# Agenda 2030 Explained (Aka Al Gore's Wet Dream)

**Genesis 11:6** And Yahweh God said, “Look, they are one people and they all have one language, and this is what they begin to do! And now, they are not going to be withheld from doing whatever they plan to do.

Whether you are a Christian or not, whether you understand the Bible or not, whether you believe in multi-culturalism or not, whether you believe that there is strength in diversity or not, the fact remains, racial integration does not work, never has worked, and never will work. And besides, God forbids it.

## Why?

Well, because God designed it that way. All races are not of the same blood. All the races did not come from Adam, or Noah. All races do not

have the same heritage, or traditions, or culture, or even the same language, the same habits, and the same values. All races do not have the same God. All races were not created by God. In fact, scripture teaches that only the race of Adam was 'born from above' into Adamic flesh and given the Spirit.

The rest of the peoples of the world are born of the world. They are not necessarily evil or bad, they just are not of the racial family of God.

God has a special people whom He set-apart from all other peoples. God commanded His people to be separate from all other peoples. God gave His people laws, statutes, and judgments. God made promises and covenants with His people.

God's People are **Not Who You Have Been Fooled** into believing who they are. **(Rev 2:9/3:9)**

The world system, the society, the schools, the TV, and the 'churches' teach that everyone is equal, everyone is of one blood, and that God loves everybody. If you do not believe scripture is exclusive and that God demands segregation between the races, then please see **Separate and Segregated** (You may want to 'right-click' your mouse and open in new tab, or come back to the links after you examine this document)

You may not be aware that the world is run by Satan and his children.

The world is not run by independent governments anymore, or 'We the People'. Your votes do not count. Your politician are puppets, groomed and placed into their positions. The Left and the Right are a false dichotomy, which means the Left and the Right appear to be divided but

is in reality working together. It only appears that you have a choice between them.

**Deuteronomy 5:32** Ye shall observe to do therefore as Yahweh your God hath commanded you: ye shall not turn aside to the right hand or to the left.

**Deuteronomy 28:14** And thou shalt not go aside from any of the words which I command thee this day, to the right hand, or to the left, to go after other gods to serve them.

**Proverbs 4:27** Do not turn to the right or the left; Turn your foot away from evil.

The Left and the Right are controlled by the same master. They are the two wings on the same dragon. They are the two tips of the same forked tongue of the double-speaking lying serpent. They are opposed to each other in the public eye but are part of the same club.

The world is run by the power of Satan. Yes, God is in control, but He is allowing Satan to rule over us because we would rather follow Satan than God. Isn't it obvious?

## **Isn't God Removed from Everything Now?**

Christianity is a white heritage. America, Canada, New Zealand, Australia, and the European nations were all founded by the white race, common law, and on Biblical principles. Now those principles are erased and it cannot be said that any nation is Christian anymore. **Don't believe it?**

<https://www.ageoflaodicea.com/empires-fall/>

When America was founded, it was founded by white Anglo-Saxon Israelite men, founded under God,

and was the prophesied regathering of all 12 tribes of Yisra'el. (2 Samuel 7:10, and other verses) See [Link 1](#) and [Link 2](#).

If you are not aware of what a De Jure Citizen of the Posterity of “We the People” is, or what the security of the “Blessings of Liberty” is, or even what the Constitution actually says, then see [Here](#)

The children of Satan have been tirelessly and consistently doing their father's will. They have gained control over the world and have corporatized everything and they now own everything. There are no more 'countries' and no more 'people'. The countries and people are now corporations owned by the bankers. Don't believe it? See: [Link 1](#) and [Link 2](#).

Why would 'they' do this?

If you understand Genesis 3:15, then you can understand why there are evil forces and a perpetual hatred against the seed of the woman.

Who is the seed of the woman? See: [Here](#)

The seed of the serpent is all about destroying all of God's creation. So who are these evil forces who hate the goyim? Well, they own all the banks. They own all the corporations. They sit in all the seats of power and influence. They control the Media, the news, entertainment, schools and colleges, the medical industry, and they own the 'churches' through the 501-C3 tax exempt code and in-seminary schools.

They control the three arms of power, which are the financial, military, and religious branches of the Beast System. London, America, and the Vatican.

They were let loose from the ghettos (bottomless pit) at the turn of the 19th century by Napoleon and quickly went out and deceived the whole world. In case you haven't caught on yet, see Isaiah 34:5, and if you don't know who that is, see Obadiah. If you still don't know who 'they' are yet, then see: [Esau Edom](#) and Nachash (the Hebrew for [serpent](#))

The world as you know it is an illusion. The things you believe are a delusion. You have been mentally governed, which is what Government means. You have been programmed since birth by the Media and Government education system. You have been poisoned all your life, beginning with your child immunizations, and consistently through the food, water, and air which is all filled with poisonous additives, harmful metals, nano-tech, pharmaceuticals, and toxic ingredients.

The children of Satan are known for poisoning the food, water, and air throughout history, among other wicked agendas. See: [Link 1](#), [Link 2](#), [Link 3](#), [Link 4](#) and [Link 5](#).

Yes, I know this is a lot to digest. But maybe you will cancel your TV Programming Subscriptions and spend some time getting educated with all these links provided. Television is 100% brainwashing and mind control. It is also tithing to Satan. Satan's children own 96% of the Media. See: [Here](#).

Now let's get to what **AGENDA 2030** is. First, you must understand that **AGENDA 21** is accomplished.

**AGENDA 21** is the worldwide plan for sustainable development implemented at the local level through the city council, county and state.

**AGENDA 2030** is the worldwide plan for sustainable development implemented at the national and worldwide levels.

You must understand that this is Global Communism. If you are not aware of what Communism and Humanism is, see: [Link 1](#) and [Link 2](#).

**COVID-19** is the Pre-Planned Agenda and Catalyst to begin the roll-out of **AGENDA 2030**, which in simple terms is THE NEW WORLD ORDER. If you need some info on what exactly is the NWO, see: [Here](#)

Remember President Bush senior? He spoke of the NWO, and that 'they' will succeed. Well, they are succeeding, but they will not win. Why?

**Proverbs 10:27** The fear of Yahweh lonongeth days: but the years of the wicked shall be shortened.

And because God said, "And if those days were not shortened, no flesh would be saved, but for the sake of the Chosen Ones those days shall be shortened." **Matthew 24:22**

Yahweh God will preserve His Remnant through these tribulations and time of troubles, and He will return in flaming fire taking vengeance on them that know not God.

There are less than 800 laws which God gave us. The only law we really have to follow is the Second Great Commandment, which is "You shalt love your neighbour as yourself."

Basically 'Do no Harm'. If you follow this law, then you are following them all because loving your kinsmen is loving God and His laws.

The Anti-Christ children of Satan, the global elites, the bankers, and politicians know better than God, because they have made millions of laws to govern every aspect of our lives.

The exact number of laws is unknown, but just to give you an idea, there were 40,627 new laws on the books in the USA in 2010 alone.

If you haven't noticed, everything you do is regulated in some way. While you sleep at night, the enemy is passing more laws, such as Warrantless

Home Invasions, Legalized Use of Propaganda Against American Citizens, and Legal Execution of Christians by Guillotine. Don't believe it? See: [Here](#).

Friends, **AGENDA 2030** is The Enmity War **ENDGAME. Total Control.** Do you want to wear a face mask everywhere you go? Do you want to stand on dots and walk where arrows tell you you can walk? Do you want to be forced to get vaccinated? Do you want everything you do surveilled? Do you want to be chipped, tagged, and tattooed with the Mark of the Beast?

Then keep believing the Media. Keep Following Orders. Stay Ignorant. Shelter In Place. Constantly wash your hands. Don't Think for Yourself. Don't Ask Questions. Stand 6 Feet Apart. Just Fall in Line, oh wait, you are already in line!

Now let's go over the 17 Goals of the **UN AGENDA 2030** New World Order Communist Babylonian Satanic System.

