Preface

ATTORNEY AND CHRISTIAN RESEARCHER EDWARD HENDRIE investigates and reveals one of the greatest exposes of all time—a book you don't want to miss.

Solving the Mystery of Babylon the Great is packed with documentation. Never before have the crypto-Jews who seized the reins of power in Rome been put under such intense scrutiny." Texe Marris, *Power of Prophecy*. The evidence presented in this book leads to the ineluctable conclusion that the Roman Catholic Church was established by crypto-Jews as a false "Christian" front for a Judaic/Babylonian religion.

That religion is the core of a world conspiracy against man and God. That is not a conspiracy theory based upon speculation, but rather the hard truth based upon authoritative evidence, which is documented in this book. Texe Marris explains in his foreword to the book: "Who is Mystery Babylon? What is the meaning of the sinister symbols found in these passages? Which city is being described as the 'Great City' so full of sin and decadence, and who are its citizens?"

Why do the woman and beast of Revelation seek the destruction of the holy people, the saints and martyrs of Jesus? What does it all mean for you and me today? Solving the Mystery of Babylon the Great answers these questions and more. Edward Hendrie's discoveries are not based on prejudice but on solid evidence aligned forthrightly with the 'whole counsel of God.' He does not condone nor will he be a part of any project in which Bible verses are taken out of context, or in which scriptures are twisted to mean what they do not say.

Again and again you will find that Mr. Hendrie documents his assertions, backing up what he says with historical facts and proofs. Most important

is that he buttresses his findings with scriptural understanding. The foundation for his research is sturdy because it is based on the bedrock of God's unshakeable Word.

Foreword by Texe Marrs

THERE ARE FEW PROPHECIES IN THE HOLY BIBLE MORE HEART-STIRRING AND BREATHTAKING than the image in Revelation 17 of the Great Harlot, the woman who rides upon a frightening, scarlet-coloured beast with seven heads and ten horns. Imperiously dressed in purple and scarlet, with a golden cup in her hand full of abominations and filth of her fornication, the brazen Harlot is decked with gold and precious stones and pearls.

The Apostle John, whose heavenly vision so vividly pictured the strange woman, noted especially the revealing name she had written upon her forehead, **MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH.**

The Apostle was clearly stricken when seeing this powerful image for he was told in the vision that the seven heads of the beast represented seven mountains that the woman sat upon. The woman, Paul was told, signifies a notorious, yet great city.

This is that city, said the angel in the vision, “which reigneth over the kings of the earth.” Perhaps the most terrifying of all was John’s recognition of the awful specter of death that the woman represented.

“And I saw the woman drunken with the blood of the martyrs of Jesus,” testified the Apostle.

“And when I saw her, I wondered with great admiration.”

Some claim that there is a beautiful side of evil, enticing, dangerous, monstrous and deadly, yet somehow sickeningly alluring and inviting. It seems that even the most wicked on rare occasions possess the ability to awe the world and fill onlookers with a curious combination of macabre, mystery, and trepidation. Bible scholars say that the Apostle John wrote down his prophetic vision, which we know today as the Book of Revelation, in the year 92 AD.

In the succeeding centuries, many have studied these awe-inspiring verses and have pondered and meditated on their meaning. Everyone knows how supremely important it is that humanity as a whole, but particularly the Christian Church, grasp the profound nature of these prophecies.

The future of mankind itself and the destiny of every nation are bound up in this heaven-sent vision of end time tragedy against the backdrop of divine victory.

Thankfully, God has designed and constructed His prophetic Word so that his disciples—the men and women who know and honour Jesus Christ as Lord—will be able to decipher and understand the meaning of these passages, though they be laden with seemingly obscure symbolic content. In Daniel 12:10 we discover the promise that God will empower is latter day servants with prophetic discernment:

“And the wicked will do wickedly and none of the wicked shall understand. But the wise shall understand.”

The “wise” refers to the godly person whose wisdom and knowledge come not from his own superior intelligence or inherent brain capacity but direct from God. As the Apostle Paul so joyously put it, “Christ in you, the hope of glory.” It is a glorious thing that God does in imparting wisdom and understanding to His children.

Edward Hendrie has been given a very special gift of discernment, and I believe his book provides evidence of this. For centuries the saints have sought to uncover the symbolical secrets of the Great Harlot and the Beast of Revelation. Who is Mystery Babylon? What is the meaning of the sinister symbols found in these passages?

Which city is being described as the “great city” so full of sin and decadence, and who are its citizens? Why do the woman and beast of Revelation seek the destruction of the holy people, the saints and martyrs of Jesus? What does it all mean for you and me today? Solving the Mystery of Babylon the Great answers these questions and more.

