FROM 'HUMAN EVENTS:' YOUNG JOE KENNEDY LIKELY TO BE THE NEXT GOVERNOR OF MASSACHUSETTS AFTER DUKAKIS, on his way up the political ladder. There has been no question as to his being too young, etc. After all he is a Kennedy not a Quayle.

Chief of Staff Sununu will face a great Media Challenge, maybe the American people choose Mr. Bush over Governor Dukakis but the Major Media did not. Their Problem, the key question is, how much damage they can do to the Bush Administration in the next four years. After all Vice President Quayle like President Bush has a constitutional 4 year term from which he can be detached only by the process of impeachment which is to slow, thus they plan to cut this administration to pieces. And John Sununu who is Chief of Staff is the target of destruction for his going would cause the most damage to the Bush Administration. So watch for them to start picking on him.

Now; I read much about President Bush, and much is not very complimentary, and I do not think his plan of compromise with Congress will work, but I am willing to set back a bit and see just what **YAHWEH** has in mind as we are in this time of, 'going to Great Babylon', World Government and then we will be delivered. Did you notice that Barbara Bush held the old Bible that George Washington held as well as their family Bible as George Bush took the Oath of Office of President of these United States.

This George Washington Bible was that old Masonic Bible which Washington ordered delivered to him to use as he took the oath of office. Did you notice that while they were getting ready for the Inaugural that the Government behind the scene was meeting? On one side of the table sat David Rockefeller and by his side Kissinger. On the other side of the table was Gorbachev. The picture flashed on TV was too fast for me to

recognize the other seated gentlemen. They were meeting somewhere to plan strategy were they not??? Then right away the Tower nomination was in trouble, after all Tower believes in a strong America. Did you notice what Barbara Bush had to say about this difficulty of conformation of Tower? She was trying to keep her mouth shut, so she said, but she just couldn't quite do it. As I have said before, Washington is going to have a time keeping the press away from her for she is too outspoken to please them.

The Oliver North farce still goes on. I am hoping it would fall in the trash can soon. After all is it worth the 12 million dollars already spent to prosecute Lt. Oliver North, so far, because he put a security fence around his home to protect his family?? The new line used in argument now is: 'Can any man be above the law?' But we would remind you that when Oliver North supposedly lied to the Congress about a covert operation, perhaps he had in mind certain '**LEAKERS**' in Congress such as Senators Leaky, Durenberger, and Jim Wright. But isn't there a law against revealing Classified information? The two most serious charges have been dropped against Col. North, and only a bunch of Mickey Mouse charges are left, but look at the lost years for the North family, the unbelievable court expenses, and a 12 million tab so far from the taxpayers to pursue a political vendetta.

Ronald H. Brown takes over the post of leader of the Democrat Party. He worked for Senator Kennedy at one time, and studied law under Mario Cumo. He managed Jesse Jackson's campaign in Atlanta, thus his ties are to the extreme left of the Democrat Party. Since he is a black man this is a historical event.

Jesse Jackson was in Luanda, Angola in the middle of January, demonstrating solidarity with Jose Eduardo Dos Santos the Marxist Dictator and then he went to the Soviet Union, who supplied the money for these trips??

The Quayle appointments have been pretty well hidden but many are very satisfied with those appointments of Bill Kristol as Chief domestic advisor. Then chief of staff for Education is Bill Bennett, and these two men work

well together and speak out on such controversial topics as 'Right to Life', Teenage promiscuity', racial quotas' as even 'aid to the Contras'. Then Carnes Lord is Quayle's National Security advisor and he was a former staff member of the first Reagan term, and is considered a solid, clear-headed specialist on foreign policy and defence matters.

From London, England: The Sunday Observer newspaper, Photographs of the body of Rudolf Hess suggests that this 93 year old man may have been murdered. (Remember we told you this some time ago). The photographs were part of a post-mortem report by Wolf-gang Spann of Munich, Germany. This report suggests that Hess died by the result of deliberate **STRANGULATION**, although it was first reported that his death was suicide by hanging. Dr. Hugh Thomas who earlier examined the prisoner said these photographs show Hess was murdered.

If a person hangs you expect the line of the cord would be diagonally across the back of the head. The photos show the line straight across and continues around the front of the neck. As we have told you before, Hess was one of those men who held the knowledge of the Secrets of the Holy Lance and its place in Destiny, so who wanted this old gentleman to stay in prison, isolated from the world, and then killed as he was soon to be free??