Just so you know, 'they' make it sound great, but Double-speak is their forte, their modus operandi. You are, and will, be kissed by 'their' lies, but if you let me, I'll slap you with the truth!

**Goal 1:** End poverty in all its forms everywhere Translation: **WELFARE DEPENDENCE** - Centralized banks, IMF, World Bank, Fed to control all finances, digital one world currency in a cashless society.

The **UN AGENDA 2030** states: Globally, the number of people living in extreme poverty declined from 36 per cent in 1990 to 10 per cent in 2015. But the pace of change is decelerating and the **COVID-19** crisis risks reversing decades of progress in the fight against poverty.

From the link above: The corona virus disease (**COVID-19**) is attacking societies at their core. This report is a call to action, for the immediate health response required to suppress transmission of the virus to end the pandemic. Whole societies must come together. Every country must step up with public, private and civic sectors collaborating from the outset. The first step is to mount the most robust and cooperative health response the world has ever seen. The strongest support must be provided to the multilateral effort to suppress transmission and stop the pandemic, led by the World Health Organization (WHO), whose appeals must be fully met. Scientific collaboration in the search for a vaccine and effective therapeutics must be promoted through initiatives such as the WHO sponsored solidarity trials.

Universal access to vaccines and treatment must be assured. The second step is to do everything possible to cushion the knock-on effects on millions of people's lives, their livelihoods and the real economy. The third step is to learn from this crisis and build back better.

We must seize the opportunity of this crisis to strengthen our commitment to implement the 2030 Agenda and the 17 Sustainable Development Goals. The recommendations in this report are geared to empower governments and propel partners to act urgently.

The United Nations family – and our global network of regional, sub-regional and country offices working for peace, human rights, sustainable development and humanitarian action, will support all governments, working with our partners, to ensure first and foremost that lives are saved, livelihoods are restored, and that the global economy and the people we serve emerge stronger from this crisis.

New research published by the **UNU** World Institute for Development Economics Research warns that the economic fallout from the global pandemic could increase global poverty by as much as half a billion people, or 8% of the total human population. This would be the first time that poverty has increased globally in thirty years, since 1990.

More than 700 million people, or 10 per cent of the world population, still live in extreme poverty today, struggling to fulfil the most basic needs like health, education, and access to water and sanitation, to name a few.

The majority of people living on less than \$1.90 a day live in sub-Saharan Africa. Worldwide, the poverty rate in rural areas is 17.2 per cent —more than three times higher than in urban areas.

For those who work, having a job does not guarantee a decent living. In fact, 8 per cent of employed workers and their families worldwide lived in extreme poverty in 2018. One out of five children live in extreme poverty. Ensuring social protection for all children and other vulnerable groups is critical to reduce poverty.

From 700 m link above: The report will also provide data on the World Bank's other main goal: increasing shared prosperity, defined as raising the incomes of the bottom 40 percent in each country. New measures will allow the World Bank to better monitor poverty in all countries, in multiple aspects of life, and for all individuals in every household.

### **The Reality of the UN Agenda 2030**

**Goal 1.** End poverty in all its forms everywhere. The only answer the plan offers for eliminating poverty is redistribution of wealth. The document calls for “equal rights to economic resources.” That means government is claiming an absolute power to take away anything that belongs to you to give to whomever it deems more deserving. That is government-sanctioned theft. These are only Band-Aids that solve nothing. Tomorrow those on the bread lines will still need more. There is not a single idea in these plans to give the poor a way to earn their own wealth so they no longer need government handouts. The final result; a never ending cycle of poverty that will consume the middle class.

**Matthew 26:11** For ye have the poor always with you; but Me ye have not always. (Mar 14:7; Joh 12:8)

**1 Samuel 2:7** Yahweh maketh poor, and maketh rich: He bringeth low, and lifteth up.

**Psalm 10:2** In arrogance the wrongdoer hotly pursues the poor; They are caught by the schemes which they devised.

**Psalm 10:8** He sitteth in the lurking places of the villages: in the secret places doth he murder the innocent: his eyes are privily set against the poor.

**Amos 8:4** Hear this, O ye that swallow up the needy, even to make the poor of the land to fail,

**8:5** Saying, When will the new month be gone, that we may sell grain? and the Sabbath, that we may set forth wheat, making the ephah small, and the shekel great, and falsifying the balances by deceit?

**8:6** That we may buy the poor for silver, and the needy for a pair of shoes; yea, and sell the refuse of the wheat?

**Revelation 13:16** And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

**13:17** And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

**13:18** Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.

### **Scam. PROBLEM – REACTION- SOLUTION**

It's called the Hegelian Dialectic. 'They' create the PROBLEM. Then there is a REACTION. Then 'They' present their SOLUTION.

Hegelian thinking affects our entire social and political structure. The Hegelian dialectic is the framework for guiding our thoughts and actions into conflicts that lead us to a predetermined solution. If we do not understand how the Hegelian dialectic shapes our perceptions of the world, then we do not know how we are helping to implement the vision.

When we remain locked into dialectical thinking, we cannot see out of the box.

**Goal 2:** Zero Hunger, achieve food security and improved nutrition and promote sustainable agriculture Translation: **GMO / CODEX ALIMENTARIUS**

The **UN AGENDA 2030** states: After decades of steady decline, the number of people who suffer from hunger – as measured by the prevalence of undernourishment – began to slowly increase again in 2015.

Today, more than 820 million people regularly go to bed hungry, of whom about 135 million suffer from acute hunger largely due to man-made conflicts, climate change and economic downturns.

The **COVID-19** pandemic could now double that number, putting an additional 130 million people at risk of suffering acute hunger by the end of 2020, according to the World Food Programme.

With more than a quarter of a billion people potentially at the brink of starvation, swift action needs to be taken to provide food and humanitarian relief to the most at-risk regions.

At the same time, a profound change of the global food and agriculture system is needed if we are to nourish the more than 820 million people who are hungry and the additional 2 billion people the world will have by 2050. Increasing agricultural productivity and sustainable food production are crucial to help alleviate the perils of hunger.

## **The Reality of the UN Agenda 2030**

**Goal 2.** End hunger, achieve food security and improve nutrition and promote sustainable agriculture. UN documents go into great detail on controlling food supplies. They detail enforcing “sustainable farming tactics” which have been proven to force up the cost of food production while decreasing yield.

It is basically the old Soviet practice of farm control that turned the bread basket of the world into non productive wasteland. The document details the use of government controlled seed and plant banks...

—“to ensure access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge as internationally agreed.”

In other words, our future food sources will be put into the hands of politically connected bureaucrats who have never been on a farm. Starvation on a massive scale will trim the population to more sustainable levels.

**Genesis 1:11** And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so.

**1:12** And the earth brought forth grass, and herb yielding seed after his kind, and the tree yielding fruit, whose seed was in itself, after his kind: and God saw that it was good.

**Genesis 1:24** And God said, Let the earth bring forth the living creature after his kind, cattle, and creeping thing, and beast of the earth after his kind: and it was so.

**1:25** And God made the beast of the earth after his kind, and cattle after their kind, and every thing that creepeth upon the earth after his kind: and God saw that it was good.

**Leviticus 19:19** Ye shall keep My statutes. Thou shalt not let thy cattle gender with a diverse kind: thou shalt not sow thy field with mingled seed: neither shall a garment mingled of linen and woollen come upon thee.

**What is the Codex Alimentarius?**

The Codex Alimentarius (Latin for “Food Code”) is a collection of internationally recognized standards, codes of practice, guidelines, and other recommendations relating to foods, food production, and food safety.

**Goal 3:** Ensure healthy lives and promote well-being for all at all ages

**Translation: Forced Mass Vaccination, Codex Alimentarius**

**The UN AGENDA 2030 states:**

Ensuring healthy lives and promoting well-being at all ages is essential to sustainable development. Currently, the world is facing a global health crisis unlike any other —

**COVID-19** is spreading human suffering, destabilizing the global economy and upending the lives of billions of people around the globe.

