

City of London's Ownership of American Colonies

City of London's Ownership of American Colonies From Forbidden History

THE MISPLACED REVERENCE TO THE ILL FORMULATED US CONSTITUTION and hidden subjugation back to the City of London is one aspect of history that is not taught in government schools or discussed in institutes of higher education.

This subject is probably new to most observers of the legacy from the Founding Father's biggest mistake. Regular readers of **BREAKING ALL THE RULES** are familiar with the arguments made in the essays, In the beginning: Let there be the Articles of Confederation and Articles of Confederation was Preferable. Now the case for the betrayal of the purpose of the American Revolution needs to be explored.

Cited on the US Constitution Gave Legal Ownership and Control of the United States to London site is an assessment by Michael Edward.

"Neither the American people nor the Queen of Britain own America. The Crown Temple owns America through the deception of those who have

worn their allegiance by oath to the Middle Templar Bar. The Crown Bankers and their Middle Templar Attorneys rule America through unlawful contracts, unlawful taxes, and, contract documents of false equity through debt deceit, all strictly enforced by their completely unlawful, but 'legal,' Orders, Rules and Codes of the Crown Temple Courts Our so-called 'judiciary' in America. This is because the Crown Temple holds the land titles and estate deeds to all of North America."

The Knights Templar

An examination of The Templars of the Crown provides elaboration on this appraisal. For an even more in-depth analysis, review the material that probes **AMERICAN LAND OWNERSHIP, A TRUE OXYMORON**, which deals with the work of James Montgomery.

“Many of you are aware that the laws of this nation and it's states, were made to be in compliance and submission to the laws of England, only modified by state and federal law. You will see in this last Chapter state statutes from just a few of the original colonies, that this is the case. Are these what are called ancient statutes?

Yes. However, since the king's Corporation is alive and well as are his heirs, so is his Trust and the law used to create and govern it. The law that

City of London's Ownership of American Colonies

governs his Trust can only be amended, no law could be enacted contrary to the king's will and cestui que trust, the main corporate sole where office is always found, the Crown.

The king's practice of granting lands in this country to those loyal to him continues, along with their land grants being protected by state ancient statutes which are still on the books. We are governed by the king's nobles just as in times of old England, self proclaimed nobles, and corporate trusts.

They rule this country and the world. The huge corporations have been granted power and liberty not known by the common man. The nobles, real and the created, occupy their possessions as fiduciaries and trustees of the king's grants; only if they remain loyal to the system, their privilege and life style are their reward.”

Invest the time in discovering all the historic accounts, legal rulings and linkages that go back to the Crown, AKA, the City of London.

If you are unfamiliar with The (British) Crown Empire and the City of London Corporation take a quick refresher course on the actual nature of the financial foundation and codified sanction that purports to be lawful. Jurisprudence may be legal by the definition and formulations of the judicious barrister class, but it certainly is not founded on the basic principles of natural law. Julian Websdale concludes: “The whole Earth is governed by The Crown, through Crown Colonies which belong to The City – The Crown Empire. It governs Africa and still governs China and

India. The colonies of the Earth are really just Crown Colonies – The United States of America are states of The Crown.”

Now this interpretation may seem bizarre to most and the plot thickens in the The construe Powers - Behind the Global Empire piecing together a long account of legalized equity mandates.

“The signed treaties and charters between Britain and the United States reveals that King James the 1st was not only famous for translating the Bible, but for signing the first charter of Virginia in 1606. That charter granted America's British forefathers a license to settle and colonize America and guaranteed future kings and queens of England to have sovereign authority over citizens and colonized land in America. The treaty of 1783 identifies the king of England as the prince of the United States. King George the 3rd gave up most of his claims over American colonies, but he kept his right to continue receiving payment for his business venture of colonizing America.”

The next element to consider has The Top of the Pyramid: The Rothschilds, the British Crown and the Vatican Rule the World. Read this account and trace back the historic lineage of some of the Englishmen who founded America.

King George III

“To have the Declaration of Independence recognized internationally, Middle Templar King George III agreed in the Treaty of Paris of 1783 to establish the legal Crown entity of the incorporated United States, referred to internally as the Crown Temple States (Colonies). States spelled with a capital letter 'S,' denotes a legal entity of the Crown.

At least five Templar Bar Attorneys under solemn oath to the Crown, signed the American Declaration of Independence. This means that both parties were agents of the Crown.”

As time proceeds, the sell out of the “shot heard around the world” revolution deepens. Two Constitutions in the United States. 1st was illegally suspended in favour of a Vatican “Crown” corporation in 1871. This approving assessment of the Federal Constitution views a Shadow Government in place since 1871.

“Since 1871 the United States president and the United States Congress has been playing politics under a different set of rules and policies. The American people do not know that there are two Constitutions in the

United States. The first penned by the leaders of the newly independent states of the United States in 1776.

On July 4, 1776, the people claimed their independence from the Crown (temporal authority of the Roman Catholic Pope) and Democracy was born. And for 95 years the United States people were free and independent. That freedom ended in 1871 when the original “Constitution for the United States for America” was changed to the “**THE CONSTITUTION OF THE UNITED STATES OF AMERICA**”.

The Congress realized that the country was in dire financial straits, so they made a financial deal with the devil - the Crown (a.k.a. City of London Corporation – est. by the Catholic Church on Jan 1, 1855) thereby incurring a DEBT to the Pope. The conniving Pope and his bankers were not about to lend the floundering nation any money without some serious stipulations. So, they devised a way of taking back control of the United States and thus, the Act of 1871 was passed. With no constitutional authority to do so, Congress created a separate form of government for the District of Columbia.

With the passage of “the Act of 1871” a city state (a state within a state) called the District of Columbia located on 10 sq miles of land in the heart of Washington was formed with its own flag and its own independent constitution – the United States’ secret second constitution.”

City of London's Ownership of American Colonies

Lastly, Three Corporations run the world: City of London, Washington DC and Vatican City list the City of London houses as including:

Rothschild controlled 'Bank of England'

Lloyds of London

The London Stock Exchange

All British Banks

The Branch offices of 384 Foreign Banks