From the Will Loy letter: The so called 'Ozone hole' is an outright lie, to get federal spending. The so called 'Green House Effect' is also another outright lie. Both have been exposed for what they are by many responsible scientists. But the Congress and the Major Media go on their way as if these two outrages are proven facts. In the United States we are in an Era of Great Extremes, and these Extremes for instance are in Morality, which would be totally unbelievable to anyone waking up out of a 20 year sleep. Look at the Health Care costs, executive salaries, Federal spending, even extreme weather and geological activities such as earthquakes.

But all extremes must come to an end, and finally balance out. How this will be accomplished is not quite clear. But we have told you that this will be the worst Congress in the United States history, and yet the President wants to work with them. The Biggest challenge facing Congress and the

President will be avoiding the financial disaster brought about by the Greed and Graft in the Savings and Loan system and the Banking industry. After the Congress brings about this disaster can we hope the Bush Administration will be able to handle the situation so that it does not develop into a financial nightmare. Mr. Loy tells us that the Journal of the American Medical Association has published a scientific study that proves that prayer helps heal those who are sick.

Not just the prayers of those who are themselves sick, but also the prayers of others. Mr. Loy sees this as a very small step in the direction of the new 'Spiritual Science' that he foresees in the distant future. You know mistakenly believe it ought to be. Thousands of years from now, most people ALIVE today are going to look back and feel awful foolish. Mr. Loy also predicts a fairly nice spring then an extreme summer. I think he is probably right on target with that prediction.

The U.S. Trade deficit only gets worse, could it be that the United States now has nothing, or almost nothing to sell??

The Vatican has now praised the political changes in the Soviet Union. It looks as though the Vatican is now ready to open negotiations with the Soviet Union. The hour of Destiny thus is coming closer. You will now see the Soviets flexing their muscles in the waters around Japan and the Philippines as the trouble with the west in Europe dies down.

Again from the 'Human Events', Just when we thought that Congress would be so enmeshed with the program of trying to get their wages raised without losing their Honorariums, it seems they are about to O.K. a proposal to spend 15 million dollars on the study of American Sexual behaviour.

The proposed two year survey will ask 20,000 Americans about their sexuality, including homosexual contacts, numbers of sexual partners, sexual practices and preferences. As well as the frequency of Orgasm, sexual abuse and other topics. We are wondering if they will only take their survey in the Washington area and say this represents the American people? I noticed that average Americans are saying they are sick of all

of this focus on sex, and if given a choice they choose love and marriage over sex anytime. As to the Congressional Pay Raise now voted down, but which will be back on the table soon, why did President Reagan and then President Bush favour this 53% raise? President Reagan said: Why not? What better way to awaken the American people, after all they keep voting these same congressmen back into power, time after time. As of February 1987 there are 390 current Congressional retirees who also benefit from such manipulation and planning. Annual Pensions for retirees cost approximately \$15,900 dollars per year.

We have paid out so far, per retiree, 485 million dollars and their average contribution to their pension fund has been 35 thousand dollars. These men get their pensions even though some went to jail on one charge or another. The Standard of Conduct (Ethics) committee has decided to 'white wash' House Speaker James Wright's misconduct. Just the week before 3 more of Wright's Savings and Loan Patrons of Texas were indicted by a Federal Grand Jury in Dallas, Texas for alleged illegal Corporate contributions to a Political Action Committee set to pump \$109,000.00 to rescue Wright's Crony Representative Jim Chapman (D. Texas) in the off year election.

Chapman has been repaying Wright ever since. Last fall the Ethic Committee reportedly heard testimony on how Jim Wright the Speaker of the House of Representatives repaid the S and L Industry by intervening to stop disciplinary action, by demands to fire tough bank examiners and generally slowed down the Administration effort to shut down the looters thus raising the bail out costs from 50 to 70 Billion dollars. The point man also in Jim Wrights power used to shoot down this damaging evidence was Representative Charles Pashayan (R. Calif.) who has been shilling for some reason for Jim Wright ever since 1984.

With their lush congressional pensions already insured, if they had allowed the pay raise to go through then Jim Wright's pension would have increased to 1 million dollars per year and the average congressman by over \$800,000.00. This is one example of the con game in Washington D.C. where there is a 98% incumbency victory rate. The only way to break this deeply corrupting cycle of incumbency is not a pay raise, but a

substantial pay cut to force these birds to leave their feathered beltway nests and migrate back to reality.

Now; as to the question, what about the face on Mars? Well, remember it is a mile long object, it and other nearby structures show a symmetry and precision hard to dismiss as only freak phenomenon of nature. As we have told you before the government knows much more than has ever been admitted about 'things' from space. Dr. Swift told us much about many of these things, but the Identity ministers of today mostly think that Swift was totally off his rocker.