Before the pandemic, major progress was made in improving the health of millions of people. Significant strides were made in increasing life expectancy and reducing some of the common killers associated with child and maternal mortality. But more efforts are needed to fully eradicate a wide range of diseases and address many different persistent and emerging health issues. By focusing on providing more efficient funding of health systems, improved sanitation and hygiene, and increased access to physicians, significant progress can be made in helping to save the lives of millions.

From Improving health of millions link: Far too many deaths occurred because trained health workers or routine interventions, such as immunizations, were not available.

They tout that vaccines averted millions of deaths when vaccines actually causes millions of deaths!

Health emergencies such as COVID-19 pose a global risk and have shown the critical need for preparedness. The United Nations Development Programme highlighted huge disparities in countries' abilities to cope with and recover from the COVID-19 crisis. The pandemic provides a watershed moment for health emergency preparedness and for investment in critical 21st century public services. The Reality of the UN Agenda 2030

**Goal 3.** Ensure healthy lives and promote well-being of all at all ages. This means cradle to grave control over how and where we live and what we are permitted to eat. The healthy lives they promote means basically

forcing us out of our cars and into walking and riding bikes as we are relocated into controlled high rise apartment buildings sanctioned by government. Meat will be out of the question as raising herds is not considered to be “sustainable. But don’t worry. Obamacare for all will deal with the predictable decline in health that is sure to follow.

Universal access to “mental health,” along with “sexual and reproductive health-care services” — code words for abortion and contraception.

Goal 4: Quality Education For All Translation: **Mass Indoctrination** - UN propaganda, brainwashing through compulsory education from cradle to grave.

**The UN AGENDA 2030 states:** Education enables upward socioeconomic mobility and is a key to escaping poverty. Over the past decade, major progress was made towards increasing access to education and school enrolment rates at all levels, particularly for girls. Nevertheless, about 260 million children were still out of school in 2018 — nearly one fifth of the global population in that age group. And more than half of all children and adolescents worldwide are not meeting minimum proficiency standards in reading and mathematics.

From link above: There are three main channels through which children are affected by this crisis: infection with the virus itself; the immediate socioeconomic impacts of measures to stop transmission of the virus and end the pandemic; and the potential longer-term effects of delayed implementation of the Sustainable Development Goals.

'Channels' are witchcraft. The focus is again on schooling, nutrition programmes, immunizations, and child protection programmes.

**In 2020, as the COVID-19** pandemic spread across the globe, a majority of countries announced the temporary closure of schools, impacting more than 91 per cent of students worldwide. By April 2020, close to 1.6 billion children and youth were out of school. And nearly 369 million children who rely on school meals needed to look to other sources for daily nutrition.

Never before have so many children been out of school at the same time, disrupting learning and upending lives, especially the most vulnerable and marginalizes. The global pandemic has far-reaching consequences that may jeopardize hard won gains made in improving global education.

## **The Reality of the UN Agenda 2030**

**Goal 4.** Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all. We have long known that lifelong learning is the means to continually apply behaviour modification practices to assure we maintain the desired attitudes, values and beliefs to live in a global village.

**Exodus 24:12** And Yahweh said unto Moses, Come up to Me into the mount, and be there: and I will give thee tables of stone, and a law, and commandments which I have written; that thou mayest teach them.

**Deuteronomy 11:19** And ye shall teach them your children, speaking of them when thou sittest in thine house, and when thou walkest by the way, when thou liest down, and when thou risest up.

**Matthew 18:6** But whoso shall offend one of these little ones which believe in Me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea. (Luke 17:2)

**Goal 5:** Achieve gender equality and empower all women and girls  
Translation: DESTROY FAMILY - Population control through forced “Family Planning”

**The UN AGENDA 2030 states:** Gender equality is not only a fundamental human right, but a necessary foundation for a peaceful, prosperous and sustainable world.

There has been progress over the last decades: More girls are going to school, fewer girls are forced into early marriage, more women are serving in parliament and positions of leadership, and laws are being reformed to advance gender equality.

Despite these gains, many challenges remain: discriminatory laws and social norms remain pervasive, women continue to be underrepresented at all levels of political leadership, and 1 in 5 women and girls between the ages of 15 and 49 report experiencing physical or sexual violence by an intimate partner within a 12-month period.

The effects of the **COVID-19** pandemic could reverse the limited progress that has been made on gender equality and women's rights. The corona virus outbreak exacerbates existing inequalities for women and girls across every sphere – from health and the economy, to security and social protection.

Women play a disproportionate role in responding to the virus, including as frontline healthcare workers and caregivers at home. Women's unpaid care work has increased significantly as a result of school closures and the increased needs of older people.

Women are also harder hit by the economic impacts of **COVID-19**, as they disproportionately work in insecure labour markets. Nearly 60 per cent of women work in the informal economy, which puts them at greater risk of falling into poverty.

The pandemic has also led to a steep increase in violence against women and girls. With lock-down measures in place, many women are trapped at home with their abusers, struggling to access services that are suffering from cuts and restrictions. Emerging data shows that, since the outbreak of the pandemic, violence against women and girls – and particularly domestic violence – has intensified.

## **The Reality of the UN Agenda 2030**

**Goal 5.** Achieve gender equality and empower all women and girls. The rainbow flag flies as we ignore Shariah law and its war on women.

**Genesis 3:6** And when the woman saw that the tree was good for food, and that it was pleasant to the eyes, and a tree to be desired to make one wise, she took of the fruit thereof, and did eat, and gave also unto her husband with her; and he did eat.

**Genesis 3:16** Unto the woman he said, I will greatly multiply thy sorrow and thy conception; in sorrow thou shalt bring

forth children; and thy desire shall be to thy husband, and he shall rule over thee.

**Proverbs 12:4** A virtuous woman is a crown to her husband: but she that maketh ashamed is as rottenness in his bones.

**1 Timothy 2:12** But I suffer not a woman to teach, nor to usurp authority over the man, but to be in silence.

**Revelation 2:20** Notwithstanding I have a few things against thee, because thou sufferest that woman Jezebel, which calleth herself a prophetess, to teach and to seduce My servants to commit fornication, and to eat things sacrificed unto idols.

Freemasonry wanted to imitate Jesus in His affection for the woman, do not believe that their affection is pure as was that of Jesus. Jesus loved the woman with His divine affection, obliging the man to treat her with justice and obliging her to obey him, the women's leader. Jesus wanted to give the woman that divine affection because she is the soul of the education of her children, its foundation and its strength.

He traced for her the path of correction to teach her children the virtues and good behaviour. If all the people followed this pure style and gave the woman what Jesus specified for her, the result would surely have been virtuous children.

Masons gave the woman a different affection, a disfigured affection, an ignoble affection. The imitation of Jesus on the part of the Masons is, in this sense, false and evilly intended. It is different from the pure will of Jesus. They do not define affection as Jesus did. They liberated her from all rules and conditions, having as a result the degeneration and misery of the woman. Our descendants will witness horrible spectacles born of the misery of the woman.

The woman, with this exaggerated affection, was falsely exalted, fraudulently cultivating her pride without advising her of the irreparable

loss that would be produced in her. With extremist liberty, the woman lost her temporal and eternal happiness, she lost her education, she lost her life and even more, she made the world lose family, social, educational and procreative order. If she took comfort in this easy and voluptuous life, the result of this joy was misery and mourning, mourning and misery for all the world. - From GS Lawrence - *Dissipation of the Darkness-History of the Origin of Freemasonry*

## 6 CLEAN WATER AND SANITATION

**Goal 6:** Ensure access to water and sanitation for all Translation: **WATER RATIONING** - Privatised all water sources, poison with fluoride and other toxic elements

**The UN AGENDA 2030 states:** While substantial progress has been made in increasing access to clean drinking water and sanitation, billions of people—mostly in rural areas—still lack these basic services.