Edward Hendrie’s discoveries are not based on prejudice but on solid evidence aligned forthrightly with the “whole counsel of God.” He does not condone nor will he be a part of any project in which Bible verses are taken out of context, or in which scriptures are twisted to mean what they do not say.

Again and again you will find that Mr. Hendrie documents his assertions, backing up what he says with historical facts and proofs. Most important is that he buttresses his findings with scriptural understanding. The foundation for his research is sturdy because it is based on the bedrock of God’s unshakeable Word.

Many sincere Protestant Christians, having studied the works of notable pastors, teachers, theologians and scholars, maintain that the identity of Mystery Babylon is none other than the Roman Catholic Church. Moreover, these good men and women assert that the Pope of Rome is the antichrist. In fact, this was the historical view as endorsed by Martin Luther and other reformers. Edward Hendrie’s work goes far in honouring the views and works of these excellent teachers, but he goes even further.

He also takes their facts and comparative studies and builds on their conclusions. His investigation is greater in depth and more encompassing. The prophecies centre on Babylon and on the iniquities of that far-flung political, economic, cultural, and religious system. What was Babylon? What did its priests and leaders teach as their core doctrine? What were

ancient Babylon's symbols and its abominations? Why has "Babylon" always been a codeword for spiritual decadence and sexual debauchery? Edward Hendrie's original research on these important issues is eye-opening.

Hendrie's book paints a convincing picture of the meaning of ancient Babylon and also shows how the Roman Catholic Church, the Papacy, and its rituals and practices, are mirror images of the Babylonian evil. But there is yet another religious system that is full to the brim with Babylonianism. The men and women immersed in this system promote a sordid and repulsive way of life that has definite connections to ancient Babylon and its satanic traditions. That system is Judaism and the culture of World Jewry.

What few know, but Edward Hendrie has discovered, is that from the inception of Christianity, the major enemy of God's Church and the number one polluter and destroyer of Christendom has been Pharisaic Judaism. Moreover, Jewry, a culture which is controlled and directed by rabbinical zealots, has historically been hostile to the Christian Church and to this day does everything in its considerable power to undermine and poison the roots of Biblical Christianity.

Hendrie demonstrates and proves this hateful animosity on the part of World Jewry and especially by those Jews active in the religion of Judaism. He explains and documents why the Jews are imbued with such an unjustifiable but overwhelming hatred and loathing for Christianity and Christians.

Contrary to what most people think to be the case, Hendrie documents that Judaism is not the religion of the Old Testament and the prophets. Instead, Judaism comes from the same perverted spiritual fountain as does the Roman Catholic Church: Babylon. Judaism's most holy book is the Babylonian Talmud, and the inner teachings of Judaism — an unscriptural, satanic religion embraced by its elders and high priests — is pure Babylonianism. Hendrie even proves that it was Babylonian-believing Jews who founded the Roman Catholic Church. These Jewish infiltrators sought to wrest away the true Christian faith from the teachings

and principles of the Apostles and the New Testament. The goal of these Jews was to remold the Christian Church into a weakened version of Phariseism, itself based on dogma and practices the Jews had brought back to Jerusalem following their long Babylonian captivity.

Jesus told us that the Jews' religion is not of God but was constructed of man-made traditions. He bluntly accused the Pharisees (The Encyclopaedia Judaica says that Phariseism is today's Orthodox Jewry): "Ye are of your father the devil." Somehow, over the centuries these warnings and statements of Jesus were forgotten and now are un-respected by most evangelical Christians. How tragic, for if we but listened to what Jesus said, we would understand the grave danger that Christendom is confronted with today due to the satanic horrors of Judaism.

Hendrie, fortunately, does take into account these warnings of Jesus and also those of Paul, the apostles, and the prophets. His research and insights point us to a clear understanding of the two-pronged Babylonian enemy that even now is at our very doorstep.

Edward Hendrie proves from the Scriptures and from his own thorough investigation that both the Zionists and Rome are jointly involved in a despicable end time conspiracy against God's Word and His saints. Together, they form the corrupt and ominous Mystery Babylon world system of evil pictured so poignantly in the book of Revelation.

Once you realize that Judaism, its offshoot, Zionism, and Rome's Catholicism come from the same bitter Babylonian waters, so much of the Bible and its prophecies come into focus. The haze and perplexity lift, and the gift of discernment is supernaturally conferred on the diligent child of God who thirsts for godly knowledge.

What a miraculous thing to see with a better vision the wonders that are now unfolding in our world as the prophecies, one-by-one, are unveiled in the clear light of day.

We remember what God said in the book of Daniel about the events of the latter days. Though God sends strong delusion to those who reject his

learning, we are gratified to learn that, “the wise shall understand.” In this spirit, Edward Hendrie solves for us the riddle of “Mystery Babylon.”
