to watch, and saw corpses with bullet holes in their skulls. They saw how rainstorms washed the sand away and revealed legs and arms. The children watched stray dogs which lived around the meat plant next door descend into the pit and dig. The children remember the great portrait of Joseph

Stalin at the meat packing plant all lighted up with lights at night. These children are now grown and the historian Milchav, age 58 is trying to record the memories of these children to preserve the truth of this terror while it is still possible.

A group of journalists and historians are working to uncover the grisliest secret of Society History. Mass murder on a scale larger than the Holocaust is reported to be. These men are digging up skeletons, and demanding long secret records from the KGB. Historians estimate that 40 to 60 million innocent people were arrested under Stalin's rule. Even under this reformist regime of Michael Gorbachev publicly about the imprisonment, torture and massacre of innocent people by the state is politically volatile. But while some of the witnesses are alive they are working to expose perpetrators of terror, some of them are still alive and it is remarkable they have exposed as much as they already have.

Several U.S. Congressional Missions are now in the Philippines and they headed by Representative Patricia Schroeder (Democrat of Colorado). Look for her to help to try to remove the U.S. bases from that Island. She is also on the advisory board of the Nicaragua network, a Sandinista front raising money for the Sandinistas. In 1979 she participated in the Communist dominated Women's 'Strike for Peace' Press Conference. She has always worked in the Left Wing camp.

So the Japanese are buying Jewish owned property in the U.S. Are the wealthy Jews in the U.S. getting ready to run from our country?

The conflict over the Convent outside of Auschwitz, Poland will soon be solved. Work on constructing a new Convent will be started next year, so says the Jewish leaders in America.

Mr. Will Loy, has been telling us for some time that he knows more than he has said about the Soviet Union, promises to tell us more next month. He also sees this year of 1990 as a great struggle, but an Economic War a shooting war. I would agree with him in this, since the behind the scene plans seem to be for this Economic War to start July 1, of 1990. Mr. Loy also sees this action of Congress of sneaking in their pay raise at the end

of the session as starting off a great inflation stampede and this could also be a part of this Economic War which would make it look as though America is losing at first. As to the new leadership he has seen coming the Soviet Union for some time, Mr. Loy thinks that Gorbachev is just a front man for this secret group of New Leaders coming to the front in the Soviet Union. Gorbachev was chosen for this part of the 'Puppet' leader by this group who are at the head of this 'Physiological Warfare Complex' in the Soviet Union today. Mr. Loy also thinks the News Media will be totally taken in by this puppet leader, and that seems to be the case.

We have always believed that the plan would call for a Socialist government for the New Europe, run by the same people who are behind all the planning. What will be interesting is to watch just how far the Almighty allows this to progress, it is all in his hands, for we cannot help our- selves out of this mess.