Worldwide, one in three people do not have access to safe drinking water, two out of five people do not have a basic hand-washing facility with soap and water, and more than 673 million people still practice open defecation.

The COVID-19 pandemic has demonstrated the critical importance of sanitation, hygiene and adequate access to clean water for preventing and containing diseases. Hand hygiene saves lives. According to the World Health Organization, hand-washing is one of the most effective actions you can take to reduce the spread of pathogens and prevent infections, including the COVID-19 virus. Yet billions of people still lack safe water sanitation, and funding is inadequate.

**The Reality of the UN Agenda 2030: Goal 6.** Ensure availability and sustainable management of water and sanitation. Ask California how

sustainable water control is working for them as these policies have torn down water systems and dams to “free the rivers.” The original pioneers found the land to be a desert. They built a sophisticated water control system that resulted in an emerald green paradise. Now, as Sustainable policies are being enforced, they are witnessing the return of the desert, destroying productive land.

Meanwhile, across the nation, the EPA is moving to take control of all the water in the United States. Control the water, control the population.

**Deuteronomy 23:13** And thou shalt have a paddle upon thy weapon; and it shall be, when thou wilt ease thyself abroad, thou shalt dig therewith, and shalt turn back and cover that which cometh from thee:

**Luke 11:38** And when the Pharisee saw it, he marvelled that He had not first washed before dinner.

The Great Culling: **Our Water**

**Fluoride** - The Hard to Swallow Truth

It's Really Happening..(**Pharmaceuticals in the water supply**)

This Hand Washing thing is silly. Germs make us stronger.

**WASHING HANDS IS PRACTICING SUPERSTITION** Superstition -a belief or practice resulting from ignorance, fear of the unknown, trust in magic or chance, or a false conception of causation.

The common Pharisaic Jewish teaching was that if you don't clean your hands before you eat, you could be possessed by demons (or 'viruses'). Some passages in the Talmud indicate that failing to wash hands before a meal is a significant transgression. Do a search on 'Hand-washing in Judaism' and you will see that 'washing hands' is a Jewish decree. Christ, God, and Scripture does not decree 'washing hands'. See **Matthew 15:1-3** and **Mark 7:1-13**.

God created our immune system for a reason, and it works when we follow His food laws, and when we obey HIM! Did you know that 'hand sanitizer' has **TRICLOSAN** in it?

So you should be able to see that reaching this Goal has been implemented through the **COVID-19**

**Goal 7:** Ensure access to affordable, reliable, sustainable and modern energy Translation: Smart grid surveillance with smart meters on everything, peak pricing.

**The UN AGENDA 2030 states:** The world is making progress towards Goal 7, with encouraging signs that energy is becoming more sustainable and widely available. Access to electricity in poorer countries has begun to accelerate, energy efficiency continues to improve, and renewable energy is making impressive gains in the electricity sector.

Nevertheless, more focused attention is needed to improve access to clean and safe cooking fuels and technologies for 3 billion people, to expand the use of renewable energy beyond the electricity sector, and to increase electrification in sub-Saharan Africa.

The Energy Progress Report provides global dashboard to register progress on energy access, energy efficiency and renewable energy. It assesses the progress made by each country on these three pillars and provides a snapshot of how far we are from achieving the 2030 Sustainable Development Goals targets.

Then why are certain inventions kept secret? Free Tesla Energy, cars running on water, etc. If there are more countries with energy access, doesn't that add to 'greenhouse gas emissions'?

## The Reality of the UN Agenda 2030

**Goal 7.** Ensure access to affordable, reliable, sustainable and modern energy for all. Seriously?

Their solution is to ban oil and enforce wind and solar power. Every study across the nation and around the world has proven that these “modern” energy sources are unreliable and force up the cost of energy. Some report health problems related to life under the turbines. Moreover, the carnage of the birds that are being chopped up and fried by these “sustainable” energy practices goes against everything environmentalists told us about protecting species.

### 8 DECENT WORK AND ECONOMIC GROWTH

**Goal 8:** Promote inclusive and sustainable economic growth, employment and decent work for all Translation: NO PROPERTY RIGHTS - Trans - Pacific - Partnership, free trade zones that favour mega-corporate interests

**The UN AGENDA 2030 states:** Sustained and inclusive economic growth can drive progress, create decent jobs for all and improve living standards.

**COVID-19** has disrupted billions of lives and endangered the global economy. The International Monetary Fund (IMF) expects a global recession as bad as or worse than in 2009. As job losses escalate, the International Labour Organization estimates that nearly half of the global workforce is at risk of losing their livelihoods.

Even before the outbreak of COVID-19, one in five countries – home to billions of people living in poverty – were likely to see per capita incomes stagnate or decline in 2020.

Now, the economic and financial shocks associated with COVID-19—such as disruptions to industrial production, falling commodity prices, financial market volatility, and rising insecurity—are derailing the already tepid economic growth and compounding heightened risks from other factors.

## **The Reality of the UN Agenda 2030 Goal 8.**

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all. One thing our 23 years of Agenda 21 have proven, there is no economic growth. European nations that implemented sustainable energy and water controls guidelines are now dumping those programs as fast as they can to save their economies. And who decides what is “productive” or “decent” work? Do we leave it to the bureaucrats to decide?

**9** INDUSTRIES, INNOVATION  
AND INFRASTRUCTURE

**Goal 9:** Build resilient infrastructure, promote sustainable industrialization and foster innovation.

**Translation: SLAVE LABOUR** - Toll roads, push public transit, remove free travel, environmental restrictions.

**The UN AGENDA 2030 states:**

Inclusive and sustainable industrialization, together with innovation and infrastructure, can unleash dynamic and competitive economic forces that generate employment and income. They play a key role in introducing

and promoting new technologies, facilitating international trade and enabling the efficient use of resources.

However, the world still has a long way to go to fully tap this potential. Least developed countries, in particular, need to accelerate the development of their manufacturing sector if they are to meet the 2030 target, and scale up investment in scientific research and innovation.

Global manufacturing growth has been steadily declining, even before the outbreak of the **COVID-19** pandemic. The pandemic is hitting manufacturing industries hard and causing disruptions in global value chains and the supply of products.

Innovation and technological progress are key to finding lasting solutions to both economic and environmental challenges, such as increased resource and energy efficiency.

Globally, investment in research and development (R&D) as a proportion of GDP increased from 1.5 per cent in 2000 to 1.7 per cent in 2015 and remained almost unchanged in 2017, but was only less than 1 per cent in developing regions.

In terms of communications infrastructure, more than half of the world's population is now online and almost the entire world population lives in an area covered by a mobile network. It is estimated that in 2019, 96.5 per cent were covered by at least a 2G network.

The corona virus pandemic has revealed the urgent need for resilient infrastructure. The Asian Development Bank notes that critical infrastructure in the region remains far from adequate in many countries, despite the rapid economic growth and development the region has experienced over the past decade.

The Economic and Social Survey of Asia and the Pacific highlights that making infrastructure resilient to disasters and climate change will require an additional investment of \$434 billion per year. This sum may need to be even greater in some sub-regions, such as the Pacific small island developing states.

We tried helping the other 3rd world countries, they always revert back to animalism.

## The Reality of the UN Agenda 2030

**Goal 9.** Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation. Oh come now. Sustainable industrialization means destroyed industry. No real industry can remain in business under a government managed economy with its shifting rules and constant increase in taxes. Government doesn't create industry or prosperity. Our government's real job is to provide protection of the market place so real innovators are free to create new ideas, industries and opportunities. Government itself is a job killer when it gets in the way.

**Goal 10:** Reduce inequality within and among countries

**Translation:** COMMUNISM - Even more regional government bureaucracy like a mutant octopus

**The UN AGENDA 2030 states:** Reducing inequalities and ensuring no one is left behind are integral to achieving the Sustainable Development Goals.