We have also told you before about the disc- shaped aircraft which crashed in the New Mexico desert and the secrecy which surrounds this incident. Mars was as you know once the base of Lucifer in the time of his rebellion, before he was finally driven to earth and confined. For a time we think that Lucifer could perhaps go back as far as Mars in our Solar system but no farther into the heavens. We have also told you before the difference in these space craft, and how some dive into the sea, and how pilots describe those who fly them. Now; as to whether you believe in UFO'S really doesn't matter, but I believe our Destiny lies in space, and I believe that as a nation we should keep up our exploration of space. Some day when this cause is finished here in earth we will reach out to embrace our Destiny in Space

From the World Intelligence Review: Indirectly linked to the not so mysterious plane crashes in Germany is the not so mysterious deaths of the Scientists in England who are working on contracts involving the SDI program. 25 deaths have occurred so far, the weapon used, Microwave Radiation. It appears that KGB hit squads armed with hand held Microwave guns are loose in England and other parts of Western Europe.

Their targets, scientists working on key projects such as SDI. So far this year 21 NATO military aircraft have been lost in West Germany. Accidents?? not so and not human error. The Soviets are testing their Radiation weapons which will be used if Western Europe does not peacefully become One Nation by 1992. Our officials are not telling the people even though one of our safest, almost crash-proof planes became

a target. Eye witnesses said the plane became surrounded by a glow, a sort of halo, yet officially this was called, Pilot error. We would tell you that if the American people were to learn these things from our government they would be in a panic. But since we are moving in **YAHWEH'S TIME TABLE, THEN NO MAJOR EVENT WILL TAKE PLACE BEFORE THAT TIME.** We believe that you watch and see HIM deliver.

An Indian committee from 5 different tribes met with the Senate special committee on Investigations. They were requesting investigation of the Indian Affairs, how handled and so forth. Daniel Inouye left the hearing early after asking each Indian member to define the word Sovereignty. It seems the Indians believe they own the land. Russell Means spoke first and he was asking for 'Self Determination', as to citizenship in only their own tribe, and if they prefer then dual citizenship, but they learned that only Israeli has that right. The Indians were claiming that the money goes to the Bureau of Indian affairs, and not to the people. I doubt if much will be done on that claim of corruption either, but it just shows the state of everything in our government.

The Bible on which he placed his hand as the Vice President took his oath of office was on an 1890 Bible which belonged to his Grandfather. It was opened to the 29th., Psalm, the last verse: **'THE LORD WILL GIVE STRENGTH TO HIS PEOPLE: THE LORD WILL BLESS HIS PEOPLE WITH PEACE.'** (understanding)

It would certainly help a lot of our people really understood who the people of the BOOK really are, then they would be able to sort out the happening of today and come up with different answers. We read that Israeli is in a state of turmoil. If Israeli goes into another round of war with Lebanon, then Syria will attack Israeli, for the balance of power has now shifted in favour of Syria. Key American strategist are said to be saying that Shamir is not popular anymore, which is a definite shift in opinion. So again watch, see what happens, but keep your eye on the Light at the end of the Tunnel.

Until next time: May YAHWEH Bless, Ella Rose Mast

Dr. Wesley A. Swift

Dr. Wesley A. Swift, the son of a Methodist minister, was called to preach in his teens. He was a dynamic, inspired speaker who taught uncompromising Biblical truths ignored by modernist ministers.

His anointed preaching brought forth a high spiritual dimension of understanding to the Kingdom Identity message, giving “life” and “power” to the Sacred Word. Even the antichrists acknowledge that, “Wesley Swift is considered the single most significant figure in the early years of the Christian Identity movement in the United States.”

Dr. Swift founded the Church of Jesus Christ – Christian in the 1940’s, a ministry that spread the Kingdom Identity message nation-wide to YHVH’s Children, the White spirit-race known Scripturally as “sons of God”. By teaching these truths

to true Israel, this warrior-priest put fear in the hearts of the enemies of Christ. Following Dr. Swift’s death in 1970, his widow Lorraine Swift faithfully carried on the Church of Jesus Christ – Christian. We are highly honoured to be able to continue Dr. Swift’s work, by placing those works that we have in print here on our web site ...preserving and earnestly contending for “the faith which was once delivered unto the saints”...for any and all to read.

We, at the Covenant Church of Yahweh hope that you will study, enjoy, and appreciate Dr. Wesley Swift’s works.