Inequality within and among countries is a persistent cause for concern. Despite some positive signs toward reducing inequality in some dimensions, such as reducing relative income inequality in some countries and preferential trade status benefiting lower-income countries, inequality still persists.

**COVID-19** has deepened existing inequalities, hitting the poorest and most vulnerable communities the hardest. It has put a spotlight on economic inequalities and fragile social safety nets that leave vulnerable communities to bear the brunt of the crisis. At the same time, social, political and economic inequalities have amplified the impacts of the pandemic.

On the economic front, the **COVID-19** pandemic has significantly increased global unemployment and dramatically slashed workers' incomes.

**COVID-19** also puts at risk the limited progress that has been made on gender equality and women's rights over the past decades. Across every sphere, from health to the economy, security to social protection, the impacts of **COVID-19** are exacerbated for women and girls simply by virtue of their sex.

Inequalities are also deepening for vulnerable populations in countries with weaker health systems and those facing existing humanitarian crises. Refugees and migrants, as well as indigenous peoples, older persons, people with disabilities and children are particularly at risk of being left behind. And hate speech targeting vulnerable groups is rising.

**Ezra 9:11** Which Thou hast commanded by thy servants the prophets, saying, The land, unto which ye go to possess it, is an unclean land with the filthiness of the people of the lands, with their abominations, which have filled it from one end to another with their uncleanness.

All the races are different, which is why God commands we be **separate**.

**The Reality of the UN Agenda 2030 Goal 10.** Reduce inequality within and among countries.

This is another form of redistribution of wealth that forces industries from first world to third world nations. By using oppressive sustainable policies to drive up production costs, companies are forced to take their factories to the poorer nations.

The second trick is to exempt those poorer nations from the very environmental rules and regulations that caused the factories to move in the first place. Can anyone explain how this helps the environment? It doesn't. It simply makes everyone equally poor. This is also an assault on national sovereignty.

**Goal 11:** Make cities inclusive, safe, resilient and sustainable.

Translation: PRISON-LIKE CITIES - Big brother big data surveillance state.

**The UN AGENDA 2030 states:** The world is becoming increasingly urbanized. Since 2007, more than half the world's population has been living in cities, and that share is projected to rise to 60 per cent by 2030.

Cities and metropolitan areas are powerhouses of economic growth—contributing about 60 per cent of global GDP. However, they also account for about 70 per cent of global carbon emissions and over 60 per cent of resource use.

Rapid urbanization is resulting in a growing number of slum dwellers, inadequate and overburdened infrastructure and services (such as waste collection and water and sanitation systems, roads and transport), worsening air pollution and unplanned urban sprawl.

The impact of **COVID-19** will be most devastating in poor and densely populated urban areas, especially for the one billion people living in informal settlements and slums worldwide, where overcrowding also makes it difficult to follow recommended measures such as social distancing and self-isolation.

The UN food agency, FAO, warned that hunger and fatalities could rise significantly in urban areas, without measures to ensure that poor and vulnerable residents have access to food.

## **The Reality of the UN Agenda 2030 Goal 11.**

Make cities and human settlements inclusive, safe, resilient and sustainable. This is Smart Growth which promises a utopia of families and neighbours playing and working together, riding bikes, walking to work in stress free communities. It really means the end of private property rights, single family homes, and stack and pack high rises where residents are over taxed, over regulated, rents are high and individual thoughts and actions are viewed as a threat to the “well-ordered society.”

And by the way, the American Planning Association did a study to see if their smart growth plans worked and their own report concluded that Smart Growth doesn't work.

COVID-19 and this 2030 Agenda have been planned for 50 years. Don't believe it?

**Goal 12:** Ensure sustainable consumption and production patterns.

Translation: **ONE CURRENCY** - Forced austerity

**The UN AGENDA 2030 states:** Worldwide consumption and production — a driving force of the global economy — rest on the use of the natural environment and resources in a way that continues to have destructive impacts on the planet.

Economic and social progress over the last century has been accompanied by environmental degradation that is endangering the very systems on which our future development — indeed, our very survival — depends.

### **A Few Facts and Figures**

- Each year, an estimated one third of all food produced – equivalent to 1.3 billion tonnes worth around \$1 trillion – ends up rotting in the bins of consumers and retailers, or spoiling due to poor transportation and harvesting practices.

- If people worldwide switched to energy efficient light bulbs the world would save US\$120 billion annually.
- Should the global population reach 9.6 billion by 2050, the equivalent of almost three planets could be required to provide the natural resources needed to sustain current lifestyles.

The COVID-19 pandemic offers countries an opportunity to build recovery plans that will reverse current trends and change our consumption and production patterns towards a more sustainable future.

Sustainable consumption and production is about doing more and better with less. It is also about decoupling economic growth from environmental degradation, increasing resource efficiency and promoting sustainable lifestyles.

Sustainable consumption and production can also contribute substantially to poverty alleviation and the transition towards low-carbon and green economies.

**The Reality of the UN Agenda 2030 Goal 12.** Ensure sustainable consumption and production patterns. What more is there to say?

### **Control from the Top down.**

**Agenda 2030 Goal #12:** Ensure sustainable consumption and production patterns Following the planned economic collapse, Agenda 2030 will enforce the most brutal austerity programs ever conceived of, or ever enforced. Just as it was in the Hunger Games movie, all food, water and medicine will be rationed. Inhabitants will be forced to take the Mark of the Best, the dreaded but largely unknown RFID chip.

We are already witnessing the birth of a cashless society. Soon, cash will be banned. Automation will bring promises of unlimited food production. The public will be sold on the widespread use of robots to achieve this goal. It will be a ruse.

The goal is to replace human workers with robots. The globalists will hoard the food in order to help wipe out the 'useless eaters' through starvation. Then the population will be forced into a devastating World War III.

Subsequently, Ted Turner and the other globalists will be able to achieve their goals of reducing the world's population to a low of 500,000,000.

Humans Are the Excess Inventory of the World What do business owners do with their excess inventory? They at first try to get rid of the product by selling at a reduced price and when that fails, they simply destroy the inventory. The latter is the fate that awaits the American people and ultimately the human race. Soon, humanity will no longer be needed because humanity has become the newest form of excess inventory. Over 90% of us will soon be obsolete.

## **Soft Kill Methods**

Fluoride, aluminium from chemtrails and specific vaccines, artificial sweeteners, dangerous drugs (VIOXX) have constituted some of the passive means of depopulation. Humanity's very existence is under assault. Why? Because the majority of humans are no longer needed as a species. One of the popular sayings in our society in regard to how many things causes cancer is to dismiss the danger as "everything causes cancer". And of course, anybody that writes about our toxic environment, dangerous GMO food supply and tainted drinking water is a conspiracy theorist unless they work for the EPA and are preparing to steal your land.

As devastating as the soft kill methods that we have been forced to endure are, these methods pale in comparison as to what lies ahead.

Take the Globalists At Their Word "Depopulation should be the highest priority of foreign policy towards the third world." Henry Kissinger "A total world population of 250-300 million people, a 95% decline from present levels, would be ideal". Ted Turner, in an interview with Audubon magazine "The present vast overpopulation,

now far beyond the world carrying capacity, cannot be answered by future reductions in the birth rate due to contraception, sterilization and abortion, but must be met in the present by the reduction of numbers presently existing. This must be done by whatever means necessary”.

Initiative for the United Nations ECO-92 EARTH CHARTER "No one will enter the New World Order unless he or she will make a pledge to worship Lucifer. No one will enter the New Age unless he will take a **LUCIFERIAN** Initiation.” – David Spangler Director of Planetary Initiative.

## **United Nations The Final Solution**

There will become a bifurcation point where soft kill methods, and diluting the native population through massive immigration will not be enough to ensure total dictatorial control over the planet by the globalists because its methods of replacement are not expeditious enough. That is when soft kill will need to become the Final Solution of hard kill. In history, the pattern is always the same.

1. Create a false flag series of events which necessitates the need for martial law.
2. Cordon people off for their own protection.
3. Exploit whatever free labour can be extracted from this doomed group while they are being protected.
4. Systematically exterminate the undesirable group.
5. World War III will evolve out of the turmoil as was the case with World War II.

This is when global depopulation will begin in earnest. When the smoke clears and the bulk of humanity has been buried, the New World Order will truly be born.

1. UK Television Presenter Sir David Attenborough: “We are a plague on the Earth. It’s coming home to roost over the next 50 years or so. It’s not just climate change; it’s sheer space, places to grow food for this enormous horde. Either we limit our population growth or the natural world will do it for us, and the natural world is doing it for us right now”
2. Paul Ehrlich, a former science adviser to president George W. Bush and the author of “The Population Bomb”: “To our minds, the fundamental cure, reducing the scale of the human enterprise (including the size of the population) to keep its aggregate consumption within the carrying capacity of Earth is obvious but too much neglected or denied”
3. Paul Ehrlich again, this time on the size of families: “Nobody, in my view, has the right to have 12 children or even three unless the second pregnancy is twins”
4. Dave Foreman, the co-founder of Earth First: “We humans have become a disease, the Humanpox.”
5. CNN Founder Ted Turner: “A total world population of 250-300 million people, a 95% decline from present levels, would be ideal.”
6. Japan’s Deputy Prime Minister Taro Aso about medical patients with serious illnesses: “You cannot sleep well when you think it’s all paid by the government. This won’t be solved unless you let them hurry up and die.”
7. David Rockefeller: “The negative impact of population growth on all of our planetary ecosystems is becoming appallingly evident.”
8. Environmental activist Roger Martin: “On a finite planet, the optimum population providing the best quality of life for all, is clearly much smaller than the maximum, permitting

bare survival. The more we are, the less for each; fewer people mean better lives.”

**9.** HBO personality Bill Maher: “I’m pro-choice, I’m for assisted suicide, I’m for regular suicide, I’m for whatever gets the freeway moving – that’s what I’m for. It’s too crowded, the planet is too crowded and we need to promote death.”

**10.** MIT professor Penny Chisholm: “The real trick is, in terms of trying to level off at someplace lower than that 9 billion, is to get the birthrates in the developing countries to drop as fast as we can. And that will determine the level at which humans will level off on earth.”

**11.** Julia Whitty, a columnist for Mother Jones: “The only known solution to ecological overshoot is to decelerate our population growth faster than it’s decelerating now and eventually reverse it—at the same time we slow and eventually reverse the rate at which we consume the planet’s resources. Success in these twin endeavours will crack our most pressing global issues: climate change, food scarcity, water supplies, immigration, health care, bio-diversity loss, even war. On one front, we’ve already made unprecedented strides, reducing global fertility from an average 4.92 children per woman in 1950 to 2.56 today—an accomplishment of trial and sometimes brutally coercive error, but also a result of one woman at a time making her individual choices. The speed of this childbearing revolution, swimming hard against biological programming, rates as perhaps our greatest collective feat to date.”

**12.** Colorado State University Professor Philip Cafaro in a paper entitled “Climate Ethics and Population Policy”: “Ending human population growth is almost certainly a necessary (but not sufficient) condition for preventing catastrophic global climate change. Indeed, significantly reducing current human numbers may be necessary in order to do so.”

**13.** Professor of Biology at the University of Texas at Austin Eric R. Pianka: “I do not bear any ill will toward people. However, I am convinced that the world, including all humanity, WOULD clearly be much better off without so many of us.”

**14.** Detroit News Columnist Nolan Finley: “Since the national attention is on birth control, here’s my idea: If we want to fight poverty, reduce violent crime and bring down our embarrassing dropout rate, we should swap contraceptives for fluoride in Michigan’s drinking water. We’ve got a baby problem in Michigan. Too many babies are born to immature parents who don’t have the skills to raise them, too many are delivered by poor women who can’t afford them, and too many are fathered by sorry layabouts who spread their seed like dandelions and then wander away from the consequences.”

**15.** John Guillebaud, professor of family planning at University College London: “The effect on the planet of having one child less is an order of magnitude greater than all these other things we might do, such as switching off lights. An extra child is the equivalent of a lot of flights across the planet.”

**16.** Democrat strategist Steven Rattner: “WE need death panels. Well, maybe not death panels, exactly, but unless we start allocating health care resources more prudently — rationing, by its proper name — the exploding cost of Medicare will swamp the federal budget.”

**17.** Matthew Yglesias, a business and economics correspondent for Slate, in an article entitled “The Case for Death Panels, in One Chart”: “But not only is this health care spending on the elderly the key issue in the federal budget, our disproportionate allocation of health care dollars to old people surely accounts for the remarkable lack of apparent cost effectiveness of the American health care system. When

the patient is already over 80, the simple fact of the matter is that no amount of treatment is going to work miracles in terms of life expectancy or quality of life.”

**18.** Planned Parenthood Founder Margaret Sanger: “All of our problems are the result of Over-breeding among the working class”

**19.** U.S. Supreme Court Justice Ruth Bader Ginsburg: “Frankly I had thought that at the time Roe was decided, there was concern about population growth and particularly growth in populations that we don’t want to have too many of.”

**20.** Planned Parenthood Founder Margaret Sanger: “The most merciful thing that the large family does to one of its infant members is to kill it.”

**21.** Salon columnist Mary Elizabeth Williams in an article entitled “So What If Abortion Ends Life?”: “All life is not equal. That’s a difficult thing for liberals like me to talk about, lest we wind up looking like death-panel-loving, kill-your-grandma-and-your-precious-baby storm troopers. Yet a foetus can be a human life without having the same rights as the woman in whose body it resides.”

**22.** Alberto Giubilini of Monash University in Melbourne, Australia and Francesca Minerva of the University of Melbourne in a paper published in the Journal of Medical Ethics: “[W]hen circumstances occur after birth such that they would have justified abortion, what we call afterbirth abortion should be permissible. ... [W]e propose to call this practice ‘after-birth abortion’, rather than ‘infanticide,’ to emphasize that the moral status of the individual killed is comparable with that of a foetus ... rather than to that of a child. Therefore, we claim that killing a newborn could be ethically permissible in all the circumstances where abortion would be. Such circumstances include cases where the newborn has the

potential to have an (at least) acceptable life, but the well-being of the family is at risk.”

**23.** Nina Fedoroff, a key adviser to Hillary Clinton: “We need to continue to decrease the growth rate of the global population; the planet can’t support many more people.”

**24.** Barack Obama’s primary science adviser, John P. Holdren: “A program of sterilizing women after their second or third child, despite the relatively greater difficulty of the operation than vasectomy, might be easier to implement than trying to sterilize men. The development of a long-term sterilizing capsule that could be implanted under the skin and removed when pregnancy is desired opens additional possibilities for coercive fertility control. The capsule could be implanted at puberty and might be removable, with official permission, for a limited number of births.”

**25.** David Brower, the first Executive Director of the Sierra Club: “Childbearing [should be] a punishable crime against society, unless the parents hold a government license ... All potential parents [should be] required to use contraceptive chemicals, the government issuing antidotes to citizens chosen for childbearing.”

**26.** Thomas Ferguson, former official in the U.S. State Department Office of Population Affairs: “There is a single theme behind all our work—we must reduce population levels. Either governments do it our way, through nice clean methods, or they will get the kinds of mess that we have in El Salvador, or in Iran or in Beirut. Population is a political problem. Once population is out of control, it requires authoritarian government, even fascism, to reduce it...”

**27.** Mikhail Gorbachev: “We must speak more clearly about sexuality, contraception, about abortion, about values that control population, because the ecological crisis, in short, is

the population crisis. Cut the population by 90% and there aren't enough people left to do a great deal of ecological damage.”

**28.** Jacques Costeau: “In order to stabilize world population, we must eliminate 350,000 people per day. It is a horrible thing to say, but it is just as bad not to say it.”

**29.** Finnish environmentalist Pentti Linkola: “If there were a button I could press, I would sacrifice myself without hesitating if it meant millions of people would die”

**30.** Prince Phillip, husband of Queen Elizabeth II and co-founder of the World Wildlife Fund: “In the event that I am reincarnated, I would like to return as a deadly virus, in order to contribute something to solve overpopulation.”

### Agenda 21 and 2030

**COVID-19** and this 2030 Agenda have been planned for 50 years. Don't believe it?

**Goal 13:** Take urgent action to combat climate change and its impacts

**Translation:** **ENERGY RATIONING** - Cap and Trade, carbon taxes/credits, footprint taxes (aka Al Gore's wet dream)

**The UN AGENDA 2030 states:** 2019 was the second warmest year on record and the end of the warmest decade (2010-2019) ever recorded.

**Carbon dioxide (CO2)** levels and other greenhouse gases in the atmosphere rose to new records in 2019.

Climate change is affecting every country on every continent. It is disrupting national economies and affecting lives. Weather patterns are changing, sea levels are rising, and weather events are becoming more extreme.

Although greenhouse gas emissions are projected to drop about 6 per cent in 2020 due to travel bans and economic slowdowns resulting from the **COVID-19** pandemic, this improvement is only temporary. Climate change is not on pause. Once the global economy begins to recover from the pandemic, emissions are expected to return to higher levels.

Saving lives and livelihoods requires urgent action to address both the pandemic and the climate emergency.

**The Paris Agreement**, adopted in 2015, aims to strengthen the global response to the threat of climate change by keeping a global temperature rise this century well below 2 degrees Celsius above pre-industrial levels. The agreement also aims to strengthen the ability of countries to deal with the impacts of climate change, through appropriate financial flows, a new technology framework and an enhanced capacity building framework

## **The Reality of the UN Agenda 2030 Goal 13**

Take urgent action to combat climate change and its impacts. Here it is! The root of the entire plan. Climate Change. How many scientific reports do real scientists have to present to show this is the greatest scam ever devised to create a reason for government to control every aspect of our lives? Well, here, let the Global Warming scare mongers tell you their true purpose in their own words:-

“No matter if the science of global warming is all phony – climate change provides the greatest opportunity to bring about justice and equality in the world.”

**Christine Stewart** (former Canadian Minister of the Environment). Justice built on a lie? And here is another quote to make it clear. “We’ve got to ride this global warming issue.

Even if the theory of global warming is wrong, we will be doing the right thing in terms of economic and environmental policy.” Timothy Wirth (President, UN Foundation). The end justifies the means! Notice that Mr. Wirth is as concerned with the economy as he is with the environment.

## **Geo Terrorism Weather Modification History**

COVID-19 and this 2030 Agenda have been planned for 50 years. Don't believe it?

**Goal 14:** Conserve and sustainability use the oceans, seas and marine resources

**Translation: CONTROL WILDLIFE** - Environmental restrictions, control all oceans including mineral rights from ocean floors.

**The UN AGENDA 2030 states:** The ocean drives global systems that make the Earth habitable for humankind. Our rainwater, drinking water, weather, climate, coastlines, much of our food, and even the oxygen in the air we breathe, are all ultimately provided and regulated by the sea. Careful management of this essential global resource is a key feature of a sustainable future.

However, at the current time, there is a continuous deterioration of coastal waters owing to pollution, and ocean acidification is having an adversarial effect on the functioning of ecosystems and bio-diversity. This is also negatively impacting small scale fisheries.

Saving our ocean must remain a priority. Marine bio-diversity is critical to the health of people and our planet. Marine protected areas need to be effectively managed and well resourced and regulations need to be put in place to reduce over fishing, marine pollution and ocean acidification.

## The Reality of the UN Agenda 2030 Goal 14.

Conserve and sustainable use the oceans, seas and marine resources for sustainable development. Control the water, control society. This one is really aimed at destroying the oil industry in order to enforce wind and solar power.

This is the UN pounding its chest to become the central global government it has always sought to be. It has no more right to the seas than it does to the air we breath or the surface of the moon.

### Geo Terrorism

**COVID-19** and this 2030 Agenda have been planned for 50 years. Don't believe it?

Sustainably manage forests, combat desertification, halt and reverse land degradation, halt bio-diversity loss Translation: CONTROL RESOURCES - More environmental restrictions, more controlling resources and mineral rights.

**The UN AGENDA 2030 states:** Nature is critical to our survival: nature provides us with our oxygen, regulates our weather patterns, pollinates our crops, produces our food, feed and fibre. But it is under increasing stress. Human activity has altered almost 75 per cent of the earth's surface, squeezing wildlife and nature into an ever-smaller corner of the planet.

Around 1 million animal and plant species are threatened with extinction – many within decades – according to the 2019 Global Assessment Report on Bio-diversity and Ecosystem Service. The report called for transformative changes to restore and protect nature. It found that the health of ecosystems on which we and all other species depend is deteriorating more rapidly than ever, affecting the very foundations of our economies, livelihoods, food security, health and quality of life worldwide.

Deforestation and desertification – caused by human activities and climate change – pose major challenges to sustainable development and have affected the lives and livelihoods of millions of people.

Forests are vitally important for sustaining life on Earth, and play a major role in the fight against climate change. And investing in land restoration is critical for improving livelihoods, reducing vulnerabilities, and reducing risks for the economy.

The health of our planet also plays an important role in the emergence of zoonotic diseases, i.e. diseases that are transmissible between animals and humans. As we continue to encroach on fragile ecosystems, we bring humans into ever-greater contact with wildlife, enabling pathogens in wildlife to spill over to livestock and humans, increasing the risk of disease emergence and amplification.

## **The Reality of the UN Agenda 2030 Goal 15**

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss. Have you been watching the news as the greatest fires in history are destroying millions of acres of forests? Why is this happening? Because of sustainable forest management that refuses to allow the removal of dead trees from the forest floor.

This creates a density of combustible material to fuel massively hot and unmanageable fires. If you want to save a forest, send an environmentalist back to his high rise in New York City where he belongs.

### **Geo Terrorism**

COVID-19 and this 2030 Agenda have been planned for 50 years. Don't believe it?.

# 16 PEACE, JUSTICE AND STRONG INSTITUTIONS

**Goal 16:** Promote just, peaceful and inclusive societies.

**Translation:** PERPETUAL WAR - UN “peacekeeping” missions (ex 1, ex 2), the International Court of (blind) Justice, force people together via fake refugee crises and then mediate with more “UN peacekeeping” when tension breaks out to gain more control over a region, remove 2nd Amendment in USA.

**The UN AGENDA 2030 states:** Conflict, insecurity, weak institutions and limited access to justice remain a great threat to sustainable development.

The number of people fleeing war, persecution and conflict exceeded 70 million in 2018, the highest level recorded by the UN refugee agency (UNHCR) in almost 70 years.

In 2019, the United Nations tracked 357 killings and 30 enforced disappearances of human rights defenders, journalists and trade unionists in 47 countries.

And the births of around one in four children under age 5 worldwide are never officially recorded, depriving them of a proof of legal identity crucial for the protection of their rights and for access to justice and social services.

## **The Reality of the UN Agenda 2030 - Goal 16.**

Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.

This is Social Justice which really means social engineering. Have you ever once witnessed an “effective” or “accountable” institution coming out of the United Nations? By its very nature, the UN is unaccountable.

Who would be the entity to oversee that accountability? Every one of these programs outlined in the 2030 Agenda creates money, power and unaccountability at every level of government.

That is why government is now running out of control and people are feeling so hopeless in trying to deal with their governments. Goal 16 should be named the “Foxes Running the Hen House” goal

COVID-19 and this 2030 Agenda have been planned for 50 years. Don't believe it?

**Goal 17:** Revitalize the global partnership for sustainable development

**Translation: ONE WORLD GOVERNMENT** - Remove national sovereignty worldwide, promote globalism under the “authority” and bloated, Orwellian bureaucracy of the UN.

**The UN AGENDA 2030 states:** The SDGs can only be realized with strong global partnerships and cooperation. A successful development agenda requires inclusive partnerships — at the global, regional, national and local levels — built upon principles and values, and upon a shared vision and shared goals placing people and the planet at the centre.

Many countries require Official Development Assistance to encourage growth and trade. Yet, aid levels are falling and donor countries have not lived up to their pledge to ramp up development finance.

Due to the COVID-19 pandemic, the global economy is projected to contract sharply, by 3 per cent, in 2020, experiencing its worst recession since the Great Depression.

Strong international cooperation is needed now more than ever to ensure that countries have the means to recover from the pandemic, build back better and achieve the Sustainable Development Goals.

**The Reality of the UN Agenda 2030 Goal 17.** Strengthen the means of implementation and revitalize the global partnership for sustainable development. This means the re-boot of Agenda 21, because that was the original “global partnership.” This goal is a call for all of the treaties, plans and schemes devised in the massive UN meetings to be made the law of the globe. It is total global government and it is a sure highway to misery, destruction of human society, individual thought, motivation and dreams.

**NOW**  
**Agenda 21 and 2030**

**COVID-19** and this 2030 Agenda have been planned for 50 years. Don't believe it?

The tower of Babel was built. **The New World Order** was in place.

**Genesis 11:1** And the whole earth was of one language, and of one speech.

Speech also means a singular way of thought, a single minded purpose.

The single-minded government. The minds of everyone were mentally governed.

**11:2** And it came to pass, as they journeyed from the east, that they found a plain in the land of Shinar; and they dwelt there.

**Jasher 9:20-21 20** And king Nimrod (*Rothschild*) reigned securely, and all the land was under his control, and all the land was of one tongue and words of union.

**21** And all the princes of Nimrod (*Rothschild*) and his great men took counsel together; Phut (Gates), Mitzraim (Rockefeller), Cush (Bush) and Canaan (Clinton) with their families, and they said to each other, Come let us build ourselves a city and in it a strong tower, and its top reaching heaven, and we will make ourselves famed, so that we may reign upon the whole world, in order that the evil of our enemies (the goyim) may cease from us, that we may reign mightily over them, and that we may not become scattered over the land on account of their wars (protests for liberty, truth, and justice).

**11:3** And they said one to another, Go to, let us make brick, and burn them thoroughly. And they had brick for stone, and slime (bitumin, tar) had they for mortar.

Did you know that Bill Gates owns ACME Brick Company?

**11:4** And they said, Go to, let us build us a city and a tower, whose top may reach unto heaven; and let us make us a name (for ourselves), lest we be scattered abroad upon the face of the whole earth.

**Jasher 9:22-26,28-31**

**22** And they all went before the king (*Rothschild*), and they told the king these words, and the king agreed with them in this affair, and he did so.

**26** And all the families (of the Illuminati, Secret Societies, Deep State, Antifa, Democrats,

Liberals, and Republicans) assembled consisting of about six hundred thousand men (Freemasons), and they went to seek an extensive piece of ground to build the city and the tower (which would be designed by Harrison & Abramovitz), and they sought in the whole land and they found none like one valley at the east of the land of Shinar (Turtle Bay Manhattan New York), about two days' walk, and they journeyed there and they dwelt there.

**24** And they began to make bricks (made by Gates' ACME Brick Company) and burn fires to build the city and the tower that they had imagined to complete.

**25** And the building of the tower was unto them a transgression and a sin, and they began to build it, and whilst they were building against Yahweh God of the sky, they imagined in their hearts to war against Him and to ascend into the sky.

**26** And all these people and all the families divided themselves in three parts; the first said “We will ascend into the sky and fight against Him (with the Military Arm of the USA)”; the second said, “We will ascend to the sky and place our own gods there and serve them (with the Religious Arm of the Vatican)”; and the third part said, “We will ascend to the sky and smite Him with bows and spears”; and God knew all their works and all their evil thoughts (and their carefully designed plans and **17 GOALS** of Unsustainable Development), and He saw the city and the tower which they were building.

**28** And behold these (mind-controlled goyim slaves) ascended and others descended the whole day; and if an (ACME Bill Gates) brick should fall from their hands and get broken, they would all weep over it (the brick), and if a man

fell and died, none of them (the globalists, bankers, or politician puppets) would look at him.

**29** And Yahweh knew their thoughts, and it came to pass when they were building they cast the arrows toward the skies, and all the arrows fell upon them filled with blood, and when they saw them they said to each other, “Surely we have slain all those that are in the sky”.

**30** For this was from Yahweh in order to cause them to err, and in order; to destroy them from off the face of the ground.

**Hosea 4:6** My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee.

**2 Thessalonians 2:10** And with all deceivableness of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved.

**2:11** And for this cause God shall send them strong delusion, that they should believe a lie:

**2:12** That they all might be damned who believed not the truth, but had pleasure in unrighteousness.

**31** And they built the tower and the city, and they did this thing daily until many days and years were elapsed.

**Genesis 11:5** And Yahweh came down to see the city and the tower, which the children of men builded.

**11:6** And Yahweh said, “Behold, the people is one (of one purpose), and they have all one language; and this (profane thing) is what they begin to do! And now, nothing will be restrained from them, which they have imagined (made evil plans) to do.

**11:7** Come, let Us descend to bring down, and there confound their language, that they may not understand one another's speech.”

**Jasher 9:32-34**

**32** And God said to the seventy messengers who stood foremost before Him, to those who were near to Him, saying, Come let us descend and confuse their tongues, that one man shall not understand the language of his neighbor, and they did so unto them.

**33** And from that day following, they forgot each man his neighbour's tongue, and they could not understand to speak in one tongue, and when the builder took from the hands of his neighbour lime or stone which he did not order, the builder would cast it away and throw it upon his neighbor, that he would die.

**34** And they did so many days, and they killed many of them in this manner.

**11:8** So Yahweh scattered them abroad from thence upon the face of all the earth (land): and they left off to build (stopped building) the city.

**Luke 1:51** He hath shewed strength with His arm; He hath scattered the proud in the imagination of their hearts.

**11:9** Therefore is the name of it called Babel; because Yahweh did there confound the language of all the earth: and from thence did Yahweh scatter them abroad upon the face of all the earth.

**Confound is H1101** meaning, mix and confuse. To throw into disorder. Babel H894 means confused. So we are seeing a repeat of history.

Nimrod's New World Order and now the Rothschild Banker's and UN Elite's New World Order.

God did not want a New World Order then, and He does not want a New World Order now.

God gave man the dominion back in **Genesis 1:26** and commanded them to follow His Way, His Laws, and to Trust in and Call upon Him.

The seed of the Serpent craftily usurped our God-Given Dominion and deceived the whole world into following him and his satanic children through their trickery, lies and deception, double-speak, propaganda, Pharmaceuticals and TV programming.

Most people are not Jew Savvy. Here is just a sample of who is Jewish: Rothschilds, Rockefellers, Clintons, Bushs, Obama, Trump, FDR, Wilson, Truman, Dianne Feinstein, Pelosi, Schumer, Bill Gates, Bloomberg, George Soros, Jared from Subway (pedophile), Jeffrey Epstein, most actors, musicians, directors, basically almost everyone who sits in offices of persuasion and power. Such a small minority group running everything. But this was prophesied by Isaac.

**Genesis 27:40** (Isaac speaking to Esau Edom) And by thy sword shalt thou live, and shalt serve thy brother (Jacob); and it shall come to pass when thou (Edom) shalt have the dominion, that thou (Edom) shalt break his (Jacob's) yoke from off thy neck.

This was also prophesied by God from the beginning.

**Genesis 3:15** And I will put enmity between thee (the 'serpent') and the woman, and between thy seed and her seed; it shall bruise thy head, and thou (the 'serpent') shalt bruise his heel.
